STOCK OPTION PLANS

We have options outstanding under four stock option plans: the 1990 Stock Option Plan, the 1995 Stock Option Plan, the 1999 Incentive Stock Plan, and the 2002 Incentive Stock Option Plan. Each of these plans permit us to grant options that are intended to qualify as incentive stock options under the Internal Revenue Code, as well as nonqualified stock options. These plans also permit us to make other stock-based awards, including grants of shares of common stock and stock appreciation rights, or SARs.

We may grant options and awards under our stock option plans to employees, directors, and independent contractors who provide services to our company. We may grant options that are incentive stock options only to key personnel of our

5

company or our subsidiaries who are also employees of our company or our subsidiaries. The terms and conditions of incentive stock options must be consistent with the qualification requirements set forth in the Internal Revenue Code. The exercise price of all incentive stock options must be at least equal to the fair market value of our common stock on the date of the grant or, in the case of incentive stock options granted to a person who holds 10% or more of the voting power of our stock, at least 110% of the fair market value of our common stock on the date of the grant. The maximum exercise period for which incentive stock options may be granted is ten years (five years in the case of incentive stock options granted to a person who holds 10% or more of the voting power of our stock).

To exercise an option, the option-holder will be required to deliver to us full payment of the exercise price for the shares as to which the option is being exercised. Generally, options can be exercised by delivery of cash, check, or shares of our common stock.

SARs will entitle the recipient to receive a payment equal to the appreciation in market value of a stated number of shares of common stock from the price on the date the SAR was granted or became effective to the market value of the common stock on the date first exercised or surrendered. Stock awards will entitle the recipient to receive shares of our common stock directly. Cash awards will entitle the recipient to receive direct payments of cash depending on the market value or the appreciation of our common stock or other securities of our company.

Edgar Filing: MAIN STREET & MAIN INC - Form 10-K/A

Our board of directors administers our option plans. Our board of directors may delegate all or any portion of its authority and duties under our option plans to one or more committees appointed by our board of directors under such conditions and limitations as our board of directors may from time to time establish. Our board of directors and/or any committee that administers our plans has the authority, in its discretion, to determine all matters relating to awards, including the selection of the individuals to be granted awards, the type of awards, the number of shares of common stock subject to an award, vesting conditions, and any and all other terms, conditions, restrictions, and limitations, if any, of an award.

A maximum of 250,000 shares of common stock were originally available for issuance under the 1990 Plan. The 1990 Plan expired on July 24, 2000, which means that no new options may be granted under the 1990 Plan. As of April 1, 2003, 19,750 shares of common stock have been issued upon exercise of options granted pursuant to the 1990 Plan and there were outstanding options to purchase 88,500 shares of common stock under the 1990 Plan. No incentive awards other than stock options have been granted under the 1990 Plan. Any options granted under the 1990 Plan will remain outstanding until their respective expiration dates or earlier termination in accordance with their respective terms.

A maximum of 325,000 shares of common stock may be issued under the 1995 Plan. As of April 1, 2003, 52,750 shares of common stock have been issued upon exercise of options granted under the 1995 Plan and there were outstanding options to acquire 272,250 shares of common stock under the 1995 Plan. Accordingly, no additional shares remain available for grants under the 1995 Plan. The 1995 Plan will remain in effect until January 8, 2006. The 1995 Plan included an automatic program that provided for the automatic grant of options to non-employee directors of our company. Because there currently is not a sufficient number of shares remaining authorized under the 1995 Plan to permit grants under the automatic program, our board of directors discontinued the automatic program in 1999.

A maximum of 1,000,000 shares of common stock may be issued under the 1999 Plan. The maximum number of shares covered by awards granted to any individual in any year may not exceed 15% of the total number of shares that may be issued under the 1999 Plan. As of April 1, 2003, 78,995 shares of common stock have been issued upon exercise of options granted under the 1999 Plan and there were outstanding options to acquire 921,005 shares of common stock under the 1999 Plan. Accordingly, no additional shares remain available for grant under the 1999 Plan. The 1999 Plan will remain in effect until February 19, 2009, unless sooner terminated by the board of directors.

A maximum of 1,000,000 shares of common stock may be issued under the 2002 Plan. The maximum number of shares covered by awards granted to any individual in any year may not exceed 15% of the total number of shares that may be issued under the 2002 Plan. As of April 1, 2003, no shares of common stock have been issued upon exercise of options granted under the 2002 Plan and there were outstanding options to acquire 310,667 shares of common stock under the 2002

6

Plan. An additional 689,333 shares remain available for grant under the 2002 Plan. The 2002 Plan will remain in effect until June 26, 2012, unless sooner terminated by the board of directors.

NON-QUALIFIED AND OFFICER OPTION PROGRAM

In addition to the employee incentive stock plans, we have issued options for 2,045,000 to executive officers and directors at prices generally equal to or above fair market value at the date of grant, at prices ranging from \$2.00 to \$5.00 per share.

Edgar Filing: MAIN STREET & MAIN INC - Form 10-K/A

401(k) PROFIT SHARING PLAN

Our qualified 401(k) Profit Sharing Plan was adopted by our board of directors on January 14, 1991, effective as of January 1, 1991, and covers corporate management and restaurant employees. The 401(k) Plan currently provides for a matching contribution equal to 50% of the first 4% of the salary deduction a participant elects to defer as a contribution to the 401(k) Plan. The 401(k) Plan further provides for a special discretionary contribution equal to a percentage of a participant's salary to be determined each year by our company. We also may contribute a discretionary amount in addition to the special discretionary contribution. Contributions to the 401(k) Plan by our company for fiscal 2002 totaled approximately \$257,000.

EMPLOYMENT AGREEMENTS

We are a party to an employment agreement with Bart A. Brown, Jr. with a term through December 31, 2003. The agreement automatically renews for successive one-year terms unless either party terminates by giving the other party at least 60 days' written notice. Mr. Brown's employment agreement provides for him to serve as the Chief Executive Officer of our company. The employment agreement provides for Mr. Brown to receive a minimum salary of \$250,000 per annum and as a result of a discretionary increase from the board of directors, Mr. Brown is currently receiving a salary of \$300,000 per annum. In addition, the employment agreement provides that Mr. Brown will be eligible to receive discretionary bonuses in amounts determined by our board of directors. The employment agreement contains provisions regarding non-competition, non-solicitation of employees, and non-disclosure of confidential information.

The employment agreement provides for Mr. Brown to receive his fixed compensation to the date of the termination of his employment by reason of resignation or as a result of termination of employment "for cause," as defined in the agreement. In the event of the termination of employment by reason of death or disability, the employment agreement provides for the payment of fixed compensation to Mr. Brown for a period of one year from the date of death or disability. If we terminate Mr. Brown's employment other than "for cause" or in the event of any termination of employment following any "change in control" of our company, as defined in the agreement, the employment agreement also provides for Mr. Brown to receive his fixed compensation as if his employment had not been terminated. Section 280G of the Internal Revenue Code may limit the deductibility of such payments for federal income tax purposes. If these payments are not deductible and if we have income at least equal to such payments, an amount of income equal to the amount of such payments could not be offset. As a result, the income that would not be offset would be "phantom income" (i.e., income without cash) to our company. A change in control would include a merger or consolidation of our company, a sale of all or substantially all of our assets, a change in the identity of a majority of the members of our board of directors, or an acquisition of more than 15% of our common stock, subject to certain limitations.

We are a party to an employment agreement with William G. Shrader with a term through December 31, 2004. Mr. Shrader's employment agreement provides for him to serve as the President and Chief Operating Officer of our company. The employment agreement provides for Mr. Shrader to receive a salary of \$300,000 per annum in 2003, which salary shall increase by the amount of \$25,000 in each succeeding year of its term. In addition, the employment agreement provides that Mr. Shrader will be eligible to receive discretionary bonuses in amounts determined by our board of directors. The employment agreement contains provisions regarding non-competition, non-solicitation of employees, and non-disclosure of confidential information.

The employment agreement provides for Mr. Shrader to receive his fixed

compensation to Mr. Shrader for a period of 18 months from the date of death or disability. If we terminate Mr. Shrader's employment other than "for cause", the agreement provides for Mr. Shrader to receive his fixed compensation as if his employment had not been terminated. In the event of any termination of employment following any "change in control, wherein Mr. Shrader is not offered the same or a better position" in our company, as defined in the agreement, the employment agreement also provides for Mr. Shrader to receive 24 months salary. Section 280G of the Internal Revenue Code may limit the deductibility of such payments for federal income tax purposes. If these payments are not deductible and if we have income at least equal to such payments, an amount of income equal to the amount of such payments could not be offset. As a result, the income that would not be offset would be "phantom income" (i.e., income without cash) to our company.

We are a party to an employment agreement with Michael Garnreiter with a term through March 31, 2005. Mr. Garnreiter's employment agreement provides for him to serve as the Executive Vice President, Chief Financial Officer, and Treasurer of our company. The employment agreement provides for Mr. Garnreiter to receive a salary of \$235,000 per annum in 2003, which salary shall increase by the amount of \$10,000 in each succeeding year of its term. The employment agreement also contains provisions governing the compensation due Mr. Garnreiter in the event of termination of his employment.

LIMITATION OF LIABILITY AND INDEMNIFICATION MATTERS

Our certificate of incorporation and bylaws provide that our company will indemnify and advance expenses, to the fullest extent permitted by the Delaware General Corporation Law, to each person who is or was a director, officer, or agent of our company or who serves or served any other enterprise or organization at the request of our company. Under Delaware law, to the extent that an indemnitee is successful on the merits of a suit or proceeding brought against him or her by reason of the fact that he or she is or was a director, officer, or agent of our company, or serves or served any other enterprise or organization at the request of our company, we will indemnify him or her against expenses (including attorneys' fees) actually and reasonably incurred in connection with such action. If unsuccessful in defense of a third-party civil suit or a criminal suit, or if such suit is settled, an indemnitee may be indemnified under Delaware law against both (a) expenses, including attorneys' fees, and (b) judgments, fines, and amounts paid in settlement if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of our company, and, with respect to any criminal action, had no reasonable cause to believe his or her conduct was unlawful. If unsuccessful in defense of a suit brought by or in the right of our company, where the suit is settled, an indemnitee may be indemnified under Delaware law only against expenses (including attorneys' fees) actually and reasonably incurred in the defense or settlement of the suit if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of our company, except that if the indemnitee is adjudged to be liable for negligence or misconduct in the performance of his or her duty to our company, he or she cannot be made whole even for expenses unless a court determines that he or she is fully and reasonably entitled to indemnification for such expenses. Also under Delaware law, expenses incurred by an officer or director in defending a civil or criminal action, suit, or proceeding may be paid by our company in advance of the final disposition of the suit, action, or proceeding upon receipt of an undertaking by or on behalf of

Edgar Filing: MAIN STREET & MAIN INC - Form 10-K/A

the officer or director to repay such amount if it is ultimately determined that he or she is not entitled to be indemnified by our company. We also may advance expenses incurred by other employees and agents of our company upon such terms and conditions, if any, that our board of directors deems appropriate. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers, or persons controlling our company pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the fiscal year ended December 31, 2002, our Compensation Committee consisted of John F. Antioco, Jane Evans, John C. Metz, and Debra Bloy. None of these individuals had any contractual or other relationships with us during the fiscal year except as directors and except that Debra Bloy received the sum of \$120,000, pursuant to a consulting agreement entered into when she, as one of the sellers, sold the Bamboo Club restaurant concept to the company.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

OVERVIEW AND PHILOSOPHY

Decisions on compensation of our executives are made by the Compensation Committee, consisting of independent members of our board of directors appointed by our board of directors. The board of directors and the Compensation Committee make every effort to ensure that the compensation plan is consistent with our values and is aligned with our business strategy and goals.

Our compensation program for executive officers consists primarily of base salary, bonus, and long-term incentives in the form of stock options. Executives also participate in various other benefit plans, including medical and retirement plans, which generally are available to all employees of our company.

Our philosophy is to pay base salaries to executives at levels that enable us to attract, motivate, and retain highly qualified executives. The bonus program is designed to reward individuals for performance based on our company's financial results as well as the achievement of personal and corporate objectives that will contribute to the long-term success of our company in building stockholder value. Stock option grants are intended to result in minimal or no rewards if our stock price does not appreciate, but may provide substantial rewards to executives as all of our company's stockholders benefit from stock price appreciation.

We follow a subjective and flexible approach rather than an objective or formulaic approach to compensation. Various factors receive consideration without any particular weighting or emphasis on any one factor. In establishing compensation for the year ended December 30, 2002, the committee took into account, among other things, our financial results, compensation paid in prior years, and compensation of executive officers employed by companies of similar size in the restaurant industry.

BASE SALARY AND ANNUAL INCENTIVES

Base salaries for executive positions are established relative to our financial performance and comparable positions in similarly sized companies. The committee from time to time may use competitive surveys and outside consultants to help determine the relevant competitive pay levels. We target base pay at the level required to attract and retain highly qualified executives. In determining salaries, the committee also takes into account individual experience and

Edgar Filing: MAIN STREET & MAIN INC - Form 10-K/A

performance, salary levels relative to other positions with our company, and specific needs particular to our company.

Annual incentive awards are based on our financial performance and the efforts of our executives. Performance is measured based on profitability and revenue and the successful achievement of functional and personal goals. We awarded minimal bonuses to some of our executive staff, administrative staff, and operations management staff for their performance during the fiscal year ended December 30, 2002.

STOCK OPTION GRANTS

We believe in tying executive rewards directly to the long-term success of our company and increases in stockholder value through grants of executive stock options. Stock option grants also will enable executives to develop and maintain a significant stock ownership position in our common stock. The amount of options granted takes into account options previously granted to an individual. We granted options to our executive officers during fiscal 2002. See "Executive Compensation - Option Grants".

OTHER BENEFITS

Executive officers are eligible to participate in benefit programs designed for all full-time employees of our company. These programs include medical insurance, a qualified retirement program allowed under Section 401(k) of the Internal Revenue Code, and life insurance coverage equal to one times base salary to a maximum of \$50,000.

CHIEF EXECUTIVE OFFICER COMPENSATION

Bart A. Brown, Jr. has served as our Chief Executive Officer since December 16, 1996. In addition, prior to June 2001 he also served as our President. Effective January 1, 1999, we entered into a new employment agreement with Mr.

9

Brown. See "Executive Compensation - Employment Agreements." The board of directors determined Mr. Brown's salary based on a number of factors, including our company's performance, Mr. Brown's individual performance, and salaries paid by comparable companies. Mr. Brown did not receive a bonus in fiscal 2002. See "Executive Compensation - Summary Compensation Table."

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

Section 162(m) of the Internal Revenue Code currently limits the deductibility for federal income tax purposes of compensation paid to our Chief Executive Officer and to each of our other four most highly compensated executive officers. We may deduct certain types of compensation paid to any of these individuals only to the extent that such compensation during any fiscal year does not exceed \$1.0 million. We do not believe that our compensation arrangements with any of our executive officers will exceed the limits on deductibility during our current fiscal year.

This report has been furnished by the members of the Compensation Committee of our board of directors.

PERFORMANCE GRAPH

The following line graph compares cumulative total stockholder returns for (a) our common stock; (b) the Nasdaq Stock Market (U.S.) Index; and (c) the Dow Jones Restaurants Index.

The graph assumes an investment of \$100 in each of our common stock, the Nasdaq Stock Market Index, and the Dow Jones Restaurants Index on December 29, 1997. The calculation of cumulative stockholder return on each of the indexes includes reinvestment of dividends, but the calculation of cumulative stockholder return on our common stock does not include reinvestment of dividends because we did not pay dividends during the measurement period. The stock price and the performance of the indexes shown in the graph are not necessarily indicative of future results.
