PROXY STATEMENT

For the Annual Meeting of Stockholders

To Be Held on May 20, 2004

This proxy statement is furnished in connection with the solicitation by the board of directors of SS&C Technologies, Inc., a Delaware corporation, of proxies for use at the annual meeting of stockholders to be held on Thursday, May 20, 2004 at 9:00 a.m. at the offices of SS&C Technologies, Inc., 80 Lambertton Road, Windsor, Connecticut 06095 and at any adjournments thereof. Except where the context otherwise requires, references to SS&C, we or us in this proxy statement will mean SS&C Technologies, Inc. and any of its subsidiaries.

The notice of meeting, this proxy statement, the enclosed proxy card and Amendment No. 1 to our Annual Report on Form 10-K/ A for the year ended December 31, 2003 are first being mailed or given to stockholders on or about April 23, 2004. We will furnish, upon written request of any stockholder, without charge, a copy of our Annual Report on Form 10-K, as amended. We will also furnish, upon written request of any stockholder and the payment of an appropriate processing fee, copies of the exhibits to our Annual Report on Form 10-K, as amended. Please address all such requests to SS&C Technologies, Inc., 80 Lambertton Road, Windsor, Connecticut 06095, Attention: Secretary.

Proxies will be voted in accordance with the instructions of the stockholders. If no choice is specified, proxies will be voted in favor of the matters set forth in the accompanying notice of meeting. A proxy may be revoked by a stockholder at any time before its exercise by delivery of a written revocation to our secretary. Attendance at the annual meeting will not itself be deemed to revoke a proxy unless the stockholder gives affirmative notice at the annual meeting that the stockholder intends to revoke the proxy and vote in person.

On April 15, 2004, the record date for determination of stockholders entitled to vote at the annual meeting, 18,771,037 shares of our common stock, \$0.01 par value per share, were outstanding and entitled to vote. Each share of common stock entitles the record holder to one vote on each matter to be voted upon at the annual meeting. Unless otherwise indicated, all share amounts and per share amounts in this proxy statement reflect the three-for-two split of our common stock paid in the form of a common stock dividend on March 5, 2004 to stockholders of record as of the close of business on February 20, 2004.

Votes Required

The holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the annual meeting will constitute a quorum for the transaction of business at the annual meeting. Shares of common stock present in person or represented by proxy, including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval, will be counted for the purpose of determining whether a quorum exists at the annual meeting.

The affirmative vote of the holders of a plurality of the votes cast by the stockholders entitled to vote at the annual meeting is required for the election of directors. The affirmative vote of the holders of a majority of the shares of common stock present or represented by proxy and voting on the matter is required to approve the amendment to our 1996 Director Stock Option Plan and to ratify the appointment of PricewaterhouseCoopers LLP as our independent public accountants for the fiscal year ending December 31, 2004.

Shares which abstain from voting as to a particular matter, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter, and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and broker non-votes

Table of Contents

will have no effect on the voting on the matters to be voted on at the annual meeting, each of which requires the affirmative vote of either a plurality of the votes cast or a majority of shares present in person or represented by proxy and voting on the matter.

PROPOSAL 1 ELECTION OF DIRECTORS

Directors and Nominees for Director

SS&C has a classified board of directors currently consisting of two Class I directors, Albert L. Lord and Jonathan M. Schofield, two Class II directors, David W. Clark, Jr. and Joseph H. Fisher, and three Class III directors, Patrick J. McDonnell, William C. Stone and James L. Sullivan. The Class I, Class II and Class III directors will serve until the annual meetings of stockholders to be held in 2006, 2004 and 2005, respectively, and until their respective successors are elected and qualified. At each annual meeting of stockholders, directors are elected for full three-year terms to succeed those directors whose terms are expiring.

Board Determination of Independence

Under NASDAQ rules that become applicable to SS&C on the date of the annual meeting, a director will only qualify as an independent director if, in the opinion of our board of directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our board of directors has determined that none of Messrs. Clark, Fisher, Lord, McDonnell, Schofield or Sullivan has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 4200(a)(15) of The NASDAQ Stock Market, Inc. Marketplace Rules.

Table of Contents

Board Meetings and Attendance

The board of directors met four times during 2003, either in person or by teleconference. During 2003, each director attended at least 75% of the meetings of the board of directors and of the committees on which he then served.

Director Attendance at Annual Meetings of Stockholders

Although we do not have a formal policy with respect to director attendance at annual meetings of stockholders, we try to schedule a regular meeting of the board each year on the same date as the annual meeting. All of our directors attended the 2003 annual meeting of stockholders.

Board Committees

The board of directors has established three standing committees – audit, compensation and nominating – each of which operates under a charter that has been approved by the board of directors. Current copies of each committee’s charter are posted under Corporate Governance in the Investor Information section of SS&C’s website, www.ssctech.com. In addition, a copy of the audit committee charter, as in effect on the date of this proxy statement, is attached as *Appendix A*.

The board of directors has determined that all of the members of each of its three standing committees are independent as defined under the new rules of the NASDAQ Stock Market that become applicable to SS&C on the date of the annual meeting, including, in the case of all members of the audit committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934. In addition, all of the members of the audit committee are independent as defined by the rules of the NASDAQ Stock Market that apply to SS&C until the date of the annual meeting.

Audit Committee

The audit committee’s responsibilities include:

- appointing, approving the compensation of, and assessing the independence of our independent auditor;
- overseeing the work of our independent auditor, including through the receipt and consideration of certain reports from the independent auditor;
- reviewing and discussing with management and the independent auditors SS&C’s annual and quarterly financial statements and related disclosures;
- monitoring SS&C’s internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;
- establishing policies for the receipt and retention of accounting-related complaints and concerns; and
- preparing the audit committee report required by SEC rules.

The board of directors has determined that each of Joseph H. Fisher, Patrick J. McDonnell and James L. Sullivan is an audit committee financial expert as defined in Item 401(h) of Regulation S-K.

The audit committee met six times during 2003. The current members of the audit committee are Messrs. Fisher (Chairman), McDonnell and Sullivan.

Compensation Committee

The compensation committee’s responsibilities include:

- establishing the compensation of, and compensation policies applicable to, our chief executive officer;

Table of Contents

establishing the compensation of, and compensation policies applicable to, our other executive officers;

overseeing and administering SS&C's cash and equity incentive plans; and

reviewing and making recommendations to the board of directors with respect to director compensation.

The compensation committee met once during 2003. The current members of the compensation committee are Messrs. Clark, Lord and Schofield (Chairman).

Nominating Committee

The board of directors formed its nominating committee in February 2004. The responsibilities of the nominating committee include:

identifying individuals qualified to become board members;

recommending to the board the persons to be nominated for election to the board and to each of the board's committees; and

overseeing the evaluation of the board of directors.

The current members of the nominating committee are Messrs. Clark (Chairman), Fisher and Lord.

Director Candidates

The process followed by the nominating committee to identify and evaluate director candidates includes requests to board members, management and others for recommendations. If appropriate, the nominating committee intends to evaluate biographical information and background material relating to potential candidates and to interview selected candidates.

In considering whether to recommend any particular candidate for inclusion in the board of directors slate of recommended director nominees, the nominating committee considers criteria established by the committee, including the candidate's integrity, business acumen, knowledge of SS&C's business and industry, experience, conflicts of interest and the ability to act in the interests of all stockholders. The nominating committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the board of directors to fulfill its responsibilities.

Stockholders may recommend individuals to the nominating committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to Nominating Committee, c/o Stephen V. R. Whitman, Secretary, SS&C Technologies, Inc., 80 Lambert Road, Windsor, Connecticut 06095. Assuming that appropriate biographical and background material has been provided on a timely basis, the nominating committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the nominating committee or the board of directors, by following the procedures set forth below under "Stockholder Proposals for 2005 Annual Meeting." The required notice must set forth the nominee's name, age, business address and, if known, residence address and principal occupation or employment, the number of shares of stock of SS&C which are beneficially owned by such nominee, and any other information concerning the nominee that must be disclosed as to nominees in proxy solicitations pursuant to Regulation 14A under the Exchange Act, including such person's written consent to be named as a nominee and to serve as a director if elected. The notice must

Table of Contents

also include the name and address, as they appear on SS&C's books, of the stockholder providing the notice and the class and number of SS&C shares which are beneficially owned by such stockholder. We may require any proposed nominee to furnish such other information as may reasonably be required by us to determine the eligibility of such proposed nominee to serve as a member of our board of directors.

Communicating with the Independent Directors

The board of directors will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The chairman of the nominating committee, with the assistance of our general counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate. Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the chairman of the nominating committee, in consultation with the general counsel, considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the board of directors should address such communications to Board of Directors, c/o Stephen V. R. Whitman, Secretary, SS&C Technologies, Inc., 80 Lambert Road, Windsor, Connecticut 06095.

Code of Business Conduct and Ethics

Upon the recommendation of our audit committee, our board of directors has adopted a new code of business conduct and ethics that applies to all of our executive officers, directors and employees. We have posted a current copy of our code under "Corporate Governance" in the "Investor Information" section of our website at www.ssctech.com. To the extent permitted by applicable rules of the NASDAQ Stock Market, we intend to satisfy the disclosure requirements under Item 10 of Form 8-K regarding an amendment to, or waiver from, a provision of the code of business conduct and ethics with respect to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on our website.

Compensation of Directors

Each non-employee director is paid \$500 for attendance at each meeting of the board of directors (other than telephonic meetings) and each committee meeting. Directors who are employees of SS&C are not entitled to compensation for attendance at these meetings in their capacities as directors. The chairman of the audit committee and the chairman of the compensation committee are each paid an additional fee of \$2,500 per year for service as the head of a committee. All of the directors are reimbursed for expenses incurred in connection with their attendance at board and committee meetings. Non-employee directors are also awarded options under our 1996 Director Stock Option Plan. For more information regarding the Director Plan, see "Proposal 2 - Amendment to the 1996 Director Stock Option Plan" below.

Employment Agreements

In March 1996, SS&C and Mr. Stone entered into an employment agreement providing for the employment of Mr. Stone as its president, chief executive officer and chairman of the board of directors. The agreement had an initial term of three years, which ended in March 1999. The agreement is automatically renewed for additional one-year terms until terminated either by Mr. Stone or us. Originally, the agreement provided for an annual base salary of \$250,000 and annual incentive compensation in an amount to be determined by the board of directors or the compensation committee in their respective discretion. In May 1999, the compensation committee increased Mr. Stone's base salary under the agreement to \$400,000 per year, and, in February 2004, the compensation committee increased Mr. Stone's base salary under the agreement to \$500,000 per year. The agreement contains a non-competition covenant pursuant to which Mr. Stone is prohibited from competing with us while employed by us and, if Mr. Stone's employment is terminated for cause by us or voluntarily by Mr. Stone, for a period of two years after such termination.

Certain Transactions

During 2003 and the first quarter of 2004, RLI Insurance Company paid an aggregate of \$94,930 to SS&C for maintenance of CAMRA and Finesse products. Michael J. Stone, President of RLI Insurance, is the brother of William C. Stone, our chairman of the board, president and chief executive officer.

Please see "Compensation of Executive Officers" "Employment Agreements" for a description of our employment agreement with Mr. Stone.

Report of the Compensation Committee on Executive Compensation

Overview and Philosophy

The compensation committee is responsible for establishing the compensation of, and the compensation policies with respect to, SS&C's executive officers, including the chief executive officer, and administering SS&C's stock option and equity plans. The compensation committee currently consists of Messrs. Clark, Lord and Schofield.

The objectives of SS&C's executive compensation program are to:

Attract and retain key executives critical to SS&C's long-term success;

Align the interests of executive officers with the interests of stockholders and SS&C's success; and

Recognize and reward individual performance and responsibility.

Executive Compensation Program

General. SS&C's executive compensation program consists of base salary, short-term incentive compensation in the form of cash bonuses and long-term incentive compensation in the form of stock options. In addition, executive officers are entitled to participate in benefit programs that are available generally to SS&C employees. These benefit programs include medical benefits, the employee stock purchase plan and the 401(k) profit sharing plan and trust.

For 2003, SS&C's management recommended the executive compensation packages, subject to approval and oversight by the compensation committee.

Table of Contents

Base Compensation. William C. Stone is a party to an employment agreement with SS&C which is automatically renewed each year until terminated by either SS&C or Mr. Stone. For 2003, Mr. Stone's employment agreement provided for an annual base salary of \$400,000, subject to any increase as may be approved by the board of directors or the compensation committee and agreed to by Mr. Stone. The compensation committee generally assesses the level of Mr. Stone's salary based on the highly competitive market for executives in the software industry, the comparable compensation received by other SS&C executives and the compensation committee's qualitative judgment of Mr. Stone's contributions to SS&C and SS&C's performance. During 2003, Mr. Stone was instrumental in SS&C's growth in revenues, in SS&C's increased profits and in payment of its first dividend to stockholders. In light of SS&C's strong performance in 2003 and to provide further incentive for Mr. Stone to continue his contributions to SS&C during 2004, the compensation committee determined to increase his annual salary to \$500,000 in February 2004.

For 2003, compensation for the other executive officers was set within the range of compensation for executives with comparable qualifications, experience and responsibilities at other companies in the same or similar businesses, based on the determination of management and approved by the compensation committee. In recommending and approving executive officer compensation levels for 2003, including CEO compensation, management and the compensation committee did not rely on any formal comparison with the compensation paid to executives by companies included in NASDAQ's Computer and Data Processing Index, due to differences in the size, management structure, location and performance of these companies. Base compensation for each executive officer was set within a particular range on a case-by-case basis in light of each individual's contribution to SS&C as a whole, including his ability to motivate others, to develop the necessary skills to grow as SS&C matures, and to contribute to the success of the business.

Short-Term Incentive Compensation. Under SS&C's senior officer short-term incentive program, the compensation committee has discretionary authority to award cash bonuses to individual executive officers. The compensation committee believes the short-term incentive program provides significant incentive to SS&C's executive officers because it enables the compensation committee to reward outstanding individual achievement. The total amount of funds available for bonuses to executive officers and other employees in the incentive program is tied to SS&C's overall financial performance. In light of SS&C's successful financial performance during 2003, the compensation committee elected to award significantly higher bonuses to SS&C's executive officers, including SS&C's chief executive officer, for services rendered during 2003. The specific elements of SS&C's financial performance considered in setting Mr. Stone's bonus at \$600,000 included SS&C's improvements in revenue and profits during each quarter of 2003, reductions in operating costs and expansion of SS&C's client base.

Long-Term Incentive Compensation. SS&C provides long-term incentives to its executive officers and key employees in the form of stock options. The objectives of this program are to align executive and stockholder long-term interests by creating a strong and direct link between executive compensation and stockholder return, and to enable executives to develop and maintain a significant, long-term stock ownership position in the common stock. Stock options are granted at an option exercise price that is determined by the compensation committee as of the date of grant. Historically, the option exercise price has been the fair market value of the common stock at the time the option is granted. Accordingly, these stock options will only have value if SS&C's stock price increases above the fair market value of the common stock at the time the options were granted. In selecting executives eligible to receive option grants and determining the amount and frequency of such grants, the compensation committee evaluates a variety of factors, including (1) the job level of the executive and (2) past, current and prospective service to SS&C rendered, or to be rendered, by the executive. During 2003, SS&C granted options to purchase an aggregate of 532,500 shares of common stock to SS&C's executive officers. Mr. Stone received an option to purchase 300,000 shares, based on his strong contribution to SS&C's financial performance during 2003, as noted above.

Section 162(m). Section 162(m) of the Internal Revenue Code of 1986 generally disallows a tax deduction to public companies for compensation over \$1 million paid to its chief executive officer and its four other most highly compensated executive officers. Certain compensation, including qualified

Table of Contents

performance-based compensation, will not be subject to the deduction limit if certain requirements are met. SS&C generally intends to structure the long-term incentive compensation granted to executive officers under its 1998 Stock Incentive Plan to comply with the statute and thereby to mitigate any disallowance of deductions under Section 162(m) of the Code. However, the compensation committee reserves the right to use its judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) of the Code when the compensation committee believes that such payments are appropriate, after taking into consideration circumstances such as changing business conditions or the officer's performance, and are in the best interest of SS&C stockholders. In any event, there can be no assurance that compensation attributable to stock options will be exempted from Section 162(m).

Compensation Committee Interlocks and Insider Participation

During 2003, no executive officer of SS&C served as a director or member of the compensation committee or other committee serving an equivalent function of any other entity, one of whose executive officers served as a director or member of our compensation committee. The current members of the compensation committee are Messrs. Clark, Lord and Schofield.

Report of the Audit Committee of the Board of Directors

The audit committee is composed of three independent directors as defined by its charter and the rules of the NASDAQ Stock Market. The audit committee operates under a written charter, which was first adopted by the board of directors in May 2000 and replaced by a written charter adopted by the board of directors in March 2004 and attached hereto as *Appendix A*.

Management is responsible for SS&C's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of SS&C's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The audit committee's responsibility is to monitor and oversee these processes.

In this context, the audit committee has met and held discussions with management and SS&C's independent auditors. Management represented to the audit committee that SS&C's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the audit committee has reviewed and discussed the consolidated financial statements with management and SS&C's independent auditors.

The audit committee has discussed with SS&C's independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by the Auditing Standards Board of the American Institute of Certified Public Accountants.

SS&C's independent auditors also provided the audit committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditors' professional opinion may reasonably be thought to bear on independence, confirm their independence and engage in discussion of independence. In addition, the audit committee discussed with the independent auditors their independence from SS&C. The audit committee also considered whether the independent auditors' provision of certain other, non-audit related services to SS&C was compatible with maintaining such auditors' independence.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the audit committee recommended to the board of directors that the audited consolidated financial statements be included in SS&C's Annual Report on Form 10-K for the year ended December 31, 2003.

The audit committee has selected PricewaterhouseCoopers LLP as SS&C's independent auditor for the fiscal year ending December 31, 2004, subject to stockholder ratification.

Pre-Approval Policies and Procedures

The audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by SS&C's independent auditor. These policies and procedures generally provide that we will not engage our independent auditor to render audit or non-audit services unless the service is specifically approved in advance by the audit committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the audit committee may pre-approve specified types of services that are expected to be provided to us by our independent auditor during the next 12 months. 1999 Non-Officer Employee Stock Incentive Plan

In October 1999, our board of directors adopted the 1999 Non-Officer Employee Stock Incentive Plan, or Non-Officer Plan, pursuant to which nonstatutory stock options for shares of common stock may be granted to employees of SS&C, other than executive officers.

The board of directors administers the Non-Officer Plan. The board of directors is authorized to adopt, amend and repeal the administrative rules, guidelines and practices relating to the Non-Officer Plan and to interpret the provisions of the Non-Officer Plan. The board of directors may amend, suspend or terminate the Non-Officer Plan at any time. The board of directors has delegated the authority to administer certain aspects of the Non-Officer Plan to the compensation committee.

Edgar Filing: SS&C TECHNOLOGIES INC - Form DEF 14A

The board of directors, the compensation committee or William C. Stone, in his role as chief executive officer, selects the recipients of options under the Non-Officer Plan and determines (1) the number of shares of common stock covered by such options, (2) the dates upon which such options

become exercisable, which is typically one fourth on the first anniversary of the date of grant and one thirty-sixth at the end of each month thereafter until fully vested, (3) the exercise prices for such options which may be less than, equal to or greater than the fair market value of the common stock on the date of grant, and (4) the expiration dates of such options.

The Non-Officer Plan permits the following forms of payment of the exercise price of options: (1) payment by cash, check or in connection with a cashless exercise through a broker, (2) surrender to SS&C of shares of common stock, (3) delivery to SS&C of a promissory note, (4) any other lawful means, or (5) any combination of these forms of payment.

If any option granted under the Non-Officer Plan expires or is terminated, surrendered, canceled or forfeited, the unused shares of common stock covered by such option will again be available for grant under the Non-Officer Plan. No option may be granted under the Non-Officer Plan on or after October 19, 2009, but awards previously granted may extend beyond the date.

Warrant

On March 29, 2002, SS&C granted Consecro, Inc., one of its customers, a warrant to purchase 90,000 shares of common stock. The warrant is exercisable in whole or in part at an exercise price of \$4.667 per share, provided that no individual exercise is for fewer than 7,500 shares. The warrant expires on March 29, 2007.

PROPOSAL 2 AMENDMENT TO THE 1996

DIRECTOR STOCK OPTION PLAN

On February 5, 2004, our board of directors approved an amendment to the 1996 Director Stock Option Plan, subject to stockholder approval, increasing the number of shares of common stock authorized for issuance under the Director Plan from 450,000 to 675,000 shares.

The board of directors adopted the amendment because it believes that the number of shares currently available under the Director Plan is insufficient to satisfy our equity compensation requirements for directors for the future. The board of directors believes that continued grants of stock options to members of the board of directors will be an important element in attracting and retaining directors who contribute to our growth and success.

As of April 2, 2004, 82,500 shares of common stock were available for issuance under the Director Plan and six directors were eligible to receive options under the Director Plan. The closing sale price per share of common stock on such date was \$26.64, as reported on the NASDAQ National Market.

SUMMARY OF THE DIRECTOR PLAN

The following is a summary of the material provisions of the Director Plan.

The Director Plan provides for the grant of nonstatutory stock options to purchase shares of common stock to our directors who are not our employees or employees of any of our subsidiaries. Currently, under the Director Plan each eligible director is entitled to receive an option to purchase 7,500 shares of common stock upon his or her initial election to the board of directors and at each annual meeting of stockholders, provided that he or she continues to serve as a director immediately following such annual meeting.

All options granted under the Director Plan vest in full immediately upon the date of grant. The exercise prices of options granted under the Director Plan equal the last reported sales price per share of the common stock on the NASDAQ National Market or such other nationally recognized exchange or trading system if the common stock is no longer traded on the NASDAQ National Market, on the date of grant.

Except as otherwise provided by the board of directors, options granted under the Director Plan generally are not transferable by the optionee except by will or the laws of descent and distribution or pursuant to a qualified domestic relations order as defined by the Internal Revenue Code or Title I of the Employee Retirement Income Security Act, or the rules thereunder. In the event a holder of an option granted under the Director Plan ceases to serve as a director of SS&C, other than due to death or disability, such option may be exercised for the portion then exercisable at any time within 60 days after the date that the holder ceases to serve as a director. In the event that the holder ceases to serve as a director due to his or her death or disability, then the director, or his or her administrator, executor or heirs may exercise the exercisable portion of the option for up to 180 days after the date that the holder ceases to serve as a director. Options granted under the Director Plan expire ten years from the date of grant.

The Director Plan is administered by the board of directors or the compensation committee. Grants of stock options under the Director Plan and the amount and nature of the awards to be granted shall be automatic in accordance with the provisions of the Director Plan. However, all questions concerning interpretation of the Director Plan or any options granted thereunder shall be resolved by the board of directors or the compensation committee. The board of directors is required to make appropriate adjustments in connection with the Director Plan and any outstanding grants to reflect stock dividends, stock splits and certain other events, including mergers. Federal Income Tax Consequences

The following summarizes the United States federal income tax consequences that generally will arise with respect to options granted under the plan. This summary is based on the tax laws in effect as of the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

An optionee will not have income upon the grant of a nonstatutory stock option. An optionee will have compensation income upon the exercise of a nonstatutory stock option equal to the value of the stock on the day the optionee exercised the option less the exercise price. Upon sale of the stock, the optionee will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the option was exercised. This capital gain or loss will be long-term if the optionee has held the stock for more than one year and otherwise will be short-term.

There will be no tax consequences to us except that we will be entitled to a deduction when an optionee has compensation income.

THE BOARD BELIEVES THAT THE APPROVAL OF THE DIRECTOR PLAN AMENDMENT IS IN THE BEST INTERESTS OF SS&C AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE IN FAVOR OF THIS PROPOSAL.

**PROPOSAL 3 RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT PUBLIC ACCOUNTANTS**

The audit committee has selected PricewaterhouseCoopers LLP as our independent public accountants for the year ending December 31, 2004, subject to ratification by stockholders at the annual meeting. Although stockholder approval of the audit committee's selection of PricewaterhouseCoopers LLP is not required by law, the board of directors and the audit committee believe that it is advisable to give stockholders an opportunity to ratify this selection. If the stockholders do not ratify the selection of PricewaterhouseCoopers LLP, the board of directors and the audit committee will reconsider the matter. A representative of PricewaterhouseCoopers LLP, which served as our independent public accountants for the year ended December 31, 2003, is expected to be present at the annual meeting to respond to appropriate questions and to make a statement if he or she so desires.

THE BOARD BELIEVES THAT THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT PUBLIC ACCOUNTANTS IS IN THE BEST INTERESTS OF SS&C AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE IN FAVOR OF APPROVING THIS APPOINTMENT.

We will bear the costs of soliciting proxies. 2. Administration.

The Board of Directors shall supervise and administer the Plan. Grants of stock options under the Plan and the amount and nature of the awards to be granted shall be automatic in accordance with Section 5. However, all questions concerning interpretation of the Plan or any options granted under it shall be resolved by the Board of Directors and such resolution shall be final and binding upon all persons having an interest in the Plan.

3. Participation in the Plan.

Directors of the Company who are not full-time employees of the Company or any subsidiary of the Company (outside directors) shall be eligible to receive options under the Plan.

4. Stock Subject to the Plan.

(a) The maximum number of shares of the Company s common stock, par value \$.01 per share (common stock), which may be issued under the Plan shall be 150,000 shares, subject to adjustment as provided in Section 7.

(b) If any outstanding option under the Plan for any reason expires or is terminated without having been exercised in full, the shares covered by the unexercised portion of such option shall again become available for issuance pursuant to the Plan.

(c) All options granted under the Plan shall be nonstatutory options not entitled to special tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended (the Code).

5. Terms, Conditions and Form of Options.

Each option granted under the Plan shall be evidenced by a written agreement in such form as the Board of Directors shall from time to time approve, which agreements shall comply with and be subject to the following terms and conditions:

(a) Option Grant Dates. Options shall automatically be granted to all eligible outside directors as follows:

(i) each person who first becomes an eligible outside director after the closing date (the Closing Date) of the Company s initial public offering of common stock pursuant to an effective registration statement under the Securities Act of 1933, as amended, shall be granted an option to purchase 5,000 shares of common stock on the date of his or her initial election to the Board of Directors, provided that such eligible director is elected on a date other than the date of an Annual Meeting of Stockholders; and

(ii) each eligible outside director shall be granted an additional option to purchase 5,000 shares of common stock on the date of each Annual Meeting of Stockholders of the Company commencing with the 1997 Annual Meeting of Stockholders, provided that he or she continues to serve as a director immediately following such Annual Meeting.

(b) Option Exercise Price. The option exercise price per share for each option granted under the Plan shall equal (i) the last reported sales price per share of the Company's common stock on the NASDAQ National Market (or, if the Company is traded on a nationally recognized securities exchange on the date of grant, the reported closing sales price per share of the Company's common

stock by such exchange) on the date of grant (or if no such price is reported on such date such price as reported on the nearest preceding day) or (ii) if the common stock is not traded on the NASDAQ National Market or an exchange, the fair market value per share on the date of grant as most recently determined by the Board of Directors.

(c) Options Non-Transferable. To the extent required to qualify for the exemption provided by Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act), any option granted under the Plan to an optionee shall not be transferable by the optionee other than by will or the laws of descent and distribution or pursuant to a qualified domestic relations order as defined by the Code or Title I of the Employee Retirement Income Security Act, or the rules thereunder, and shall be exercisable during the optionee's lifetime only by the optionee or the optionee's guardian or legal representative.

(d) Vesting Period.

(i) General. Each option granted under the Plan shall become exercisable on the first anniversary of the Option Grant Date; provided, however, that the optionee continue to serve as a director on such date.

(ii) Acceleration Upon Change in Control. Notwithstanding the foregoing, each outstanding option granted under the Plan shall immediately become exercisable in full in the event a Change in Control (as defined in Section 8) of the Company occurs.

(e) Termination. Each option shall terminate, and may no longer be exercised, on the earlier of the (i) the date 10 years after the Option Grant Date or (ii) the date 60 days after the optionee ceases to serve as a director of the Company; provided that, in the event an optionee ceases to serve as a director due to his or her death or disability (within the meaning of Section 22(e)(3) of the Code or any successor provision), then the exercisable portion of the option may be exercised, within the period of 180 days following the date the optionee ceases to serve as a director (but in no event later than 10 years after the Option Grant Date), by the optionee or by the person to whom the option is transferred by will, by the laws of descent and distribution, or by written notice pursuant to Section 5(h).

(f) Exercise Procedure. An option may be exercised only by written notice to the Company at its principal office accompanied by payment in cash of the full consideration for the shares as to which the option is exercised.

(g) Exercise by Representative Following Death of Director. An optionee, by written notice to the Company, may designate one or more persons (and from time to time change such designation), including his or her legal representative, who, by reason of the optionee's death, shall acquire the right to exercise all or a portion of the option. If the person or persons so designated wish to exercise any portion of the option, they must do so within the term of the option as provided herein. Any exercise by a representative shall be subject to the provisions of the Plan.

6. Limitation of Rights.

(a) No Right to Continue as a Director. Neither the Plan, nor the granting of an option nor any other action taken pursuant to the Plan, shall constitute or be evidence of any agreement or understanding, express or implied, that the Company will retain the optionee as a director for any period of time.

(b) No Stockholders' Rights for Options. An optionee shall have no rights as a stockholder with respect to the shares covered by his or her option until the date of the issuance to him or her of a stock certificate therefor, and no adjustment will be made for dividends or other rights (except as provided in Section 7) for which the record date is prior to the date such certificate is issued.

7. Adjustment Provisions for Mergers, Recapitalizations and Related Transactions.

If, through or as a result of any merger, consolidation, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar transaction, (i) the outstanding shares of common stock are exchanged for a different number or kind of securities of the Company or of another entity, or (ii) additional shares or new or different shares or other securities of the Company or of another entity are distributed with respect to such shares of common stock, the Board of Directors shall make an appropriate and proportionate adjustment in (x) the maximum number and kind of shares reserved for issuance under the Plan, (y) the number and kind of shares or other securities subject to then outstanding options under the Plan, and/or (z) the price for each share subject to any then outstanding options under the Plan (without changing the aggregate purchase price for such options), to the end that each option shall be exercisable, for the same aggregate exercise price, for such securities as such optionholder would have held

immediately following such event if he had exercised such option immediately prior to such event. No fractional shares will be issued under the Plan on account of any such adjustments.

8. Change in Control.

For purposes of the Plan, a Change in Control shall be deemed to have occurred only if any of the following events occurs: (i) any person, as such term is used in Sections 13(d) and 14(d) of the Exchange Act (other than the Company, any trustee or other fiduciary holding securities under an employee benefit plan of the Company, or any corporation owned directly or indirectly by the stockholders of the Company in substantially the same proportion as their ownership of stock of the Company), is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of the Company's then outstanding securities; (ii) the stockholders of the Company approve a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; (iii) the stockholders of the Company approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets; or (iv) individuals who, on the date on which the Plan was adopted by the Board of Directors, constituted the Board of Directors of the Company, together with any new director whose election by the Board of Directors or nomination for election by the Company's stockholders was approved by a vote of at least a majority of the directors then still in office who were directors on the date on which the Plan was adopted by the Board of Directors or whose election or nomination was previously so approved, cease for any reason to constitute at least a majority of the Board of Directors.

9. Modification, Extension and Renewal of Options.

The Board of Directors shall have the power to modify or amend outstanding options; provided, however, that no modification or amendment may (i) have the effect of altering or impairing any rights or obligations of any option previously granted without the consent of the optionee, or (ii) modify the number of shares of common stock subject to the option (except as provided in Section 7).

10. Termination and Amendment of the Plan.

The Board of Directors may suspend, terminate or discontinue the Plan or amend it in any respect whatsoever; provided, however, that without approval of the stockholders of the Company, no amendment may (i) increase the number of shares subject to the Plan (except as provided in Section 7), (ii) materially modify the requirements as to eligibility to receive options under the Plan, or (iii) materially increase the benefits accruing to participants in the Plan; and provided further that the Board of Directors may not amend the provisions of Sections 3, 5(a), 5(b) or 5(c) more frequently than once every six months, other than to comply with changes in the Code or the rules thereunder.

11. Notice.

Any written notice to the Company required by any of the provisions of the Plan shall be addressed to the Treasurer of the Company and shall become effective when it is received.

12. Governing Law.

The Plan and all determinations made and actions taken pursuant hereto shall be governed by the laws of the State of Delaware.
