#### PROXY STATEMENT

This proxy statement (the *Proxy Statement*) is furnished in connection with the solicitation of proxies by the Board of Directors (the *Board*) of Mechanical Technology, Incorporated, a New York corporation (referred to in this proxy as the *Company*, *we*, *us* or *MTI*), to be voted at the 2013 Annual Meeting of Stockholders of the Company (the *Annual Meeting*) to be held on Wednesday, June 12, 2013 at 10:00 a.m., local time, at 4 Pine West Plaza, Albany, New York 12205.

#### Record Date and Voting Securities

The Notice of Annual Meeting, Proxy Statement and proxy card (the *Proxy Card*) are first being mailed to stockholders of the Company on or about April 26, 2013 in connection with the solicitation of proxies for the Annual Meeting. The Board has fixed the close of business on April 15, 2013 as the date of record (the *Record Date*) for the determination of stockholders entitled to notice of, and entitled to vote at, the Annual Meeting. Only holders of record of our common stock, par value \$0.01 per share (*Common Stock*), at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were 5,256,883 shares of Common Stock outstanding and entitled to vote at the Annual Meeting. Each holder of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held as of the Record Date with respect to each matter submitted at the Annual Meeting.

#### Proxies

The Board is soliciting a proxy in the form accompanying this Proxy Statement for use at the Annual Meeting, and will not vote such proxy at any other meeting. Kevin Lynch and Rick Jones, or each acting individually, are the persons named as proxies on the Proxy Card accompanying this Proxy Statement, who have been selected by the Board to serve in such capacity. Mr. Lynch is the Acting Chief Executive Officer of the Company, and Mr. Jones is the Chief Financial Officer and Secretary of the Company.

#### Voting of Proxies

Because many of our stockholders are unable to attend the Annual Meeting, the Board solicits proxies to give each stockholder an opportunity to vote on all matters scheduled to come before the Annual Meeting, as set forth in this

Proxy Statement. Stockholders are urged to read the material in this Proxy Statement carefully, specify their choice on each matter by marking the appropriate box on the enclosed Proxy Card and then sign, date, and return the card in the enclosed, stamped envelope.

Each proxy that is (a) executed properly; (b) received by us prior to or at the Annual Meeting; and (c) not properly revoked by the stockholder pursuant to the instructions below, will be voted in accordance with the directions specified on the proxy and otherwise, in accordance with the judgment of the persons designated therein as proxies. If no choice is specified and the proxy is properly signed and returned, the shares will be voted by the persons named as proxies in accordance with the recommendations of the Board contained in this Proxy Statement.

Our Board knows of no matters to be presented at the Annual Meeting other than those described in this Proxy Statement. In the event that other business properly comes before the meeting, the persons named as proxies will have discretionary authority to vote the shares represented by the accompanying proxy in accordance with their own judgment.

---

### Revocation of Proxies

Each stockholder giving a proxy has the power to revoke it at any time before the shares represented by that proxy are voted. Revocation of a proxy is effective when our Secretary receives either (i) an instrument revoking the proxy; or (ii) a duly executed proxy bearing a later date. Additionally, a stockholder may change or revoke a previously executed proxy by voting in person at the Annual Meeting.

Subject to the terms and conditions set forth herein, all proxies received by us will be effective, notwithstanding any transfer of the shares to which such proxies relate, unless at or prior to the Annual Meeting we receive a written notice of revocation signed by the person who, as of the Record Date, was the registered holder of such shares. The notice of revocation must indicate the certificate number(s) and number of shares to which such revocation relates and the aggregate number of shares represented by such certificate(s).

### Quorum and Method of Tabulation

The presence, in person or by proxy, of thirty-three and one-third percent (33 - 1/3%) of the total number of outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. A quorum being present, the affirmative vote of a plurality of the votes is necessary to elect the nominee as a director of MTI, as set forth in Proposal No. 1. The other matters submitted for stockholder approval at the Annual Meeting will be decided by majority vote of the shares present, in person or by proxy, at the Annual Meeting and voting either affirmatively or negatively on such matters.

One or more inspectors of election appointed for the meeting will tabulate the votes cast in person or by proxy at the Annual Meeting, and will determine whether or not a quorum is present. The inspectors of election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as un-voted for purposes of determining the approval of any matter submitted to stockholders for a vote. Therefore, abstentions will be the equivalent of un-voted for purposes of determining the approval of any matter submitted for a stockholder vote. An abstention will have no effect of the outcome of the election of the director or Proposals 2, 3 and 4.

Many of our shares of Common Stock are held in street name, meaning that a depository, broker-dealer or other financial institution holds the shares in its name, but such shares are beneficially owned by another person. Generally, a street name holder must receive direction from the beneficial owner of the shares to vote on issues other than routine stockholder matters, such as the ratification of auditors. If a broker indicates on a proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will be treated as shares that are present and entitled to vote for purposes of determining quorum, but as un-voted for purposes of determining the approval of such matter submitted to the stockholders for a vote. A broker non-vote will have no effect on the outcome of the election of the director or Proposals 2, 3 and 4.

### Householding of Annual Meeting Materials

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. This means that only one copy of our Proxy Statement or Annual Report to Stockholders may have been sent to multiple stockholders who share an address unless we have received instructions to the contrary. We will promptly deliver a separate copy of either document to any stockholder upon written or oral request. Requests may be made by mail to: Mechanical Technology, Incorporated, ATTN: Investor Relations Department, 325 Washington Avenue Extension, Albany, New York 12205; by e-mail: [contact@mechtech.com](mailto:contact@mechtech.com); or by telephone: (518) 218-2550. Any stockholder who would like to receive separate copies of the Proxy Statement and/or Annual Report to Stockholders in the future, or any stockholder who is receiving multiple copies and would like to receive only one copy per household in the future, should contact their bank, broker, or other nominee record holder, or us directly at the address, e-mail address or phone number listed above.

### Proxy Solicitation Expense

We do not anticipate engaging a paid proxy solicitor to assist with the solicitation of proxies for the Annual Meeting. In addition to solicitation by mailing of this Proxy Statement, our directors, officers, and employees, without receiving any additional compensation, may solicit proxies personally or by telephone, facsimile or email. We have retained Broadridge Financial Solutions, Inc. to request brokerage houses, banks, and other custodians or nominees holding stock in their names for others to forward proxy materials to their customers or principals who are the beneficial owners of shares and will reimburse them for their expenses in doing so. We do not anticipate that the costs and expenses incurred in connection with this proxy solicitation, which will be paid by the Company, will materially exceed those normally expended for a proxy solicitation for routine matters to be voted on at an annual meeting of our stockholders.

The responsibilities of the Audit Committee are set forth in the charter of the Audit Committee, which was adopted by the Board of the Company and is published in the Investor Relations/Corporate Governance section of our website at [www.mechtech.com](http://www.mechtech.com). The Committee, among other matters, is responsible for the annual appointment of the independent registered public accountants as MTI's auditors, and reviews the arrangements for and the results of the auditors' examination of our books and records, auditors' compensation, internal accounting control procedures, and activities. The Audit Committee also reviews our accounting policies, control systems and compliance activities and reviews the charter of the Audit Committee.

#### Governance, Compensation and Nominating Committee

Our Board adopted a Governance, Compensation and Nominating Committee charter, which is published in the Investor Relations/Corporate Governance section of our website at [www.mechtech.com](http://www.mechtech.com). The Governance, Compensation and Nominating Committee consists of Mr. O Connor (Chairman), Mr. Marusak and Mr. Phelan, who are all independent directors as defined under Rule 5605(a)(2) of the Nasdaq Rules.

The role of the Governance, Compensation and Nominating Committee is to assist the Board by 1) identifying, evaluating and recommending the nomination of Board members; 2) setting the compensation for our Chief Executive Officer and other senior executives; 3) establishing bonus and option pool amounts for other employees and performing other compensation oversight; 4) establishing director compensation; 5) selecting and recommending director candidates to the Board; 6) recommending improved governance of the Company to the Board; and 7) assisting the Board with other assigned tasks as needed.

In appraising potential director candidates, the Governance, Compensation and Nominating Committee focuses on desired characteristics and qualifications of candidates, and although there are no stated minimum requirements or qualifications, preferred characteristics include business savvy and experience, concern for the best interests of our stockholders, proven success in the application of skills relating to our areas of business activities, adequate availability to participate actively in the Board's affairs, high levels of integrity and sensitivity to current business and corporate governance trends and legal requirements and that candidates meet the director independence standards of The Nasdaq Global Market System, if applicable. The Governance, Compensation and Nominating Committee has adopted a formal policy for the consideration of director candidates recommended by stockholders. Individuals recommended by stockholders are evaluated in the same manner as other potential candidates. A stockholder wishing to submit such a recommendation should forward it in writing to our Secretary at 325 Washington Avenue Extension, Albany, New York 12205. The mailing envelope should include a clear notation that the enclosure is a Director Nominee Recommendation. The recommending party should be identified as a stockholder and should provide a brief summary of the recommended candidate's qualifications, taking into account the desired characteristics and qualifications considered for potential Board members mentioned above.

The Governance, Compensation and Nominating Committee administer our executive compensation programs. This Committee is responsible for establishing the policies that govern base salaries, as well as short and long-term incentives for senior management. Within prescribed option grant ranges and vesting provisions, the Committee has

delegated to our Chief Executive Officer and Chief Financial Officer authority to award stock option grants to non-executive personnel upon commencement of employment with us. The Committee considers recommendations made by our Chief Executive Officer and certain other executives when reaching its compensation decisions, including with respect to executive and director compensation. The Governance, Compensation and Nominating Committee met seven times during 2012.

For information concerning the committee members relationship to us, see Security Ownership of Certain Beneficial Owners and Management and Certain Relationships and Related Transactions.

#### **The Board's Role in Risk Oversight**

The Board executes its oversight responsibility for risk management directly and through its Committees, as follows:

- The Audit Committee has primary responsibility for overseeing the integrity of the Company's financial reporting risk by reviewing: (i) the Company's disclosure controls and procedures; (ii) any significant deficiencies in the design or operation of internal controls; (iii) any fraud material or otherwise; (iv) the use of judgments in management's preparation of the financial statements; and (v) through consultation with Company's independent registered public accounting firm on the above items. The Board of Directors is kept abreast of the Committee's risk oversight and other activities via reports of the Committee Chairman to the full Board.
- The Governance, Compensation and Nominating Committee oversee risks associated with our compensation policies and practices, with respect to both executive compensation and compensation generally. The Board of Directors is kept abreast of the Committee's risk oversight and other activities via reports of the Committee Chairman to the full Board.
- The Board considers specific risk topics, including risks associated with our strategic plan, our capital structure and our development activities. In addition, the Board receives detailed regular reports from the heads of our principal business and corporate functions - that include discussions of the risks and exposures involved in their respective areas of responsibility. These reports are provided in connection with every regular Board meeting and are discussed, as necessary, at Board meetings. Further, the Board is routinely informed of developments at the Company that could affect our risk profile or other aspects of our business.

### **Executive Sessions of Directors**

Executive sessions, or meetings of outside (non-management) directors without management present, are held periodically throughout the year. At these executive sessions, the outside directors review, among other things, the criteria upon which the performance of the Chief Executive Officer and other senior managers is based, the performance of the Chief Executive Officer against such criteria, and the compensation of the Chief Executive Officer and other senior managers. Meetings are held from time to time with the Chief Executive Officer to discuss relevant subjects.

### **Board Leadership Structure**

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that there is no single, generally accepted approach to providing Board leadership and that given the dynamic and competitive environment in which we operate, the right Board leadership structure may vary as circumstances warrant.

Kevin Lynch has served as our Chairman of the Board since October 2012 and Acting Chief Executive Officer since September 2012. Based on its most recent review of MTI's Board leadership structure, the Board continues to believe that this leadership structure is optimal for the market environment and the size of the Board. The Board believes that having one leader serving as both the Chairman and Chief Executive Officer provides decisive and effective leadership.

In considering its leadership structure, the Board has taken a number of factors into account. The Board, which consists of a majority of independent directors who are highly qualified and experienced, exercises a strong, independent oversight function. This oversight function is enhanced by the fact that the Board's two committees—the Audit Committee and the Governance, Compensation and Nominating Committee, are comprised entirely of independent directors. The Board does not currently have a lead independent director.

### **Board Membership**

To fulfill its responsibility to recruit and recommend to the full Board nominees for election as directors, the Governance, Compensation and Nominating Committee reviews the size and composition of the Board to determine the qualifications and areas of expertise needed to further enhance the composition of the Board and works with management in attracting candidates with those qualifications. The goal of the Committee is to achieve a Board that, as a whole, provides effective oversight of the management and business of our Company, through the appropriate diversity of experience, expertise, skills, specialized knowledge and other qualifications and attributes of the individual directors. Important criteria for Board membership include the following:

- Members of the Board should be individuals of high integrity and independence, substantial accomplishments, and have prior or current associations with institutions noted for their excellence.
- Members of the Board should have demonstrated leadership ability, with broad experience, diverse perspectives, and the ability to exercise sound business judgment.
- The background and experience of members of the Board should be in areas important to the operations of the Company such as business, education, finance, government, law, or science.
- The composition of the Board should reflect the benefits of diversity as to gender, ethnic background and experience.

The satisfaction of these criteria is implemented and assessed through ongoing consideration of directors and nominees by the Corporate Governance Committee and the Board. Based upon these activities and its review of the current composition of the Board, the Committee and the Board believe that these criteria have been satisfied.

In addition, in accordance with the Governance, Compensation and Nominating Committee Charter, the Committee considers the number of boards of other public companies on which a candidate serves. Moreover, directors are expected to act ethically at all times and adhere to the Company's Code of Business Conduct and Ethics for members of the Board of Directors.

The Governance, Compensation and Nominating Committee and the Board believe that the nominee for election at the Annual Meeting brings a strong and unique set of attributes, experiences and skills and provides the Board as a whole with an optimal balance of experience, leadership, competencies, qualifications and skills in areas of importance to our Company. Under Proposal 1 Election of Director above, we provide an overview of the nominee's principal occupation, business experience and other directorships, together with the key attributes, experience and skills viewed as particularly meaningful in providing value to the Board, our Company and our stockholders.

The Audit Committee is currently composed of three directors, each of whom is an independent director as defined under Rule 5605 (a)(2) of the Nasdaq Rules and the applicable rules of the SEC. In addition, the Board has made a determination that Mr. Phelan qualifies as an audit committee financial expert as defined in Item 407(d)(5) of Regulation S-K under the Exchange Act of 1934 (the Exchange Act). Mr. Phelan's designation by the Board as an audit committee financial expert is not intended to be a representation that he is an expert for any purpose as a result of such designation, nor is it intended to impose on him any duties, obligations, or liability greater than the duties, obligations or liability imposed on him as a member of the Audit Committee and the Board in the absence of such designation.

In accordance with the Committee's charter, available on our website at [www.mechtech.com](http://www.mechtech.com), our management has the primary responsibility for the financial statements and the financial reporting process, including maintaining an adequate system of internal control over financial reporting. Our independent registered public accounting firm, UHY LLP (UHY), reports directly to the Audit Committee and is responsible for performing an independent audit of our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). The Audit Committee, among other matters, is responsible for appointing our independent registered public accounting firm, evaluating such independent registered public accounting firm's qualifications, independence and performance, determining the compensation for such independent registered public accounting firm, and pre-approval of all audit and non-audit services. Additionally, the Audit Committee is responsible for oversight of our accounting and financial reporting processes and audits of our financial statements including the work of the independent registered public accounting firm. The Audit Committee reports to the Board with regard to:

- the scope of the annual audit;

- fees to be paid to the independent registered public accounting firm;
- the performance of our independent registered public accounting firm;
- compliance with accounting and financial policies and financial statement presentation; and
- the procedures and policies relative to the adequacy of internal accounting controls.

The Audit Committee reviewed and discussed with our management and UHY MTI's 2012 annual consolidated financial statements, including management's assessment of the effectiveness of our internal control over financial reporting. Our management has represented to the Audit Committee that MTI's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

Additionally, the Audit Committee has discussed with UHY any matters required to be discussed under American Institute of Certified Public Accountants Auditing Standard Section 380, *The Auditor's Communication With Those Charged With Governance*, which includes, among other items, matters related to the conduct of the audit of our annual consolidated financial statements. The Audit Committee has also discussed the critical accounting policies used in the preparation of our annual consolidated financial statements, alternative treatments of financial information within generally accepted accounting principles that UHY discussed with management, the ramifications of using such alternative treatments and other written communications between UHY and management.

UHY has provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and the Audit Committee discussed with UHY the firm's independence. The Audit Committee has also concluded that UHY's performance of non-audit services is compatible with UHY's independence.

The Audit Committee also discussed with UHY the overall scope and plans for its audit and has met with UHY, with and without management present, to discuss the results of its audit and the overall quality of our financial reporting. The Audit Committee also discussed with UHY whether there were any audit problems or difficulties, and management's response.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board has approved, that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2012. This report is provided by the following independent directors, who constitute the Committee.

On June 18, 2012, the Audit Committee approved the dismissal of PricewaterhouseCoopers LLP (PwC) and engaged UHY as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2012. The report of PwC for the fiscal year ended December 31, 2011 contained no adverse opinion, disclaimer of opinion or qualification or modification as to uncertainty, audit scope or accounting principles. During the fiscal year ended December 31, 2011 and the interim period from January 1, 2012 through June 18, 2012, there were no disagreements between the Company and PwC on any accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of PwC would have caused it to make reference to the subject matter of the disagreement in connection with its report. There were no reportable events as defined in paragraph (a)(1)(v) of Item 304 of Regulation S-K within the Company's fiscal year ended December 31, 2011 or the period from January 1, 2012 through June 18, 2012.

#### **PROPOSAL No. 2**

#### **RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected UHY LLP (UHY) as MTI's independent registered public accounting firm for fiscal year 2013, and the Board is asking shareholders to ratify that selection. Although current law, rules, and regulations, as well as the charter of the Audit Committee, require the Audit Committee to engage, retain, and supervise MTI's independent registered public accounting firm, the Board considers the selection of the independent registered public accounting firm to be an important matter of stockholder concern and is submitting the selection of UHY for ratification by stockholders as a matter of good corporate practice.

The affirmative vote of holders of a majority of the shares of common stock cast in person or by proxy at the meeting is required to approve the ratification of the selection of UHY as MTI's independent registered public accounting firm for the current fiscal year.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 2.**

**PROPOSAL No. 3**

-

**ADVISORY VOTE ON EXECUTIVE OFFICER COMPENSATION**

Executive compensation is an important matter to us and to our stockholders. As required by Section 14A of the Securities Exchange Act, the Board is seeking advisory (non-binding) stockholder approval on the compensation of our named executive officers as disclosed in the section of this proxy statement titled Executive Compensation.

Our executive compensation programs are designed to attract, motivate and retain our named executive officers, who are critical to our strategic goals and success. Under our executive compensation program, our named executive officers receive compensation related to the attainment of financial and other performance measures that, the Board believes, promotes the creation of long-term stockholder value and positions the Company for both near-term and long-term growth and success. Please read Executive Compensation for additional details about our executive compensation programs, including information about the fiscal year 2012 compensation of our named executive officers.

The compensation committee bases its executive compensation decisions on our compensation objectives, which include the following:

aligning management's incentives with the interests of our stockholders;

providing competitive compensation to our named executive officers;

rewarding named executive officers for past performance and motivating them to excel in the future; and

rewarding superior performance of both the Company and each individual executive and encouraging actions that promote our near-term and long-term strategic goals.

We believe that our existing compensation programs, which include a mix of fixed and performance based compensation, the terms of long-term incentive awards, as well as the terms of executive employment agreements, are all designed to motivate our named executive officers to achieve improved performance, align compensation with performance measures and stockholder interests and enable us to attract, retain and motivate talented executive officers, while at the same time, create a close relationship between performance and compensation. The Compensation Committee and the Board believe that the design of the program, and hence the compensation awarded to named executive officers under the current program, fulfills this objective.

We are asking our stockholders to indicate their support for our named executive officers' compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. Accordingly, we are asking our stockholders to approve, on an advisory basis, the compensation of the named executive officers by approving the following resolution:

RESOLVED, that the compensation paid to the company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion is hereby APPROVED.

The say-on-pay vote is advisory, and therefore not binding on the Company, the compensation committee or our Board. Our Board and our compensation committee value the opinions of our stockholders and will review and consider the outcome of this advisory vote when making future compensation decisions for our named executive officers and will evaluate whether any actions are necessary.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 3.**

**PROPOSAL No. 4**

-

**ADVISORY VOTE ON FREQUENCY OF VOTES ON EXECUTIVE OFFICER COMPENSATION**

-

Section 14A of the Securities Exchange Act requires us to submit a non-binding, advisory resolution to stockholders at least once every six years to determine whether advisory votes on executive officer compensation should be held every one, two or three years. In satisfaction of this requirement, stockholders are being asked to vote on the following advisory resolution:

RESOLVED, that the stockholders of the Company advise that an advisory vote with respect to executive officer compensation should be presented every one, two or three years as reflected by their votes for each of these alternatives in connection with this resolution.

In voting on this resolution, you should mark your proxy for one, two or three years based on your preference as to the frequency with which an advisory vote on executive officer compensation should be held. If you have no preference, you should abstain.

The optimal frequency of vote necessarily turns on a judgment about the relative benefits and burdens of each of the options. There have been diverging views expressed on this question, and the Board believes there is a reasonable basis for each of the options.

Some have argued for less frequency. They point out that a less frequent vote would allow stockholders to focus on overall design issues rather than details of individual decisions, would align with the goal of compensation programs which are designed to reward performance that promotes long-term stockholder value, and would avoid the burden that annual votes would impose on stockholders required to evaluate the compensation programs of a large number of companies each year.

Others believe that an annual vote is needed to give stockholders the opportunity to react promptly to emerging trends in compensation, provide feedback before those trends become pronounced over time, and give the Board and the Compensation Committee the opportunity to evaluate individual compensation decisions each year in light of the ongoing feedback from stockholders.

The Board believes that the most strongly held views on this question favor an annual advisory vote.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE HOLDING OF ADVISORY VOTES ON EXECUTIVE OFFICER COMPENSATION EVERY YEAR FOR PROPOSAL 4.**

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

In early 2007, we formalized the process by which we review and approve transactions in which we or one or more related persons participate. Although we have always had procedures in place, we strengthened our current procedures by adopting a written policy requiring that all related person transactions be reported to our Chief Financial Officer and approved or ratified by the Governance, Compensation and Nominating Committee of the Board of Directors. In completing our review of proposed related person transactions, the Governance, Compensation and Nominating Committee considers the aggregate value of the transaction, whether the transaction was undertaken in the ordinary course of business, the nature of the relationships involved, and whether the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party.

We believe transactions among related parties are as fair to us as those obtainable from unaffiliated third parties.

The following is a summary of transactions among related parties that occurred during the last two completed fiscal years:

***Equity Investments for MTI Micro***

MTI Micro entered into numerous debt and equity financings with third parties, primarily, Dr. Walter L. Robb, a member of the Company's and MTI Micro's Boards of Directors, and Counter Point Ventures Fund II, LP (Counter Point). Counter Point is a venture capital fund sponsored and managed by Dr. Robb. After these series of transactions, MTI now holds an aggregate of approximately 47.6% of the outstanding common stock of MTI Micro or 53.3% of the outstanding common stock and warrants issued of MTI Micro, and Dr. Robb and Counter Point hold approximately 5.1% and 45.2%, respectively of the outstanding common stock of MTI Micro or 4.3% and 40.3%, respectively of the outstanding common stock and warrants issued of MTI Micro.

On February 9, 2011, MTI Micro entered into Amendment No. 1 to the Common Stock and Warrant Purchase Agreement (Amendment No. 1) with Counter Point. Pursuant to Amendment No. 1, MTI Micro issued and sold to Counter Point 6,428,574 shares of MTI Micro Common Stock at a purchase price per share of \$0.07, through December 31, 2011, and MTI Micro Warrants to purchase shares of MTI Micro Common Stock equal to 20% of the shares of MTI Micro Common Stock purchased under Amendment No. 1 at an exercise price of \$0.07 per share. The sale and issuance of the MTI Micro Common Stock and MTI Micro Warrants occurred over multiple closings (each, a Closing). Four Closings occurred through September 30, 2011, with MTI Micro raising \$450 thousand from the sale of 6,428,574 shares of MTI Micro Common Stock and MTI Micro Warrants to purchase 1,285,715 shares of MTI Micro Common Stock to Counter Point.

On September 23, 2011, Amendment No. 2 to the Common Stock and Warrant Purchase Agreement (Amendment No. 2) was entered into between MTI Micro and Counter Point. Pursuant to Amendment No. 2, MTI Micro issued and sold to Counter Point 1,200,000 shares of MTI Micro Common Stock at a purchase price per share of \$0.07, through December 31, 2011, and MTI Micro Warrants to purchase shares of MTI Micro Common Stock equal to 20% of the shares of MTI Micro Common Stock purchased under Amendment No. 2 at an exercise price of \$0.07 per share. The sale and issuance of the MTI Micro Common Stock and MTI Micro Warrants occurred over multiple closings (each, a Closing). Four Closings occurred through December 31, 2011, with MTI Micro raising \$84 thousand from the sale of 1,200,000 shares of MTI Micro Common Stock and MTI Micro Warrants to purchase 240,000 shares of MTI Micro Common Stock to Counter Point.

*Consulting Services*

During 2012, the Company paid \$80 thousand to Loudon Advisors for Kevin Lynch's services as the Acting Chief Executive Officer of the Company. Loudon Advisors is a consulting firm that is owned and managed by Kevin Lynch.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, requires our directors, executive officers and holders of more than 10% of our Common Stock to file with the SEC initial reports of ownership of our Common Stock and other equity securities on a Form 3 and report of changes in such ownership on a Form 4 or Form 5. Officers, directors and 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on a review of Forms 3, 4 and 5 and amendments thereto furnished to us during the most recent fiscal year and written representations by the persons required to file such reports, all filing requirements of Section 16(a) were satisfied with respect to our most recent fiscal year other than one late Form 3 filing for Kevin Lynch that was filed on April 11, 2013.

## EXECUTIVE COMPENSATION

### Compensation Philosophy

The primary objectives of our compensation policies are to attract, retain, motivate, develop, and reward our management team for executing our strategic business plan thereby enhancing stockholder value, while recognizing and rewarding individual and company performance. These compensation policies include (i) an overall management compensation program that is competitive with companies of similar size or within our industry; and (ii) long-term incentive compensation in the form of stock-based compensation that will encourage management to continue to focus on stockholder return. Our executive compensation program ties a substantial portion of each executive's overall compensation to key strategic, financial, and operational goals, including establishing and maintaining customer relationships, signing original equipment manufacturer (OEM) agreements; meeting revenue targets and profit and expense targets; introducing new products; progressing products towards manufacturing; and improving operational efficiency.

We believe that potential equity ownership in our company is important to provide executive officers with incentives to build value for our stockholders. We believe that equity awards provide executives with a strong link to our short-term and long-term performance, while creating an ownership culture to maintain the alignment of interests between our executives and our stockholders. When implemented responsibly, we also believe these equity incentives can function as a powerful executive retention tool.

Our Governance, Compensation and Nominating Committee, consisting entirely of independent directors, administers our compensation plans and policies, including the establishment of policies that govern base salary as well as short-term and long-term incentives for our executive management team.

### Summary of Cash and Other Compensation

#### Base Salary and Cash Incentives of the Acting Chief Executive Officer

Mr. Lynch was appointed the Acting Chief Executive Officer of the Company during September 2012 and receives no base salary or cash incentives. The Company incurs \$20,000 per month in consulting fees payable to Loudon Advisors for Mr. Lynch's services as the Acting Chief Executive Officer of the Company.

#### Base Salary and Cash Incentives of the Prior Chief Executive Officer

Mr. Lim joined the Company in May 2006 as President and Chief Executive Officer of MTI Micro at an annual salary of \$300,000, and was promoted to our Chief Executive Officer in December 2006, receiving no base salary change. Effective January 1, 2009, Mr. Lim's base annual salary was increased to \$350,000 with a cash incentive compensation bonus targeted at 50% of base salary as described in his employment agreement dated December 31, 2008.

Due to liquidity issues, Mr. Lim took a voluntary reduction of one-third of his salary effective January 1, 2011. The voluntary reduction in salary did not affect the amount of potential bonus or severance benefits that Mr. Lim was otherwise entitled to under the terms of his employment agreement. The portions of his salary allocated to MTI Instruments and MTI were not affected. Mr. Lim returned to full salary effective September 12, 2011.

Mr. Lim was eligible for future bonus arrangements with a targeted annual payout of 50% of base salary payable for the twelve month period of June through May each year. For the June 2011 to May 2012 period, 50% of Mr. Lim's bonus target was based on MTI Instruments achieving certain revenue targets in 2011, and 50% was based on MTI Instruments achieving certain net cash before assessments in 2011. For the bonus period June 1, 2011 – May 31, 2012, \$102,083 was accrued in the period from June 1, 2011 – December 31, 2011 and \$72,917 was accrued in the period from January 1, 2012 – May 31, 2012. On September 20, 2011, Frederick W. Jones was appointed the Chief Financial Officer of the Company. In connection with his permanent appointment, the Governance, Compensation and Nominating Committee increased Mr. Jones' annual base salary to \$144,250.

Mr. Jones continued to have a bonus target for 2011 of up to 10% of his annual base salary. The actual amount of bonus paid to Mr. Jones was contingent on the achievement of two milestones. 5% of Mr. Jones' annual base salary was based on MTI Instruments achieving certain revenue targets in 2011, and 5% of Mr. Jones' annual base salary was based on MTI Instruments achieving certain net cash before assessments in 2011. We accrued for Mr. Jones, as of December 31, 2011, a \$14,425 bonus under his annual cash incentive compensation plan. This accrual was paid in full during February 2012.

Mr. Jones continued to have a bonus target for 2012 of up to 10% of his annual base salary. The actual amount of bonus paid to Mr. Jones was contingent on the achievement of two milestones. 5% of Mr. Jones' annual base salary was based on the Company achieving break-even pre-tax income for the year ended 2012, and 5% of Mr. Jones' annual base salary was based on achieving \$70,000 or more in existing vendor contract savings as compared to the MTI and MTI Instruments' 2012 budgets. Mr. Jones was also entitled to 10% of any such savings over \$70,000. We accrued for Mr. Jones, as of December 31, 2012, a \$10,313 bonus under his annual cash incentive compensation plan. This accrual was paid in full during March 2013.

The Governance, Compensation and Nominating Committee increased Mr. Jones' annual base salary to \$155,000, effective April 1, 2013.

In addition to base salary compensation, we consider short-term cash incentives to be an important tool in motivating and rewarding near-term performance against established short-term goals. We do not utilize a specific formula, but executive management is eligible for cash awards contingent upon achievement of individual, financial, or

company-wide performance criteria. The criteria are established to ensure that a reasonable portion of an executive's total annual compensation is performance based.

We believe that the higher an executive's level of responsibility, the greater the portion of that executive's total earnings potential should be tied to the achievement of critical technological, operational and financial goals. Our former Chief Executive Officer had been eligible for annual cash incentive awards of up to 50% of his base salary, with other named executive officers eligibility between 5% and 10% of base salary. We believe this strategy places the desired proportionate level of risk and reward on performance by the Chief Executive Officer and other named executive officers.

While performance targets are established at levels that are intended to be achievable, we believe that we have structured these incentives so that maximum bonus payouts would require a substantial level of both individual and company performance.

Long-Term Equity Incentive Compensation

Equity awards typically take the form of stock options and restricted stock grants. Authority to make equity awards to executive officers rests with our Governance, Compensation and Nominating Committee. In determining the size of awards for new or current executives, we consider the competitive market, strategic plan performance, contribution to future initiatives, benchmarking of comparative equity ownership for executives in comparable positions at similar companies, individual option history, and recommendations of our Chief Executive Officer and Chairman.

We generally base our criteria for performance-based equity awards on one or more of the following long-term measurements:

- procurement and maintenance of original equipment manufacturer alliance/strategic agreements;
- manufacturing readiness;
- financing targets;
- gross revenue and profit goals;
- operating expense improvements; and
- product launches, new product introductions or improvements to existing products or product-intent prototypes.

These performance measurements support various initiatives identified by our Board of Directors as critical to our future success, and are either expressed as absolute in terms of success or failure, or will be measured in more qualitative terms.

The timing of all equity awards for our Chief Executive Officer and our Chief Financial Officer in the past have coincided with either employment anniversary dates, in conjunction with the completion or assignment of objectives, or coincide with our annual meeting dates. We do not time option grants to our executives in coordination with the release of material non-public information, nor do we impose any equity ownership guidelines on our executives.

The following table sets forth certain information regarding the options held and value of each such officer's unexercised options as of December 31, 2012.

During 2012, we awarded Mr. Lynch the following:

- options to purchase 25,000 shares of Common Stock that vest 25% on each of the first four anniversaries of the date of the award beginning July 2, 2013, with a 10-year term.

##### Equity Awards of the Chief Financial Officer

During 2012, we awarded Mr. Jones the following:

- options to purchase 25,000 shares of Common Stock that vest 25% on each of the first four anniversaries of the date of the award beginning July 2, 2013, with a 10-year term.

#### MTI Equity Incentive Plans

As of December 31, 2012, we had four equity compensation plans: 1) the 1996 Stock Incentive Plan; 2) the 1999 Employee Stock Incentive Plan; 3) the Amended and Restated 2006 Equity Incentive Plan; and 4) the 2012 Equity Incentive Plan. The Governance, Compensation and Nominating Committee administer all equity compensation plans and have the authority to determine the terms and conditions of the awards granted under equity plans.

1996 Stock Incentive Plan and 1999 Employee Stock Incentive Plan

The 1996 Stock Incentive Plan, or 1996 Plan, was approved by our stockholders during December 1996 and expired during October 2006. Under the 1996 Plan, our Board of Directors was authorized to award stock options, stock appreciation rights, restricted stock, and other stock-based incentives to our officers, employees and others. As of April 15, 2013, 1,314 options to purchase our Common Stock were outstanding under the 1996 Plan, all of which were exercisable with zero shares reserved for future grants.

The 1999 Employee Stock Incentive Plan, or 1999 Plan, was approved by our stockholders during March 1999 and expired March during 2009. Under the 1999 Plan, our Board of Directors was authorized to award stock options and restricted stock to our officers, employees and others. As of April 15, 2013, 8,523 options to purchase our Common Stock were outstanding under the 1999 Plan, all of which were exercisable with zero shares reserved for future grants.

Options issued under both the 1996 Plan and 1999 Plan terminate between seven and ten years after the date of grant. Stock option grants or restricted stock awards under these plans could be issued to vest immediately, vest over a certain period, vest based upon successful completion of a performance measure specified by our Governance, Compensation and Nominating Committee, or a prescribed combination of performance and time vesting (i.e. a time vesting option accelerated by achievement of a performance objective or a performance vesting option that will vest at a certain date in the future).

The 1996 Plan and 1999 Plan provide that in the event of a change of control all unexercised and outstanding options and restricted stock shall become fully vested and exercisable as of the date of the change of control, provided the optionee is employed by us at the date of the change. This is commonly referred to as a single trigger acceleration of option vesting.

#### 2006 Equity Incentive Plan

The 2006 Equity Incentive Plan, or 2006 Plan, was adopted by the Company's Board of Directors on March 16, 2006 and approved by our stockholders on May 18, 2006. The plan was amended and restated by our Board of Directors effective September 16, 2009 and June 30, 2011. The September 16, 2009 Amended and Restated 2006 Equity Incentive Plan increased the initial aggregate number of 250,000 shares of common stock which could be awarded or issued to 600,000, and the June 30, 2011 Amended and Restated 2006 Equity Incentive Plan increased the aggregate number of shares of common stock which could be awarded or issued to 1,200,000. The number of shares which could be awarded under the 2006 Plan and awards outstanding have been adjusted for stock splits and other similar events. In connection with seeking stockholder approval of the 2012 Plan, the Company agreed not to make further awards under the 2006 Plan. As of April 15, 2013, 120,782 options to purchase our Common Stock were outstanding under the 2006 Plan, of which 113,125 were exercisable with zero shares reserved for future grants.

The 2006 Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units and other stock-based awards.

Our Governance, Compensation and Nominating Committee selects the recipients of awards and determines (i) the number of shares of Common Stock covered by options and the dates upon which such options become exercisable, (ii) the exercise price of options (which may not be less than 100% of fair market value of the Common Stock), (iii) the duration of options (which may not exceed seven years), and (iv) the number of shares of Common Stock subject to any stock appreciation rights, restricted stock award, restricted stock unit award or other stock-based awards and the terms and conditions of such awards, including conditions for forfeiture, repurchase, issue price and repurchase price, if any.

Upon a Substantial Corporate Change, as such term is defined in the 2006 Plan, the 2006 Plan and any unexercised or forfeitable awards will terminate unless either (i) an award agreement with a participant provides otherwise or (ii)

provision is made in writing in connection with such transaction for the assumption or continuation of outstanding awards, or the substitution for such awards with awards covering the stock or securities of a successor employer entity, or a parent or subsidiary of such successor. If an award would otherwise terminate under the preceding sentence, we will either provide that optionees or holders of stock appreciation rights or other exercisable awards will have the right, at such time before the completion of the transaction causing such termination as we reasonably designate, to exercise any unexercised portions of the options or stock appreciation rights or other exercisable awards, including portions of such awards not already exercisable, or for any awards including the foregoing, cause us, or agree to allow the successor, to cancel each award after payment to the participant of an amount, if any, in cash, cash equivalents, or successor equity interests substantially equal to the fair market value of the consideration (as valued by the administrator) paid for our shares, under the transaction minus, for options and stock appreciation rights or other exercisable awards, the exercise price for the shares covered by such awards (and, for any awards, where we determine it is appropriate, any required tax withholdings), and with such allocation among cash, cash equivalents, and successor equity interests as we determine or approve.

### 2012 Equity Incentive Plan

The 2012 Equity Incentive Plan, or 2012 Plan, was adopted by the Company's Board of Directors on April 14, 2012 and approved by stockholders on June 14, 2012. The 2012 Plan provides an initial aggregate number of 600,000 shares of common stock which may be awarded or issued. The number of shares which may be awarded under the 2012 Plan and awards outstanding can be subject to adjustment on account of any recapitalization, reclassification, stock split, reverse stock split and other dilutive changes in Common Stock. Under the 2012 Plan, the Board of Directors is authorized to issue stock options (incentive and nonqualified), stock appreciation rights, restricted stock, restricted stock units and other stock-based awards to employees, officers, directors, consultants and advisors of the Company and its subsidiaries. Incentive stock options may only be granted to employees of the Company and its subsidiaries. As of April 15, 2013, 162,500 options to purchase our Common Stock were outstanding under the 2012 Plan, of which 6,112 were exercisable with 437,500 shares reserved for future equity awards or issuance of options.

### Perquisites and Other Benefits

Our executive officers are eligible to participate in similar benefit plans available to all our other employees including medical, dental, vision, group life, disability, accidental death and dismemberment, paid time off, and 401(k) plan benefits. In addition, we paid 100% of Mr. Lim's group term life insurance premiums, representing an additional cost in 2012 of \$758.

We also maintain a standard directors and officers liability insurance policy with coverage similar to the coverage typically provided by other small publicly held technology companies.

### Severance, Change in Control and Non-Compete Agreements

One of our executive officers is entitled to receive severance payments equal to a specified number of months of base salary and benefits.

A change in control will accelerate the vesting of outstanding stock options issued under the 1996 and 1999 Stock Incentive Plans; however, options outstanding under the 2006 Plan and 2012 Plan will not automatically accelerate vesting unless provided in an employment agreement.

We believe these severance and change in control arrangements are reasonable and mitigate some of the risk that exists for executives working in small technology companies by maintaining employee engagement and encouraging retention in an environment with substantial challenges and changes. This is especially true considering each executive officer has signed a Non-Competition and Non-Solicitation Agreement limiting future opportunities in the event the executive's employment is terminated for any reason. These agreements specify that the executive will not compete with our businesses for a period of one year following such termination.

### Other Named Executive Officers

Our employment agreement with Mr. Jones provides that he is entitled to receive his base salary and benefits for a four month period if he is terminated in connection with a change of control of MTI Instruments.

### Potential Payments upon Termination

The following table sets forth a breakdown of termination payments and the net realizable value of stock and stock options if the employment of any of our named executive officers had been terminated as of December 31, 2012. Severance payments are made either on a salary continuation basis paid over the severance period or on a lump sum basis payable upon a fixed date subsequent to termination of employment.

<b>Name</b>	<b>Severance Term</b>	<b>Salary Bonus</b>
-------------	-----------------------	---------------------

			<b>Health &amp; Life Insurance Continuation</b>	<b>Intrinsic Value of Stock Options at Separation</b>		<b>Total Potential Payments</b>
Frederick W. Jones	Four (4) months salary & benefits (A)	\$48,083\$	\$5,215	\$	<b>Accrued Vacation</b> \$5,548	\$58,847

(A) Mr. Jones is only entitled to severance if he is terminated in connection with a change of control of MTI Instruments.

## Directors Compensation

Directors who are also our employees are not compensated for serving on the Board. Information regarding compensation otherwise received by our directors who are also executive officers is provided under the heading Executive Compensation.

Through the year ended December 31, 2011, our non-employee directors did not receive cash compensation but instead were eligible to receive stock options to purchase shares of our Common Stock and grants of fully-vested restricted stock. During July 2012, the Board of Directors established a cash compensation policy for non-employee directors. The Lead Independent Director, will receive cash compensation of \$20,000 per year, with an additional \$10,000 payable if the Company achieves certain profitability for the year ending December 31, 2012. The remaining non-employee directors shall each receive cash compensation of \$10,000 per year, with an additional \$5,000 payable if the Company achieves certain profitability for the year ending December 31, 2012. The additional performance-based cash compensation was not earned.

Future compensation will be determined by the Governance, Compensation and Nominating Committee.

On July 2, 2012, the Governance, Compensation and Nominating Committee approved a grant of 12,500 options to purchase shares of the Company's common stock to each non-management director as compensation for their past service on the Board.
