The Goodyear Tire & Rubber Company ("Goodyear" or "we" or "us" or "our") has previously announced that it will be restating its financial statements for the years 1998 through 2002 and for the first and second quarters of 2003. Because the analysis and preparation of the financial statements for the periods affected by the restatement is not yet complete, we will not be in a position to timely file our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2003.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

[x] Yes [] No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Goodyear anticipates significant changes in the results of operations for the quarterly period ended September 30, 2003 compared to the corresponding period in 2002. We currently estimate that for the three and nine month periods ended September 30, 2003, Goodyear will report a net loss of approximately \$106 million, or \$0.60 per share, and between approximately \$310 to \$335 million, or \$1.77 to \$1.91 per share, respectively. This compares to a currently estimated restated net income of approximately \$33 million, or \$0.20 per share, and approximately \$7 million, or \$0.04 per share, for the corresponding periods in 2002. The restatement for the first six months of 2003 is not yet complete. As a result, the estimated results for the first nine months of 2003 are given as a range. We believe that the anticipated decrease in net income for the three and nine months periods in 2003 from the corresponding prior periods in 2002 is attributable to higher net rationalization costs, and increases in Interest Expense, Other (Income) and Expense and Foreign Currency Exchange, in the three and nine month periods ending September 30, 2003, compared to the corresponding periods of 2002.

The foregoing estimates of Goodyear's results of operations for the quarterly period ending September 30, 2003 and the corresponding periods of 2002 are subject to change pending the completion of the restatement of our financial statements for 1998 through 2002 and the first and second quarters of 2003 and the completion by PricewaterhouseCoopers LLP, our independent auditors, of their audits of the annual financial statements.
