QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING
AND PROCEDURAL MATTERS

Q: Why am I receiving these materials?

A: The board of directors of ThermoGenesis is making this proxy statement available to you on the Internet or delivering a paper copy of this proxy statement to you by mail in connection with the solicitation of proxies for use at ThermoGenesis' 2011 Annual Meeting of Stockholders (the "Annual Meeting") to be held on Friday, December 9, 2011 at 9:00 a.m., Pacific Time, and any adjournment or postponement of the Annual Meeting. The Annual Meeting will be held at Sacramento Marriott, located at 11211 Point East Dr., Rancho Cordova, CA 95742, for the purpose of considering and acting on the matters set forth in this proxy statement.

These proxy materials and the accompanying annual report were first made available or mailed on October 28, 2011 to all ThermoGenesis stockholders entitled to vote at the Annual Meeting. ThermoGenesis' website is www.thermogenesis.com.

Q: What proposals will be voted on at the Annual Meeting?

A: ThermoGenesis stockholders are being asked to vote on three matters at the Annual Meeting:

1. To elect five (5) directors to hold office until the next Annual Meeting of Stockholders or until their successors are elected and qualified;
2. To consider and act upon a proposal to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the 2012 fiscal year;
3. To transact such other business as may properly come before the meeting, including adjournment.

Q: What are the recommendations of the board of directors?

A: ThermoGenesis' board of directors recommends a vote:

- "FOR" the election of each of the nominated directors;
- "FOR" the ratification of Ernst & Young, LLP as ThermoGenesis' independent registered public accounting firm for the fiscal year ending June 30, 2012; and
- "FOR" such other matters, if any, which may properly come before the meeting (including any proposal to adjourn the meeting).

Q: Who is entitled to vote at the Annual Meeting?

A: ThermoGenesis' board of directors set October 18, 2011 as the record date for the Annual Meeting. If you owned ThermoGenesis common stock at the close of business on October 18, 2011, you may attend and vote at the meeting. As of October 18, 2011, there were 16,371,366 shares of ThermoGenesis common stock outstanding.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: If your shares are registered directly in your name with ThermoGenesis' transfer agent, Computershare Investor Services LLC, you are considered the "stockholder of record" with respect to those shares, and the notice or these proxy materials have been sent directly to you by ThermoGenesis.

Table of Contents

Some ThermoGenesis stockholders hold their shares through a broker, bank or other nominee, rather than directly in their own names. If your shares are held in a brokerage account or by a bank or another nominee, you are considered the “beneficial owner” of those shares held in street name, and the notice or these proxy materials have been forwarded to you by your broker, bank or nominee who is considered, with respect to those shares, the stockholder of record.

Q: How many votes do I have?

A: You are entitled to one vote for each share of ThermoGenesis common stock you owned at the close of business on the record date, provided that those shares are either held directly in your name as the stockholder of record or were held for you as the beneficial owner through a broker, bank or other nominee.

Q: What should I do if I receive more than one notice or set of voting materials?

A: You may receive more than one notice or set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate notice or voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one notice or proxy card. Please vote by telephone or the Internet with respect to each notice that you receive, or complete, sign, date and return each proxy card and voting instruction card that you receive, to ensure that all of your shares are voted at the Annual Meeting.

Q: How can I vote my shares in person at the Annual Meeting?

A: If you are the stockholder of record of shares of ThermoGenesis common stock, you have the right to vote in person at the Annual Meeting with respect to those shares.

If you are the beneficial owner of shares of ThermoGenesis common stock, you are invited to attend the Annual Meeting. However, if you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting, unless you obtain a legal proxy from your broker, bank or nominee giving you the right to vote the shares at the Annual Meeting.

Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy card or voting instructions as described in the next Q&A so that your vote will be counted if you later decide not to attend the Annual Meeting.

Q: How can I vote my shares without attending the Annual Meeting?

A: If you are the stockholder of record, you may instruct the proxy holders how to vote your shares by using the Internet voting site or the toll-free telephone number provided on the website to which the notice directs you or, if you have requested paper copies of the proxy materials, by completing, signing, dating and returning a requested proxy card in the provided, postage pre-paid envelope or by using the Internet voting site or the toll-free telephone number listed on the proxy card. Specific instructions for using the Internet and telephone voting systems are on the website and proxy card (and repeated in the box below). The Internet and telephone voting systems for stockholders of record will be available until 1:00 a.m., Central Time, on December 9, 2011 (the morning of the Annual Meeting).

Table of Contents

If you are the beneficial owner of shares of ThermoGenesis common stock held in street name, you have the right to direct your broker, bank or nominee on how to vote your shares. Your broker, bank or nominee has provided a notice that directs you to a website with Internet and toll-free telephone voting instructions (repeated in the box below) or, if you have requested paper copies of the proxy materials, enclosed a voting instruction card for you to use in directing the broker, bank or nominee regarding how to vote your shares.

Q: If I submit my proxy via the Internet, by telephone or by signing a proxy card or voting instruction card, how will it be voted?

A: Whichever method you select to transmit your instructions, the proxy holders or your broker, bank or nominee will vote your shares in accordance with those instructions.

If you grant a proxy or provide instructions using the Internet or telephone voting systems or return a proxy card or voting instruction card without giving specific voting instructions for a proposal, your shares will be voted as recommended by our board of directors on that proposal.

If you are the beneficial owner of shares held in street name and do not provide instructions using the Internet or telephone voting systems or return the voting instruction card, your broker, bank or other nominee will determine if it has the discretionary authority to vote on the particular matter. Under applicable rules, brokers have the discretion to vote on routine matters, such as the ratification of the selection of independent registered public accounting firm, but do not have discretion to vote on non-routine matters such as the uncontested election of directors. For this meeting, if you do not provide specific instructions, your broker, bank or other nominee may cast your vote in its discretion for Proposal 2, the ratification of the selection of the independent registered public accounting firm.

Table of Contents

Q: Can I change or revoke my vote after I return a proxy card or voting instruction card?

A: If you are the stockholder of record, you may revoke your proxy or change your vote by:

- delivering to the Corporate Secretary of ThermoGenesis, prior to your shares being voted at the Annual Meeting, a written notice of revocation or a duly executed proxy card, in either case dated later than the prior proxy card relating to the same shares (such written notice should be hand delivered to ThermoGenesis' Assistant Corporate Secretary or should be sent so as to be delivered to ThermoGenesis Corp., 2711 Citrus Rd., Rancho Cordova, CA 95742, Attn: Corporate Secretary);
- attending the Annual Meeting and voting in person; or
- making a timely and valid later Internet or telephone vote, as the case may be, if you have previously voted on the Internet or by telephone in connection with the Annual Meeting.

If you are the beneficial owner of shares held in street name, you may change your vote by:

- submitting new voting instructions to your broker, bank or other nominee in a timely manner; or
- attending the Annual Meeting and voting in person, if you have obtained a legal proxy from the broker, bank or nominee that holds your shares giving you the right to vote the shares.

Q: Can I attend the Annual Meeting?

A: All ThermoGenesis stockholders as of the record date, October 18, 2011, or their duly appointed proxies, may attend the Annual Meeting. If you are the beneficial owner of ThermoGenesis shares held in street name, please bring proof of ownership such as a brokerage statement or letter from the broker, bank or other nominee that is the owner of record of the shares.

Q: How many votes must be present or represented to conduct business at the Annual Meeting?

A: The presence of a majority of the shares eligible to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Presence is determined by the stockholder entitled to vote the shares being present at the Annual Meeting or having properly submitted a proxy with respect to the shares. In compliance with Delaware General Corporate Law, abstentions and broker "non-votes" will be counted as present and entitled to vote at the Annual Meeting and are thereby included for purposes of determining whether a quorum is present at the Annual Meeting.

A broker "non-vote" occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker, bank or nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner.

Table of Contents

If sufficient votes to constitute a quorum are not received by the date of the Annual Meeting, the persons named as proxies in this proxy statement may propose one or more adjournments of the meeting to permit further solicitation of proxies. Adjournment would require the affirmative vote of the holders of a majority of the outstanding shares of ThermoGenesis common stock present in person or represented by proxy at the Annual Meeting. The persons named as proxies in this proxy statement would generally exercise their authority to vote in favor of adjournment.

Q: What is the voting requirement to approve each of the proposals?

A: A plurality of the voting power of the shares present in person or represented by proxy at the Annual Meeting is required for the election of directors. Thus, the nominees for director receiving the highest number of affirmative votes will be elected as members of ThermoGenesis' board of directors to serve until ThermoGenesis' 2012 Annual Meeting of Stockholders. There is no cumulative voting in the election of directors.

The affirmative vote of a majority of the shares of common stock present in person or represented by proxy is required to ratify the appointment of Ernst & Young LLP as ThermoGenesis' independent registered public accounting firm for the fiscal year ending June 30, 2012.

Q: How are votes counted?

A: With respect to the election of directors, you may vote "FOR" or "WITHHOLD" on each of the five nominees.

With respect to other proposals, you may vote "FOR," "AGAINST" or "ABSTAIN" on each proposal. Abstentions are deemed to be votes cast and thereby have the same effect as a vote against the proposal. Broker non-votes are not deemed to be votes cast and thereby do not affect the outcome of the voting on the proposal.

Q: What happens if one or more of the director nominees is unable to stand for election?

A: The board of directors may reduce the number of directors or select a substitute nominee. In the latter case, if you have submitted your proxy via the Internet or by telephone or completed and returned your proxy card or voting instruction card, J. Melville Engle and Matthew Plavan as proxy holders, will have the discretion to vote your shares for the substitute nominee.

Q: Where can I find the voting results of the Annual Meeting?

A: Matthew Plavan, ThermoGenesis' CFO and EVP, Business Development, will tabulate the votes and act as the inspector of election. We intend to announce preliminary voting results at the Annual Meeting. We will provide final results on a Form 8-K within four days of the Annual Meeting.

Q: Who pays for the proxy solicitation process?

A: ThermoGenesis will bear the cost of soliciting proxies, including the cost of preparing, posting and mailing proxy materials. In addition to soliciting stockholders by mail and through its regular employees, ThermoGenesis will request brokers, banks and other nominees to solicit their customers who hold shares of ThermoGenesis common stock in street name. ThermoGenesis may reimburse such brokers, banks and nominees for their reasonable, out-of-pocket expenses. ThermoGenesis may also use the services of its officers, directors and employees to solicit proxies, personally or by telephone, mail, facsimile or email, without additional compensation other than reimbursement for reasonable, out-of-pocket expenses.

Q: How do I get an additional copy of the proxy materials?

A: If you would like an additional copy of this proxy statement or ThermoGenesis' 2011 Form 10-K, these documents are available in digital form for download or review by clicking on the "Investors" tab at www.thermogenesis.com. Alternatively, we will promptly send a copy to you upon request by mail to ThermoGenesis Corp., Attention: Assistant Corporate Secretary, 2711 Citrus Rd., Rancho Cordova, CA., or by calling Investor Relations of ThermoGenesis at (916) 858-5107. Please note, however, that if you want to receive a paper proxy card or voting instruction card or other proxy materials for purposes of the Annual Meeting, you should follow the instructions for obtaining paper copies included in the notice of internet availability of proxy materials.

Q: How do I get proxy materials electronically?

A: We encourage you to register to receive all future stockholder communications electronically, instead of in print. This means that the annual report, proxy statement and other correspondence will be delivered to you via email. Electronic delivery of stockholder communications helps ThermoGenesis to conserve natural resources and to save money by reducing printing, postage and service provider costs.

Stockholders of Record: If you vote your shares using the Internet at www.envisionreports.com/KOOL, please follow the prompts for enrolling in the electronic proxy delivery service.

Beneficial Owners: If you vote your shares using the Internet at www.proxyvote.com, please complete the consent form that appears on-screen at the end of the Internet voting procedure to register to receive stockholder communications electronically. RECOMMENDATION OF THE BOARD

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE “FOR” EACH OF THE NOMINEES LISTED ABOVE.

CORPORATE GOVERNANCE AND BOARD OF DIRECTOR MATTERS

General

Our Board of Directors believes that good corporate governance is important to ensure that ThermoGenesis is managed for the long-term benefit of our stockholders. This section describes key corporate governance guidelines and practices that we have adopted. Complete copies of our corporate governance guidelines, committee charters and code of ethical conduct described below are available under the investor information section of our website at www.thermogenesis.com.

Board Operating and Governance Guidelines

Our Board of Directors has adopted a number of operating and governance guidelines, including the following:

- Majority of the members of the board should be independent directors;
- Formalization of the ability of each committee to retain independent advisors;
- Performance of an annual assessment of the Board’s performance by the Governance and Nominating Committee;
- Directors will have open access to the Company’s management; and
- Independent directors may meet in executive session prior to or after each regularly scheduled Board meeting without management present.

Board Leadership Structure

J. Melville Engle serves as both our Chairman of the Board and CEO. The Board believes independent oversight of management is an important component of an effective board of directors. The Board and its independent members believe the most effective Board leadership structure at the present time is for the CEO to serve as Chairman of the Board. The independent members of the Board believe because the CEO is ultimately responsible for our day-to-day operations and for executing our strategy, and because our performance is an integral part of the deliberations undertaken by the Board, the CEO is the director best qualified to act as our Chairman of the Board. The Board reserves the authority to modify this structure to best address and advance the interests of all stockholders, as and when appropriate. In addition, Mr. McEnany serves as our lead independent director.

Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing risk management. The board regularly reviews information regarding the Company’s liquidity and operations, as well as the risks associated with each. The Company’s Compensation Committee is responsible for overseeing the management of risks relating to the Company’s executive compensation plans and arrangements. The Audit Committee oversees management of risks relating to financial reporting, internal controls and compliance with legal and regulatory requirements. The Governance and Nominating Committee oversees the management of risks associated with corporate governance, the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

Governance and Nominating Committee

The Governance and Nominating Committee was formed to address general governance and policy oversight; succession planning; to identify qualified individuals to become prospective Board Members and make recommendations regarding nominations for the Board of Directors; to advise the Board with respect to appropriate composition of Board committees; to advise the Board about and develop and recommend to the Board appropriate corporate governance documents and assist the Board in implementing guidelines; to oversee the annual evaluation of the Board and the Company's CEO, and to perform such other functions as the Board may assign to the committee from time to time. The Governance and Nominating Committee has a Charter which is available on the Company's website at www.thermogenesis.com. The Governance and Nominating Committee consists of three independent directors: Mr. McEnany (Governance and Nominating Committee Chairman), Mr. Carter and Dr. Huckel.

Audit Committee

The Audit Committee of the Board of Directors makes recommendations regarding the retention of the independent registered public accounting firm, reviews the scope of the annual audit undertaken by our independent registered public accounting firm and the progress and results of their work, reviews our financial statements, and oversees the internal controls over financial reporting and corporate programs to ensure compliance with applicable laws. The Audit Committee reviews the services performed by the independent registered public accounting firm and determines whether they are compatible with maintaining the registered public accounting firm's independence. The Audit Committee has a Charter, which is reviewed annually and as may be required due to changes in industry accounting practices or the promulgation of new rules or guidance documents. The Audit Committee Charter is available on the Company's website at www.thermogenesis.com. The Audit Committee consists of three independent directors as determined by NASD listing standards: Mr. Moore (Audit Committee Chairman), Mr. Carter, Dr. Huckel and Mr. McEnany. Mr. McEnany is qualified as an Audit Committee Financial Expert as defined in Regulation S-K Item 407(d)(5)(ii).

Nominations to the Board of Directors

Our directors take a critical role in guiding our strategic direction and oversee the management of the Company. Board candidates are considered based upon various criteria, such as their broad-based business and professional skills and experiences, a global business and social perspective, concern for the long-term interests of the stockholders and personal integrity and judgment. In addition, directors must have time available to devote to Board activities and to enhance their knowledge of the medical device industry. Accordingly, we seek to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities to the Company.

The Board of Directors has a Governance and Nominating Committee. The Board believes given the diverse skills and experience required to grow the Company that the input of all members is important for considering the qualifications of individuals to serve as directors but does not have a diversity policy. Further, the Governance and Nominating Committee believes that the minimum qualifications for serving as director of the Company are that a nominee demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of the business and affairs of the Company and have an impeccable record and reputation for honest and ethical conduct in both his or her professional and personal activities. In fiscal 2011, the Governance and Nominating Committee retained DHR International, Inc. to identify potential Board of Director candidates to ensure that vacancies on the Board are filled on a timely basis with qualified candidates. Whenever a new seat or a vacated seat on the Board is being filled, candidates that appear to best fit the needs of the Board and the Company are identified and unless such individuals are well known to the Board, they are interviewed and further evaluated by the Governance and Nominating Committee. Candidates selected by the Governance and Nominating Committee are then recommended to the full Board for their nomination to shareholders. The Governance and Nominating Committee recommends a slate of directors for election at the annual meeting. In accordance with Nasdaq rules, the slate of nominees is approved by a majority of the independent directors.

In carrying out its responsibilities, the Board will consider candidates suggested by stockholders. If a stockholder wishes to formally place a candidate's name in nomination, however, he or she must do so in accordance with the provisions of the Company's Bylaws. Suggestions for candidates to be evaluated by the Nominating Committee must be sent to Assistant Corporate Secretary, 2711 Citrus Road, Rancho Cordova, California 95742.

Board and Committee Meetings and Attendance

In fiscal 2011, the Board of Directors met seven (7) times, the Audit Committee met five (5) times, the Compensation Committee met four (4) times two of which were joint meetings with the Governance and Nominating Committee. Each director attended all of the meetings of the Board of Directors held while serving as a director, except Dr. Huckel who missed three (3) meetings. Each director attended all of the meetings of the committees upon which he served, except Dr. Huckel who missed one audit and one joint compensation and governance and nominating committee meeting. All Directors, except Dr. Huckel, nominated at the 2010 annual meeting of stockholders attended. Dr. Huckel will not be standing for re-election at the 2011 annual meeting. The Board requires all Directors to attend the annual stockholder meeting unless there is an emergency.

These disputes are seen by the Company's management as a normal part of business, and there are no pending actions currently or no threatened actions that management believes would have a significant material impact on the Company's financial position, results of operations or cash flows.

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis describes the material elements of the Company's compensation programs as they relate to our executive officers who are listed in the compensation tables appearing elsewhere in this proxy statement. This compensation discussion and analysis focuses on the information contained in the following tables and related footnotes, but also describes other arrangements and actions taken since the end of fiscal 2011 to the extent such discussion enhances the understanding of our executive compensation for fiscal 2011. Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal 2011, as well as the other individuals included in the Summary Compensation Table, are referred to as the "named executive officers" or "NEOs".

Overview of Compensation Committee Role and Responsibilities

The Compensation Committee of the Board of Directors oversees our compensation plans and policies, reviews and approves all decisions concerning the Chief Executive Officer and Chief Financial Officer's compensation, which may further be approved by the Board, and administers our stock option and equity plans, including reviewing and approving stock option grants and equity awards under the plans. The Compensation Committee's membership is determined by the Board and is composed entirely of independent directors.

Management plays a role in the compensation-setting process. The most significant aspects of management's role are to evaluate employee performance and recommend salary levels and equity compensation awards. Our Chief Executive Officer often makes recommendations to the Compensation Committee and the Board concerning compensation for other executive officers. Our Chief Executive Officer is a member of the Board but does not participate in Board decisions regarding any aspect of his own compensation. The Compensation Committee can retain independent advisors or consultants and has done so in the past.

Compensation Committee Process

The Compensation Committee reviews executive compensation upon the signing of an employment agreement, an increase in responsibilities or other factors. With respect to equity compensation awarded to other employees, the Compensation Committee or the Board grants stock options, often after receiving a recommendation from our Chief Executive Officer. The Compensation Committee also evaluates proposals for incentive and performance equity awards, and other compensation.

Compensation Philosophy

The Compensation Committee emphasizes the important link between the Company's performance, which ultimately affects stockholder value, and the compensation of its executives. Therefore, the primary goal of the Company's executive compensation policy is to align the interests of the executive officers with the interests of the stockholders. In order to achieve this goal, the Company attempts to, (i) offer compensation opportunities that attract and retain executives whose abilities and skills are critical to the long-term success of the Company and reward them for their efforts in ensuring the success of the Company, (ii) align the Company's compensation programs with the Company's long-term business strategies and objectives, and (iii) provide variable compensation opportunities that are directly linked to the Company's performance and stockholder value, including an equity stake in the Company. Our named executive officers' compensation utilizes two primary components - base salary and long-term equity compensation - to achieve these goals. There have been no bonus plan pay-outs as we have not yet achieved profitability, a prerequisite for pay-out per our historical bonus plans. Additionally, the Compensation Committee may award discretionary bonuses to certain executives based on the individual's contribution to the achievement of the Company's strategic objectives.

Table of Contents

Setting Executive Compensation

We set executive base compensation at a level we believe enables us to hire and retain individuals in a competitive environment and to reward satisfactory individual performance and a satisfactory level of contribution to our overall business goals. We also take into account the compensation that is paid by companies that we believe to be our competitors and by other companies with which we believe we generally compete for executives.

In establishing compensation packages for executive officers, numerous factors are considered, including the particular executive's experience, expertise and performance, our company's overall performance and compensation packages available in the marketplace for similar positions. In arriving at amounts for each component of compensation, our Compensation Committee strives to strike an appropriate balance between base compensation and incentive compensation. The Compensation Committee also endeavors to properly allocate between cash and non-cash compensation and between annual and long-term compensation. In the first quarter of fiscal 2012, the Compensation Committee retained Radford to conduct a review of cash and equity compensation for our leadership team. The Company has entered into employment agreements with Mr. Engle, our CEO and Mr. Plavan, our CFO and EVP, Business Development. Except for Mr. Engle and Mr. Plavan, the Company does not generally enter into employment agreements.

Base Salary

The Company provides executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. Subject to the provisions contained in employment agreements with executive officers concerning base salary amounts, base salaries of the executive officers are established based upon compensation data of comparable companies in our market, the executive's job responsibilities, level of experience, individual performance and contribution to the business. We believe it is important for the Company to provide adequate fixed compensation to highly qualified executives in our competitive industry. In making base salary decisions, the Compensation Committee uses its discretion and judgment based upon personal knowledge of industry practice but does not apply any specific formula to determine the base salaries for the executive officers.

Table of Contents

In May 2008, at the conclusion of the existing employment agreement, the Company entered into an employment agreement with Mr. Plavan whereby Mr. Plavan agreed to continue to serve as Chief Financial Officer. 401(k) Plan

The Company maintains a retirement savings plan, or 401(k) Plan, for the benefit of our executives and employees. Our 401(k) Plan is intended to qualify as a defined contribution arrangement under the Internal Revenue Code (Code). Participants may elect to defer a percentage of their eligible pretax earnings each year or contribute a fixed amount per pay period up to the maximum contribution permitted by the Code. All participants' plan accounts are 100% vested at all times. All assets of our 401(k) plan are currently invested, subject to participant-directed elections, in a variety of mutual funds chosen from time to time by the Plan Administrator. Distribution of a participant's vested interest generally occurs upon termination of employment, including by reason of retirement, death or disability. Historically, we have not made matching contributions to the 401(k) Plan.

Perquisites and Other Personal Benefits

The Company's executive officers participate in the Company's other benefit plans on the same terms as other employees. These plans include medical, dental, life and disability insurance. Relocation benefits also are reimbursed and are individually negotiated when they occur. The Company reimburses each executive officer for all reasonable business and other expenses incurred by them in connection with the performance of their duties and obligations. The Company does not provide named executive officers with any significant perquisites or other personal benefits.

Accounting and Tax Considerations

Section 162(m) of the Code limits the Company to a deduction for federal income tax purposes of up to \$1 million of compensation paid to certain named executive officers in a taxable year. Compensation above \$1 million may be deducted if it is "performance-based compensation." To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals and due to the Company's substantial net operating loss carry forwards, the Compensation Committee has not adopted a policy requiring all compensation to be deductible. The Compensation Committee intends to continue to evaluate the effects of the compensation limits of Section 162(m) and to grant compensation awards in the future in a manner consistent with the best interests of the Company and its shareholders.

Potential Payments upon Termination or Change in Control

Our named executive officers have certain change of control rights under employment agreements or current company policy. The Compensation Committee considers these policies to provide the named executive officers with the ability to make appropriate, informed decisions on strategy and direction of the Company that may adversely impact their particular positions, but nevertheless are appropriate for the Company and its shareholders. Our Compensation Committee believes that companies should provide reasonable severance benefits to employees, recognizing that it may be difficult for them to find comparable employment within a short period of time and that severance arrangements may be necessary to attract highly qualified officers in a competitive hiring environment.

The following tables describe the potential payments upon a hypothetical termination without cause or due to a change in control of the Company on June 30, 2011 for the NEO's. The actual amounts that may be paid upon an executive's termination of employment can only be determined at the actual time of such termination.

Termination without Cause

Name	Salary	Heath Benefits	Total
J. Engle	\$ 263,000 (1)	--	\$ 263,000
M. Plavan	\$ 315,000 (2)	--	\$ 315,000
J. Artiles	\$ 135,000 (3)	\$ 15,000	\$ 150,000
H. Baker	\$ 132,000 (3)	\$ 12,000	\$ 144,000
K. Pappa	\$ 108,000 (3)	\$ 11,000	\$ 119,000

Change in Control(4)

Company policy provides for selected Executive Officers and Vice Presidents to receive a one-time payment equal to twelve months base salary in the event there is a Change in Control and the participant continues to work in their current position with no significant changes. Furthermore, if the NEO is terminated as a result of the Change in Control, they will receive an additional six months salary as shown in the schedule below.

Name	Upon Change in Control: 12 Months Base Salary	And if Terminated: 6 Months Salary	Health Benefits	Total
J. Engle	\$ 350,000	\$ 175,000	--	\$ 525,000
M. Plavan	\$ 315,000	\$ 158,000	--	\$ 473,000

(1) Payable in biweekly installments for nine months.

(2) Payable in biweekly installments for one year.

Table of Contents

- (3) Payable in a lump-sum payment.
- (4) This table does not include an estimate for the acceleration of vesting of stock options upon a change in control as this benefit is available to all employees with outstanding stock options as provided in the Equity Plans at the discretion of the Plan Administrator.

Under the employment agreements of Mr. Engle and Mr. Plavan “cause” is defined as:

- i) willful or habitual breach of Executive’s duties;
- ii) fraud, dishonesty, deliberate injury or intentional material misrepresentation by Executive to Employer or any others;
- iii) embezzlement, theft or conversion by Executive;
- iv) unauthorized disclosure or other use of Employer’s trade secrets, customer lists or confidential information;
- v) habitual misuse of alcohol or any non-prescribed drug or intoxicant;
- vi) willful misconduct that causes material harm to Employer,
- vii) willful violation of any other standards of conduct as set forth in Employer’s employee manual and policies,
- viii) conviction of or plea of guilty or nolo contendere to a felony or misdemeanor involving moral turpitude,
- ix) continuing failure to communicate and fully disclose material information to the Board of Directors, the failure of which would adversely impact the Company or may result in a violation of state or federal law, including securities laws, or
- x) debarment by any federal agency that would limit or prohibit Executive from serving in his capacity for Employer under this Agreement.

Under each employment agreement and the Company’s Executive Change of Control Policy, “change of control” means an event involving one transaction or a related series of transaction in which one of the following occurs:

- i) the Company issues securities equal to 33% or more of the Company’s issued and outstanding voting securities, determined as a single class;
- ii) the Company issues securities equal to 33% or more of the issued and outstanding common stock of the Company in connection with a merger, consolidation or other business combination;
- iii) the Company is acquired in a merger or other business combination transaction in which the Company is not the surviving company; or
- iv) all or substantially all of the Company’s assets are sold or transferred.

Long-term Equity Compensation

The Compensation Committee provides the Company’s executive officers with long-term equity compensation in the form of stock option grants or restricted stock grants under the Company’s 2006 Equity Incentive Plan (the “Equity Plan”). The ability to provide equity incentives, through the granting of stock options and other equity-based compensation, gives the Compensation Committee the ability to create a combination of cash and stock-based incentive compensation programs to promote high performance and achievement of corporate goals by executives and employees. The Compensation Committee believes that stock based compensation provides the Company’s executive officers with the opportunity to maintain an equity interest in the Company and to share in the appreciation of the value of the Company’s common stock, thereby motivating the executive to maximize long-term stockholder value. It is the Company’s practice to grant options or restricted stock from time to time to executive officers at the fair market value of the Company’s common stock on the date of grant. The option grants also place what can be a significant element of compensation at risk, because stock options have value for the executive only if the market price of the Company’s stock increases above the fair market value on the grant date and the executive remains in the Company’s employ for the period required for the shares to vest. The Compensation Committee considers each grant subjectively, considering factors such as the individual performance of the executive officer, the anticipated contribution of the executive officer to the attainment of the Company’s long-term strategic performance goals and the need to retain key employees. The number of stock options or restricted stock shares granted to other executives in prior years and the total number of shares available for issuance under the Equity Plans are also taken into consideration.

Table of Contents

Stock options typically have been granted to executive officers when the executive first joins the Company, in connection with a significant change in responsibilities, in response to changes in industry practices and, occasionally, to achieve equity within a peer group. The Compensation Committee may, however, grant additional stock options to executives and employees for other reasons. Awards of equity-based compensation are not routinely made but may occur throughout the year. Stock options granted to the named executive officers have vesting schedules ranging from three to four years. Generally, we do not time the granting of our options or awards with any favorable or unfavorable news released by the Company, except that on occasion, the Compensation Committee times the grant to occur after information concerning the Company is publicly released.

Although the Company has historically only issued stock options and restricted shares, it may in the future grant stock appreciation rights, or other equity-based compensation as permitted in the Equity Plans and as determined appropriate by the Compensation Committee.

On October 29, 2010, upon his appointment as Chairman of the Board, Mr. Engle was granted a five-year stock option to purchase 50,000 shares. In determining the amount of the grant, the Compensation Committee took into account Mr. Engle's position and current outstanding stock options.

Effective June 1, 2011, concurrent with his new employment agreement, Mr. Plavan was granted 30,000 shares of restricted stock. In determining the amount of the grant, the Compensation Committee took into account Mr. Plavan's position, his performance and his existing options and potential gains.

In June 2010, management prepared an analysis of stock-based compensation for executives, vice presidents, director level and other key employees. In preparation for this analysis, the Company's peer group was reviewed and updated. This peer group was based upon certain criteria including financial metrics and similarity of markets served. The companies comprising our updated peer group are: Cytori, Orthovita, Cepheid, CryoLife, Abiomed, Cardiovascular Systems, Immunomedics, Osiris, Cerus, Vision Sciences, Inc. and Orthofix. The analysis compared each individual's three year projected gain based on existing stock grants and stock price increase assumptions utilizing our peer group's experience. Management proposed a five-year grant for each executive to narrow the gap between our executive's potential gain and that of the average gain for comparable executives from certain peer group companies. In order to minimize the impact on near term profitability and dilution, 50% of the grants were effective June 10, 2010 and the other 50% were set to be granted on February 15, 2011, after the release of our fiscal 2011 second quarter financial results. The exercise price for the second tranch was set at the closing stock price on February 15, 2011.

Bonuses

The bonus component of executive compensation is designed to reflect the Compensation Committee's belief that a portion of the compensation of each executive officer should be contingent upon the performance of the Company, as well as the individual contribution of each executive officer. The bonus is intended to motivate and reward executive officers by allowing the executive officers to directly benefit from the success of the Company. We have not historically paid any automatic or guaranteed bonuses to our executive officers as we have not obtained profitability. However, we have from time to time paid signing, retention or other bonuses to particular executive officers. Our two executive employment contracts provide generally for a discretionary bonus of up to 35% of the executive's base salary, which is to be determined by the Compensation Committee based on individual performance criteria and Company achievement of profitability during the year.

In July 2009, the Compensation Committee approved the Management Bonus Plan (MBP) whose purpose is to align the Corporate and Management focus and to reward and retain high performers. The MBP is an objective-based, results-oriented program that is driven by corporate objectives and is paid out by overall corporate and individual performance. The Plan consists of a measure of corporate and personal objectives, an "At Plan" bonus rate and a multiplier methodology that measures a payout at the end of the fiscal year. A condition of the original plan was no bonuses are to be paid unless the Company achieves profitability. As the Company did not attain profitability in fiscal 2011, no bonuses were earned or paid out under the MBP. In July 2011, effective for fiscal 2012, the MBP was revised to provide for a payout if the Company attains at least 90% of its Financial Corporate objectives during the fiscal year. The Financial Corporate objective will be comprised of three equally important key components, per the approved Annual Budget: A) Net Sales; B) Operating profit/loss (pre-tax) and C) Cash Flow.

In fiscal 2011, the Compensation Committee awarded discretionary retention bonuses to Mr. Plavan and Mr. Baker of \$89,000 each. The amount of the bonus was based on the executive's performance and the amount of discretionary bonuses paid to other NEOs in previous years. In fiscal 2012, the Board of Directors awarded a discretionary retention bonus of \$125,000 to Mr. Engle, incident to his contract extension. The amount of the bonus was based on Mr. Engle's experience and the amount of discretionary bonuses paid to the other NEOs.

Risk Assessment

We do not believe that risks arising from our compensation policies and practices are reasonably likely to have a material adverse effect on the Company. We believe our approach to goal setting and evaluation of performance results assist in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. We believe we have allocated our compensation among base salary and short-and long-term compensation opportunities in such a way as to not encourage risk-taking. The multi-year vesting of our equity awards are intended to properly account for the time horizon of risk. Our insider trading policy prohibits short selling of our Company's stock or the purchase or sale of puts or calls for speculative purposes.

Under this provision, the number of shares available to grant for awards will increase at the beginning of each fiscal year if options were granted or additional shares of common stock were issued in the preceding fiscal year.
