FORWARD-LOOKING STATEMENTS

Statements contained in this prospectus supplement and the accompanying prospectus, including the documents that are incorporated by reference, that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). Also, when we use any of the words anticipate, assume, believe, estimate, expect, intend, or similar expressions, we are making forward-looking statements. These forward-looking statements are not guaranteed and are based on our present intentions and on our present expectations and assumptions. These statements, intentions, expectations and assumptions involve risks and uncertainties, some of which are beyond our control, that could cause actual results or events to differ materially from those we anticipate or project, such as:

the ability of our tenants to make payments under their respective leases, including our reliance on certain major tenants and our ability to re-lease properties that are currently vacant or that become vacant;

our ability to locate suitable tenants for our properties;

changes in real estate market conditions and general economic conditions;

the inherent risks associated with owning real estate (including local real estate market conditions, changes in governing laws and regulations, liabilities associated with environmental conditions, both known and potential, and illiquidity of real estate investments);

our ability to sell properties at an attractive price;

the ability of borrowers to make payments of principal and interest under structured finance investments we make to such borrowers;

our ability to gain access to the underlying collateral for any structured finance investments to borrowers;

our ability to repay debt financing obligations;

our ability to refinance amounts outstanding under our credit facilities at maturity on terms favorable to us;

our ability to be in compliance with certain debt covenants;

our ability to successfully implement our selective acquisition strategy or to fully realize the anticipated benefits of renovation or development projects; and

our ability to qualify as a real estate investment trust for federal income tax purposes.

You should not place undue reliance on these forward-looking statements, as events described or implied in such statements may not occur. We undertake no obligation to update or revise any forward-looking statements as a result of new information, future events or otherwise.

SUMMARY

The following summary is qualified in its entirety by the more detailed information and consolidated financial statements and notes thereto appearing elsewhere in, or incorporated by reference into, this prospectus supplement and the accompanying prospectus.

The Company

General

We are a leading owner, operator, acquirer and developer of properties that are leased primarily to retail tenants under long-term net leases (Investment Properties). As of December 31, 2006, we owned 710 Investment Properties with an aggregate gross leasable area of 9.3 million square feet, located in 44 states.

Additionally, we acquire, develop, own and operate an inventory of retail properties, directly or indirectly, in our taxable real estate investment trust (REIT) subsidiary entities for the purpose of selling the real estate to third-party purchasers (Inventory Properties). As of December 31, 2006, we owned 97 Inventory Properties.

We are a fully integrated REIT for U.S. federal income tax purposes, formed in 1984. Prior to our name change on May 1, 2006, we were known as Commercial Net Lease Realty, Inc.

Recent Development

On February 27, 2007, our Board of Directors announced its intention to increase our quarterly common stock dividend to \$0.355 per share, which represents a 6.0% increase over our prior quarterly common stock dividend of \$0.335 per share. This increase is scheduled to begin with the regular quarterly common stock dividend expected to be declared and paid in the second quarter of 2007. This new dividend payout represents an annualized rate of \$1.42 per share.

S-1

USE OF PROCEEDS

We estimate that the net proceeds from this offering will be approximately \$118.1 million, after deducting the underwriting discount and other estimated expenses of this offering payable by us. We intend to use the net proceeds from this offering to repay borrowings under our \$300.0 million unsecured revolving credit facility and for general corporate purposes. Borrowings under the credit facility, which expires on May 8, 2009, were \$85.5 million as of March 20, 2007, and currently bear interest at a rate of LIBOR plus 0.8%. Affiliates of certain of the underwriters are lenders under the credit facility. See Underwriting.

CERTAIN FEDERAL INCOME TAX CONSIDERATIONS

For a discussion of the taxation of us and the tax considerations relevant to stockholders generally, see Federal Income Tax Considerations beginning on Page 25 of the accompanying prospectus. The following is a summary of the material additional federal income tax considerations pertaining to the acquisition, ownership and disposition of our common shares and should be read in conjunction with the referenced sections in the accompanying prospectus. This discussion is based on the Internal Revenue Code of 1986, as amended (the Code), income tax regulations promulgated thereunder, judicial positions, published positions of the Internal Revenue Service (IRS) and other applicable authorities, all as in effect as of the date hereof and all of which are subject to change, possibly with retroactive effect. This discussion of additional considerations is general in nature and is not exhaustive of all possible tax considerations, nor does the discussion address any state, local or foreign tax considerations. This discussion of additional considerations is based on current law and does not purport to deal with all aspects of federal income taxation that may be relevant to a prospective stockholder in light of its particular circumstances or to certain types of stockholders subject to special treatment under the federal income tax laws, such as financial institutions, broker dealers, insurance companies, former U.S. citizens or long-term residents, tax-exempt organizations, persons that are, or that hold their common shares through, partnerships or other pass-through entities, U.S. stockholders whose functional currency is not the U.S. dollar, or persons that hold common shares as part of a straddle, hedge, conversion, synthetic security or constructive sale transaction for U.S. federal income tax purposes. We have not requested and will not request a ruling from the Internal Revenue Service with respect to any of the federal income tax issues discussed below or in the accompanying prospectus. Prospective investors should consult, and must depend on, their own tax advisors regarding the federal, state, local, foreign and other tax consequences of holding and disposing of our common shares.

Recent Legislation

Under the Tax Increase Prevention and Reconciliation Act of 2005, the 15% maximum federal income tax rate on long-term capital gains and qualified dividend income for domestic non-corporate taxpayers was extended through December 31, 2010.

The underwriting agreement provides that the obligations of the underwriters to purchase the shares included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the shares (other than those covered by the over-allotment option described below) if they purchase any of the shares.

The underwriters propose to offer some of the shares directly to the public at the public offering price set forth on the cover page of this prospectus and some of the shares to dealers at the public offering price less a concession not to exceed \$0.63 per share. If all of the shares are not sold at the initial offering price, the representatives may change the public offering price and the other selling terms.

We have granted to the underwriters an option, exercisable for 30 days from the date of this prospectus, to purchase up to 600,000 additional shares of common stock at the public offering price less the underwriting discount. The underwriters may exercise the option solely for the purpose of covering over-allotments, if any, in connection with this offering. To the extent the option is exercised, each underwriter must purchase a number of additional shares approximately proportionate to that underwriter's initial purchase commitment.

We and our officers have agreed that, for a period of 60 days from the date of this prospectus, we and they will not, without the prior written consent of Citigroup, dispose of or hedge any shares of our common stock or any securities convertible into or exchangeable for our common stock, except for issuances (i) pursuant to the conversion or exchange of convertible or exchangeable securities or the exercise of warrants or options, in each case outstanding at the time the underwriting agreement is executed and delivered, (ii) of employee stock options and restricted shares pursuant to the terms of any equity incentive plan in effect at the time the underwriting agreement is executed and

delivered, (iii) in connection with acquisitions, joint ventures and similar types of arrangements as long as the recipients of those securities also agree not to sell or transfer those securities without the prior written consent of the underwriters for a period of 60 days after the date of this prospectus supplement, (iv) pursuant to our dividend reinvestment and stock purchase plan in effect at the time the underwriting agreement is executed and delivered, and (v) of no more than 100 shares of common stock, for no consideration, to one or more persons unaffiliated with us as door or drawing prizes in connection with our marketing efforts. Citigroup in its sole discretion may release any of the securities subject to these lock-up agreements at any time without notice.

Each underwriter has represented, warranted and agreed that:

it has not offered or sold and, prior to the expiry of a period of six months from the closing date, will not offer or sell any shares included in this offering to persons in the United Kingdom except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or otherwise in circumstances which have not resulted and will not

S-3

result in an offer to the public in the United Kingdom within the meaning of the Public Offers of Securities Regulations 1995;

it has only communicated and caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (FSMA)) received by it in connection with the issue or sale of any shares included in this offering in circumstances in which section 21(1) of the FSMA does not apply to us;

it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the shares included in this offering in, from or otherwise involving the United Kingdom; and

the offer in The Netherlands of the shares included in this offering is exclusively limited to persons who trade or invest in securities in the conduct of a profession or business (which include banks, stockbrokers, insurance companies, pension funds, other institutional investors and finance companies and treasury departments of large enterprises).

The common stock is listed on the New York Stock Exchange under the symbol NNN.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering. These amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase additional shares of common stock.

	Per Share	No Exercise	Full Exercise
Public offering price	\$ 24.700	\$ 123,500,000	\$ 142,025,000
Underwriting discount	\$ 1.050	\$ 5,250,000	\$ 6,037,500
Proceeds, before expenses, to us	\$ 23.650	\$ 118,250,000	\$ 135,987,500

In connection with the offering, Citigroup on behalf of the underwriters, may purchase and sell shares of common stock in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of common stock in excess of the number of shares to be purchased by the underwriters in the offering, which creates a syndicate short position. Covered short sales are sales of shares made in an amount up to the number of shares represented by the underwriters' over-allotment option. In determining the source of shares to close out the covered syndicate short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the overallotment option. Transactions to close out the covered syndicate short involve either purchases of the common stock in the open market after the distribution has been completed or the exercise of the over-allotment option. The underwriters may also make naked short sales of shares in excess of the over-allotment option. The underwriters must close out any naked short position by purchasing shares of common stock in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of shares in the open market while the offering is in progress.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when Citigroup repurchases shares originally sold by that syndicate member in order to cover syndicate short positions or make stabilizing purchases.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the common stock. They may also cause the price of the common stock to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions on the New York Stock Exchange or in the over-the-counter market, or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

We estimate that our total expenses of this offering will be \$150,000.

The underwriters have performed investment banking and advisory services for us from time to time for which they have received customary fees and expenses. The underwriters may, from time to time, engage in transactions

S-4

with and perform services for us in the ordinary course of their business. We intend to use a portion of the net proceeds of this offering to reduce borrowings under our \$300.0 million unsecured revolving credit facility. Affiliates of Citigroup Global Markets Inc., Wachovia Capital Markets, LLC, Banc of America Securities LLC, BB&T Capital Markets, Comerica Securities, Inc., PNC Capital Markets, Inc. and SunTrust Capital Markets, Inc. are lenders under our credit facility and will receive their proportionate share of the amount repaid under the credit facility with the net proceeds of this offering.

A prospectus in electronic format may be made available on the websites maintained by one or more of the underwriters. The representatives may agree to allocate a number of shares to underwriters for sale to their online brokerage account holders. The representatives will allocate shares to underwriters that may make Internet distributions on the same basis as other allocations. In addition, shares may be sold by the underwriters to securities dealers who resell shares to online brokerage account holders.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

LEGAL MATTERS

Certain legal matters will be passed upon for us by Pillsbury Winthrop Shaw Pittman LLP, Washington, D.C., as our securities and tax counsel. Certain legal matters will be passed upon for the underwriters by Hunton & Williams LLP.

COMMERCIAL NET LEASE REALTY

We are a fully integrated real estate investment trust (REIT) for federal income tax purposes, formed in 1984. Our operations are divided into two primary business segments: (i) investment assets, including real estate assets, structured finance investments and mortgage residual interests, and (ii) inventory real estate assets (Inventory Assets). The real estate investment assets and structured finance investments (included in mortgages and notes receivable on the balance sheet), are operated through us and our wholly owned qualified REIT subsidiaries. We directly and indirectly, through investment interests, acquire, own, invest in, manage and develop primarily retail properties that are generally leased to established tenants under long-term commercial net leases (Investment Properties). As of December 31, 2005, we owned 524 Investment Properties, with an aggregate gross leasable area of 9,227,000 square feet, located in 41 states and leased to established tenants, including Academy, Barnes & Noble, Best Buy, Susser (Circle K), CVS, Eckerd, OfficeMax, The Sports Authority and the United States of America. In addition to the Investment Properties, as of December 31, 2005, we had \$27,805,000 and \$55,184,000 in structured finance investments and mortgage residual interest assets, respectively.

The Inventory Assets are operated through our wholly owned qualified REIT subsidiaries as well as our taxable REIT subsidiaries and their majority-owned and controlled subsidiaries (the TRS). The TRS, directly and indirectly, through investment interests, owns real estate primarily for the purpose of selling the real estate to purchasers who are looking for replacement like-kind exchange property or to other purchasers with different investment objectives (Inventory Properties). The TRS develops Inventory Properties (Development Properties) and also acquires existing Inventory Properties (Exchange Properties). As of December 31, 2005, the TRS owned 17 Development Properties (one completed, 12 under construction, and four land parcels) and 46 Exchange Properties.
