Dear Fellow Stockholders:

It is my pleasure to invite you to attend our Annual Meeting of Stockholders. The meeting will be held on May 13, 2009, at 8:30 a.m. local time at the Hyatt Regency Tech Center, 7800 E. Tufts Avenue, Denver, Colorado.

We have elected to take advantage of the Securities and Exchange Commission rules that allow companies to furnish proxy materials to their stockholders on the Internet. We believe that these rules will allow us to provide our stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of our annual meeting.

The business to be conducted at the meeting is set forth in the formal notice of annual meeting of stockholders and proxy statement that accompany this letter. At the meeting we will also report on the company's performance and respond to questions.

Your vote is important. Whether or not you plan to attend the meeting, we urge you to vote your shares electronically through the Internet, by telephone or, if you have requested and received a paper copy of the proxy statement, by completing, signing and returning the paper proxy card enclosed with the proxy statement. Voting through the Internet or by telephone will eliminate the need to return your proxy card.

Sincerely,
UDR, INC.

PROXY STATEMENT

The enclosed proxy is solicited on behalf of the board of directors of UDR, Inc., a Maryland corporation, for use at our Annual Meeting of Stockholders to be held on May 13, 2009, and at any adjournment, continuation or postponement of the meeting. These proxy materials are being provided to stockholders on or about April 2, 2009.

We use a number of abbreviations in this proxy statement. We refer to the company as the company, we, us or our to our board of directors as board or board of directors. The term proxy materials includes this proxy statement, as well as the enclosed proxy card. References to fiscal 2008 and fiscal 2009 mean our 2008 fiscal year which began on January 1, 2008 and ended on December 31, 2008 and our 2009 fiscal year which began on January 1, 2009 and will end on December 31, 2009, respectively. Our 2009 Annual Meeting of Stockholders to be held on May 13, 2009 is simply referred to as the meeting.

**QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING
AND RELATED PROXY MATERIALS**

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

In accordance with rules and regulations recently adopted by the Securities and Exchange Commission (the SEC), instead of mailing a printed copy of our proxy materials to each stockholder of record, we may now furnish proxy materials, including this proxy statement and our 2008 Annual Report, by providing access to such documents on the Internet. Most stockholders will not receive printed copies of the proxy materials unless they request them, in which case printed copies of the proxy materials will be provided at no charge.

Instead of mailing a printed copy of our proxy materials to each stockholder of record, a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) was mailed to such stockholders on or about April 2, 2009 that instructs you as to how you may access and review all of the proxy materials on the Internet. The Notice of Internet Availability also instructs you as to how you may submit your proxy on the Internet or by telephone.

Any stockholder may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis by following the instructions set forth in the Notice of Internet Availability. Choosing to receive future proxy materials by e-mail will save us the cost of printing and delivering documents to stockholders and will reduce the environmental impact of our annual meetings. A stockholder's election to receive proxy materials by e-mail will remain in effect until the stockholder terminates it.

Why did you provide this proxy statement to me?

We are providing this proxy statement and proxy card to you on the Internet or, upon your request, we are sending printed versions of this proxy statement and proxy card to you by mail, because you owned shares of our common stock and/or our Series E preferred stock or our Series F preferred stock at the close of business on March 23, 2009, which is the record date for the meeting. This proxy statement describes matters on which we would like you, as a stockholder, to vote. It also gives you information on these matters so that you can make an informed decision.

Table of Contents

When you vote, you appoint Robert C. Larson and Thomas W. Toomey as your representatives at the meeting. Messrs. Larson and Toomey will vote your shares at the meeting as you instructed them when you voted. This way, your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, you should vote by telephone, through the Internet or, if you have requested and received a paper copy of the proxy statement, by completing, signing and returning the paper proxy card enclosed with the proxy statement in advance of the meeting, just in case your plans change.

What is being voted on at the annual meeting?

At the meeting, stockholders entitled to vote will act upon the matters set forth in the accompanying notice of annual meeting of stockholders.

Who can vote?

The holders of shares of our common stock and our Series E and Series F preferred stock outstanding at the close of business on the record date are entitled to receive notice of the meeting and are entitled to one vote for each share held on each proposal presented at the meeting. Cumulative voting is not permitted.

What constitutes a quorum in order to hold and transact business at the meeting?

The presence, in person or by proxy, of holders of at least a majority of the total number of shares of outstanding common stock, Series E preferred stock and Series F preferred stock, taken together, as of the record date, must be present in order to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you vote your shares in person at the meeting, if you vote your shares by telephone or through the Internet, or if you submit a properly executed proxy card. Votes against a particular proposal will be counted both to determine the presence of a quorum and to determine whether the requisite number of votes has been obtained to approve the proposal. Abstentions, broker non-votes, which are explained below, and shares as to which authority to vote on any proposal is withheld, are each included in the determination of the number of shares present and voting at the meeting for purposes of obtaining a quorum. Each will be tabulated separately.

At the record date, we had 149,112,455 shares of common stock, 2,803,812 shares of Series E preferred stock and 2,903,575 shares of Series F preferred stock issued and outstanding.

How do I vote?

For Shares Directly Registered in Your Name

If you hold your shares in your own name as holder of record with Wells Fargo Shareowner Services, there are four different ways to vote:

Internet: You can go to <http://www.proxyvote.com> and vote through the Internet.

Telephone: You can submit your vote by proxy over the telephone by following the instructions provided on the separate proxy card if you received a printed set of the proxy materials.

Mail: If you have requested and received a paper copy of the proxy statement, you can mark, sign, date and return the paper proxy card enclosed with the proxy statement in the postage-paid envelope that we have provided to you. Please note that if you vote through the Internet or by telephone, you do not need to return your proxy card.

In person: If you are a stockholder as of the record date, you may vote in person at the meeting. Submitting a proxy prior to the meeting will not prevent a stockholder from attending the meeting and voting in person.

All valid proxies received and not revoked prior to the meeting will be voted in accordance with each stockholder's instructions.

Table of Contents

For Shares held in Street Name

If your shares are held by a brokerage firm, bank or other nominee (i.e., in street name), you will receive instructions from your nominee that you must follow in order to have your shares voted. Street name stockholders who wish to vote in person at the meeting will need to obtain a proxy form from the brokerage firm, bank or other nominee that holds their shares of record.

In addition, a number of brokers and banks are participating in a program provided through Broadridge that offers telephone and Internet voting options. This program is different from the program provided by Wells Fargo Shareowner Services for shares registered directly in the name of the stockholder. If your shares are held in an account with a broker or a bank participating in the Broadridge program, you may vote those shares telephonically by calling the telephone number shown on the voting form received from your broker or bank, or via the Internet at Broadridge voting website (*www.proxyvote.com*).

How will my proxy be voted?

All shares represented by properly executed proxies received in time for the meeting will be voted at the meeting in accordance with the instructions marked thereon or otherwise as provided therein, unless such proxies have previously been revoked. Unless instructions to the contrary are marked, or if no instructions are specified, shares represented by proxies will be voted:

FOR the election of all nominees for director.

FOR the ratification of the appointment of Ernst & Young LLP as independent auditors for fiscal 2009.

FOR the proposal to amend and restate the 1999 Long-Term Incentive Plan.

Will other matters be voted on at the annual meeting?

We have not received notice of any other matters that may properly be presented at the meeting. However, if a matter comes up for vote at the meeting that is not described in this proxy statement or listed on the proxy card, Messrs. Larson and Toomey will vote your shares, under your proxy, in their discretion. It is the intention of Messrs. Larson and Toomey to vote the shares they represent as directed by the board of directors.

Can I change my vote?

Yes, you may revoke your proxy at any time prior to the date of the meeting by:

submitting a later-dated vote in person at the meeting, through the Internet, by telephone or, if you originally voted by returning a paper proxy card to us, by mail; or

delivering instructions to the attention of the Corporate Secretary at 1745 Shea Center Drive, Suite 200, Highlands Ranch, Colorado 80129-1540. Any notice of revocation sent to us must include the stockholder's name and must be received prior to the date of the meeting to be effective.

What vote is required for the proposals if a quorum is present?

The affirmative vote of a plurality of the votes cast with respect to Proposal No. 1 is required to elect directors.

The affirmative vote of a majority of the votes cast is required to approve Proposal No. 2.

The affirmative vote of a majority of the votes cast is required to approve Proposal No. 3, provided the total votes cast with respect to the proposal represents more than 50% of all shares entitled to vote on the proposal.

Table of Contents

Who will tabulate the votes?

Broadridge will tabulate votes cast by proxy by an automated system. Votes cast by proxy or in person at the meeting will be counted by the persons appointed by us to act as election inspectors for the meeting.

What is an abstention, and how will it affect the vote on a proposal?

An abstention occurs when the beneficial owner of shares is present, in person or by proxy, and entitled to vote at the meeting (or when a nominee holding shares for a beneficial owner is present and entitled to vote at the meeting), but such person does not vote on the particular proposal. For purposes of Proposal Nos. 1 and 2, abstentions will not be counted as votes cast for purposes of determining whether stockholder approval has been obtained and, therefore, will have no effect on the results of the vote with respect to such proposals. With respect to Proposal No. 3, however, abstentions will be treated as votes cast. Therefore, abstentions will have the same effect as a vote against Proposal No. 3.

What are broker non-votes, and how will they affect the vote on a proposal?

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. Broker non-votes are not deemed to be votes cast for purposes of determining whether stockholder approval has been obtained. Therefore, broker non-votes will have no effect on the voting results for Proposals 1 and 2. With respect to Proposal No. 3, which requires that the total votes cast with respect to the proposal represents more than 50% of all shares entitled to vote, broker non-votes will be treated as votes cast and will have the same effect as a vote against the proposal, unless holders of more than 50% in interests of all securities entitled to vote cast votes for the proposal, in which case broker non-votes will not have any effect on the results of the vote for this proposal.

Who is soliciting the proxy, and who will pay for the proxy solicitation?

This solicitation is being made on behalf of our board of directors, but may also be made without additional remuneration by our officers or employees by telephone, telegraph, facsimile transmission, e-mail or personal interview. We will bear the expense of the preparation, printing and delivery of the enclosed form of proxy, notice of annual meeting of stockholders and this proxy statement and any additional material relating to the meeting that may be furnished to our stockholders by our board subsequent to the furnishing of this proxy statement. We will reimburse banks and brokers who hold shares in their name or custody, or in the name of nominees for others, for their out-of-pocket expenses incurred in forwarding copies of the proxy materials to those persons for whom they hold such shares. To obtain the necessary representation of stockholders at the meeting, supplementary solicitations may be made by mail, telephone or interview by our officers or employees, without additional compensation.

Where do I find the voting results of the meeting?

We will announce the preliminary voting results at the meeting and publish the final results in our Quarterly Report on Form 10-Q for the second quarter of fiscal 2009.

CORPORATE GOVERNANCE MATTERS

Corporate Governance Overview

We believe that effective and transparent corporate governance is critical to our long-term success and our ability to create value for our stockholders. We frequently review our corporate governance policies, monitor emerging developments in corporate governance and enhance our policies and procedures when our board of directors determines that it would benefit our company and our stockholders to do so.

We maintain a corporate governance page on our website that includes key information about UDR corporate governance, including our Statement on Corporate Governance, Code of Business Conduct and

Table of Contents

Ethics, Code of Ethics for Senior Financial Officers, Related Person Transactions Policy and the charters for the Audit, Compensation and Governance Committees of the board of directors, all of which can be found at www.udr.com by clicking on Corporate then on Corporate Governance. The documents noted above will also be provided without charge to any stockholder who requests them. Any changes to these documents, and any waivers granted by us with respect to our Code of Business Conduct and Ethics and our Code of Ethics for Senior Financial Officers, will be posted on our website.

We also monitor our corporate governance policies and practices to maintain compliance with the provisions of the Sarbanes-Oxley Act of 2002, rules of the SEC and the corporate governance rules of the New York Stock Exchange (NYSE). Our policies and practices meet, and in many cases exceed, the listing requirements of the NYSE, applicable SEC rules and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including:

The board of directors has adopted clear corporate governance policies;

Ten of the eleven board members are independent directors as defined by the NYSE;

The independent directors meet regularly without the presence of management;

All members of the Audit Committee, Compensation Committee and Governance Committee are independent directors;

The Chairman and the Vice-Chairman of the Board are independent directors;

The charters of the board committees clearly establish their respective roles and responsibilities;

The board of directors has adopted a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees;

We have a Code of Ethics for Senior Financial Officers that applies to our senior financial officers; and

We have a hotline available to all employees, and our Audit Committee has procedures in place for the anonymous submission of any employee complaint, including those relating to accounting, internal controls or auditing matters.

Responsibilities of the Board of Directors

In addition to each director's basic duties of care and loyalty, the board has separate and specific obligations under our Statement on Corporate Governance. Among other things, these obligations require directors to effectively monitor management's capabilities, compensation, leadership and performance, without undermining management's ability to successfully operate the business. In addition, the board and the board's committees have the authority to retain outside legal, accounting or other advisors, as necessary, to carry out their responsibilities.

Director Education

All directors are expected to be knowledgeable about the company and its industry and to understand their duties and responsibilities as directors. The company recognizes the importance of continuing education for directors and is committed to supporting continuing director education in order to enhance board and committee performance. We conduct periodic continuing education for directors and, at a director's request, we will arrange for the director's participation in cost-effective continuing education programs offered by third parties that are relevant to the director's

role as a board and committee member.

All of our independent directors are expected to participate in orientation programs upon the recommendation of our Governance Committee. In addition, orientation sessions are conducted by senior management to familiarize directors with the company's strategic plans, significant financial, accounting and risk management issues, our compliance programs, our Code of Business Conduct and Ethics, and our principal officers, internal and external auditors.

Table of Contents

Director Evaluations

The board, acting through the Governance Committee, annually evaluates the effectiveness of the board collectively and of board members individually, and the performance of each standing board committee. The Governance Committee determines the appropriate means for this evaluation.

Identification and Selection of Nominees for Directors

The Governance Committee serves as our nominating committee. The Governance Committee works closely with the Chairman of the Board and recommends to the board of directors criteria for open board positions, taking into account such factors as it deems important, including, among others, the current composition of the board, the range of talents, experiences and skills that would complement those already represented on the board and those that would help achieve the company's goals. The Governance Committee will consider, among other things, whether a potential director nominee has the time available, in light of other business and personal commitments, to perform the responsibilities required for effective service. The Governance Committee considers candidates for board membership suggested by its members and other board members, as well as management, our stockholders and any director search firm retained by the board.

Once the Governance Committee has identified a potential director nominee, the Governance Committee, in consultation with the Chairman of the Board and our Chief Executive Officer, will evaluate the prospective nominee against the specific criteria that the Governance Committee has established, as well as the standards and qualifications contained in our Statement on Corporate Governance. If the Governance Committee, in consultation with the Chairman of the Board and our Chief Executive Officer, determines, based upon its preliminary review, to proceed with further consideration, then members of the Governance Committee and the board, as appropriate, interview the prospective nominee. After completing this evaluation and interview, the Governance Committee makes a recommendation to the board, which makes the final determination whether to nominate or appoint the new director.

In addition to any other applicable requirements, Section 2.11 of our Amended and Restated Bylaws sets forth the procedures and requirements relating to nominations of directors by stockholders. Any stockholder who wishes to recommend a prospective nominee for consideration must submit the following information no sooner than December 3, 2009 and no later than January 2, 2010:

Biographical information about the candidate, including the name, age, business address and residence address of the person;

The principal occupation or employment of the candidate and a statement about his or her qualifications;

The class and number of shares of our stock beneficially owned by the candidate;

Any other information required to be disclosed about the candidate under the SEC's proxy rules (including the candidate's written consent to being named in the proxy statement and to serve as a director, if nominated and elected); and

The names and addresses of the stockholder(s) recommending the candidate for consideration and the class and number of shares of our stock beneficially owned by each.

Such information should be sent to the attention of our Corporate Secretary at 1745 Shea Center Drive, Suite 200, Highlands Ranch, Colorado 80129-1540.

Director Rotation and Retirement

Directors are elected annually for a term of one-year. The board does not impose arbitrary limits on the number of terms a director may serve. However, the Governance Committee will consider various criteria, including a director's contribution to the board, in determining whether or not to recommend a director for re-election. Employee directors are required to resign as a director after ceasing to be an employee, unless the board asks them to continue to serve. The Chairman will refer the resignation to the Governance Committee

Table of Contents

for review. The board will decide, in light of the circumstances and the recommendation of the Governance Committee, the date at which the resignation will become effective. A vacancy created by a director's retirement may be filled by a majority of the remaining directors in accordance with our bylaws. A director so appointed to fill the vacancy will stand for re-election at the first annual meeting of stockholders following that director's appointment to the board. In addition, the company requires that directors tender their resignation when their present position or job responsibility changes significantly. The board then decides, in light of the circumstances and the recommendation of the Governance Committee, whether to accept such resignation.

Director Independence

The board's policy is that a significant majority of its members should be independent directors (see Statement on Corporate Governance). Each year the board affirmatively determines that each director has no material relationship with the company (either directly or as a partner, stockholder or officer of an organization that has such a relationship with the company), as defined under the NYSE listing standards and the company's director independence standards. The board has determined that all directors standing for election are independent under both sets of standards, except Mr. Toomey, who is not independent because he is the company's Chief Executive Officer and President. Additional information about each of the directors standing for election is set forth under Proposal No. 1 in this proxy statement. In making these independence determinations, the board considered information submitted by the directors in response to directors' questionnaires and information obtained from the company's internal records.

Independence of Audit, Compensation and Governance Committees

The Audit, Compensation and Governance Committees consist entirely of independent directors, as defined in the NYSE listing standards and the company's director independence standards. Each member of the Audit Committee also satisfies the additional independence requirements set forth in rules under the Securities Exchange Act of 1934.

Audit Committee Financial Expert

Each member of the Audit Committee is financially literate, and the board has determined that each member of the Audit Committee is an audit committee financial expert within the meaning of the SEC's regulations.

Executive Sessions of Independent Directors

Our independent directors hold regularly scheduled executive sessions at which our independent directors meet without the presence of management. These executive sessions generally occur around regularly scheduled meetings of the board of directors. The Chairman of the Board, or the Vice Chairman in the Chairman's absence, presides as chairman of these executive sessions. Both the Chairman of the Board and the Vice Chairman are independent directors.

Directors' Share Ownership Guidelines

Our Statement on Corporate Governance provides that each director is expected to develop a meaningful equity stake in our company over time and that after the second anniversary of election to the board of directors, each director is required to own a minimum of 5,000 shares of our common stock. Each of our directors currently owns shares in an amount sufficient to comply with these guidelines.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during fiscal 2008 or as of the date of this proxy statement is a former or current officer or employee of the company or has any interlocking relationships as set forth in applicable SEC rules. In addition, none of our executive officers serve as a member of the board of directors or compensation committee of any company that has one or more executive officers serving as a member of our board of directors or compensation committee.

UDR, INC.

Director Compensation Table Discussion

Our board of directors has retained Mercer Human Resource Consulting (Mercer), a nationally recognized consulting firm, to assist the Compensation Committee, in consultation with the Chairman of the Board and the board of directors, in structuring a compensation program for the board of directors. Mercer reviewed information concerning director pay from our REIT peer group and the National Association of Corporate Directors 2006-2008 Director Compensation Report.

Our compensation program for independent directors is designed to attract and retain highly qualified board members who can work with senior management to establish key strategic goals in support of long-term stockholder value creation. For 2008, the program consisted of a combination of cash retainers for board and committee service and service-based restricted stock. Total compensation associated with cash retainers and restricted stock was targeted at the median level of the designated peer group of apartment REITs. Annual retainers for board and committee service were set at competitive levels in recognition of the time commitments and responsibility levels associated with serving on public company boards within the current environment.

We believe that the attraction and retention of quality board members has become more challenging as a result of global and domestic trends in corporate governance and regulation and competition for qualified, talented director candidates. As a result we expect to continue to review our independent director compensation annually to ensure that we are competitive and to allow us to recruit and retain qualified candidates to serve as directors of the company.

2008 Director Compensation Program

On October 15, 2007, the board approved the independent director compensation program for 2008, which was unchanged from the 2007 program. On May 30, 2008, the board amended the 2008 program with the following terms.

Retainer. For 2008, each non-employee director received an annual retainer fee of \$50,000 (\$100,000 for a non-employee Chairman of the Board). Non-employee directors, other than committee chairpersons and the non-executive Chairman of the Board, also received an annual retainer fee of \$7,500 for each committee on which they served. The chairpersons of each of the Audit, Compensation and Governance Committees received an annual retainer fee of \$15,000. Under the 2008 program as amended, non-employee directors who were members of the Executive Committee, other than the Chairman of the Board, received an annual retainer fee of \$7,500 for their service on the Executive Committee. These fees were paid in January 2008.

Stock Grant. Each non-employee director also received a grant of \$90,000 in value of shares of restricted stock (\$180,000 for a non-employee Chairman of the Board) priced at \$19.98 per share, which was the closing price of our common stock on January 2, 2008, the date of the grant. Under the 2008 program as amended, the 4,505 shares of restricted stock that were granted to each non-employee director (9,009 shares for the non-employee Chairman of the Board) will vest on the anniversary of the date of grant. The non-employee directors receiving restricted stock are entitled to receive dividends during the vesting period; however, any unvested shares at the end of the three-year vesting period will be returned to us and cancelled.

Directors who are also employees of the company receive no additional compensation for service as a director. All directors are reimbursed for expenses incurred in connection with attending a board meeting or committee meeting in accordance with our Director Expense Reimbursement Policy.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Design and Philosophy

Our compensation programs are designed to further our strategic plan and our goal of increasing stockholder value by providing equitable economic motivation to our executive officers and other key employees. The compensation of each of our executive officers is influenced significantly by the executive officer's performance, measured by financial, non-financial and market performance, as well as the compensation levels of appropriate peer group companies. More specifically, our compensation program seeks to:

be grounded in the mission of our business and reflect key strategic imperatives and talent needs;

become a strategic advantage rather than simply a means for staying competitive;

provide appropriate incentives for the executive officers while aligning their interests with those of our stockholders;

attract and retain management talent by providing compensation competitive with other publicly traded and privately held real estate investment companies;

focus executive officers on current and long-term business objectives and critical issues; and

remain consistent with our operating style, shared values, compensation history and overall culture.

Our Compensation Committee, which is composed of independent directors, is responsible for developing and administering compensation programs for (1) executive officers, including base salaries and short-term and long-term incentive compensation plans, and (2) long-term incentive compensation plans for all of our associates. The independent directors meet each year in executive session, without the CEO present, to evaluate the performance of our CEO. Our CEO makes recommendations to, and consults with, the Compensation Committee as to the amount of proposed base salaries for the executive officers who report directly to our CEO. After such consultation, the Compensation Committee sets the base salaries for the year for these executive officers and approves salary ranges for other executive officers, typically through competitive benchmarking based primarily on salaries paid for similar positions within the real estate and REIT industry (with an emphasis on the multi-family sector) as published in industry statistical surveys and the proposed base salary relative to that of the other executive officers.

Our compensation philosophy is that total direct compensation, or TDC, which consists of base salary, short-term incentive compensation and long-term incentive compensation should be targeted at the 50th percentile to 75th percentile of similarly-sized relevant peer group companies when performance objectives are met. As an executive officer's level of responsibility increases consistent with his relative ability to impact long-term performance of the company, a greater portion of TDC is based on long-term performance-based incentive compensation and less on base salary, thereby creating the potential for greater variability in the individual's compensation level from year to year. Performance-based compensation can significantly exceed median levels for superior results and fall well below median levels when performance objectives are not achieved. With respect to our senior executives, such as our named executive officers, the peer group is made up of a diversified group of thirteen comparably-sized public REITs. For 2008, this peer group, which we refer to as the diversified public REIT peer group, included the following

companies: Apartment Investment and Management Company (NYSE: AIV), AvalonBay Communities Inc. (NYSE: AVB), BRE Properties, Inc. (NYSE: BRE), Camden Property Trust (NYSE: CPT), CBL & Associates Properties, Inc. (NYSE: CBL), Colonial Properties Trust (NYSE: CLP), Developers Diversified Realty Corporation (NYSE: DDR), Essex Property Trust (NYSE: ESS), Home Properties, Inc. (NYSE: HME), Liberty Property Trust (NYSE: LRY), The Macerich Company (NYSE: MAC), Mack-Cali Realty Corporation (NYSE: CLI) and Regency Centers Corporation (NYSE: REG). Two additional companies that we used for the peer group in 2007 are now privately held (Archstone-Smith Trust and New Plan Excel Realty Trust, Inc.) and therefore are not included in our peer group for 2008. With respect to our other executive officers, the peer group includes other publicly traded and private real estate investment companies against which we compete.

Compensation Consultants. We have engaged Mercer Human Resource Consulting to advise the Compensation Committee on all principal aspects of executive compensation, including competitiveness of the program design, and provide analysis with respect to the named executive officers and other executive officers. Mercer reports directly to the Compensation Committee and the Compensation Committee is free to replace Mercer or to hire additional consultants from time to time.

As part of their engagement, Mercer provides the Compensation Committee and the CEO with a market pay analysis of composite market values for base salary, total cash compensation (consisting of base salary plus annual incentives), LTI and total direct compensation. In addition, Mercer reviews the competitiveness of the pay levels of our named executive officers and company performance against pay and performance levels for a diversified REIT peer group of thirteen comparably-sized REITs, a number of whom are direct competitors with the company. For 2008, the diversified REIT peer group included the companies previously listed under Compensation Design and Philosophy. The Compensation Committee also considers recommendations from management (and any consultants retained by management) and reviews information concerning compensation offered by other companies in the REIT industry, as well as other publicly traded companies similar in size and growth rate to the company.

Components of Our Compensation

The mix, level and structure of the elements of TDC (base salary, short-term incentive compensation and long-term incentive, or LTI, compensation), reflect real estate industry practices as well as the executive's role and relative impact on business results consistent with our variable pay-for-performance philosophy. An analysis by Mercer Human Resource Consulting using information from 2006 to 2008 reflects that the average market median compensation mix for the overall compensation of the top five named executive officer positions was as follows: (1) for the CEO, base salary was 23%, short-term incentive compensation was 27% and LTI compensation was 50%, and (2) for the other four named executive officers, base salary was 28%, short-term incentive compensation was 25% and LTI compensation was 47%. Under our compensation structure, the mix of base salary, short-term incentive compensation and LTI compensation has varied. For our CEO and Executive Vice Presidents (and equivalents) for the same time period, the base salary was approximately 20%-25% of TDC, short-term incentive compensation has been approximately 40%-45%, and LTI compensation has been approximately 35%-40%.

Base Salary. Base salaries for our named executive officers are designed to reward individual effort associated with job-related duties and to attract and retain talented executive officers for our company. The Compensation Committee annually reviews and determines the base salary of our named executive officers in consultation with our CEO. Base salaries are determined through competitive benchmarking based primarily on general industry salary surveys and supplemented by detailed analysis of selected industry or market peers. Base salaries are generally targeted at the 50th percentile of the peer group companies. In setting base salaries for named executive officers, the Compensation Committee considers the individual officer's qualifications, performance against specific goals and the competitive market for qualified executives.

Short-Term Incentive Compensation. Short-term incentive compensation for our named executive officers is designed to motivate the named executive officers to achieve company and individual goals by rewarding performance measured against key annual and long-term financial, individual and strategic objectives (generally derived from our business plans and those of our major business units) and, for the CEO, using the independent directors' evaluation of his performance towards achieving long-term goals. Short-term incentive compensation awards are based on pre-determined weighting between company performance and individual performance. For 2008, we weighted company performance generally at 25% and individual performance generally at 75%; for 2009 we decided to change the weighting to 60% to 70% based on company performance and 30% to 40% based on individual performance. Short-term incentive compensation is measured against performance measures such as: total shareholder return, Funds From Operations (FFO) growth, earnings multiple improvement, same store revenue growth, same store expense

growth, dividend growth and FFO payout ratio. Short-term incentive compensation is targeted at the 50th percentile (of the peer group) for achieving the required minimum performance and 100th percentile (of the peer group) for superior performance. With respect to other executive officers, each executive sets specific goals which are reviewed

Table of Contents

with our CEO who establishes performance measures and targets that vary based on company, departmental and personal performance objectives. The company's overall short-term incentive compensation structure is reviewed annually by the Compensation Committee.

Long-Term Incentive Compensation. Our LTI compensation plans are designed to foster significant ownership of our common stock by our management, to align the interests of our management with the creation of stockholder value and to motivate our management to achieve long-term growth and success of our company. The Compensation Committee reviews the LTI compensation programs at least annually to ensure that the key elements continue to meet the company's objective of enhancing the alignment of our executive officers' interest with those of our stockholders.

For 2008, the components of our LTI compensation were Performance Accelerated Restricted Stock Awards (PARS) under the 1999 Long-Term Incentive Plan and time vested restricted stock grants, which focus on current year FFO or Same Store Net Operating Income (SSNOI) or Net Asset Value (NAV) results compared to our target and to a peer group consisting of apartment REITS (using a matrix with FFO results compared to target as the primary component and performance compared to the peer group as a modifier). For 2008, the Compensation Committee eliminated the Out-Performance Program, which was linked to the company's share price.

For 2009, LTI compensation for most executive officers will be based upon an FFO target, SSNOI target and cash availability target. In 2009, LTI compensation for our three top executives will be payable in stock options or restricted shares of common stock with the executive having the option to take up to 50% of the total award in restricted shares. The stock options will be subject to a three-year vesting period with an additional term of seven years in which the executive officer may exercise the options. Upon termination of employment after vesting, the executive officer will have a 90 day period to exercise the options with the Compensation Committee having the discretion to extend this up to the original period. The stock options additionally require the executive to retain shares equal to 27.5% of the after tax profit upon exercise (market price less exercise price time the number of options exercised) until termination of employment. The number of options will be determined using the Black-Scholes Merton formula for estimating the option value and the exercise price will be based on the market value of the company's stock on the date of the grant. Where the executive officer elects to receive restricted shares, the proportionate amount of the award was reduced by 10% and the number of shares determined using the market value on the date of grant. The restricted shares will vest pro rata over a three-year period and vesting of the restricted shares will be contingent on achieving an FFO per share of \$1.00 in 2009.

Retirement Plans. We have a Profit Sharing Plan, which is a defined contribution plan covering all eligible full-time employees. Under the Profit Sharing Plan, we make discretionary profit sharing and matching contributions to the plan as determined by the Compensation Committee. Details regarding our matching contributions for our named executive officers are set forth below under the Summary Compensation Table.

Perquisites and Other Benefits. The primary perquisites that we offer to our CEO and our other senior managers at or above the level of executive vice president (and equivalents) are company-paid health insurance (including dental), life insurance, disability insurance and accidental death and disability insurance. Our CEO and other executive officers also participate in our other benefit plans on the same terms as other employees. These plans include group health insurance, dental insurance, long-term disability insurance and life insurance. In order to help us attract and retain qualified personnel, we also offer relocation benefits, but these benefits are individually negotiated when they occur.

We review our policies with respect to perquisites on a regular basis to consider whether the perquisites should be maintained and whether, or to what extent, it may be appropriate for us to discontinue particular perquisites or to require repayment of the cost of perquisites. During 2008, we did not change our policies with respect to perquisites that we offer to our CEO and other named executive officers.

Table of Contents***2008 Compensation***

How We Determined Compensation for 2008. Base salaries for 2008 were determined through competitive benchmarking based primarily on detailed analysis of selected industry peers. Base salaries for our named executive officers are generally at the median level of the base salary of companies in the relevant peer group which, for 2008, consisted of the diversified REIT peer group companies previously listed under Compensation Design and Philosophy. In 2008, short-term incentive compensation of our executive officers was based 25% on the company's performance and 75% on the individual's performance against specific goals and, in the case of the CEO, the independent directors' evaluation of his performance. The Compensation Committee uses this mix of the company's performance and the individual's performance to determine an overall performance rating, or percentile, for the executive and then compares that to the percentile short-term incentive compensation in the peer group companies.

Company Performance. The company's performance was evaluated based on the company's performance against our business plan and against the following seven performance variables compared to relevant peer group companies: total shareholder return, or TSR; FFO growth; earnings multiple improvement; same store revenue growth; same store expense growth, dividend growth and FFO payout ratios. For 2008, our overall company performance is at the 90th percentile when compared to the relevant peer group companies, which consists of the following publicly traded apartment REITs: Apartment Investment and Management Company (NYSE: AIV), AvalonBay Communities Inc. (NYSE: AVB), BRE Properties, Inc. (NYSE: BRE), Camden Property Trust (NYSE: CPT), Colonial Properties Trust (NYSE: CLP), Equity Residential (NYSE: EQR), Essex Property Trust (NYSE: ESS), Home Properties, Inc. (NYSE: HME), Mid-America Apartment Communities, Inc. (NYSE: MAA) and Post Properties, Inc. (NYSE: PPS). We believe that meeting our goals in these areas will further our goal of increasing stockholder value. For 2008, 25% of the executive's total compensation is based upon company performance.

Individual Performance. The individual's performance is evaluated against specific goals set by the executives and reviewed by our CEO or in the CEO's case, by the Compensation Committee. For 2008, 75% of the executive's total compensation is based upon the evaluation of the executive's achievement of the specific goals and the recommendation of our CEO as to the executive's performance.

Compensation of CEO

For 2008, 25% of Mr. Toomey's compensation was based on the company's performance and 75% on the degree to which Mr. Toomey met individual goals established at the beginning of the year between Mr. Toomey and the Compensation Committee and evaluations of his performance during the year by the Compensation Committee and our board of directors. The company's performance was at the 90th percentile and the Compensation Committee rated Mr. Toomey's individual performance to be at the 90th to 100th percentile based on achievement of his primary performance goals of (1) completion of the \$1.7 billion sale of 25,684 apartment homes which made substantial progress toward our long-term goal of reducing the number of markets in which we compete, refocusing our assets into what we believe to be long-term high growth, high barrier to entry markets, as well as increasing our level of liquidity, (2) completion of the sale of 8,000,000 shares of our common stock raising \$194 million of common equity which was used to reduce our short-term borrowings and further increase liquidity before the full impact of the capital market turmoil of 2008 was fully apparent, (3) extension and expansion totaling \$1.3 billion of our available lines of credit so that we are able to fund debt maturities for 2009, 2010 and 2011 using available resources and lines of credit without having to resort to volatile capital markets and (4) strengthening our executive management team.

Salary. For 2008, Mr. Toomey received a base salary of \$500,000.

Short-Term Incentive Compensation. In February 2009, the Compensation Committee awarded Mr. Toomey short-term incentive compensation in the amount of \$2 million for fiscal 2008.

Long-Term Incentive Compensation. For 2008, our LTI compensation for Mr. Toomey utilized PARS programs focused on (1) FFO results compared to our target and (2) achievement of an 11% increase in NAV per share. Actual awards under the plans could vary from 50% at a minimum threshold to 100% at target, with

Table of Contents

a maximum of 200% at predetermined levels above the target. Under the plans, the Compensation Committee could reduce the awards up to 20% at its discretion, but could not increase the awards. In February 2008, the Compensation Committee approved an award of \$2 million for Mr. Toomey equally divided between the FFO and NAV components. The actual LTI award for fiscal 2008 was 0% for the NAV linked program and 50% for the FFO linked program resulting in compensation of \$500,000 for Mr. Toomey (paid through the issuance of 23,917 shares of restricted stock).

2009 Compensation. For 2009 Mr. Toomey's base salary will remain at \$500,000. The range for Mr. Toomey's short-term incentive compensation is \$0 to \$2 million with a target of \$1 million and will be based 60% on a combination of three company goals; (1) 35% based on targeted FFO, (2) 40% based on SSNOI compared to a peer group of apartment REITs and (3) 25% based on targeted coverage of debt maturities for 2009, 2010 and 2011 by available resources and lines of credit with the remaining 40% based on his individual performance. The short-term incentive compensation will be at a 50% level (\$500,000) for achieving a threshold result, 100% level (\$1 million) for hitting targets with a maximum of 200% (\$2 million) for achieving pre-determined amounts above the targets. His LTI was determined to have a \$2 million target awarded in the form of stock options vesting over three years (see Components of Our Compensation Long-Term Incentive Compensation for details of the stock options).

Compensation of Messrs. Troupe and Wallis

For 2008, 25% of the compensation for Messrs. Troupe and Wallis was based on the company's performance and 75% was based on the degree to which they met individual goals established at the beginning of the year between Mr. Toomey and Messrs. Troupe and Wallis.

Salary. For 2008, Messrs. Troupe and Wallis each received an annual base salary of \$450,000.

Short-Term Incentive Compensation. Based on their performances in achieving their individual goals as well as their substantial performance in completing the \$1.7 billion asset sale, the company's sale of common stock and the increases in our available credit lines, Mr. Troupe was awarded short-term incentive compensation of \$1.4 million and Mr. Wallis was awarded short-term incentive compensation of \$1.5 million.

Long-Term Incentive Compensation. For 2008, our LTI compensation for Messrs. Troupe and Wallis utilized PARS programs focused on (1) FFO results compared to our target and (2) achievement of an 11% increase in NAV per share. Actual awards under the plans could vary from 50% at a minimum threshold to 100% at target, with a maximum of 200% at predetermined levels above the targets. Under the plans, the Compensation Committee could reduce the awards up to 20% at its discretion, but could not increase the awards. The Compensation Committee approved awards of \$1,400,000 each for Messrs. Troupe and Wallis, each equally divided between the FFO and NAV components. Actual awards for 2008 were 0% for the NAV linked program and 50% for the FFO linked program resulting in compensation of \$350,000 each for Messrs. Troupe and Wallis (paid through the issuance of 16,742 shares of restricted stock, respectively).

2009 Compensation. For 2009, the base salaries for Messrs. Troupe and Wallis will remain the same as 2008. The range for Mr. Troupe's short-term incentive compensation is \$0 to \$1.3 million with a target of \$700,000 and will be based 70% on company performance as measured (1) 50% on achieving targeted FFO and (2) 50% on achieving targeted coverage of debt maturities for 2009, 2010 and 2011 by available resources and lines of credit, with the remaining 30% based on his individual performance. The range for Mr. Wallis's short-term incentive compensation is \$0 to \$1.3 million with a target of \$700,000 and will be based 70% on company performance as measured (1) 50% on achieving target FFO and (2) 50% on SSNOI compared to the peer group of apartment REITs, with the remaining 30% based on his individual performance. In both cases the short-term incentive compensation will be at a 50% level (\$350,000) for achieving threshold result, 100% level (\$700,000) for hitting targets, with a maximum of 200%

(\$1.3 million) for achieving pre-determined amounts above the targets. LTI for both Messrs. Troupe and Wallis was determined to have a \$1,300,000 target awarded 50% in the form of stock options vesting over three years and 50% in restricted stock. Vesting of the restricted stock will be contingent on achieving an FFO per share of \$1.00 in 2009 (see Components of Our Compensation Long-Term Incentive Compensation).

Table of Contents***Severance and Change of Control Arrangements***

Benefits in the Event of a Change of Control. Under the provisions of our 1999 Long-Term Incentive Plan, all outstanding options, stock appreciation rights and other awards that may be exercised generally become fully exercisable and all restrictions on outstanding awards will lapse upon the occurrence of a change of control unless otherwise provided in the award agreement. Change of control is defined in the Plan as (1) a merger or consolidation in which we are not the surviving entity, except for a transaction the principal purpose of which is to change the state in which we are incorporated; (2) the transfer or sale of all or substantially all of our assets other than to an affiliate or subsidiary of ours; (3) the liquidation of our company; or (4) the acquisition by any person, or by a group of persons acting in concert, of more than 50% of our outstanding voting securities, which results in the resignation or addition of 50% or more independent members of our board of directors.

Under the terms of our agreement with Warren L. Troupe, our Senior Executive Vice President, General Counsel and Corporate Secretary, in the event of a change of control, all of Mr. Troupe's outstanding options, restricted stock, and any other awards in the nature of rights that may be exercised shall become fully vested and immediately exercisable; all restrictions on any outstanding other awards held by Mr. Troupe (such as awards of restricted stock) shall lapse; and the balance in any deferred compensation plan or shareholder value plan shall become fully vested and immediately payable. Additionally, within the first 24 months of Mr. Troupe's employment, should a change of control occur, he will be paid a minimum of 2 times his 2-year average salary and short-term incentive compensation.

Under the terms of our agreement with Richard A. Giannotti, our Executive Vice President - Redevelopment, Mr. Giannotti is entitled to certain compensation following a change of control of the company that results in his termination (unless the termination is by Mr. Giannotti other than for good reason, as such term is defined in the employment agreement). This compensation includes two years of base salary and the equivalent of two years of annual incentive compensation based upon the average annual incentive compensation earned by Mr. Giannotti for the two calendar years prior to the effective date of the termination, plus all other amounts to which he is entitled under any of the company's compensation plans. Under the terms of Mr. Giannotti's employment agreement as amended in December 2008, compensation following a change of control as discussed above will be delayed to the extent necessary to comply with Section 409A(a)(2)(B)(i) of the Internal Revenue Code of 1986, as amended (the Code).

Severance Benefits. We believe that, in order to attract and retain the best management talent, companies should provide reasonable severance benefits to employees. We believe these severance benefits should reflect the fact that it may be difficult for employees to find comparable employment within a short period of time. They also should disentangle the company from the former employee as soon as practicable. With respect to our senior management, severance benefits are individually negotiated and are subject to approval by the Compensation Committee.

Under the terms of our agreement with Mr. Giannotti, if we terminate the agreement without cause, Mr. Giannotti will be entitled to severance compensation that includes one year of base salary, annual incentive compensation actually earned, if any, prorated through the effective date of termination, and an amount equal to the sum of the annual incentive compensation actually earned over the two calendar years prior to the effective date of termination, divided by two. Mr. Giannotti is also entitled to certain compensation following a change of control of the company that results in his termination (unless the termination is by Mr. Giannotti other than for good reason, as such term is defined in the employment agreement). This compensation includes two years of base salary and the equivalent of two years of annual incentive compensation based upon the average annual incentive compensation earned by Mr. Giannotti for the two calendar years prior to the effective date of the termination, plus all other amounts to which he is entitled under any of the company's compensation plans. Under the terms of the employment agreement as amended in December 2008, the severance payments discussed above will be delayed to the extent necessary to comply with Section 409A(a)(2)(B)(i) of the Code.

Other than the agreements discussed above, we currently do not have any other contractual severance or change of control arrangements with our named executive officers.

Stock Ownership Guidelines. Each of our executive officers is required to comply with our Executive Stock Ownership Guidelines. These guidelines require our executive officers to own a specified number of shares of the company's common stock as determined by the executive officer's position within four years of the date of the executive officer's employment with the company. A copy of our Executive Stock Ownership Guidelines may be found on our corporate governance page on our website at www.udr.com. To access the guidelines on our website, click on "Corporate" and then click on "Governance Documents" under the heading "Corporate Governance."

Accounting and Tax Effects. The impact of accounting treatment is considered in developing and implementing our compensation programs generally, including the accounting treatment as it applies to amounts awarded or paid to our executives. The impact of federal tax laws on our compensation programs is also considered, including the deductibility of compensation paid to our named executive officers, as regulated by Section 162(m) of the Code. Our 1999 Long-Term Incentive Plan has been designed to permit awards under the plan to qualify as a performance-based and, therefore, compensation realized in connection with options and grants of restricted stock that qualify as performance-based are fully tax deductible on our federal income tax return. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy that all compensation must be deductible on our federal income tax returns. The impact of Section 409A of the Code is also taken into account. The 1999 Long-Term Incentive Plan has been designed to comply with the requirements of Section 409A of the Code so as to avoid possible adverse tax consequences that may result from noncompliance.

Equity Granting Process. Grants of stock options, restricted stock and other equity awards to our executive officers and other employees are approved by the Compensation Committee at regularly-scheduled meetings, or occasionally by unanimous written consent. If approval is made at a meeting, the grant date of the award is the date of the meeting; if approval is by unanimous written consent, the grant date of the award is the day the last Compensation Committee member signs the consent.

We have no practice of timing grants of stock options, restricted stock and other equity awards to coordinate with the release of material non-public information, nor have we timed the release of material non-public information for the purpose of affecting the value of the named executive officer compensation.

Table of Contents***Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards******PARS Program***

As part of our LTI compensation, executive officers are eligible to receive grants of Performance Accelerated Restricted Stock Awards, or PARS, under our 1999 Long-Term Incentive Plan. An executive may be awarded a number of shares of common stock with a target grant date value equal to a percentage of the executive's base salary. The shares of common stock may be adjusted, upward or downward, based on the company's FFO and incremental growth in FFO compared to selected peer companies in the REIT industry and our FFO targets during the performance period. The target award level is set by the Compensation Committee, in consultation with our CEO, each year and compares our performance to the relative performance of selected peer companies in the REIT industry during the performance period. Participants are paid dividends on the target award shares during the performance period.

In February 2008, the Compensation Committee approved the 2008 PARS Program, which commenced January 1, 2008 with a maximum pay-out of \$5.7 million if the company's performance was at 100% of FFO, operations and NAV targeted levels. The number of PARS granted to the participants in the 2008 PARS Program was based on the closing price of our common stock on December 31, 2007, the date of the grant, which price was \$20.9055. The actual number of shares earned could have ranged from 0% to 124% of the target award level depending on the company's performance during the performance period. For the 2008 PARS Program, the Compensation Committee authorized actual awards at FFO 50%, Operations 104% and NAV 0% of the targeted award level. The earned shares vest over three years. There were 64 participants in the 2008 PARS Program.

In addition, under the LTI plan based on FFO and NAV growth, the targeted award levels and the initial number of shares granted to Messrs. Toomey, Troupe and Wallis were as follows:

	Amount of Award	Target Award (Shares)	Actual Award (Shares)
Thomas W. Toomey	\$ 2,000,000(1)	95,668	23,917
Warren L. Troupe	\$ 1,400,000(2)	66,968	16,742
W. Mark Wallis	\$ 1,400,000(2)	66,968	16,742

(1) \$1,000,000 FFO linked compensation and \$1,000,000 NAV linked compensation which paid \$0 for NAV and \$500,000 for FFO.

(2) \$700,000 FFO linked compensation and \$700,000 NAV linked compensation which paid \$0 for NAV and \$350,000 for FFO.

For the 2008 PARS Program, the target award levels expressed as a percentage of the 2008 base salary, the initial number of shares and the actual number of shares granted to our other named executive officers was as follows:

Percentage of Base Salary	Target Award (Shares)	Actual Award (Shares)
--	----------------------------------	----------------------------------

David L. Messenger	50%	4,305	2,152
Richard A. Giannotti	25%	2,870	1,435
Michael A. Ernst(1)			

(1) Mr. Ernst's last day of employment with the company was July 31, 2008.

In December 2008, the Compensation Committee approved the 2009 PARS Program, which commenced as of January 1, 2009 and could result in a maximum pay-out of \$2,326,411 if the company's performance is at 100% of the targeted performance percentile. The actual number of shares earned could range from 0% to 135% of the target award level depending on the company's performance during the performance period.

The number of PARS granted to the participants in the 2009 PARS Program was based on the trailing 20-day average closing price of our common stock as of December 31, 2008, the date of grant, which price

was \$13.9225. For the 2009 PARS Program, the target award levels expressed as a percentage of the 2009 base salary and the initial number of shares granted to our named executive officers under the target award are as follows:

	Percentage of Base Salary	Target Award (Shares)	Actual Award (Shares)
Thomas W. Toomey(1)	0%	0	0
David L. Messenger	109%	21,548	*
Warren L. Troupe(1)	0%	0	0
W. Mark Wallis(1)	0%	0	0
Richard A. Giannotti	25%	4,310	*
Michael A. Ernst(2)	0%	0	0

* Actual awards may vary from 50% at a minimum threshold to 100% at target, with a maximum of 200% at predetermined levels above the target. Under the plan, the Compensation Committee can reduce the awards up to 20%, at its discretion, but cannot increase the awards.

(2) Mr. Ernst's last day of employment with us was July 31, 2008.

Under the LTI plan, the targeted award levels and the initial number of shares granted to Messrs. Toomey, Troupe and Wallis are as follows:

Out-Performance Programs

As previously discussed in this proxy statement, for 2008 and 2009 the Compensation Committee eliminated the Out-Performance Program that was utilized from 2001 through 2007. Below is a brief overview of the Series C, Series D and Series E Out-Performance Programs that were established prior to 2008.

Five-Year Out-Performance Program

Overview. In May 2005, our stockholders approved our five-year Out-Performance Program, which includes our Series C, Series D and Series E Out-Performance Programs. Pursuant to the five-year Out-Performance Program, certain of our executive officers and other key employees may be given the opportunity to purchase various series of performance shares of UDR LP, which we refer to generally as OPPSs. The OPPSs are not securities of UDR, Inc.

The five-year Out-Performance Program was designed to provide participants with the possibility of substantial returns on their investment if the total return on our common stock exceeds targeted levels, while putting the participants' investment at risk if those levels are not exceeded. The Out-Performance Program is administered by our Compensation Committee, and participants are recommended to the Compensation Committee by the Chief Executive Officer. Members of the board of directors who are not our employees are not eligible to participate in the Out-Performance Program.

Table of Contents

Each series of OPPSs are issued by UDR LP to a separate limited liability company, referred to herein as an LLC, formed for the benefit of selected executive officers and other key employees who agree to invest in that series of OPPSs. We do not have an ownership interest in the LLC. The participants contribute funds or offer other consideration to purchase interests in such LLC and will indirectly participate in such series of OPPSs on the basis of each participant's investment in the corresponding LLC. Any executive officer or other key employee who is provided the opportunity to participate in the OPPSs is under no obligation to exercise that right. Prior to the applicable Valuation Date, each LLC will have the right, but not the obligation, to repurchase units from members whose employment terminates and such units may be re-sold by such LLC to selected executive officers or other key employees.

We anticipate that interests under an outstanding OPPSs program may also be tendered to us for purchase or exchanged in payment for a participant's investment in any subsequent Out-Performance Programs. Any such exchange will be based on the fair market value at the time as determined by an independent valuation expert and will be made solely at the discretion of our board of directors.

The specific features of the OPPSs, the designation of executive officers and other key employees as potential participants and the level of participation of each participant may vary from series to series of OPPSs.

Determination of Purchase Price. The purchase price for each series of OPPSs is set by the Compensation Committee based upon the advice of an independent valuation expert. We engaged Citigroup to advise the Compensation Committee on appropriate methodology for valuing the Series C OPPS and the Series D OPPS and Houlihan Lokey for the Series E OPPS. Citigroup concluded that the OPPS should be viewed, for valuation purposes, as a security having a non-transferable option-like component (i.e., during the period prior to the measurement date) and an illiquid income-producing component (i.e., following the measurement date if the out-performance thresholds are met). In other words, because the number of operating partnership (OP) units that will be earned if the out-performance thresholds are met will be determined in part by the stock price of the common stock on the measurement date, just valuing the income stream of the common stock would have ignored other market variables that form a part of the price of the common stock. Therefore, it was deemed appropriate to use a valuation methodology that would account for market influences on the value of the common stock prior to the measurement date and not just the discounted future dividends on the common stock.

Measurement Period. Our performance for each series of OPPSs under the Out-Performance Program is measured over a period to be determined by the Compensation Committee with respect to each such series. The LLC that holds such series of OPPSs will have no right to receive distributions or allocations of income or loss, or to redeem those units prior to the date, referred to as the Valuation Date, that is the earlier of (i) the expiration of the measurement period for such series of OPPSs, or (ii) the date of a change of control of our company.

Total Payout. For each series of OPPSs, the total payout, if any, under each such series of OPPSs will be calculated by (i) determining the amount by which the cumulative total return of our stock exceeds the applicable threshold (the Excess Return); (ii) multiplying up to 2.0% of the Excess Return by our Market Capitalization capped at up to 1% of Market Capitalization for each of the Series C and Series D and capped at up to .50% of Market Capitalization for the Series E; and (iii) dividing that number by the market value of one share of our common stock on the applicable Valuation Date, computed as the weighted average price per day for 20 trading days immediately preceding the Valuation Date, in order to determine the equivalent number of OP units. Market Capitalization is defined as the average number of our shares outstanding (including common stock, common stock equivalents and OP Units) over the measurement period for each respective series of OPPSs multiplied by the daily closing price of our common stock.

Distributions and Allocations of Income. Each series of OPPSs will only be entitled to receive distributions and allocations of income and loss if, as of the Valuation Date, the threshold return during the measurement period for such series was achieved. If the threshold return is met, the LLC, as the holder of such series of OPPSs, will be entitled to begin receiving distributions and allocations of income and loss from UDR LP equal to the distributions and allocations that would be received on the similar number of OP Units,

Table of Contents

which is determined based on the total payout described in the preceding paragraph. If, on the respective Valuation Date, the threshold return does not meet the minimum return, then holders of each of such series of OPPSs will forfeit their investment.

Change-in-Control. Upon the occurrence of a change of control, each LLC or any participant that holds any OPPSs will have the same redemption rights as other holders of OP Units. In the event of a change of control, each LLC or participant that holds OPPSs may require UDR LP to redeem all or a portion of the units held by such party in exchange for a cash payment per unit equal to the market value of a share of the our common stock at the time of redemption. However, in the event that any units are tendered for redemption, UDR LP's obligation to pay the redemption price will be subject to our prior right to acquire such units in exchange for an equal number of shares of our common stock. Otherwise, no securities of UDR, Inc. are issued in connection with the Out-Performance Programs.

Series C and Series D Programs. Under our Series C Out-Performance Program pursuant to which certain of our executive officers were given the opportunity to purchase interests in the Series C limited liability company, the only asset of which is a special class of partnership units of UDR LP, which we refer to as the Series C OPPSs. The purchase price for the Series C OPPSs was determined by our board of directors to be \$750,000 assuming 100% participation, and was based upon the advice of an independent valuation expert. The Series C Program measured the cumulative total return on our common stock over the 36-month period from June 1, 2005 to May 30, 2008. The Series C Program was designed to provide the possibility of substantial returns to the participants if the total cumulative return on our common stock, as measured by the cumulative amount of dividends paid plus share price appreciation during the measurement period (a) exceeded the cumulative total return of the Morgan Stanley REIT Index peer group over the same period; and (b) was at least the equivalent of a 36% total return, or 12% annualized. At the conclusion of the measurement period on May 30, 2008, the total cumulative return on our common stock did not satisfy these criteria. As a result, there was no payout under the Series C Program and the investment of \$532,500 made by the holders of the Series C OPPSs was forfeited.

Under our Series D Out-Performance Program pursuant to which certain of our executive officers were given the opportunity to purchase interests in the Series D limited liability company, the only asset of which is a special class of partnership units of UDR LP, which we refer to as the Series D OPPSs. The purchase price for the Series D OPPSs was determined by our board of directors to be \$830,000, assuming 100% participation, and was based upon the advice of an independent valuation expert. The Series D Program measured the cumulative total return on our common stock over the 36-month period from January 1, 2006 to December 31, 2008. The Series D Program was designed to provide the possibility of substantial returns to the participants if the total cumulative return on our common stock, as measured by the cumulative amount of dividends paid plus share price appreciation during the measurement period (a) exceeded the cumulative total return of the Morgan Stanley REIT Index peer group over the same period; and (b) was at least the equivalent of a 36% total return, or 12% annualized. At the conclusion of the measurement period on December 31, 2008, the total cumulative return on our common stock did not satisfy these criteria. As a result, there was no payout under the Series D Program and the investment of \$443,267 made by the holders of the Series D OPPSs was forfeited.

Features of the Series E OPPS Programs. In addition to the features described above with respect to our five-year Out-Performance Program, the Series E Program has the following features:

Employment and Other Agreements

Employment Arrangements. In February 2008, we entered into an employment agreement with Warren L. Troupe, our Senior Executive Vice President, General Counsel and Corporate Secretary. Under the terms of the agreement, we have agreed to pay Mr. Troupe a base salary of \$450,000 per year, subject to annual review. The agreement also provides that Mr. Troupe is eligible to receive a discretionary cash bonus in the range of 200% to 350% of his annual salary, based on our CEO's evaluation of Mr. Troupe's performance together with his ability to accomplish mutually established individual and corporate goals. Under the terms of the agreement, we agreed that Mr. Troupe's bonus for 2008 would be a minimum of \$1,200,000. We also granted Mr. Troupe 176,911 shares of restricted common stock priced at approximately \$21.94 per share, which shares vest pro rata over a four-year period ending March 3, 2012 subject to Mr. Troupe's continued employment with us on the vesting dates. He was also granted an option to purchase 216,540 shares of our common stock at an exercise price of \$24.38 per share, which will vest pro rata over a four-year period ending March 3, 2012.

As set forth in the agreement, Mr. Troupe will participate in our long-term incentive programs. For 2008, Mr. Troupe was awarded \$700,000 of FFO-linked compensation and \$700,000 NAV-linked compensation under our existing PARS program. The final award for 2008 was \$0 of NAV-linked compensation and \$350,000 of FFO-linked compensation (paid through the issuance of 16,742 shares of restricted stock).

The agreement also provides that Mr. Troupe will receive certain payments and other benefits upon a change of control that are described below under the caption Post-Employment Compensation Severance and Change of Control Arrangements. Pursuant to the agreement, Mr. Troupe is eligible to enroll in our medical, dental, life and vision plans. Mr. Troupe's employment with us is at-will and may be terminated by us or by Mr. Troupe at any time for any reason and without a requirement of cause.

In December 1998, we entered into an employment agreement with Richard A. Giannotti, our Executive Vice President Redevelopment. We amended the agreement in December 2008 in order to comply with

Table of Contents

Section 409A of the Code. Under the terms of the agreement, we have agreed to pay Mr. Giannotti an annual base salary of at least \$175,000. For 2008, we paid Mr. Giannotti a base salary of \$240,000. The employment agreement also provides that Mr. Giannotti shall have the opportunity to earn an annual bonus of at least 45% of his base salary, based upon the company and Mr. Giannotti meeting certain performance goals and objectives as determined by the Compensation Committee. For 2008, Mr. Giannotti received a bonus of \$550,000. The employment agreement also provides that Mr. Giannotti may participate in the company's long-term compensation plans for senior officers as adopted by the board of directors or the Compensation Committee.

Mr. Giannotti's employment agreement is automatically renewable for successive one year periods, ending as of December 31 of each year, unless sooner terminated in accordance with the terms of agreement. If we terminate the agreement without cause, or if Mr. Giannotti is terminated following a change of control of the company, Mr. Giannotti may be entitled to receive certain payments and other benefits described below under the caption Post-Employment Compensation Severance and Change of Control Arrangements.

In connection with the appointment of Mr. Messenger as our Senior Vice President and Chief Financial Officer in 2008, we agreed to pay Mr. Messenger a base salary of \$230,000, which will be subject to annual review. We also granted Mr. Messenger 12,121 shares of restricted common stock priced at approximately \$24.75 per share, which shares vest pro rata over a four-year period ending June 2, 2012, subject to Mr. Messenger's continued employment with us on the vesting dates.

On June 30, 2008, we entered into an agreement with Mr. Ernst containing the following terms in connection with his separation from employment with us effective July 31, 2008:

Mr. Ernst may continue to participate in our group health insurance plans at the same coverage levels as immediately prior to his separation date on July 31, 2008. Coverage will continue until the first to occur of (a) July 31, 2009, (b) his employment by a third party and eligibility for coverage by such employer, or (c) his default or discontinuance of the payment of his portion of the premiums. During this period, we will continue to pay our portion of the premiums and Mr. Ernst will pay his portion of the premiums.

On January 1, 2007, Mr. Ernst received 3,922 shares of our common stock pursuant to his 2007 PARS Awards, and on January 1, 2006 he received 3,754 shares of our common stock pursuant to his 2006 PARS Award. Mr. Ernst forfeited any right to receive additional shares of common stock under his 2006, 2007 and 2008 PARS Award grants.

Further, we agreed that all restrictions on the following restricted stock awards held by Ms. Ernst would lapse: (i) 3,332 shares of restricted common stock granted on February 8, 2007; and (ii) 7,153 shares of restricted common stock granted on February 17, 2008.

We do not have employment agreements or arrangements with any of our other named executive officers other than the agreements and compensation programs described elsewhere in this proxy statement.

Other Agreements with Executive Officers. In November 2005, we entered into an aircraft time-share agreement with Mr. Toomey. Under the aircraft time-share agreement, we have agreed to lease an aircraft, including crew and flight services, to Mr. Toomey for personal flights from time to time upon his request. Mr. Toomey will pay us a lease fee equal to all actual expenses of each specific flight within 30 days of receipt of the invoice from the company, which we will provide to Mr. Toomey on the last day of the month in which the flight occurred. Actual expenses include all travel expenses of the crew, in-flight food with beverages, trip-related maintenance, flight planning and weather contract services, repositioning costs, fuel, landing fees and airport taxes, among others. The aircraft time-share agreement may be terminated by either party upon ten days' notice and automatically terminates upon termination of

the aircraft lease or the date Mr. Toomey is no longer employed by us. In 2008, Mr. Toomey paid us \$57,920 under the aircraft time-share agreement.

Table of Contents

In addition, Mr. Troupe paid us \$3,520 and Mr. Wallis paid us \$4,448, respectively, for use of the aircraft in 2008, which payments were calculated on the same basis as provided in the aircraft time-share agreement with Mr. Toomey.

Post-Employment Compensation Severance and Change of Control Arrangements

Change of Control. Under the provisions of our 1999 Long-Term Incentive Plan, all outstanding options, stock appreciation rights and other awards that may be exercised generally become fully exercisable and all restrictions on outstanding awards will lapse upon the occurrence of a change of control unless otherwise provided in the award agreement. Change of control is defined in the Plan as (1) a merger or consolidation in which we are not the surviving entity, except for a transaction the principal purpose of which is to change the state in which we are incorporated; (2) the transfer or sale of all or substantially all of our assets other than to an affiliate or subsidiary of ours; (3) the liquidation of our company; or (4) the acquisition by any person, or by a group of persons acting in concert, of more than 50% of our outstanding voting securities, which results in the resignation or addition of 50% or more independent members of our board of directors.

In February 2008, we entered into a letter agreement with Mr. Troupe, our Senior Executive Vice President, General Counsel and Corporate Secretary. Pursuant to the terms of the letter agreement, in the event of a change of control, all of his outstanding options, restricted stock, and any other awards in the nature of rights that may be exercised shall become fully vested and immediately exercisable; all restrictions on any outstanding other awards held by Mr. Troupe (such as awards of restricted stock) shall lapse; and the balance in any deferred compensation plan or shareholder value plan shall become fully vested and immediately payable. Additionally, within the first 24 months of Mr. Troupe's employment, should a change of control occur, he will be paid a minimum of 2 times his 2-year average salary and short-term incentive compensation.

On December 8, 1998, we entered into an employment agreement with Mr. Giannotti, our Executive Vice President Redevelopment. If the company terminates the agreement without cause, Mr. Giannotti will be entitled to severance compensation that includes one year of base salary, annual incentive compensation actually earned, if any, prorated through the effective date of termination, and an amount equal to the sum of the annual incentive compensation actually earned over the two calendar years prior to the effective date of termination, divided by two. Mr. Giannotti is also entitled to certain compensation following a change of control of the company that results in his termination (unless the termination is by Mr. Giannotti other than for good reason, as such term is defined in the employment agreement). This compensation includes two years of base salary and the equivalent of two years of annual incentive compensation based upon the average annual incentive compensation earned by Mr. Giannotti for the two calendar years prior to the effective date of the termination, plus all other amounts to which he is entitled under any of the company's compensation plans. Under the terms of the employment agreement as amended in December 2008, severance payments and certain compensation following a change of control as discussed above will be delayed to the extent necessary to comply with Section 409A(a)(2)(B)(i) of the Code.

If a change in control occurred effective as of December 31, 2008, the value of the cash payments and the benefits provided (based on the exercise of options and the release of restrictions on previously granted stock awards) to each of the named executive officers would have been as follows:

Name	Cash Payments	Value of Outstanding Options	Value of Outstanding Restricted Stock Awards	Value of Unused Vacation	Total

Severance Benefits. We believe that, in order to attract and retain the best management talent, companies should provide reasonable severance benefits to employees. We believe these severance benefits should reflect the fact that it may be difficult for employees to find comparable employment within a short period of time. They also should disentangle the company from the former employee as soon as practicable. With respect to our senior management, severance benefits are individually negotiated.

With the exception of the letter agreement with Mr. Troupe and the employment agreement with Mr. Giannotti, we currently do not have any other contractual severance arrangements with our named executive officers.

Review, Approval or Ratification of Transactions with Related Persons

Our board of directors has adopted a policy relating to the review, approval and ratification of transactions with related persons. The company recognizes that there are situations where related person transactions may be in, or not inconsistent with, the best interest of the company and therefore the board adopted a policy to provide a procedure for the review, approval or ratification of related person transactions. The policy applies to any transaction, the amount of which exceeds \$120,000, between the company and any person who is a director, executive officer or the beneficial owner of more than 5% of any class of the company's voting securities. Any related person transaction is subject to approval by the board or the executive committee of the board.

Compensation Deductibility Policy

Under Section 162(m) of the Code, we may not receive a federal income tax deduction for compensation paid to our CEO or any of the three other most highly compensated executive officers to the extent that any of such persons receive more than \$1,000,000 in compensation in any one year. However, if we pay compensation that is performance-based under Section 162(m), we can receive a federal income tax deduction for the compensation paid even if such compensation exceeds \$1,000,000 in a single year.

Our 1999 Long-Term Incentive Plan has been designed to permit awards under the plan to qualify as performance-based and, therefore, compensation realized in connection with options and grants of restricted stock that qualify as performance-based are fully tax deductible on our federal income tax return. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy that all compensation must be deductible on our federal income tax returns.

The foregoing policy is subject to change as the Compensation Committee deems necessary from time to time to respond to economic conditions, meet competitive standards and to serve our objectives and our stockholders.

AUDIT COMMITTEE REPORT

Notwithstanding anything to the contrary set forth in any of our previous or future filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate this proxy statement or future filings with the Securities and Exchange Commission, in whole or part, the following report shall not be deemed to be incorporated by reference into any such filing.

The Audit Committee has reviewed and discussed our unaudited financial statements for the quarters ended March 31, June 30 and September 30, 2008 and our December 31, 2008 audited financial statements with management and with Ernst & Young LLP, our independent accountants. Each member of the Audit Committee is independent in accordance with the applicable corporate governance listing standards of the NYSE.

The Audit Committee has also discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended. This included (1) the auditor's judgment about the quality, not just the acceptability, of our accounting principles as applied in our financial reporting, (2) methods used to account for significant unusual transactions, (3) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus, (4) the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates, (5) the auditor's responsibility for other information containing audited financial statements, such as Management's Discussion and Analysis of Financial Conditions and Results of Operation, the level of responsibility assumed by the auditor in auditing the financial statements and that such audit is designed to obtain reasonable, rather than absolute, assurance about financial statements, and (6) any disagreements with management over the application of accounting principles.

In addition, the Audit Committee has received from Ernst & Young LLP the written disclosures required by Rule 3526 of the Public Company Accounting Oversight Board, Communication with Audit Committees Concerning Independence, regarding their independence regarding their independence, and has discussed with Ernst & Young LLP their independence relative to us, including whether the provision of their services is compatible with maintaining Ernst & Young LLP's independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the board that the December 31, 2008 audited financial statements be included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission.

Table of Contents**Audit Fees**

In connection with the audit of the 2008 financial statements, we entered into an engagement agreement with Ernst & Young LLP which set forth the terms by which Ernst & Young LLP will perform audit services for us. That agreement is subject to alternative dispute resolution procedures and an exclusion of punitive damages.

The following table sets forth the aggregate fees billed or to be billed by Ernst & Young LLP for the following services during fiscal 2008 and fiscal 2007.

Description of Services	2008	2007
Audit Fees(1)	\$ 1,397,100	\$ 1,327,200
Audit-Related Fees(2)		
Tax Fees(3)	400,595	393,256
Total	\$ 1,797,695	\$ 1,720,456

- (1) Audit fees consist of fees for the audit and review of the company's consolidated financial statements, acquisition audits, statutory audits, comfort letters, consents, debt covenant letters and assistance with and review of documents filed with the SEC. A total of \$385,200 and \$409,200 for 2008 and 2007, respectively, of the Audit Fees was for Ernst & Young LLP's review of the effectiveness of the company's internal controls over financial reporting.
- (2) Audit-related fees consist of fees for audit-related fees for partnership and benefit plan audits, review of proxy materials, accounting advice in connection with specific transactions, internal control reviews and various attestation engagements.
- (3) Tax fees consist of fees for tax compliance, tax advisory services (1031 and state planning) and tax planning.

Pre-Approval Policies and Procedures

The charter of the Audit Committee provides that the Audit Committee is responsible for the pre-approval of all audit and permitted non-audit services to be performed for the company by the independent auditors. The fees paid to the independent auditors that are shown in the chart above for 2008 were approved by the Audit Committee in accordance with the procedures described below.

The Audit Committee reviews at its meetings audit and non-audit services proposed to be provided by the independent auditors. The Committee has delegated to the Chair, or an alternate member of the Audit Committee, the authority to grant pre-approvals if either deems it necessary or appropriate to consider a pre-approval request without a meeting of the full Audit Committee. Pre-approvals by the Chair or alternate member are reviewed with the Audit Committee at its next regularly scheduled meeting.

In considering the pre-approval of proposed audit or non-audit services by the independent auditors, management reviews with the Audit Committee or its delegate, a description of and the budget for the proposed service and the

reasons that the independent auditors are being requested to provide the services, including any possible impact on the independence of the independent auditors. Additional Audit Committee approval is required if the pre-approved services exceed the pre-approved budgeted amount for the services.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Ernst & Young LLP, independent registered public accounting firm, served as our auditors for fiscal 2008. Our Audit Committee has selected Ernst & Young LLP to audit our financial statements for fiscal 2009. We expect that a representative of Ernst & Young LLP will be present at the meeting, will have the opportunity to make a statement if he or she desires to do so and will be available to answer any appropriate questions from stockholders.

Vote Required and Board of Directors Recommendation

Although it is not required to do so, the board of directors is submitting the Audit Committee's selection of our independent auditors for ratification by the stockholders at the meeting in order to ascertain the view of our stockholders regarding such selection. The affirmative vote of a majority of the votes cast at the meeting will be required to approve this proposal. In the event the stockholders do not ratify this appointment, the Audit Committee will reconsider its selection. Even if the appointment is ratified by the stockholders, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the company and its stockholders.

Our board of directors recommends that the stockholders vote FOR the ratification of the appointment of Ernst & Young LLP as our independent auditors for fiscal 2009.

PROPOSAL NO. 3

APPROVAL OF AMENDED AND RESTATED 1999 LONG-TERM INCENTIVE PLAN

Background of the Plan

On May 8, 2001 our stockholders approved the 1999 Long-Term Incentive Plan. Subsequent to May 8, 2001, our board amended and restated the plan on May 4, 2004 to eliminate the express authority to pay the exercise price of an option with a promissory note, on July 23, 2004 to provide that unless otherwise provided in a participant's award agreement upon a participant's death, disability or retirement, all outstanding options, stock appreciation rights and other awards in the nature of rights that may be exercised shall become fully exercisable and all restrictions on outstanding awards shall lapse, on February 10, 2006, to eliminate the automatic grant of formula awards to non-employee directors, to update non-material or outdated terms of the plan i.e., par value of common stock and references to pooling treatment and to conform to Maryland versus Virginia corporate law, and on February 7, 2008, to (1) reflect the change in our name to UDR, Inc.; (2) make the award adjustment provisions that would apply in the event of a corporate transaction (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares) mandatory; and (3) except in connection with certain changes in capital structure, require stockholder approval for any reduction of the grant price of any stock appreciation right award (in addition to any reduction in the exercise price of any stock option). These amendments did not require stockholder approval.

On May 30, 2008, our board amended and restated the plan to: (1) limit the term of stock appreciation rights (in addition to stock options) to 10 years; (2) provide that shares of stock that are (a) not issued or delivered as a result of the net settlement of a stock appreciation right or option, (b) used to pay the exercise price or withholding taxes related to an outstanding award or (c) repurchased on the open market with the proceeds of the option exercise price

shall not again become available for issuance under the plan; (3) provide that the exercise price per share of an option shall in no event be less than the fair market value of one share of stock on the date of grant; (4) provide that the maximum fair market value of any awards, other than options or stock appreciation rights, that may be received by a participant during any one calendar year shall be \$2,000,000; (5) provide that, except in connection with certain changes in capital structure, without the consent of stockholders an award may not be (a) granted in substitution of another award if the effect is to

Table of Contents

replace an option or stock appreciation right with an award with a lower exercise or grant price, or (b) exchanged or bought out if the effect is to lower the exercise price of the option or the grant price of the stock appreciation right; (6) expand the performance goals available for the grant of performance-based awards under the plan; and (7) clarify that performance-based awards may be determined on the basis of any combination or subset of the specified performance goals.

Why is the amended and restated plan being submitted to stockholders for approval?

The stockholders are being asked to approve the action of our board amending and restating the plan. Subject to stockholder approval, on March 12, 2009, the board approved the amendment and restatement of the plan to (1) increase the number of shares reserved for issuance under the plan by 12,000,000 shares from 4,000,000 shares to 16,000,000 shares, subject to adjustment in the event of a corporate transaction (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), (2) adopt a fungible share reserve pursuant to which awards other than stock options and stock appreciation rights will count against the reserve as two and twenty-eight hundredths of a share (2.28 shares) for each share subject to the award, (3) raise the annual per person limit on Awards other than Options and Stock Appreciation Rights to \$5,000,000, and (4) raise the annual per person limit on the number of shares of stock with respect to Options and/or Stock Appreciation Rights that may be granted under the plan to 5,000,000 shares. The stockholders are also being asked to approve the inclusion in the performance goals that may be used for performance-based awards targets based, in whole or in part, on funds from operations, net asset value, same store revenue growth, same store expense growth, net operating income, development or redevelopment activities, lease-up activities or funds from operations pay-out ratio and the achievement of goals with respect to expansion of revenue or income streams, sourcing of low cost capital, operational efficiencies, dividend growth or earnings multiple improvement. Finally, the stockholders are being asked to re-approve the material terms of the plan's performance measures so that the Company will continue to have the ability to grant performance-based awards (in addition to stock options and stock appreciation rights) that are exempt from the \$1 million deductibility limit under Section 162(m) of the Code. Under Section 162(m), the federal income tax deductibility of compensation paid to our Chief Executive Officer and to each of our three other most highly-compensated executive officers (other than the Chief Financial Officer) may be limited to the extent that such compensation exceeds \$1 million in any one year. Under Section 162(m), we may deduct compensation in excess of that amount if it qualifies as performance-based compensation, as defined in Section 162(m). Re-approval for section 162(m) is required every five years, and we last obtained this re-approval in 2006. Stockholder approval this year will extend our Section 162(m) protection until 2014.

What happens if stockholders do not approve the amended and restated plan?

In the event stockholders do not vote to approve the amended and restated plan, the plan will still remain in effect. However, in that event, we will be limited to the 4,000,000 shares that are currently reserved for issuance under the plan, the plan will not have a fungible share reserve, the list of performance goals for performance-based compensation under the plan will be limited, and we will be limited in our ability to issue awards under the plan in the future. The maximum fair market value of any award (other than options and stock appreciation rights) that may be received by a participant (less any consideration paid by the participant for such award) during any one calendar year under the plan will be \$1,000,000. The maximum number of shares of stock with respect to one or more options and/or stock appreciation rights that may be granted during any one calendar year under the plan to any one participant will be 500,000 shares. In addition, in that event our ability to grant performance based awards (other than stock options and stock appreciation rights) that are exempt from the Section 162(m) deductibility limit will terminate in 2011, rather than 2014.

The following summary of the plan is subject to the specific provisions contained in the full text of the plan, as amended and restated, set forth on Appendix A and incorporated herein by reference.

Table of Contents

How many shares are reserved for issuance under the plan?

We have reserved 2,598,868 shares for issuance upon the grant or exercise of awards pursuant to the plan. As of March 23, 2009, there were 896,550 shares of common stock available for grant under the plan, and 1,685,836 shares of restricted stock have been awarded. As of March 23, 2009, the fair market value of a share of our common stock as reported on the New York Stock Exchange was \$8.34.

What is the purpose of the plan?

The purpose of the plan is to promote the success and enhance the value of the company by linking the personal interests of our employees, officers, consultants and directors to those of our stockholders and by providing participants with an incentive for outstanding performance. The plan is further intended to provide flexibility to the company in its ability to motivate, attract and retain the services of employees, officers, consultants and directors upon whose judgment, interest and special effort the successful conduct of our operations is largely dependent.

Who is eligible to participate in the plan?

Employees, officers, consultants and directors of us or of any parent or subsidiary companies.

What awards are authorized under the plan?

The plan authorizes the granting of awards in any of the following forms:

- options to purchase shares of common stock;
- stock appreciation rights;
- restricted stock;
- performance units;
- dividend equivalents;
- other stock-based awards;
- any other right or interest relating to common stock; or
- cash.

Are there any limitations on the size of awards that may be granted?

If the stockholders vote to amend and restate the plan, the maximum number of shares of our common stock with respect to one or more options and/or stock appreciation rights that may be granted during any one calendar year under the plan to any one person will be 5,000,000 shares of common stock. If the stockholders vote to amend and restate the plan, the maximum fair market value of any award (other than options and stock appreciation rights) that may be received by a participant (less any consideration paid by the participant for such award) during any one calendar year under the plan will be \$5,000,000.

Who administers the plan?

The plan is administered by our Compensation Committee. The Compensation Committee has the authority to designate participants; determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof; establish, adopt or revise any rules and regulations as it may deem advisable to administer the plan; and make all other decisions and determinations that may be required under the plan. Our board may at any time administer the plan. If it does so, it will have all the powers of the Compensation Committee.

Table of Contents

Can adjustments be made to the per-share exercise or base price of option awards?

In no case (except due to an adjustment to reflect a stock split or similar event or any repricing that may be approved by stockholders) will any adjustment be made to a stock option or stock appreciation right award under the plan (by amendment, cancellation and re-grant, substitution, exchange, buyout or other means) that would constitute a repricing of the per-share exercise price of the stock option award or the grant price of the stock appreciation right.

How will awards be made?

Stock Options. The Compensation Committee is authorized to grant incentive stock options or non-qualified stock options under the plan. The terms of an incentive stock option must meet the requirements of Section 422 of the Code. All options will be evidenced by a written award agreement with the participant, which will include any provisions specified by the Compensation Committee. However, the exercise price of an incentive stock option may not be less than the fair market value of the underlying stock on the date of grant. No option may have a term of more than ten years. In addition, the Compensation Committee is not permitted to grant options with a re-load feature, which provides for the automatic grant of a new option if the optionee delivers shares of stock as full or partial payment of the exercise price of the original option.

Stock Appreciation Rights. The Compensation Committee may grant stock appreciation rights under the plan. Upon the exercise of a stock appreciation right, the participant has the right to receive the excess, if any, of the fair market value of one share of our common stock on the date of exercise, over the grant price of the stock appreciation right as determined by the Compensation Committee, which will not be less than the fair market value of one share of our common stock on the date of grant. All awards of stock appreciation rights will be evidenced by an award agreement, reflecting the terms, methods of exercise, methods of settlement, form of consideration payable in settlement, and any other terms and conditions of the stock appreciation right, as determined by the Compensation Committee at the time of grant. No stock appreciation right may have a term of more than ten years.

Restricted Stock Awards. The Compensation Committee may make awards of restricted stock to participants, which will be subject to such restrictions on transferability and other restrictions as the Compensation Committee may impose (including, without limitation, limitations on the right to vote restricted stock or the right to receive dividends, if any, on the restricted stock).

Performance Units. The Compensation Committee is authorized to grant performance units to participants subject to such terms and conditions as may be selected by the Compensation Committee. Performance units do not represent any actual ownership interest in the company. The units can ultimately be paid in cash or shares of our common stock as determined by the Compensation Committee.

Dividend Equivalents. The Compensation Committee is authorized to grant dividend equivalents to participants subject to such terms and conditions as may be selected by the Compensation Committee. Dividend equivalents entitle the participant to receive payments equal to dividends with respect to all or a portion of the number of shares of our common stock, as determined by the Compensation Committee. The Compensation Committee may provide that dividend equivalents be paid or distributed when accrued or be deemed to have been reinvested in additional shares of our common stock or otherwise reinvested.

Other Stock-Based Awards. The Compensation Committee may, subject to limitations under applicable law, grant to participants such other awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to shares of our common stock as deemed by the Compensation Committee to be consistent with the purposes

of the plan, including without limitation, shares of our common stock awarded purely as a bonus and not subject to any restrictions or conditions, convertible or exchangeable debt securities, other rights convertible or exchangeable into shares of our common stock, and awards valued by reference to book value of shares of our common stock or the value of securities of or the performance of specified parents or subsidiaries. The Compensation Committee will determine the terms and conditions of any such awards.

Table of Contents

Performance Goals. The Compensation Committee may determine that any award will be determined solely on the basis of:

our achievement (or the achievement of our parent or subsidiary) of a specified target return, or target growth in return, on equity or assets;

our total stockholder return (stock price plus reinvested dividends) relative to a defined comparison group or target over a specific performance period;

our stock price;

the achievement by an individual, us, or a business unit of ours or our parent or subsidiary, of a specified target, or target growth in, revenues, net income or earnings per share including, but not limited to, targets based in whole or in part on funds from operations, net asset value, same store revenue growth, same store expense growth, net operating income, development or redevelopment activities, lease-up activities or funds from operations pay-out ratio;

the achievement of objectively determinable goals with respect to product delivery, service or product quality, customer satisfaction, expansion of revenue or income streams, sourcing of low cost capital, operational efficiencies, dividend growth or earnings multiple improvement, meeting budgets and/or retention of employees; or

any combination or subset of the above.

If an award is made on such basis, the Compensation Committee must establish goals prior to the beginning of the period for which such performance goal relates (or such later date as may be permitted under applicable tax regulations) and the Compensation Committee may for any reason reduce (but not increase) any award, notwithstanding the achievement of a specified goal. Any payment of an award granted with performance goals will be conditioned on the written certification of the Compensation Committee in each case that the performance goals and any other material conditions were satisfied.

What are the limitations on transfer and beneficiaries?

No award will be assignable or transferable by a participant other than by will or the laws of descent and distribution or, except in the case of an incentive stock option, pursuant to a qualified domestic relations order; provided, however, that the Compensation Committee may (but need not) permit other transfers where the Compensation Committee concludes that such transferability does not result in accelerated taxation, does not cause any option intended to be an incentive stock option to fail to qualify as such, and is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable awards. A participant may, in the manner determined by the Compensation Committee, designate a beneficiary to exercise the rights of the participant and to receive any distribution with respect to any award upon the participant's death.

Will awards be accelerated upon certain events?

Unless otherwise provided in an award agreement, upon a participant's death, disability or retirement, all of his or her outstanding options, stock appreciation rights, and other awards in the nature of rights that may be exercised will become fully exercisable and all restrictions on his or her outstanding awards will lapse, except that in the case of retirement such awards will remain exercisable for the full original term. Any of his or her options or stock

appreciation rights will thereafter continue or lapse in accordance with the other provisions of the plan and the award agreement. Unless otherwise provided in an award agreement, upon the occurrence of a change in control of the company (as defined in the plan), all outstanding options, stock appreciation rights, and other awards in the nature of rights that may be exercised will become fully vested and all restrictions on all outstanding awards will lapse. In addition, the Compensation Committee may at its discretion declare any or all awards to be fully vested, and/or all restrictions on all outstanding awards to lapse. The Compensation Committee may discriminate among participants or among awards in exercising such discretion.

Table of Contents

Can the plan be terminated or amended?

The plan is for an indefinite term but the board or the Compensation Committee may, at any time and from time to time, terminate, amend or modify the plan without stockholder approval; but they may condition any amendment on the approval of our stockholders if such approval is necessary under tax, securities or other applicable laws, policies or regulations. No termination or amendment of the plan may adversely affect any award previously granted under the plan without the written consent of the participant. The Compensation Committee may amend or terminate outstanding awards. However, such amendments may require the consent of the participant and, unless approved by the stockholders or permitted by the anti-dilution provisions of the plan, the exercise price of an outstanding option or the grant price of any outstanding stock appreciation right may not be reduced.

What are the U.S. federal tax effects of awards granted under the plan?

The following summary of the U.S. federal income tax consequences of awards granted under the plan is based upon federal income tax laws in effect on the date of this proxy statement. This summary does not purport to be complete, and does not discuss non-U.S., state or local tax consequences.

Non-Qualified Stock Options. The grant of a non-qualified stock option under the plan will not result in any federal income tax consequences to the participant or to us. Upon exercise of a non-qualified stock option, the participant is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares on the date of exercise. This income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares of common stock will receive long- or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. We do not receive a tax deduction for any such gain.

Absent special limitations on exercisability, in the event a non-qualified stock option is granted with an exercise price less than 100% of the fair market value of our common stock on the date of grant or amended in certain respects, such option may be considered deferred compensation and subject to Section 409A of the Code, which provide rules regarding the timing of payment of deferred compensation. An option subject to Section 409A of the Code which fails to comply with the rules of Section 409A, can result in the acceleration of income recognition, an additional 20% tax obligation, plus potential penalties and interest.

Incentive Stock Options. The grant of an incentive stock option under the plan will not result in any federal income tax consequences to the participant or to us. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and we receive no deduction at the time of exercise. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares of common stock. If the participant does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. We are not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods, he or she must recognize ordinary income in the year of the disposition (referred to as a disqualifying disposition). The amount of such ordinary income generally

is the lesser of (i) the difference between the amount realized on the disposition and the exercise price or (ii) the difference between the fair market value of the stock on the exercise date and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. We, in the year of the disqualifying disposition, are entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the participant's total compensation is deemed reasonable in amount.

Table of Contents

The spread under an incentive stock option i.e., the difference between the fair market value of the shares at exercise and the exercise price is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares within the same calendar year in which the incentive stock options are exercised. However, such a sale of shares within the same year of exercise will constitute a disqualifying disposition, as described above.

In the event an incentive stock option is amended in certain respects, such option may be considered deferred compensation and subject to the rules of Section 409A of the Code, which provide rules regarding the timing of the payment of deferred compensation. An option subject to Section 409A of the Code which fails to comply with the rules of Section 409A of the Code, can result in the acceleration of income recognition, an additional 20% tax obligation, plus potential penalties and interest. In addition, the amendment of an incentive stock option may convert the option from an incentive stock option to a nonqualified stock option.

Restricted Stock. The grant of restricted stock will subject the recipient to ordinary compensation income on the difference between the amount paid for such stock and the fair market value of the shares on the date that the restrictions lapse. This income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. We do not receive a tax deduction for any such gain.

Recipients of restricted stock may make an election under Section 83(b) of the Code to recognize as ordinary compensation income in the year that such restricted stock is granted, the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition will be long or short-term capital gain to the recipient. The Section 83(b) election must be made within thirty days from the time the restricted stock is issued.

Stock Appreciation Rights. Recipients of stock appreciation rights generally should not recognize income until the stock appreciation right is exercised (assuming there is no ceiling on the value of the right). Upon exercise, the participant will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value the shares, if any, received upon such exercise. Participants who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon exercise of a stock appreciation right. Participants will recognize gain upon the disposition of any shares received on exercise of a stock appreciation right equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long- or short-term capital gain, depending on whether the shares were held for more than one year.

We will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount.

A stock appreciation right can be considered deferred compensation and subject to Section 409A of the Code. A stock appreciation right that does not meet the requirements of Section 409A of the Code, such as with respect to the timing

of the delivery of cash or shares following vesting, can result in the acceleration of income recognition, an additional 20% tax obligation, plus potential penalties and interest.

Table of Contents

Performance Units. Recipients of performance units generally should not recognize income until such units are converted into cash or shares of stock. Upon conversion, the participant will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such conversion. Participants who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon conversion of the performance units. Participants will recognize gain upon the disposition of any shares received upon conversion of the performance units equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long- or short-term capital gain, depending on whether the shares were held for more than one year.

We will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount.

Performance units also can be considered non-qualified deferred compensation and subject to the rules of Section 409A of the Code, which provide rules regarding the timing of payment of deferred compensation. A grant of performance units that does not meet the requirements of Section 409A of the Code can result in the acceleration of income recognition, an additional 20% tax obligation, plus potential penalties and interest to such participant.

Dividends and Dividend Equivalents. Recipients of stock-based awards that earn dividends or dividend equivalents will recognize taxable ordinary income on any dividend payments received with respect to unvested and/or unexercised shares subject to such awards, which income is subject to withholding for federal income and employment tax purposes. We are entitled to an income tax deduction in the amount of the income recognized by a participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the individual's total compensation is deemed reasonable in amount.

UDR, INC.

1999 LONG-TERM INCENTIVE PLAN

(AS AMENDED AND RESTATED MARCH 12, 2009)

Table of Contents

ARTICLE 1

PURPOSE

1.1 **GENERAL**. The purpose of the UDR, Inc. 1999 Long-Term Incentive Plan (the Plan) is to promote the success, and enhance the value, of UDR, Inc. (the Company), by linking the personal interests of its employees, officers, consultants and directors to those of Company stockholders and by providing such persons with an incentive for outstanding performance. The Plan is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of employees, officers, consultants and directors upon whose judgment, interest, and special effort the successful conduct of the Company s operation is largely dependent. Accordingly, the Plan permits the grant of incentive awards from time to time to selected employees, officers, consultants and directors.

ARTICLE 2

EFFECTIVE DATE

2.1 **EFFECTIVE DATE**. For tax reasons, the Plan was approved by the Board of Directors in interim stages. First, the Board approved the Plan on March 9, 1999 as it relates to Awards of Restricted Stock and Performance Units only (the First Effective Date), and the Plan became effective as of the First Effective Date for the limited purpose of (i) making Awards of Restricted Stock on or prior to May 31, 1999 to non-officer employees of the Company and (ii) making cash Performance Unit Awards under Article 9 of the Plan with respect to a performance period beginning on January 1, 1999.

On January 25, 2000, the Board approved the Plan for the purpose of (i) making Awards of Restricted Stock on or prior to May 31, 2000 to non-officer employees of the Company, (ii) making Awards of Restricted Stock on or prior to May 31, 2000 to certain officers of the Company from shares purchased by the Company on the open market, and (iii) making cash Performance Unit Awards under Article 9 of the Plan with respect to a performance period beginning on January 1, 2000 (the Second Effective Date).

On March 20, 2001, the Board approved the Plan as it relates to all types of Awards under the Plan (the Third Effective Date) and the Plan became fully effective as of the Third Effective Date. The Plan was approved by the stockholders of the Company on May 8, 2001. In the discretion of the Committee, Awards may be made to Covered Employees which are intended to constitute qualified performance-based compensation under Code Section 162(m).

The Plan was amended and restated by the Board of Directors on May 4, 2004 to eliminate the express authority under Section 7.1(c) to pay the exercise price of an Option with a promissory note, which amendment and restatement of the Plan is not subject to stockholder approval.

The Plan was amended and restated by the Board of Directors on July 23, 2004 to modify Sections 14.8 and 14.9 to provide that unless otherwise provided in a Participant s Award Agreement upon a Participant s Death, Disability or Retirement, all outstanding Options, Stock Appreciation Rights and other Awards in the nature of rights that may be exercised shall become fully exercisable and all restrictions on outstanding Awards shall lapse, which amendment and restatement of the Plan is not subject to stockholder approval.

The Plan was amended and restated by the Board of Directors on February 10, 2006, to eliminate the automatic grant of formula awards to non-employee directors and to update non-material terms of the Plan (par value of common stock and other nomenclature) to conform to Maryland versus Virginia corporate law, which amendment and restatement of the Plan is not subject to stockholder approval.

The Plan was amended and restated by the Board of Directors on February 7, 2008 generally as follows: (i) to change the name of the Company from United Dominion Realty Trust, Inc. to UDR, Inc.; and (ii) to provide that the grant price of any Stock Appreciation Right may not be reduced except as provided in Section 15.1 or otherwise with the consent of the stockholders, which amendment and restatement of the Plan is not subject to stockholder approval.

Table of Contents

The Plan was amended and restated by the Board of Directors on May 30, 2008 generally as follows: (i) to limit the term of Options and Stock Appreciation Rights to 10 years; (ii) to provide that shares of stock that are (a) not issued or delivered as a result of the net settlement of a Stock Appreciation Right or Option, (b) used to pay the exercise price or withholding taxes related to an outstanding Award or (c) repurchased on the open market with the proceeds of the Option exercise price shall not again become available for issuance under the Plan; (iii) to provide that the exercise price per share of an Option shall in no event be less than the Fair Market Value of one share of stock on the date of grant; (iv) to provide that the maximum Fair Market Value of any Awards, other than Options or Stock Appreciation Rights, that may be received by a Participant during any one calendar year shall be \$2,000,000; (v) to provide that in no event may a Stock Appreciation Right be exercisable for more than 10 years from the date of its grant; (vi) to provide that, except as provided in Section 15.1, without the consent of stockholders an Award may not be exchanged or bought out if the effect is to lower the exercise price of the Option or the grant price of the Stock Appreciation Right; (vii) to provide that, except as provided in Section 15.1, without consent of the stockholders, an Award may not be granted in substitution of another Award if the effect is to replace an Option or Stock Appreciation Right with an Award with a lower exercise or grant price and (viii) to expand the Performance Goals.

Subject to stockholder approval, the Plan was amended and restated by the Board of Directors on March 12, 2009 generally as follows: (i) to increase the number of shares of Stock available for issuance pursuant to Awards from 4,000,000 to 16,000,000; (ii) to provide that the maximum Fair Market Value of any Awards, other than Options or Stock Appreciation Rights, that may be received by a Participant during any one calendar year shall be \$5,000,000, (iii) to provide that the maximum number of shares of Stock with respect to one or more Options and/or Stock Appreciation Rights that may be granted during any one calendar year under the Plan to any one Participant shall be 5,000,000 shares, and (iv) to provide that Awards (other than Options or Stock Appreciation Rights) granted from and after the approval of the Plan at the Company's 2009 Annual Meeting of Stockholders shall count against the Plan reserve as 2.28 shares of Stock for each share of Stock actually subject to the Award.

However, the mere fact that a Committee member shall fail to qualify under either of the foregoing requirements shall not invalidate any Award made by the Committee, which Award is otherwise validly made under the Plan. The members of the Committee shall be appointed by, and may be changed at any time and from time to time in the discretion of, the Board. During any time that the Board is acting as administrator of the Plan, it shall have all the powers of the Committee hereunder, and any reference herein to the Committee (other than in this Section 4.1) shall include the Board.

SHARES SUBJECT TO THE PLAN

5.1 ***NUMBER OF SHARES.*** Subject to adjustment as provided in Section 15.1, the aggregate number of shares of Stock reserved and available for Awards or which may be used to provide a basis of measurement for or to determine the value of an Award (such as with a Stock Appreciation Right or Performance Unit Award) shall be 16,000,000. The maximum number of shares of Stock that may be issued subject to Incentive Stock Options shall be 16,000,000 shares. Awards (other than Options or Stock Appreciation Rights) granted from and after the approval of the Plan at the Company's 2009 Annual Meeting of Stockholders, shall be counted against this number as 2.28 shares of Stock for each share of Stock actually subject to the Award.

5.2 ***LAPSED AWARDS.*** To the extent that an Award is canceled, terminates, expires, is forfeited or lapses for any reason, any shares of Stock subject to the Award will again be available for the grant of an Award under the Plan and

shares subject to SARs or other Awards settled in cash will be available for the grant of an Award under the Plan. Shares of Stock that are (a) not issued or delivered as a result of the net settlement of a Stock Appreciation Right or Option, (b) used to pay the exercise price or withholding taxes related to an outstanding Award, or (c) repurchased on the open market with the proceeds of the Option exercise price shall not again become available for issuance under the Plan. If shares subject to an Award again become available under the Plan pursuant to this Section 5.2, the number of shares that become available shall equal the number of shares that counted against the Plan reserve pursuant to Section 5.1.

STOCK OPTIONS

7.1 **GENERAL.** The Committee is authorized to grant Options to Participants on the following terms and conditions:

(a) **EXERCISE PRICE.** The exercise price per share of Stock under an Option shall be determined by the Committee, but shall in no event be less than the Fair Market Value of one share of Stock on the date of grant.

(b) **TIME AND CONDITIONS OF EXERCISE.** The Committee shall determine the time or times at which an Option may be exercised in whole or in part, subject to Section 7.1(e). The Committee also shall determine the performance or other conditions, if any, that must be satisfied before all or part of an Option may be exercised or vested. The Committee may waive any exercise or vesting provisions at any time in whole or in part based upon factors as the Committee may determine in its sole discretion so that the Option becomes exercisable or vested at an earlier date. The Committee may permit an arrangement whereby receipt of Stock upon exercise of an Option is delayed until a specified future date.

(c) **PAYMENT.** The Committee shall determine the methods by which the exercise price of an Option may be paid, the form of payment, including, without limitation, cash, shares of Stock, or other property (including cashless exercise arrangements), and the methods by which shares of Stock shall be delivered or deemed to be delivered to Participants; provided that if shares of Stock are used to pay the exercise price of an Option, such shares must have been held by the Participant for at least six months. When shares of Stock are delivered, such delivery may be by attestation of ownership or actual delivery.

(d) **EVIDENCE OF GRANT.** All Options shall be evidenced by a written Award Agreement between the Company and the Participant. The Award Agreement shall include such provisions, not inconsistent with the Plan, as may be specified by the Committee.

(e) **EXERCISE TERM.** In no event may any Option be exercisable for more than ten years from the date of its grant.

(f) **NO RE-LOAD OPTIONS.** The Committee shall not provide in an Award Agreement, or in an amendment thereto, for the automatic grant of a new Option to any Participant who delivers shares of Stock as full or partial payment of

the exercise price of the original Option.

7.2 **INCENTIVE STOCK OPTIONS.** The terms of any Incentive Stock Options granted under the Plan must comply with the following additional rules:

(a) **EXERCISE PRICE.** The exercise price per share of Stock shall be set by the Committee, provided that the exercise price for any Incentive Stock Option shall not be less than the Fair Market Value as of the date of the grant.

(b) **EXERCISE.** In no event may any Incentive Stock Option be exercisable for more than ten years from the date of its grant.

(c) **LAPSE OF OPTION.** An Incentive Stock Option shall lapse under the earliest of the following circumstances; provided, however, that the Committee may, prior to the lapse of the Incentive Stock Option under the circumstances described in paragraphs (3), (4) and (5) below, provide in writing that the Option will extend until a later date, but if an Option is exercised after the dates specified in paragraphs (3), (4) and (5) below, it will automatically become a Non-Qualified Stock Option:

(1) The Incentive Stock Option shall lapse as of the option expiration date set forth in the Award Agreement.

(2) The Incentive Stock Option shall lapse ten years after it is granted, unless an earlier time is set in the Award Agreement.

(3) If the Participant terminates employment for any reason other than as provided in paragraph (4) or (5) below, the Incentive Stock Option shall lapse, unless it is previously exercised, three months after the Participant's termination of employment; provided, however, that if the Participant's employment is terminated by the Company for cause or by the Participant without the consent of the Company (in either case, as determined by the Company and communicated in writing to the Participant), the Incentive Stock Option shall (to the extent not previously exercised) lapse immediately.

(4) If the Participant terminates employment by reason of his Disability, the Incentive Stock Option shall lapse, unless it is previously exercised, one year after the Participant's termination of employment.

(5) If the Participant dies while employed, or during the three-month period described in paragraph (3) or during the one-year period described in paragraph (4) and before the Option otherwise lapses, the Option shall lapse one year after the Participant's death. Upon the Participant's death, any exercisable Incentive Stock Options may be exercised by the Participant's beneficiary, determined in accordance with Section 14.5.

If a Participant exercises an Option after termination of employment, the Option may be exercised only with respect to the shares that were otherwise vested on the Participant's termination of employment.

(d) **INDIVIDUAL DOLLAR LIMITATION.** The aggregate Fair Market Value (determined as of the time an Award is made) of all shares of Stock with respect to which Incentive Stock Options are first exercisable by a Participant in any calendar year may not exceed \$100,000.00.

(e) **TEN PERCENT OWNERS.** No Incentive Stock Option shall be granted to any individual who, at the date of grant, owns stock possessing more than ten percent of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary unless the exercise price per share of such Option is at least 110% of the Fair Market Value per share of Stock at the date of grant and the Option expires no later than five years after the date of grant.

(f) EXPIRATION OF INCENTIVE STOCK OPTIONS. No Award of an Incentive Stock Option may be made pursuant to the Plan after the day immediately prior to the tenth anniversary of the Third Effective Date.

(g) **RIGHT TO EXERCISE**. During a Participant's lifetime, an Incentive Stock Option may be exercised only by the Participant or, in the case of the Participant's Disability, by the Participant's guardian or legal representative.

(h) **DIRECTORS AND CONSULTANTS**. The Committee may not grant an Incentive Stock Option to a non-employee director or consultant. The Committee may grant an Incentive Stock Option to a director who is also an employee of the Company or Parent or Subsidiary but only in that individual's position as an employee and not as a director.

ARTICLE 8

STOCK APPRECIATION RIGHTS

8.1 **GRANT OF SARs**. The Committee is authorized to grant SARs to Participants on the following terms and conditions:

(a) **RIGHT TO PAYMENT**. Upon the exercise of a Stock Appreciation Right, the Participant to whom it is granted has the right to receive the excess, if any, of:

(1) The Fair Market Value of one share of Stock on the date of exercise; over

(2) The grant price of the Stock Appreciation Right as determined by the Committee, which shall not be less than the Fair Market Value of one share of Stock on the date of grant.

(b) **TERM OF SARs**. In no event may any Stock Appreciation Right be exercisable for more than ten years from the date of its grant.

(c) **OTHER TERMS**. All awards of Stock Appreciation Rights shall be evidenced by an Award Agreement. The terms, methods of exercise, methods of settlement, form of consideration payable in settlement, and any other terms and conditions of any Stock Appreciation Right shall be determined by the Committee at the time of the grant of the Award and shall be reflected in the Award Agreement.

ARTICLE 9

PERFORMANCE UNITS

9.1 **GRANT OF PERFORMANCE UNITS**. The Committee is authorized to grant Performance Units to Participants on such terms and conditions as may be selected by the Committee. The Committee shall have the complete discretion to determine the number of Performance Units granted to each Participant, subject to Section 5.4. All Awards of Performance Units shall be evidenced by an Award Agreement.

9.2 **RIGHT TO PAYMENT**. A grant of Performance Units gives the Participant rights, valued as determined by the Committee, and payable to, or exercisable by, the Participant to whom the Performance Units are granted, in whole or in part, as the Committee shall establish at grant or thereafter. The Committee shall set performance goals and other terms or conditions to payment of the Performance Units in its discretion which, depending on the extent to which they are met, will determine the number and value of Performance Units that will be paid to the Participant. If the terms of a Performance Unit so provide, the Participant may elect to defer payment of the Performance Unit under an applicable deferred compensation plan maintained by the Company.

9.3 **OTHER TERMS**. Performance Units may be payable in cash, Stock, or other property, and have such other terms and conditions as determined by the Committee and reflected in the Award Agreement.

ARTICLE 10

RESTRICTED STOCK AWARDS

10.1 **GRANT OF RESTRICTED STOCK.** The Committee is authorized to make Awards of Restricted Stock to Participants in such amounts and subject to such terms and conditions as may be selected by the Committee. All Awards of Restricted Stock shall be evidenced by a Restricted Stock Award Agreement.

10.2 **ISSUANCE AND RESTRICTIONS.** Restricted Stock shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, upon the satisfaction of performance goals or otherwise, as the Committee determines at the time of the grant of the Award or thereafter.

10.3 **FORFEITURE.** Except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of employment during the applicable restriction period or upon failure to satisfy a performance goal during the applicable restriction period, Restricted Stock that is at that time subject to restrictions shall be forfeited and reacquired by the Company; provided, however, that the Committee may provide in any Award Agreement that restrictions or forfeiture conditions relating to Restricted Stock will be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock.

10.4 **CERTIFICATES FOR RESTRICTED STOCK.** Restricted Stock granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing shares of Restricted Stock are registered in the name of the Participant, certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock.

ARTICLE 11

DIVIDEND EQUIVALENTS

11.1 **GRANT OF DIVIDEND EQUIVALENTS.** The Committee is authorized to grant Dividend Equivalents to Participants subject to such terms and conditions as may be selected by the Committee. Dividend Equivalents shall entitle the Participant to receive payments equal to dividends with respect to all or a portion of the number of shares of Stock subject to an Award, as determined by the Committee. The Committee may provide that Dividend Equivalents be paid or distributed when accrued or be deemed to have been reinvested in additional shares of Stock, or otherwise reinvested.

ARTICLE 12

OTHER STOCK-BASED AWARDS

12.1 **GRANT OF OTHER STOCK-BASED AWARDS.** The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to shares of Stock, as deemed by the Committee to be consistent with the purposes of the Plan, including without limitation shares of Stock awarded purely as a bonus and not subject to any restrictions or conditions, convertible or exchangeable debt securities, other rights convertible or exchangeable into shares of Stock, and Awards valued by reference to book value of shares of Stock or the value of securities of or the performance of specified Parents or Subsidiaries. The Committee shall determine the terms and conditions of such

Awards.

PROVISIONS APPLICABLE TO AWARDS

14.1 **STAND-ALONE, TANDEM, AND SUBSTITUTE AWARDS.** Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution for, any other Award granted under the Plan. If an Award is granted in substitution for another Award, the Committee may require the surrender of such other Award in consideration of the grant of the new Award. Notwithstanding the foregoing, as provided in Section 16.1, except as provided in Section 15.1, without the consent of the stockholders, an Award may not be granted in substitution of another Award if the effect is to replace an Option or Stock Appreciation Right with an Award with a lower exercise or grant price. Awards granted in addition to or in tandem with other Awards may be granted either at the same time as or at a different time from the grant of such other Awards.

14.2 **EXCHANGE PROVISIONS.** The Committee may at any time offer to exchange or buy out any previously granted Award for a payment in cash, Stock, or another Award (subject to Section 15.1), based on the terms and conditions the Committee determines and communicates to the Participant at the time the offer is made, and after taking into account the tax, securities and accounting effects of such an exchange. Notwithstanding the foregoing, as provided in Section 16.1, except as provided in Section 15.1, without the consent of the stockholders an Award may not be exchanged or bought out if the effect is to lower the exercise price of the Option or the grant price of the Stock Appreciation Right.

14.3 **TERM OF AWARD.** The term of each Award shall be for the period as determined by the Committee, provided that in no event shall the term of any Incentive Stock Option or a Stock Appreciation Right granted in tandem with the Incentive Stock Option exceed a period of ten years from the date of its grant (or, if Section 7.2(e) applies, five years from the date of its grant).

14.4 **FORM OF PAYMENT FOR AWARDS.** Subject to the terms of the Plan and any applicable law or Award Agreement, payments or transfers to be made by the Company or a Parent or Subsidiary on the grant or exercise of an Award may be made in such form as the Committee determines at or after the time of grant, including without limitation, cash, Stock, other Awards, or other property, or any combination, and may be made in a single payment or transfer, in installments, or on a deferred basis, in each case determined in accordance with rules adopted by, and at the discretion of, the Committee.

14.5 **LIMITS ON TRANSFER.** No right or interest of a Participant in any unexercised or restricted Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or a Parent or Subsidiary, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Company or a Parent or Subsidiary. No unexercised or restricted Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution or, except in the case of an Incentive Stock Option, pursuant to a domestic relations order that would satisfy Section 414(p)(1)(A) of the Code if such Section applied to an Award under the Plan; provided, however, that the Committee may (but need not) permit other transfers where the Committee concludes that such transferability (i) does not result in accelerated taxation, (ii) does not cause any Option intended to be an incentive stock option to fail to be described in Code Section 422(b), and (iii) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable Awards.

14.6 *BENEFICIARIES*. Notwithstanding Section 14.5, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. A beneficiary, legal guardian, legal representative, or other person claiming any rights under the Plan is subject to all terms and conditions of the Plan and any Award Agreement applicable to the Participant, except to the extent the Plan and Award Agreement otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If no

A-10

beneficiary has been designated or survives the Participant, payment shall be made to the Participant's estate. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant at any time provided the change or revocation is filed with the Committee.

14.7 **STOCK CERTIFICATES.** All Stock issued under the Plan is subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal or state securities laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Stock is listed, quoted, or traded. The Committee may place legends on any Stock certificate or issue instructions to the transfer agent to reference restrictions applicable to the Stock.

14.8 **ACCELERATION UPON DEATH OR DISABILITY.** Notwithstanding any other provision in the Plan and unless otherwise provided in any Participant's Award Agreement, upon the Participant's death or Disability during his employment or service as a director or consultant, all outstanding Options, Stock Appreciation Rights, and other Awards in the nature of rights that may be exercised shall become fully exercisable and all restrictions on outstanding Awards shall lapse. Any Option or Stock Appreciation Rights Awards shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Award Agreement. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(d), the excess Options shall be deemed to be Non-Qualified Stock Options.

14.9 **ACCELERATION UPON RETIREMENT.** Notwithstanding any other provision in the Plan and unless otherwise provided in any Participant's Award Agreement, upon the Participant's Retirement, all outstanding Options, Stock Appreciation Rights, and other Awards in the nature of rights that may be exercised shall become fully exercisable and all restrictions on outstanding Awards shall lapse. Any Option or Stock Appreciation Rights Awards shall thereafter remain exercisable until the original expiration date of the Award. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(d), the excess Options shall be deemed to be Non-Qualified Stock Options.

14.10 **ACCELERATION UPON A CHANGE OF CONTROL.** Except as otherwise provided in the Award Agreement, upon the occurrence of a Change of Control, all outstanding Options, Stock Appreciation Rights, and other Awards in the nature of rights that may be exercised shall become fully exercisable and all restrictions on outstanding Awards shall lapse. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(d), the excess Options shall be deemed to be Non-Qualified Stock Options.

14.11 **ACCELERATION UPON CERTAIN EVENTS NOT CONSTITUTING A CHANGE OF CONTROL.** In the event of the occurrence of any circumstance, transaction or event not constituting a Change of Control (as defined in Section 3.1) but which the Board of Directors deems to be, or to be reasonably likely to lead to, an effective change in control of the Company of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of the 1934 Act, the Committee may in its sole discretion declare all outstanding Options, Stock Appreciation Rights, and other Awards in the nature of rights that may be exercised to be fully exercisable, and/or all restrictions on all outstanding Awards to have lapsed, in each case, as of such date as the Committee may, in its sole discretion, declare, which may be on or before the consummation of such transaction or event. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(d), the excess Options shall be deemed to be Non-Qualified Stock Options.

14.12 **ACCELERATION FOR ANY OTHER REASON.** Regardless of whether an event has occurred as described in Section 14.10 or 14.11 above, the Committee may in its sole discretion at any time determine that all or a portion of a Participant's Options, Stock Appreciation Rights, and other Awards in the nature of rights that may be exercised shall become fully or partially exercisable, and/or that all or a part of the restrictions on all or a portion of the outstanding Awards shall lapse, in each case, as of such date as the Committee may, in its sole discretion, declare. The Committee

may discriminate among Participants and among Awards granted to a Participant in exercising its discretion pursuant to this Section 14.12.

14.13 *EFFECT OF ACCELERATION*. If an Award is accelerated under Section 14.10 or 14.11, the Committee may, in its sole discretion, provide (i) that the Award will expire after a designated period of time after such acceleration to the extent not then exercised, (ii) that the Award will be settled in cash rather than

A-11

Table of Contents

Stock, (iii) that the Award will be assumed by another party to the transaction giving rise to the acceleration or otherwise be equitably converted in connection with such transaction, or (iv) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated.

14.14 **PERFORMANCE GOALS.** The Committee may determine that any Award granted pursuant to this Plan to a Participant (including, but not limited to, Participants who are Covered Employees) shall be determined solely on the basis of (a) the achievement by the Company or a Parent or Subsidiary of a specified target return, or target growth in return, on equity or assets, (b) the Company's total stockholder return (stock price appreciation plus reinvested dividends) relative to a defined comparison group or target over a specific performance period or periods, (c) the Company's stock price, (d) the achievement by an individual, the Company, or a business unit or division of the Company, Parent or Subsidiary of a specified target, or target growth in, revenues, net income or earnings per share, including but not limited to, targets based, in whole or part, on funds from operations, net asset value, same store revenue growth, same store expense growth, net operating income, development or redevelopment activities, lease-up activities or funds from operations pay-out ratio, (e) the achievement of objectively determinable goals with respect to service or product delivery, service or product quality, customer satisfaction, expansion of revenue or income streams, sourcing of low cost capital, operational efficiencies, dividend growth, earnings multiple improvement, meeting budgets and/or retention of employees or (e) any combination or subset of the goals set forth in (a) through (e) above. If an Award is made on such basis, the Committee shall establish goals prior to the beginning of the period for which such performance goal relates (or such later date as may be permitted under Code Section 162(m) or the regulations thereunder) and the Committee has the right for any reason to reduce (but not increase) the Award, notwithstanding the achievement of a specified goal. Any payment of an Award granted with performance goals shall be conditioned on the written certification of the Committee in each case that the performance goals and any other material conditions were satisfied.

14.15 **TERMINATION OF EMPLOYMENT.** Whether military, government or other service or other leave of absence shall constitute a termination of employment shall be determined in each case by the Committee at its discretion, and any determination by the Committee shall be final and conclusive. A termination of employment shall not occur (i) in a circumstance in which a Participant transfers from the Company to one of its Parents or Subsidiaries, transfers from a Parent or Subsidiary to the Company, or transfers from one Parent or Subsidiary to another Parent or Subsidiary, or (ii) in the discretion of the Committee as specified at or prior to such occurrence, in the case of a spin-off, sale or disposition of the Participant's employer from the Company or any Parent or Subsidiary. To the extent that this provision causes Incentive Stock Options to extend beyond three months from the date a Participant is deemed to be an employee of the Company, a Parent or Subsidiary for purposes of Section 424(f) of the Code, the Options held by such Participant shall be deemed to be Non-Qualified Stock Options.

ARTICLE 15**CHANGES IN CAPITAL STRUCTURE**

15.1 **GENERAL.** In the event of a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), the authorization limits under Section 5.1 and 5.4 shall be adjusted proportionately, and the Committee shall adjust Awards to preserve the benefits or potential benefits of the Awards. Action by the Committee shall include: (i) adjustment of the number and kind of shares which may be delivered under the Plan; (ii) adjustment of the number and kind of shares subject to outstanding Awards; (iii) adjustment of the exercise price of outstanding Awards; and (iv) any other adjustments that the Committee determines to be equitable. Without limiting the foregoing, in the event a stock dividend or stock split is declared upon the Stock, the authorization limits under Section 5.1 and 5.4 shall be increased proportionately, and the shares of

Stock then subject to each Award shall be increased proportionately without any change in the aggregate purchase price therefor.

ARTICLE 16

AMENDMENT, MODIFICATION AND TERMINATION

16.1 AMENDMENT, MODIFICATION AND TERMINATION. The Board or the Committee may, at any time and from time to time, amend, modify or terminate the Plan without stockholder approval; provided, however, that the Board or Committee may condition any amendment or modification on the approval of stockholders of the Company if such approval is necessary or deemed advisable with respect to tax, securities or other applicable laws, policies or regulations.

16.2 AWARDS PREVIOUSLY GRANTED. At any time and from time to time, the Committee may amend, modify or terminate any outstanding Award without approval of the Participant; provided, however, that, subject to the terms of the applicable Award Agreement, such amendment, modification or termination shall not, without the Participant's consent, reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment or termination, and provided further that, except as provided in Section 15.1 or otherwise with the consent of the stockholders, the exercise price of any Option or the grant price of any Stock Appreciation Right may not be reduced. No termination, amendment, or modification of the Plan shall adversely affect any Award previously granted under the Plan, without the written consent of the Participant.

ARTICLE 17

GENERAL PROVISIONS

17.1 NO RIGHTS TO AWARDS. No Participant or eligible participant shall have any claim to be granted any Award under the Plan, and neither the Company nor the Committee is obligated to treat Participants or eligible participants uniformly.

17.2 NO STOCKHOLDER RIGHTS. No Award gives the Participant any of the rights of a stockholder of the Company unless and until shares of Stock are in fact issued to such person in connection with such Award.

17.3 WITHHOLDING. The Company or any Parent or Subsidiary shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any taxable event arising as a result of the Plan. With respect to withholding required upon any taxable event under the Plan, the Committee may, at the time the Award is granted or thereafter, require or permit that any such withholding requirement be satisfied, in whole or in part, by withholding from the Award shares of Stock having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes.

17.4 NO RIGHT TO CONTINUED SERVICE. Nothing in the Plan or any Award Agreement shall interfere with or limit in any way the right of the Company or any Parent or Subsidiary to terminate any Participant's employment or status as an officer, consultant or director at any time, nor confer upon any Participant any right to continue as an employee, officer, consultant or director of the Company or any Parent or Subsidiary.

17.5 UNFUNDED STATUS OF AWARDS. The Plan is intended to be an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Agreement shall give the Participant any rights that are greater than those of a general creditor of the Company or any Parent or Subsidiary.

17.6 INDEMNIFICATION. To the extent allowable under applicable law, each member of the Committee shall be indemnified and held harmless by the Company from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by such member in connection with or resulting from any claim, action, suit, or proceeding to which such member may be a party or in which he may be involved by reason of

A-13

any action or failure to act under the Plan and against and from any and all amounts paid by such member in satisfaction of judgment in such action, suit, or proceeding against him provided he gives the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

17.7 **RELATIONSHIP TO OTHER BENEFITS.** No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or benefit plan of the Company or any Parent or Subsidiary unless provided otherwise in such other plan.

17.8 **EXPENSES.** The expenses of administering the Plan shall be borne by the Company and its Parents or Subsidiaries.

17.9 **TITLES AND HEADINGS.** The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

17.10 **GENDER AND NUMBER.** Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

17.11 **FRACTIONAL SHARES.** No fractional shares of Stock shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional shares or whether such fractional shares shall be eliminated by rounding up.

17.12 **GOVERNMENT AND OTHER REGULATIONS.** The obligation of the Company to make payment of awards in Stock or otherwise shall be subject to all applicable laws, rules, and regulations, and to such approvals by government agencies as may be required. The Company shall be under no obligation to register under the 1933 Act, or any state securities act, any of the shares of Stock issued in connection with the Plan. The shares issued in connection with the Plan may in certain circumstances be exempt from registration under the 1933 Act, and the Company may restrict the transfer of such shares in such manner as it deems advisable to ensure the availability of any such exemption.

17.13 **GOVERNING LAW.** To the extent not governed by federal law, the Plan and all Award Agreements shall be construed in accordance with and governed by the laws of the Commonwealth of Virginia.

17.14 **ADDITIONAL PROVISIONS.** Each Award Agreement may contain such other terms and conditions as the Committee may determine; provided that such other terms and conditions are not inconsistent with the provisions of this Plan.

The foregoing is hereby acknowledged as being the UDR, Inc. 1999 Long-Term Incentive Plan as amended and restated by the Board of Directors on March 12, 2009.
