Item 2.02

Results of Operations and Financial Condition.

On January 26, 2006, Ameriprise Financial, Inc. (the Company) issued a press release announcing its financial results for the fourth quarter and full year of 2005. A copy of the press release is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference and furnished herewith. In addition, the Company furnishes herewith, as Exhibit 99.2, its Quarterly Statistical Supplement for the quarterly period and full year ended December 31, 2005.

The press release furnished as Exhibit 99.1 includes references to adjusted earnings, adjusted revenues and adjusted expenses and related per diluted share data and other related adjusted financial measures, which are non-GAAP financial measures. These adjusted financial measures exclude the cumulative effect of accounting changes, discontinued operations, AMEX Assurance and non-recurring costs related to the Company's separation from American Express Company (AXP). The press release also includes references to certain financial measures before separation costs and before tax benefit attributable to separation costs and separation costs, after-tax, which are non-GAAP financial measures that exclude the impact of non-recurring costs and associated tax benefits related to the Company's separation from AXP. The Company believes that these non-GAAP financial measures are useful to investors because they are more indicative of the Company's operating performance than the most directly comparable GAAP financial measures.
