Majority Shareholders will consent to all of the shareholder resolutions described in this Information Statement. The affirmative vote of the holders of a majority of the outstanding common stock of the Company is required to adopt the resolutions described in this Information Statement. ### THE COMPANY

The Company has its executive offices at #950-789 W. Pender Street, Vancouver, B.C. Canada V6C 1H2, and its telephone number is (604) 632-9638. As described in the accompanying NOTICE OF ACTION TO BE TAKEN BY THE SHAREHOLDERS, the Company proposes to adopt the Xin Net Corp Stock Compensation Plan attached hereto as Exhibit A.

### SHAREHOLDER ACTIONS

#### Proposal #1

#### AMENDMENT TO ARTICLES FOR CORPORATION NAME CHANGE

The majority shareholders have authorized a change in the name of this corporation to a name to be chosen by the Board. This requires an amendment to the Articles of Incorporation.

The Board believes the name change in our Articles of Incorporation are in the best interest of the corporation, to create a new market image for the Company.

#### PROPOSAL 2

#### REVERSE SPLIT OF COMMON STOCK ISSUED AND OUTSTANDING

To Authorize a reverse split of the common stock on a one for five basis, by which each five shares shall become one share;

Our shareholders have approved a pro-rata reverse split of our common stock, by which each five shares would become one share. The effective date of the reverse split will be 20 days following the date of the mailing of this Notice.

We believe that reverse split will be advantageous to us and to all shareholders, because it may provide the opportunity for higher share prices based upon fewer shares. It is also a factor that most brokerage houses do not permit or favor lower-priced stocks to be used as collateral for margin accounts. Certain policies and practices of the securities industry may tend to discourage individual brokers within those firms from dealing in lower-priced stocks. Some of those policies and practices involve time-consuming procedures that make the handling of lower priced stocks economically unattractive. The brokerage commissions on the purchase or sale of lower priced stocks may also represent a higher percentage of the price than the brokerage commission on higher priced stocks.

As a general rule, potential investors who might consider making investments in our company will refuse to do so when the company has a large

## Edgar Filing: XIN NET CORP - Form PRE 14C

number of shares issued and outstanding with no equity. In other words, the "dilution" which new investors would suffer would discourage them from investing, as general rule of experience. A reduction in the total outstanding shares may, without any assurance, make our capitalization structure more attractive.

While our acceptability for ultimate listing on one of the NASDAQ markets is presently remote, we believe that it is in the interests of our company to adjust our capital structure in the direction of conformity with the NASDAQ structural requirements. At the current date, even with the proposed changes we would not meet NASDAQ criteria. NASDAQ requirements change constantly. There is no assurance that the proposed changes will meet NASDAQ requirements when, and if, we are otherwise qualified. There is no assurance that we will qualify for NASDAQ.

There is no assurance that any effect of the price of our stock will result, or that the market price for our common stock, immediately or shortly after the proposed changes, if approved, will rise, or that any rise which may occur will be sustained. Market conditions obey their own changes in investor attitudes and external conditions. We are proposing the steps we deem best calculation to meet the market attractively. We cannot control the markets reaction.

Dissenting shareholders have no appraisal rights under Florida law or pursuant to our constituent documents of incorporation or bylaws, in connection with the reverse split.

Additional information regarding the Company, its business, its stock, and its financial condition are included in the Company's Form 10-KSB annual reports and its Form 10-QSB quarterly reports.
