Submitting your proxy by either internet, telephone or proxy card will not affect your right to vote in person if you decide to attend the annual meeting.

PROXY STATEMENT

This proxy statement contains information related to our annual meeting of stockholders to be held on Monday, March 5, 2007, beginning at 2:00 p.m. Pacific Standard Time, at the Newport Beach Marriott Hotel, located at 900 Newport Center Drive, Newport Beach, California 92660, and at any postponements or adjournments of the meeting. Your proxy for the meeting is being solicited by our board of directors. This proxy statement and our annual report on Form 10-K are being mailed to stockholders beginning on or about January 26, 2007.

ABOUT THE MEETING AND VOTING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the notice of meeting provided with this proxy statement, including the election of directors, ratification of the appointment of our independent registered public accounting firm and approval of amendments to two of our existing equity plans. In addition, management will report on the performance of our company and respond to questions from stockholders.

Who can attend the meeting?

Subject to space availability, all stockholders as of January 5, 2007, the record date, or their duly appointed proxies, may attend the meeting. Registration will begin at 1:00 p.m. and seating will begin at 1:30 p.m. If you plan to attend the meeting, please note that you will need to bring your admission ticket and valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting and all cellular phones must be silenced during the meeting. We realize that many cellular phones have built-in digital cameras, and while these phones may be brought into the meeting, the camera function may not be used at any time.

Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on the record date for the meeting, are entitled to receive notice of and to participate in the annual meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting. There were 112,683,382 shares of our common stock outstanding on the record date.

What are the voting rights of the holders of the company's common stock?

Each share of our common stock outstanding on the record date will be entitled to one vote on each matter considered at the meeting.

What is a quorum?

A quorum is the minimum number of our shares of common stock that must be represented at a duly called meeting in person or by proxy in order to legally conduct business at the meeting. For the annual meeting, the presence, in person or by proxy, of the holders of at least 56,341,692 shares, which is a simple majority of the 112,683,382 shares outstanding as of the record date, will be considered a quorum allowing votes to be taken and counted for the matters before the stockholders.

If you are a registered stockholder, you must deliver your proxy by mail, internet or telephone or attend the annual meeting in person and vote in order to be counted in the determination of a quorum. If you are a street name stockholder, your broker will vote your shares pursuant to your proxy directions and such shares will count in

Table of Contents

the determination of a quorum. If you do not respond to the proxy or provide any directions to your broker, your shares will still count for purposes of attaining a quorum and your broker will vote your shares in its discretion on proposals 1 and 2, but your broker will not be able to vote your shares in its discretion on proposals 3 and 4.

How do I vote?

If you are a registered stockholder, you may submit your proxy by mail, internet or telephone. The designated proxy will vote according to your instructions. You may also attend the meeting and deliver a proxy card to be voted in the same manner or you may personally vote by ballot.

If you are a street name stockholder, your properly signed and returned proxy card will be tabulated and voted by your broker. If you are a street name stockholder and attend the meeting, you will need to obtain a signed proxy from the broker or nominee that holds your shares, because the broker or nominee is the legal, registered owner of the shares. If you have the broker's proxy, you may vote by ballot or you may complete and deliver another proxy card in person at the meeting.

If you are a member of a retirement or savings plan or other similar plan, you may submit your voting directions by mail, internet or telephone. The trustee or administrator of the plan will vote according to your directions and the rules of the plan.

Can I vote by telephone or the internet?

If you are a registered stockholder, you may submit your proxy by telephone, or electronically through the internet, by following the instructions included with your proxy card. The deadline for submitting your proxy by telephone or electronically is 11:59 p.m., Eastern Standard Time, on March 4, 2007.

If your shares are held in street name, please check your proxy card or contact your broker or nominee to determine whether you will be able to deliver your proxy by telephone or electronically.

If you are a member of a retirement or savings plan or other similar plan, you may deliver your voting directions by telephone, or electronically through the internet, by following the instructions included with your direction card. The deadline for submitting your voting instructions by telephone or electronically is 11:59 p.m., Eastern Standard Time, on February 28, 2007.

Can I change my vote after I return my proxy or direction card?

If you are a registered stockholder, you may revoke or change your vote at any time before the proxy card is exercised by filing with our secretary either a written notice of revocation or a duly executed proxy bearing a later date. If, at the meeting, you request from the inspector of elections, your proxy holder's power to vote will be suspended and you may submit another proxy or vote by ballot. Your attendance at the meeting will not by itself revoke a previously granted proxy.

If your shares are held in street name or you are a member of a retirement or savings plan or other similar plan, please check your proxy or direction card or contact your broker, nominee, trustee or administrator to determine whether you will be able to revoke or change your vote.

Will my vote be confidential?

It is our policy to maintain the confidentiality of proxy cards, ballots and voting tabulations that identify individual stockholders except as may be necessary to meet any applicable legal requirements and, in the case of any contested proxy solicitation, as may be necessary to allow proper parties to verify proxies presented by any person and the results of the voting.

Table of Contents

What are the board's recommendations?

The board recommends that you vote:

for election of the nominated slate of directors (see proposal 1);

for ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2007 (see proposal 2);

for approval of the amendment to the company's 2003 long-term incentives plan increasing the number of authorized shares from 18 million to 19.3 million (see proposal 3); and

for approval of the amendment to the directors stock plan eliminating the evergreen provision in the plan, setting the number of authorized shares at 1,440,000 and adding annual grants of restricted shares (see proposal 4).

What vote is required to approve each proposal?

Election of directors. Directors are elected by a plurality of votes cast. This means that the three directors receiving the most votes cast at the meeting will be elected to serve for the next three years. Only votes cast *for* are counted in determining whether a plurality has been cast in favor of a director. A properly executed proxy marked *withhold authority* with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. Abstentions and broker non-votes, while included for purposes of attaining a quorum, will have no effect on the vote on this matter.

Other proposals. For each other proposal, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the proposal will be required for approval. A properly executed proxy marked *abstain* with respect to the proposal will not be voted, although it will be counted for purposes of determining the total number of shares necessary for approval of such proposal. Accordingly, an abstention will have the effect of a negative vote.

Street name shares and broker non-votes. If you hold your shares in *street name* through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the proposals to be acted upon. Broker non-votes are shares as to which a broker or nominee does not vote, or has indicated that it does not have discretionary authority to vote. For this meeting, if you do not give specific instructions, your broker or nominee may cast your vote in its discretion for proposal 1, the election of directors, and for proposal 2, the ratification of the appointment of the company's independent registered public accounting firm. Brokers and nominees have discretionary voting authority on proposal 2. Accordingly, a broker non-vote will have the same effect as a vote against proposal 2. If you do not give your broker or nominee specific instructions, your shares may not be voted on proposal 3, the approval of the amendment to the company's 2003 long-term incentives plan, nor on proposal 4, the approval of the amendment to the directors stock plan, and such *broker non-votes* will not be counted in determining the total number of shares necessary for approval of such proposals and will therefore have no effect on these two matters.

Table of Contents

Board Committees and Meetings

Who is the chairman of the board?

Mr. Decker has served as chairman of the board since June 2003.

How often did the board meet during fiscal year 2006?

The board met five times during fiscal year 2006. Each director is expected to attend each meeting of the board and of those committees on which he serves. No director attended less than 75% of all applicable board and committee meetings during fiscal year 2006. We usually schedule meetings of the board on the same day as our annual meetings, and when this schedule is followed, it is the policy of the board that directors are expected to attend our annual meetings. All directors attended the annual meeting of stockholders in March 2006.

How does the board determine which directors are considered independent?

Each year prior to the annual meeting, the board reviews and determines the independence of its directors. During this review, the board considers transactions and relationships between each director or any member of his or her immediate family and our company and its subsidiaries and affiliates. The board measures these transactions and relationships against the independence requirements of the SEC and The Nasdaq Stock Market LLC (NASDAQ). As a result of this review, the board affirmatively determined that Messrs. Beall, Gips, Hayashi, Louie, Madden and Stead, are independent in accordance with the applicable rules of NASDAQ.

How do stockholders communicate with the board?

Stockholders and other parties interested in communicating directly with any individual director, including the chairman, the board as a whole, or with the non-management directors as a group may do so by writing to Secretary, Mindspeed Technologies, Inc., 4000 MacArthur Boulevard, East Tower, Newport Beach, California 92660. Our secretary reviews all such correspondence and regularly forwards to the board a summary of all such correspondence and copies of all correspondence that, in the opinion of the secretary, deals with the functions of the board or its committees, or that he otherwise determines requires their attention. Directors may at any time review a log of all correspondence we receive that is addressed to members of the board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters are immediately brought to the attention of our internal audit department and handled in accordance with procedures established by the audit committee with respect to such matters.

What is the role of the primary board committees?

The board has standing audit, governance and board composition, and compensation and management development committees. The table below provides membership and meeting information for each of the committees in fiscal year 2006. Commencing at the beginning of fiscal year 2007, Mr. Beall stepped down from the audit committee, Mr. Gips switched from the compensation committee to the audit committee, and Mr. Hayashi was appointed to the compensation committee.

Audit committee. The audit committee assists the board in overseeing our accounting and financial reporting processes and audits of our financial statements. It is directly responsible for the appointment, compensation, retention, and oversight of the work of the independent registered public accounting firms we engage. It reviews the independent registered public accounting firm's audit of the financial statements and its report thereof, our system of internal control over financial reporting and management's evaluation and the independent registered public accounting firm's audit thereof, the independent registered public accounting firm's annual management letter, various other accounting and auditing matters and the independence of the auditing registered public accounting firm. The committee reviews and pre-approves all audit and non-audit services performed by our independent registered public accounting firm, other than as may be allowed by applicable law. It reviews and approves the appointment or change of our director of internal audit. The committee reviews and approves any proposed related party transactions (unless such transactions are approved by another independent body of the board). It has established procedures for the receipt, retention and treatment of complaints we receive regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by our employees of concerns regarding questionable accounting and auditing matters. The committee meets with management to review any issues related to matters within the scope of its duties. The charter of the committee has been adopted and was amended by the board on November 16, 2006 and is available on our website (www.mindspeed.com) and is attached to this proxy statement as Appendix A. The board has determined that all of the members of the committee are independent in accordance with Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, applicable rules of NASDAQ and our board membership criteria. All of the committee members also meet the audit committee composition requirements of NASDAQ. The board has determined that Mr. Madden, the chairman of the audit committee, is qualified as an audit committee financial expert within the meaning of SEC regulations and that he has accounting and related financial management expertise within the meaning of the applicable rules of NASDAQ. Mr. Madden's experience is discussed above under the caption Board of Directors Election of Directors Class II Directors.

Governance and board composition committee. The governance and board composition committee reviews with the board, on an annual basis or as more frequently needed, our corporate governance guidelines and the board's committee structure and membership. The committee periodically establishes a framework for the evaluation of our chief executive officer. The committee recommends nominees for election at each annual meeting and nominees to fill any board vacancies. The committee recommended to the board Messrs. Beall, Gips and Stead for re-election at the 2007 annual meeting. When needed, the committee leads the search for qualified director candidates by defining the experiential background and qualifications for individual director searches and engaging third party search firms to source potential candidates and coordinate the logistics of each search. The committee prepares, not less frequently than every three years, and submits to the board, for adoption by the board, a list of selection criteria to be used by the committee. The committee will consider director candidates recommended by our stockholders pursuant to our procedures described under the caption Other Matters Stockholder Proposals. The selection criteria for director candidates include the following:

Each director should be an individual of the highest character and integrity, have experience at or demonstrated understanding of strategy/policy-setting and reputation for working constructively with others.

Each director should have sufficient time available to devote to the affairs of our company in order to carry out the responsibilities of a director.

Each director should be free of any conflict of interest which would interfere with the proper performance of the responsibilities of a director. This excludes from consideration officers of companies in direct or substantial competition with our company and major or potential major customers, suppliers or contractors.

The committee's charter is available on our website (www.mindspeed.com). The board has determined that all of the members of the committee are independent in accordance with applicable rules of NASDAQ and our board

membership criteria.

Directors Compensation

How are directors compensated?

For board participation during fiscal year 2006, our non-employee directors each received annual base compensation of \$30,000. They each also received committee participation compensation equal to \$2,500 annually for service on the compensation and management development committee and/or the governance and board composition committee (\$7,500 if serving as chairman of such committee) and \$5,000 annually for service on the audit committee (\$10,000 if serving as chairman of such committee). In addition, each non-employee director received \$1,250 per meeting for each board and committee meeting attended in person or by telephone. The directors stock plan provides that upon initial election to the board, each non-employee director is granted an option to purchase 40,000 shares of our common stock at an exercise price per share equal to its fair market value on the date of grant. The options become exercisable in four equal installments on each of the first, second, third and fourth anniversaries of the date the options are granted. In addition, each non-employee director is granted an option to purchase 20,000 shares of our common stock following each annual meeting. Under the terms of our deferred compensation plan, a director may elect to defer all or part of the cash portion of directors' compensation until such time as shall be specified with interest on deferred amounts accruing quarterly at 120% of the federal long-term rate set each month by the Secretary of the Treasury. Each director also has the option each year to receive all or a portion of cash compensation due via shares or restricted shares valued at the closing price of our common stock on the date each payment would otherwise be made. Immediately following the annual meeting of stockholders in March 2006, the Board approved a one-time grant of 10,000 restricted shares to each non-employee director that would be earned by each director ten days after: (i) the recipient retires from the board after attaining age fifty-five and completing at least five years of service as a director; or (ii) the recipient resigns from the board or ceases to be a director by reason of the antitrust laws, compliance with the company's conflict of interest policies, death, disability or other circumstances the board determines not to be adverse to the best interests of the company. The proposed amendment to the directors stock plan set forth as proposal 4 in this proxy statement would add another element to our non-employee director compensation by annually granting our non-employee directors restricted shares in an amount equal to the lesser of: (i) 15,000 shares; or (ii) that number of whole shares equal to \$45,000 divided by the price of the company's common stock on the date of grant (see the discussion of proposal 4 and the proposed plan attached to this proxy statement as Appendix C).

Compensation Committee Interlocks and Insider Participation

No member of the compensation and management development committee during fiscal year 2006 was a current or former officer or employee of our company. There are no compensation committee interlocks between our company and other entities involving our executive officers and board members who serve as executive officers or board members of such other entities.

Report of the Compensation and Management Development Committee on Executive Compensation

The compensation and management development committee, among other things, approves and administers all elements of compensation for our executive officers. In this regard, the role of the committee is to oversee our compensation plans and policies, periodically review and approve all executive officers' compensation and administer our stock plans (including reviewing and approving stock and stock option grants to executive officers). The committee's membership consists entirely of independent directors. The committee meets at scheduled times during the year. The committee's chairman reports on committee actions and recommendations at each board meeting. Our human resources department supports the committee in its work and in some cases acts pursuant to delegated authority to fulfill various functions in administering our compensation programs. The committee has the authority to engage services of outside advisors, experts and others to assist the committee. In addition, the committee reviews its charter at least annually, and recommends any proposed changes to the board for approval.

The committee has furnished the following report on executive compensation:

What is the company's compensation philosophy and what are its compensation objectives?

The company has adopted a general compensation philosophy of pay for performance in which total cash compensation would vary with company performance. The committee believes that this philosophy is appropriate for the company as a high technology, semiconductor company. The committee's goal is to provide base salary and opportunity for annual incentives sufficient to provide total cash compensation at market competitive levels for peer semiconductor, general semiconductor and other U.S. high technology companies and to provide long-term incentives in the form of stock and/or stock option grants to the executives at market competitive levels for peer and other semiconductor companies that compete for similar employees.

Table of Contents

Total annual compensation for the majority of the company's employees, including its executive officers, consists of the following:

base salary;

perquisites and other personal benefits; and

an annual incentive compensation program that is related to growth in certain financial performance measures of the company or its stock price appreciation, and based on an individual bonus target for the performance period.

Long-term incentive compensation is realized through the grant of stock options, stock awards and/or shares of restricted stock, to executive officers as well as employees under the 2003 long-term incentives plan. Equity awards under the 2003 long-term incentives plan may be time-vested and/or performance-vested awards.

In addition to encouraging stock ownership by granting stock options, stock grants and restricted stock, the company further encourages all of its employees to own the company's common stock through the company's employee stock purchase plans. The employee stock purchase plans allow participants to buy, at a 5% discount to the market price, up to 1,000 shares of the company's common stock every six months, by setting aside up to 10% of their salary and bonuses, subject to certain limits.

In addition, the company provides certain senior executive officers, including the chief executive officer, with perquisites and other personal benefits that it believes are reasonable, competitive and consistent with other semiconductor companies and the company's overall executive compensation program. The company believes that its perquisites help it to hire and retain the qualified executives.

How does the committee set executive compensation?

In setting the base salary and individual bonus target amount for executive officers, the committee reviews information relating to executive compensation of U.S.-based peer semiconductor, general semiconductor and other high technology companies that are considered generally comparable to the company. The company's semiconductor industry peer group includes PMC Sierra Inc., Applied Micro Circuits Corporation, Exar Corp. and Transwitch Corp. Other general semiconductor and high technology company pay practices, including those of Broadcom Corp., Qualcomm Inc., Intel Corp., Maxim Integrated Products Inc. and Texas Instruments Inc., are also reviewed because of their respective hiring volumes, overall employment levels and general influence on the company's labor market. While there is no specific formula that is used to establish executive compensation in relation to this market data, executive officer base salary and incentive targets are generally set to be around the average salaries and bonuses paid for comparable jobs in the marketplace. However, if the company's business groups meet or exceed certain predetermined financial and non-financial goals, amounts paid under the company's performance-based incentive compensation programs may lead to total cash compensation levels that are higher than the average salaries for comparable jobs. The committee considers the total compensation, earned or potentially available, of the senior executives in establishing each component of compensation. In its review, the committee considers information regarding the company's general industry and direct peer group, national surveys of other U.S. semiconductor and high technology companies, reports of independent compensation consultants and performance judgments as to the past and expected future contributions of individual senior executives.

In early 2001, the company instituted a 10% salary reduction for officers and other executives at the level of vice president and above in recognition of the cost-cutting and business restructuring required by a cyclical downturn in the

industry. This pay reduction was reversed on July 1, 2006 following attainment, in the third fiscal quarter of 2006 of profitability as measured on a pro forma operating basis. In addition, as discussed below, a significant part of each executive officer's potential total equity compensation is dependent on the performance of the company and individual performance goals as measured through the company's performance-based incentive compensation program. Other than a retention bonus paid to Mr. Hamilton, no annual cash incentive was paid to executive officers for fiscal year 2006.

Table of Contents

How does the committee set performance-based compensation for its executive officers?

The company's annual executive incentive compensation plan for the executive officers, including the chief executive officer, is based on both the overall financial performance of the company and the performance of the executive with respect to his individual assigned goals. In any given year, that performance is measured against the specific performance criteria adopted by the committee for use in that particular fiscal year. Performance criteria typically include revenue growth, pro forma operational profitability and attainment of strategic business development goals. In addition, executive incentive compensation awards may be adjusted by an individual performance multiplier. The chief executive officer's annual incentive plan has the same components as the executive plan. This award may also be adjusted by the board based on individual performance. For all executives, the annual incentive award value is targeted at competitive market levels for peer semiconductor, general semiconductor and other high technology companies.

What performance-based compensation was paid to executive officers in fiscal year 2006?

Due to the company's restructuring plans and operating losses, no performance based cash incentive, other than sales incentive bonuses paid to Mr. Carroll and to his successor Mr. Hamilton, as the head of worldwide sales, was paid to company executives, including the chief executive officer, for fiscal year 2006. However, as discussed below, each of the executive officers, including the chief executive officer, was granted performance based restricted stock in fiscal year 2006.

How are stock options and restricted stock used in the compensation plan of the company?

Stock Compensation Plans

The company has two principal stock incentive plans: the 2003 long-term incentives plan and the directors stock plan. The 2003 long-term incentives plan provides for the grant of stock options, restricted stock and other stock-based awards to officers and employees of the company. The directors stock plan provides for the grant of stock options, restricted stock and other stock-based awards to the company's non-employee directors. As of September 30, 2006, an aggregate of 5.6 million shares of the company's common stock were available for issuance under these plans. In addition, the directors stock plan provides that the number of shares available for issuance is automatically increased on the first day of each fiscal year by an amount equal to the greater of 160,000 shares or 0.18% of the shares of the company's common stock outstanding on that date, subject to the board being authorized and empowered to select a smaller amount. If proposal 4 is approved by stockholders, this "evergreen" provision will be eliminated and the total number of shares authorized for issuance under the directors stock plan will be 1,440,000.

The company also has a 2003 stock option plan, under which stock options were issued in connection with our spin-off from Conexant (the "Distribution"). In the Distribution, each holder of a Conexant stock option (other than options held by persons in certain foreign locations) received an option to purchase a number of shares of the company's common stock. The number of shares subject to, and the exercise prices of, the outstanding Conexant options and the company options were adjusted so that the aggregate intrinsic value of the options was equal to the intrinsic value of the Conexant option immediately prior to the Distribution and the ratio of the exercise price per share to the market value per share of each option was the same immediately before and after the Distribution. As a result of such option adjustments, we issued options to purchase an aggregate of approximately 29.9 million shares of our common stock to holders of Conexant stock options (including Mindspeed employees) under the 2003 stock option plan. There are no shares available for new stock option awards under the 2003 stock option plan. However, any shares subject to the unexercised portion of any terminated, forfeited or cancelled option are available for future option grants only in connection with an offer to exchange outstanding options for new options.

The company also maintains employee stock purchase plans for its domestic and foreign employees, under which 1.3 million shares are available for issuance. The employee stock purchase plans provide that the maximum number of shares under the plans is automatically increased on the first day of each fiscal year by an aggregate of 750,000 shares.

Table of Contents*Stock Option Awards*

Prior to fiscal 2006, stock-based compensation consisted principally of stock options. Eligible employees received grants of stock options at the time of hire; the company also made broad-based stock option grants covering substantially all employees annually. Stock option awards have exercise prices not less than the market price of the common stock at the grant date and a contractual term of eight or ten years, and are subject to time-based vesting (generally over four years). Except for the grant of options to purchase 100,000 shares of common stock made to Mr. Hamilton, no option grants were made to the company's executive officers in fiscal 2006. The following table summarizes stock option activity under all plans (shares in thousands):

Restricted Stock Awards

The company's stock incentive plans also provide for awards of restricted shares of common stock and other stock-based incentive awards and from time to time the company has used restricted stock awards for incentive or retention purposes. For fiscal 2006, we revised our compensation arrangements to consist principally of restricted stock awards. The majority of the restricted stock awards granted to executive officers in fiscal 2006 were intended to provide performance emphasis and incentive compensation through vesting tied to each executive officer's performance against individual goals. As discussed below, additional restricted stock awards to certain senior management personnel have vesting tied to improvements in company operating performance, while the remainder of the restricted stock awards have time-based vesting periods. From time to time, we may also grant stock options or other stock-based awards for incentive or retention purposes. We expect to formally review, and may further revise, our compensation arrangements for fiscal 2007 and thereafter based on regular assessment of the effectiveness of our compensation arrangements and to keep our overall compensation package at market levels. At the direction of the committee, the consulting firm of Semler Brossy was engaged to review and critique the company's fiscal year 2006 equity compensation programs, and Semler Brossy provided the committee guidance on structuring the company's equity compensation program for fiscal year 2007.

Restricted stock grants totaled 4.2 million shares in fiscal year 2006, 421,000 shares in fiscal year 2005 and 51,000 shares in fiscal year 2004. In fiscal 2006, new awards of stock-based compensation have principally consisted of restricted stock awards. These awards principally consisted of broad-based grants covering substantially all employees. One broad-based grant was intended to provide performance emphasis and incentive compensation through vesting tied to each employee's performance against individual goals. Certain senior management personnel also received additional restricted stock awards having vesting tied to the company's achievement of a pro forma operating profit. All of these awards contained a requirement for continued service through November 8, 2006. Another broad-based grant of restricted stock was intended to provide long-term incentive compensation; these awards vest ratably over a period of four years, and require continued service.

The following table summarizes restricted stock award activity through November 30, 2006 (shares in thousands):

Nonvested shares at November 30, 2006	3,406	\$ 2.30

Based on the compensation committee's review of the performance of each of the executive officers against the stated individual performance goals and company operating performance for the 2006 fiscal year, the performance-based restricted stock granted to the executive officers vested in a range of 86% to 97% of the shares originally granted to the executive officers. The chief executive officer was granted a total of 200,000 shares of performance-based restricted stock for the 2006 fiscal year. Of these shares, 150,000 had vesting tied to individual performance goals and 50,000 had vesting tied to the company's attainment of a pro forma operating profit. Based on the compensation committee's review of the performance of the chief executive officer against his individual performance goals and company operating performance for the 2006 fiscal year, these grants vested as to 142,500 shares (for individual goals) and 50,000 shares (for company performance).

How does the company intend to comply with Section 162(m) of the Internal Revenue Code?

Section 162(m) of the Internal Revenue Code of 1986 places a limit of \$1 million on the amount of compensation that may be deducted by the company in any year with respect to the chief executive officer and each of the company's other four most highly paid executive officers. Certain performance-based compensation that has been approved by stockholders is not subject to the deduction limit. The 2003 long-term incentives plan has been approved by the company's stockholders, so certain awards under the plan constitute performance-based compensation not subject to the deduction limit under Section 162(m).

How is the chief executive officer's compensation tied to the company's performance?

The company's compensation program is designed to support the achievement of corporate and business objectives. Mr. Halim's base salary and incentive target are determined in the same manner as described above for all executive officers. In setting compensation levels for the chief executive officer, the compensation committee considers data reflecting comparative compensation information from other peer companies for the prior year. For fiscal year 2006, Mr. Halim's salary was restored to the \$500,000 amount from which it had previously been reduced in fiscal year 2001, when an across-the-board as a result of the 10% reduction in the executive officers' salaries took place.

Mr. Halim was granted 313,334 shares of restricted stock during fiscal year 2006. Of these shares of restricted stock, 200,000 were performance-based shares (with vesting based on individual and company performance) and 113,334 had time-based vesting. Mr. Halim did not receive a cash bonus during this period.

Management is responsible for the preparation, presentation and integrity of the company's financial statements. Management is also responsible for establishing and maintaining adequate internal control over financial reporting and evaluating the effectiveness of the company's internal control over financial reporting. The independent registered public accounting firm, Deloitte & Touche LLP, is responsible for performing an independent audit of the company's financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States. Deloitte & Touche is also responsible for expressing opinions on management's assessment of the effectiveness of the company's internal control over financial

Stockholder proposals and nominations may not be brought before the 2008 annual meeting unless, among other things, the stockholder's submission contains certain information concerning the proposal or the nominee, as the case may be, and other information specified in our amended and restated bylaws, and the stockholder's submission is received by us no earlier than the close of business on November 6, 2007, and no later than December 6, 2007. Table of Contents

What is householding of proxy materials and can it save the company money?

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to our secretary at the address above or by calling (949) 579-6283.

How will I receive the annual report?

We have wrapped together the notice of the annual meeting, the chief executive officer's letter to stockholders, this proxy statement and our 2006 annual report on Form 10-K in one document. The board recommends that stockholders vote FOR approval of Proposal 2 ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2007.

In the event stockholders do not ratify the appointment, the appointment will be reconsidered by the audit committee and the board, but not resubmitted for approval by the company's stockholders.

PROPOSAL 3 APPROVAL OF AMENDMENT TO 2003 LONG-TERM INCENTIVES PLAN

The company's stockholders are being asked to act upon a proposal to approve the amendment of the company's 2003 long-term incentives plan. The proposed amendment has been approved by the board of directors and the board has directed that the proposed amendment be submitted to the company's stockholders for approval. The proposed amendment to the 2003 long-term incentives plan replaces references to the American Stock Exchange with the Nasdaq Stock Market and provides for an increase in the number of shares of the company's common stock reserved for issuance under the 2003 long-term incentives plan from 18 million shares to 19.3 million shares. The proposed amendment to the plan adds restricted stock units as a new type of award that may be granted under the plan. These restricted stock units are awards that may be earned in whole or in part upon the passage of time or the attainment of performance criteria established by the compensation committee and which may be settled for cash, common stock, other securities or a combination of the foregoing as established by the compensation committee. The amendment clarifies that awards of unrestricted stock may include awards that are conditioned upon the achievement of performance or other vesting requirements (as may be established by the compensation committee) prior to the delivery of such shares of unrestricted stock. The proposed amendment also provides that, subject to the maximum number of shares available under the plan, the number of shares available for restricted stock awards and restricted stock units (to the extent they are settled in stock) would increase from 8 million to 10 million, the number of shares available for unrestricted stock awards would decrease from 8 million to 2 million, and the number of shares available for stock appreciation rights awards would remain at 50,000.

Approval of the proposal requires the affirmative vote of the holders of a majority of the shares of the company's common stock present or represented and entitled to vote on this proposal at the annual meeting. Broker non-votes will not be considered in the voting, and as such each broker non-vote will have no effect on the passage of this proposal.

If and when the amendment is approved by the stockholders, it will be effective immediately and the company will have an increased number of shares of the company's common stock available under the 2003 long-term incentives

plan, which is consistent with the company's objective and consistent with its overall business plan. The board believes that the approval of the proposed amendment to the 2003 long-term incentives plan is essential to the company's continued success. The company is focused on building a culture of employee ownership, and equity awards are a key part of that culture. The company relies significantly on equity incentives to attract, motivate and retain the executive, engineering, marketing, sales and other personnel necessary to successfully develop, introduce and support complex products under competitive market conditions. Each of our employees, including our

Table of Contents

executive officers, is eligible to participate in the company's 2003 long-term incentives plan. Equity incentives are a primary and critical component of the company's compensation mix because they allow the company to limit cash compensation, and instead use limited cash resources for necessary capital investments, research and development, marketing and other business development activities. The board believes that an increase in the number of shares of common stock available under the 2003 long-term incentives plan is necessary for the company to remain competitive in its compensation practices. The 2003 long-term incentives plan is designed to benefit both employees and other stockholders. We believe our stockholders benefit because the company's employees are focused on long-term company success, and employees benefit because they get to share in the success they help create.

If proposal 3 is adopted, an additional 1.3 million shares of the company's common stock will be reserved for issuance under the 2003 long-term incentives plan (subject to adjustment in the event of a stock split, stock dividend or other similar change in the common stock or capital structure of the company) bringing the total number of shares authorized for issuance under the plan to 19.3 million shares, and, subject to the maximum number of shares available under the plan, the number of shares available for restricted stock awards and restricted stock units will be increased from 8 million to 10 million, the number of shares available for unrestricted stock awards will be decreased from 8 million to 2 million and the number of shares available for stock appreciation rights awards will remain at 50,000.

The board recommends a vote FOR approval of Proposal 3 the amendment of the 2003 long-term incentives plan.

The general description of the principal terms of the proposed amendment to the 2003 long-term incentives plan set forth above under proposal 3 is qualified in its entirety by reference to the proposed amended and restated 2003 long-term incentives plan, a copy of which is attached to this proxy statement as Appendix B.

PROPOSAL 4 APPROVAL OF AMENDMENT TO DIRECTORS STOCK PLAN

General

The company's stockholders are being asked to act upon a proposal to approve the amendment of the company's directors stock plan. The proposed amendment has been approved by the board of directors and the board has directed that the proposed amendment be submitted to the company's stockholders for approval. The proposed amendment to the directors stock plan replaces references to the American Stock Exchange with the Nasdaq Stock Market throughout and it eliminates the evergreen provision that automatically increased the number of shares available under the plan at the beginning of each fiscal year by the greater of 160,000 shares or 0.18% of the total number of shares outstanding on the first day of such fiscal year. The proposed amendment changes the authorized number of shares under the plan to 1,440,000 instead of the original 400,000 shares, as increased annually by the evergreen provision (as of November 29, 2006, the total number of shares authorized under the plan was 967,311). The proposed amendment also provides that shares delivered under the plan that are forfeited or otherwise terminated will be available for subsequent grants under the plan. Also, the proposed amendment retains the stock option grant provisions for the company's directors, which provide a grant of options to purchase 40,000 shares of the company's common stock upon appointment as a director and an annual grant to purchase 20,000 shares of the company's common stock following each annual meeting of stockholders, both at the fair market value of the company's common stock on the date of grant, and the proposed amendment adds an additional annual grant of specially restricted shares in an amount equal to the lesser of: (i) 15,000 restricted shares, or (ii) the number of restricted shares (rounded to nearest whole share) equal to \$45,000 divided by the closing price of the company's common stock on the date of grant.

These specially restricted shares will have all the attributes of outstanding common stock, such as the right to vote the shares and receive dividends thereon, except that the owner of these restricted shares will have no right to transfer the

shares until ten days after (i) the recipient retires from our board of directors after attaining age 55 and completing at least five years of service as a director or (ii) the recipient resigns from the board or ceases to be a director by reason of antitrust laws, compliance with the company's conflict of interest policies, death, disability or other circumstances the board determines not to be adverse to the best interests of the company.

Table of Contents**Amended Plan Benefits**

Pursuant to the directors stock plan, each of our non-employee directors receives an annual grant of 20,000 shares of the company's common stock immediately following each annual meeting of stockholders, which options are exercisable generally in annual installments on the first four anniversaries of the date of grant. In addition, the amendment to the directors stock plan provides for an annual grant commencing in 2007 of specially restricted shares of common stock in an amount equal to the lesser of (i) 15,000 restricted shares or (ii) the number of restricted shares (rounded to the nearest whole share) equal to \$45,000 divided by the closing price of our common stock on the date of grant. These additional grants of restricted shares will be made immediately after each annual meeting of stockholders to each non-employee director who was elected at, or who was previously elected and continues to serve as a director after, that annual stockholder meeting.

Except with respect to the annual grant of options and restricted shares under the directors stock plan described above, the number of additional awards (if any) that any director may receive under the directors stock plan is at the discretion of the board of directors or the compensation committee and therefore cannot be determined in advance. The company's current non-employee directors, as a group, are expected to receive the following awards under this plan in the 2007 fiscal year:

**Amended Plan Benefits
Directors Stock Plan**

	Number of Options	Number of Restricted Shares
All current directors who are not executive officers, as a group (7 persons)	140,000	105,000(1)

- (1) Pursuant to the terms of the directors stock plan, as amended, the number of restricted shares to be granted annually is the lesser of (i) 15,000 restricted shares or (ii) the number of restricted shares (rounded to the nearest whole share) equal to \$45,000 divided by the closing price of our common stock on the date of grant.

Approval of the proposed amendment to the directors stock plan requires the affirmative vote of the holders of a majority of the shares of the company's common stock present or represented and entitled to vote on this proposal at the annual meeting. Broker non-votes will not be considered in the voting, and as such each broker non-vote will have no effect on the passage of this proposal.

If and when the amendment is approved by the stockholders, it will be effective immediately and the company will have a fixed, but increased number of shares of the company's common stock available under the directors stock plan, which is consistent with the company's objective and consistent with its overall business plan. The board believes that the approval of the proposed amendment to the directors stock plan is essential to the company's strategy of aligning its directors' interests with the company's success.

The board recommends a vote FOR approval of Proposal 4 the amendment of the directors stock plan.

The general description of the principal terms of the proposed amendment to the directors stock plan set forth above under proposal 4 is qualified in its entirety by reference to the proposed amended and restated directors stock plan, a copy of which is attached to this proxy statement as Appendix C, which is incorporated herein by reference.

Upon receipt of shares of Unrestricted Stock, the Participant as owner of such shares shall have the rights of a holder of shares of Stock, including the right to vote the Unrestricted Stock and to receive dividends and distributions thereon.

e. *Stock Appreciation Rights (SARs)*. A SAR is the right to receive a payment measured by the increase in the Fair Market Value of a specified number of shares of Stock from the date of grant of the SAR to the date on which the Employee exercises the SAR. The payment to which the Employee is entitled on exercise of a

Table of Contents

SAR may be in cash, in Stock valued at Fair Market Value on the date of exercise or partly in cash and partly in Stock, as the Committee may determine.

f. *Restricted Stock Units.* A Restricted Stock Unit is an Award which may be earned in whole or in part upon the passage of time or the attainment of performance criteria established by the Committee and which may be settled for cash, Stock or other securities or a combination of cash, Stock or other securities as established by the Committee.

Section 5: *Shares of Stock Available Under Plan*

a. Subject to adjustment as set forth in Section 9, the maximum number of shares of Stock that may be delivered pursuant to the Plan shall be 19,300,000 (nineteen million three hundred thousand). Subject to the maximum number of shares available under the Plan, no more than 10,000,000 (ten million) shares shall be available for Awards of Restricted Stock and Restricted Stock Units (to the extent settled in Stock), no more than 2,000,000 (two million) shares shall be available for Awards of Unrestricted Stock, and SARs shall be granted with respect to no more than 50,000 (fifty thousand) shares of Stock. No single Participant shall receive, in any one calendar year, Awards which, over any three-year period, exceed a per-year average of (i) options (whether Non-Qualified Stock Options or Incentive Stock Options) with respect to 900,000 (nine hundred thousand) shares of Stock, (ii) 250,000 (two hundred fifty thousand) shares of Restricted Stock and Restricted Stock Units (to the extent settled in Stock) or (iii) 250,000 (two hundred fifty thousand) shares of Unrestricted Stock, in each case subject to adjustment as set forth in Section 9.

b. Shares of Stock with respect to the unexercised, undistributed or unearned portion of any terminated or forfeited Award shall be available for further Awards in addition to the shares of Stock available under Section 5(a). Additional rules for determining the number of shares of Stock granted under the Plan may be adopted by the Committee, as it deems necessary and appropriate.

c. The Stock that may be delivered pursuant to an Award under the Plan may be treasury or authorized but unissued Stock, or Stock may be acquired, subsequently or in anticipation of the transaction, in the open market to satisfy the requirements of the Plan.

Section 6: *Award Agreements.*

Each Award under the Plan shall be evidenced by an Award Agreement. Each Award Agreement shall set forth the number of shares of Stock subject to the Award and shall include the terms set forth below and such other terms and conditions applicable to the Award, as determined by the Committee, not inconsistent with the terms of the Plan. Notwithstanding the foregoing, the provisions of subsection (b) below may be modified to the extent deemed advisable by the Committee in Award Agreements pertaining to Non-Employees providing consulting, contracting or other services to the Company or a Subsidiary. In the event of any conflict between an Award Agreement and the Plan, the terms of the Plan shall govern.

a. *Assignability.* A provision setting forth the conditions pursuant to which an Award may be assigned or transferred.

b. *Termination of Employment.*

(i) A provision describing the treatment of an Award in the event of the Retirement, Disability, death or other termination of a Participant's employment with the Company or a Subsidiary, including, but not limited to, the definitions of Retirement and Disability and terms relating to the vesting, time for exercise, forfeiture or cancellation of an Award in such circumstances. Participants who terminate employment due to Retirement, Disability or death prior to the satisfaction of applicable conditions and restrictions associated with their Awards may be entitled to prorated Awards as and to the extent determined by the Committee.

(ii) A provision describing the treatment of an Award in the event of (A) a transfer of an Employee from the Company to a Subsidiary or an affiliate of the Company, whether or not incorporated, or vice versa, or from one Subsidiary or affiliate of the Company to another or (B) a leave of absence, duly authorized in writing by the Company.

B-4

(iii) A provision stating that in the event the Participant's employment is terminated for Cause (as defined in the Award Agreement), anything else in the Plan or Award Agreement to the contrary notwithstanding, all Awards granted to the Participant shall immediately terminate and be forfeited.

c. *Rights as a Shareholder.* A provision stating that a Participant shall have no rights as a shareholder with respect to any Stock covered by an Award until the date the Participant becomes the holder of record thereof. Except as provided in Section 9, no adjustment shall be made for dividends or other rights, unless the Award Agreement specifically requires such adjustment.

d. *Withholding.* A provision requiring the withholding of applicable taxes required by law from all amounts paid in satisfaction of an Award. A Participant may satisfy the withholding obligation by paying the amount of any taxes in cash or, with the approval of the Committee, shares of Stock may be delivered to the Company or deducted from the payment or, in accordance with Section 4(a)(ii), sold to satisfy the obligation in full or in part. If such tax withholding obligation is paid in shares of Stock, tax amounts shall be limited to the statutory minimum as required by law.

e. *Treatment of Options.* Each Award of an option shall state whether it will or will not be treated as an Incentive Stock Option.

f. *Performance Conditions.* The Committee may condition, or provide for the acceleration of, the exercisability or vesting of any Award upon such prerequisites as it, in its sole discretion, deems appropriate, including, but not limited to, achievement of specific objectives, whether absolute or relative to a peer group or index designated by the Committee, with respect to one or more measures of the performance of the Company and/or one or more Subsidiaries, including, but not limited to, earnings per share, revenue, net income (whether before or after extraordinary items), net operating income, earnings before interest, taxes, depreciation and amortization (EBITDA), stock price and total shareholder return. Such performance objectives shall be determined in accordance with the Company's audited financial statements, to the extent applicable, and so that a third party having knowledge of the relevant facts could determine whether such performance objectives are met.

Section 7: Amendment and Termination

The Board of Directors may at any time amend, suspend or discontinue the Plan, in whole or in part, *provided, however,* that no such action shall be effective without the approval of the shareholders of the Company to the extent that such approval is necessary to comply with any tax or regulatory requirement applicable to the Plan; and *provided, further,* that subject to Section 9, no such action shall impair the rights of any holder of an Award without the holder's consent. The Committee may at any time alter or amend any or all Awards and Award Agreements under the Plan to the extent permitted by law, except that, subject to the provisions of Section 9, no such alteration or amendment shall impair the rights of any holder of an Award without the holder's consent. Notwithstanding the foregoing, no such action may, without approval of the shareholders of the Company, increase the number of shares of Stock with respect to which Awards may be granted or reduce the exercise price of any Option or SAR below Fair Market Value on the date of grant.

Section 8: Administration

a. The Plan and all Awards shall be administered by the Committee. The members of the Committee shall be designated by the Board of Directors from among its members who are not eligible for Awards under the Plan.

b. Any member of the Committee who, at the time of any proposed grant of one or more Awards, is not a Non-Employee Director as defined in Rule 16b-3(b)(3)(i) under the Exchange Act (or any successor provision) shall

abstain from and take no part in the Committee's action on the proposed grant.

c. The Committee and others to whom the Committee has delegated such duties shall keep a record of all their proceedings and actions and shall maintain all such books of account, records and other data as shall be necessary for the proper administration of the Plan.

d. The Company shall pay all reasonable expenses of administering the Plan, including, but not limited to, the payment of professional fees.

B-5

Table of Contents

e. The Committee may appoint such accountants, counsel and other experts as it deems necessary or desirable in connection with the administration of the Plan. Subject to the express provisions of the Plan, the Committee may delegate to the officers or employees of the Company and its Subsidiaries the authority to execute and deliver such instruments and documents, to do all such acts and things, and to take all such other steps deemed necessary, advisable or convenient for the effective administration of the Plan in accordance with its terms and purpose.

f. The Committee may adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by employees who are foreign nationals or employed outside the U.S. Without limiting the foregoing, the Committee may authorize supplementary plans applicable to Employees subject to the tax laws of one or more countries other than the United States in order to provide for the grant of Non-Qualified Stock Options, Restricted Stock, Restricted Stock Units, Unrestricted Stock or SARs to such Employees on terms and conditions, consistent with the Plan, determined by the Committee which may differ from the terms and conditions of other Awards in those forms pursuant to the Plan for the purpose of complying with the conditions for qualification of Awards for favorable treatment under foreign tax laws.

g. Subject to the express provisions of the Plan, the Committee shall have the power (i) to implement (including the power to delegate such implementation to appropriate officers of the Company), interpret and construe the Plan and Awards and Award Agreements or other documents defining the rights and obligations of the Company and Participants hereunder and thereunder, (ii) to determine all questions arising hereunder and thereunder, and (iii) to adopt and amend such rules and regulations for the administration hereof and thereof as it may deem desirable. The interpretation and construction by the Committee of any provisions of the Plan or of any Award or Award Agreement shall be conclusive and binding. Any action taken by, or inaction of, the Committee relating to the Plan or any Award or Award Agreement shall be within the discretion of the Committee and shall be conclusive and binding upon all persons. Subject only to compliance with the express provisions hereof, the Committee may act in its discretion in matters related to the Plan and any and all Awards and Award Agreements. The Committee's determinations under the Plan need not be uniform and may be made by it selectively among Employees and Non-Employees who receive, or who are eligible to receive, Awards under the Plan, whether or not such persons are similarly situated.

h. It is the intent of the Company that the Plan and Awards hereunder satisfy, and be interpreted in a manner that satisfy, in the case of Participants who are or may be Executive Officers, the applicable requirements of Rule 16b-3 under the Exchange Act, so that such persons will be entitled to the benefits of Rule 16b-3, or other exemptive rules under Section 16 of the Exchange Act, and will not be subjected to avoidable liability under Section 16(b) of the Exchange Act.

i. The Committee may delegate, and revoke the delegation of, all or any portion of its authority and powers under the Plan to the Chief Executive Officer of the Company, except that the Committee may not delegate any discretionary authority with respect to substantive decisions or functions regarding the Plan or Awards to the extent (i) related to Awards granted to Executive Officers, (ii) inconsistent with the intent expressed in Section 8(h) or (iii) prohibited by applicable law.

Section 9: Adjustment Provisions

a. In the event of any change in or affecting the outstanding shares of Stock by reason of a stock dividend or split, recapitalization, reclassification, merger or consolidation (whether or not the Company is a surviving corporation), reorganization, combination or exchange of shares or other similar corporate changes or an extraordinary dividend in cash, securities or other property, the Board of Directors shall make or take such amendments to the Plan and outstanding Awards and Award Agreements and such adjustments and actions hereunder and thereunder as it deems appropriate, in its sole discretion, under the circumstances, and its determination in that respect shall be final and

binding. Such amendments, adjustments and actions may include, but are not limited to, changes in the number of shares of Stock (or other securities) then remaining subject to the Plan, and the maximum number of shares that may be delivered to any single Participant pursuant to the Plan, including those that are then covered by outstanding Awards, or accelerating the vesting of outstanding Awards. No fractional interests will be issued under the Plan resulting from any adjustments.

B-6

Table of Contents

b. The Committee shall make any further adjustments as it deems necessary to ensure equitable treatment of any holder of an Award as the result of any transaction affecting the securities subject to the Plan not described in (a), or as is required or authorized under the terms of any applicable Award Agreement.

c. The existence of the Plan and the Awards granted hereunder shall not affect or restrict in any way the right or power of the Board of Directors or the shareholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in its capital structure or its business, any merger or consolidation of the Company, any issue of bonds, debentures, preferred or prior preference stock or other securities ahead of or affecting the Stock or the rights thereof, the dissolution or liquidation of the Company or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding.

Section 10: *Miscellaneous*

a. *Other Payments or Awards.* Nothing contained in the Plan shall be deemed in any way to limit or restrict the Company or a Subsidiary from making any award or payment to any person under any other plan, arrangement or understanding, whether now existing or hereafter in effect.

b. *Payments to Other Persons.* If payments are legally required to be made to any person other than the person to whom any amount is made available under the Plan, payments shall be made accordingly. Any such payment shall be a complete discharge of the liability hereunder.

c. *Unfunded Plan.* The Plan shall be unfunded. No provision of the Plan or any Award or Award Agreement shall require the Company or a Subsidiary, for the purpose of satisfying any obligations under the Plan, to purchase assets or place any assets in a trust or other entity to which contributions are made or otherwise to segregate any assets, nor shall the Company or a Subsidiary maintain separate bank accounts, books, records or other evidence of the existence of a segregated or separately maintained or administered fund for such purposes. Participants shall have no rights under the Plan other than as unsecured general creditors of the Company or a Subsidiary, except that insofar as they may have become entitled to payment of additional compensation by performance of services, they shall have the same rights as other employees or consultants, as applicable, under generally applicable law.

d. *Limits of Liability.* Any liability of the Company or a Subsidiary to any Participant with respect to an Award shall be based solely upon contractual obligations created by the Plan and the Award Agreement. Neither the Company or its Subsidiaries, nor any member of the Board of Directors or of the Committee, nor any other person participating in any determination of any question under the Plan, or in the interpretation, administration or application of the Plan, shall have any liability to any party for any action taken, or not taken, in good faith under the Plan.

e. *Rights of Employees and Non-Employees.* Status as an eligible Employee or Non-Employee shall not be construed as a commitment that any Award shall be made under the Plan to such eligible Employee or Non-Employee or to eligible Employees or Non-Employees generally. Nothing contained in the Plan or in any Award Agreement shall confer upon any Employee or Non-Employee any right to continue in the employ or other service of or, in the case of prospective employees, contractors or consultants, become employed by or render service to the Company or a Subsidiary or constitute any contract or limit in any way the right of the Company or a Subsidiary to change such person's compensation or other benefits or, in the case of prospective employees, contractors or consultants, prospective compensation or benefits or to terminate the employment or other service or, in the case of prospective employees, contractors or consultants, withdraw an offer of employment or offer to retain such person with or without cause.

f. *Section Headings.* The section headings contained herein are for the purpose of convenience only, and in the event of any conflict, the text of the Plan, rather than the section headings, shall control.

g. *Gender, Etc.* In interpreting the Plan, the masculine gender shall include the feminine, the neuter gender shall include the masculine or feminine, and the singular shall include the plural unless the context clearly indicates otherwise.

h. *Invalidity.* If any term or provision contained herein or in any Award Agreement shall to any extent be invalid or unenforceable, such term or provision, to the extent practicable, will be reformed so that it is valid and as

Table of Contents

consistent as possible with the original provisions hereof, and such invalidity or unenforceability shall not affect any other provision or part thereof.

i. *Applicable Law.* The Plan, the Award Agreements and all actions taken hereunder or thereunder shall be governed by, and construed in accordance with, the laws of the State of Delaware without regard to the conflict of law principles thereof.

j. *Compliance with Laws.* Notwithstanding anything contained herein or in any Award Agreement to the contrary, the Company shall not be required to sell or deliver shares of Stock or other securities hereunder or thereunder if the sale or delivery thereof would constitute a violation by the Participant or the Company of any provisions of any law or regulation of any governmental authority or any national securities exchange or interdealer quotation system, and as a condition of any sale or delivery the Company may require such agreements or undertakings, if any, as the Company may deem necessary or advisable in its discretion to assure compliance with any such law or regulation.

k. *Effective Date and Term.* The Plan was adopted by the Board of Directors of the Company and shall be submitted to the sole shareholder of the Company, and if approved, shall be effective as of the Mindspeed Distribution Date. The Plan shall remain in effect until all Awards granted under the Plan have been exercised or terminated under the terms of the Plan and applicable Award Agreements, provided that Awards under the Plan may only be granted within ten (10) years from the effective date of the Plan.

l. *Awards for Compensation Purposes Only.* The Plan is not intended to constitute an employee benefit plan within the meaning of Section 3(3) of ERISA.

APPENDIX C

Mindspeed Technologies, Inc.

**Directors Stock Plan
as amended and restated**

1. *PURPOSE OF THE PLAN.*

The purpose of the Directors Stock Plan (as amended and restated, the Plan) is to link the compensation of non-employee directors of Mindspeed Technologies, Inc. (Mindspeed) directly with the interests of the Mindspeed shareholders.

2. *PARTICIPANTS.*

Participants in the Plan shall consist of directors of Mindspeed who are not employees of Mindspeed or any of its subsidiaries (Non-Employee Director). The term subsidiary as used in the Plan means a corporation more than 50% of the voting stock of which, or an unincorporated business entity more than 50% of the equity interest in which, shall at the time be owned directly or indirectly by Mindspeed.

3. *SHARES RESERVED UNDER THE PLAN.*

Subject to the provisions of Section 10 of the Plan, there shall be reserved for delivery under the Plan, from the date of inception of the Plan, an aggregate of 1,440,000 shares of common stock, par value \$.01 per share, of Mindspeed (Shares). Shares to be delivered under the Plan may be authorized and unissued Shares, Shares held in treasury or any combination thereof. Shares delivered under the Plan which are forfeited or otherwise terminated shall be available for subsequent grant under the Plan.

4. *ADMINISTRATION OF THE PLAN.*

The Plan shall be administered by the Compensation and Management Development Committee (the Committee) of the Board, subject to the right of the Board, in its sole discretion, to exercise or authorize another committee or person to exercise some or all of the responsibilities, powers and authority vested in the Committee under the Plan. The Committee (or the Board or any other committee or person authorized by the Board) shall have authority to interpret the Plan, and to prescribe, amend and rescind rules and regulations relating to the administration of the Plan, and all such interpretations, rules and regulations shall be conclusive and binding on all persons.

5. *EFFECTIVE DATE OF THE PLAN.*

The Plan has been approved by the Board and shall be submitted to Conexant Systems, Inc. (Conexant), the sole shareholder of Mindspeed, for approval and, if approved, shall become effective on the date on which Conexant completes the pro rata distribution of all outstanding Shares to Conexant's shareowners (the Distribution).

6. *STOCK OPTIONS.*

Each Non-Employee Director in office at the time of the Distribution shall be granted, on the first trading day following the Distribution or on such later date within 60 days thereafter as the Board may designate, an option to

purchase 40,000 Shares. Each other Non-Employee Director shall be granted an option to purchase 40,000 Shares at the meeting of the Board at which, or following the Annual Meeting of Shareholders at which, the Non-Employee Director is first elected a director of Mindspeed. Following the Annual Meeting of Shareholders held in the year 2004 and each Annual Meeting of Shareholders thereafter, each Non-Employee Director who is elected a director at, or who was previously elected and continues as a director after, that Annual Meeting shall be granted an option to purchase 20,000 Shares, provided that the Board may, by action taken on or before the day following the date of any such Annual Meeting, defer the option grants in respect of such Annual Meeting for up to 60 days following such

C-1

Table of Contents

Annual Meeting to a date coinciding with the date of grant of options or other incentive compensation by Mindspeed to some or all of the officers of Mindspeed.

The exercise price per share for each option granted under the Plan shall be the closing price per share (the Fair Market Value) of Shares on the date of grant as reported on the Nasdaq Stock Market or such other national securities exchange or automated inter-dealer quotation system on which the Shares have been duly listed and approved for quotation and trading (or on the next preceding day such stock was traded if it was not traded on the date of grant). The purchase price of the Shares with respect to which an option or portion thereof is exercised shall be payable in full in cash, Shares valued at their Fair Market Value on the date of exercise, or a combination thereof. Each option may be exercised in whole or in part at any time after it becomes exercisable; and each option shall become exercisable in four approximately equal installments on each of the first, second, third and fourth anniversaries of the date the option is granted. No option shall be exercisable prior to one year nor after ten years from the date of the grant thereof; provided, however, that if the holder of an option dies, the option may be exercised from and after the date of the optionee's death for a period of three years (or until the expiration date specified in the option if earlier) even if it was not exercisable at the date of death. Moreover, if an optionee retires after attaining age 55 and completing at least five years service as a director, all options then held by such optionee shall be exercisable even if they were not exercisable at such retirement date; provided, however, that each such option shall expire at the earlier of five years from the date of the optionee's retirement or the expiration date specified in the option.

Options granted under the Plan are not transferable other than (i) by will or by the laws of descent and distribution; or (ii) by gift to the grantee's spouse or natural, adopted or step-children or grandchildren (Immediate Family Members) or to a trust for the benefit of one or more of the grantee's Immediate Family Members or to a family charitable trust established by the grantee or a member of the grantee's family. If an optionee ceases to be a director while holding unexercised options, such options are then void, except in the case of (i) death, (ii) disability, (iii) retirement after attaining age 55 and completing at least five years service as a director, or (iv) resignation from the Board for reasons of the antitrust laws, compliance with Mindspeed's conflict of interest policies or other circumstances that the Committee may determine as serving the best interests of Mindspeed.

7. RESTRICTED SHARES.

Following the Annual Meeting of Shareholders held in the year 2007 and each Annual Meeting of Shareholders thereafter, each Non-Employee Director who is elected a director at, or who was previously elected and continues as a director after, that Annual Meeting shall be granted restricted stock (Restricted Shares) in an amount equal to the lesser of (a) 15,000 Restricted Shares or (b) the number of Restricted Shares (rounded to the nearest whole share) equaling \$45,000 divided by the closing price of Shares on the date of grant as reported on the Nasdaq Stock Market or such other national securities exchange or automated inter-dealer quotation system on which the Shares have been duly listed and approved for quotation and trading (or on the next preceding day such stock was traded if it was not traded on the date of grant). The rights, restrictions and other provisions applicable to Restricted Shares received pursuant to Section 8 below shall also apply to Restricted Shares received pursuant to this Section 7.

8. SHARES IN LIEU OF CASH COMPENSATION.

Each Non-Employee Director may elect each year, not later than December 31 of the year preceding the year as to which an election is to be applicable, to receive all or any portion of the cash retainer to be paid for board, committee or other service in the following calendar year through the issuance or transfer of Shares, valued at the closing price as reported on the Nasdaq Stock Market or such other national securities exchange or automated inter-dealer quotation system on which the Shares have been duly listed and approved for quotation and trading, on the date when each payment of such retainer amount would otherwise be made in cash (or on the next preceding day such stock was traded if it was not traded on that date). Each Non-Employee Director making such an election may also elect at the

same time to receive those Shares in the form of Restricted Shares. Upon receipt of Shares, the recipient shall have all the rights of a shareholder. Upon receipt of Restricted Shares, the recipient shall have the right to vote the Shares and to receive dividends thereon, and the Restricted Shares shall have all the attributes of outstanding Shares except that the registered owner shall have no right to direct the transfer thereof. Restricted Shares shall be held in book-entry accounts subject to the direction of Mindspeed (or if Mindspeed elects,

C-2

Table of Contents

certificates therefor may be issued in the recipient's name but delivered to and held by Mindspeed) until ten days after (i) the recipient retires from the Board after attaining age 55 and completing at least five years service as a director or (ii) the recipient resigns from the Board or ceases to be a director by reason of the antitrust laws, compliance with Mindspeed's conflict of interest policies, death, disability or other circumstances the Board determines not to be adverse to the best interests of Mindspeed, when the restrictions on such book-entry accounts shall be released (or any certificates issued shall be delivered to the director), and such Shares shall cease to be Restricted Shares.

9. *ADDITIONAL COMPENSATION.*

The Board or the Committee may, from time to time, as and when either thereof deems it appropriate, provide one or more Non-Employee Directors with additional compensation under the Plan. Such additional compensation may be in the form of a grant of Shares, Restricted Shares, options to purchase Shares or a combination thereof, subject to the terms, conditions and restrictions established by the Board or the Committee at the time of grant.

10. *ADJUSTMENTS UPON CHANGES IN CAPITALIZATION.*

If there shall be any change in or affecting Shares on account of any merger, consolidation, reorganization, recapitalization, reclassification, stock dividend, stock split or combination, or other distribution to holders of Shares (other than a cash dividend), there shall be made or taken such amendments to the Plan and such adjustments and actions thereunder as the Board may deem appropriate under the circumstances.

11. *GOVERNMENT AND OTHER REGULATIONS.*

The obligations of Mindspeed to deliver Shares upon exercise of options granted under Section 6 of the Plan, pursuant to an election made under Section 8 of the Plan or pursuant to a grant made under Section 9 of the Plan shall be subject to (i) all applicable laws, rules and regulations and such approvals by any governmental agencies as may be required, including, without limitation, compliance with the Securities Act of 1933, as amended, and (ii) the condition that such Shares shall have been duly listed and approved for quotation and trading on the Nasdaq Stock Market, or such other national securities exchange or automated inter-dealer quotation system as shall be approved by the Board.

12. *AMENDMENT AND TERMINATION OF THE PLAN.*

The Plan may be amended by the Board in any respect, provided that, without shareholder approval, no amendment shall (i) materially increase the maximum number of Shares available for delivery under the Plan (other than adjustments pursuant to Section 10 hereof), (ii) materially increase the benefits accruing to participants under the Plan, or (iii) materially modify the requirements as to eligibility for participation in the Plan. The Plan may also be terminated at any time by the Board.

13. *MISCELLANEOUS.*

(a) If a Change of Control as defined in Article III, Section 14(I)(1) of Mindspeed's Bylaws shall occur, all options then outstanding pursuant to the Plan shall forthwith become fully exercisable whether or not then exercisable and the restrictions on all Shares granted as Restricted Stock under the Plan shall forthwith lapse; provided, however, that each such option shall expire at the earlier of five years from the date of the Change of Control or the expiration date specified in the option.

(b) Nothing contained in the Plan shall be deemed to confer upon any person any right to continue as a director or to be associated in any other way with Mindspeed.

(c) To the extent that Federal laws do not otherwise control, the Plan and all determinations made and actions taken pursuant hereto shall be governed by the law of the State of Delaware.
