**Item 8.01 Other Events**

On November 13, 2007, Lime Energy Co. filed an application to list its common stock on the NASDAQ Capital Market. The Company believes that it currently meets all of the listing qualifications of the NASDAQ Capital Market, except that its current stock price is less than minimum required bid price of \$4 per share. In an effort to increase the stock price, the Company's board of directors authorized management to seek the written consent of the largest holders of the Company's common stock to authorize a reverse stock split of between 1-for-2 to 1-for-10 at any time prior to March 31, 2008, if at all, as the Company's board of directors determines is necessary to meet the listing requirements for the NASDAQ Capital Market. Listing applications are subject to review and approval by NASDAQ's Listing Qualifications Department for compliance with all NASDAQ Capital Market requirements. There can be no assurance that Lime Energy's common stock will be approved for listing on the NASDAQ Capital Market.
