4

RISK FACTORS

You should carefully consider, in addition to the other information contained in, or incorporated by reference into, this prospectus and any accompanying prospectus supplement, the risks described below before making an investment decision.

WE ARE DEPENDENT ON THE LEVEL OF OIL AND NATURAL GAS EXPLORATION AND DEVELOPMENT ACTIVITIES.

Demand for our products and services is dependent upon the level of oil and natural gas exploration and development activities. The level of worldwide oil and natural gas development activities is primarily influenced by the price of oil and natural gas and price expectations. In addition to oil and natural gas prices, the following factors impact exploration and development activity and may lead to significant changes in worldwide activity levels:

- Overall level of global economic growth and activity;
- Actual and perceived changes in the supply and demand for oil and natural gas;
- Political stability and policies of oil-producing countries;
- Finding and development costs of operators;
- Decline and depletion rates for oil and natural gas wells; and
- Seasonal weather conditions that temporarily curtail drilling operations.

Changes in any of these factors could adversely impact our financial condition or results of operations.

THERE ARE CERTAIN RISKS ASSOCIATED WITH CONDUCTING BUSINESS IN MARKETS OUTSIDE OF NORTH AMERICA.

We are a multinational oilfield service company and generate the majority of our Oilfield segment revenues in markets outside of North America. Changes in local conditions in certain countries that have historically experienced a high degree of political and/or economic instability, could adversely impact our financial condition or results of operations. Additional risks inherent in our non-North American business activities include:

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

- Changes in political and economic conditions in the countries in which we operate, including civil uprisings, riots and terrorist acts;
- Unexpected changes in regulatory requirements;
- Fluctuations in currency exchange rates and the value of the U.S. dollar;
- Restrictions on repatriation of earnings or expropriation of property without fair compensation;
- Governmental actions that result in the deprivation of contract rights; and
- Governmental sanctions.

WE OPERATE IN A HIGHLY TECHNICAL AND COMPETITIVE ENVIRONMENT.

We operate in a highly-competitive business environment. Accordingly, demand for our products and services is largely dependent on our ability to provide leading-edge, technology-based solutions that reduce the operator's overall cost of developing energy assets. If competitive or other market conditions impact our ability to continue providing superior-performing product offerings, our financial condition or results of operations could be adversely impacted.

OUR BUSINESSES ARE SUBJECT TO A VARIETY OF GOVERNMENTAL REGULATIONS.

We are exposed to a variety of federal, state, local and international laws and regulations relating to the environmental, health and safety, export control, currency exchange, labor and employment and taxation matters. These laws and regulations are complex, change frequently and have tended to become more stringent over time. In the event the scope of these laws and regulations expand in the future, the incremental cost of compliance could adversely impact our financial condition or results of operations.

5

USE OF PROCEEDS

Unless we specify otherwise in the applicable prospectus supplement, we will use the net proceeds from the sale of the offered securities for general corporate purposes, including working capital, the repayment or refinancing of our indebtedness, future acquisitions and capital expenditures. A description of any indebtedness to be refinanced with the proceeds from the sale of the securities will be set forth in the applicable prospectus supplement. Until we apply the net proceeds for specific purposes, we may invest the net proceeds in short-term or marketable securities.

RATIO OF EARNINGS TO FIXED CHARGES

Our unaudited ratio of earnings to fixed charges for the periods indicated are set forth below.

Six Months Ended June 30,		Years Ended December 31,				
2005	2004	2004	2003	2002	2001	2000
-----	-----	-----	-----	-----	-----	-----

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

Ratio of earnings to fixed charges (1)	12.04	8.47	9.50	7.02	5.58	7.50	5.03
Ratio of earnings to fixed charges, as adjusted (2)	10.21	6.64	7.80	5.49	4.25	6.23	4.25

- (1) For purposes of computing the ratio of earnings to fixed charges: "earnings" consist of "income before income taxes and minority interests," which includes earnings allocable to the minority interest ownership partners, plus fixed charges. "Fixed charges" consist of interest expensed and capitalized, amortized discounts and capitalized expenses related to indebtedness and the portion of rental expense estimated to represent a reasonable approximation of the interest component.
- (2) We derive a substantial portion of our earnings from M-I SWACO and other majority-owned joint venture operations, which are properly consolidated for financial reporting purposes. We have supplemented the required disclosure and adjusted the Ratio of Earnings to Fixed Charges calculation to eliminate our minority partners' ownership interest in "earnings" and "fixed charges" in order to reflect coverage levels on a Company-only basis. The Ratio of Earnings to Fixed Charges, as adjusted, should be viewed in addition to, and not as an alternative for, our consolidated ratio as presented in (1) above.

PROSPECTUS SUPPLEMENT

This prospectus provides you with a general description of the common stock, debt securities and units consisting of common stock and debt securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add to, update or change information contained in this prospectus and, accordingly, to the extent inconsistent, such information will be superseded by the information in the prospectus supplement. You should read both this prospectus and any prospectus supplement together with additional information described under the heading "Where You Can Find More Information."

The prospectus supplement to be attached to the front of this prospectus will describe:

- the terms of any debt securities that we offer, including their title, ranking, aggregate principal amount, maturity, rate of any interest (or manner of calculation) and time of payment of principal and/or interest, any redemption or repayment terms, the currency or currencies in which such debt securities will be denominated or payable, any index, formula, or other method pursuant to which principal, premium, or interest may be determined, any terms of conversion or exchange and the form of such debt securities (registered, bearer, global and/or certificate);
- the terms of any common shares that we offer; and
- any initial public offering price, the purchase price and net proceeds to our company and the other specific terms related to our offering of such securities.

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

The following is a summary of certain matters with respect to our capital stock. Because it is only a summary, it does not contain all of the information that may be important to you. Therefore, you should carefully read the more detailed provisions of our restated certificate of incorporation, our restated bylaws, our stockholder rights plan and the documents we have incorporated by reference.

GENERAL

We may offer from time-to-time shares of common stock. As of the date of this prospectus, we have authorized 250,000,000 shares of common stock, \$1.00 par value, and 5,000,000 shares of preferred stock, \$1.00 par value. The following description of our capital stock is subject to the applicable provisions of our restated certificate of incorporation and our restated bylaws, which are incorporated by reference in this prospectus.

On July 21, 2005, we announced that our Board of Directors declared a two-for-one stock split, to be effected in the form of a stock dividend. Stockholders of record on August 5, 2005 are entitled to one additional share of common stock for each share held on that date, with fractional shares paid in cash. The Company's transfer agent, EquiServe Trust N.A., will distribute the stock dividend on or about August 24, 2005. As applicable, reference to shares in the forthcoming discussion will be subject to adjustment to reflect the impact of the stock dividend.

COMMON STOCK

We are authorized by our restated certificate of incorporation to issue 250,000,000 shares of common stock, of which approximately 100,576,948 shares were issued and outstanding as of August 15, 2005 (which does not reflect the stock dividend to be distributed on or about August 24, 2005).

The holders of shares of common stock are entitled to one vote for each share held on all matters submitted to a vote of holders of common stock. Our common stock does not have cumulative voting rights, which means that the holders of a majority of the shares of our common stock outstanding can elect all our directors if they choose to do so. In such event, the holders of the remaining shares will not be able to elect any directors.

Each share of our common stock is entitled to participate equally in dividends, as and when declared by our Board of Directors, and in the distribution of assets in the event of liquidation, subject in all cases to any prior rights of outstanding shares of preferred stock. The shares of our common stock have no preemptive or conversion rights, redemption provisions or sinking fund provisions. All outstanding shares of our common stock are duly and validly issued, fully paid and nonassessable.

Our shares of common stock are listed on the New York Stock Exchange and the Pacific Stock Exchange under the symbol "SII." Any additional shares of common stock will also be listed on the New York Stock Exchange and the Pacific Stock Exchange.

PREFERRED STOCK

We are authorized by our restated certificate of incorporation to issue 5,000,000 shares of preferred stock, of which no shares were issued and outstanding as of August 15, 2005. Our Board of Directors has the authority to issue, without any further action by the stockholders, except as may be required by applicable law or stock exchange regulations, the preferred stock in one or more series, to establish from time to time the number of shares to be included in each series, and to fix the designations, powers, preferences and rights of the shares of each series and the qualifications, limitations and restrictions

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

of each series. The preferred stock could include dividend, liquidation or voting rights that would limit or qualify the rights of the holders of the common stock or be used to discourage an unsolicited acquisition proposal.

In connection with the stockholder rights plan described below, our Board of Directors has authorized the issuance of up to 650,000 shares of non-redeemable junior participating preferred stock. The junior participating preferred stock ranks junior to all other series of our preferred stock and senior to the common stock as to the payment of dividends and the distribution of assets, unless the terms of any series provides otherwise. Each share of junior participating preferred stock is entitled to 200 (400 as adjusted for the August 2005 stock dividend) votes, subject to antidilution adjustments, on all matters submitted to a vote of our stockholders, voting together as one class with the common stock. Except as required by applicable law, holders of our junior participating preferred stock have no other special voting rights.

7

STOCKHOLDER RIGHTS PLAN

On June 8, 2000, we adopted a Stockholder Rights Plan (the "Rights Plan") to replace a similar plan which would have expired on June 19, 2000. As part of the Rights Plan, our Board of Directors declared a dividend of one junior participating preferred stock purchase right ("Right") for each share of our common stock outstanding on June 20, 2000. The Board also authorized the issuance of one such Right for each share of our common stock issued after June 20, 2000 until the occurrence of certain events.

The Rights are exercisable upon the occurrence of certain events related to a person (an "Acquiring Person") acquiring or announcing the intention to acquire beneficial ownership of 20 percent or more of our common stock. In the event any person becomes an Acquiring Person, each holder (except an Acquiring Person) will be entitled to purchase, at an effective exercise price of \$175 (\$87.50 as adjusted for the August 2005 stock dividend), subject to adjustment, shares of our common stock having a market value of twice the Right's exercise price. The Acquiring Person will not be entitled to exercise these Rights. In addition, if at any time after a person has become an Acquiring Person, we are involved in a merger or other business combination transaction, or sell 50 percent or more of its assets or earning power to another entity, each Right will entitle its holder to purchase, at an effective exercise price of \$175 (\$87.50 as adjusted for the August 2005 stock dividend), subject to adjustment, shares of common stock of such other entity having a value of twice the Right's exercise price. After a person or group becomes an Acquiring Person, but before an Acquiring Person owns 50% or more of our common stock, the Board may extinguish the Rights by exchanging one share of common stock, or an equivalent security, for each Right, other than Rights held by the Acquiring Person.

In the event the Rights become exercisable and sufficient shares of our common stock are not authorized to permit the exercise of all outstanding Rights, we are required under the Rights Plan to take all necessary action including, if necessary, seeking stockholder approval to obtain additional authorized shares.

The Rights are subject to redemption at the option of the Board of Directors at a price of one-half of a cent (one-quarter of a cent as adjusted for the August 2005 stock dividend) per Right until the occurrence of certain events. The Rights currently trade with our common stock, have no voting or dividend rights and expire on June 8, 2010.

CERTAIN OTHER ANTI-TAKEOVER PROVISIONS

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

We are subject to the provisions of Section 203 of the Delaware General Corporation Law. Section 203 prohibits a publicly held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is, or the transaction by which such stockholder became an "interested stockholder" was, approved in a prescribed manner. A "business combination" includes mergers, asset sales and other transactions resulting in a financial benefit to the interested stockholder. Subject to specified exceptions, an "interested stockholder" is a person who, together with affiliates and associates, owns, or within three years did own, 15% or more of the corporation's voting stock.

Our restated certificate of incorporation contains a provision similar to Section 203 of the Delaware General Corporation Law, except that it requires a higher percentage of all stockholders voting as a class to approve a business combination (as defined therein), it prohibits business combinations with interested stockholders (as defined therein) for only two years and it contains what is generally referred to as a "fair price provision". Our restated certificate of incorporation provides that any proposal by the interested stockholder or affiliate thereof to amend or repeal this provision shall generally require the affirmative vote of the holders of not less than 75% of the outstanding shares of capital stock, excluding the voting stock held by the interested stockholder or affiliate thereof.

Our restated certificate of incorporation also contains certain other provisions that may delay, defer or prevent a tender offer or takeover attempt. Our restated certificate of incorporation provides that our Board of Directors is divided into three classes that are elected for staggered three-year terms and that our stockholders may only remove a director for cause. Our restated certificate of incorporation further provides that our stockholders may not take any action by written consent.

TRANSFER AGENT AND REGISTRAR

The transfer agent and registrar for our common stock is EquiServe Trust Company, N.A.

DESCRIPTION OF DEBT SECURITIES

We may offer debt securities that will be issued pursuant to an indenture, dated as of September 8, 1997, between us and The Bank of New York, as trustee. We may supplement the indenture by supplemental indentures in order to issue new debt securities, change the provisions of the indenture or alter previously issued debt securities. The following is a summary of certain provisions of the indenture and does not contain all of the information that may be important to you. You should read all provisions of the indenture carefully, including the definitions of terms, before you decide to invest in the debt securities. If we refer to particular sections or defined terms of the indenture, we mean to incorporate by reference those sections or defined terms of the indenture. We filed a copy of the indenture as Exhibit 4.1 to our Registration Statement on Form S-3 dated August 22, 1997 (Registration No. 333-34249). See "Where You Can Find More Information."

GENERAL

The debt securities will rank equally with all of our other existing and future unsecured and unsubordinated indebtedness. We have issued the following securities under the indenture:

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

- \$250,000,000 in aggregate principal amount of 6 3/4% senior notes of which \$220,000,000 is outstanding and due February 2011; and
- \$150,000,000 in aggregate principal amount of 7% senior notes due September 2007.

The indenture does not limit the amount of debt securities that we may issue. We may issue the debt securities in one or more series with the same or various maturities, at par, at a premium, or with an original issue discount. The prospectus supplement will set forth the initial offering price, the aggregate principal amount and the following terms of the debt securities:

- the title;
- any limit on the aggregate principal amount of a particular series;
- the date or dates that principal is payable;
- the rate or rates of interest and, if applicable, the method used to determine the rate or rates of interest, if any, the date or dates from which interest will accrue, the dates that interest will be payable and the record date for the payment of interest;
- the place or places where principal and interest will be payable;
- the period or periods within which, the price or prices at which and the terms and conditions upon which the debt securities may be redeemed, in whole or in part, at our option;
- our obligation, if any, to redeem, repurchase or repay the debt securities pursuant to any sinking fund or similar provisions or at the option of a holder thereof and the period, price and terms and conditions for redemption, repurchase or repayment;
- the provisions, if any, for the defeasance of the debt securities;
- the denominations, if other than denominations of \$1,000 and any integral multiple thereof;
- the amount of principal that will be payable upon acceleration, if other than the entire principal amount;
- the currency of denomination;
- the designation of the currency or currencies in which payment of principal and interest will be made;
- if payments of principal or interest are to be made in a currency other than the denominated currency, how the exchange rate will be determined;
- how the payments of principal or interest will be determined if by reference to an index based on a currency or currencies other than originally denominated or by reference to a commodity, commodity index, stock exchange index or financial index;
- any addition to or change in the events of default or covenants with respect to the debt securities; and
- any other terms that will not be inconsistent with the provisions of the indenture.

FORM, EXCHANGE, REGISTRATION AND TRANSFER; PAYMENT; BOOK-ENTRY

We will issue the debt securities in registered form. We will not charge a service charge for any registration of transfer or exchange of the debt securities. We may, however, require the payment of any tax or other governmental charge payable for that registration.

Debt securities of any series will be exchangeable for other debt securities of the same series with the same total principal amount and the same terms but in different authorized denominations in accordance with the applicable indenture. Holders may present debt securities for registration of transfer at the office of the registrar. The registrar will effect the transfer or exchange when it is satisfied with the documents of title and identity of the person making the request.

We will appoint the trustee under the indenture as registrar for our debt securities issued under that indenture. We are required to maintain an office or agency for transfers and exchanges in each place of payment. We may at any time designate additional registrars for any series of debt securities.

Unless we inform you otherwise in a prospectus supplement, payments on the debt securities will be made in U.S. dollars at the office of the trustee or any paying agent we designate. At our option, we may make payments by check mailed to the holder's registered address or by wire transfer for global debt securities. Unless we inform you otherwise in a prospectus supplement, we will make interest payments to the person in whose name the debt security is registered at the close of business on the record date for the interest payment.

Unless we inform you otherwise in a prospectus supplement, the trustee under the indenture will be designated as our paying agent for payments on debt securities issued under the indenture. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts.

In most cases, the trustee and paying agent will repay to us upon written request any funds held by them for payments on the debt securities that remain unclaimed for two years after the date upon which that payment has become due. After payment to us, holders entitled to the money must look to us for payment.

We may issue debt securities of a series in the form of one or more global debt securities that would be deposited with a depository or its nominee identified in the prospectus supplement. We may issue global debt securities in either temporary or permanent form. We will describe in the prospectus supplement the terms of any depository arrangement and the rights and limitations of owners of beneficial interests in any global debt security.

NO PROTECTION IN THE EVENT OF A CHANGE OF CONTROL

Unless otherwise set forth in the prospectus supplement, the debt securities will not contain any provisions that protect the holders of the debt securities in the event of a change of control of us or in the event of a highly leveraged transaction, whether or not such transaction results in a change of control of us.

CERTAIN COVENANTS

The indenture does not contain any restrictions on our payment of dividends or any financial covenants. The indenture does not contain provisions that would afford holders of the debt securities protection in the event of a transfer of

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

assets to a Subsidiary and incurrence of unsecured debt by that Subsidiary, or in the event of a decline in our credit quality resulting from highly leveraged or other similar transactions involving us.

Limitation on Indebtedness Secured by a Lien. The indenture provides that neither we nor any Subsidiary will create, assume, guarantee or suffer to exist any Indebtedness secured by any lien, pledge, mortgage, security interest, conditional sale or other title retention agreement or other similar encumbrance ("Lien") on any Principal Property unless we secure or cause our Subsidiary to secure the debt securities equally and ratably with, or prior to, the secured Indebtedness. This restriction will not apply to Indebtedness secured by:

10

- Liens on any Principal Property of any Person that exists prior to the time (A) that Person becomes a Subsidiary, (B) that Person merges into or consolidates with a Subsidiary or (C) a Subsidiary merges into or consolidates with that Person in a transaction in which that Person becomes a Subsidiary, provided that the Liens were not created in anticipation of or in connection with any transaction described in clauses (A), (B) or (C);
- Liens in favor of us or a Subsidiary;
- Liens on any Principal Property in favor of the United States of America or any state or political subdivision of the United States, or in favor of any other country or any political subdivision of any other country, to secure payment under any contract or statute or to secure any Indebtedness incurred for the purpose of financing all or part of the purchase price or the cost of construction or improvement of the Principal Property subject to those Liens;
- Liens on any Principal Property subsequently acquired by us or any Subsidiary, contemporaneously with the acquisition of the Principal Property or within 180 days after that acquisition, to secure or provide for the payment of any part of the purchase price, construction or improvement of the Principal Property, or Liens assumed by us or any Subsidiary upon any Principal Property subsequently acquired by us or any Subsidiary that existed at the time of the acquisition of the Principal Property, provided that the amount of any Indebtedness secured by any Lien created or assumed does not exceed the cost to us or our Subsidiary, as the case may be, of the Principal Property covered by that Lien;
- Liens existing on the date of issuance of the debt securities;
- Liens representing the extension, renewal or refunding of any Lien referred to in the preceding clauses and the Indebtedness secured by those Liens;
- Liens for taxes and governmental charges not yet due or that are being contested in good faith;
- pledges or deposits in connection with workers' compensation, unemployment insurance and other social security legislation and deposits securing liability to insurance carriers under insurance or self-insurance arrangements; and
- any other Lien, so long as the aggregate of all Indebtedness secured by such Liens and the aggregate Value of the Sale and Lease-Back Transactions in existence at that time, not including those in

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

connection with which we have voluntarily retired funded Indebtedness as provided in the indenture, does not exceed 10% of the Consolidated Net Tangible Assets of us and our Subsidiaries. (Indenture Section 10.7).

Limitation on Sale and Lease-Back Transactions. The indenture provides that neither we nor any Subsidiary will enter into any Sale and Lease-Back Transaction with respect to any Principal Property unless either:

- we or any Subsidiary would be entitled, under our covenant relating to "Limitation on Indebtedness Secured by a Lien," to create, assume, guarantee or suffer Indebtedness secured by a Lien under any provision of the first five clauses in the preceding paragraph or to incur Indebtedness in a principal amount equal to or exceeding the Value of the Sale and Lease-Back Transaction secured by a Lien on the property to be leased without equally and ratably securing the securities; or
- we or any Subsidiary, within 120 days after the effective date of the transaction, apply an amount equal to the greater of (x) the net proceeds of the sale of the property subject to the Sale and Lease-Back Transaction and (y) the Value of the Sale and Lease-Back Transaction, to the voluntary retirement of our Indebtedness, which may include the debt securities. (Indenture Section 10.8).

CONSOLIDATION, MERGER AND SALE OF ASSETS

The indenture provides that we may not consolidate with or merge into any other corporation, or convey, transfer or lease our properties and assets substantially as an entirety to any other party, unless, among other things:

- the corporation formed by consolidation or into which we merge or the party that acquires by conveyance or transfer, or that leases our properties and assets substantially as an entirety, is organized and existing under the laws of the United States, any State of the United States or the District of Columbia and expressly assumes our obligations on the debt securities and under the indenture by means of an indenture supplemental to the indenture; and

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

- immediately after giving effect to the transaction, no event of default, and no event which, after notice or lapse of time, or both, would become an event of default, shall have occurred and be continuing. (Indenture Section 8.1).

EVENTS OF DEFAULT

The following are events of default under the indenture with respect to debt securities of any series:

- default for 30 days in the payment of any interest on the debt securities;
- default in the payment of the principal of or premium, if any, on the debt securities when due either at maturity or upon acceleration, redemption or otherwise;
- default in the deposit of any sinking fund payment, when and as due by the terms of a debt security of that series;
- default in the performance of any other of the covenants or warranties in the indenture applicable to us that shall not have been remedied for a period of 60 days after notice of default; and
- the bankruptcy, insolvency or reorganization of us or any Significant Subsidiary (Indenture Section 5.1).

Within 90 days after the occurrence of any default under the indenture, the trustee is required to notify the holders of the debt securities of the default unless, in the case of any default other than a default in the payment of principal of or premium, if any, or interest on any debt securities, a trust committee of the Board of Directors or responsible officers of the trustee in good faith considers it in the interest of the holders of the debt securities not to do so.

The indenture provides that if an event of default, other than an event of bankruptcy, insolvency or reorganization of us or any Significant Subsidiary, shall have occurred and be continuing, either the trustee or the holders of at least 25% in aggregate principal amount of the debt securities of any series then outstanding may declare the entire principal and accrued interest of the debt securities of such series to be due and payable immediately. If an event of bankruptcy, insolvency or reorganization of us or any Significant Subsidiary occurs, the principal amount shall automatically, and without any declaration or other action on the part of the trustee or any holder, become immediately due and payable. Any time after acceleration of the debt securities of any series has been made, but before a judgment or decree for the payment of money based on such acceleration has been obtained by the trustee, the holders of a majority in principal amount of the outstanding debt securities of such series, may, under certain circumstances, rescind and annul the acceleration. The holders of a majority in principal amount of the outstanding debt securities of any series may waive any past defaults under the indenture with respect to such series of debt securities, except defaults in payment of principal of or premium, if any, other than by a declaration of acceleration, or interest on the debt securities of such series or provisions that may not be modified or amended without the consent of the holders of all outstanding debt securities of such series.

We are required to furnish to the trustee annually a statement as to our performance of our covenants and agreements under the indenture.

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

Subject to certain conditions set forth in the indenture, the holders of a majority in principal amount of the then outstanding debt securities of any series shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee under the indenture in respect of the debt securities. No holder of any debt securities of any series shall have any right to cause the trustee to institute any proceedings, judicial or otherwise, with respect to the indenture or any remedy thereunder unless, among other things, the holder or holders of debt securities shall have offered to the trustee reasonable indemnity against costs, expenses and liabilities relating to such proceedings.

The indenture provides that, in determining whether the holders of the requisite aggregate principal amount of the outstanding debt securities of any series have given, made or taken any request, demand, authorization, direction, notice, consent, waiver or other action thereunder as of any date, debt securities owned by us or any affiliate of ours shall be disregarded and deemed not to be outstanding. In determining whether the trustee shall be protected in relying upon any request, demand, authorization, direction, notice, consent, waiver or other action, only debt securities that a responsible officer of the trustee actually knows to be so owned shall be so disregarded. Debt securities that have been pledged in good faith may be regarded as outstanding if the pledgee establishes to the satisfaction of the trustee the pledgee's right so to act with respect to those debt securities and that the pledgee is not us or any affiliate of ours.

MODIFICATION OF THE INDENTURE

The indenture provides that we, along with the trustee, may, without the consent of the holders, modify or amend the indenture in order to:

- evidence the succession of another corporation to us and the assumption by any successor corporation of our covenants in the indenture and in the debt securities;
- add to our covenants, agreements and obligations for the benefit of the holders of the debt securities;
- add any additional events of default to the indenture;
- add to or change any of the provisions of the indenture necessary to permit the issuance of the debt securities in bearer form, registrable as to principal, and with or without interest coupons;
- evidence and provide for the acceptance of appointment under the indenture by a successor trustee; or
- cure any ambiguity, or correct or supplement any provision of the indenture that may be inconsistent with any other provision of the indenture, provided the action does not adversely affect the interest of the holders of the debt securities. (Indenture Section 9.1).

We, along with the trustee, may modify or amend the indenture with the consent of the holders of a majority in aggregate principal amount of each series of the debt securities, except that no modification or amendment may, without the consent of the holders of all then outstanding series of debt securities:

- change the due date of the principal of, or any installment of principal of or interest on, any debt securities of any series;
- reduce the principal amount of, or any installment of principal or

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

interest or rate of interest on, or any premiums payable on redemption of, any debt securities of any series;

- reduce the principal amount of any debt securities of any series payable upon acceleration of the maturity of any debt securities;
- change the place or the currency of payment of principal of, or any premium or interest on, any debt securities of any series;
- impair the right to institute suit for the enforcement of any payment on or with respect to any debt securities of any series on or after the due date thereof;

14

- reduce the percentage in principal amount of debt securities of any series then outstanding, the consent of whose holders is required for modification or amendment of the indenture or for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults; or
- modify certain provisions of the indenture regarding the amendment or modification of, or waiver with respect to, any provision of the indenture or the debt securities of any series. (Indenture Section 9.2).

DISCHARGE OF THE INDENTURE

The indenture shall, upon our written request or order, cease to be of further effect, except as to any surviving rights of registration of transfer or exchange of debt securities expressly provided for in the debt securities, when:

- either (A) all debt securities authenticated and delivered, other than (1) debt securities that have been destroyed, lost or stolen and that have been replaced or paid and (2) debt securities for whose payment money has been deposited in trust or segregated and held in trust by us and then repaid or discharged from the trust, have been delivered to the trustee for cancellation or (B) all the debt securities not delivered to the trustee for cancellation (1) have become due and payable, (2) will become due and payable at their stated maturity within one year or (3) are to be called for redemption within one year under arrangements satisfactory to the trustee, and we, in the case of (B) (1), (2) or (3), have deposited or caused to be deposited with the trustee, an amount in dollars sufficient to pay and discharge the entire indebtedness on the debt securities not delivered to the trustee for cancellation, for principal and premium, if any, and interest to the date of the deposit, in the case of debt securities that have become due and payable, or to the stated maturity or redemption date, as the case may be;
- we have paid or caused to be paid all other sums payable by us under the indenture; and
- we have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent provided for in the indenture relating to the satisfaction and discharge of the indenture have been complied with. (Indenture Section 4.1).

DEFEASANCE AND COVENANT DEFEASANCE

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

Defeasance and Discharge. The indenture provides that we will be discharged from all our obligations with respect to the debt securities of any series, except for certain obligations to exchange or register the transfer of the debt securities of such series, to replace stolen, lost or mutilated debt securities, to maintain paying agencies and to hold moneys for payment in trust, upon the deposit in trust for the benefit of the holders of the debt securities of such series of money or U.S. government obligations, or both, which, through the payment of principal and interest in respect thereof in accordance with their terms, will provide money in an amount sufficient to pay any installment of principal of and any premium and interest on the debt securities of such series on the stated maturities in accordance with the terms of the indenture and the debt securities. This defeasance or discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel to the effect that the holders of the debt securities of such series will not recognize gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge, and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred, accompanied by a ruling to that effect received from or published by the Internal Revenue Service. (Indenture Section 13.2).

Defeasance of Certain Covenants. The indenture provides that we may omit to comply with some of the restrictive covenants described under the captions "Certain Covenants -- Limitation on Indebtedness Secured by a Lien" and "Certain Covenants -- Limitation on Sale and Lease-Back Transactions" above, and that the omission will be deemed not to be or result in an event of default in each case with respect to each series of debt securities. In order to do so, we will have to deposit, in trust for the benefit of the holders of the debt securities, money or U.S. government obligations, or both, which through the payment of principal and interest in accordance with their terms, will provide money in an amount sufficient to pay any installment of the principal of and any premium and interest on the debt securities on the stated maturities in accordance with the terms of the indenture and the debt securities. We will also have to, among other things, deliver to the trustee an opinion of counsel to the effect that holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of the deposit and defeasance of the obligations and will be subject to federal income tax on the same amount, in the same manner and

15

at the same times as would have been the case if the deposit and defeasance had not occurred. In the event we exercise this option with respect to the debt securities and the debt securities are declared due and payable because of the occurrence of any event of default, the amount of money and U.S. government obligations deposited in trust will be sufficient to pay amounts due on the debt securities at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities upon any acceleration resulting from the event of default. In that case, we will remain liable for the payments.

THE TRUSTEE

The Bank of New York is the trustee under the indenture. Its address is One Wall Street, New York, N.Y. 10286. We have also appointed the trustee as the initial registrar and as the initial paying agent under the indenture.

The indenture contains limitations on the right of the trustee, should it become a creditor of ours, to obtain payment of claims in some cases, or to realize on property received in respect of any claim as security or otherwise. In the event the trustee acquires any conflicting interest, as defined in the Trust Indenture Act of 1939, however, it must eliminate the conflict or resign.

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

We maintain a banking relationship in the ordinary course of business with an affiliate of the trustee.

GOVERNING LAW

The indenture is, and the debt securities will be, governed by, and construed in accordance with, the internal laws of the State of New York, except as may otherwise be required by mandatory provisions of law, without regard to conflicts of laws principles thereof.

The underwriters and dealers may resell the securities in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. The obligations of the underwriters or dealers to purchase securities will be subject to various conditions. Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

paid to dealers.

During and after an offering through underwriters, the underwriters may purchase and sell the securities in the open market. These transactions may include over allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters may also impose a penalty bid, which means that selling concessions allowed to syndicate members or other broker-dealers for the offered securities sold for their account may be reclaimed by the syndicate if the offered securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the offered securities, which may be higher than the price that might otherwise prevail in the open market. If commenced, the underwriters may discontinue these activities at any time.

We may also sell securities directly or through agents designated by us. Unless indicated in the prospectus supplement, any agent is acting on a reasonable efforts basis for the period of its appointment.

In connection with distributions of common stock or otherwise, we may enter into hedging transactions with broker-dealers in connection with which the broker-dealers may sell common stock registered under the registration statement of which this prospectus is a part in the course of hedging through short sales the positions they assume with us.

We may authorize agents, underwriters or dealers to solicit offers by certain institutional investors to purchase securities providing for payment and delivery on a future date specified in the prospectus supplement. Jurisdictional investors to which such offers may be made, when authorized, include commercial and savings banks, insurance companies, pension funds, investment companies, education and charitable institutions and other institutions as may be approved by us. The obligations of any purchasers under delayed delivery and payment arrangements will not be subject to any conditions except that the purchase by an institution of the securities shall not at delivery be prohibited under the laws of any jurisdiction in the United States to which the institution is subject. Underwriters will not have any responsibility for the validity of these arrangements or the performance by us or the institutional investors.

Underwriters, dealers and agents that participate in the distribution of the securities may be deemed to be underwriters, and any discounts or commissions received by them from us and any profit on the resale of the securities by them may be treated as underwriting discounts and commissions, under the Securities Act. Under agreements that we may enter into, underwriters, dealers and agents who participate in the distribution of the securities may be entitled to indemnification by us against civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments that the underwriters, dealers or agents may be required to make. Underwriters, dealers and agents may engage in transactions with, or perform services for, us or our subsidiaries in the ordinary course of their businesses.

The securities we offer under this prospectus and applicable prospectus supplements may or may not be listed on a national securities exchange or a foreign securities exchange (other than our common stock, which is listed on the New York Stock Exchange and the Pacific Stock Exchange). Any common stock sold under a prospectus supplement will be listed on the New York Stock Exchange and the Pacific Stock Exchange, subject to official notice of issuance. Any underwriters to whom we sell securities for public offering and sale may make a market in those securities, but the underwriters will not be obligated to do so and may discontinue any market making activities at any time without notice. No assurances can be given that there will be an active trading market for the securities.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Section 145 of the General Corporation Law of the State of Delaware provides that a corporation has the power, under specified circumstances, to indemnify a director, officer, employee or agent of the corporation and certain other persons serving at the request of the corporation in related capacities against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with an action or proceeding to which he or she is threatened to be made a party by reason of such position, if such person shall have acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, and, with respect to any criminal action, that they had no reasonable cause to believe their conduct was unlawful. With respect to suits by or in the right of the corporation, however, indemnification is

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

generally limited to attorneys' fees and other expenses and is not available if such person is adjudged to be liable to the corporation unless the court determines that indemnification is appropriate. Additionally, a corporation is required to indemnify its directors and officers against expenses to the extent that such directors or officers have been successful on the merits or otherwise in any action, suit or proceeding or in defense of any claim, issue or matter therein. Indemnification can be made by the corporation only upon a determination that indemnification is proper in the circumstances because the party seeking indemnification has met the applicable standard of conduct as set forth in the General Corporation Law of the State of Delaware. A corporation also has the power to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation against any liability asserted against such person or incurred by such person in any capacity or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under the provisions of the law.

The restated certificate of incorporation of Smith and the restated bylaws of Smith extend indemnification rights to its directors, officers, employees and agents to the fullest extent authorized by the General Corporation Law of the State of Delaware. The restated certificate of incorporation of Smith and the restated bylaws of Smith also permit Smith to maintain insurance on behalf of any person who is or was a director, officer, employee or agent of Smith against any liability asserted against such person and incurred by such person in such capacity, whether or not Smith would have the power or the obligation to indemnify such person against such liability. Reference is made to the restated certificate of incorporation and the restated bylaws of Smith.

II-1

Section 102(b)(7) of the General Corporation Law of the State of Delaware provides that a certificate of incorporation may contain a provision eliminating or limiting the personal liability of a director of the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, provided that such provisions may not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 (relating to liability for unauthorized acquisitions or redemptions of, or dividends on, capital stock) of the General Corporation Law of the State of Delaware or (iv) for any transaction from which the director derived an improper personal benefit. Smith's restated certificate of incorporation contains such a provision, and further provides that if the General Corporation Law of the State of Delaware is amended to further eliminate or limit the personal liability of directors, then the liability of the directors of Smith shall be eliminated or limited to the fullest extent permitted by the General Corporation Law of the State of Delaware.

The above discussion of Smith's restated certificate of incorporation and restated bylaws and of Sections 102(b)(7) and 145 of the General Corporation Law of the State of Delaware is not intended to be exhaustive and is qualified in its entirety by such restated certificate of incorporation, restated bylaws and statutes.

ITEM 17. UNDERTAKINGS.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

Edgar Filing: SMITH INTERNATIONAL INC - Form S-3

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the registration statement is on Form S-3, Form S-8 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer, or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities
