INFORMATION ABOUT THE 2003 ANNUAL MEETING AND VOTING

The Annual Meeting

The Annual Meeting will be held on Tuesday, May 6, 2003 at 8:30 a.m. local time at The Ritz-Carlton Hotel of Tysons Corner, 1700 Tysons Boulevard, McLean, Virginia 22102.

This Proxy Solicitation

We are sending you this Proxy Statement because our Board of Trustees is seeking a proxy to vote your shares at the Annual Meeting. This Proxy Statement is intended to assist you in deciding how to vote your shares. On April 2, 2003, we began mailing this Proxy Statement to all people who, according to our shareholder records, owned shares at the close of business on March 10, 2003.

We are paying the cost of requesting these proxies. Our Trustees, officers and employees may request proxies in person or by telephone, mail, telecopy or letter. We will reimburse brokers and other nominees their reasonable out-of-pocket expenses for forwarding proxy materials to beneficial owners of our common shares. In addition, we have engaged Innisfree M&A Incorporated to assist in the solicitation of proxies. We anticipate that we will incur total fees of \$10,000 plus \$5.00 per phone call plus out-of-pocket expenses. Neither the number of phone calls nor the out-of-pocket expenses can be estimated at this time.

Voting Your Shares

You have one vote for each of our common shares that you owned of record at the close of business on March 10, 2003. The number of shares you own (and may vote at the Annual Meeting) is listed on the enclosed proxy card.

You may vote your shares at the Annual Meeting either in person or by proxy. To vote in person, you must attend the Annual Meeting and obtain and submit a ballot. Ballots for voting in person will be available at the Annual Meeting. To vote by proxy, you must complete and return the enclosed proxy card. By completing and returning the proxy card, you will be directing the persons designated on the proxy card to vote your shares at the Annual Meeting in accordance with the instructions you give on the proxy card.

If you decide to vote by proxy, your proxy card will be valid only if

you sign, date and return it before the Annual Meeting.

If you complete the proxy card but do not provide the voting instructions, then your shares will be voted **FOR** each of the Trustees identified on the proxy card, **FOR** the amendment to the Amended and Restated Declaration of Trust and **FOR** ratification of the selection of Ernst & Young LLP as our independent accountants for the 2003 fiscal year.

Revoking Your Proxy

If you decide to change your vote, you may revoke your proxy at any time before it is voted. You may revoke your proxy in any one of three ways:

You may notify our Secretary in writing that you wish to revoke your proxy.

You may submit a proxy dated later than your original proxy.

You may attend the Annual Meeting and vote by ballot. Merely attending the Annual Meeting will not by itself revoke a proxy; you must obtain a ballot and vote your shares to revoke the proxy.

Vote Required for Approval

Proposal 1: Election of Nine Trustees The nine nominees for Trustee who receive the most votes will be elected. If you indicate withhold authority to vote for a particular nominee on your proxy card, your vote will not count either for or against the nominee.

Proposal 2: Amendment to Amended and Restated Declaration of Trust The affirmative vote of the holders of a majority of the shares outstanding as of the Record Date is required to approve the amendment to the Amended and Restated Declaration of Trust. If you abstain from voting, your abstention will count as a vote cast against the proposal.

Proposal 3: Ratification of Selection of Independent Accountants The affirmative vote of a majority of the votes cast at the Annual Meeting is required to ratify the selection of independent accountants. If you abstain from voting, your abstention will not count as a vote cast for or against the proposal.

YOUR VOTE AT THE ANNUAL MEETING IS VERY IMPORTANT TO US.

Broker non-votes (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered by the beneficial owner of the stock to vote on a particular proposal) with respect to the election of trustees and the ratification of selection of independent accountants will have no effect on the outcome of the vote on these proposals. Broker non-votes with respect to the amendment to the Amended and Restated Declaration of Trust will have the effect of votes cast against the proposal.

Quorum. On the record date for the Annual Meeting, March 10, 2003, there were 28,707,400 shares issued and outstanding. A quorum must be present at the Annual Meeting in order to transact business. A quorum will be present if 14,210,985 shares are represented at the Annual Meeting, either in person (by the shareholders) or by proxy. If a quorum is not present, a vote cannot occur. In deciding whether a quorum is present, abstentions and any broker non-votes will be counted as shares that are represented at the Annual Meeting.

Additional Information

Our Annual Report to Shareholders for the fiscal year ended December 31, 2002, including consolidated financial statements, is being mailed to all shareholders entitled to vote at the Annual Meeting together with this Proxy Statement. The Annual Report does not constitute a part of the proxy solicitation material. The Annual Report tells you how to get additional information about us.

PROPOSALS TO BE PRESENTED AT THE ANNUAL MEETING

We will present the following three proposals at the Annual Meeting. We have described in this proxy statement all the proposals that we expect will be made at the Annual Meeting. If a shareholder or we properly present any other proposal to the meeting after February 19, 2003, we will, to the extent permitted by applicable law, use your proxy to vote your shares on the proposal in our best judgment.

1. Election of Trustees

Our Board of Trustees currently consists of nine Trustees. Prior to the resignation of David Gladstone on October 15, 2003, our Board of Trustees consisted of ten Trustees. The Board has determined that it is appropriate at this time to have the size of the Board remain at nine Trustees. The nominees for election to the Board of Trustees are:

John E. Anderson

Thomas D. Eckert

Craig L. Fuller

William E. Hoglund
R. Michael McCullough
Lee P. Munder
John J. Pohanka
Robert M. Rosenthal
Vincent A. Sheehy

Each Trustee will be elected to serve for a one-year term, or until his replacement is elected and qualifies or until his earlier resignation or removal. All of the nine nominees are presently members of the Board of Trustees and have consented to serve as a Trustee if re-elected. More detailed information about each of the nominees is available in the section of this booklet titled "The Board of Trustees," which begins on page 8.

If any of the nominees cannot serve for any reason, the Board of Trustees may designate a substitute nominee or nominees. If a substitute is nominated, we will vote all valid proxies for the election of the substitute nominee or nominees. The Board of Trustees may also decide to leave the board seat or seats open until a suitable candidate or candidates are located, or it may decide to reduce the size of the Board. Proxies for the Annual Meeting may not be voted for more than nine nominees.

The Board of Trustees unanimously recommends that you vote FOR these Trustees.

2. Approval of Amendment to the Amended and Restated Declaration of Trust to Require that the Composition of our Board and any Committee Thereof Satisfy all Independence Requirements of the Federal Securities Laws and the Rules and Regulations of any Stock Exchange or Automated Interdealer Quotation System on which our Shares are Listed

Background

In the wake of the corporate scandals that have impacted Wall Street over the past year, President Bush, the U.S. Congress, the Securities and Exchange Commission, the New York Stock Exchange and the National Association of Securities Dealers have proposed various corporate governance reforms, including the passage of the Sarbanes-Oxley Act in July 2002. The Act requires that all members of the Audit Committee of a public company be independent as defined in the Act and the rules promulgated by the SEC thereunder. In addition, both the NYSE and NASD have issued proposed rules that would require a majority of the board of directors of a listed or quoted company to be independent, as defined in the respective rules of the NYSE and NASD. The proposed rules of the NYSE and NASD contain independence requirements for Audit Committee membership in addition to those adopted by the SEC. Many of these corporate governance reforms are not yet effective and are not expected to take effect until 2004.

We have voluntarily adopted a series of best practices corporate governance procedures and documents, consisting of:

new or revised charters for our Executive Compensation Committee, Audit Committee, and Nominating and Corporate Governance Committee,

disclosure controls and procedures,

corporate governance guidelines,

a whistleblower procedure for the reporting of accounting-related concerns, and

a code of business conduct covering all trustees, officers and employees.

In keeping with new SEC rules and the proposed NYSE and NASD rules, these documents provide that a majority of our trustees be independent and that all of the members of our Executive Compensation Committee, Audit Committee, and Nominating and Corporate Governance Committee be independent trustees. When defining the term independent, in order to conform with current best practices, we referred to the definition of that term in the federal securities laws, the NASD Manual and the rules and regulations of the NASD, which we refer to as the NASD listing standards, and other laws and regulations applicable to us.

We also reviewed the definition of independent contained in our Amended and Restated Declaration of Trust, which we call the Declaration. That definition, which was adopted in 1998 in connection with our initial public offering, is inconsistent with the proposed NASD and SEC guidelines and requirements and, as a result, is not consistent with current best practices.

The definition of an independent trustee contained in Declaration is, in certain respects, both less restrictive and more restrictive than the recently proposed or adopted definitions. For example, our Declaration provides that a trustee is independent once he or she has not served as one of our officers for more than two years. Current and proposed regulations are more restrictive and would eliminate from the category of independent trustees any person who has been one of our officers during the five years preceding the date on which the independence determination is made. In other cases, our Declaration offers less flexibility than current and proposed regulations. Under our Declaration, for example, no partner of our operating partnership, Capital Automotive L.P., may be independent for purposes of ascertaining that our Board has a majority of independent members. In contrast, as further described below, proposed regulations would permit a trustee who is a partner in our operating partnership to qualify as an independent trustee if the Board of Trustees makes an affirmative determination that the trustee does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of the trustee.

The most important conflict between our Declaration definition of an independent trustee and the definition set forth in the recently proposed or adopted regulations relates to the role and responsibility of the Board of Trustees in reviewing the independence of each trustee. Currently, our trustees are obligated by our Declaration to determine whether or not any of the trustees would fail to satisfy one of the specific objective tests set forth in our Declaration. If a trustee satisfies each of the specified tests, the trustee must be classified as independent. The Board has no obligation to make additional inquiries or to take into account other relationships with us in order to classify a trustee as independent. In contrast, the proposed regulations specifically require the Board of Trustees to make an affirmative determination that each independent trustee does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of the trustee.

In addition, the recently proposed or adopted regulations, which we have incorporated into our recently adopted governance documents, require that the members of specified committees of the Board of Trustees qualify as independent. As indicated, we have complied with these regulations in defining independent in the governance documents. The current definition in our Declaration does not apply to the determination of independence of a trustee in his capacity as a member of a committee. As a result, a trustee who is not independent under our Declaration may still qualify as an independent member of a committee.

After careful consideration of the definition contained in our Declaration, the definition set forth in the recently proposed or adopted regulations, and the purposes for each definition, the Board of Trustees has determined that it is advisable and in the best interest of the shareholders that a single, consistent definition of independent be used to determine the independence of a trustee. The Board believes that it would be, at best, confusing, and possibly unworkable, to have different definitions of independence governing our trustees. The Board of Trustees also determined that the definitions recently adopted under the federal securities laws and the NASD listing standards is the more appropriate definition because it requires, before a trustee may be considered to be independent, an in-depth analysis by the full Board of Trustees of all relationships between that trustee and us and the Board's determination that these relationships are unlikely to affect the trustee's ability to exercise independent judgment in acting as one of our trustees.

Accordingly, the Board of Trustees is recommending that our Declaration be amended, as set forth below under Proposed Amendment, to eliminate any conflict between the definition of independent and the definition used in our recently adopted governance documents that the Board adopted in order to comply with current best practices and the laws and regulations currently applicable, and proposed to become applicable, to us.

Please note that, regardless of whether the amendment to our Declaration is adopted, we currently satisfy all applicable independence requirements, including those established by the SEC, NASD and our Declaration.

Proposed Amendment

The Board of Trustees, for the reasons described above under Background, believes it is in the best interests of the Company and its shareholders to amend the Amended and Restated Declaration of Trust to require that the composition of our Board and any committee thereof satisfy all independence requirements of the federal securities laws and the rules and regulations of any stock exchange or automated interdealer quotation system on which our shares are listed. The Board of Trustees has unanimously approved an amendment to our Amended and Restated Declaration of Trust deleting in its entirety Article VI. Section 5. thereof and substituting as Article VI. Section 5. the following:

Independent Trustees. Notwithstanding anything herein to the contrary, at all times (except during a period not to exceed ninety (90) days following the death, resignation, incapacity or removal from office of a Trustee prior to expiration of the Trustee's term of office), the Board of Trustees and any committee thereof shall have such number of Trustees with such characteristics as may be necessary to satisfy all independence requirements set forth in the Securities Exchange Act of 1934 and the rules and regulations promulgated by the Securities and Exchange Commission thereunder, and the rules and regulations of any stock exchange or automated interdealer quotation system on which any Shares are listed.

Following the Board's approval of the proposed amendment, the Board, acting upon the recommendation of the Nominating and Corporate Governance Committee, reviewed, analyzed and evaluated our relationships with each trustee. As a result of this process, and applying the independence requirements set forth in the laws and regulations currently applicable, and proposed to become applicable, to us, the Board of Trustees determined that Messrs. Anderson, Fuller, Høglund, McCullough, Munder, Pohanka and Sheehy were independent. Under the proposed amendment to our Declaration, only Mr. Eckert, our Chief Executive Officer, and Mr. Rosenthal, a greater than 10% beneficial owner of our common shares, would not be considered independent trustees. Under our current Declaration, in addition to Mr. Eckert and Mr. Rosenthal, Messrs. Pohanka and Sheehy would not be considered independent because they are partners in our operating partnership.

Affiliates of Messrs. Pohanka and Sheehy are tenants of our properties. The Board of Trustees does not believe that the relationships between each of Messrs. Pohanka and Sheehy (and their affiliates) and the Company are sufficient to interfere with the exercise of independent judgment by either Mr. Sheehy or Mr. Pohanka in fulfilling his obligations as a trustee. In addition, under our corporate governance documents, the Audit Committee must approve any transactions between us and a trustee or an affiliate thereof in advance, with any interested Audit Committee member abstaining from the vote.

The Board of Trustees unanimously recommends that you vote FOR the amendment to the Amended and Restated Declaration of Trust.

3. Ratification of Appointment of Ernst & Young LLP as Independent Accountants

On May 23, 2002, our Board of Trustees, following the recommendation of our Audit Committee, approved the dismissal of Arthur Andersen LLP as our principal independent accountant. On the same date, our Board approved, in accordance with our Audit Committee's recommendation, the engagement of Ernst & Young LLP to serve as our principal independent accountant to audit our financial statements for the year ending December 31, 2002.

Arthur Andersen LLP's reports on our consolidated financial statements for each of the two most recent fiscal years ended December 31, 2001 and 2000 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. During our two most recent fiscal years and through the date hereof, there were no disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen LLP's satisfaction, would have caused them to make

Edgar Filing: CAPITAL AUTOMOTIVE REIT - Form PRE 14A

reference to the subject matter in connection with their reports. During that period and through the date hereof, there were no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K.

During our two most recent fiscal years and prior to Ernst & Young LLP's engagement on May 23, 2002, we did not consult Ernst & Young LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements, or any other matters or reportable events required to be disclosed under Items 304(a)(2)(i) and (ii) of Regulation S-K.

The Audit Committee currently believes that we should continue our relationship with Ernst & Young LLP and have appointed Ernst & Young LLP to continue as our independent accountants for the fiscal year ending December 31, 2003. In the event that the shareholders do not ratify this appointment by the requisite vote, the Audit Committee will reconsider its appointment of Ernst & Young LLP.

One or more representatives of Ernst & Young LLP will be available at the Annual Meeting to answer your questions and make a statement if they desire.

Independence of Board and Committee Members

As discussed in Proposal 2 above, the composition of our Board of Trustees is currently subject to the independence requirements of our Declaration, the Securities Exchange Act of 1934 and the rules and regulations promulgated by the SEC thereunder, and the NASD listing standards. In addition, the composition of the Audit Committee is currently subject to the NASD listing standards. Recently, the NASD filed with the SEC proposed amendments to its corporate governance rules, including rules governing board and committee independence. While the proposed NASD listing standards are not yet effective, we have voluntarily elected to comply as if the proposed NASD listing standards were currently effective.

Board of Trustees. The Board of Trustees, upon the unanimous recommendation of the Nominating and Corporate Governance Committee, has determined that Messrs. Anderson, Fuller, Høglund, McCullough and Munder, representing a majority of our Board of Trustees, are independent as that term is defined in our Declaration. In addition, the Board of Trustees, upon the unanimous recommendation of the Nominating and Corporate Governance Committee, has determined that Messrs. Audit Committee. The Board of Trustees, upon the unanimous recommendation of the Nominating and Corporate Governance Committee, has also determined that all current members of the Audit Committee are independent as that term is defined in the Exchange Act and the rules and regulations promulgated by the SEC thereunder; defined in the NASD listing standards; and defined in the proposed NASD listing standards.

The Board of Trustees, upon the unanimous recommendation of the Nominating and Corporate Governance Committee, has also determined that all current members of the Audit Committee meet the audit committee composition requirements of the proposed NASD listing standards and that Messrs. Anderson and Høglund are named as audit committee financial experts as that term is defined in the Exchange Act and the rules and regulations thereunder and the proposed NASD listing standards.

Nominating and Corporate Governance Committee. The proposed NASD listing standards require that the Nominating and Corporate Governance Committee consist solely of independent Trustees. The Board of

Trustees, upon the unanimous recommendation of the Nominating and Corporate Governance Committee, has determined that all current members of the Nominating and Corporate Committee are independent as that term is defined in the proposed NASD listing standards.

Code of Business Conduct

Our Trustees, as well as our officers and employees, are also governed by our recently adopted code of business conduct. Our code of business conduct is available on our website at www.capitalautomotive.com. Amendments to, or waivers from, a provision of the code of business conduct that applies to our Trustees, executive officers or controller will be posted to our website within five business days following the date of the amendment or waiver.

Compensation of Trustees

We pay our Trustees who are not employees \$3,750 per calendar quarter for their services as Trustees. Effective October 2002, each Trustee also is paid a \$1,000 fee for each Board meeting attended and a \$500 fee for each Committee meeting attended. In addition, under the Capital Automotive Group Second Amended and Restated 1998 Equity Incentive Plan, which we refer to as the Plan, upon election or appointment to the Board of Trustees, each non-employee Trustee also receives an initial grant of options to purchase 15,000 common shares. The exercise price for these grants is based on the fair market value of the common shares on the date of grant. One-third of the options will vest six months after the date of grant, another one-third will vest on the first anniversary of the date of grant, and the remaining one-third will vest on the second anniversary of the date of grant. Options will be forfeited to the extent they are not then exercisable if a Trustee resigns or fails to be reelected as a Trustee. Pursuant to this provision, upon his appointment to the Board of Trustees in May 2002, Mr. Anderson received a grant of options to purchase 15,000 common shares.

On January 15, 2003, under the Plan, the Executive Compensation Committee approved a discretionary grant of options to purchase 5,000 common shares to each non-employee Trustee. The exercise price for these grants was \$22.98, which was the fair market value of the common shares on the date of the grant. One-third of the options will vest six months after the date of grant, another one-third will vest on the first anniversary of the date of grant, and the remaining one-third will vest on the second anniversary of the date of grant. Options will be forfeited to the extent they are not then exercisable if a Trustee resigns or fails to be reelected as a Trustee.

- (1) Includes restricted shares (formerly known as performance accelerated restricted shares) granted in the year indicated and/or phantom shares credited in lieu of bonus earned for the year indicated. In May 2000, the Executive Compensation Committee of the Board of Trustees amended the vesting schedule on all performance accelerated restricted shares granted in 2000 to eliminate the performance accelerated feature and to generally provide that all such restricted shares will vest on the third anniversary of the effective date of grant. The 2001 grant of restricted shares will vest on January 15, 2006. One-half of the 2002 grant of restricted shares will vest on January 15, 2005, and the remaining half will vest on January 15, 2007. Prior to vesting, executive officers may make a one-time election to defer receipt of the common shares to a future date, provided that the deferred common shares will be distributed to the employee prior to such time, upon the occurrence of certain events, including a change in control of the Company, certain terminations of employment and the employee's death and disability. A holder of restricted shares does not have dispositive or voting power with respect to the restricted shares, but does receive dividends paid on the restricted shares. As presented in the table above, the dollar value of the restricted shares awarded was calculated based on the closing market price of the common shares on the Nasdaq National Market on the date of award, net of the consideration paid by the executive officers of \$.01 per restricted share awarded.

Our Phantom Share Purchase Program requires mandatory and authorizes voluntary purchases of phantom shares upon the deferral of a portion of the executive officers' annual bonus. Under this program, unless otherwise approved by the Executive Compensation Committee, 20% of any annual bonus otherwise payable to an executive officer must be deferred under the Program and the executive officer may elect to defer up to an additional 30% of any annual bonus otherwise payable to him. The phantom shares are credited at a price equal to 80% of the fair market value of our common shares on the date of grant. The phantom shares awarded upon the deferral of a portion of annual bonuses generally are paid on the third anniversary from the date of grant. On such date, the phantom shares will be paid to the employee in the form of common shares or, if mutually agreed to between the employee and us, cash. Notwithstanding the foregoing, certain employees can elect to defer payment of the phantom shares to either (i) a later date or (ii) the date the employee terminates

Edgar Filing: CAPITAL AUTOMOTIVE REIT - Form PRE 14A

employment with the Company or the first January 15 following termination of employment. If the employee's employment with the Company is terminated before the payment date, the employee will be paid the lesser of (i) the amount of the annual bonus deferred or (ii) an amount equal to the number of the phantom shares multiplied by the fair market value of the common shares underlying the phantom shares on the termination date. A holder of phantom shares does not have dispositive or voting power with respect to the phantom shares. However, a holder of phantom shares receives dividend equivalents with respect to the phantom shares that are equal to the value of any dividends paid with respect to our common shares. As presented in the table above, the dollar value of the phantom shares awarded upon the deferral of a portion of annual bonuses was calculated based on the closing market price of the common shares on the Nasdaq National Market on the date of award.

Employment Agreements

The Partnership has entered into employment agreements with Messrs. Eckert, Kay and Weaver. Each agreement currently terminates on January 1, 2004 and provides that the executive officer agrees to devote his full business time to the operation of the Partnership. Each employment agreement permits us to terminate the executive officer's employment with appropriate notice for or without cause. In general, cause is defined to include: (i) engaging in dishonesty relating materially to performance of services or obligations contained in the employment agreement; (ii) conviction of any misdemeanor (other than minor infractions) involving fraud, breach of trust, misappropriation or other similar activity or any felony; (iii) performance of duties in a grossly negligent manner; or (iv) willful breach of the employment agreement in a manner materially injurious to us. In addition, executives may resign for good reason, which is generally defined to include: (i) our failure to comply with such agreement's material terms; (ii) the substantial diminution of responsibilities and duties or, for Mr. Eckert, his involuntary departure from the Board of Trustees; (iii) relocation of our headquarters outside the Washington, D.C. metropolitan area, or (iv) a change of control. In general terms, a change of control occurs (i) if a person, entity or group (with certain exceptions) acquires more than 40% of our then outstanding voting securities, (ii) if we merge into another entity (unless our prior shareholders have at least 60% of the combined voting power of the securities in the merged entity), or (iii) upon our liquidation or dissolution or sale or disposition of substantially all of our assets.

Under the employment agreements, if an executive officer's employment ends for any reason, we will pay accrued salary, bonuses already determined, and other existing obligations. In addition, if a change of control occurs, we terminate the executive officer's employment without cause or the executive officer resigns for good reason, all of the share options, restricted shares and phantom shares held by the executive officer before such event occurs will become fully vested and we will be obligated to pay (i) a lump sum payment equal to 24 months' salary (or in the event of a change of control, three times the sum of the executive officer's annual salary plus the most recently established target bonus), (ii) premiums for the period for group health coverage, if any, to which he is entitled by law, and (iii) a pro rata annual bonus for the year of termination.

If an employment agreement is not renewed by us on or before January 1, 2004, and we at any time thereafter terminate an executive officer's employment without cause or the executive officer resigns for good reason, (i) any unvested restricted shares granted prior to or during the executive officer's employment through January 1, 2004 and held by the executive officer before his termination of employment will become vested to the extent of the ratio of the number of days that the executive officer has been employed by the Partnership or Capital Automotive since the date the restricted shares were granted and the total number of days of employment otherwise required for the restricted shares to fully vest (determined separately for each grant), and (ii) any phantom shares granted prior to or during the executive officer's employment through January 1, 2004 and credited to the executive officer before the executive officer's termination of employment will become vested to the extent of the ratio of the number of days that the executive officer had been employed by the Partnership or Capital Automotive since the date the phantom shares were granted and the total number of days of employment otherwise required for the phantom shares to fully vest (applied separately to each grant).

While employed and for a two-year period after employment, Messrs. Eckert, Kay and Weaver have agreed not to compete with us by working with or investing in any enterprise that invests primarily in automobile dealership or automotive-related properties or that provides real estate financing to automobile dealerships or automotive-related businesses.

EXECUTIVE COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Philosophy. The goal of the Executive Compensation Committee (the Compensation Committee) is to design and administer an executive compensation program to (i) attract and retain qualified executive officers, (ii) reward executive officers for superior performance in achieving our business objectives and enhancing shareholder value, (iii) align the executive officers' interests with those of the shareholders, and (iv) provide incentives for the creation of long-term shareholder value. The key elements of executive compensation are base salary, annual incentive and performance bonuses, and grants of restricted shares, phantom shares and common share options. The Compensation Committee reviews and approves our policies and practices regarding executive compensation, including (a) base salary levels, (b) incentive compensation plans and related performance awards, and (c) long-term incentives, including awards of restricted shares, phantom shares and common share options. For 2002, the Compensation Committee placed significant emphasis on forms of compensation designed to create a significant and meaningful long-term incentive tied to our long-term growth, financial success, and increasing shareholder value. Our executives receive compensation for their services to both the Partnership and Capital Automotive.

Base Salary Levels. We believe that our base salary levels are reasonably related to the base salary levels of executive officers of comparable real estate investment trusts and other real estate companies. We set base salaries and determined other compensation for 2002 based on those factors. We also believe that the current base salary levels of our executive officers take into account the unique talents and skills of our executive officers. The executive officers that have employment agreements have set floors on base salary and other elements of compensation for their contract terms, but the Committee can increase the base salary at any point. We expect that any such increases will take into account such factors as individual past performance, changes in responsibilities, changes in pay levels of companies deemed comparable by the Compensation Committee, and inflation. The Compensation Committee, however, intends to reward executive officers for their achievements primarily through bonus awards and long-term incentive compensation, as discussed below.

Bonus Awards. We use performance bonuses to reflect the level of involvement and success of our executive officers in advancing corporate goals. The awards earned depend on the extent to which our performance objectives and the individual's performance objectives are achieved. Our objectives consist of operating, strategic and financial goals that are considered to be critical to our fundamental long-term goal of building shareholder value. For fiscal year 2002, these objectives were: (i) achievement of targeted funds from operations (as defined below) per share; (ii) attainment of a superior funds from operations multiple

and total shareholder return as compared to our peer group; (iii) effective execution of our planned growth; (iv) continued achievement of project goals in property acquisitions; and (v) progress in certain financial and administrative activities. In addition, we maintain a Phantom Share Purchase Program (described in greater detail below), under which executive officers defer a portion of their annual bonuses through mandatory and voluntary purchases of phantom shares. This program further aligns the executive officers' interests with those of the shareholders and provides incentives for the creation of long-term shareholder value. The Compensation Committee awarded \$1,108,000 in bonuses to named officers for fiscal year 2002, of which \$746,000 was deferred towards the purchase of phantom shares.

The National Association of Real Estate Investment Trusts (NAREIT) developed Funds from Operations, commonly referred to as FFO, as a relative non-GAAP financial measure of performance and liquidity of an equity REIT in order to recognize that income-producing real estate historically has not depreciated on the basis determined under accounting principles generally accepted in the United States, commonly referred to as GAAP. FFO, as defined under the revised definition adopted in April 2002 by NAREIT, is income (loss) from continuing operations before minority interest and extraordinary item (computed in accordance with GAAP) plus income from discontinued operations (including minority interest) and excluding gains (or losses) from the sales of property reported as income (loss) from continuing operations plus depreciation and amortization of assets unique to the real estate industry, and after adjustments for unconsolidated partnerships and joint ventures. FFO does not represent cash flows from operating activities in accordance with GAAP (which, unlike FFO, generally reflects all cash effects of transactions and other events in the determination of net income) and should not be considered an alternative to net income as an indication of our performance or to cash flow as a measure of liquidity or ability to make distributions. We use FFO as a performance objective because it is a meaningful, additional measure of operating performance that primarily excludes the assumption that the value of the real estate assets diminishes predictably over time, and because industry analysts have accepted FFO as a performance measure of a REIT.

Long-Term Incentive Compensation. The Compensation Committee believes that the use of equity incentives aligns the interest of executive officers with those of shareholders and promotes long-term shareholder value better than does cash alone. The Capital Automotive Group Second Amended and Restated 1998 Equity Incentive Plan, which we refer to as the Plan provides for grants of restricted shares, phantom shares, stock appreciation rights, which we refer to as SARs, nonqualified stock options, which we refer to as NQSOs and incentive stock options, which we refer to as ISOs to key executives. The Compensation Committee administers the Plan and determines the participants who receive awards, the type and terms of the awards, the schedule for exercisability or nonforfeitability, the time and conditions for expiration of the awards, and the form of payment upon exercise. The Committee may make determinations under the Plan that are not uniform as to the participants and that may or may not consider whether participants are similarly situated. The Compensation Committee will continue to look at the total compensation package for each executive officer, and the policies underlying our long-term compensation goals when granting awards under the Plan.

The 2002 restricted share and phantom share grants reflect our compensation philosophy of placing greater emphasis on the long-term compensation component of the compensation program. On January 18, 2002, the Compensation Committee awarded 38,506 restricted shares to executive officers. One-half of the 2002 restricted share grants vest on January 15, 2005 and the remaining half vests on January 15, 2007. The Compensation Committee did not grant SARs, NQSOs or ISOs to executive officers in 2002.

In addition, we maintain a Phantom Share Purchase Program that, unless the Compensation Committee determines otherwise, requires mandatory and authorizes voluntary purchases of phantom shares upon the deferral of a portion of an executive officer's annual bonus. Pursuant to this Program, 20% of any annual bonus otherwise payable to an executive officer must be deferred under the Program and the executive officer may elect to defer up to an additional 30% of any annual bonus otherwise payable to him. The phantom shares are purchased at a price equal to 80% of the fair market value of our common shares on the date of grant. Phantom shares generally are paid on the third anniversary from the date of grant. Notwithstanding the foregoing, certain employees can elect to defer payment of the phantom shares to either (i) a later date or

(ii) the date the employee terminates employment with the Company or the first January 15 following termination of employment. The Compensation Committee voted to waive the 50% limit for 2002 with respect to Messrs. Eckert and Weaver, each of whom elected to defer 100% of his annual bonus for 2002 towards the purchase of phantom shares, and Mr. Kay, who elected to defer 75% of his annual bonus for 2002 towards the purchase of phantom shares. In addition, the Compensation Committee determined that Mr. Staaf would not participate in the Phantom Share Purchase Program for 2002. The Compensation Committee determined that allowing Messrs. Eckert, Weaver and Kay to purchase additional phantom shares would further align their interests with those of the shareholders and provide further incentives for the creation of long-term shareholder value. On January 15, 2003, 40,609 phantom shares were purchased by executive officers under the program.

Compensation of the Chief Executive Officer. The Compensation Committee uses the same procedures described above in setting the annual salary, bonus and long-term incentive compensation of the Chief Executive Officer. In 2002, Mr. Eckert received a base salary of \$384,000 and, as described above, the Compensation Committee approved a 2002 bonus award of \$370,000, which amount was deferred towards the purchase of 20,127 phantom shares on January 15, 2003. The Compensation Committee also approved the grant of 18,391 restricted shares to Mr. Eckert in 2002. In doing so, the Compensation Committee considered our satisfaction of performance goals, such as achievement of superior funds from operations as compared to our peer group, and similarly, high total shareholder return as compared to our peer group, and additional subjective factors such as Mr. Eckert's conception and execution of a successful strategic plan, continued success in acquiring a solid portfolio of automotive dealership properties, maintaining a stable and creditworthy tenant base and income stream, retaining a team of highly-qualified professionals, as well as maintaining overall shareholder confidence.

Compensation Deduction Limit. The SEC requires that this report comment on our policy with respect to a special rule under the tax laws, Section 162(m) of the Internal Revenue Code of 1986. That section can limit the deductibility on a Subchapter C corporation's federal income tax return of compensation of \$1.0 million to any of the executive officers. (Most public companies are Subchapter C corporations, but we are not, so we describe the difference below.)

A company can deduct compensation (including from exercising options) outside that limit if it pays the compensation under a plan that its shareholders approve and that is performance-related and non-discretionary. Option exercises are typically deductible under such a plan if granted with exercise prices at or above the market price when granted. The Compensation Committee's policy with respect to this section is to make every reasonable effort to ensure that compensation complies with Section 162(m), while simultaneously providing our executives with the proper incentives to remain with the Company. We note that Section 162(m) does not affect the Company as directly as it does Subchapter C corporations, because we do not ordinarily pay taxes. Instead, if optionees buy a large number of shares at the same time by exercising options, we might not be able to deduct all of the compensation income from those purchases. That loss of deduction could increase the amount that we must distribute to our shareholders, which might mean we would need to borrow to make distributions. Given the way we administer the incentive plan, we think it is unlikely that this result will occur. We did not pay any compensation with respect to 2002 that would be outside the limits of Section 162(m).

Company Performance

The following graph compares the cumulative total shareholder return on our common shares from February 13, 1998 (the date the common shares were first offered and sold to the public at the initial public offering price of \$15.00 per share) through December 31, 2002 with the cumulative total return of the NAREIT Equity Total Return Index and the cumulative total return of the Standard and Poors 500 Index. Our common share price and the price of the S&P 500 Index are published daily. The NAREIT Equity Total Return Index is published monthly and for purposes of this presentation was interpolated to February 13, 1998.

The graph assumes an investment of \$100 in each of Capital Automotive REIT, the NAREIT Equity Total Return Index and the S&P 500 Index on February 13, 1998. The comparison assumes that all dividends are reinvested into additional common shares during the holding period.

CAPITAL AUTOMOTIVE REIT

AUDIT COMMITTEE CHARTER

Role:

The purpose of the audit committee (Committee) of the Board of Trustees (the Board) of Capital Automotive REIT (the Company) is to assist the Board in fulfilling its oversight responsibilities relating to: (a) the integrity of the financial statements and other information which is provided to shareholders and others; (b) the Company's compliance with legal and regulatory requirements; (c) the independence, qualifications and performance of the Company's independent auditor; (d) the systems of internal controls which management has established; (e) the Company's processes to manage business and financial risk; and (f) the duties set forth below and such other responsibilities as may be delegated to the Committee by the Board from time to time. The Committee is responsible for appointment, compensation and oversight of the Company's independent auditors who shall report directly to the Committee and are ultimately accountable to the Board and the Committee.

Membership:

The Committee shall be comprised of three or more trustees who are independent, as such term is defined from time to time in the Securities Exchange Act of 1934 (the Exchange Act), the NASD Manual and the rules and regulations of the Nasdaq Stock Market (the NASD Manual) and other laws and regulations applicable to the Company and the Committee. In addition, all members of the Committee must possess the requisite financial knowledge and accounting or related financial management experience to fulfill their duties, and at least one member should be an audit committee financial expert, as that term is defined from time to time in the Exchange Act, the NASD Manual and other laws and regulations applicable to the Company and the Committee. Prior to approving a trustee's appointment to the Committee, the Board, upon recommendation from the Nominating and Corporate Governance Committee of the Board (the Nominating Committee), shall have determined: (a) that such trustee satisfies the foregoing independence requirements as well as any additional independence requirements established from time to time by the Board in the Company's Corporate Governance Guidelines (Governance Guidelines); (b) in the exercise of its business judgment, whether the trustee is an audit committee financial expert, as that term is defined from time to time in the Exchange Act, the NASD Manual and other laws and regulations applicable to the Company and the Committee; and (c) in the exercise of its business judgment, that such trustee has the requisite financial knowledge to serve on the Committee.

No member of the Committee shall simultaneously serve on the audit committee of more than three public companies, including the Company, unless the Board has made a determination that such simultaneous service would not impair the ability of such member to effectively serve on the Committee.

The Board, upon the recommendation of the Nominating Committee of the Board, shall determine who shall serve as Chairman of the Committee, the removal of any trustees from the Committee and the appointment of additional trustees to the Committee.

Compensation:

The Committee members shall be entitled to compensation for being members of the Committee as such fees are established from time to time by the Board in accordance with the Governance Guidelines. Each member of the Committee shall be entitled to be reimbursed for reasonable out-of-pocket expenses incurred by such member in attending meetings of the Committee and in performing his/her duties as a member of the Committee.
