Item 1.01 Entry into a Material Definitive Agreement.

On October 30, 2009, Impac Mortgage Holdings, Inc. along with its subsidiaries, Impac Funding Corporation, Impac Warehouse Lending Group, Inc. and Integrated Real Estate Service Corporation (collectively, the Company) entered into a settlement agreement (the Settlement Agreement) with UBS Real Estate Securities, Inc. (UBS), the Company's remaining reverse repurchase facility lender, with regards to the Amended and Restated Master Repurchase Agreement, which was entered into with UBS on September 11, 2008 (the Repurchase Agreement). The Settlement Agreement retires and terminates the Repurchase Agreement and the related obligations of the parties by removing any further exposure associated with the borrowing or the loans that secured the borrowing, except for certain indemnification agreements.

Pursuant to the terms of the Settlement Agreement, the Company settled the approximate \$140.0 million balance of the net borrowing under the Repurchase Agreement by (1) transferring to UBS the mortgage loans securing the borrowing, (2) making a cash payment to UBS of \$20 million and (3) entering into a credit agreement with UBS dated as of October 30, 2009 (the Credit Agreement) for an aggregate original principal balance of approximately \$33.85 million. The borrowing under the Credit Agreement is to be paid over 18 months with monthly payments of \$1.5 million at an interest rate of one-month LIBOR plus 350 basis points; provided, however, that a \$10.0 million principal payment is due by April 30, 2010. The Settlement Note is not secured by any assets. The borrowing under the Credit Agreement may be prepaid by the Company at any time; provided that if the entire borrowing is repaid on or before December 31, 2009, then \$5.0 million will be deducted from the amount due. Upon any sale of assets, excluding mortgage assets, issuance of debt, excluding warehouse borrowings, or equity by the Company, then all of the proceeds therefrom are required to be applied to the borrowing under the Credit Agreement, or in the case of an equity issuance, applied to the \$10.0 million principal payment.

The Company is required to maintain certain business and financial covenants until the borrowing under the Credit Agreement is paid in full, which covenants include having stockholders' equity of not less than zero (based on certain calculations), maintaining unrestricted cash of not less than \$10.0 million (based on certain calculations), not paying dividends on equity and not issuing equity interests, except as permitted in each case. Upon an event of default, which generally includes failure to pay the borrowing as and when due, failure to observe and perform or breach of any covenant, condition or representation, the entire amount due under the Credit Agreement may be accelerated. If any amount is not paid when due, the interest rate on the borrowing will increase by 4%.

Item 1.02 Termination of a Material Definitive Agreement.

On October 30, 2009, the Repurchase Agreement was retired and terminated pursuant to the terms of the Settlement Agreement, which is as further described above in Item 1.01 of this Form 8-K, which description is incorporated by reference herein.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On October 30, 2009, the Company entered into the Credit Agreement with UBS for an aggregate principal amount of approximately \$33.85 million, the terms of which are described above in Item 1.01 of this Form 8-K and which description is incorporated by reference herein.
