PROXY STATEMENT

2006 ANNUAL MEETING OF STOCKHOLDERS

General Information

This Proxy Statement is furnished to holders of Royal Gold, Inc. (the Company) common stock, in connection with the solicitation of proxies on behalf of the Board of Directors of the Company, to be voted at the Annual Meeting of Stockholders of the Company (the Annual Meeting) to be held on Wednesday, November 8, 2006, at 9:30 a.m. This Proxy Statement and the proxy card were first mailed to Stockholders on or about October 16, 2006.

Stockholders Entitled to Vote

All Stockholders of record of the common stock (\$0.01 par value) of the Company (Common Stock) at the close of business on September 28, 2006 (the Record Date), are entitled to vote at the Annual Meeting and at any and all postponements and adjournments thereof. As of the Record Date, there were 23,647,666 shares of Common Stock outstanding and entitled to vote.

Voting Your Shares

Each share of Common Stock that you own entitles you to one vote. Your proxy card shows the number of shares of Common Stock that you own.

You may vote your shares by signing and returning the enclosed proxy. If you vote by proxy, the proxy holders (each or any of the individuals named on the proxy) will vote your shares as you instruct on the proxy. If you sign and return the proxy, but do not give instructions on how to vote your shares, your shares will be voted (1) FOR the election of directors as described herein under Proposal 1 Election of Directors, and (2) FOR ratification of the appointment of the Company's independent registered public accountants described herein under Proposal 2 Ratification of Appointment of Independent Registered Public Accountants.

You may vote by telephone or by the Internet by following the telephone or Internet voting instructions that are included with your proxy card. If you vote by telephone or the Internet, you do not need to return your proxy card.

You may attend the Annual Meeting and vote in person. You will be given a ballot when you arrive. However, if your stock is held in the name of your broker, bank or another nominee, you must get a signed proxy from the broker, bank or other nominee giving you the right to vote your shares. This will be the only way we can be sure that the broker, bank or other nominee has not already voted your shares on your behalf.

Revocation of Proxy or Voting Instruction Form

Edgar Filing: ROYAL GOLD INC - Form DEF 14A

You may revoke your proxy at any time before the proxy is voted at the Annual Meeting. This can be done by either submitting another properly completed proxy card with a later date, sending a written notice of revocation to the Secretary of the Company with a later date or by attending the Annual Meeting and voting in person. You should be aware that simply attending the Annual Meeting will not automatically revoke your previously submitted proxy; rather you must notify a Company representative at the Annual Meeting of your desire to revoke your proxy and vote in person. Written notice revoking a proxy should be sent to the Corporate Secretary, Royal Gold, Inc., 1660 Wynkoop Street, Suite 1000, Denver, Colorado 80202.

Table of Contents

Votes Required to Approve Proposals

The holders of a majority of the issued and outstanding shares of Common Stock of the Company entitled to vote at the Annual Meeting must be present in person or represented by proxy in order to constitute a quorum for all matters to come before the meeting. Abstentions and broker non-votes will be counted as being present in person for purposes of determining whether there is a quorum. The affirmative vote of sixty percent (60%) of the shares that are represented and entitled to vote at a meeting at which a quorum is present shall be the act of the Stockholders.

All voting rights are vested exclusively in the holders of the Common Stock. As of the Record Date, there were 23,647,666 shares of Common Stock outstanding. Each share of Common Stock entitles the Stockholder to one vote on all matters that may come before the Annual Meeting.

Votes at the Annual Meeting will be tabulated and certified by Computershare Trust, the Company's Transfer Agent. Computershare Trust will treat shares of Common Stock represented by a properly signed and returned proxy as present at the Annual Meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote or abstaining.

In the election of directors, each Stockholder eligible to vote may vote the number of shares of Common Stock held for each director to be elected, but cumulative voting is not permitted. Under Delaware law, holders of Common Stock are not entitled to appraisal or dissenters' rights with respect to the matters to be considered at the Annual Meeting.

Tabulation of Votes

Abstentions will be counted as shares present and entitled to be voted. Thus, abstentions will count the same as a vote AGAINST Proposals 1 or 2. Brokers have discretion to vote shares they hold in "street name" on certain routine matters. The election of directors and the ratification of the appointment of independent registered public accountants are considered routine matters. Thus, brokers that do not vote your shares with respect to Proposals 1 and 2 will be treated as abstentions and will count the same as a vote AGAINST Proposals 1 and 2.

Solicitation Costs

The enclosed proxy card and voting instruction form is being solicited on behalf of the Board of Directors of the Company. In addition to solicitation of proxies by mail, the Company's directors, officers or employees, without additional compensation, may make solicitations by telephone, facsimile, or personal interview. The Company has not retained any company to aid in the solicitation of brokers, banks, intermediaries and other institutional holders in the United States and Canada. All costs of the solicitation of proxies will be borne by the Company. The Company will also reimburse the banks and brokers for their reasonable out-of-pocket expenses in forwarding proxy materials to beneficial owners of shares of Common Stock.

MEETINGS AND COMMITTEES OF THE BOARD

During the fiscal year ended June 30, 2006, the Board of Directors held six regular meetings. Each director attended (in person or by telephone) at least 75% of the aggregate number of meetings of the Board of Directors and of the

Committee(s) of the Board of Directors on which he served. It is the Company's policy that each member of the Board of Directors is expected to attend each Annual Meeting of Stockholders. All directors attended last year's Annual Meeting of Stockholders.

Independence of Directors

The independent members of the Board of Directors have determined that each director, except for Messrs. Dempsey and Jensen, who are officers of the Company, is independent under Rule 4200(a)(15) of the NASD listing standards. The Board of Directors considers Mr. Peiker independent since he has not

Table of Contents

been involved with the day to day management of the Company since February 1992. The Board of Directors has determined that the directors designated as independent have no relationship with the Company that may interfere with the exercise of their independent judgment.

Lead Director

The Board of Directors has elected a lead, independent director who presides over executive sessions of the independent directors scheduled at each regular meeting of the Board of Directors. This lead director position is a rotating position on a yearly basis. The lead director serves as liaison between the Executive Chairman and the other independent directors. Mr. Donald Worth currently serves as lead director.

Audit Committee

The Board of Directors has a standing Audit Committee. The Audit Committee consists of James W. Stuckert, John W. Goth, and Donald Worth. All members of the Audit Committee are independent under Rule 4200(a)(15) of the NASD listing standards and Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended. The Audit Committee held six meetings during the fiscal year. The Board of Directors recently reviewed and amended the Charter for the Audit Committee, which is attached as Appendix A. The Charter is available through the Company's web site at www.royalgold.com.

The Audit Committee assists the Board of Directors in its oversight of the integrity of the Company's financial statements and compliance with legal and regulatory requirements and corporate policies and controls. The Audit Committee has the sole authority to retain and terminate the Company's independent registered public accountants, approve all auditing services and related fees and the terms of any agreements and to pre-approve any non-audit services to be rendered by the Company's independent registered public accountants. The Audit Committee is responsible for confirming the independence and objectivity of the independent registered public accountants. The Audit Committee is also responsible for preparation of the annual report of the Audit Committee for public disclosure in the Company's Proxy Statement. The Board of Directors has determined that James Stuckert is an audit committee financial expert as that term is defined in Item 401(h) of Regulation S-K. As an audit committee financial expert, Mr. Stuckert satisfies the NASDAQ financial literacy and sophistication requirements.

Compensation, Nominating and Corporate Governance Committee

The Board of Directors has a standing Compensation, Nominating and Corporate Governance Committee. The Compensation, Nominating and Corporate Governance Committee consists of John W. Goth, James W. Stuckert and Edwin W. Peiker, Jr. All members of the Compensation, Nominating and Corporate Governance Committee are considered independent directors under Rule 4200(a)(15) of the NASD listing standards. The Committee held four meetings during the fiscal year. The Board of Directors has adopted a Charter for the Compensation, Nominating and Corporate Governance Committee, which was reviewed in August 2006. Minor amendments were made to the Charter. The Charter is available through the Company's web site at www.royalgold.com. The Compensation, Nominating and Corporate Governance Committee assumes the role of implementing compensation plans for top executives, as well as directors. The Committee's function is to review new or modified programs in the areas of executive salary, incentive compensation, and stock plans and review and make recommendations to the Company's Board of Directors concerning the levels and forms of compensation paid to the officers and key employees of the Company. It also is responsible for preparation of the Annual Report on Executive Compensation for public disclosure in the Company's Proxy Statement.

The Compensation, Nominating and Corporate Governance Committee advises the Board of Directors on various corporate governance issues, in addition to compensation matters as discussed above. Additionally, it proposes to the

Board of Directors slates of directors to be recommended for election at the Annual Meeting of Stockholders (and any directors to be elected by the Board of Directors to fill vacancies). In selecting director nominees, the Committee assesses the nominee's independence, as well as considers his or her experience, areas of expertise, diversity, perspective, broad business judgment and leadership, all in the context of an assessment of the perceived needs of the Board of Directors at that time. Further, the Committee will consider director candidates recommended by Stockholders using the same criteria outlined

Table of Contents

above, provided such written recommendations are submitted to the Secretary of the Company in accordance with the advance notice and other provisions of the Company's Bylaws.

Communication with Stockholders

Any Stockholder who desires to contact the Company's Board of Directors may do so by writing to the Vice President and Corporate Secretary, Royal Gold, Inc., 1660 Wynkoop Street, Suite 1000, Denver, Colorado 80202. Any such communication should state the number of shares beneficially owned by the Stockholder making the communication. The Secretary will forward any such communication to the Chairman of the Compensation, Nominating and Corporate Governance Committee, and will forward such communication to other members of the Board of Directors, as appropriate, provided that such communication addresses a legitimate business issue. For any communication relating to accounting, auditing or fraud, such communication will be forwarded immediately to the Chairman of the Audit Committee.

Code of Business Ethics and Conduct

The Company has adopted a Code of Business Ethics and Conduct applicable to all of its directors, officers and employees, including the Chief Executive Officer, the Chief Financial Officer, and other persons performing financial reporting functions. The Code is reviewed on a yearly basis. The Code is available through the Company's web site at www.royalgold.com. The Code is designed to deter wrongdoing and promote (a) honest and ethical conduct; (b) full, fair, accurate, timely and understandable disclosures; (c) compliance with laws, rules and regulations; (d) prompt internal reporting of Code violations; and (e) accountability for adherence to the Code. The Company will post on its web site any amendments to the Code.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership to the Securities and Exchange Commission. Officers, directors and greater than 10% Stockholders are required by the regulations of the Securities and Exchange Commission to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of copies of such reports received and written representations from certain persons that no other reports were required for those persons, the Company believes that, other than as described, all filing requirements applicable to its officers, directors and greater than 10% Stockholders were met for the fiscal year ended June 30, 2006, and all transactions are reflected in this Proxy Statement. Certain Relationships and Related Transactions

Mr. Baker resigned as Vice President Corporate Development of the Company in June 2006. On July 1, 2006, the Company entered into a Consulting and Confidentiality Agreement (the Agreement) with Mr. Baker to provide consulting services in connection with projects being considered by the Company, on a project-by-project basis when it is deemed that Mr. Baker's services are needed. The rate for Mr. Baker's services is \$90.00 per hour, plus costs for all reasonable and actual out-of-pocket expenses. The term of the Agreement is effective until June 30, 2008, but may be extended by mutual agreement of both parties and confirmed by letter executed by both parties, on a successive basis. Either the Company or Mr. Baker may cancel the Agreement, at any time, by providing 30 days notice.

In November 2005, the Company entered into a strategic exploration alliance with Taranis Resources to pursue exploration opportunities in Finland, for which it has provided \$500,000 in funding for a 2% net smelter return royalty and future earn-in rights. In January 2006 and in support of the strategic exploration alliance, Mr. Dempsey, Executive Chairman of the Company, became a director of Taranis Resources, Inc., a Colorado-based resource company, listed on the Toronto Stock Exchange (Taranis Resources). As a director of Taranis Resources, Mr. Dempsey is awarded stock options under Taranis Resources' stock option plan. In January 2006, Mr. Dempsey was awarded 100,000 incentive stock options, exercisable for a period of five years from the date of grant, at a price of Cdn\$0.35 per share.

In July 2006, the Company entered into an agreement with Mr. Dempsey under which any director fees, consulting fees and other remuneration (whether in cash, securities or otherwise) paid to Mr. Dempsey by Taranis Resources will be remitted to the Company (the Agreement). Pursuant to the Agreement, the Company may require Mr. Dempsey to exercise the stock options granted to him by Taranis Resources at any time or from time to time during the exercise period and under the terms of the Taranis Resources stock option agreement. If the Company requires Mr. Dempsey to exercise the stock options, it will pay Mr. Dempsey the amount necessary to exercise the stock options. The securities gained upon exercise will be transferred to the Company. The Company will reimburse Mr. Dempsey for incurred tax liability, if any.

Table of Contents

The Company is considered to control the stock options granted to Mr. Dempsey by Taranis Resources, exercisable for 100,000 shares of common stock, because it has the right to require Mr. Dempsey to exercise the stock options pursuant the Agreement and will acquire the shares upon the exercise. The Company currently owns 1,037,500 shares of common stock and has the direct or indirect right to acquire a total of 618,750 shares of common stock, including the shares acquired upon exercise of Mr. Dempsey's stock options, such that, if the Company exercised its rights and there was no other dilution, its holdings would represent 13.10% beneficial ownership of the Taranis Resources common stock. The Company does not have any intention to acquire control of Taranis Resources.

Pursuant to each of the employment contracts, salary and benefits are to be continued for 12 months following the employee's involuntary termination, or following the employee's voluntary termination for good reason after a change in control event. A change in control event, as defined in the employment contracts, will occur upon: (1) the acquisition, directly or indirectly, by any person or related group of persons, of beneficial ownership of securities possessing more than 30% of the total combined voting power of the Company's outstanding securities; (2) a change in

Pension Plans

In fiscal 1994, the Company established a variation of a Simplified Employee Pension Plan, known as a Salary Reduction/Simplified Employee Pension Plan (SARSEP Plan). Management chose this SARSEP Plan because of regulatory compliance simplicity, avoidance of significant administrative expense, availability of substantial tax-advantaged investment opportunities, and relative freedom from significant vesting or other limitations. Under this SARSEP Plan, the Company may contribute to a designated IRA account, on an annual basis, up to 15% of each employee-participant's base compensation. Each such contribution would, within limits, be a deductible expense to the Company; would be free of federal income taxation as to the employee; and would be subject to continuing investment, on a tax-deferred basis, until assets are actually distributed to the employee. All Company employees are eligible to participate in the SARSEP Plan.

Compensation Committee Interlocks and Insider Participation

The Company's Compensation, Nominating and Corporate Governance Committee during the 2006 fiscal year consisted of Mr. Goth, who served as Chairman, Mr. Stuckert and Mr. Peiker. No member of the Committee was, at any time during the 2006 fiscal year or at any other time, an officer or employee of the Company, other than Mr. Peiker, who served as President and Chief Operating Officer from 1988 to 1992. No executive officer of the Company served on the compensation committee of another entity, or any other committee of the Board of Directors of another entity performing similar functions during the Company's past fiscal year.

Report of the Compensation, Nominating and Corporate Governance Committee on Executive Compensation

The information contained in the following Report on Executive Compensation shall not be deemed soliciting material or filed with the SEC, nor shall such information be incorporated by reference into a future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Compensation, Nominating and Corporate Governance Committee of the Board of Directors is composed entirely of directors who are independent under Rule 4200(a)(15) of the NASD Listing Standards. The members of the Compensation, Nominating and Corporate Governance Committee were for the fiscal year ended June 30, 2006, and are expected to be for the fiscal year ending June 30, 2007, John W. Goth, Edwin W. Peiker, Jr., and James W. Stuckert. The Committee is responsible for, among other things, setting and administering the policies that govern the compensation for the executive officers of the Company. The Committee evaluates the performance of management and recommends to the full Board of Directors the compensation level for all officers and key employees. The Committee also administers the Company's Omnibus Long-Term Incentive Plan and determines the amount of stock options and restricted stock granted to officers and key employees.

The primary objectives of the Company's executive compensation program are: to attract and retain key executives who are critical to the long-term success of the Company by offering compensation packages believed to be appropriate in light of compensation in the industry; to evaluate executive performance in light of the Company's performance; to provide an economic framework that will motivate executives to achieve goals consistent with the Company's business strategy; to reward performance that benefits all Stockholders; and to provide a compensation package that recognizes individual results and contributions to the overall success of the Company.

The Compensation, Nominating and Corporate Governance Committee's policy objectives are to provide total compensation that is comparable with that paid by the mining industry. Due to the Company's small staff, compensation practices are flexible and entrepreneurial, with compensation geared to meeting the requirements of the Company and the individual. Bonus payments are paid when individual performance and significant achievements for

the Company's future revenue growth or other circumstances warrant special recognition. Bonuses are based upon the contribution of each individual and are usually paid on an annual basis. Long-term incentives, in the form of stock options and restricted stock, are another component of executive compensation and are granted to ensure an incentive exists to maximize shareholder wealth by

Table of Contents

tying executive compensation to share price performance, and to reward those executives making a long-term commitment to the Company.

The Committee evaluates a variety of information when reviewing salary levels and when making recommendations to the full Board of Directors. The Committee also reviews individual executive compensation, individual performance, corporate performance, stock price appreciation, and total return to stockholders of the Company. When reviewing individual performance of officers of the Company, the Committee also takes into account the views of the Company's Executive Chairman and its President and Chief Executive Officer. Before or at the end of each year, the Committee evaluates each individual officer's performance in order to determine whether to recommend the payment of bonuses and/or options or restricted stock and, if so, the amount of each such bonus and/or options or restricted stock. The Board of Directors usually establishes the salary levels of the Company's executives and officers at its May meeting.

Frederic W. Cook & Co., an independent compensation consulting firm, was retained to conduct a salary survey using a benchmark peer group of 15 mining companies. The survey found the fiscal 2006 base salaries for corporate officers among the benchmark peer group ranked in the 15th percentile and the combination of both salary and bonus payments ranked in the 25th percentile among the benchmark peer group.

The Committee also reviews and approves stock option and restricted stock awards, under the Company's Omnibus Long-Term Incentive Plan. The purpose of stock option and restricted stock awards is to provide key employees with an incentive to continue as employees of the Company over the long-term and to align such employees' long-range interests with those of the stockholders by providing the opportunity of having an equity interest in the Company. The Committee grants stock option and restricted stock awards based on salary, level of responsibility, and performance. Frederic W. Cook & Co. was also retained to conduct a competitive review of total compensation. The review was based on the same benchmark peer group used for the base salary review. The review found that total direct compensation (salary, bonus and long-term incentives) is at the median (50th percentile). The Committee also considers the size of the Company in terms of the number of employees, noting that losing a key employee could have a material adverse effect on the Company's operations.

All stock options are granted with an exercise price equal to the market price of the Common Stock on the date of grant. Under the Company's Omnibus Long-Term Incentive Plan, incentive stock options and non-statutory stock options typically vest as to one-third in years one, two and three and have a 10-year term. Restricted stock granted under the Plan vest either subject to continued service or subject to performance conditions. Those shares issued subject to continued service vest as to one-third in years four, five and six.

During the fiscal year ended June 30, 2006, there were 82,500 stock options and 87,500 restricted shares that were awarded to officers of the Company.

Chief Executive Officer. In evaluating the performance and setting the compensation of the Chief Executive Officer, the Committee took into account the base salaries of chief executive officers of other mining companies, including some of the companies that are referenced in the XAU Gold Index which are listed in the Cumulative Five Year Total Return Chart. The Committee also assessed Mr. Dempsey's individual performance, including his leadership with respect to the development of long-term business strategies for the Company to improve its economic value. The Committee also evaluates the performance of the Company when making compensation decisions regarding the Chief Executive Officer.

The Committee believes that Mr. Dempsey, who served as Chief Executive Officer for the fiscal year ended June 30, 2006, and is currently serving as Executive Chairman, and Mr. Jensen who served as President and Chief Operating Officer during the fiscal year ended June 30, 2006, and is currently servicing as President and Chief Executive

Officer, as well as the other officers of the Company, are strongly motivated and are dedicated to the growth of the Company and to increasing stockholder value. The Committee noted the substantial progress of the Company in fiscal 2006, including the completion of a public offering, the acquisition or financing of three new royalties, and the completion of a strategic alliance. Because of the leadership provided by Messrs. Dempsey and Jensen and other officers of the Company, the Committee felt that bonuses should be awarded to Messrs. Dempsey and Jensen as well as the other officers of the

Company. Therefore, in fiscal 2006, a bonus of \$200,000 was awarded to Mr. Dempsey and a bonus of \$170,000 was awarded to Mr. Jensen. Salary increases of \$15,000 were given to both Messrs. Dempsey and Jensen. Mr. Dempsey was granted 27,500 stock options, and Mr. Jensen was granted 15,000 stock options, and 25,000 shares of restricted stock, of which 10,000 shares will vest subject to performance conditions, and 15,000 shares will vest subject to continued service.

This Report has been submitted by the following members of the Compensation, Nominating and Corporate Governance Committee of the Board of Directors:

John W. Goth, Chairman
James W. Stuckert
Edwin W. Peiker, Jr.

Directors Compensation

Each non-employee director of the Company receives an annual fee of \$15,000 for service as a director, and an additional \$700 for each Board of Directors meeting attended, either in person or via telephone. The Chairman of the Audit Committee and the Chairman of the Compensation, Nominating and Corporate Governance Committee each receive an annual fee of \$2,000 for their service as chairman of their respective committees, and each member of the Audit Committee and Compensation, Nominating and Corporate Governance Committee receives \$500 for each meeting attended, either in person or via telephone.

Pursuant to the Company's Omnibus Long-Term Incentive Plan, each non-employee director also is granted annually a Non-Statutory Option (NSO) to purchase 2,500 shares of Common Stock, at an exercise price equal to the fair market value of the Company's Common Stock on the date of grant. Accordingly, on November 9, 2005, each non-employee director of the Company was granted 2,500 NSOs, at an exercise price of \$23.61 per share. These options have a ten-year term and are exercisable immediately with respect to 1,250 shares and after 12 months with respect to the other 1,250 shares. The Omnibus Long-Term Incentive Plan also allows each non-employee director to be granted restricted stock annually. Accordingly, on November 9, 2005, each non-employee director of the Company was granted 1,250 restricted shares. Half of these restricted shares vested immediately and the other half vest after 12 months.

The Company believes that the XAU Gold Index is more representative of the gold mining industry whereas the Standard and Poor's 500 Index reflects only one gold mining company.

term under the Sarbanes-Oxley Act of 2002 and regulations promulgated under the Act. Each member of the Audit Committee is able to read and understand fundamental financial statements and at least one member has past employment experience in finance or accounting or other comparable experience. The Committee actively oversees the Company's financial condition and results of operations. The main function of the Audit Committee is to ensure that effective accounting policies are implemented and that internal controls are put in place in order to deter fraud, anticipate financial risks and promote accurate, high quality and timely disclosure of financial and other material information to the public markets, the Board of Directors and the Stockholders. The Audit Committee also reviews and recommends to the Board of Directors the approval of the annual financial statements and provides a forum, independent of management, where the Company's auditors can communicate any issues of concern.

The independent members of the Audit Committee believe that the present composition of the Committee accomplishes all of the necessary goals and functions of an audit committee as recommended by the Blue Ribbon Committee on Improving the Effectiveness of Corporate Audit Committees and adopted by the U.S. stock exchanges and the Securities and Exchange Commission. The Board of Directors has adopted an amended and restated charter for the Audit Committee. The Audit Committee Charter, as amended, is attached as Appendix A. The amended Charter specifies the scope of the Audit Committee's responsibilities and how it should carry out those responsibilities.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended June 30, 2006, with the Company's management. The Audit Committee has discussed with PricewaterhouseCoopers LLP, the Company's independent registered public accountants, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications). The Audit Committee has also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and the Audit Committee has discussed the independence of PricewaterhouseCoopers LLP with that firm.

Based on the review and discussions with the Company's auditors, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2006, for filing with the U.S. Securities and Exchange Commission.

This Report has been submitted by the following members of the Audit Committee of the Board of Directors:

James W. Stuckert, Chairman
John W. Goth
Donald Worth

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy that requires advance approval for all audit, audit-related, tax services, and other services performed by the independent auditor. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee has delegated to the Chairman of the Audit Committee authority to approve certain permitted services, provided that the Chairman reports any such decisions to the Audit Committee at its next scheduled meeting. The Audit Committee pre-approved all of the services described above for the Company's 2006 fiscal year.
