Exhibit 1

Proposal sent to Board December 17, 2001

December 17, 2001

Mr. Ralph W. Bradshaw, President  
Cornerstone Strategic Value Fund  
Cornerstone Advisers Inc.  
575 Lexington Avenue  
New York, NY 10022

Dear Mr. Bradshaw:

Karpus Management, Inc. d/b/a Karpus Investment Management (KIM), is the beneficial owner as of November 30, 2001, of 477935 shares of the common stock of Cornerstone Strategic Value Fund, Inc. (CLM) (the Fund) for at least one year or more as attested by Schedule 13D filings with the Securities and Exchange Commission. We have been the beneficial owner of the shares valued at more than \$2,000 for more than one year and expect to continue ownership through the date of the Fund's next shareholder meeting. KIM's first purchase of shares began on October 23, 1989. All such purchases have been made in the open market.

Pursuant to Rule 14-28(b) (2) (ii) of the Securities Exchange Act of 1934, we (KIM) are hereby submitting the following proposal and supporting statement for inclusion in any an all proxy materials at the next meeting of shareholders. Attached is our Schedule 13D as electronically filed with the Securities and Exchange Commission.

PROPOSAL

Karpus Investment Management proposes: Cornerstone Strategic Value Fund, Inc. (CLM) be converted to an open-end fund within 90 days after acceptance by the shareholders.

SUPPORTING STATEMENT

It is the belief of KIM that current Fund Management of CLM is not making significant strides in closing the discount at which the Fund trades. For the time period from January 5, 2001 through December 7, 2001 the Fund has traded at an average discount of 15.79%.

Management claims that the share buy back program can help close this discount over time. It is the opinion of KIM this can not happen simply by the Fund repurchasing shares. KIM believes that drastic steps must occur for the shareholders to recognize the full economic value of their investment.

KIM believes the only way for shareholders to reap the full value of their investment is to open-end the Fund. If this would occur, shareholders would immediately increase the value of their investment by 14.46% (based on the net asset value of December 7, 2001)!

## Edgar Filing: KARPUS MANAGEMENT INC - Form SC 13D/A

It is the opinion of KIM that the current Fund Management may not have sufficient experience to be the best choice for managing the Fund. KIM believes that the Fund's Manager lacks adequate experience in managing individual securities (only funds in a closed-end format). The current manager does not have a track record, known to KIM, to instill our confidence in their abilities.

Poor performance in both price and net asset value does not have to be Tolerated by the shareholders. Management will claim that they are doing a good job and they have not been the manager long enough for shareholders to recognize their abilities. KIM believes that the shareholders must act now. Time is not on the side of the shareholders to wait!

From January 4, 2001 through December 6, 2001 the net asset value performance of CLM has equaled ?19.4518% (-20.9417% annual equivalent). The price performance of the Fund has been equally dismal. For the same Holding period price performance equaled ?20.80% (-22.3781 annual equivalent). (All calculations by Bloomberg) KIM believes that the shareholders deserve better performance than what has been delivered in 2001.

CLM is plagued by low trading volume. Trading volume from January 4, 2001 through December 6, 2001 has averaged a mere 8,706 shares. It is KIM's opinion that shareholders who wish to liquidate large positions could severely depress the price at which the Fund trades. This could cause economic harm to shareholders remaining in CLM.

KIM believes open ending is the only possible method for shareholders to recognize the economic reality of their investment. Open ending would allow shareholders, such as KIM, who do not have confidence in the direction of the Fund's management, to get out of the Fund.

Should CLM be open ended at net asset value, shareholders would recognize an immediate economic benefit of approximately 14.46% (based on price of \$7.93 and NAV of \$9.27 as of 12/7/01).

KIM further believes that any Investment Advisor is not fulfilling their Fiduciary duty to their clients if they do not vote to open end CLM.

Sincerely,

Scott D. Nasca  
Corp Vice President
