The Plan Trustees
infoUSA Inc. 401(k) Plan:

We have audited the financial statements of the *infoUSA* Inc. 401(k) Plan (the Plan) as of December 31, 2005 and 2004 and for the year ended December 31, 2005, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Notes to Financial Statements - December 31, 2005 and 2004

(1) Description of Plan

The following description of the *infoUSA* Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering employees of *infoUSA* Inc. (the Company) who have been employed by the Company for any consecutive six-month period and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined by the Plan, not to exceed limits set by the secretary of the treasury. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes matching contributions of 50% of the first 6% of participant contributions, which may be in the form of Company common stock or cash.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of plan earnings based on balances in their account. All contributions, except Company matching contributions made in Company common stock, are directed by the participants into the various investment options offered. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. For Company matching contributions made in Company common stock, participants may elect to transfer the value of the common stock to other investment options at any time.

(d) Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

(e) Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. These loans are secured by the balance in the participant's account and bear interest at rates that range from 5.0% to 10.5% at December 31, 2005. Principal and interest is paid ratably through payroll deductions. Loans are considered in default 90 days following the last payment for the loan. At the time of default, they are considered a distribution of the Plan.

(f) Payment of Benefits

Upon termination of service, a participant will receive a lump-sum amount equal to the vested balance of his or her account, subject to mandatory federal income tax withholding, unless the participant rolls over the

distribution into another qualified plan.

Table of Contents

(g) Forfeitures

Nonvested portions of terminated participants' accounts are forfeited. At December 31, 2005 and 2004, forfeited nonvested accounts totaled \$262,396 and \$314,327, respectively. Forfeitures are applied against future Company contributions, including payment of administrative expenses. During 2005, administrative expenses of \$247,606 were paid from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed in the preparation of these financial statements.

(a) Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis and present the net assets available for benefits and changes in those net assets.

(b) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Quoted market prices are used to determine fair value of investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participants' loans are valued at their outstanding balances, which approximate fair value. Interest income is recorded as earned on an accrual basis and dividend income is recorded on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Administrative Expenses

The Plan is responsible for all administrative expenses; however, the Company may elect to pay administrative expenses directly or through forfeited nonvested accounts.

(e) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Table of Contents**(3) Investments**

The following table represents the fair value of individual investments that exceed 5% of the Plan's net assets at December 31, 2005 and 2004:

	2005	2004
<i>info</i> USA Inc. common stock	\$ 7,447,658	7,348,775
Alliance Bernstein Growth and Income Fund	10,171,388	8,773,477

Vanguard 500 Index Fund	9,143,908	7,102,468
Royce Total Return Fund	*	2,401,592

* Fair value of the investment did not exceed 5% of the Plan's net assets at December 31st of the applicable year.

During 2005, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,904,053 as follows:

Mutual funds	\$ 3,080,191
<i>info</i> USA Inc. common stock	(175,288)
Common Stock	(850)
	\$ 2,904,053

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

(5) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 27, 2003 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(7) Plan Merger

Effective January 1, 2005, the Company merged the net assets of the OneSource Retirement Savings Plan of \$8,534,675 into the Plan.

(8) Subsequent Events

Effective January 2, 2006, the Company merged the net assets of Millard Group Retirement Savings Plan of \$5,951,707 into the Plan.
