A. FreeSeas Inc. ( FreeSeas ) is providing the following additional information regarding its purchase of the M/V *Free Goddess*:

In connection with its pending purchase of the M/V *Free Goddess*, which is currently expected to be completed in late October 2007, FreeSeas currently intends to finance the \$22.7 million balance of the purchase price due upon delivery of the vessel with \$20.8 million drawn from its existing credit facilities and \$1.9 million from its available cash. Following completion of this purchase, FreeSeas will have approximately \$13.1 million remaining available under its existing credit facilities.

B. FreeSeas is providing the following additional information regarding the M/V *Free Jupiter*:

On October 15, 2007, FreeSeas issued a press release announcing the successful refloating of the M/V *Free Jupiter*. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

In the grounding incident, the M/V *Free Jupiter* sustained damage and will be undergoing repairs until approximately November 30, 2007, although there can be no assurances the repairs may not require longer to complete. FreeSeas believes that its hull and machinery insurance and its P&I insurance should cover the repair of the vessel and liability claims, if any, from the current charterer, subject to applicable deductibles.

FreeSeas is scheduled to deliver the M/V *Free Jupiter* to its subsequent charterer by November 30, 2007 for a three-year time charter. If the vessel's repairs take longer to complete, FreeSeas will request a further extension from the charterer. There can be no assurances a further extension will be granted. If a further extension is not granted, FreeSeas may face claims that its insurance would not cover. FreeSeas does not currently have loss of hire or business interruption insurance and, accordingly, it will suffer a loss of revenues for the period that the vessel is off-hire until repairs are complete. In addition, FreeSeas' protection and indemnity insurance would not cover claims made by its charterer for damages that it may incur as a result of the delay in delivering the vessel caused by the incident, although FreeSeas' insurance may cover its fees and expenses incurred in defending claims for damages that may be brought by the charterer. FreeSeas may also face increased insurance premiums as a result of the grounding incident. As a result, this grounding incident and its consequences will negatively impact FreeSeas' financial condition and results of operations.

This report on Form 6-K and the exhibit attached hereto are incorporated by reference into FreeSeas' Registration Statement on Form F-3, File No. 333-145098.
