On December 11, 2009, Commercial Vehicle Group, Inc. (the Company) filed a Current Report on Form 8-K (the December 11, 2009 Form 8-K) announcing the closure of its Norwalk, Ohio truck cab assembly facility, as a result of Navistar's decision to insource the cab assembly operations performed at Norwalk into its existing assembly facility in Escobedo, Mexico. At that time, the Company was unable to make a determination of the estimated costs and cash expenditures associated with the closure of the Norwalk facility as required by Item 2.05 of Form 8-K. In the December 11, 2009 Form 8-K, the Company undertook to announce further details as the transition plan is finalized. The Company is filing this Form 8-K/A to amend the December 11, 2009 Form 8-K to update the disclosure therein under Item 2.05.

The Company plans to perform the final assembly of product at its Norwalk, Ohio facility in May 2010 and estimates it will incur total (net) expenses related to the closure of its Norwalk, Ohio facility of approximately \$2.6 million, consisting of approximately \$0.5 million of employee-related costs and approximately \$2.1 million of facility closure and other costs. Of this amount, approximately \$0.2 million was incurred through December 2009. The Company expects that it will incur approximately \$0.5 million of these employee-related costs and approximately \$1.3 million of these facility closure and other costs from April through December 2010. From 2011 through 2016, the Company estimates it will incur expenses related to the closure of approximately \$0.6 million, consisting of a benefit of approximately \$0.2 million primarily related to its employee-related pension and post-retirement plans and an expense of approximately \$0.8 million of facility closure and other costs.

The Company estimates that total (net) cash expenditures resulting from these charges will be approximately \$6.6 million, of which approximately \$0.1 million was incurred through March 2010 and approximately \$1.0 million is expected to be incurred from April through December 2010. From 2011 through 2016, the Company estimates it will incur cash expenditures related to the closure of approximately \$5.5 million, primarily related to funding of certain pension and post-retirement plans and facility lease obligations.
