On April 10, 2003, we announced our results of operations and financial position as of and for the fourth quarter and year ended March 1, 2003. The press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

on debt and lease conversions and modifications, litigation proceeds, litigation expense, expenses related to prior managements' business practices and non-recurring items.

Adjusted EBITDA represents income from continuing operations before extraordinary items and also primarily excludes income taxes, interest expense, depreciation and amortization, LIFO adjustments, charges for store closing and impairment, closed store liquidation expense, stock-based compensation expense, share of loss from equity investments, loss on debt and lease conversions and modifications, litigation proceeds, litigation expense, expenses related to prior managements' business practices and non-recurring items.

We reference these non-GAAP financial measures as a management group frequently in our decision-making because they provide supplemental information that facilitates internal comparisons to historical operating performance of prior periods and external comparisons to competitors' historical operating performance. In addition, incentive compensation for management is based on Adjusted EBITDA and we base our forward-looking estimates on Adjusted EBITDA to facilitate quantification of planned business activities and enhance subsequent follow-up with comparisons of actual to planned Adjusted EBITDA. We include these non-GAAP financial measures in the earnings announcement in order to provide transparency to investors and enable investors to compare our operating performance with the operating performance of our competitors.
