We have audited the accompanying statement of revenues and certain operating expenses of the properties owned by the All Aboard Mini Storage Portfolio (the Properties), for the year ended December 31, 2012, and the related notes to the statement of revenues and certain operating expenses (the Statement).
Management s Responsibility for the Statement
Management is responsible for the preparation and fair presentation of the Statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of the Statement that is free from material misstatement, whether due to fraud or error.
Auditors Responsibility
Our responsibility is to express an opinion on the Statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Statement is free from material misstatement.
An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Statement.
We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

1. ACQUISITION, ORGANIZATION AND BASIS OF PRESENTATION

Acquisition of properties

The accompanying statements of revenues and certain operating expenses relates to the operation of 20 properties owned by different entities affiliated with All Aboard Mini Storage (the Properties). Nineteen of the twenty properties were acquired by Extra Space Storage Inc. (Extra Space) on August 29, 2013 with the remaining property expected to close during the fourth quarter of 2013. Extra Space did not hold any ownership interests in the Properties prior to the acquisition. The Properties consist of land and self-storage facilities located in California.

Basis of presentation

The accompanying statement of revenues and certain operating expenses for the year ended December 31, 2012 was prepared for the purpose of complying with the Securities and Exchange Commission Regulation S-X, Rule 3-14. The statement is not representative of the actual operations of the Properties for the year ended December 31, 2012 as certain expenses, which may not be comparable to the expenses expected to be incurred by the Properties in future operations, have been excluded as discussed below. The management of the Properties is not aware of any material factors that would cause the reported financial information not to be indicative of future operating results.

Certain operating expenses include real estate taxes and certain other operating expenses related to the operations of the Properties. Excluded expenses include mortgage interest, depreciation and amortization and certain other costs not directly related to the future operations of the property.

The statements of revenues and certain operating expenses for the six months ended June 30, 2013 and 2012 are unaudited. In the opinion of management, these interim financial statements reflect all necessary adjustments for a fair presentation of the revenues and certain operating expenses of the respective periods. All such adjustments are of a normal recurring nature.

2. REVENUE RECOGNITION

Revenue is principally obtained from tenant rentals under month-to-month operating leases. The Properties recognize rental revenue daily on a straight line basis over the terms of the leases. Tenants move in and out throughout the month and revenue is recognized on a pro-rata basis for the days each unit is occupied during the month. Revenue is recognized for past due tenants until the unit is vacated through either payment or auction.

The Properties recognize revenue for merchandise sales as the sales occur. Revenue for late fees and other miscellaneous items are included in other revenue as they are earned under the terms of the rental contracts.

3. EXPENSE RECOGNITION

Property expenses, including utilities, repairs and maintenance and other costs to manage the facilities are recognized as incurred. Expenses such as property taxes and property insurance are recognized

18

Table of Contents

over their respective assessment or coverage periods. The Properties recognize bad debt expense based upon the Properties historical collection experience and current economic trends.

4. USE OF ESTIMATES

The preparation of the statement of revenues and certain operating expenses, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

5. COMMITMENTS AND CONTINGENCIES

The Properties are not presently involved in any material litigation nor, to management s knowledge, is any material litigation threatened against the Properties, other than routine legal matters arising in the ordinary course of business. Management believes the costs, if any, incurred by the Properties related to this litigation will not materially affect the operating results of the Properties.
