**Item 5. Other Events and Regulation FD Disclosure.**

As reported in Accenture Ltd's Quarterly Report on Form 10-Q for the quarter ended November 30, 2002 filed with the Securities and Exchange Commission on January 14, 2003, in the first quarter of fiscal 2003 we transitioned our Health Services industry group from our Financial Services operating group to our Products operating group. In addition, we changed the format of internal financial information presented to our Chief Executive Officer to reflect changes in our internal accounting method of allocating certain costs to segments from a partner basis to a total controllable cost basis for purposes of determining segment operating income and assessing segment performance. Segment results for all periods presented in the Quarterly Report were revised to reflect these changes.

The Management's Discussion and Analysis of Financial Condition and Results of Operations and historical financial statements and related notes previously included in Accenture Ltd's Annual Report on Form 10-K for the year ended August 31, 2002, filed on November 8, 2002, conformed to reflect these changes, are filed as exhibits to this Current Report on Form 8-K. This Current Report does not otherwise update the disclosures set forth in such items as originally filed and does not otherwise reflect events occurring after the filing of the Annual Report. The financial statements filed hereby shall supercede the historical financial statements of Accenture Ltd previously filed as of and for the same periods, including for existing and any future filings made pursuant to the Securities Act of 1933.
