**Item 1.01 Entry into a Material Definitive Agreement.**

The information described below under Item 2.01 is hereby incorporated herein by reference.

**Item 2.01 Completion of Acquisition or Disposition of Assets.**

On December 17, 2009, Argan, Inc. (the Company) acquired 50% of the outstanding membership interests (the Membership Acquisition) of Gemma Renewable Power, LLC, a Delaware limited liability company (GRP), from Invenergy Wind Management, LLC, a Delaware limited liability company (the Seller), pursuant to the terms and conditions of a certain Purchase and Sale Agreement, dated as of December 16, 2009 (the Purchase Agreement), by and between the Seller and Gemma Power Systems, LLC, a Connecticut limited liability company (GPS) and wholly-owned subsidiary of the Company. The Company already owns 50% of the membership interests of GRP. As a result of the Membership Acquisition, GRP will become a wholly-owned subsidiary of GPS. A copy of the Purchase Agreement is attached as Exhibit 10.1 to this Form 8-K.

GPS entered into a business partnership in June 2008 with the Seller for the design and construction of wind-energy farms located in the United States and Canada. The business partners each owned 50% of GRP, the company formed by the parties for this purpose. The amount of the Company's investment in GRP included in the Company's balance sheet at October 31, 2009, the end of the Company's third fiscal quarter, was \$3,449,000.

The purchase price for Seller's membership interest in GRP shall be \$3,183,000 (the Consideration), payable and conditioned upon the following:

- (i) \$1,583,000 of the Consideration shall be paid upon (a) the award to GRP by the Seller of a certain wind farm construction project as identified and described in the Purchase Agreement (the Initial Project), (b) Seller obtaining adequate financing to complete the Initial Project, and (c) Seller making an initial payment to the Company. On December 17, 2009, GRP was awarded a contract by Vantage Wind Energy LLC (contract value estimated at approximately \$33 million) to satisfy condition (a);
- (ii) \$800,000 of the Consideration shall be paid upon the award to GRP by the Seller of a second wind farm construction project as set forth in the Purchase Agreement (the Second Project); and
- (iii) \$800,000 of the Consideration shall be paid on or before the four-month anniversary of the award of the Second Project provided that the construction of such project has not been delayed as fully described in the Purchase Agreement.

Subsequent to the award of the Initial Project, GRP shall have the Right of First Offer, as described in the Purchase Agreement, on the Seller's subsequent wind farm projects until GRP is awarded the Second Project. If GRP has not been awarded a project by the Seller or an unrelated third party by March 31, 2010, then beginning April 1, 2010, GRP shall receive a monthly reduction towards the \$1,600,000 of Consideration due to the Seller related to the Second Project. Such monthly reduction shall be equal to the lesser of fifty percent (50%) of GRP's monthly overhead, as defined in the Purchase Agreement, and \$75,000 and shall continue until either GRP is awarded a project or such monthly reductions reach a total amount of \$1,600,000.
