Proxy Statement
2004 Annual Meeting of Shareholders
to be held October 22, 2004

GENERAL INFORMATION ABOUT THE MEETING

Why are you receiving this

proxy statement?

We are furnishing this proxy statement to you in connection with the solicitation of proxies by the Board of Directors of Harris Corporation (which we refer to as Harris, we, our or us) for use at the 2004 Annual Meeting of Shareholders to be held on October 22, 2004, and at any adjournments or postponements thereof.

On September 15, 2004, we commenced mailing to our shareholders: (1) this proxy statement, (2) the accompanying proxy card and instructions, (3) a copy of our 2004 Annual Report to Shareholders, and (4) our Annual Report on Form 10-K for the fiscal year ended July 2, 2004.

What is a proxy?

A proxy is your legal designation of another person to vote the shares you own. That other person is called a proxy. If you designate someone as your proxy, the document in which you make that designation is also called a proxy.

What is a proxy statement?

This document is a proxy statement. It is a document that we are required by law to give you when we ask you to name a proxy to vote your shares. We encourage you to read this proxy statement carefully.

What is the purpose of the meeting?

The purpose of the 2004 Annual Meeting of Shareholders is to obtain shareholder action on the matters outlined in the notice of meeting included with this proxy statement. These matters include the election of three directors and the ratification of the appointment by our Audit Committee of Ernst & Young LLP as our independent auditors for fiscal year 2005. This proxy statement provides you with detailed information about each of these matters.

What is a record date and

what does it mean?

The record date for the shareholders entitled to vote at the 2004 Annual Meeting is August 27, 2004. The record date is established by the Board as required by Delaware law. Owners of record at the close of business on the record date are entitled to receive notice of the 2004 Annual Meeting and to vote at the 2004 Annual Meeting and at any adjournments or postponements thereof.

How many shares can be voted and

what is a quorum?

You are entitled to one vote for each share of Harris common stock that you own as of the close of business on August 27, 2004. Only our common stock has voting rights. On the record date, there were 66,213,563 shares outstanding and approximately 7,851 holders of record.

A quorum is the minimum number of shares that must be present in person or by proxy in order for us to conduct the Annual Meeting. The attendance by proxy or in person of holders of a majority of the shares of common stock entitled to vote at the Annual Meeting, or

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

33,106,782 shares of common stock based on the record date of August 27, 2004, will constitute a quorum to hold the Annual Meeting.

Table of Contents

**What different methods can you
use to vote?**

You have a choice of voting:

- By telephone;
- By Internet;
- By mail; or
- In person at the Annual Meeting.

Even if you plan to attend the Annual Meeting, you may vote by telephone, Internet or mail. Please carefully read the instructions below on how to vote your shares. Because the instructions vary depending on how you hold your shares and the method you decide to use to vote, it is important that you follow the instructions that apply to your particular situation.

If you vote by Internet or telephone, you should not return your proxy card.

**What is the difference between
a record owner and an owner
holding shares in street name ?**

If your shares are registered in your name, you are a record holder. You will be a record holder if you hold a stock certificate or if you have an account with our transfer agent, Mellon Investor Services LLC. If your shares are registered or held in the name of your broker or bank or other nominee, your shares are held in street name.

**How do you vote if your shares are
held in your name?**

Voting by telephone

Voting by telephone is simple and fast. Call the toll-free telephone number on your proxy card and voting instruction form and listen for further directions. To respond to the questions, you must have a touch-tone phone and need to have your proxy card and voting instruction form in hand. This vote will be counted immediately, and there is no need to send in your proxy card.

Voting on the Internet

Voting on the Internet is also easy and fast. Read your proxy card and voting instruction form and follow the directions. This vote will be counted immediately, and there is no need to send in your proxy card.

Voting by mail

If you are a shareholder of record, you can save Harris expense by voting by telephone or on the Internet. Alternatively, you can vote by mail by completing, signing, dating and mailing the enclosed proxy card in the postage-paid envelope provided.

Voting in person at the meeting

If you plan to attend the Annual Meeting, you can vote in person. To vote in person at the Annual Meeting, you will need to bring proper personal identification and evidence of your share ownership with you to the Annual Meeting.

Revoking your proxy

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

As long as your shares are registered in your name, you may revoke your proxy at any time before it is exercised. There are several ways you can do this:

By filing a written notice of revocation with our Corporate Secretary;

By duly signing and delivering a proxy that bears a later date;

By subsequently voting by telephone or on the Internet as described above; or

By attending the Annual Meeting and voting in person.

How do you vote if your shares are held in street name ?

Voting by mail, telephone or on the Internet

If your shares are held in the name of your broker or other nominee, you should vote your shares using the method directed by your broker or other nominee. A large number of banks and brokerage firms are participating in online voting programs. These programs provide eligible street name shareholders the opportunity to vote by the Internet or by telephone. Voting forms will provide instructions for shareholders whose banks or brokerage firms are participating in such programs.

Voting in person at the meeting

If you plan to attend the Annual Meeting and to vote in person, you should contact your broker

Table of Contents

or other nominee to obtain a broker's proxy and bring it, together with proper personal identification and your account statement or other evidence of your share ownership, with you to the Annual Meeting.

Revoking your proxy

If your shares are held in street name, you must contact your broker or other nominee to revoke your proxy.

**What are your voting choices and
what is the required vote?**

By giving us your proxy, you authorize Harris management to vote your shares at the 2004 Annual Meeting or at any adjournments or postponements thereof in the manner you indicate.

Proposal 1: Election of Directors

With respect to the proposal to elect three nominees for director, you may:

Vote for the election of all three of the nominees for director named in this proxy statement;

Withhold authority to vote for all three of the nominees; or

Withhold authority to vote for one or more of the nominees and vote for the remaining nominee or nominees.

The three nominees receiving the greatest number of votes will be elected to serve as directors. Non-voted shares and shares whose votes are withheld will not affect the outcome of the election of directors.

Proposal 2: Ratification of Auditors

With respect to the proposal to ratify the appointment by our Audit Committee of Ernst & Young LLP as our independent auditors for fiscal year 2005, you may:

Vote for ratification;

Vote against ratification; or

Abstain from voting on the proposal.

The affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote on this proposal will be required to ratify the appointment of independent auditors. Abstaining from voting on this matter will have the effect of a vote against ratification of the independent auditors.

**How do you vote shares held in
the Harris 401(k) Retirement Plan?**

If you are a participant in Harris 401(k) Retirement Plan (401(k) Plan) and you own shares of Harris common stock through the 401(k) Plan, the proxy and instruction card sent to you also will serve as a voting instruction card to the trustee of the 401(k) Plan for all shares of our common stock you own through the 401(k) Plan. If you do not provide voting instructions for such shares, as directed by the terms of the 401(k) Plan, those shares will be voted by the trustee in the same proportion as the shares for which other participants have timely provided voting instructions.

How do you vote shares held in the Harris Dividend Reinvestment Plan?

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

If you are a participant in the Harris Dividend Reinvestment Plan (DRIP) administered by Mellon Bank, N.A., your proxy card includes the Harris common stock held in your DRIP account. Mellon Bank, N.A., as the DRIP administrator, is the shareholder of record of the DRIP and will not vote those shares unless you provide it with instructions, which you may do over the Internet, by telephone or by mail using your proxy card.

What happens if you return an unmarked proxy card?

If you return your proxy card with no votes marked, your shares will be voted as follows:

FOR the election of all three of the nominees for director named in this proxy statement; and

FOR the ratification of the appointment by our Audit Committee of Ernst & Young LLP as our independent auditors for fiscal year 2005.

With respect to other matters that may properly be brought before the Annual Meeting,

Table of Contents

your shares will be voted in the discretion of the proxy holders.

How are broker non-votes counted?

It is possible for a proxy to indicate that some of the shares represented are not being voted with respect to certain proposals. This occurs, for example, when a broker is not permitted by New York Stock Exchange (NYSE) rules to vote on a matter without instructions from the beneficial owner of the shares. In these cases, non-voted shares will not be considered present and entitled to vote with respect to that matter, although they may be considered present and entitled to vote for other purposes and will be counted in determining the presence of a quorum. Accordingly, if a quorum is present at the meeting, non-voted shares concerning a particular proposal will not affect the outcome of that proposal. The election of directors and the ratification of independent auditors are considered routine matters for which brokers may vote without specific instructions.

**What does it mean if you receive more
than one proxy card?**

If you receive more than one proxy card, it means you own shares in multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Mellon Investor Services LLC, which may be reached by telephone at 1-888-261-6777 or by Internet at www.melloninvestor.com.

Who pays for the solicitation of proxies?

We actively solicit proxy participation. We will bear the cost of soliciting proxies, including the preparation, assembly, printing and mailing. In addition to this notice by mail, we request and encourage brokers, custodians, nominees and others to supply proxy materials to shareholders, and, upon request, we will reimburse them for their expenses. Our officers and employees may, by letter, telephone, electronic mail or in person, make additional requests for the return of proxies, although we do not reimburse our own employees for soliciting proxies. We have also hired Georgeson Shareholder Communications Inc. for a fee of \$7,500 plus out-of-pocket expenses to help solicit proxies.

**Webcast of the
Annual Meeting of Shareholders**

Our Annual Meeting will be webcast live on October 22, 2004. You may visit the Investor Relations page on our website, which is www.harris.com, to access the webcast of the Annual Meeting. The webcast will enable you to listen only. You will not be able to ask questions. An archived copy of the webcast also will be available on our website through November 22, 2004. The information contained on our website is not incorporated by reference into this proxy statement.

**Where can you find the voting results
of the Annual Meeting?**

We intend to announce the preliminary voting results at the Annual Meeting and to publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal 2005, which we will file with the SEC and make available on our website, www.harris.com.

PROPOSAL 1: ELECTION OF DIRECTORS TERM EXPIRING IN 2007

Our Restated Certificate of Incorporation provides that our Board of Directors shall consist of not less than eight or more than thirteen directors, the exact number to be determined from time to time by the Board of Directors. The authorized number of directors is presently fixed at ten. Our Restated Certificate of Incorporation also classifies our Board of Directors into three classes of approximately equal size with three-year terms of office ending in different years.

This year, the terms of Howard L. Lance, Thomas A. Dattilo and Dr. James C. Stoffel expire at the Annual Meeting. Based upon the recommendation of the Corporate Governance Committee, each of Howard L. Lance, Thomas A. Dattilo and Dr. James C. Stoffel has been nominated by the Board for a new three-year term expiring at the Annual Meeting of Shareholders in 2007. The terms of the continuing directors will expire at subsequent Annual Meetings of Shareholders. In accordance with our Restated Certificate of Incorporation, a director holds office until the Annual Meeting of Shareholders for the year in which that director's term expires, and until that director's successor is elected and qualified, subject, however, to his or her prior death, resignation, retirement, disqualification or removal from office. Vacancies may be filled by the remaining directors.

Proxies will be voted in favor of electing Messrs. Lance and Dattilo and Dr. Stoffel to serve for the three-year term expiring in 2007, unless otherwise specified in the proxy card or Internet or telephone voting instructions. Each of the nominees has consented to stand for election. If any nominee becomes unavailable for election, proxies voting for that nominee may be voted for a substitute nominee selected by the Board.

None of the directors, including each of the nominees, is related to any other nominee or director, or to any executive officer of Harris or its subsidiaries, by blood, marriage or adoption.

Biographical summaries of the nominees and of the continuing directors appear on subsequent pages, and data with respect to the number of shares of our common stock beneficially owned by them as of July 23, 2004, is set forth in the table on page 18.

Following the adoption by the NYSE of revised listing requirements, our Board reviewed and modified our Corporate Governance Principles. Our Corporate Governance Principles address matters including board composition, director independence, selection of nominees, membership criteria, director compensation, mandatory retirement, meetings, executive sessions of non-management directors, evaluation of the Chief Executive Officer, committees, succession planning, member responsibilities, orientation and continuing education, and self-evaluation of the Board and Board committees. A copy of our Corporate Governance Principles is attached as *Appendix A* to this proxy statement and is also available on the Corporate Governance section of our website at www.harris.com/harris/cg/.

Director Independence

The NYSE listing standards and our Corporate Governance Principles require us to have a board of directors with at least a majority of independent directors. Our Board of Directors has, and has had for many years, a substantial majority of independent directors. Our Board has adopted Director Independence Standards to assist in the evaluation of the independence of each of our directors. A copy of the Director Independence Standards is attached as *Appendix B* to this proxy statement and is also available on the Corporate Governance section of our website at www.harris.com/harris/cg/. Based upon the NYSE listing standards and our Director Independence Standards and after reviewing all relevant facts and circumstances, including each director's commercial, industrial, banking, consulting, legal, accounting, charitable and family relationships, our Board has affirmatively determined that all of our directors, with the exception of Mr. Lance, our Chairman, President and Chief Executive Officer, are independent and have no material relationship with Harris other than as a director.

Meetings and Attendance

In fiscal 2004, our Board of Directors held six regular meetings and one special meeting, and the standing committees of our Board met a total of twenty times. Each director attended at least 75% of the meetings of the Board and of those committees of which he or she was a member. All of the directors attended an average of 95% of such meetings of the Board and committees on which they serve.

Executive Sessions of Outside Directors

The Board and its committees meet throughout the year on a set schedule and also hold special meetings and act by written consent from time to time as appropriate. Board agendas for scheduled meetings also include regularly scheduled executive sessions of non-management directors. The Board of Directors has implemented a system to annually rotate the Board member who chairs these executive sessions of non-management directors among the chairpersons of each of our standing committees, in alphabetical order by committee name (Audit, Business Conduct, etc.).

Committees

Currently our Board has five standing committees to assist in the discharge of its responsibilities. The principal functions of each committee are described below. In fiscal 2004, the Investment Committee for the Harris Corporation Retirement Plans was discontinued and its functions and responsibilities were allocated between the Executive and Finance Committee

Table of Contents

and the Management Development and Compensation Committee.

Audit Committee

The Audit Committee assists the Board in fulfilling its responsibilities to oversee, among other things:

The integrity of our financial statements;

Our compliance with legal and regulatory requirements;

The independent auditors' qualifications and independence; and

The performance of the independent auditors and our internal audit function.

The purposes and responsibilities of the Audit Committee also include the following:

Directly appointing, compensating, retaining, terminating and overseeing our independent auditors;

Pre-approving, or adopting appropriate procedures to pre-approve, all audit services, internal control-related services and non-audit services to be provided by the independent auditors;

Reviewing and discussing with the independent auditors and management any major issues regarding accounting principles and financial statement presentations, including any significant changes in the selection or application of accounting principles, and major issues concerning the adequacy of our internal controls and any special audit steps adopted in light of any material control deficiencies, and the effect of regulatory and accounting initiatives as well as off-balance sheet structures on our financial statements;

Reviewing and discussing with the independent auditors and management significant risks and exposures, if any, and the steps to monitor and minimize such risks and exposures;

Reviewing and discussing our earnings press releases and the types of financial information and guidance provided, and the types of presentations made, to analysts and rating agencies; and

Reviewing and discussing with the independent auditors and management quarterly and year-end operating results, reviewing interim financial statements prior to their inclusion in Form 10-Q filings, and recommending to the Board of Directors the inclusion of the financial statements in our Annual Report on Form 10-K.

A more detailed discussion of the Audit Committee's duties and responsibilities is contained in the Audit Committee Charter, which was adopted by our Board of Directors. A copy of this Charter is attached as *Appendix C* to this proxy statement and is also available on the Corporate Governance section of our website at www.harris.com/harris/cg/.

From time to time the Committee also undertakes special projects. These projects have included reviewing our various insurance coverages, our environmental policies and our various legal issues and major litigation.

Our Board of Directors has determined that each of the members of the Audit Committee is independent within the meaning of the NYSE listing standards, the Sarbanes-Oxley Act of 2002 and related SEC rules, and our Director Independence Standards. Our Board has also determined that each of the members of the Audit Committee satisfies the financial literacy requirements of the NYSE and has accounting or related financial management expertise and that David B. Rickard satisfies the audit committee financial expert criteria as that term is defined by regulation of the SEC and that he is independent of management of Harris.

The Audit Committee held six meetings during the past fiscal year, including meeting regularly with Ernst & Young LLP and the internal auditors, both privately and with management present.

OTHER CORPORATE GOVERNANCE**INFORMATION****Director Retirement**

It is our policy that a director will retire from the Board effective at the end of the month in which he or she reaches age 72. In addition, a director is expected to automatically tender his or her resignation in the event of retirement or other significant change in status from the employment position held when last elected or appointed to the Board, and the Board will then determine whether such director's continued Board membership is in the best interests of Harris and our shareholders, free from conflict of interests, and is otherwise appropriate.

Communications with Members of the**Board of Directors**

Shareholders and other interested persons wishing to communicate directly with the Board may do so by sending an e-mail message to the Board member then presiding over the meetings of our non-management directors referred to as our Presiding Independent Director at presiding.director@harris.com. Communications sent by e-mail will go simultaneously to the Presiding Independent Director and also to our Corporate Secretary. Shareholders and others may also write to the Presiding Independent Director c/o Corporate Secretary, Harris Corporation, 1025 West NASA Boulevard, Melbourne, Florida 32919. Our Corporate Secretary will review any such written communications and if they are related to the duties and responsibilities of the Board and its committees, they will be forwarded to the Presiding Independent Director. Our Corporate Secretary will periodically provide the Board a summary of all written communications received that were not forwarded because they were unduly hostile, threatening, illegal or similarly inappropriate and will make them available to the Board upon request. The Presiding Independent Director will determine whether communications should be sent to the full Board or a committee.

of complaints regarding questionable accounting, internal control or auditing matters. Any of our employees may communicate concerns about any of these matters to such employee's supervisor, manager or business standards advisor, or to the Director of Internal Audit or the Director of Business Conduct or others, or on a confidential and anonymous basis by way of our toll-free hotline number listed on our website or in our Standards of Business Conduct. Other persons with concerns or complaints may contact our Director of Internal Audit or Director of Business Conduct at 1025 West NASA Boulevard, Melbourne, Florida, 32919. Upon receipt of a complaint or concern, a determination will be made whether it pertains to accounting, internal control or auditing matters and if it does, it will be handled in accordance with the procedures established by the Audit Committee.

We typically schedule a Board meeting in conjunction with our Annual Meeting of Shareholders. In the absence of unavoidable conflict, all Board members are expected to attend the Annual Meeting of Shareholders. All members of the Board of Directors, then in office, attended the 2003 Annual Meeting of Shareholders.

Standards of Business Conduct

All Harris directors and employees, including the Chief Executive Officer, Chief Financial Officer, principal accounting officer and other senior financial officers, are required to abide by Harris' Standards of Business Conduct, originally adopted in 1987, to ensure that our business is conducted in a consistently ethical and legal manner. Our Directors' Standards of Business Conduct and our Standards of Business Conduct applicable to all employees form the foundation of a comprehensive business conduct program that includes compliance with all laws, corporate policies and procedures, an open relationship among employees that contributes to good business conduct, and an abiding belief that we should conduct all business dealings with integrity, honesty and responsibility. Our business conduct policies cover many topics, including employment issues, confidentiality, environmental health and safety, insider trading, corporate opportunities, antitrust, export control, boycotts, government contracts, international business practices, entertainment and gifts, and use of company assets. Employees are required to report any conduct they believe in good faith to be a violation of any of our business policies.

Our Standards of Business Conduct and our Directors' Standards of Business Conduct are posted on our website at www.harris.com/business-conduct and are also available free of charge by written request to our Director of Business Conduct, Harris Corporation, 1025 West NASA Boulevard, Melbourne, Florida 32919. Any amendment to, or waiver from, our Standards of Business Conduct will be posted on our website within five business days following such amendment or waiver.

Director Nomination Process

Our Board is responsible for approving nominees to stand for election as directors. The Corporate Governance Committee assists the Board in this process and identifies individuals believed to be qualified to become Board members and recommends nominees.

It is a long-standing policy of the Board to consider director nominees submitted by shareholders. A shareholder who wishes to recommend a nominee for the Corporate Governance Committee's consideration must include at least the following information about the proposed nominee: the proposed nominee's name, age, business or residence address, principal occupation or employment, and the written consent of the nominee to being named in the proxy statement as a nominee and to serving as a director if elected. The required information should be sent to our Corporate Secretary at 1025 West NASA Boulevard, Melbourne, Florida 32919. The Corporate Secretary will forward properly submitted shareholder proposed nominations to the Chairperson of the Corporate Governance Committee for consideration at a future Corporate Governance Committee meeting. Individuals proposed by shareholders in accordance with these procedures will be evaluated and considered by the Corporate Governance Committee in the same manner as it evaluates other proposed nominees.

In addition to proposing nominees for consideration to the Corporate Governance Committee, shareholders may also directly propose nominees for consideration at an Annual Meeting or special meeting of shareholders. The requirements and procedures to be followed by shareholders for directly nominating directors are discussed below under Shareholder Proposals for the 2005 Annual Meeting.

Table of Contents

Our Corporate Governance Principles contain Board membership criteria that apply to nominees for a position on our Board. The Board, based upon the recommendation of the Corporate Governance Committee (which recommendation will be based on the criteria set forth below, regardless of whether the nominee is identified by the Corporate Governance Committee, by shareholders or otherwise), will select new nominees considering the following criteria:

Demonstrated ability and sound judgment that usually will be based on broad experience;

Personal qualities and characteristics, accomplishments and reputation in the business community, professional integrity, educational background, business experience and related experience;

Willingness to objectively appraise management performance;

Giving due consideration to potential conflicts of interest, current knowledge and contacts in the communities in which we do business and in our industry or other industries relevant to our businesses;

Ability and willingness to commit adequate time to Board and committee matters, including attendance at Board, committee and annual shareholder meetings;

Fit of the individual's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of Harris and the interests of our shareholders; and

Diversity of viewpoints, background and experience.

In fiscal 2004, our Corporate Governance Committee retained a third-party search firm to assist in identifying and evaluating potential nominees. Once the Board determined to add directors, the Corporate Governance Committee considered the specific qualifications and skills a candidate should possess. Guided by these considerations, the search firm conducted research to identify viable candidates. It prepared and provided a list for the Corporate Governance Committee that included a brief biography of each potential candidate. The search firm then conducted further research on the candidates in whom the Corporate Governance Committee had the most interest and facilitated interviews with the Chairperson and other members of the Corporate Governance Committee and our Chief Executive Officer. The results were then reported to the full Corporate Governance Committee by the Chairperson.

Dr. James C. Stoffel and Lt. General Leslie F. Kenne (Ret.) were appointed to our Board during fiscal 2004. The search firm initially identified Dr. James C. Stoffel and Lt. General Leslie F. Kenne (Ret.) to the Chairperson of the Corporate Governance Committee as potential director candidates, and the Chairperson forwarded their names to the full Corporate Governance Committee for its consideration.

DIRECTOR COMPENSATION AND BENEFITS

Directors who are not employees of Harris receive the following fees for their services on the Board:

\$30,000 annual retainer fee for serving as a director;

\$10,000 annual retainer fee for the Chairperson of the Audit Committee (increased effective November 1, 2003) and \$5,000 annual retainer fee for the Chairperson of each other committee;

\$1,200 attendance fee for each Board meeting; and

\$1,500 attendance fee for each committee meeting and for attendance at any other meeting devoted to our affairs.

These fees may be deferred, in whole or in part, as discussed below.

We also reimburse each non-employee director for travel and out-of-pocket expenses incurred in connection with attendance at Board and committee meetings. In addition, we provide each non-employee director with accident, death and disability insurance in the amount of up to \$200,000 and business travel insurance of up to an additional \$200,000 in the event that he or she is involved in an accident while traveling on business relating to our affairs.

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

In addition to receiving reimbursement for tax preparation and estate planning services of up to \$5,000 per year, non-employee directors may participate in our gift matching program available to all employees, where we match contributions to eligible educational institutions and charitable organizations up to an annual maximum of \$10,000 per director.

Employee directors are not compensated for service as a director.

Stock Options

Under the Harris Corporation 2000 Stock Incentive Plan (the "2000 Stock Incentive Plan"), which was approved by shareholders at the 2000 Annual Meeting, each non-employee director is automatically granted an option to purchase 2,000 shares of our common stock on the date of each Annual Meeting of Shareholders. Non-employee directors also receive an automatic grant of options to purchase 2,000 of our shares upon joining the Board. The options granted under the 2000 Stock Incentive Plan and its predecessor plan, the Harris Corporation Stock Incentive Plan (the "1990 Stock Incentive Plan"), are non-qualified options for tax purposes, are priced at fair market value on the date of grant and become exercisable as follows:

50% of the option shares become exercisable on the first anniversary of the date of grant; and

25% of the option shares become exercisable on each of the next two succeeding anniversary dates.

Notwithstanding the above, in the event of a change in control of Harris, any non-employee director's options outstanding for more than one year at that time immediately become exercisable in full. In the case of options previously granted under the 1990 Stock Incentive Plan, a director may exercise vested options for a period of three years following the date of retirement; and a non-employee director's vested options may be exercised by his or her estate or representative for a period of twelve months following the date of death. In the case of options granted to directors under the 2000 Stock Incentive Plan, such options continue to vest and may be exercised following retirement. In addition, such options fully vest upon a non-employee director's death and are exercisable by his or her representative only within the twelve-month period following the date of death. In any event, all options granted to non-employee directors expire no more than ten years after the date of grant. Neither the Board nor any committee of the Board has any discretion with respect to options granted to non-employee directors.

Deferred Compensation

Under the 1997 Directors' Deferred Compensation and Annual Stock Unit Award Plan (the "1997 Directors' Plan"), on January 1 of each year each non-employee director is currently credited with 1,000 Harris stock equivalent units, which number may be changed from time to time by the Board. In addition, under the 1997 Directors' Plan, each non-employee director may make an irrevocable election each year to defer all or a portion of his or her fees. Deferred amounts may be invested in investment alternatives similar to those available under our 401(k) Plan or in stock units, pursuant to which a non-employee director's account is credited with a number of units of Harris stock equivalents based upon the fair market value of our common stock on the first day of the month following the calendar month in which the fees are deferred. Once amounts are credited in Harris stock equivalents, they may not be reallocated into any other investment alternatives and are payable only following the non-employee director's resignation, retirement or death. Each stock unit is credited with dividend equivalents, which are deemed reinvested in additional Harris stock units on the dividend payment date. A non-employee director may elect to receive amounts deferred under the 1997 Directors' Plan, including amounts deferred in the form of Harris stock units, either in a lump sum cash payment on a date within five years of his or her resignation or retirement or in annual cash payments over a designated number of years, provided that all amounts are fully paid within ten years of resignation or retirement. Within ninety days following a change of control, each non-employee director (or former non-employee director) will receive a lump sum cash payment equal to the then remaining balance in his or her account.

Stock Ownership Guidelines for Non-Management Directors

To further align the interests of members of the Board and shareholders, in fiscal 2004 the Board reviewed and approved stock ownership guidelines for our non-management directors. Such directors are expected to own Harris stock or stock equivalents having a minimum value of four times such directors' annual retainer.

Table of Contents**Indemnification**

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and the Report should not be deemed filed or incorporated by reference into any other previous or future filings by Harris under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent Harris specifically incorporates this Report by reference therein.

The Audit Committee operates pursuant to a Charter that was last revised by our Board of Directors in June 2004 and that is included as *Appendix C* to this proxy statement. The role of the Audit Committee is, among other things, to assist the Board of Directors in its oversight of:

The integrity of the financial statements of Harris;

Harris' compliance with legal and regulatory requirements;

The independence and qualifications of Harris' independent auditors; and

The performance of Harris' independent auditors and internal audit function.

The Board of Directors, in its business judgment, has determined that all members of the Audit Committee are independent, within the meaning of the listing standards of the NYSE, the Sarbanes-Oxley Act of 2002 and related rules of the SEC and our Director Independence Standards.

Management of Harris is responsible for the preparation, presentation and integrity of Harris' financial statements and the effectiveness of our internal control over financial reporting. Management and the internal auditing department are responsible for maintaining and evaluating appropriate accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors, Ernst & Young LLP, are responsible for auditing the consolidated financial statements and expressing an opinion as to whether such financial statements are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States. The Audit Committee has met and held discussions with management, the head of Harris' internal audit department and the independent auditors. The Audit Committee discussed with the internal and independent auditors the overall scope of and plans for their respective audits. The Audit Committee also met with the independent auditors, the Director of Internal Audit and the Chief Financial Officer, with and without management present, to discuss the results of their examinations, the evaluations of Harris' internal controls and the overall quality of Harris' financial reporting. Management has represented to the Audit Committee that Harris' consolidated financial statements were prepared in accordance with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has:

Considered, reviewed and discussed the audited financial statements with management and the independent auditors, including a discussion of the quality of the accounting principles, the reasonableness thereof, significant adjustments, if any, and the clarity of disclosures in the financial statements, as well as critical accounting policies;

Discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90, *Communication with Audit Committees*, and No. 71, *Interim Financial Information*, as currently in effect;

Received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, and discussed the independence of Ernst & Young LLP with them;

Reviewed the services provided by the independent auditors other than their audit services and considered whether the provision of such other services by the independent auditors is compatible with maintaining their independence, discussed with the auditors the auditors' independence, and concluded that the independent auditors are independent from Harris and its management; and

Reviewed the contents of SEC required certification statements from the Chief

Executive Officer and Chief Financial Officer and also discussed and reviewed the process and internal controls for providing reasonable assurances that the financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended July 2, 2004 are true in all important respects, and that the report contains all material information of which they are aware.

In reliance upon the reports, reviews and discussions described in this report, the Audit Committee has recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in Harris' Annual Report on Form 10-K for the fiscal year ended July 2, 2004, for filing with the SEC. EXECUTIVE COMPENSATION AND RELATED INFORMATION

REPORT OF THE MANAGEMENT DEVELOPMENT AND COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Management Development and Compensation Committee, which is comprised solely of independent, non-employee directors, annually approves our compensation philosophy and the compensation, perquisites and other benefits for our executive officers under salary, incentive and other plans authorized by our Board of Directors and/or shareholders. In addition, the Management Development and Compensation Committee annually approves, together with all independent directors, the compensation for our Chief Executive Officer and President.

Compensation Philosophy

Our executive compensation philosophy is designed to meet Harris' needs, as well as the needs of our executives and shareholders. The executive compensation program is intended to:

Closely link compensation to an individual's performance and our financial results;

Align the interests of our executives and shareholders by emphasizing both the short-term and long-term performance objectives and strategic focus of our businesses;

Facilitate management stock ownership; and

Enable us to attract and retain a world-class management team.

This philosophy applies to all of our management employees, including the executive officers named in the summary compensation table presented below.

Our executive compensation program has two major components:

An annual cash component, consisting of a base salary and an incentive bonus based on the financial performance for the fiscal year of Harris and/or the applicable operating segment; and

A long-term equity incentive component, consisting of (1) stock options, (2) performance shares with payouts based upon meeting performance targets over a three-year period, and (3) restricted shares which vest over a period of years.

We utilize a structured approach for evaluating executive performance and determine executive annual cash compensation by reference to external industry surveys of compensation of executives in similar positions, individual performance and experience in the position, and scope of responsibility. Payouts for annual cash incentive awards are based upon the degree to which an executive achieves the applicable operating results established at the start of our fiscal year. Similarly, long-term compensation in the form of a performance share payout is based upon the degree to which an executive attains operating results outlined in the strategic growth

Table of Contents

plan. For the three-year performance period ended July 2, 2004, we used cumulative earnings per share for Harris and annual assessments of operating income and return on capital for our divisions as the criteria for payouts of performance shares.

Our executive compensation program is designed to ensure that executive pay remains competitive with pay for comparable jobs, responsibilities and performance in leading industrial and technology companies. For this reason, we periodically retain outside independent compensation and benefit consultants to review our executive compensation programs. During fiscal 2004, the Management Development and Compensation Committee retained the services of Frederic W. Cook & Co., Inc., an independent compensation consultant, to review our compensation philosophy, design and levels of compensation for our executive officers and other members of management under salary, incentive and other plans authorized by our Board of Directors and/or shareholders.

Annual Cash Compensation

Annual cash compensation consists of a fixed base salary and an opportunity for a variable cash performance incentive. Base salaries and planned cash incentive compensation targets for senior executives, other than the Chief Executive Officer and President, are recommended annually by the Chief Executive Officer and then reviewed and approved by the Management Development and Compensation Committee.

The Annual Incentive Plan, which was approved by shareholders at the 1995 Annual Meeting and reapproved by shareholders at the 2000 Annual Meeting, provides for payment to executives of a specified cash amount (not to exceed 200% of the target amount) based upon the percentage achievement of specific financial objectives, including such measures as earnings per share, operating income and revenue growth. The financial objectives and criteria are established at the start of our fiscal year. For fiscal 2004, annual incentive payments were based upon earnings per share, operating income and/or revenue targets.

The percentage of an executive's annual cash compensation attributable to the incentive bonus generally increases with his or her level of management responsibility. For the executive officers named in the summary compensation table presented below, target cash incentive compensation ranged from 38% to 50% of total annual cash compensation for fiscal 2004.

Long-Term Compensation

The stock incentive plans are intended to align executive and shareholder interests. The plans permit the granting of any or all of the following types of awards:

Performance shares, or units, conditioned upon meeting specified performance criteria;

Restricted stock or units;

Stock options;

Stock appreciation rights, independent of or in tandem with stock options; and

Other awards valued in whole or in part by reference to, or otherwise based on, common stock.

The Management Development and Compensation Committee believes that, through the use of stock incentives, the interests of our executives are directly aligned with the objective of enhancing shareholder value.

With respect to performance share awards, at the beginning of an award cycle the Management Development and Compensation Committee determines the applicable performance criteria. The performance share award and option grants for senior executives, other than the Chief Executive Officer and President, are recommended by the Chief Executive Officer and then reviewed and approved by the Management Development and Compensation Committee. The Management Development and Compensation Committee grants each participant a specified number of performance shares at the start of the relevant period and establishes a means for computing the number of performance shares that can be earned during the period. Payouts for the three-year period ended July 2, 2004 ranged from 30% to 140% of the performance share award granted at the start of the period. Performance shares are subject to forfeiture if the performance goals are not attained or if a participant's employment is

Table of Contents

terminated for certain reasons before the performance period has ended.

Stock options are granted at fair market value as of the date of grant, typically vest over three years, and have a term of not greater than ten years. Stock options provide realizable value only when the price of our common stock increases above the option grant price. In addition to stock options and performance shares, awards of restricted shares are made on a selective basis to individual executives as part of hiring packages or for executive retention. These restricted shares vest over various periods.

Stock Ownership Guidelines for Executives

To further promote ownership of shares by management and to more closely align management and shareholder interests, in fiscal 2004 the Management Development and Compensation Committee reviewed and approved new stock ownership guidelines for our executive officers. Executives are expected to own Harris stock having a minimum value, denominated as a multiple of their annual salaries, as follows: four times annual salary for the Chief Executive Officer; two times annual salary for other executive officers; and equal to one year's annual salary for other designated officers. Executives within three years of normal retirement are exempt from the guidelines.

Section 162(m) Deductibility

Stock option grants and performance share awards made to executive officers under stock incentive plans and payments under the Annual Incentive Plan comply with the requirements of Internal Revenue Code Section 162(m) relating to the tax deductibility of certain compensation exceeding \$1 million for certain executive officers named in the summary compensation table presented below. In any year, however, the Board or the Management Development and Compensation Committee may determine, in light of all applicable circumstances, that it would be in our best interests for compensation to be paid under those plans or otherwise in a manner that may not qualify as performance-based under Section 162(m).

Retirement Plans

We maintain the 401(k) Plan, which is a tax-qualified defined contribution retirement plan available to most of our domestic employees. Subject to applicable Internal Revenue Code limits, employees may contribute from 1% to 12% of eligible compensation and we will make a matching contribution of up to 6% of eligible compensation. The 401(k) Plan also includes a profit sharing component. To the extent contributions to our 401(k) Plan are limited, certain of our executives are also eligible to contribute to our non-qualified, supplemental executive retirement plan. This supplemental plan has been established for certain employees whose contributions to the 401(k) Plan are otherwise limited by the Internal Revenue Code. In addition to employee contributions, matching and profit sharing components, we may also grant special awards to participants under our supplemental executive retirement plan.

Other Benefits

In addition to base salary and annual cash incentives, stock-based compensation and retirement plans, employees, including executives, are eligible for other benefits. These benefits include group life and medical insurance as well as disability benefits.

Chief Executive Officer Compensation

Effective February 1, 2003, the Board named Mr. Lance as Chief Executive Officer and President. At the direction of the Management Development and Compensation Committee, Mr. Lance's employment terms were negotiated at arm's length by the Chairperson of the Committee and Mr. Lance. Competitive market data was considered as to total compensation of chief executive officers at companies similar in size and performance characteristics to Harris, our compensation strategy and philosophy and the desirability of linking a significant portion of pay to both the performance of Mr. Lance and Harris. Following approval of the Board of Directors, Harris and Mr. Lance entered into an executive employment agreement which is discussed below under Employment and Executive Severance Agreements. Consistent with his employment agreement, Mr. Lance's base salary, incentive compensation, performance share awards, stock

option grants, restricted shares and other benefits are annually reviewed and approved by the Management Development and Compensation Committee together with all independent directors.

In August, 2003, the Management Development and Compensation Committee and independent directors established Mr. Lance's annual base salary at \$775,000, an increase from \$725,000, and an annual cash bonus with a target level for such bonus equal to 100% of his annual base salary. In recommending Mr. Lance's total annual compensation for fiscal 2004, the Management Development and Compensation Committee considered Mr. Lance's individual performance by the same measures previously described for determining executive officer compensation. Under our Annual Incentive Plan, Mr. Lance received annual cash incentive compensation for fiscal 2004 based upon 126.75% achievement of an earnings-per-share target. In August 2003, the Management Development and Compensation Committee and independent directors also granted Mr. Lance options to purchase 100,000 shares of common stock and 15,000 performance shares for the three-year period ending June 30, 2006.

- (1) All stock option grants were made under our 2000 Stock Incentive Plan. Each stock option generally expires after ten years from the date of grant and is exercisable in installments of: 50% after one year; 75% after two years; and 100% after three years. These options were granted on August 22, 2003. The exercise price is the closing price of a share of our common stock on the date of grant and may be paid in cash and/or shares of our common stock, or an optionholder may use cashless exercise procedures. In the event of death while employed, options shall immediately become fully vested and shall be exercisable for up to twelve months following the date of death. In the event of retirement after age 62 and ten or more years of service, options shall continue to vest and be exercisable until the regularly scheduled expiration date. In the event of retirement after age 55 and ten or more years of service, options shall cease vesting and options exercisable at the time of such retirement will continue to be exercisable until the regularly scheduled expiration date. In the event of a change in control, outstanding options immediately vest and become exercisable.
- (2) During fiscal 2004, if shares of common stock were delivered by an employee in payment of the exercise price of options, we granted a Restoration Stock Option (RSO) equal to the number of shares used to exercise such stock option. These listed options are RSOs. The expiration date of RSOs is the same as the expiration date of the underlying options. RSO grants are non-qualified and are exercisable commencing six months after the date of grant at the fair market value on the grant date.
- (3) Shareholder gain reflects the hypothetical increase in market value of our common stock for all shareholders, assuming annual stock price appreciation of 5% and 10%, respectively, over a ten-year period.
- (4) In fiscal 2004, Harris granted stock options covering a total of 1,076,120 shares of common stock to Harris employees under all stock option plans maintained by Harris and this number was used in calculating the percentages.

Table of Contents**LONG-TERM INCENTIVE PLANS AWARDS IN LAST FISCAL YEAR**

The table below sets forth information with respect to awards of performance shares granted under our 2000 Stock Incentive Plan during fiscal 2004 to the Named Executive Officers. The performance period for the awards in the table is the three-year period ending June 30, 2006.

Name	Number of Shares	Performance or Other Period Until Maturation or Payout	Estimated Future Payouts Under Non-Stock Price-Based Plans		
			Threshold Shares (#)	Target Shares (#)	Maximum Shares (#)
Howard L. Lance	15,000	6/30/06	0	15,000	30,000
Bryan R. Roub	7,500	6/30/06	0	7,500	15,000

Richard L. Ballantyne					
Nick E. Heldreth	4,000	6/30/06	0	4,000	8,000

Grants of performance shares to participants under our stock incentive plans are made at the beginning of each performance period and are earned based on the performance of a business unit, Harris or some combination thereof. The payout is determined by the Management Development and Compensation Committee and, in the case of the Chief Executive Officer, the other independent directors, and is based upon financial performance compared with strategic plan objectives. Performance criteria include one or a combination of our cumulative earnings per share, operating income and return on capital during the strategic plan cycle. Share payouts are made following the determination of the Management Development and Compensation Committee and, in the case of the Chief Executive Officer, the other independent directors, and range from zero to a maximum of 200% of the original shares awarded. The terms of these awards comply with Internal Revenue Code Section 162(m) requirements. Participants receive cash dividend equivalent payments on the performance share awards in an amount equal to dividends paid to shareholders on our common stock.

If an executive ceases to be an employee of Harris prior to the expiration of the performance period for any reason other than death, disability or retirement after age 55 with ten or more years of full-time service, all performance shares shall be forfeited. In the case of death, disability or retirement after age 55 with ten or more years of full-time service, the executive or his or her estate shall be eligible to receive a pro-rata proportion of the award that would otherwise be issued at the expiration of the performance period.

In the event of a change in control, the performance objectives applicable to the award are deemed to be attained, and performance shares are to be paid out at the end of the performance period, provided that:

In the event of death, disability, retirement or involuntary termination other than for cause, the shares are to be paid as soon as practicable;

In the event of resignation or termination for cause, the shares are forfeited; and

In the event of certain defined changes in our capital structure, then, at the participant's election, the award is to be paid in shares or cash, as soon as practicable.

EMPLOYMENT AND EXECUTIVE SEVERANCE AGREEMENTS**Employment Agreement Howard L. Lance**

Edgar Filing: HARRIS CORP /DE/ - Form DEF 14A

Mr. Lance's employment agreement provides for his employment as Chairman, President and Chief Executive Officer through January 19, 2005. Pursuant to his agreement, Mr. Lance will receive an annual base salary of at least \$725,000 and an annual cash bonus with a target level for such bonus equal to 100% of his annual base salary. Our Board is required to review annually Mr. Lance's base salary and may, in its sole discretion, increase Mr. Lance's annual base salary taking into account performance and other

pertinent factors. Pursuant to this agreement, Mr. Lance was granted 100,000 stock options and 100,000 shares of restricted stock upon joining Harris. Mr. Lance's agreement also provides that he is entitled to participate in all employee benefit programs of Harris that are generally available for employees and senior executives and that annual grants of equity incentives will be made to Mr. Lance in the discretion of the Board in a manner and at award levels that are consistent with his position relative to other executives of Harris.

If Mr. Lance's employment is terminated at any time other than for cause, or if Mr. Lance terminates his employment at any time for good reason (as such terms are defined in his agreement), Mr. Lance would be entitled to receive a lump sum cash severance payment equal to the greater of his base salary for the period from such termination to January 19, 2005, or base salary for a twelve-month period, and, if such termination occurs prior to January 19, 2005, he shall also receive the annual cash bonus that would otherwise have been payable, pro-rated for any partial fiscal years. In addition, his unvested restricted stock would continue to vest as scheduled and he would be entitled to receive outplacement services and continued participation for up to twelve months in the medical, dental, hospitalization and group life insurance plans in which he was participating on the date of termination of his employment.

Mr. Lance's agreement also provides that for a one-year period following the termination of his employment for any reason, he may not, without the prior written consent of Harris, associate with an enterprise that competes with Harris or, for a two-year period, solicit employees of Harris to leave Harris.

Executive Severance Agreements

To provide continuity of management and dedication of our corporate executives in the event of a threatened or actual change in control of Harris, our Board has approved severance agreements for our officers and key managers, including the Named Executive Officers. Under these agreements, our officers and key managers are provided with severance benefits in the event the executive's employment is terminated by us without cause, or by the executive for good reason, within two years following a change in control (all terms as defined in the severance agreement). Under the severance agreement, the executive agrees not to voluntarily terminate his or her employment with us during the six-month period following a change in control.

If triggered, the lump-sum severance benefit payable under the severance agreement equals the sum of (a) the executive's unpaid base salary through the date of termination, a pro-rated annual bonus (as determined under the severance agreement), any compensation deferred by the executive other than under a tax-qualified plan and any accrued vacation pay; and (b) from one to three times (based upon the executive's position) the executive's highest annual rate of base salary during the 12-month period prior to the date of termination and from one to three times (based upon the executive's position) the greatest of the executive's highest annual bonus in the three years prior to the change in control, the executive's target bonus for the year during which the change in control occurred or the executive's target bonus for the year in which the executive's employment is terminated. Payment amounts are three times compensation for the Named Executive Officers. In addition, for the two years following the date of termination, the executive receives the same level of medical, dental, accident, disability, life insurance and any similar benefits (or the highest level of coverage provided to active executives, if more favorable). The executive also receives reimbursement for any relocation expense related to the pursuit of other business opportunities incurred within two years following the date of termination, for recruitment or placement services of up to \$4,000 and for professional financial or tax planning services of up to \$5,000 per year. The severance agreement also provides for a tax gross-up payment to the executive in the event that payment of any severance benefits is subject to excise taxes imposed under Section 4999 of the Internal Revenue Code. In addition, pursuant to the severance agreement we will reimburse the executive for any legal fees and costs with respect to any dispute arising under the severance agreement.

Table of Contents**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers, as well as persons who own more than ten percent of our outstanding shares of common stock, to file reports of ownership and changes in ownership of our securities with the SEC and the NYSE. We have procedures in place to assist our directors and executive officers in preparing and filing these reports on a timely basis.

Based solely upon a review of the forms furnished to us, or written representations from certain persons that no Forms 5 were required, we believe that all required forms have been timely filed for fiscal 2004 except that one late Form 4 report was filed by each of Thomas A. Dattilo, Joseph L. Dionne, Lewis Hay III, Karen Katen, Stephen P. Kaufman, David B. Rickard, Dr. James C. Stoffel and Gregory T. Swienton, to report the automatic annual option grant to outside directors to purchase 2,000 shares of Harris common stock made on October 24, 2003, the date of our 2003 Annual Meeting of Shareholders. The reports were filed late (January 9, 2004) based upon an administrative error made by our stock option plan administrators.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**Fees Paid to Independent Auditors**

Ernst & Young LLP served as Harris' independent auditors for the fiscal year ended July 2, 2004. In addition to the engagement to audit Harris' financial statements and to review the financial statements included in Harris' quarterly reports on Form 10-Q, Ernst & Young LLP was also engaged by Harris during fiscal 2004 to perform certain non-audit services.

The following table presents fees for professional audit services rendered by Ernst & Young LLP for the audit of our annual financial statements for the fiscal years ended July 2, 2004 and June 27, 2003, and fees for other services rendered by Ernst & Young LLP during those periods.

	Fiscal 2004	Fiscal 2003
Audit Fees	\$ 1,950,000	\$ 1,465,300
Audit-Related Fees	35,400	0
Tax Fees	653,300	659,300
All Other Fees	0	0
	<hr/>	<hr/>
Total	\$ 2,638,700	\$ 2,124,600
	<hr/>	<hr/>

Audit Fees. Audit fees consisted of audit work performed in the review of annual financial statements, as well as reviews of Harris' quarterly reports on Form 10-Q, SEC registration statements, accounting and reporting consultations and statutory audits required internationally for subsidiaries of Harris.

Audit-Related Fees. Services included within audit-related fees include assistance with regulatory requests.

Tax Fees. Tax-related services include preparation and assistance with tax returns for expatriate employees and various foreign legal entities of Harris, and tax compliance and advice regarding income taxes within the United States and various foreign locations.

All Other Fees. For the fiscal years ended July 2, 2004 and June 27, 2003, no professional services were rendered or fees billed for other services not included within Audit Fees, Audit-Related Fees or Tax Fees.

Ernst & Young LLP did not perform any professional services related to financial information systems design and implementation for Harris in fiscal 2004 or fiscal 2003.

The Audit Committee has determined that the provision of non-audit services described above is compatible with maintaining Ernst & Young LLP's independence.

Pre-Approval of Audit

and Non-Audit Services

Under the Audit Committee Pre-Approval Policy and Procedures, as adopted by the Audit Committee in 2003, the Audit Committee must pre-approve all audit and non-audit services provided by the independent auditors in order to assure that the provision of such services does not impair the auditors' independence. The policy utilizes both a framework of general pre-approval for certain specified services and specific pre-approval for all other services.

At the start of each fiscal year, the Audit Committee is asked to pre-approve the audit

Table of Contents

services, audit-related services and tax services together with specific details regarding such services anticipated to be required for the following year including estimated fees. The Audit Committee reviews and, as it deems appropriate, pre-approves those services. The Audit Committee reviews, on at least a quarterly basis, the services provided to-date and actual fees against the estimates, and such fee amounts may be updated to the extent necessary at the regularly scheduled meetings of the Audit Committee. Additional pre-approval is required before actual fees for any service can exceed the originally pre-approved amount. The Audit Committee may also revise the list of pre-approved services and related fees from time to time. All of the services described above under the captions Audit Fees, Audit-Related Fees and Tax Fees with respect to fiscal 2004 were pre-approved in accordance with this policy.

If Harris seeks to engage the independent auditors for other services that are not considered subject to general pre-approval as described above, then the Audit Committee must approve such specific engagement as well as the estimated fees. Such engagement will be presented to the Audit Committee for pre-approval at its next regularly scheduled meeting. If the timing of the project requires an expedited decision, then Harris may ask the Chairperson of the Audit Committee to pre-approve such engagement. Any such pre-approval by the Chairperson is then reported to the full Audit Committee at the next Audit Committee meeting. In any event, pre-approval of any engagement by the Audit Committee or the Chairperson of the Audit Committee is required before the independent auditors may commence any engagement. Additional pre-approval is required before any fees can exceed approved fees for any such specifically-approved services.

Appointment of Independent Auditors for Fiscal 2005

The Audit Committee has appointed Ernst & Young LLP to audit our books and accounts for the fiscal year ending July 1, 2005.

Although applicable law does not require shareholder ratification of the appointment, the Board has decided to ascertain the position of shareholders on the appointment. If the shareholders do not ratify the appointment of Ernst & Young LLP, the Audit Committee will reconsider the appointment. We expect that a representative of Ernst & Young LLP will be present at the 2004 Annual Meeting to respond to appropriate questions of shareholders and to make a statement if he or she desires to do so.

Recommendation Regarding Proposal 2

Our Board of Directors recommends that you vote FOR ratification of the Audit Committee's appointment of Ernst & Young LLP as independent auditors for the fiscal year ending July 1, 2005.

Corporate Governance Principles

HARRIS CORPORATION
CORPORATE GOVERNANCE PRINCIPLES
OF THE
BOARD OF DIRECTORS

I. INTRODUCTION.

The Board of Directors (the *Board*) of Harris Corporation (the *Corporation*), acting on the recommendation of its Corporate Governance Committee, has developed and adopted these principles as a general guide to assist the Board in carrying out its responsibilities and to promote the effective functioning of the Board and its committees. The Board, on behalf of the Corporation and its stockholders, oversees and provides general direction to the management of the Corporation.

In addition to other Board or committee responsibilities outlined below, the responsibilities of the Board include reviewing the overall operating, financial and strategic plans and performance of the Corporation, selecting and evaluating the Corporation's Chief Executive Officer (*CEO*), either directly or through a committee overseeing the appointment and evaluation of the Corporation's senior officers, overseeing appropriate policies of corporate conduct and compliance with laws, and reviewing the process by which financial and non-financial information about the Corporation is provided to employees, management, the Board and the Corporation's stockholders.

The Corporation's senior officers, under the direction of the CEO, are responsible for the operations of the Corporation, implementation of the strategic, financial, and management plans of the Corporation, preparation of financial statements and other reports that accurately reflect requisite information about the Corporation, and timely reports which inform the Board about the foregoing matters.

These principles are not intended as binding legal obligations or inflexible requirements, and are not intended to interpret applicable laws and regulations or modify the Corporation's Certificate of Incorporation or bylaws. These principles are subject to modification and the Board in the exercise of its discretion, shall be able to deviate from these principles from time to time, as the Board may deem appropriate or desirable or as required by applicable laws and regulations.

II. BOARD COMPOSITION.

(a) *Size of the Board; Staggered Board.* The Board will periodically review the appropriate size of the Board given factors deemed relevant to the Board, including providing for sufficient diversity among non-employee directors while also facilitating substantive discussions and input in which each director can meaningfully participate. The Corporation's Certificate of Incorporation and bylaws currently provide that the authorized number of directors will be not less than eight or more than thirteen. The Board is classified with the terms of office of each of the three classes of directors ending in successive three-year terms, as provided in the Corporation's Certificate of Incorporation. The Board believes that this staggered election of directors helps maintain continuity and stability of the work of the Board and assists in conducting long-term strategic planning, which is vital to the Corporation's future success.

(b) *Majority of Independent Directors.* A majority of the directors serving on the Board will meet the standard of director independence set forth in the New York Stock Exchange listing standards as the same may be amended from time to time (the *listing standards*), as well as other factors not inconsistent with the listing standards that the Board considers appropriate for effective oversight and decision-making by the Board.

(c) *Affirmative Determination of Independence.* The Board will affirmatively determine annually and at other times required by the listing standards that the directors designated as independent have no material relationships to the Corporation (either directly or with an organization in which the director is a partner, stockholder or officer or is financially interested) that may interfere with the exercise of their

Table of Contents

independence from management and the Corporation. If the Board determines that a director has a relationship which is not material, the Corporation will disclose the determination in its annual proxy statement, provided that the Board may adopt and disclose categorical standards to assist it in making determinations of independence and disclose if a director meets these standards.

(d) *Management Directors.* The Board anticipates that the Corporation's CEO will be nominated to serve on the Board. The Board may also appoint or nominate other members of the Corporation's management whose experience and role at the Corporation are expected to help the Board fulfill its responsibilities.

(e) *Selection of Chairman and Presiding Independent Director.* The Board will periodically appoint a Chairman of the Board. The Board believes it is appropriate and efficient for the Corporation's CEO also to serve as Chairman. However, the Board retains the authority to separate those functions in the future if it deems such action is appropriate. The Board has adopted a procedure for the selection of an individual to act as Chairperson to preside at the sessions of independent directors. The procedure requires the annual rotation of the individual to chair the Board sessions of independent directors among the Chairpersons of each of the Board committees, in alphabetical order by committee name. The Corporation will appropriately disclose: (i) the procedure by which such presiding director is chosen; and (ii) the method by which interested parties may contact the independent directors. The Board has considered the concept of a lead non-employee director and believes that rather than designating a lead non-employee director, the annual rotation of an independent director to chair the Board sessions of independent directors is more effective.

(f) *Selection of Board Nominees.* The Board has overall responsibility for the selection of candidates for nomination or appointment to the Board. The Corporate Governance Committee will evaluate and recommend director candidates to the Board for nomination or appointment. The Board will determine the individuals to be nominated to serve on the Corporation's Board for election by stockholders at each annual meeting of stockholders, and to be appointed to fill vacancies on the Board.

(g) *Board Membership Criteria.* The Board's policy is to encourage the selection of directors who will contribute to the Corporation's overall corporate goals including: responsibility to its stockholders, industry leadership, customer success, positive working environment, and integrity in financial reporting and business conduct. The Board, based on the recommendation of the Corporate Governance Committee, will select new nominees for the position of director considering the following criteria:

Demonstrated ability and sound judgment that usually will be based on broad experience;

Personal qualities and characteristics, accomplishments and reputation in the business community, professional integrity, educational background, business experience and related experience;

Willingness to objectively appraise management performance;

Giving due consideration to potential conflicts of interest, current knowledge and contacts in the communities in which the Corporation does business and in the Corporation's industry or other industries relevant to the Corporation's business;

Ability and willingness to commit adequate time to Board and committee matters including attendance at Board meetings, committee meetings, and annual stockholders meetings;

Fit of the individual's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Corporation and the interests of its stockholders; and

Diversity of viewpoints, background, experience and similar demographics.

The Board and the Corporate Governance Committee will from time to time review the experience and characteristics appropriate for Board members and director candidates in light of the Board's composition at the time and the skills and expertise needed for effective operation of the Board and its committees.

Table of Contents

(h) *Term Limits; Retirement; Change in Status; Other Directorships.*

(i) *No Term Limits.* The Board does not impose term limits, because of the belief they could unnecessarily interfere with the continuity, diversity, developed experience and knowledge, and the long-term outlook of the Board. The Board, based on recommendations by the Corporate Governance Committee, will review the prior service of the director who is eligible to be re-nominated for Board membership, including an assessment of individual director performance, attendance, length of service, number of other public and private corporation boards on which the individual serves, composition and requirements of the Board at that time, and other relevant factors.

(ii) *Retirement Policy.* Directors will retire from the Board effective at the end of the month in which they reach age 72. In the event that a director's 72nd birthday falls within twelve months of the Annual Meeting of Shareholders at which such director would stand for re-election, such director shall not stand for re-election. Upon reaching age 72, a director shall tender his or her resignation.

(iii) *Change in Status.* Individual directors who (A) retire, or (B) change the primary job responsibility or employer they had when last elected or appointed to the Board, will promptly tender their resignation so that the Corporate Governance Committee and the Board may determine, on a case-by-case basis, whether the director's continued Board membership is in the best interest of the Corporation, free from conflict of interests, and is otherwise appropriate.

(iv) *Other Directorships.* The Board recognizes that individuals should limit the number of boards on which they serve so they can give proper attention to each board responsibility. The Corporate Governance Committee shall consider the number of other boards on which a prospective nominee is a member. The Board believes that directors should simultaneously serve on no more than four other public company boards. Directors are expected to advise the Chairman of the Board, the Chairperson of the Corporate Governance Committee and the Corporate Secretary in advance of accepting any other company directorship. To avoid any potential conflict of interest, it is expected that Board members will refrain from serving as a director with any companies that compete with the Corporation.

(i) *Communications with Independent Directors.* The Board will maintain procedures for interested parties to communicate with the non-employee directors. These procedures will be published in the Proxy Statement for each annual meeting of stockholders and posted on the Corporation's internet site.

III. BOARD COMPENSATION.

The Board, through the Corporate Governance Committee, will review or request management or outside consultants (retained by or at the direction of the Corporate Governance Committee) to review appropriate compensation policies or changes in compensation policies for the directors serving on the Board and its committees. This review may consider Board compensation practices of other comparable public companies, contributions to the Board functions, time commitments expected for Board and committee service, and other appropriate factors. The Board believes that equity based compensation is an important component of director compensation as it aligns the director's interests with those of shareholders. The Board, upon the recommendation of the Corporate Governance Committee, may adopt stock ownership guidelines for independent directors. The Corporate Governance Committee will review director compensation annually and recommend changes, if any, to the Board for approval.

IV. BOARD MEETINGS.

(a) *Scheduling of Full Board Meetings and Committee Meetings.* The Board meeting schedule and agenda are developed with direct input from directors. Meeting lengths vary as business and discussion dictate. Teleconference meetings may be used between regular meetings to address significant issues.

During each fiscal year, the Board will generally hold six regular meetings. In consultation with each Committee Chairperson, the Chairman recommends a meeting schedule (including frequency and length of meeting) for the Board and meeting schedules and suggested agendas for the committees for the next two years. The schedule and agendas are reviewed by the Corporate Governance Committee and then presented to the full Board for approval.

Table of Contents

(b) *Executive Sessions of Non-Management Directors.* To ensure free and open communication among the non-management directors of the Board, each fiscal year the non-management directors will hold six regular executive sessions without management directors or management present, at such times and for such purposes as the non-management directors consider to be appropriate. For the convenience of the directors, these meetings may, but need not, be scheduled to coincide with the dates of regular Board meetings. The independent directors may invite the Corporation's independent auditors, legal counsel, other consultants or advisors, finance staff and other employees to attend portions of these meetings. Non-management directors who are not independent under the rules of the New York Stock Exchange may participate in these executive sessions, but independent directors meet separately in executive session at least once per year.

(c) *Agenda.* The Board shall be responsible for its agenda. The Chairman of the Board and the Corporate Secretary will have primary responsibility for suggesting the specific agenda for each meeting and arranging for the agenda to be sent in advance of the meeting to the directors along with appropriate written information and background materials. Each Board committee Chairperson and each individual director is encouraged to suggest specific items for inclusion on the agenda. The Chairperson and the full Board each separately may require the Board to meet in executive sessions to discuss sensitive matters with or without distribution of written materials.

(d) *Access to Management and Information; Meeting Materials Distributed in Advance.* The Corporation's management will afford each Board member full access to the Corporation's management and employees and the outside auditors, legal counsel and other professional advisors for any purpose reasonably related to the Board's responsibilities. Each director is entitled to: (i) inspect the Corporation's books and records and obtain such other data and information as the director may reasonably request; (ii) inspect facilities as reasonably appropriate for the performance of director duties; and (iii) receive notice of all meetings in which a director is entitled to participate and copies of all Board and committee meeting minutes. Information and data that is important to the business and/or that related to items expected to be discussed or acted upon by the Board at a meeting, will be distributed to the Board before the Board meets. The Board intends that this information be understandable, organized and distributed in a timely manner to allow for meaningful review.

(e) *Independent Inquiries and Advisors.* The Board is authorized to conduct investigations, and to retain, at the expense of the Corporation, independent legal, accounting, investment banking, or other professional advisors selected by the Board, for any matters relating to the purpose or responsibilities of the Board.

V. BOARD COMMITTEES.

(a) *Committees.* The committees of the Board are: the Audit Committee; Business Conduct Committee; Corporate Governance Committee; Executive and Finance Committee; and Management Development and Compensation Committee. The Board may from time to time establish additional committees or, subject to compliance with applicable law and applicable listing standards, dissolve or otherwise reconfigure existing committees.

(b) *Committee Member Selection.* After considering the recommendations of the Corporate Governance Committee, the Board will designate the members and the Chairperson of each committee, endeavoring to match the committee's function and needs for expertise with individual skills and experience of the appointees to the committee. Each member of the Audit, Business Conduct, Management Development and Compensation, and Corporate Governance Committees will be independent as defined in the applicable listing standards, laws and regulations and, in the case of the Audit Committee, who also satisfy the additional eligibility requirements of the SEC's rules and regulations. The required qualifications for the members of each committee shall be set out in the respective committee's charter.

(c) *Committee Functions.* Each of the Board committees will have a written charter approved by the Board in compliance with applicable listing standards, laws and regulations. The number and content of committee meetings and means of carrying out committee responsibilities will be determined by each

committee in light of the committee's charter, the authority delegated by the Board to the committee, and legal, regulatory, accounting or governance principles applicable to that committee's function. The Chairperson of each committee, in consultation with the appropriate members of the committee and management, will develop and approve the committee's agenda. The Corporation's management will afford access to the Corporation's employees, professional advisors, and other resources, if needed, to enable committee members to carry out their responsibilities.

VI. BOARD MEMBER RESPONSIBILITIES.

(a) Director Responsibilities.

(i) *Generally.* The business and affairs of the Corporation shall be managed by or under the supervision and direction of the Board in accordance with Delaware law. The core responsibility of the Board of Directors is to exercise its fiduciary duty to act in the best interest of the Corporation and its stockholders. A director is expected to discharge his or her director duties, including duties as a member of a committee on which the director serves, in good faith and in a manner the director reasonably believes to be in the best interests of the Corporation.

(ii) *Disclose Relationships.* Each independent director is expected to disclose promptly to the Board any existing or proposed relationships with the Corporation (other than service as a Board member or on Board committees) which could affect the independence of the director under applicable listing standards or any additional standards as may be established by the Board from time to time, including direct relationships between the Corporation and the director and his or her family members, and indirect relationships between the Corporation and any business, nonprofit or other organization in which the director is a general partner or manager, officer, or significant stockholder, or is materially financially interested.

(iii) *Reporting and Compliance Systems.* Based on information available to the director, each director should be satisfied that Corporation management maintains an effective system for timely reporting to the Board or appropriate Board committees on the following: (i) the Corporation's financial and business plans, strategies and objectives; (ii) the recent financial results and condition of the Corporation and its business segments; (iii) significant accounting, regulatory, competitive, litigation and other external issues affecting the Corporation; and (iv) systems of control which promote accurate and timely reporting of financial information to stockholders and compliance with laws and corporate policies. Based on information furnished by management or otherwise available to the Board, each director is expected to have a basic understanding of the foregoing matters.

(iv) *Attendance and Preparation.* Board members are expected to devote sufficient time and attention to prepare for, attend and participate in Board meetings and meetings of committees on which they serve, including advance review of meeting materials that may be circulated prior to each meeting. In the absence of unavoidable conflict, all Board members are also expected to attend the Annual Meeting of Stockholders. SEC rules require disclosure in the Corporation's proxy statement of any director who fails to attend an aggregate of 75% of all Board and committee meetings and the number of Board members that attended the prior year's Annual Meeting of Stockholders.

(v) *Reliance on Management and Outside Advisors.* In discharging responsibilities as a director, a director is entitled to rely in good faith on reports, opinions or other information provided by Corporation management, independent auditors, legal counsel, other consultants and advisors, and other persons as to matters the director reasonably believes to be within such other person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Corporation.

(b) *Code of Conduct and Ethics.* Each member of the Board shall at all times exhibit high standards of integrity and ethical behavior. Each director shall adhere to the applicable Corporation policies concerning integrity and ethical behavior, including the Corporation's Directors Standards of Business Conduct. In addition, directors must avoid any conflict between their own interests and the interests of the Corporation in dealing with suppliers, customers, and other third parties, and in the conduct of their personal affairs.

(c) *Transactions Affecting Director Independence.* Without the prior approval of a majority of disinterested members of the full Board, and, if required by the listing standards, the Audit Committee, the Corporation will not make significant charitable contributions to organizations in which a director or a family member of the director is affiliated, enter into consulting contracts with (or otherwise provide indirect forms of compensation to) a director, or enter into any relationships or transactions (other than service as a director and Board committee member) between the Corporation and the director (or any business or nonprofit entity or organization in which the director is a general partner, controlling stockholder, officer, manager, or trustee, or materially financially interested). Notwithstanding the foregoing, to the extent required to comply with SEC rules, no member of the audit committee will be an affiliated person of the Corporation or receive any direct or indirect compensation from the Corporation other than for service as a director and on committees on which the individual serves.

(d) *Orientation and Continuing Education.* The Board is expected periodically to review appropriate policies and procedures for providing orientation sessions for newly elected or appointed directors, including background material on the Corporation, its business plans, legal affairs, and risk profile, and meetings with senior management, and recommending on an as-needed basis continuing director education programs for Board or committee members.

VII. SUCCESSION PLANNING.

The succession plan should include an assessment of the experience, performance, skills and planned career paths for possible successors to the CEO.

(b) *Management Succession Planning.* The CEO will review with the Board management succession and development plans for senior officers.

VIII. CEO EVALUATION AND EXECUTIVE COMPENSATION.

(b) *Evaluating and Approving Compensation of Senior Officers.* The Board, acting through the Management Development and Compensation Committee, has the responsibility to approve overall compensation policies applicable to senior officers.

IX. MANAGEMENT RESPONSIBILITY.

(a) *Financial Reporting and Legal Compliance.* While the Board has an oversight function, the Corporation's management has the primary responsibility for (i) preparing financial statements which accurately and fairly present the Corporation's financial results and condition, and (ii) maintaining systems, procedures and corporate culture which comply with legal and regulatory requirements and the ethical conduct of the Corporation's business.

(b) *Corporate Communications.* Management has the primary responsibility to establish policies concerning the Corporation's communications with investors, stockholders, the press, customers, suppliers and employees. The CEO and designated management speak for the Corporation. Inquiries from the press, stockholders, or others are referred to the CEO for response.

(c) *Communication of Corporate Governance Guidelines and Charters.* As required by the listing standards, management will assure that the Corporation's website includes a copy of these guidelines, copies of the charters of the Audit, Corporate Governance, and Management Development and Compensation Committees and, if applicable, other committees of the Board, and a copy of the Corporation's standards of business conduct. Management will also include in the Corporation's annual

report to stockholders statements to the effect that this information is available on the Corporation's website and in print to any stockholder who requests it.

(d) *Outside Directorships of Chief Executive Officer.* The CEO's first obligation is to the Corporation but it is recognized that service on outside boards may be beneficial. The CEO will advise the Board, in advance of his/her desire to accept a position on another board. The Board, based on recommendation of the Corporate Governance Committee will decide if such a directorship is appropriate.

(e) *Standards of Business Conduct.* The Corporation maintains standards of business conduct which sets forth the Corporation's commitment to integrity and ethical behavior in all aspects of its business activity. Each committee of the Board shall conduct a self-evaluation at least annually and report the results to the Board. Each committee's evaluation must compare the performance of the committee with the requirements of its written charter.

HARRIS CORPORATION CORPORATE GOVERNANCE PRINCIPLES

Historical Perspective:

The Responsibilities of Directors evolved through discussions by the Board of Directors of Harris Corporation at a series of single-subject seminars, the first of which was held in 1960. It was formalized as a written document in 1965 and then updated in certain respects at meetings of the Board of Directors in 1972, 1977, and 1994.

The Administration of the Board of Directors derived from the Board of Directors Guidelines which was first approved by the Board of Directors in 1988 and revised in 1994.

The Responsibilities and Administration of the Board of Directors is a consolidation of the Administration of the Board of Directors and the Responsibilities of Directors guidelines by the Corporate Governance Committee of the Board of Directors in December 1997 and was approved by the Committee in February 1998.

The Harris Corporation Corporate Governance Principles evolved through discussions by the Corporate Governance Committee of the Board of Directors at the Committee's February 2001, February 2002, and June 2002 meetings and a discussion with the Board of Directors in April 2002. It was presented to the Board of Directors for approval and adopted by the Board at the June 28, 2002, meeting and was further amended by the Board of Directors on June 25, 2004.

Director Independence Standards

HARRIS CORPORATION

DIRECTOR INDEPENDENCE STANDARDS

As permitted by the New York Stock Exchange Listing Standards, the Board of Directors (*Board*) of Harris Corporation (*Harris*) has adopted Director Independence Standards to assist in its determination of director independence. To be considered independent for purposes of these standards, a director must be affirmatively determined, by resolution of the Board as a whole, after due deliberation and a review of relevant information, to have no direct or indirect material relationship with Harris other than as a director. In each case, the Board will broadly consider all relevant facts and circumstances and will apply the following standards:

1. In no event will a director be considered independent if, within the preceding three years:

the director was an employee, or an immediate family member of the director was employed as an executive officer, of Harris; or

the director, or an immediate family member of the director, received more than \$100,000 per year in direct compensation from Harris, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent in any way of continued service with Harris); except that compensation received by an immediate family member of the director for services as a non-executive employee of Harris need not be considered in determining independence under this test; or

the director was affiliated with or employed by, or an immediate family member of the director was affiliated with or employed in a professional capacity by, a present or former internal or external auditor of Harris; or

the director, or an immediate family member of the director, was employed as an executive officer of another company where any of Harris' present executives serve on that company's compensation committee; or

the director was an executive officer or employed by another company (other than a charitable organization), or an immediate family member of the director was employed as an executive officer of such company, that makes payments to, or receives payments from, Harris for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

2. The following relationships will not be considered to be material relationships that would impair a director's independence:

Commercial Relationship: if a director of Harris is an executive officer or an employee, or whose immediate family member is an executive officer, of another company that makes payments to, or receives payments from, Harris for property or services in an amount which, in any single fiscal year, does not exceed the greater of (a) \$1,000,000 or (b) 2% of the consolidated gross annual revenues of the company the director or the director's immediate family member serves as an executive officer or employee, as applicable;

Indebtedness Relationship: if a director or an immediate family member of a director of Harris is an executive officer of another company which is indebted to, or to which Harris is indebted, and the total amount of either company's indebtedness is less than 2% of the consolidated assets of the company wherein the director or immediate family member serves as an executive officer;

Equity Relationship: if the director is an executive officer of another company in which Harris owns a common stock interest, and the amount of the common stock interest is less

Table of Contents

than 5% of the total shareholder's equity of the company where the director serves as an executive officer;

Charitable Relationship: if a director of Harris, or the spouse of a director of Harris, serves as a director, officer, or trustee of a charitable organization, and within the preceding three years, Harris' discretionary contributions to the organization in any single fiscal year are less than the greater of (a) \$1,000,000 or (b) 2% of that organization's gross revenues; or

Stock Ownership: the ownership of Harris shares by a director or a director's immediate family members.

Annually, the Board will review all commercial and charitable relationships of directors to determine whether directors meet the categorical standards described in Sections 1 and 2 above.

3. For relationships not covered by Section 2 above, or for relationships that are covered, but as to which the Board believes a director may nevertheless be independent (and to the extent that any such relationship would not constitute a bar to independence under NYSE listing standards), the determination of whether the relationship is material or not, and therefore whether the director would be independent, will be made by the directors who satisfy the independence guidelines set forth in Sections 1 and 2 above. Harris will disclose in its proxy statement any Board determination that a relationship was immaterial in the event that it did not meet the categorical standards set forth in Section 2 above.
4. Members of Harris' Audit Committee must also satisfy the independence requirements of Section 10A(m)(3) of the Securities Exchange Act of 1934.
5. For purposes of these standards, (a) an immediate family member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home; except that when applying the independence tests described above, Harris need not consider individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or have become incapacitated, and (b) Harris includes Harris Corporation and all of its consolidated subsidiaries.

The Board may revise these Director Independence Standards from time to time, as it deems appropriate, subject to applicable stock exchange listing requirements.

Adopted June 25, 2004.

The Committee shall be comprised of not less than three members of the Board, each of whom the Board has determined has no material relationship with the Corporation and each of whom is otherwise independent under the rules of the New York Stock Exchange and Rule 10A-3 under the Securities Exchange Act of 1934 and other applicable rules and regulations of the SEC. The Board shall also determine that each member is financially literate, and that at least one member of the Committee has accounting or related financial management expertise as such qualifications are interpreted by the Board in its business judgment and whether any member of the Committee is an audit committee financial expert as defined by the rules of the SEC. If the Board has determined that a member of the Committee is an audit committee financial expert, it may presume that such member has accounting or related financial management expertise.

The function of the Committee is oversight. The management of the Corporation is responsible for the preparation, presentation and integrity of the Corporation's financial statements and for the effectiveness of internal control over financial reporting. In fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not employees of the Corporation and are not, and do not represent themselves to be, performing the functions of auditors or accountants.
