PROXY STATEMENT

March 10, 2005

PRELIMINARY

The enclosed proxy is requested by the Board of Directors in connection with the Annual Meeting of Shareholders to be held on April 20, 2005. This proxy statement is first being mailed on approximately March 10, 2005.

ANNUAL REPORT

Sherwin-Williams Annual Report to Shareholders for the year ended December 31, 2004 is enclosed with this proxy statement. Additional financial and other reports may be submitted at the Annual Meeting, but it is not intended that any action will be taken relating to those reports.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will act upon the proposals outlined in the Notice of Annual Meeting of Shareholders, including the election of directors and the ratification of the appointment of Sherwin-Williams independent registered public accounting firm. In addition, management will report on Sherwin-Williams performance and respond to questions from shareholders.

Who is entitled to vote?

Only record holders of our common stock and convertible participating serial preferred stock at the close of business on February 28, 2005, the record date, are entitled to vote at the Annual Meeting. At the close of business on the record date, 140,632,395 shares of common stock and 141,323 shares of convertible participating serial preferred stock were outstanding. Each share owned on the record date is entitled to one vote.

How do I vote?

If you are a shareholder of record, you can vote in person at the Annual Meeting or you can vote on the Internet, by telephone or by signing and mailing your proxy card in the enclosed envelope. Detailed instructions for Internet and telephone voting are attached to your proxy card. Your Internet or telephone vote authorizes the proxy holders to vote your shares in the same manner as if you signed and returned your proxy card by mail. If you are a shareholder of record and you vote by the Internet or telephone, your vote must be received by 5:00 p.m. E.S.T. on April 19, 2005; you should not return your proxy card.

If you are a shareholder of record, the proxy holders will vote your shares in accordance with your directions. If you sign and return your proxy card, but do not properly direct how your shares should be voted on a proposal, the proxy holders will vote your shares *FOR* Proposals 1 and 2. If you sign and return your proxy card, the proxy holders will vote your shares according to their discretion on any other proposals and other matters that may be brought before the Annual Meeting.

If you hold shares through a broker or other nominee in street name, you should complete, sign and date the voting instruction card provided to you by your broker or nominee or vote by the Internet or telephone as permitted by your broker or nominee.

Shareholders of record may also be represented by another person present at the Annual Meeting by signing a proxy designating such

Table of Contents

person to act on your behalf. If you hold shares through a broker or nominee, you may not vote in person at the Annual Meeting unless you have obtained a signed proxy from your broker or nominee giving you the right to vote your shares.

Representatives of The Bank of New York will tabulate the votes and act as inspectors of election at the Annual Meeting.

How do I vote if I am a participant in the Stock Ownership and Automatic Dividend Reinvestment Plan or the Employee Stock Purchase and Savings Plan?

If you are a participant in one of these plans, your proxy card also serves as voting instructions for the number of shares which you are entitled to direct the vote under each plan. You may vote your shares by the Internet, telephone or mail in the same manner outlined above. If you are a participant in the Employee Stock Purchase and Savings Plan, your voting instructions must be received by the close of business on April 15, 2005 in order to allow the trustee sufficient time for voting.

If you are a participant in the Employee Stock Purchase and Savings Plan and you do not timely provide your voting instructions, your shares will be voted in the same proportion as the trustee votes those shares for which it receives proper instructions. Any unallocated shares held in the Employee Stock Purchase and Savings Plan also will be voted by the trustee in the same proportion as the trustee votes those shares for which it receives proper instructions.

What are the voting recommendations of the Board of Directors?

The Board of Directors recommends that you vote:

FOR fixing the number of directors at 11 and electing the 11 nominees for directors (Proposal 1); and

FOR ratifying the appointment of Ernst & Young LLP as Sherwin-Williams independent registered public accounting firm (Proposal 2).

The Board of Directors is not aware of any other matters that will be brought before the Annual Meeting for action.

What constitutes a quorum for the Annual Meeting?

A quorum of shareholders is necessary for us to hold a valid Annual Meeting. For a quorum, there must be present, in person or by proxy, or by use of communications equipment, shareholders of record entitled to exercise not less than fifty percent of the voting power of Sherwin-Williams in respect of any one of the purposes for which the Annual Meeting is held.

Proxy cards marked as withholding authority, as well as proxy cards containing abstentions and broker non-votes, will be treated as present for purposes of determining a quorum. A broker non-vote occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular non-routine proposal because the broker or nominee does not have discretionary voting power for that proposal and has not received voting instructions from the beneficial owner. If you are a beneficial owner and a broker holds your shares, it is expected that your broker will be permitted to vote your shares on both Proposals 1 and 2 even if your broker does not receive voting instructions from you.

What vote is required to approve each proposal?

Election of Directors (Proposal 1). Proposal 1 to fix the number of directors at 11 requires the affirmative vote of the holders of a majority of the shares present, in person or by proxy, and entitled to vote on this proposal. The nominees receiving the greatest number of votes will be elected. A proxy card marked as withholding authority with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for quorum purposes.

Ratification of Independent Registered Public Accounting Firm (Proposal 2). Proposal 2 to ratify the appointment of Ernst & Young LLP as Sherwin-Williams independent registered public accounting firm requires the affirmative vote of a majority of the votes cast.

Table of Contents

A proxy card marked as abstaining with respect to this proposal will not be counted as a vote cast, although it will be counted for quorum purposes.

Other Items. All other proposals and other business as may properly come before the Annual Meeting require the affirmative vote of a majority of the votes cast, except as otherwise required by statute or Sherwin-Williams Amended Articles of Incorporation or Regulations.

Can I revoke or change my vote after I submit my proxy?

Yes. You can revoke or change your vote before the proxy holders vote your shares by timely:

giving a revocation to Sherwin-Williams Vice President, General Counsel and Secretary in writing, in a verifiable communication or at the Annual Meeting;

returning a later signed and dated proxy card;

entering a new vote by the Internet or telephone; or

voting in person at the Annual Meeting.

CORPORATE GOVERNANCE

Sherwin-Williams has a long history of good corporate governance practices that has greatly aided our long-term success. The Board of Directors and management have recognized for many years the need for sound corporate governance practices in fulfilling their respective duties and responsibilities to shareholders.

Corporate Governance Guidelines. The Board of Directors has adopted Corporate Governance Guidelines, which provide the framework for the governance of our company. These Corporate Governance Guidelines are reviewed by the Board of Directors at least annually. From time to time, our Corporate Governance Guidelines may be revised to reflect new regulatory requirements and evolving corporate governance practices.

Business Ethics Policy. Sherwin-Williams has operated under a Business Ethics Policy for many years and is committed to conducting business in an ethical and legal manner throughout the world. Our Business Ethics Policy applies to all of our directors, officers and employees and outlines the broad principles of ethical and legal conduct embraced by Sherwin-Williams to guide our business related conduct. Under the Business Ethics Policy, any director or employee who reasonably believes or suspects that Sherwin-Williams or any director or employee has or is engaging in improper or illegal activities, fraud or activities which appear to be inconsistent with or in violation of the Business Ethics Policy is responsible for reporting such activities. Sherwin-Williams does not permit retaliation of any kind against any person who, in good faith, reports any known or suspected improper activities pursuant to the Business Ethics Policy.

The Business Ethics Policy includes additional ethical obligations for our senior financial management (which includes our chief executive officer, our chief financial officer, and the controller, treasurer and principal financial and accounting personnel in our operating groups and corporate departments). Our senior financial management is responsible for creating and maintaining a culture of high ethical standards throughout our company to ensure the fair and timely reporting of our financial results and financial condition.

Communications with Directors. The Board of Directors has adopted a process by which shareholders and other interested parties may communicate with the non-management directors or the chairperson of any of the committees of the Board of Directors by e-mail or regular mail. Communications by e-mail should be sent to the auditchair@sherwin.com, compchair@sherwin.com, or corpgovchair@sherwin.com, or to the non-management directors as a group to the non-managementdirectors@sherwin.com. Communications by regular mail should be sent to the attention of the Chairperson, Audit Committee, Chairperson, Compensation and Management Development Committee, or Chairperson, Nominating and Corporate Governance Committee, or to the non-management directors as a group to the Non-Management Directors, each c/o Corporate Secretary, The Sherwin-Williams

Company, 101 Prospect Avenue, N.W., 12th Floor, Midland Building, Cleveland, Ohio 44115.

All communications received in accordance with this process will be reviewed by Sherwin-Williams management to determine whether the communication requires immediate action. Management will pass on all communications received, or a summary of such communications, to the appropriate director or directors.

Complaint Procedures for Accounting, Auditing and Financial Related Matters. The Audit Committee has established procedures for receiving, retaining and treating complaints from any source regarding accounting, internal accounting controls and auditing matters, and procedures for the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters. Interested parties may communicate such complaints by following the procedures for Communications with Directors, as outlined above. Employees may report such complaints by following the procedures outlined in the Business Ethics Policy. Sherwin-Williams does not permit any retaliation of any kind against any person who, in good faith, submits a complaint or concern under these procedures.

Independence of Directors. Under Sherwin-Williams Director Independence Standards (a copy of which is attached as Appendix A), 9 of our 11 director nominees are independent. In addition, all members of the Audit Committee, Compensation and Management Development Committee, and Nominating and Corporate Governance Committee are independent.

Executive Sessions. The non-management members of the Board of Directors meet at least twice each year in regularly scheduled executive sessions. Additional executive sessions may be scheduled by the non-management directors. The chairpersons of the Audit Committee, the Compensation and Management Development Committee and the Nominating and Corporate Governance Committee rotate presiding over these sessions.

Annual Board Self-Assessments. The Board of Directors has instituted annual self-assessments of the Board of Directors, as well as the Audit Committee, the Compensation and Management Development Committee, and the Nominating and Corporate Governance Committee, to assist in determining whether the Board of Directors and its committees are functioning effectively. In early 2005, the Board and each of its committees completed self-evaluations and reviewed and discussed the results. This evaluation process was overseen by the Nominating and Corporate Governance Committee.

Board Committee Charters. The Board of Directors has adopted written charters for the Audit Committee, the Compensation and Management Development Committee, and the Nominating and Corporate Governance Committee. Each committee reviews and evaluates the adequacy of its charter at least annually and recommends any proposed changes to the Board of Directors for approval.

Stock Ownership Guidelines. The Board of Directors has established a minimum share ownership requirement for its directors, executive officers and operating presidents. Each director who has served on the Board for at least three years is expected to own a minimum of 4,400 shares of common stock. Each executive officer and operating president who has served in such capacity for at least five years is expected to own shares of common stock equal in value to a multiple of their base salary ranging from a low of three times to a high of five times for the Chairman and Chief Executive Officer. For purposes of meeting this minimum share ownership requirement, each equivalent share of common stock held under Sherwin-Williams benefit plans is considered as a share of common stock. Stock options are not considered towards meeting the share ownership requirement. All directors, executive officers and operating presidents have either met such guidelines or are pursuing plans to meet such guidelines within the time frames prescribed.

Wrigley Jr. Company and is a Trustee of Miami University of Ohio and the Musical Arts Association (The Cleveland Orchestra).

The Board of Directors recommends that you vote FOR Proposal 1 relating to the election of directors.

INDEPENDENCE OF DIRECTORS

The Board of Directors has adopted categorical Director Independence Standards to assist the Board of Directors in determining the independence of each director. To be considered independent, the Board of Directors must affirmatively determine that the director has no material relationship with Sherwin-Williams. In each case, the Board of Directors broadly considers all relevant facts and circumstances, including the director's commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, and such other criteria as the Board of Directors may determine from time to time.

During the Board of Directors' annual review of director independence, the Board of Directors considered relationships and transactions between each director or an immediate family member of the director and Sherwin-Williams, including those reported under the caption entitled "Certain Relationships and Related Transactions" on page 26. The Board of Directors also considered relationships and transactions between each director or an immediate family member of the director and Sherwin-Williams' senior management.

As a result of this review, the Board of Directors determined that 9 of our 11 director nominees are independent. In addition, 9 of our current 12 directors are independent, and all members of the Audit Committee, Compensation and Management Development Committee, and Nominating and Corporate Governance Committee are independent. The Board of Directors has determined that Mrs. Kropf and Messrs. Boland, Collins, Evans, Mahoney, McCullough, Mixon, Moll and Smucker meet these standards and are independent and, in addition, satisfy the independence requirements of the New York Stock Exchange.

Edgar Filing: SHERWIN WILLIAMS CO - Form DEF 14A

In making its independence determination for Mr. Mixon, the Board of Directors reviewed Sherwin-Williams' purchases of products of Accuspray Application Technologies, Inc. During 2004, Sherwin-Williams paid approximately \$148,000 for Accuspray products purchased by Sherwin-Williams. Mr. Mixon was a minority shareholder of Accuspray during 2004, but sold his entire interest in Accuspray during early 2005 thereby terminating the relationship.

Table of Contents

Based upon these facts, the Board of Directors determined that this past relationship is not material and does not affect Mr. Mixon's independence.

COMPENSATION OF DIRECTORS

Director Fees. The Compensation and Management Development Committee recently approved changes to the compensation payable to Sherwin-Williams non-employee directors. Officers of Sherwin-Williams who also serve as directors do not receive any extra compensation for services as a director. Effective January 1, 2005, the cash and equity compensation payable to Sherwin-Williams non-employee directors is as follows:

An annual cash retainer of \$60,000;

An additional annual cash retainer of \$10,000 for the chair of the Audit Committee;

An additional annual cash retainer of \$7,500 for the chair of the Compensation and Management Development Committee;

An additional annual cash retainer of \$5,000 for the chair of the Nominating and Corporate Governance Committee;

A meeting fee of \$1,750 for each Board or committee meeting attended in excess of seven meetings during a calendar year. For purposes of calculating the number of meetings during a calendar year, any Board and committee meetings held on the same date shall constitute one meeting; and

An annual grant of restricted stock valued at approximately \$60,000 at the time of the grant under the 1997 Stock Plan for Nonemployee Directors. This plan was approved by the shareholders at the 1997 Annual Meeting.

During 2004, each non-employee director received an annual retainer of \$40,000 and \$1,750 for each meeting of the Board of Directors or committee of the Board of Directors that the director attended or \$2,500 for each meeting of a committee of the Board of Directors that the director chaired. During February 2004, each non-employee director received a grant of 1,500 shares of restricted stock. The shares of restricted stock vest in increments of 500 shares on the first, second and third anniversary dates of the date of grant.

Other Benefits. All directors are reimbursed for reasonable travel and other out-of-pocket expenses incurred in connection with attendance at meetings of the Board of Directors and its committees (including travel expenses of spouses if they are invited for a specific business purpose). There was no spousal travel in 2004. Mr. Breen used the corporate aircraft for personal use in 2004, which was valued at \$5,957 based upon the incremental cost to Sherwin-Williams.

Sherwin-Williams pays the premiums for liability insurance and business travel accident insurance for all directors, including \$225,000 accidental death and dismemberment coverage and \$225,000 permanent total disability coverage, while the directors are traveling on Sherwin-Williams business.

Directors may also receive the same discounts as Sherwin-Williams employees on the purchase of products at Sherwin-Williams stores and are eligible to participate in Sherwin-Williams matching gifts programs on the same basis as employees. These programs provide for annual matches of up to \$5,000 under the matching gifts to education program and \$1,000 under the matching gifts for volunteer leaders program, as well as annual grants of up to \$200 under the grants for volunteers program.

Deferral of Director Fees. In accordance with the Director Deferred Fee Plan, directors may elect to defer all or a part of their retainer and meeting fees. Deferred fees may be credited in a common stock account, a shadow stock account or an interest bearing cash account. The value of the shadow stock account reflects changes in the market price of Sherwin-Williams common stock and the payment of dividends. Amounts deferred may be distributed either in annual installments over a period up to ten years or in a lump sum on the date chosen by the director. The table entitled Security Ownership of Management on page 24 includes information relating to the number of shares of common stock and shadow stock held by the directors under the Director Deferred Fee Plan.

AUDIT COMMITTEE REPORT

Management has the primary responsibility for the integrity of Sherwin-Williams' financial information and the financial reporting process, including the system of internal control over financial reporting. Ernst & Young LLP, Sherwin-Williams' independent registered public accounting firm, is responsible for conducting independent audits of Sherwin-Williams' financial statements and management's assessment of the effectiveness of internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and expressing an opinion on the financial statements and management's assessment based upon those audits. The Audit Committee is responsible for overseeing the conduct of these activities by management and Ernst & Young LLP.

As part of its oversight responsibility, the Audit Committee has reviewed and discussed the audited financial statements, the adequacy of financial controls and the effectiveness of Sherwin-Williams' internal control over financial reporting with management and Ernst & Young LLP. The Audit Committee also has discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee has received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with Ernst & Young LLP that firm's independence.

Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Sherwin-Williams' Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Introduction. The Compensation and Management Development Committee assists the Board of Directors in fulfilling the Board's oversight responsibilities to administer Sherwin-Williams' management compensation program. The Committee is responsible for overseeing a management compensation program that is designed to maintain a performance and achievement-oriented environment throughout the company. Each member of the Committee is independent as defined in the corporate governance listing standards of the New York Stock Exchange and Sherwin-Williams' Director Independence Standards.

The Committee reports to the Board of Directors on all compensation matters regarding Sherwin-Williams' executive officers and other key salaried employees. The executive officers are identified in Sherwin-Williams' 2004 Annual Report to Shareholders. The Committee annually reviews and approves the compensation (including annual base salary, annual incentive opportunity, long-term incentive opportunity and other employee benefits) for Sherwin-Williams' executive officers and other key salaried employees. The Committee has the sole authority to retain compensation consultants and consulting firms to assist in the evaluation of executive compensation matters. You may learn more about the Committee's responsibilities by reading the Committee's

Table of Contents

Charter, which is available in the Corporate Governance section on the Investor Relations page of Sherwin-Williams website at www.sherwin.com.

Management Compensation Program. Sherwin-Williams management compensation program is comprised of both cash and equity-based incentive compensation. The three major components of the program consist of:

competitive base salaries which reflect, in part, individual performance;

additional annual incentive compensation, paid in the form of a cash bonus, based on the achievement of financial and other performance goals; and

long-term stock-based incentive opportunities, which may include stock options and restricted stock.

The annual base salary, annual incentive compensation and long-term incentive opportunities are intended to be competitive with market base salary and incentive compensation opportunities. Data is collected from various commercially available executive compensation surveys and information is gathered by an outside compensation consultant in order to identify the base salary and incentive opportunities available at manufacturing and retail companies with comparable sales. The Committee believes that these companies likely compete with Sherwin-Williams for executive talent. This group of companies is a larger and more diverse group of companies than the companies comprising the peer group identified in the performance graph, but may include such companies if they participated in one or more of the compensation surveys. For the various components of compensation, the Committee uses the median compensation paid to executive officers holding equivalent positions or having similar responsibilities in manufacturing and retail companies with comparable sales. The amount of compensation paid to the executive officers is not based upon the cumulative total return on Sherwin-Williams common stock as reflected in the performance graph.

Base Salary. Annual cash compensation consists, in part, of a base salary. A salary range for each executive officer is approved each year on the basis of such person's position and level of responsibility by using the compensation surveys. The midpoint of the range generally approximates the average salary paid for an equivalent position at comparable companies. Once a range is formulated, salary levels are based upon the executive officer's performance and, to a lesser extent, tenure in the particular position.

Annual salary increases are based on Sherwin-Williams overall annual salary budget guidelines and an evaluation of the individual's performance. As part of Sherwin-Williams annual budget process, Sherwin-Williams overall salary structure is reviewed to insure that it remains competitive. For 2004, Sherwin-Williams adopted a 3% overall merit ceiling for salary increases, with possible merit increases ranging from 0% to 7.5%. The executive officer's performance for the prior year is reviewed by his or her direct supervisor or, with respect to the performance of the Chief Executive Officer, by the Committee. The performance criteria utilized encompass both quantitative and qualitative measures which vary by executive officer and which usually relate to the particular business unit or function for which such person has responsibility. The base salary of each executive officer is then reviewed and approved annually by the Committee.

Annual Incentive Compensation. Annual cash compensation also consists of the opportunity to earn a cash bonus under the Management Incentive Plan. All of the executive officers participate in the Management Incentive Plan. In determining the amount of any bonus paid to the executive officers, great emphasis is placed on establishing incentive opportunities that are directly linked with Sherwin-Williams performance and the maximization of shareholder value. The Committee establishes a threshold goal of increased company earnings, and 75% of this earnings increase must be met before a bonus is paid, subject to the Committee's discretion to grant awards for individual performance and make adjustments for non-recurring or unusual items. Sherwin-Williams exceeded 75% of the earnings goal established for 2004.

The Committee annually approves target and maximum bonus award levels for the executive officers as a percent of salary. Target

Table of Contents

bonus awards are determined by using the median incentive compensation (identified from the compensation surveys), which is generally equivalent to the amount an executive officer could receive under the Management Incentive Plan if a 100% average of Sherwin-Williams' and the individual's goals are attained. Annual bonus awards for the executive officers range from zero, if less than a 75% average of the stated goals are reached, to a target award of between 45% and 75% of the executive officer's base salary (depending upon the executive officer's position) if a 100% average of the stated goals are attained. In the event Sherwin-Williams and an executive officer exceed a 100% average of the stated goals, bonuses can be awarded up to an aggregate maximum amount of 70% to 110% of the executive officer's base salary (depending upon position). Consequently, the amount of the annual bonus paid to an executive officer in any year may exceed or fall below the median incentive compensation level determined by the compensation surveys. The management compensation program is designed so that executive officers may earn higher than average total compensation for above average performance and lower than average total compensation for below average performance.

The Committee recently approved a change in the target and maximum bonus awards beginning for bonuses earned for 2005 for the Chief Executive Officer, the Chief Operating Officer and the Chief Financial Officer. The Committee increased the maximum bonus award to 120% of base salary for the Chief Operating Officer and the Chief Financial Officer if such officer achieves a 100% to 125% average of his stated goals. In addition, the Chief Executive Officer may earn up to a target bonus amount of 95% of his base salary if a 100% average of his stated goals are attained and may earn up to a maximum bonus amount of 95% to 140% of his base salary if he achieves a 100% to 125% average of his stated goals.

Decisions on annual bonuses awarded to an executive officer are based upon the achievement of the threshold company earnings goal and the accomplishment by the executive officer of individual performance goals. Individual performance goals are assigned at the beginning of each year and are approved by the Chief Executive Officer or, with respect to the goals of the Chief Executive Officer, by the Committee. Individual performance goals vary by executive officer and usually relate to the particular business unit or function for which such person has responsibility. Executive officers are encouraged to have quantitative goals that stretch performance and have a significant impact on the improvement of a business unit or the company. Financial performance goals are generally weighted more heavily. Each executive officer's achievement of his performance goals are reviewed and approved by the Committee annually.

Long-term Incentive Compensation. Long-term incentive compensation in the form of stock options and restricted stock may be awarded to any one or all of the executive officers under the 2003 Stock Plan. The purpose of the 2003 Stock Plan is to attract and retain key executive, managerial, technical and professional personnel for Sherwin-Williams by providing incentives and rewards for performance. All of the executive officers participate in the 2003 Stock Plan. Stock options and restricted stock are usually granted to the executive officers on an annual basis. Grants of stock options and restricted stock vest over time, which encourage executive officers to improve the long-term performance of Sherwin-Williams, rather than to focus on short-term goals, thereby more closely aligning the interests of executive officers with the interests of shareholders.

In 2004, Sherwin-Williams rebalanced the mix of stock options and restricted stock granted to its executive officers by shifting more of its long-term incentive compensation awards from stock options to restricted stock. Sherwin-Williams also began granting restricted stock annually instead of biennially. Currently, stock options and restricted stock each represent about 50% of the value of long-term incentive compensation grants for executive officers. The Committee believes that the performance goals associated with restricted stock more directly focuses executive officers on continuing to improve operating results. In addition, the total number of shares that is necessary for grants of restricted stock is less than that required for grants of stock options at

Table of Contents

equivalent compensation values resulting in a lower level of share utilization.

Stock Options. Grants of stock options are based on competitive market practices, which are determined using the compensation surveys mentioned above. The Committee grants stock options based upon the median market value of the underlying stock relating to stock options that comparable companies have been granting to their executive officers, as calculated under the Black-Scholes method. The specific number of stock options granted to an executive officer is based upon the executive officer's position and level of responsibility. The option exercise price is equal to the fair market value of Sherwin-Williams common stock on the date options are granted. The Board of Directors may not reprice stock options. Stock options typically vest at the rate of one-third per year for three years (beginning one year from the date of grant) and expire ten years from the date of grant. All of the executive officers were granted stock options during 2004.

Restricted Stock. The granting of restricted stock is determined in the same manner that the granting of stock options is determined. If granted, shares of restricted stock are subject to a substantial risk of forfeiture and vest in accordance with performance and time restrictions. Under the 2003 Stock Plan, the number of shares of restricted stock that will vest at the end of the restriction period is based upon the achievement of one or more performance goals. Up to 100% of the number of shares of restricted stock may be forfeited if the performance goals are not achieved. Performance goals may relate to any of the following business criteria: earnings before interest, taxes, depreciation and amortization; earnings per share; return on equity; return on net assets employed; and free cash flow. A performance goal may be measured on a periodic, annual, cumulative or average basis and may be established on a corporate-wide basis or with respect to one or more operating units, divisions, subsidiaries, acquired businesses, minority investments, partnerships or joint ventures.

In February 2004, shares of restricted stock were granted to most of the executive officers under the 2003 Stock Plan, including all of the executive officers named in the Summary Compensation Table. The shares of restricted stock granted vest over a four-year period. The number of shares of restricted stock that will actually vest at the end of the four-year period in 2008 will range from 0% to 100% based upon Sherwin-Williams' achievement of specified performance goals relating to average return on average equity and cumulative earnings before interest, taxes, depreciation and amortization over the four-year period.

Long-term incentive opportunities are intended to be competitive with market long-term incentive opportunities. Therefore, the amount of outstanding stock options and shares of restricted stock currently held by an executive officer is generally not considered by the Committee in making awards of stock options and restricted stock.

Chief Executive Officer Compensation. The Committee annually reviews and approves corporate goals and objectives relevant to the Chief Executive Officer's compensation, evaluates the Chief Executive Officer's performance in light of those goals and objectives, and determines the Chief Executive Officer's compensation based on this evaluation. In determining the long-term incentive component of the Chief Executive Officer's compensation, the Committee considers Sherwin-Williams' performance and relative shareholder return, the value of similar awards to chief executive officers at comparable companies, and the awards given to the Chief Executive Officer in the past years. In addition, in 2004 the Committee retained a compensation consultant to provide the Committee with competitive compensation data for chief executive officers. The consultant analyzed the compensation paid to chief executive officers of 23 peer companies of comparable size and similar industries and reviewed five surveys involving general industrial companies. The group of 23 peer companies includes all of the companies comprising the peer group identified in the performance graph, plus some additional companies of comparable size and similar industries.

For 2004, Mr. Connor's compensation consisted of the same principal components as the other executive officers' base salary, an annual bonus and grants of stock options and

Table of Contents

restricted stock. The Committee determined Mr. Connor's compensation for 2004 based on the factors and criteria described below.

Salary. Mr. Connor's base salary range was determined using the median base salary of chairmen and chief executive officers for manufacturing and retail companies having comparable sales as Sherwin-Williams based upon the surveys mentioned above. For 2004, the average merit salary increase given generally to Sherwin-Williams salaried employees was 3%, and the range of potential merit increases was 0% to 7.5%. In February 2004, Mr. Connor received a base salary increase of 3.5%, bringing his base salary to \$1,032,408. Mr. Connor's increase was based primarily upon the Committee's evaluation of his 2003 performance relating to the financial and other performance measures set forth in the next paragraph.

Bonus. In addition, in 2004 Mr. Connor earned a cash bonus of \$1,153,000 as annual incentive compensation under the Management Incentive Plan. The amount of Mr. Connor's bonus was based primarily upon Sherwin-Williams' results for financial performance goals that were assigned at the beginning of 2004. Mr. Connor's target bonus award was set to approximate the median market bonus determined by the surveys. Both the goals and Mr. Connor's performance for 2004 were reviewed and approved by the Committee. Mr. Connor's financial performance goals related to consolidated net sales, diluted earnings per share, after tax return on shareholders' equity, after tax return on sales, free cash flow, and working capital as a percent of sales.

Stock Options and Restricted Stock. In 2004, Mr. Connor was awarded 135,000 stock options and 88,000 shares of restricted stock under the 2003 Stock Plan. In determining the number of stock options and shares of restricted stock awarded to Mr. Connor, the Committee also utilized the surveys to identify the median market value of the underlying shares relating to stock options and of shares of restricted stock which comparable companies granted to their chief executive officers. The amount of stock options and shares of restricted stock currently held by Mr. Connor is not considered by the Committee in making awards of stock options and restricted stock.

Policy on Deductibility of Compensation. Section 162(m) of the Internal Revenue Code generally provides that certain compensation in excess of \$1 million per year paid to a company's chief executive officer and any of its four other highest paid executive officers is not deductible to a company unless the compensation qualifies for an exception. Section 162(m) provides an exception to the deductibility limit for performance-based compensation if certain procedural requirements, including shareholder approval of the material terms of the performance goal, are satisfied. The Committee believes that grants of options and restricted stock under the 2003 Stock Plan qualify for full deductibility under Section 162(m). Compensation paid under the Management Incentive Plan does not qualify for the exception for performance-based compensation.

At this time, based upon Sherwin-Williams' current compensation structure, the Committee believes it is in the best interests of Sherwin-Williams and its shareholders for the Committee to retain flexibility in awarding incentive compensation under the Management Incentive Plan that does not qualify for the exception for performance-based compensation. The Committee will continue to review and evaluate, as necessary, the impact of Section 162(m) on Sherwin-Williams' compensation programs.

* As permitted by the rules of the Securities and Exchange Commission, the amounts disclosed in this column for 2002 and 2003 are reimbursements for the payment of taxes and do not include personal benefits because the incremental cost to Sherwin-Williams of such benefits did not exceed \$50,000. Beginning with 2004, Sherwin-Williams is disclosing in this column the total incremental cost to Sherwin-Williams of all personal benefits provided to the named executive officers regardless of amount.

- Sherwin-Williams provides its executive officers with personal benefits as part of providing a competitive compensation program. These may include such benefits as a company automobile, parking, use of the corporate aircraft, personal liability insurance, an annual physical, club memberships, reimbursement for basic financial planning and a home security system. These benefits are valued based upon the incremental cost to Sherwin-Williams, including the variable operating costs of corporate aircraft. The incremental cost to Sherwin-Williams of such benefits did not exceed \$50,000 for any named executive officer for any of the three years, except for Mr. Connor and Mr. Scaminace for 2004. Of the amounts disclosed in this column for Mr. Connor and Mr. Scaminace for 2004, \$31,910 and \$38,548, respectively, are for lease, operating and other expenses related to the executive automobile program. Of the amounts disclosed in this column for 2004, no amounts are for reimbursements for the payment of taxes, except \$4,231 for Mr. Morikis.
- The dollar value of restricted stock indicated in this column is equal to the number of shares of restricted stock granted during such years multiplied by the closing price of our common stock on the date of grant. The number of shares of restricted stock granted to the named executive officers during 2004 were as follows: Mr. Connor (88,000), Mr. Scaminace (48,000), Mr. Hennessy (20,000), Mr. Morikis (20,000) and Mr. Stellato (11,000). At December 31, 2004, the aggregate number and value (calculated by using the closing price of our common stock (\$44.63) on December 31, 2004) of shares of restricted stock held by the named executive officers were as follows: Mr. Connor, 248,000 shares (\$11,068,240); Mr. Scaminace, 131,000 shares (\$5,846,530); Mr. Hennessy, 63,000 shares (\$2,811,690); Mr. Morikis, 60,000 shares (\$2,677,800); and Mr. Stellato, 31,000 shares (\$1,383,530). All grants were made under our 2003 Stock Plan. Shares of restricted stock vest over a four-year period based upon the achievement of specified performance goals. Accordingly, the number of shares and values indicated are not necessarily indicative of the actual number of shares and values which may be realized by the named executive officers.

3 Dividends are paid on all restricted stock at the same rate as paid on our common stock.

Value realizable for the named executive officers as a % of value realizable for all shareholders	N/A	N/A	N/A	N/A	.20%	.20%

- One-third of the options granted are exercisable on each of the first, second and third anniversary dates of the grant. In the event of death of the optionee or a change of control of Sherwin-Williams, outstanding options become immediately exercisable in full. All rights under outstanding options terminate on the earliest of (a) the date on which the optionee ceases to be an employee except because of death or retirement, (b) three years after the date of death if the optionee dies while employed by Sherwin-Williams or dies following retirement, or (c) the date on which the optionee intentionally commits an act materially harmful to the interests of Sherwin-Williams.
- The exercise price is equal to the fair market value of our common stock on the date of grant.
- The amounts disclosed in these columns, which reflect appreciation of the price of our common stock at 5% and 10% annual rates over the ten year terms of the options, are not intended to be a forecast of the price of our common stock and are not necessarily indicative of the actual values which may be realized by the named executive officers or the shareholders. These assumed rates of 5% and 10% would result in the price of our common stock increasing from \$41.725 per share to \$67.97 per share and \$108.22 per share, respectively.
- The amounts disclosed reflect appreciation of the price of our common stock at 5% and 10% annual rates over a ten year period for all shareholders based on the total number of shares of our common stock outstanding on October 20, 2004 (the date on which the options set forth in this table were granted) and assuming a per share price equal to the exercise price of the options.

- 2 The value of unexercised in-the-money options is based on the difference between the exercise price and the fair market value of our common stock on December 31, 2004. **EMPLOYMENT CONTRACTS,
TERMINATION OF EMPLOYMENT
AND CHANGE-IN-CONTROL
ARRANGEMENTS**

Severance Pay Agreements. To ensure continuity and the continued dedication of key executives during any period of uncertainty caused by the possible threat of a takeover, Sherwin-Williams has entered into severance pay agreements with key executives, including each of the executive officers named in the Summary Compensation Table. In the event there is a change of control of Sherwin-Williams and the employment of the executive terminates under certain conditions described in the agreements at any time during the two year period following a change of control, the executive will receive an agreed upon amount of severance pay.

For Messrs. Connor and Scaminace, the severance pay agreements provide that upon termination of employment, whether voluntary or involuntary, unless the termination is because of death or by Sherwin-Williams for cause, each will receive accrued salary, bonus and vacation pay. Each executive will also receive a lump sum cash amount equal to four times the sum of (a) twenty-six times his highest regular bi-weekly compensation in effect within the three year period preceding termination, plus (b) the greater of his highest bonus received within the three year period preceding termination or the bonus he would have received for the year of termination had he reached 100% of any stated goals (as explained in the Compensation and Management Development Committee Report on Executive Compensation). In addition, each will continue to participate in Sherwin-Williams employee welfare benefit plans and other benefit arrangements for a period of four years following termination, and receive special retirement benefits so that the total retirement benefits received will be equal to the retirement benefits which would have been received had his employment with Sherwin-Williams continued during the four year period following termination. Each will also receive an additional payment equal to the amount of any excise tax imposed on him by Section 4999 of the Internal Revenue Code and any taxes, interest or penalties incurred with respect thereto.

For Messrs. Hennessy, Morikis and Stellato, the severance pay agreements provide that upon termination of employment for any reason (including his right to terminate his employment for any reason during the thirty day period immediately following the first

Table of Contents

anniversary date of a change of control) other than death, disability, by Sherwin-Williams for cause or by the executive for other than good reason, each will receive accrued salary, bonus and vacation pay. Each executive will also receive a lump sum cash amount equal to three times the sum of (a) twenty-six times his highest regular bi-weekly compensation in effect within the three year period preceding termination, plus (b) the greater of his highest bonus received within the three year period preceding termination or the bonus he would have received for the year of termination had he reached 100% of any stated goals (as explained in the Compensation and Management Development Committee Report on Executive Compensation). In addition, each will continue to participate in Sherwin-Williams employee welfare benefit plans and other benefit arrangements for a period of three years following termination, and receive special retirement benefits so that the total retirement benefits received will be equal to the retirement benefits which would have been received had his employment with Sherwin-Williams continued during the three year period following termination. Each will also receive an additional payment equal to the amount of any excise tax imposed on him by Section 4999 of the Internal Revenue Code and any taxes, interest or penalties incurred with respect thereto.

Assuming a termination date of February 28, 2005, the lump sum cash amounts payable under the foregoing provisions of the severance pay agreements (including any amount relating to the excise tax described above) would have been approximately \$15,891,745, \$10,036,687, \$4,291,757, \$2,362,812 and \$2,123,160 for Messrs. Connor, Scaminace, Hennessy, Morikis and Stellato, respectively.

The salary and other benefits provided by the severance pay agreements will be payable either from an escrow fund established by Sherwin-Williams with a national banking institution or from Sherwin-Williams general funds. Sherwin-Williams has agreed to indemnify each executive for any legal expense incurred in the enforcement of his rights under the severance pay agreements.

Employment Agreements. None of the executive officers named in the Summary Compensation Table have employment agreements with Sherwin-Williams.

Benefit Plans and Arrangements. Sherwin-Williams stock plans, retirement plans and deferred compensation plans provide for accelerated vesting, and for certain plans accelerated payout of benefits, for all participants in the event of a change of control of Sherwin-Williams. Under Sherwin-Williams stock option and restricted stock plans, in the event of a change of control, outstanding stock options become immediately exercisable in full and shares of restricted stock no longer are subject to any substantial risk of forfeiture, restrictions on transfer or vesting requirements. Under Sherwin-Williams deferred compensation plans and retirement plans, in the event of a change of control, the amounts to which participants are entitled are immediately distributable in a lump sum cash payment.

Sherwin-Williams salaried employees are eligible to participate in funded retirement plans that are qualified under the applicable provisions of the Internal Revenue Code. The Code, however, places limits on the benefits that can be contributed and/or paid from a qualified retirement plan to higher compensated employees. Sherwin-Williams employees whose retirement benefits are limited under the Code are eligible to participate in a non-qualified deferred compensation plan maintained by Sherwin-Williams that provides eligible employees the retirement benefits they would have received under the qualified retirement plans but for the limitations imposed under the Code. However, pursuant to the terms of such non-qualified plan, certain key management employees are not eligible to participate in such plan. Therefore, to provide these key management employees with the same after-tax amount at retirement age as would have been provided under such non-qualified plan, the Board of Directors approved the payment of supplemental compensation amounts to fund individual grantor trusts established by participating key management employees, including certain executive officers. The supplemental compensation amounts paid to the named executive officers are disclosed in the Summary Compensation Table.

Table of Contents

Indemnity Agreements. Sherwin-Williams Regulations provide that Sherwin-Williams will indemnify, to the full extent then permitted by law, any director or officer or former director or officer of Sherwin-Williams who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that the individual is or was a director or an officer, employee or agent of Sherwin-Williams, or is or was serving at the request of Sherwin-Williams as a director, trustee, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise. Sherwin-Williams has entered into indemnity agreements with its directors and officers contractually obligating Sherwin-Williams to provide such protection.

The Audit Committee has adopted a pre-approval policy pursuant to which the Audit Committee establishes detailed pre-approved categories of non-audit services that may be performed by Ernst & Young LLP during the fiscal year, subject to dollar limitations set by the Audit Committee. The Audit Committee has also delegated to the Chairman of the Audit Committee the authority to pre-approve all audit and non-audit services when the entire Audit Committee is unable to pre-approve services. The Chairman must report to the Audit Committee at its next meeting all such services pre-approved since the last meeting. None of the fees paid to Ernst & Young LLP under the categories Audit-Related, Tax and All Other were approved by the Audit Committee after the services were rendered pursuant to the de minimis exception established by the SEC.

APPENDIX A

The Sherwin-Williams Company

Board of Directors

Director Independence Standards

The Board of Directors of The Sherwin-Williams Company has adopted the following Director Independence Standards to assist the Board in determining the independence of a director. To be considered independent, the Board must affirmatively determine that the director has no material relationship with the Company. In each case, the Board shall broadly consider all relevant facts and circumstances, including the director's commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships. The Board shall also consider such other criteria as the Board may determine from time to time.

1. In no event will a director be considered independent if such director fails to qualify as an independent director under Rule 303A.02(b) of the New York Stock Exchange Listed Company Manual. In addition, a director will not be independent if, within the preceding three years: (i) the director was employed by the Company; (ii) an immediate family member of the director was employed by the Company; (iii) the director receives, or an immediate family member receives, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service); (iv) the director was employed by or affiliated with the Company's independent auditor; (v) an immediate family member of the director was employed as a partner, principal or manager, or employed in any other professional capacity, by the Company's independent auditor; or (vi) a Company executive officer served on the compensation committee of a company which employed the director, or which employed an immediate family member of the director, as an executive officer.
2. In addition to the relationships described in paragraph 1, audit committee members may not (i) directly or indirectly accept any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries or (ii) be an affiliated person of the Company or any of its subsidiaries. Audit committee members may receive directors' fees, in the form of cash, stock, stock units, stock options or other consideration ordinarily available to directors, as well as regular benefits that other directors receive.
3. The following commercial and charitable relationships will not be considered to be material relationships that would impair a director's independence: (i) if a Company director is an executive officer or employee of another company that, during any of the past three years, made payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, is less than \$1 million or two percent, whichever is greater, of such other company's annual consolidated gross revenues; (ii) if an immediate family member of a Company director is an executive officer of another company that, during any of the past three years, made payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, is less than \$1 million or two percent, whichever is greater, of such other company's annual consolidated gross revenues; (iii) if a Company director, or an immediate family member of such director, is an executive officer of another company which is indebted to the Company in an amount which is less than five percent of such other company's total consolidated assets; and (iv) if a Company director, or an immediate family member of such director, serves as an officer, director or trustee of a foundation, university, charitable or other not for profit organization, and the Company's, or the Company's Foundation's discretionary charitable contributions (the Company's Foundation matching of employee charitable contributions will not be included in the amount of the Foundation's contributions for this purpose) to the organization, in the

aggregate, are less than \$250,000 or five percent, whichever is greater, of that organization's latest publicly available annual consolidated gross revenues.

4. For relationships not covered by the categorical standards in paragraphs 1 and 3, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the directors who satisfy the standards set forth in paragraphs 1 and 3. The Company will explain in the next proxy statement the basis for any board determination that a relationship is immaterial despite the fact that it does not meet the categorical standards set forth in paragraphs 1 and/or 3 above.
5. The Board shall undertake an annual review of the independence of all directors. In advance of the meeting at which this review occurs, each director shall be asked to provide the Board with full information regarding the director's (including immediate family members') business, charitable and other relationships with the Company to enable the Board to evaluate the director's independence.
6. Directors have an affirmative obligation to inform the Board of any material changes in their circumstances or relationships that may impact their designation by the Board as independent. This obligation includes all business, charitable and other relationships between directors (including immediate family members) and the Company and its affiliates.

For purposes of these Director Independence Standards, immediate family member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home.
