FORWARD LOOKING STATEMENTS

This Form 10-K contains forward-looking statements within the meaning of the federal securities laws that relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology, such as "may," "will," "should," "could," "expect," "plan," "anticipate," "believe," "estimate," "project," "predict," "intend," "potential" or "continue" or the negative of such terms or other comparable terminology, although not all forward-looking statements contain such terms. In addition, these forward-looking statements include, but are not limited to, statements regarding:

- the outcome of pending litigation;
- our ability to negotiate favorable settlements with unsecured creditors;
- our ability to successfully resolve disputed liabilities;
- our estimates or expectations of continued losses;
- our expectations regarding future income (and in particular, income from an earn-out due from affiliate) and expenses;
- our ability to raise sufficient capital; and
- our ability to continue to operate as a going concern.

These statements are only predictions. Although we believe that the expectations reflected in these forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. We are not required to and do not intend to update any of the forward-looking statements after the date of this Form 10-K or to conform these statements to actual results. In light of these risks, uncertainties and assumptions, the forward-looking events discussed in this Form 10-K might not occur. Actual results, levels of activity, performance, achievements and events may vary significantly from those implied by the forward-looking statements. A description of risks that could cause our results to vary appears under "Risk Factors" and elsewhere in this Form 10-K.

PART I

ITEM 1. BUSINESS

DESCRIPTION OF BUSINESS

As more fully discussed in the section below entitled "Sale of Tralliance and Share Issuance," on September 29, 2008, theglobe.com, inc. (the "Company" or "theglobe") consummated the sale of the business and substantially all of the assets of its Tralliance Corporation subsidiary ("Tralliance") to Tralliance Registry Management Company, LLC ("Tralliance Registry Management"), an entity controlled by Michael S. Egan, the Company's Chairman and Chief Executive Officer. As a result of and on the effective date of the sale of its Tralliance business, which was theglobe's last remaining operating business, theglobe became a "shell company," as that term is defined in Rule 12b-2 of the Exchange Act, with no material operations or assets. At the present time, theglobe has no plans to acquire or start-up any new businesses.

As part of the consideration for the sale of its Tralliance business, theglobe received earn-out rights from Tralliance Registry Management (as described below, the "Earn-Out"), which will constitute the only source of future revenue for theglobe as a shell company. It is expected that theglobe's future operating expenses as a shell company will consist of customary public company expenses, including accounting, financial reporting, legal, audit and other related public

company costs.

As of December 31, 2008, as reflected in our accompanying Consolidated Balance Sheet, our current liabilities significantly exceed our total assets. Additionally, we received a report from our independent registered public accountants, relating to our December 31, 2008 audited financial statements, containing an explanatory paragraph regarding our ability to continue as a going concern.

It is the Company's preference to avoid filing for protection under the U.S. Bankruptcy Code. However, unless the Company is successful in restructuring or settling its current liabilities and/or raising additional debt or equity securities, it may not be able to continue to operate as a going concern for any significant length of time in the future. Notwithstanding the above, theglobe currently intends to continue as a public company and make all the requisite filings under the Securities and Exchange Act of 1934.

SALE OF TRALLIANCE AND SHARE ISSUANCE

On September 29, 2008, the Company (i) sold the business and substantially all of the assets of its Tralliance Corporation subsidiary to Tralliance Registry Management and (ii) issued 229 million of its Common Stock (the “Shares”) to The Registry Management Company, LLC (“Registry Management”), (the “Purchase Transaction”). Tralliance Registry Management and Registry Management are entities directly or indirectly controlled by Michael S. Egan, our Chairman and Chief Executive Officer and principal stockholder, and each of our two remaining executive officers and Board members, Edward A. Cespedes, our President, and Robin Segaul Lebowitz, our Vice President of Finance, own a minority interest in Registry Management. After giving effect to the closing of the Purchase Transaction, and the issuance of the Shares thereunder, Mr. Egan now beneficially owns approximately 77% of the Company’s issued and outstanding Common Stock.

In connection with the Purchase Transaction, the Company received (i) consideration totaling approximately \$6.4 million which consisted of the surrender to theglobe and satisfaction of secured demand convertible promissory notes issued by theglobe and held by Registry Management in the aggregate principal amount of \$4.25 million, together with all accrued and unpaid interest of approximately \$1.3 million through the date of closing of the Purchase Transaction and satisfaction of approximately \$870 thousand in outstanding rent and miscellaneous fees due and unpaid to the Registry Management through the date of closing of the Purchase Transaction, and (ii) an earn-out equal to 10% (subject to certain minimums) of Tralliance Registry Management’s “net revenue” (as defined) derived from “.travel” names registered by Tralliance Registry Management from September 29, 2008 through May 15, 2015 (the “Earn-out”). The minimum Earn-out payable by Tralliance Registry Management to theglobe will be at least \$300 thousand in the first year of the Earn-out Agreement, increasing by \$25 thousand each subsequent year (pro-rated for the final year of the Earn-out).

Commensurate with the closing of the Purchase Transaction on September 29, 2008, the Company also entered into Termination Agreements with each of its executive officers (each a “Termination Agreement”). Pursuant to the Termination Agreements, the Company’s employment agreements with each of Michael S. Egan, Edward A. Cespedes and Robin Segaul Lebowitz, the Chief Executive Officer, President and Vice President of Finance, all dated August 1, 2003, respectively, were terminated. Notwithstanding the termination of these employment agreements, each of Messrs. Egan, Cespedes and Ms. Lebowitz remains as an officer and director of the Company.

In connection with the closing of the Purchase Transaction, the Company entered into a Master Services Agreement (“Services Agreement”) with Dancing Bear Investments, Inc. (“Dancing Bear”), an entity which is controlled by Mr. Egan. Under the terms of the Services Agreement, for a fee of \$20 thousand per month (\$240 thousand per annum), Dancing Bear will provide personnel and services to the Company so as to enable it to continue its existence as a public company without the necessity of any full-time employees of its own (after an initial transition period that ended December 31, 2008). The Services Agreement has an initial term of one year and is subject to renewal or early termination under certain events. Services under the Services Agreement include, without limitation, accounting, assistance with financial reporting, accounts payable, treasury/financial planning, record retention and secretarial and investor relations functions.

OUR FORMER INTERNET SERVICES BUSINESS

On May 9, 2005, we exercised a purchase option and acquired all of the outstanding capital stock of Tralliance. From the date of acquisition until the sale of the Tralliance business to Tralliance Registry Management on September 29, 2008, theglobe operated Tralliance as its Internet Services line of business. The following discussion of the Tralliance business and its contractual relationships relates to the period prior to such sale.

Tralliance was incorporated in 2002 to develop products and services to enhance online commerce between consumers and the travel and tourism industries, including administration of the “.travel” top-level domain. On May 5,

2005, the Internet Corporation for Assigned Names and Numbers (“ICANN”) and Tralliance entered into a contract whereby Tralliance was designated as the exclusive registry for the “.travel” top-level domain (the “Registry”) for an initial period of ten years. Renewal of the ICANN contract beyond the initial ten year term was then conditioned upon the negotiation of renewal terms reasonably acceptable to ICANN. Additionally, ICANN had the right to immediately terminate the contract in the event of a material and fundamental breach of the contract by the Registry and failure to cure such breach within thirty days of notice.

The establishment of the “.travel” top-level domain enables businesses, organizations, governmental agencies and other enterprises that operate within the travel and tourism industry to establish a unique Internet domain name from which to communicate and conduct commerce. An Internet domain name is made up of a top-level domain and a second-level domain. For example, in the domain name “companyX.travel”, “companyX” is the second-level domain and “.travel” is the top-level domain. The Registry for the “.travel” top-level domain is responsible for maintaining the master database of all second-level “.travel” domain names and their corresponding Internet Protocol (“IP”) addresses.

To facilitate the “.travel” domain name registration process, the Registry entered into contracts with a number of registrars. The registrars act as intermediaries between the Registry and customers (referred to as registrants) seeking to register “.travel” domain names. The registrars handle the billing and collection of registration fees, customer service and technical management of the registration database. Registrants can register “.travel” domain names for terms of one year (minimum) up to 10 years (maximum). For standard name registration transactions, registrars retain a portion of the registration fee collected by them as their compensation and remit the remainder, then \$80 per domain name per year, of the registration fee to the Registry.

In order to register a “.travel” domain name, a registrant must first be verified as being eligible (“authenticated”) by virtue of being a valid participant in the travel industry. Additionally, eligibility data is required to be updated and reviewed annually, subsequent to initial registration. Once authenticated, a registrant is only permitted to register “.travel” domain names that are associated with the registrant’s business or organization. The Registry entered into contracts with a number of travel associations and other independent organizations (“authentication providers”) whereby, in consideration for the payment of fixed and/or variable fees, all required authentication procedures were performed by such authentication providers. The Registry had also outsourced various other registry operations, database maintenance and policy formulation functions to certain other independent businesses or organizations in consideration for the payment of certain fixed and/or variable fees.

Commensurate with the closing of the sale of the Tralliance business to Tralliance Registry Management on September 29, 2008, all existing contracts relevant to the operation of the “.travel” registry, including the ICANN contract and contracts with entities who perform registry operations, authentication and registrar functions, were assigned by Tralliance to Tralliance Registry Management. As discussed earlier in this Report, subsequent to the sale of its Tralliance business, the Company’s sole interest in the “.travel” registry relates to the Earn-out payable from Tralliance Registry Management to the Company based upon net revenues derived from “.travel” names registered by Tralliance Registry Management from September 29, 2008 through May 5, 2015.

OUR DISCONTINUED OPERATIONS

COMPUTER GAMES BUSINESS

In February 2000, the Company entered the computer games business by acquiring Computer Games Magazine, a print publication for personal computer (“PC”) gamers; CGOnline, the online counterpart to Computer Games Magazine; and Chips & Bits, an e-commerce games distribution business. Historically, content of Computer Games Magazine and CGOnline focused primarily on the PC games market niche.

From 2001 through 2006, based upon a trend of decreasing net revenue, the profitability of our Computer Games business also decreased. Also, due in part to unsuccessful attempts to diversify and expand its business beyond games and into other areas of the entertainment industry, the Computer Games business incurred significant operating losses during 2004, 2005 and 2006.

In March 2007, management and the Board of Directors of the Company made the decision to cease all activities related to its Computer Games businesses, including discontinuing the operations of its magazine publications, game distribution business and related websites. The Company’s decision to shutdown its Computer Games businesses was based primarily on the historical losses sustained by these businesses during 2004 through 2006 and management’s expectations of continued future losses. As of December 31, 2008, all significant elements of its computer games business shutdown plan have been completed by the Company, except for the resolution and payment of remaining outstanding accounts payable, aggregating approximately \$40 thousand at December 31, 2008.

VOIP TELEPHONY SERVICES BUSINESS

In November 2002 and May 2003, the Company acquired certain Voice over Internet Protocol (“VoIP”) assets and businesses and entered the VoIP telephony market place. During the third quarter of 2003, the Company launched its first suite of consumer and business level VoIP services. The Company launched its browser-based VoIP product during the first quarter of 2004. These services allowed customers to communicate using VoIP technology for dramatically reduced pricing compared to traditional telephony networks. The services also offered traditional telephony features such as voicemail, caller ID, call forwarding, and call waiting for no additional cost to the customer, as well as incremental services that were not then supported by the public switched telephone network (“PSTN”) like the ability to use numbers remotely and voicemail to email services.

From the initial launch of its VoIP services in 2003 through 2005, the Company continued to expand its VoIP network, which was comprised of switching hardware and software, services, billing and inventory systems, and telecommunication carrier contractual relationships. During this same period of time, the Company attempted to market and distribute its VoIP retail products through various direct and indirect sales channels. None of the marketing and sales programs implemented during these years were successful in generating a significant number of customers or revenue. As a result, the capacity of the Company's VoIP network greatly exceeded its usage, and the VoIP telephony services business incurred substantial operating losses during this time period. During 2006, the Company developed and implemented a plan to reconfigure, phase out and eliminate certain components of its VoIP network in order to reduce network excess capacity and operating costs.

In March 2007, management and the Board of Directors decided to discontinue the operating, research and development activities of its VoIP telephony services business and terminate all of the remaining employees of the business. On April 2, 2007, theglobe agreed to transfer to Michael S. Egan all of its VoIP intellectual property in consideration for his agreement to provide certain security and credit enhancements in connection with the MySpace litigation Settlement Agreement (See Note 11, "Litigation," in the accompanying Notes to Consolidated Financial Statements for further discussion). The Company had previously written off the value of the VoIP intellectual property as a result of its evaluation of the VoIP telephony services business' long-lived assets in connection with the preparation of the Company's 2004 year-end consolidated financial statements. The Company's decision to discontinue the operations of its VoIP telephony services business was based primarily on the historical losses sustained by the business during 2003 through 2006, management's expectations of continued losses for the foreseeable future and estimates of the amount of capital required to attempt to successfully monetize its business. As of December 31, 2008, all significant elements of its VoIP telephony services business shutdown plan have been completed by the Company, except for the resolution of certain vendor disputes and the payment of remaining outstanding vendor payables, aggregating approximately \$1.8 million at December 31, 2008.

Results of operations for the Computer Games and VoIP telephony services businesses have been reported separately as “Discontinued Operations” in the accompanying consolidated statements of operations for all periods presented. The assets and liabilities of the computer games and VoIP telephony services businesses have been included in the captions, “Assets of Discontinued Operations” and “Liabilities of Discontinued Operations” in the accompanying consolidated balance sheets for all periods presented.

EMPLOYEES

As of March 13, 2009, we had no employees other than our executive officers. Each of our executive officers are officers or directors of other companies, certain of which have ongoing business relationships with the Company. Our executive officers currently devote very limited time to our business and receive no compensation from us.

The business of the Company is currently managed by Dancing Bear Investments, Inc., an entity which is controlled by our Chairman and Chief Executive Officer, under a Master Services Agreement entered into on September 29, 2008. Services under the Master Services Agreement include, without limitation, assistance with accounting, financial reporting, treasury/financial planning, record retention and secretarial and investor relations functions.

ITEM 1A. RISK FACTORS

In addition to the other information in this report, the following factors should be carefully considered in evaluating our business and prospects.

RISKS RELATING TO OUR BUSINESS GENERALLY

WE MAY NOT BE ABLE TO CONTINUE AS A GOING CONCERN.

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. Accordingly, the consolidated financial statements do not include any adjustments relating to the recoverability of assets and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. However, for the reasons described below, Company management does not believe that cash on hand and cash flow generated internally by the Company will be adequate to fund its limited overhead and other cash requirements beyond a short period of time. These reasons raise significant doubt about the Company’s ability to continue as a going concern.

During the years ended December 31, 2007 and 2008, the Company was able to continue operating as a going concern due principally to funding of \$1.25 million received during 2007 from the sale of secured convertible demand promissory notes (the “2007 Convertible Notes”) to an entity controlled by Michael S. Egan, its Chairman and Chief Executive Officer, additional funding of \$380 thousand provided from the sale of all of the Company’s rights related to its www.search.travel domain name and website to an entity also controlled by Mr. Egan in December 2007 and funding of \$500 thousand received during 2008 under a Revolving Loan Agreement with an entity also controlled by Mr. Egan (See Note 8, “Debt” and Note 12, “Related Party Transactions” in the accompanying Notes to Consolidated Financial Statements for further details).

At December 31, 2008, the Company had a net working capital deficit of approximately \$3.0 million, inclusive of a cash and cash equivalents balance of approximately \$90 thousand. Such working capital deficit included (i) a total of approximately \$523 thousand in principal and accrued interest owed under the aforementioned Revolving Loan Agreement to an entity controlled by Mr. Egan, and (ii) an aggregate of approximately \$2.7 million in unsecured accounts payable and accrued expenses owed to vendors and other non-related third parties (of which approximately \$1.8 million relates to liabilities of our VoIP telephony service discontinued business, with a significant portion of

such liabilities related to charges which have been disputed by theglobe). theglobe believes that its ability to continue as a going concern for any significant length of time in the future will be heavily dependent, among other things, on its ability to prevail and avoid making any payments with respect to such disputed vendor charges and/or to negotiate favorable settlements (including discounted payment and/or payment term concessions) with the aforementioned creditors.

As more fully discussed in Note 3, "Sale of Tralliance and Share Issuance" in the accompanying Notes to Consolidated Financial Statements, on September 29, 2008, the Company (i) sold the business and substantially all of the assets of its Tralliance Corporation subsidiary to Tralliance Registry Management, and (ii) issued 229 million shares of its Common Stock (the "Shares") to Registry Management (the "Purchase Transaction"). Tralliance Registry Management and Registry Management are entities controlled by Michael S. Egan. The closing of the Purchase Transaction resulted in the cancellation of all of the Company's remaining Convertible Debt, related accrued interest and rent and accounts payable owed to entities controlled by Mr. Egan as of the date of closing (totaling approximately \$6.4 million). However, the Company continues to be obligated to repay its principal borrowings totaling \$500 thousand, plus accrued interest at the rate of 10% per annum, due to an entity controlled by Mr. Egan under the aforementioned Revolving Loan Agreement. All unpaid borrowings under the Revolving Loan Agreement, including accrued interest, are due and payable by the Company in one lump sum on the earlier of (i) June 6, 2009, or (ii) the occurrence of an event of default as defined in the Revolving Loan Agreement. The Company currently has no ability to repay this loan when due. All borrowings under the Revolving Loan Agreement are secured by a pledge of all of the assets of the Company and its subsidiaries. After giving effect to the closing of the Purchase Transaction and the issuance of the Shares thereunder, Mr. Egan now beneficially owns approximately 77% of the Company's issued and outstanding Common Stock.

As additional consideration under the Purchase Transaction, Tralliance Registry Management is obligated to pay an earn-out to theglobe equal to 10% (subject to certain minimums) of Tralliance Registry Management's net revenue (as defined) derived from ".travel" names registered by Tralliance Registry Management from September 29, 2008 through May 5, 2015 (the "Earn-out"). The minimum Earn-out payable by Tralliance Registry Management to theglobe will be at least \$300 thousand in the first year, increasing by \$25 thousand in each subsequent year (pro-rated for the final year of the Earn-out).

In connection with the closing of the Purchase Transaction, the Company also entered into a Master Services Agreement with an entity controlled by Mr. Egan whereby for a fee of \$20 thousand per month (\$240 thousand per annum) such entity will provide personnel and services to the Company so as to enable it to continue its existence as a public company without the necessity of any full-time employees of its own. Additionally, commensurate with the closing of the Purchase Transaction, Termination Agreements with each of its current executive officers, which terminated their previous and then existing employment agreements, were executed. Notwithstanding the termination of these employment agreements, each of our current executive officers and directors remain as executive officers and directors of the Company.

Immediately following the closing of the Purchase Transaction, theglobe became a shell company with no material operations or assets, and no source of revenue other than under the Earn-out. It is expected that theglobe's future operating expenses as a public shell company will consist primarily of expenses incurred under the aforementioned Master Services Agreement and other customary public company expenses, including legal, audit and other miscellaneous public company costs.

Despite the significant reductions in operating and cash flow losses expected to be realized from selling its Tralliance business, and as a result of becoming a shell company, management believes that theglobe will most likely continue to incur operating and cash flow losses for the foreseeable future. However, assuming that no significant unplanned costs are incurred, management believes that theglobe's future losses will be limited. Further, in the event that Registry Management is successful in substantially increasing the net revenue derived from ".travel" name registrations (and as the result maximizing theglobe's Earn-out revenue) in the future, theglobe's prospects for achieving profitability will be enhanced.

It is the Company's preference to avoid filing for protection under the U.S. Bankruptcy Code. However, based upon the Company's current financial condition as discussed above, management believes that additional debt or equity capital will need to be raised in order for theglobe to continue to operate as a going concern. Such capital will be needed both to (i) fund expected future operating losses and (ii) repay the \$500 thousand of secured debt and related accrued interest due under the Revolving Loan Agreement and a portion of the \$2.7 million unsecured indebtedness (assuming theglobe is successful in favorably resolving and settling certain disputed and non-disputed vendor charges related to such unsecured indebtedness).

Without the infusion of additional capital and/or the continued indulgence of its creditors, management does not believe the Company will have the ability to operate as a going concern for any significant length of time beyond March 31, 2009. Any such additional capital would likely come from Mr. Egan, or affiliates of Mr. Egan, as the Company currently has no access to credit facilities and has traditionally relied upon borrowings from related parties to meet short-term liquidity needs. Any such equity capital raised would likely result in very substantial dilution in the number of outstanding shares of the Company's Common Stock. Given theglobe's current financial condition and the state of the current United States capital markets and economy, it has no current intent to seek to acquire, or start, any other business.

WE MAY NOT BE SUCCESSFUL IN SETTLING DISPUTED VENDOR CHARGES.

Our balance sheet at December 31, 2008 includes certain material estimated liabilities related to disputed vendor charges incurred primarily as the result of the failure and subsequent shutdown of our discontinued VoIP telephony services business. Although we are seeking to resolve and settle these disputed charges for amounts substantially less than recorded amounts, there can be no assurances that we will be successful in this regard. Additionally, the legal and administrative costs of resolving these disputed charges may be expensive. An adverse outcome in any of these matters could materially and adversely affect our financial position, utilize a significant portion of our cash resources and/or require additional capital to be infused into the Company, and adversely affect our ability to continue to operate as a going concern. See Note 4, "Discontinued Operations" in the Notes to Consolidated Financial Statements for future details.

OUR NET OPERATING LOSS CARRYFORWARDS MAY BE SUBSTANTIALLY LIMITED.

As of December 31, 2008, we had net operating loss carryforwards which may be potentially available for U.S. tax purposes of approximately \$166 million. These carryforwards expire through 2028. The Tax Reform Act of 1986 imposes substantial restrictions on the utilization of net operating losses and tax credits in the event of an "ownership change" of a corporation. Due to various significant changes in our ownership interests, as defined in the Internal Revenue Code of 1986, as amended, that occurred prior to December 31, 2008, we have substantially limited the availability of our net operating loss carryforwards. We believe that we have sufficient net operating loss carryforwards available to offset taxable income generated during the year ended December, 2008 (except for approximately \$15 thousand in federal alternative minimum taxes that we believe are payable and have been accrued at December 31, 2008).

OUR OFFICERS, INCLUDING OUR CHAIRMAN AND CHIEF EXECUTIVE OFFICER AND PRESIDENT HAVE OTHER INTERESTS; WE HAVE CONFLICTS OF INTEREST WITH OUR DIRECTORS; ALL OF OUR DIRECTORS ARE EMPLOYEES OR STOCKHOLDERS OF THE COMPANY OR AFFILIATES OF OUR LARGEST STOCKHOLDER.

Our Chairman and Chief Executive Officer, Mr. Michael Egan, is an officer or director of other companies. Mr. Egan became our Chief Executive Officer effective June 1, 2002. Mr. Egan is also the controlling investor of The Registry Management Company, LLC, Dancing Bear Investments, Inc., E&C Capital Partners LLLP, and E&C Capital Partners II, LLC, which are our largest stockholders. Mr. Egan is also the controlling investor of Certified Vacations Group, Inc. and Labigroup Holdings, LLC, entities which have had various ongoing business relationships with the Company. Additionally, Mr. Egan is the controlling investor of Tralliance Registry Management Company, LLC, an entity which has recently acquired our Tralliance business (see Note 3, "Sale of Tralliance and Share Issuance" in the Notes to Consolidated Financial Statements for further details).

Our President, Treasurer and Chief Financial Officer and Director, Mr. Edward A. Cespedes, is also an officer, director or shareholder of other companies, including E&C Capital Partners LLLP, E&C Capital Partners II, LLC, Labigroup Holdings LLC and The Registry Management Company, LLC. Accordingly, we must compete for his time.

Our Vice President of Finance and Director, Ms. Robin Lebowitz is also an officer of Dancing Bear Investments, Inc and director of Certified Vacations Group, Inc. She is also an officer, director or shareholder of other companies or entities controlled by Mr. Egan and Mr. Cespedes, including The Registry Management Company, LLC.

Due to the relationships with his related entities, Mr. Egan will have an inherent conflict of interest in making any decision related to transactions between the related entities and us. Furthermore, the Company's Board of Directors presently is comprised entirely of individuals which are executive officers of theglobe, and therefore are not "independent." We intend to review related party transactions in the future on a case-by-case basis.

WE CURRENTLY HAVE NO BUSINESS OPERATIONS AND ARE A SHELL COMPANY.

Immediately following the closing of the Purchase Transaction, theglobe became a shell company with no material operations or assets, and no source of revenue other than under the "net revenue" earn-out arrangement with Tralliance Registry Management. It is expected that theglobe's future operating expenses as a public shell company will consist primarily of expenses incurred under the aforementioned Master Services Agreement and other customary public company expenses, including legal, audit and other miscellaneous public company costs. Given theglobe's current financial condition and the state of the current United States capital markets and economy, the Company has no current intent to seek to acquire, or start, any other business.

RISKS RELATING TO OUR COMMON STOCK

WE ARE CONTROLLED BY OUR CHAIRMAN.

On September 29, 2008, in connection with the closing of the Purchase Transaction more fully described in Note 3, "Sale of Tralliance and Share Issuance," in the accompanying Notes to Consolidated Financial Statements, the Company issued 229 million shares of its Common Stock to Registry Management, an entity controlled by Michael S. Egan, its Chairman and Chief Executive Officer. Previously on June 10, 2008, Dancing Bear Investments, Inc., also an entity controlled by Mr. Egan, converted an aggregate of \$400 thousand of outstanding convertible secured promissory notes due to them by the Company into 40 million shares of our Common Stock. As a result of the issuance of the 269 million shares under the transactions described above, Mr. Egan's beneficial ownership has been increased to approximately 77% of the Company's issued and outstanding Common Stock. Accordingly, Mr. Egan is now in a position to control the vote on all corporate actions in the future.

DELISTING OF OUR COMMON STOCK MAKES IT MORE DIFFICULT FOR INVESTORS TO SELL SHARES.

The shares of our Common Stock were delisted from the NASDAQ national market in April 2001 and are now traded in the over-the-counter market on what is commonly referred to as the electronic bulletin board or "OTCBB." As a result, an investor may find it more difficult to dispose of or obtain accurate quotations as to the market value of the securities. The delisting has made trading our shares more difficult for investors. It has also made it more difficult for us to raise additional capital. We may also incur additional costs under state blue-sky laws if we sell equity due to our delisting.

OUR COMMON STOCK IS SUBJECT TO CERTAIN "PENNY STOCK" RULES WHICH MAY MAKE IT A LESS ATTRACTIVE INVESTMENT.

Since the trading price of our Common Stock is less than \$5.00 per share and our net tangible assets are less than \$2.0 million, trading in our Common Stock is subject to the requirements of Rule 15g-9 of the Exchange Act. Under Rule 15g-9, brokers who recommend penny stocks to persons who are not established customers and accredited investors, as defined in the Exchange Act, must satisfy special sales practice requirements, including requirements that they make an individualized written suitability determination for the purchaser; and receive the purchaser's written consent prior to the transaction. The Securities Enforcement Remedies and Penny Stock Reform Act of 1990 also requires additional disclosures in connection with any trades involving a penny stock, including the delivery, prior to any penny stock transaction, of a disclosure schedule explaining the penny stock market and the risks associated with that market. Such requirements may severely limit the market liquidity of our Common Stock and the ability of purchasers of our equity securities to sell their securities in the secondary market. For all of these reasons, an investment in our equity securities may not be attractive to our potential investors.

AS A RESULT OF THE CLOSING OF THE PURCHASE AGREEMENT, WE ARE A SHELL COMPANY AND ARE SUBJECT TO MORE STRINGENT REPORTING REQUIREMENTS AND CERTAIN RULE 144 RESTRICTIONS.

As a result of the consummation of the Purchase Transaction, we have no or nominal operations and assets, and pursuant to Rule 405 and Exchange Act Rule 12b-2, we are a shell company. Applicable securities rules prohibit shell companies from using a Form S-8 to register securities pursuant to employee compensation plans. However, the rules do not prevent us from registering securities pursuant to certain other registration statements. Additionally, Form 8-K requires shell companies to provide more detailed disclosure upon completion of a transaction that causes it to cease being a shell company. To the extent we acquire a business in the future, we must file a current report on Form 8-K containing the information required in a registration statement on Form 10, within four business days following completion of the transaction together with financial information of the private operating company. In order to assist the SEC in the identification of shell companies, we will also be required to check a box on Form 10-Q and Form 10-K indicating that we are a shell company. To the extent that we are required to comply with additional disclosure because we are a shell company, we may be delayed in executing any mergers or acquiring other assets that would cause us to cease being a shell company. In addition, the SEC adopted amendments to Rule 144 effective February 15, 2008, which do not allow a holder of restricted securities of a "shell company" to resell their securities pursuant to Rule 144. Preclusion from any prospective purchase using the exemptions from registration afforded by Rule 144 may make it more difficult for us to sell equity securities in the future.

RISK FACTORS RELATING TO THE PURCHASE TRANSACTION AND THE DISPOSITION OF THE TRALLIANCE BUSINESS

THE ANTICIPATED BENEFITS OF THE PURCHASE TRANSACTION MAY NOT BE REALIZED; WE WILL CONTINUE TO HAVE A NEED FOR CAPITAL.

As a result of the closing of the Purchase Transaction, the Company has been relieved of over \$6.4 million of obligations under convertible secured demand promissory notes and unsecured accounts payables. Additionally, the Company received Earn-out rights equal to 10% (subject to certain minimums) of Tralliance Registry Management's "net revenue" (as defined) derived from ".travel" names registeted by Tralliance Registry Management from September 29, 2008 through May 5, 2015. The minimum Earn-out payable by Tralliance Registry Management to theglobe will be at least \$300 thousand in the first year, increasing by \$25 thousand in each subsequent year (pro-rated for the final year of the Earn-out).

However, notwithstanding the fact that the Company's total liabilities have been significantly reduced as a result of the consummation of the Purchase Transaction, the Company's remaining liabilities and obligations are expected to significantly exceed its assets for the foreseeable future. Additionally, although the consummation of the Purchase Transaction is expected to significantly reduce our future losses, we expect to continue to incur operating and cash flow losses for the foreseeable future, and be dependent upon our ability to raise equity or borrow funds in order to remain in business. There can be no assurance that the Company will be successful in raising equity or borrowing funds in order to continue as a going concern. Further, as a result of the sale of its Tralliance business, the Company will no longer have any active business operations and will be a shell company with no ability to generate future revenue or profits other than through the Earn-out arrangement with Tralliance Registry Management.

ITEM 1B. UNRESOLVED STAFF COMMENTS

Not applicable.

ITEM 2. PROPERTIES

The Company does not own or lease any property. We currently use the offices of Dancing Bear Investments, Inc., an entity controlled by our Chairman, at no cost to us except for amounts included within the management services fees charged to us by Dancing Bear Investments, Inc. under the Master Services Agreement entered into on September 29, 2008.

ITEM 3. LEGAL PROCEEDINGS

On and after August 3, 2001 six putative shareholder class action lawsuits were filed against the Company, certain of its current and former officers and directors (the "Individual Defendants"), and several investment banks that were the underwriters of the Company's initial public offering and secondary offering. The lawsuits were filed in the United States District Court for the Southern District of New York. A Consolidated Amended Complaint, which is now the operative complaint, was filed in the Southern District of New York on April 19, 2002.

The lawsuit purports to be a class action filed on behalf of purchasers of the stock of the Company during the period from November 12, 1998 through December 6, 2000. The purported class action alleges violations of Sections 11 and 15 of the Securities Act of 1933 (the "1933 Act") and Sections 10(b), Rule 10b-5 and 20(a) of the Securities Exchange Act of 1934 (the "1934 Act"). Plaintiffs allege that the underwriter defendants agreed to allocate stock in the Company's initial public offering and its secondary offering to certain investors in exchange for excessive and undisclosed commissions and agreements by those investors to make additional purchases of stock in the aftermarket at pre-determined prices. Plaintiffs allege that the Prospectuses for the Company's initial public offering and its secondary offering were false and misleading and in violation of the securities laws because it did not disclose these arrangements. The action seeks damages in an unspecified amount. On October 9, 2002, the Court dismissed the Individual Defendants from the case without prejudice. This dismissal disposed of the Section 15 and 20(a) control person claims without prejudice. On December 5, 2006, the Second Circuit vacated a decision by the district court granting class certification in six of the coordinated cases, which are intended to serve as test, or "focus," cases. The plaintiffs selected these six cases, which do not include the Company. On April 6, 2007, the Second Circuit denied a petition for rehearing filed by the plaintiffs, but noted that the plaintiffs could ask the district court to certify more narrow classes than those that were rejected.

On August 14, 2007, the plaintiffs filed amended complaints in the six focus cases. The amended complaints include a number of changes, such as changes to the definition of the purported class of investors, and the elimination of the individual defendants as defendants. On September 27, 2007, the plaintiffs moved to certify a class in the six focus cases. On November 14, 2007, the issuers and the underwriters named as defendants in the six focus cases filed motions to dismiss the amended complaints against them. On March 26, 2008, the District Court dismissed the Section 11 claims of those members of the putative classes in the focus cases who sold their securities for a price in excess of the initial offering price and those who purchased outside the previously certified class period. With respect to all other claims, the motions to dismiss were denied. On October 10, 2008, at the request of the plaintiffs, the plaintiffs' motion for class certification was withdrawn, without prejudice.

The parties in the approximately 300 coordinated class actions, including theglobe.com, the underwriter defendants in the theglobe.com class action, and the plaintiff class in the theglobe.com class action, have reached an agreement in principle under which the insurers for the issuer defendants in the coordinated cases will make the settlement payment on behalf of the issuers, including theglobe.com. The settlement is subject to approval by the parties, termination by the parties under certain circumstances, and Court approval. There is no assurance that the settlement will be concluded or that the Court will approve the settlement.

Due to the inherent uncertainties of litigation, the Company cannot accurately predict the ultimate outcome of the matter. If the settlement is not concluded or approved and the Company is found liable, we are unable to estimate or

predict the potential damages that might be awarded, whether such damages would be greater than the Company's insurance coverage, and whether such damages would have a material impact on our results of operations or financial condition in any future period.

The Company is currently a party to certain other claims and disputes arising in the ordinary course of business, including certain disputes related to vendor charges incurred primarily as the result of the failure and subsequent shutdown of its discontinued VoIP telephony services business. The Company believes that it has recorded adequate accruals on its balance sheet to cover such disputed charges and is seeking to resolve and settle such disputed charges for amounts substantially less than recorded amounts. An adverse outcome in any of these matters, however, could materially and adversely effect our financial position, utilize a significant portion of our cash resources and adversely affect our ability our ability to continue as a going concern (see Note 4, "Discontinued Operations" in the accompanying Notes to Consolidated Financial Statements).

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

MARKET INFORMATION

The shares of our Common Stock trade in the over-the-counter market on what is commonly referred to as the electronic bulletin board, under the symbol "TGLO.OB". The following table sets forth the range of high and low bid prices of our Common Stock for the periods indicated as reported by the over-the-counter market (the electronic bulletin board). The quotations below reflect inter-dealer prices, without retail mark-up, mark-down or commission and may not represent actual transactions:

	2008		2007	
	High	Low	High	Low
Fourth Quarter	\$ 0.02	\$ 0.01	\$ 0.03	\$ 0.01
Third Quarter	\$ 0.03	\$ 0.01	\$ 0.05	\$ 0.02
Second Quarter	\$ 0.03	\$ 0.01	\$ 0.05	\$ 0.03
First Quarter	\$ 0.03	\$ 0.01	\$ 0.10	\$ 0.03

HOLDERS OF COMMON STOCK

We had approximately 668 holders of record of Common Stock as of March 13, 2009. This does not reflect persons or entities that hold Common Stock in nominee or "street" name through various brokerage firms.

DIVIDENDS

We have not paid any cash dividends on our Common Stock since our inception and do not intend to pay dividends in the foreseeable future. Our board of directors will determine if we pay any future dividends.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS AS OF DECEMBER 31, 2008

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans
Equity Compensation plans approved by security holders	7,923,660	\$.52	3,995,560
Equity Compensation plans not approved by security holders	7,040,000	\$.10	4,025,141
Total	14,963,660	\$.33	8,020,701

Equity compensation plans not approved by security holders consist of the following:

Edgar Filing: THEGLOBE COM INC - Form 10-K

- 1,750,000 shares of Common Stock of theglobe.com, inc., issued to Edward A. Cespedes pursuant to the Non-Qualified Stock Option Agreement dated August 12, 2002 at an exercise price of \$0.02 per share. These stock options vested immediately and have a life of ten years from date of grant.
- 2,500,000 shares of Common Stock of theglobe.com, inc., issued to Michael S. Egan pursuant to the Non-Qualified Stock Option Agreement dated August 12, 2002 at an exercise price of \$0.02 per share. These stock options vested immediately and have a life of ten years from date of grant.
- 500,000 shares of Common Stock of theglobe.com, inc., issued to Robin S. Lebowitz pursuant to the Non-Qualified Stock Option Agreement dated August 12, 2002 at an exercise price of \$0.02 per share. These stock options vested immediately and have a life of ten years from date of grant.

- In September 2003, the Company established the 2003 Sales Representative Stock Option Plan (the “2003 Plan”) and in August 2004 the Company established the 2004 Stock Incentive Plan (the “2004 Plan”). See Note 9, “Stock Option Plans” in the accompanying Notes to Consolidated Financial Statements for a description of the material features of the 2003 and 2004 Plans.

STOCK PERFORMANCE GRAPH

As a “smaller reporting company,” as defined by Rule 12b-2 of the Exchange Act, we have elected scaled disclosure reporting and therefore are not required to provide the stock performance graph.

RECENT SALES OF UNREGISTERED SECURITIES

(a) Unregistered Sales of Equity Securities.

The registrant previously reported two separate sales of unregistered equity securities that were made during the year ended December 31, 2008. The registrant reported the conversion of \$400,000 in principal amount of secured demand convertible notes into an aggregate of 40,000,000 shares of theglobe Common Stock by Dancing Bear Investments, Inc. on June 10, 2008 in its Report on Form 8-K filed on June 13, 2008. The registrant also reported the issuance of 229,000,000 shares of theglobe Common Stock to the Registry Management Company, LLC in connection with the closing of the Purchase Agreement dated June 10, 2008 by and between theglobe, its subsidiary, Tralliance Corporation and The Registry Management Company, LLC (the “Purchase Agreement”) in its Report on Form 8-K filed on October 3, 2008.

(b) Use of Proceeds from Sales of Registered Securities.

Not applicable.

ITEM 6. SELECTED FINANCIAL DATA

As a “smaller reporting company,” as defined by Rule 12b-2 of the Exchange Act, we have elected scaled disclosure reporting and therefore are not required to provide the information required by this Item.

ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

As more fully discussed in the section below entitled “Sale of Tralliance and Share Issuance,” on September 29, 2008, theglobe.com, inc. (the “Company” or “theglobe”) consummated the sale of the business and substantially all of the assets of its Tralliance Corporation subsidiary (“Tralliance”) to an entity controlled by Michael S. Egan, the Company’s Chairman and Chief Executive Officer. We acquired Tralliance on May 9, 2005 and from the date of acquisition until September 29, 2008, Tralliance operated as the registry for the “.travel” top-level Internet domain.

As part of the consideration for the sale of its Tralliance business, theglobe received earn-out rights equal to 10% of the “net revenue” derived from “.travel” names registered by the acquirer, Tralliance Registry Management, from September 29, 2008 through May 5, 2015 (the “Earn-out”). The minimum Earn-out payable to theglobe will be at least \$300 thousand in the first year following closing, increasing by \$25 thousand in each subsequent year (pro-rated for the final year of the Earn-out). Immediately following the sale of its Tralliance business, theglobe became a shell company with no material operations or assets and no source of revenue other than under the Earn-out. theglobe presently intends to continue as a public company and make all the requisite filings under the Securities and Exchange

Act of 1934. It has no current intent to seek to acquire or start any other businesses. It is expected that theglobe's future operating expenses as a public shell company will consist of customary public company expenses, including accounting, financial reporting, legal, audit and other related public company costs. For financial reporting purposes, theglobe will continue to report the financial position and results of operation of its Tralliance business as a component of its continuing operations.

In March 2007, management and the Board of Directors of the Company made the decision to cease all activities related to its computer games and VoIP telephony services businesses. Results of operations for the computer games and VoIP telephony services businesses have been reported separately as "Discontinued Operations" in the accompanying condensed consolidated statements of operations for all periods presented. The assets and liabilities of the computer games and VoIP telephony services have been included in the captions, "Assets of Discontinued Operations" and "Liabilities of Discontinued Operations" in the accompanying condensed consolidated balance sheets.

SALE OF TRALLIANCE AND SHARE ISSUANCE

On September 29, 2008, the Company (i) sold the business and substantially all of the assets of its Tralliance Corporation subsidiary to Tralliance Registry Management and (ii) issued 229 million shares of its Common Stock (the “Shares”) to Registry Management (the “Purchase Transaction”) (see Note 3, “Sale of Tralliance and Share Issuance” in the accompanying Notes to Consolidated Financial Statements). Tralliance Registry Management and Registry Management are entities directly or indirectly controlled by Michael S. Egan, our Chairman and Chief Executive Officer and principal stockholder, and each of our two remaining executive officers and Board members, Edward A. Cespedes, our President, and Robin Segaul Lebowitz, our Vice President of Finance, own a minority interest in Registry Management. After giving effect to the closing of the Purchase Transaction and the issuance of the Shares thereunder, Mr. Egan now beneficially owns approximately 77% of the Company’s issued and outstanding Common Stock.

In connection with the Purchase Transaction, the Company received (i) consideration totaling approximately \$6.4 million which consisted of the surrender to theglobe and satisfaction of secured demand convertible promissory notes issued by theglobe and held by Registry Management in the aggregate principal amount of \$4.25 million, together with all accrued and unpaid interest of approximately \$1.3 million through the date of closing of the Purchase Transaction and satisfaction of approximately \$870 thousand in outstanding rent and miscellaneous fees due and unpaid to the Registry Management through the date of closing of the Purchase Transaction, and (ii) an earn-out equal to 10% (subject to certain minimums) of Tralliance Registry Management’s “net revenue” (as defined) derived from “.travel” names registered by Tralliance Registry Management from September 29, 2008 through May 5, 2015 (the “Earn-out”). The minimum Earn-out payable by Tralliance Registry Management to theglobe will be at least \$300 thousand in the first year of the Earn-out Agreement, increasing by \$25 thousand each subsequent year (pro-rated for the final year of the Earn-out).

Commensurate with the closing of the Purchase Transaction, on September 29, 2008, the Company also entered into Termination Agreements with each of its executive officers (each a “Termination Agreement”). Pursuant to the Termination Agreements, the Company’s employment agreements with each of Michael S. Egan, Edward A. Cespedes and Robin Segaul Lebowitz, the Chief Executive Officer, President and Vice President of Finance, all dated August 1, 2003, respectively, were terminated. Notwithstanding the termination of these employment agreements, each of Messrs. Egan, Cespedes and Ms. Lebowitz remains as an officer and director of the Company.

In connection with the closing of the Purchase Transaction, the Company entered into a Master Services Agreement (“Services Agreement”) with Dancing Bear Investments, Inc. (“Dancing Bear”), an entity which is controlled by Mr. Egan. Under the terms of the Services Agreement, for a fee of \$20 thousand per month (\$240 thousand per annum), Dancing Bear will provide personnel and services to the Company so as to enable it to continue its existence as a public company without the necessity of any full-time employees of its own (after an initial transition period that ends December 31, 2008). The Services Agreement has an initial term of one year and is subject to renewal or early termination under certain events. Services under the Services Agreement include, without limitation, accounting, assistance with financial reporting, accounts payable, treasury/financial planning, record retention and secretarial and investor relations functions.

BASIS OF PRESENTATION OF CONDENSED CONSOLIDATED FINANCIAL STATEMENTS; GOING CONCERN

We received a report from our independent registered public accountants, relating to our December 31, 2008 audited financial statements, containing an explanatory paragraph regarding our ability to continue as a going concern. Management believes that the recent sale of its Tralliance business on September 29, 2008 will significantly reduce the amount of operating and cash flow losses previously sustained by the Company. However, management does not believe that the sale of its Tralliance business will in itself allow the Company to become profitable and generate

operating cash flows sufficient to fund its operations and pay its existing current liabilities (including those liabilities related to its discontinued operations) in the foreseeable future. Based upon our current cash resources and without the infusion of additional capital and/or the continued indulgence of its creditors, management does not believe the Company can operate as a going concern for any significant length of time beyond the end of March 31, 2009. See "Future and Critical Need for Capital" section of this Management's Discussion and Analysis of Financial Condition and Results of Operations for further details.

Our condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. Accordingly, our condensed consolidated financial statements do not include any adjustments relating to the recoverability of assets and classification of liabilities that might be necessary should we be unable to continue as a going concern.

Due to the Sale of our Tralliance business and Share Issuance on September 29, 2008, and the discontinuance of our computer games and VoIP telephony services businesses in March 2007, the results of our operations for the year ended December 31, 2008 and the year ended December 31, 2007 are not necessarily comparable.

YEAR ENDED DECEMBER 31, 2008 COMPARED TO YEAR ENDED DECEMBER 31, 2007

CONTINUING OPERATIONS

NET REVENUE. Net revenue totaled approximately \$3.2 million for the year ended December 31, 2008 as compared to approximately \$2.2 million for the year ended December 31, 2007, an increase of approximately \$1.0 million. The increase is primarily attributable to revenue recognized during the third quarter of the current year of approximately \$1.5 million related to the write-off of the remaining balance of deferred revenue as a result of the sale of the Company's Tralliance business on September 29, 2008. Additionally, the aforementioned Tralliance sale also resulted in no revenue being recognized during the fourth quarter of 2008 compared to revenue of approximately \$553 thousand recognized during the fourth quarter of 2007.

COST OF REVENUE. Cost of revenue totaled approximately \$233 thousand for the year ended December 31, 2008 as compared to approximately \$420 thousand for the year ended December 31, 2007, a decrease of approximately \$187 thousand. Such decrease was due primarily to cost savings resulting from performing registration eligibility verification and .travel directory hosting functions in-house rather than utilizing third party providers in 2008 compared to 2007.

SALES AND MARKETING. Sales and marketing expenses totaled approximately \$390 thousand for the year ended December 31, 2008 as compared to approximately \$1.9 million for the year ended December 31, 2007, a decrease of approximately \$1.5 million. During 2007, the Company incurred substantial sales and marketing costs related to promoting its .travel registry business in various international markets and developing its search.travel search engine business. During the fourth quarter of 2007, the majority of the Company's international marketing programs were terminated and in December 2007, the Company sold its www.search.travel business, resulting in decreases in international and search.travel sales and marketing costs of approximately \$736 thousand and approximately \$447 thousand in 2008 compared to 2007, respectively.

GENERAL AND ADMINISTRATIVE. General and administrative expenses totaled approximately \$1.6 million for the year ended December 31, 2008 as compared to approximately \$3.4 million for the year ended December 31, 2007, a decrease of approximately \$1.8 million. During 2007, the Company restructured and reduced management and administrative staff resulting in a decrease in personnel costs of approximately \$1.2 million in 2008 compared to 2007. Additionally, professional fees and travel and entertainment expenses decreased in 2008 and 2007 by approximately \$188 thousand and \$180 thousand, respectively.

RELATED PARTY TRANSACTIONS. Related party transaction expense totaled approximately \$449 thousand for the year ended December 31, 2008 as compared to approximately \$498 thousand for the year ended December 31, 2007, a decrease of approximately \$49 thousand. Such decrease was due primarily to lower related party charges for office space in 2008 versus 2007.

DEPRECIATION AND AMORTIZATION. Depreciation and amortization expense totaled approximately \$399 thousand for the year ended December 31, 2008 as compared to \$240 thousand for the year ended December 31, 2007. The \$159 thousand increase is attributable mainly to higher intangible asset amortization expense of approximately \$211 thousand recorded in the current year related primarily to the write-off of the remaining net book value of intangible assets which were deemed to have no future value as a result of the sale of the Company's Tralliance business on September 29, 2008.

GAIN ON TRALLIANCE ASSET SALE. During the year ended December 31, 2008, the Company recorded a gain of approximately \$2.5 million related to the sale of its Tralliance business on September 29, 2008.

RELATED PARTY INTEREST EXPENSE. Related party interest expense for the year ended December 31, 2008 was approximately \$359 thousand compared to \$1.6 million for the year ended December 31, 2007, a decrease of approximately \$1.3 million. During the second quarter and third quarter of 2007, a total of 1.25 million of non-cash interest expense was recorded related to the beneficial conversion features of a total of \$1.25 million in convertible promissory notes acquired by an entity controlled by its Chairman and Chief Executive Officer.

INTEREST INCOME (EXPENSE), NET. Net interest income of approximately \$3 thousand was reported for the year ended December 31, 2008 compared to total net interest income of \$58 thousand reported for the year ended December 31, 2007. As a result of the Company's net losses incurred during 2007 and 2008 the Company had a lower level of funds available for investment during the 2008 period as compared to 2007.

RELATED PARTY OTHER INCOME. Related party other income of \$75 thousand related to Earn-out payments received from Tralliance Registry Management was recognized during the year ended December 31, 2008. Related

party other income of approximately \$380 thousand related to the gain on the sale of www.search.travel to Search.Travel, LLC was recognized during the year ended December 31, 2007.

INCOME TAXES. The provision for income taxes for the year ended December 31, 2008 consists of approximately \$16 thousand in federal alternative minimum taxes recorded and accrued as of December 31, 2008 (see Note 10, "Income Taxes" in the accompanying Notes to Consolidated Financial Statements for further details.).

DISCONTINUED OPERATIONS

Income from discontinued operations before income taxes totaled approximately \$50 thousand for the year ended December 31, 2008 as compared to a loss of approximately \$729 thousand for the year ended December 31, 2007, and is summarized as follows:

	Computer Games	VoIP Telephony Services	Total
Year ended December 31, 2008:			
Net revenue	\$ 21,695	\$ —	\$ 21,695
Operating expenses	\$ 5,860	\$ 5,309	\$ 11,169
Other income, net	\$ 32,916	\$ 6,978	\$ 39,894
Income from discontinued operations before income taxes	\$ 48,751	\$ 1,669	\$ 50,420

	Computer Games	VoIP Telephony Services	Total
Year ended December 31, 2007:			
Net revenue	\$ 634,164	\$ 630	\$ 634,794
Operating expenses	\$ 783,458	\$ 707,567	\$ 1,491,025
Other income, net	\$ 34,556	\$ 92,435	\$ 126,991
Loss from discontinued operations before income taxes	\$ (114,738)	\$ (614,502)	\$ (729,240)

The results of the Company's discontinued operations for the year ended December 31, 2008 include a \$64,000 provision for income taxes related to estimated taxes due in connection with an ongoing prior year audit of a former subsidiary company. No income tax provision was recorded for the year ended December 31, 2007.

LIQUIDITY AND CAPITAL RESOURCES

FUTURE AND CRITICAL NEED FOR CAPITAL

For the reasons described below, Company management does not believe that cash on hand and cash flow generated internally by the Company will be adequate to fund its limited overhead and other cash requirements beyond a short period of time. Additionally, we have received a report from our independent registered public accountants, relating to our December 31, 2008 audited financial statements, containing an explanatory paragraph regarding our ability to continue as a going concern.

During the years ended December 31, 2007 and 2008, the Company was able to continue operating as a going concern due principally to funding of \$1.25 million received during 2007 from the sale of secured convertible demand promissory notes (the "2007 Convertible Notes") to an entity controlled by Michael S. Egan, its Chairman and Chief Executive Officer, additional funding of \$380 thousand provided from the sale of all of the Company's rights related to its www.search.travel domain name and website to an entity also controlled by Mr. Egan in December 2007 and funding of \$500 thousand received during 2008 under a Revolving Loan Agreement with an entity also controlled by Mr. Egan (See Note 8, "Debt" and Note 12, "Related Party Transactions" in the accompanying Notes to Consolidated Financial Statements for further details).

At December 31, 2008, the Company had a net working capital deficit of approximately \$3.0 million, inclusive of a cash and cash equivalents balance of approximately \$90 thousand. Such working capital deficit included (i) a total of approximately \$523 thousand in principal and accrued interest owed under the aforementioned Revolving Loan

Agreement to an entity controlled by Mr. Egan, and (ii) an aggregate of approximately \$2.7 million in unsecured accounts payable and accrued expenses owed to vendors and other non-related third parties (of which approximately \$1.8 million relates to liabilities of our VoIP telephony service discontinued business, with a significant portion of such liabilities related to charges which have been disputed by theglobe). theglobe believes that its ability to continue as a going concern for any significant length of time in the future will be heavily dependent, among other things, on its ability to prevail and avoid making any payments with respect to such disputed vendor charges and/or to negotiate favorable settlements (including discounted payment and/or payment term concessions) with the aforementioned creditors.

As more fully discussed in Note 3, "Sale of Tralliance and Share Issuance" in the accompanying Consolidated Financial Statements, on September 29, 2008, the Company (i) sold the business and substantially all of the assets of its Tralliance Corporation subsidiary to Tralliance Registry Management, and (ii) issued 229 million shares of its Common Stock (the "Shares") to Registry Management (the "Purchase Transaction"). Tralliance Registry Management and Registry Management are entities controlled by Michael S. Egan. The closing of the Purchase Transaction resulted in the cancellation of all of the Company's remaining Convertible Debt, related accrued interest and rent and accounts payable owed to entities controlled by Mr. Egan as of the date of closing (totaling approximately \$6.4 million). However, the Company continues to be obligated to repay its principal borrowings totaling \$500 thousand, plus accrued interest at the rate of 10% per annum, due to an entity controlled by Mr. Egan under the aforementioned Revolving Loan Agreement. All unpaid borrowings under the Revolving Loan Agreement, including accrued interest, are due and payable by the Company in one lump sum on the earlier of (i) June 6, 2009, or (ii) the occurrence of an event of default as defined in the Revolving Loan Agreement. The Company currently has no ability to repay this loan when due. All borrowings under the Revolving Loan Agreement are secured by a pledge of all of the assets of the Company and its subsidiaries. After giving effect to the closing of the Purchase Transaction and the issuance of the Shares thereunder, Mr. Egan now beneficially owns approximately 77% of the Company's issued and outstanding Common Stock.

As additional consideration under the Purchase Transaction, Tralliance Registry Management is obligated to pay an earn-out to theglobe equal to 10% (subject to certain minimums) of Tralliance Registry Management's net revenue (as defined) derived from ".travel" names registered by Tralliance Registry Management from September 29, 2008 through May 5, 2015 (the "Earn-out"). The minimum Earn-out payable by Tralliance Registry Management to theglobe will be at least \$300 thousand in the first year, increasing by \$25 thousand in each subsequent year (pro-rated for the final year of the Earn-out).

In connection with the closing of the Purchase Transaction, the Company also entered into a Master Services Agreement with an entity controlled by Mr. Egan whereby for a fee of \$20 thousand per month (\$240 thousand per annum) such entity will provide personnel and services to the Company so as to enable it to continue its existence as a public company without the necessity of any full-time employees of its own. Additionally, commensurate with the closing of the Purchase Transaction, Termination Agreements with each of its current executive officers, which terminated their previous and then existing employment agreements, were executed. Notwithstanding the termination of these employment agreements, each of our current executive officers and directors remain as executive officers and directors of the Company.

Immediately following the closing of the Purchase Transaction, theglobe became a shell company with no material operations or assets, and no source of revenue other than under the Earn-out. It is expected that theglobe's future operating expenses as a public shell company will consist primarily of expenses incurred under the aforementioned Master Services Agreement and other customary public company expenses, including legal, audit and other miscellaneous public company costs.

Despite the significant reductions in operating and cash flow losses expected to be realized from selling its Tralliance business, and as a result of becoming a shell company, management believes that theglobe will most likely continue to incur operating and cash flow losses for the foreseeable future. However, assuming that no significant unplanned costs are incurred, management believes that theglobe's future losses will be limited. Further, in the event that Registry Management is successful in substantially increasing net revenue derived from ".travel" name registrations (and as the result maximizing theglobe's Earn-out revenue) in the future, theglobe's prospects for achieving profitability will be enhanced.

It is the Company's preference to avoid filing for protection under the U.S. Bankruptcy Code. However, based upon the Company's current financial condition as discussed above, management believes that additional debt or equity capital will need to be raised in order for theglobe to continue to operate as a going concern. Such capital will be

needed both to (i) fund expected future operating losses and (ii) repay the \$500 thousand of secured debt and related accrued interest due under the Revolving Loan Agreement and a portion of the \$2.7 million unsecured indebtedness (assuming theglobe is successful in favorably resolving and settling certain disputed and non-disputed vendor charges related to such unsecured indebtedness).

Without the infusion of additional capital and/or the continued indulgence of its creditors, management does not believe the Company will have the ability to operate as a going concern for any significant length of time beyond March 31, 2009. Any such additional capital would likely come from Mr. Egan, or affiliates of Mr. Egan, as the Company currently has no access to credit facilities and has traditionally relied upon borrowings from related parties to meet short-term liquidity needs. Any such equity capital raised would likely result in very substantial dilution in the number of outstanding shares of the Company's Common Stock. Given theglobe's current financial condition and the state of the current United States capital markets and economy, it has no current intent to seek to acquire, or start, any other business.

CASH FLOW ITEMS

YEAR ENDED DECEMBER 31, 2008 COMPARED TO YEAR ENDED DECEMBER 31, 2007

As of December 31, 2008, theglobe had approximately \$90 thousand in cash and cash equivalents as compared to approximately \$631 thousand as of December 31, 2007. Net cash flows used in operating activities of continuing operations totaled approximately \$859 thousand and \$3.3 million, for the years ended December 31, 2008 and 2007, respectively, or a decrease of approximately \$2.4 million. Such decrease was attributable primarily to a lower net loss from continuing operations (after adjustments for the non-cash impacts attributable to the Tralliance Asset Sale in the current period and the non-cash impact related to beneficial conversion features of debt in the prior year) for the year ended December 31, 2008 compared to the year ended December 31, 2007.

Approximately \$6 thousand in net cash flows were provided from the operating activities of discontinued operations during the year ended December 31, 2008 as compared to net cash flow usage of approximately \$3.2 million during the prior year. Such decrease was attributable to the shutdown of the Company's computer games and VoIP telephony services businesses in March 2007.

Net cash flows from investing activities and net cash flows from financing activities for the year ended December 31, 2008 included allocations of \$79 thousand and \$113 thousand, respectively, related to transaction costs incurred in connection with the Purchase Transaction that was consummated on September 29, 2008. Net cash flows from investing activities for the year ended December 31, 2007 also included proceeds of \$380 thousand received from the sale of www.search.travel in December 2007 as well as aggregate proceeds received from the sale of property and equipment of discontinued operations of \$167 thousand. Net cash flows from financing activities for the year ended December 31, 2008 also included proceeds of \$500 thousand borrowed under a Revolving Loan Agreement with Dancing Bear Investments, Inc., an entity controlled by the Company Chairman and Chief Executive Officer. Net cash flows from financing activities for the year ended December 31, 2007 included proceeds of \$1.25 million related to secured demand convertible notes issued to Dancing Bear Investments, Inc.

CONTRACTUAL OBLIGATIONS

As a "smaller reporting company," as defined by Rule 12b-2 of the Exchange Act, we have elected scaled disclosure reporting and therefore are not required to provide the table required by (a)(5) of this Item.

OFF-BALANCE SHEET ARRANGEMENTS

As of December 31, 2008, we did not have any material off-balance sheet arrangements that have or are reasonably likely to have a material effect on our current or future financial condition, revenues or expenses, results of operations, liquidity, or capital resources.

EFFECTS OF INFLATION

Management believes that inflation has not had a significant effect on our results of operations during 2008 and 2007.

MANAGEMENT'S DISCUSSION OF CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of our financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. At December 31, 2008, a significant portion of our net liabilities of discontinued operations relate to charges that have been disputed by the Company and for which estimates have been required. Additionally, certain liabilities of our continuing operations, including federal and state income taxes payable, have required the use of estimates.

As more fully discussed in Note 3, "Sale of Tralliance and Share Issuance" in the accompanying Notes to Consolidated Financial Statements, significant estimates related to the fair value of the Tralliance business and theglobe's Common Stock, as of the date of closing of the Purchase Transaction, were required in order to allocate the total purchase price and related transaction costs between the Tralliance Asset Sale and the Share Issuance.

Our estimates, judgments and assumptions are continually evaluated based on available information and experience. Because of the use of estimates inherent in the financial reporting process, actual results could differ from those estimates.

Certain of our accounting policies require higher degrees of judgment than others in their application. These include revenue recognition, valuation of accounts receivable, valuation of intangible and other long-lived assets and income tax accounting. Our accounting policies and procedures related to these areas are summarized in Note 1, "Organization and Summary of Significant Accounting Policies" in the accompanying Notes to Consolidated Financial Statements.

IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS

In December 2007, the FASB issued SFAS 141R, "Business Combinations" ("SFAS 141R") which requires an acquirer to recognize the assets acquired, the liabilities assumed, and any non-controlling interest in the acquiree at the acquisition date, measured at their fair values as of that date. SFAS 141R requires, among other things, that in a business combination achieved through stages (sometimes referred to as a "step acquisition") that the acquirer recognize the identifiable assets and liabilities, as well as the non-controlling interest in the acquiree, at the full amounts of their fair values (or other amounts determined in accordance with this Statement).

SFAS 141R also requires the acquirer to recognize goodwill as of the acquisition date, measured as a residual, which in most types of business combinations will result in measuring goodwill as the excess of the consideration transferred plus the fair value of any non-controlling interest in the acquiree at the acquisition date over the fair values of the identifiable net assets acquired. SFAS 141R applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. We do not expect that the adoption of SFAS 141R will have a material impact on our financial statements.

In December 2007, the FASB issued SFAS 160, “Non-controlling Interests in Consolidated Financial Statements” (“SFAS 160”). This Statement changes the way the consolidated income statement is presented. SFAS 160 requires consolidated net income to be reported at amounts that include the amounts attributable to both the parent and the non-controlling interest. It also requires disclosure, on the face of the consolidated statement of income, of the amounts of consolidated net income attributable to the parent and to the non-controlling interest. Currently, net income attributable to the non-controlling interest generally is reported as an expense or other deduction in arriving at consolidated net income. It also is often presented in combination with other financial statement amounts. SFAS 160 results in more transparent reporting of the net income attributable to the non-controlling interest. This Statement is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008. The Company does not believe that SFAS 160 will have a material impact on its financial statements.

In February 2007, the Financial Accounting Standards Board (“FASB”) issued SFAS No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities.” SFAS No. 159 expands the scope of what entities may carry at fair value by offering an irrevocable option to record many types of financial assets and liabilities at fair value. Changes in fair value would be recorded in an entity’s income statement. This accounting standard also establishes presentation and disclosure requirements that are intended to facilitate comparisons between entities that choose different measurement attributes for similar types of assets and liabilities. SFAS No. 159 is effective for the Company on January 1, 2008. Earlier application is permitted under certain circumstances. The adoption of SFAS No. 159 did not have a material impact on the Company’s financial statements.

In September 2006, the FASB issued SFAS No. 157, “Fair Value Measurements.” This standard defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosure about fair value measurements. SFAS No. 157 applies to other accounting standards that require or permit fair value measurements. Accordingly, this statement does not require any new fair value measurement. This statement is effective for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. The adoption of SFAS No. 157 did not have a material impact on the Company’s financial statements.

In March 2008, the FASB issued Statement of Financial Accounting Standards No. 161, “Disclosures about Derivative Instruments and Hedging Activities,” (“SFAS 161”). SFAS 161 has the same scope as Statement 133 and requires enhanced disclosures about an entity’s derivative and hedging activities and thereby improves the transparency of financial reporting. This Statement is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application encouraged. This Statement encourages, but does not require, comparative disclosures for earlier periods at initial adoption. This Statement changes the disclosure requirements for derivative instruments and hedging activities. Entities are required to provide enhanced disclosures about (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations, and (c) how derivative instruments and related hedged items affect an entity’s financial position, financial performance, and cash flows. The Company does not believe that adoption of SFAS 161 will have a material impact on the Company’s consolidated financial statements.

In April 2008, the FASB issued FSP SFAS No. 142-3, “Determination of the Useful Life of Intangible Assets.” 142-3 is effective for fiscal years beginning after December 15, 2008. The Company does not believe that the implementation of this standard will have a material impact on the Company’s consolidated financial statements.

In May 2008, the FASB issued Statement of Financial Accounting Standards No. 162, “The Hierarchy of Generally Accepted Accounting Principles,” (“SFAS 162”), which identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles (GAAP) in the United States (the GAAP hierarchy). SFAS No. 162 became effective on November 15, 2008. The implementation of this standard did not have a material impact on the Company’s consolidated financial statements.

APB 14-1 "Accounting for Convertible Debt Instruments That May Be Settled in Cash Upon Conversion (Including Partial Cash Settlement)" applies to convertible debt instruments that, by their stated terms, may be settled in cash (or other assets) upon conversion, including partial cash settlement, unless the embedded conversion options is required to be separately accounted for as a derivative under FASB Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities." APB 14-1 is effective for fiscal years beginning after December 15, 2008. The Company does not believe that the implementation of this standard will have a material impact n the Company's consolidated financial statements.

EITF 07-05, "Determining Whether an Instrument (or Embedded Feature) is Indexed to an Entity's Own Stock," applies to any freestanding financial instrument or embedded feature that has all the characteristics of a derivative in FAS Statement 133, for purposes of determining whether that instrument or embedded feature qualifies for the first part of the scope exception in paragraph 11 (a) of Statement 133. This issue also applies to any freestanding financial instrument that is potentially settled in an entity's own stock, regardless of whether the instrument has all the characteristics of a derivative in paragraphs 6-9 of Statement 133, for purposes of determining whether the instrument is within the scope of EITF 00-19. EITF 07-05 is effective for fiscal years beginning after December 15, 2008. The Company does not believe that the implementation of this standard will have a material impact on the Company's consolidated financial statements.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a “smaller reporting company,” as defined by Rule 12b-2 of the Exchange Act, we have elected scaled disclosure reporting and therefore are not required to provide the information required by this Item.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Stockholders
theglobe.com, inc. and Subsidiaries

We have audited the accompanying consolidated balance sheets of theglobe.com, inc. and Subsidiaries as of December 31, 2008 and 2007, and the related consolidated statements of operations, stockholders' equity and comprehensive income (loss), and cash flows for each of the years in the two-year period ended December 31, 2008. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of theglobe.com, inc. and Subsidiaries as of December 31, 2008 and 2007, and the consolidated results of its operations and its cash flows for each of the years in the two-year period ended December 31, 2008, in conformity with accounting principles generally accepted in the United States.

The accompanying 2008 consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company has historically suffered significant net losses, has an accumulated deficit of approximately \$298 million and has sold its last remaining operating business. These factors raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

THEGLOBE.COM, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2008 and 2007

(1) ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DESCRIPTION OF THE COMPANY

theglobe.com, inc. (the “Company” or “theglobe”) was incorporated on May 1, 1995 (inception) and commenced operations on that date. Originally, theglobe.com was an online community with registered members and users in the United States and abroad. However, due to the deterioration of the online advertising market, the Company was forced to restructure and ceased the operations of its online community on August 15, 2001. The Company then sold most of its remaining online and offline properties. The Company continued to operate its Computer Games print magazine and the associated CGOnline website, as well as the e-commerce games distribution business of Chips & Bits. On June 1, 2002, Chairman Michael S. Egan and Director Edward A. Cespedes became Chief Executive Officer and President of the Company, respectively. On November 14, 2002, the Company entered into the Voice over Internet Protocol (“VoIP”) business by acquiring certain VoIP assets.

On May 9, 2005, the Company exercised an option to acquire all of the outstanding capital stock of Tralliance Corporation (“Tralliance”), an entity which had been designated as the registry for the “.travel” top-level domain through an agreement with the Internet Corporation for Assigned Names and Numbers (“ICANN”).

As more fully discussed in Note 4, “Discontinued Operations,” in March 2007, management and the Board of Directors of the Company made the decision to cease all activities related to its computer games businesses, including discontinuing the operations of its magazine publications, games distribution business and related websites. In addition, in March 2007, management and the Board of Directors of the Company decided to discontinue the operating, research and development activities of its VoIP telephony services business and terminate all of the remaining employees of that business.

On September 29, 2008, the Company sold its Tralliance business and issued 229,000,000 shares of its Common Stock to a company controlled by Michael S. Egan, the Company’s Chairman and Chief Executive Officer (see Note 3, “Sale of Tralliance and Share Issuance”). As a result of the sale of its Tralliance business, the Company became a shell company (as defined in Rule 12b-2 of the Securities and Exchange Act of 1934) with no material operations or assets. The Company presently intends to continue as a public company and make all the requisite filings under the Securities and Exchange Act of 1934. However, certain matters, as more fully discussed in Note 2, “Going Concern Considerations,” raise substantial doubt about the Company’s ability to continue as a going concern.

PRINCIPLES OF CONSOLIDATION

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries from their respective dates of acquisition. All significant intercompany balances and transactions have been eliminated in consolidation.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. These estimates and assumptions relate to estimates of

collectability of accounts receivable, the valuations of fair values of our Common Stock, options, warrants and our former Tralliance business, the impairment of long-lived assets, accounts payable and accrued expenses and other factors. Actual results could differ from those estimates. In addition, the accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business (See Note 2, "Going Concern Considerations").

CASH AND CASH EQUIVALENTS

Cash equivalents consist of money market funds and highly liquid short-term investments with qualified financial institutions. The Company considers all highly liquid securities with original maturities of three months or less to be cash equivalents.

F-8

ACCOUNTS RECEIVABLE FROM RELATED PARTIES

Accounts receivable from related parties at December 31, 2008 consists of a \$75,000 minimum Earn-out quarterly payment due from Tralliance Registry Management under an Earn-out Agreement related to the sale of the Company's Tralliance business on September 29, 2008. Such receivable was collected in full by the Company in January 2009. Accounts receivable from related parties at December 31, 2007 consists primarily of receivables totaling \$412,050 due from Labigroup Holdings, LLC in connection with a Bulk Registration Co-Marketing Agreement, which were collected in full during the first quarter of 2008 (see Note 3, "Sale of Tralliance and Share Issuance" and Note 12, "Related Party Transactions" for further details).

PREPAID EXPENSES

Prepaid expenses at December 31, 2008 consist primarily of prepaid insurance and government regulatory costs, which are amortized to expense based upon usage of the underlying service. Prepaid expenses at December 31, 2007 also consisted of fees paid to Tralliance third party service providers for various services related to domain name registrations. Such fees have been amortized to cost of revenue over the term of the related domain name registration. In connection with the Company's sale of its Tralliance business on September 29, 2008, the remaining book value of prepaid expenses related to Tralliance third party service providers fees at the date of closing, totaling \$101,308 was written off to cost of revenue during the quarter ended September 30, 2008. Additionally, a total of \$37,230 in prepaid travel costs, which were sold to the buyer of Tralliance's business, were written off and included as a component of the gain recognized on such sale.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amount of certain of the Company's financial instruments, including cash, cash equivalents, accounts receivable, accounts payable and accrued expenses, approximate their fair values at December 31, 2008 and 2007, respectively, due to their short maturities.

LONG-LIVED ASSETS

Long-lived assets, including property and equipment and intangible assets subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable, in accordance with SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." If events or changes in circumstances indicate that the carrying amount of an asset, or an appropriate grouping of assets, may not be recoverable, the Company estimates the undiscounted future cash flows to result from the use of the asset, or asset group. If the sum of the undiscounted cash flows is less than the carrying value, the Company recognizes an impairment loss, measured as the amount by which the carrying value exceeds the fair value of the assets.

Long-lived assets are stated at cost, net of accumulated depreciation and amortization. Long-lived assets are depreciated using the straight-line method over the estimated useful lives of the related assets, as follows:

	Estimated Useful Lives
Capitalized software	3 years
Equipment	3 years
Furniture and fixtures	3-7 years
Leasehold improvements	3-4 years
Intangible assets	5 years

The Company capitalizes the cost of internal-use software which has a useful life in excess of one year in accordance with Statement of Position No. 98-1, "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use." Subsequent additions, modifications, or upgrades to internal-use software are capitalized only to the extent that they allow the software to perform a task it previously did not perform. Software maintenance and training costs are expensed in the period in which they are incurred.

REVENUE RECOGNITION

Continuing Operations

Prior to the Tralliance Asset Sale the Company's revenue from continuing operations consists of registration fees for Internet domain registrations, which generally had terms of one year, but were up to ten years. Such registration fees have been reported net of transaction fees paid to an unrelated third party which served as the registry operator for the Company. Payments of registration fees had been deferred when initially received and recognized as revenue on a straight-line basis over the registrations' terms. In connection with the Company's sale of its Tralliance business on September 29, 2008, the remaining balance of deferred revenue related to such registration fees at the date of closing, totaling \$1,527,697, was written off and was included as a component of net revenue during the quarter ended September 30, 2008.

Discontinued Operations

COMPUTER GAMES BUSINESSES

Advertising revenue from the sale of print advertisements under short-term contracts in the Company's magazine publications was recognized at the on-sale date of the magazines.

Newsstand sales of the Company's magazine publications were recognized at the on-sale date of the magazines, net of provisions for estimated returns. Subscription revenue, net of agency fees, was deferred when initially received and recognized as income ratably over the subscription term.

Sales of games and related products from the Company's online store were recognized as revenue when the product was shipped to the customer. Amounts billed to customers for shipping and handling charges were included in net revenue. The Company provided an allowance for returns of merchandise sold through its online store.

VOIP TELEPHONY SERVICES

VoIP telephony services revenue represented fees charged to customers for voice services and was recognized based on minutes of customer usage or as services were provided. The Company recorded payments received in advance for prepaid services as deferred revenue until the related services were provided.

STOCK-BASED COMPENSATION

In December 2004, the FASB issued SFAS No. 123R, "Share-Based Payment." This statement is a revision of SFAS No. 123, "Accounting for Stock-Based Compensation", supersedes Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees" and amends SFAS No. 95, "Statement of Cash Flows." The statement eliminates the alternative to use the intrinsic value method of accounting that was provided in SFAS No. 123, which generally resulted in no compensation expense recorded in the financial statements related to the issuance of equity awards to employees. The statement also requires that the cost resulting from all share-based payment transactions be recognized in the financial statements. It establishes fair value as the measurement objective in accounting for share-based payment arrangements and generally requires all companies to apply a fair-value-based measurement method in accounting for share-based payment transactions with employees. The Company adopted SFAS No. 123R effective January 1, 2006, using the modified prospective application method in accordance with the statement. This application requires the Company to record compensation expense for all awards granted to employees and directors after the adoption date and for the unvested portion of awards that are outstanding at the date of adoption. The Company's consolidated financial statements as of and for the years ended December 31, 2008 and 2007, reflect the impact of SFAS No. 123R.

No stock options were granted by the Company during the year ended December 31, 2008.

During the year ended December 31, 2007, a total of 100,000 stock options were granted with a per share weighted-average fair value of \$0.07. All stock options granted during 2007 were granted at exercise prices which equaled the market price of the stock on the date of grant.

The Company estimates the fair value of each stock option at the grant date by using the Black Scholes option-pricing model using the following assumptions: no dividend yield; a risk-free interest rate based on the U.S. Treasury yield in effect at the time of grant; an expected option life based on historical and expected exercise behavior; and expected volatility based on the historical volatility of the Company's stock price, over a time period that is consistent with the expected life of the option.

INCOME TAXES

The Company accounts for income taxes using the asset and liability method. Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax bases for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the consolidated results of operations in the period that the tax change occurs. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

NET LOSS PER COMMON SHARE

The Company reports net loss per common share in accordance with SFAS No. 128, "Computation of Earnings Per Share." In accordance with SFAS 128 and the SEC Staff Accounting Bulletin No. 98, basic earnings per share is computed using the weighted average number of common shares outstanding during the period. Common equivalent shares consist of the incremental common shares issuable upon the conversion of convertible preferred stock and convertible notes (using the if-converted method), if any, and the shares issuable upon the exercise of stock options and warrants (using the treasury stock method). Common equivalent shares are excluded from the calculation if their effect is anti-dilutive.

Due to the anti-dilutive effect of potentially dilutive securities or common stock equivalents that could be issued, such securities were excluded from the diluted net income or loss calculation for all periods presented. Such potentially dilutive securities and common stock equivalents consisted of the following for the periods ended:

	December 31,	
	2008	2007
Options to purchase common stock	14,964,000	16,341,000
Common shares issuable upon conversion of Convertible Notes	—	193,000,000
Common shares issuable upon exercise of Warrants	13,439,000	16,911,000
Total	28,403,000	226,252,000

COMPREHENSIVE INCOME (LOSS)

The Company reports comprehensive income (loss) in accordance with the SFAS No. 130, "Reporting Comprehensive Income." Comprehensive income (loss) generally represents all changes in stockholders' equity during the year except those resulting from investments by, or distributions to, stockholders. The Company's comprehensive income was approximately \$2.3 million for the year ended December 31, 2008, and the Company's comprehensive loss was approximately \$6.2 million for the year ended December 31, 2007, which approximated the Company's reported net income and net loss for such periods.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In December 2007, the FASB issued SFAS 141R, "Business Combinations" ("SFAS 141R") which requires an acquirer to recognize the assets acquired, the liabilities assumed, and any non-controlling interest in the acquiree at the acquisition date, measured at their fair values as of that date. SFAS 141R requires, among other things, that in a business combination achieved through stages (sometimes referred to as a "step acquisition") that the acquirer recognize the identifiable assets and liabilities, as well as the non-controlling interest in the acquiree, at the full amounts of their fair values (or other amounts determined in accordance with this Statement).

SFAS 141R also requires the acquirer to recognize goodwill as of the acquisition date, measured as a residual, which in most types of business combinations will result in measuring goodwill as the excess of the consideration transferred plus the fair value of any non-controlling interest in the acquiree at the acquisition date over the fair values of the identifiable net assets acquired. SFAS 141R applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. We do not expect that the adoption of SFAS 141R will have a material impact on our financial statements.

In December 2007, the FASB issued SFAS 160, "Non-controlling Interests in Consolidated Financial Statements" ("SFAS 160"). This Statement changes the way the consolidated income statement is presented. SFAS 160 requires consolidated net income to be reported at amounts that include the amounts attributable to both the parent and the non-controlling interest. It also requires disclosure, on the face of the consolidated statement of income, of the amounts of consolidated net income attributable to the parent and to the non-controlling interest. Currently, net income attributable to the non-controlling interest generally is reported as an expense or other deduction in arriving at consolidated net income. It also is often presented in combination with other financial statement amounts. SFAS 160 results in more transparent reporting of the net income attributable to the non-controlling interest. This Statement is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008. The

Company does not believe that SFAS 160 will have a material impact on its financial statements.

In February 2007, the Financial Accounting Standards Board (“FASB”) issued SFAS No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities.” SFAS No. 159 expands the scope of what entities may carry at fair value by offering an irrevocable option to record many types of financial assets and liabilities at fair value. Changes in fair value would be recorded in an entity’s income statement. This accounting standard also establishes presentation and disclosure requirements that are intended to facilitate comparisons between entities that choose different measurement attributes for similar types of assets and liabilities. SFAS No. 159 is effective for the Company on January 1, 2008. Earlier application is permitted under certain circumstances. The adoption of SFAS No. 159 did not have a material impact on the Company’s financial statements.

F-11

In September 2006, the FASB issued SFAS No. 157, "Fair Value Measurements." This standard defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosure about fair value measurements. SFAS No. 157 applies to other accounting standards that require or permit fair value measurements. Accordingly, this statement does not require any new fair value measurement. This statement is effective for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. The adoption of SFAS No. 157 did not have a material impact on the Company's financial statements.

In March 2008, the FASB issued Statement of Financial Accounting Standards No. 161, "Disclosures about Derivative Instruments and Hedging Activities," ("SFAS 161"). SFAS 161 has the same scope as Statement 133 and requires enhanced disclosures about an entity's derivative and hedging activities and thereby improves the transparency of financial reporting. This Statement is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008, with early application encouraged. This Statement encourages, but does not require, comparative disclosures for earlier periods at initial adoption. This Statement changes the disclosure requirements for derivative instruments and hedging activities. Entities are required to provide enhanced disclosures about (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations, and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. The Company does not believe that adoption of SFAS 161 will have a material impact on the Company's consolidated financial statements.

In April 2008, the FASB issued FSP SFAS No. 142-3, "Determination of the Useful Life of Intangible Assets." 142-3 is effective for fiscal years beginning after December 15, 2008. The Company does not believe that the implementation of this standard will have a material impact on the Company's consolidated financial statements.

In May 2008, the FASB issued Statement of Financial Accounting Standards No. 162, "The Hierarchy of Generally Accepted Accounting Principles," ("SFAS 162"), which identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with generally accepted accounting principles (GAAP) in the United States (the GAAP hierarchy). SFAS No. 162 became effective on November 15, 2008. The implementation of this standard did not have a material impact on the Company's consolidated financial statements.

APB 14-1 "Accounting for Convertible Debt Instruments That May Be Settled in Cash Upon Conversion (Including Partial Cash Settlement)" applies to convertible debt instruments that, by their stated terms, may be settled in cash (or other assets) upon conversion, including partial cash settlement, unless the embedded conversion options is required to be separately accounted for as a derivative under FASB Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities." APB 14-1 is effective for fiscal years beginning after December 15, 2008. The Company does not believe that the implementation of this standard will have a material impact on the Company's consolidated financial statements.

EITF 07-05, "Determining Whether an Instrument (or Embedded Feature) is Indexed to an Entity's Own Stock," applies to any freestanding financial instrument or embedded feature that has all the characteristics of a derivative in FAS Statement 133, for purposes of determining whether that instrument or embedded feature qualifies for the first part of the scope exception in paragraph 11 (a) of Statement 133. This issue also applies to any freestanding financial instrument that is potentially settled in an entity's own stock, regardless of whether the instrument has all the characteristics of a derivative in paragraphs 6-9 of Statement 133, for purposes of determining whether the instrument is within the scope of EITF 00-19. EITF 07-05 is effective for fiscal years beginning after December 15, 2008. The Company does not believe that the implementation of this standard will have a material impact on the Company's consolidated financial statements.

RECLASSIFICATIONS

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation.

(2) GOING CONCERN CONSIDERATIONS

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. Accordingly, the consolidated financial statements do not include any adjustments relating to the recoverability of assets and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. However, for the reasons described below, Company management does not believe that cash on hand and cash flow generated internally by the Company will be adequate to fund its limited overhead and other cash requirements beyond a short period of time. These reasons raise significant doubt about the Company's ability to continue as a going concern.

During the years ended December 31, 2007 and 2008, the Company was able to continue operating as a going concern due principally to funding of \$1,250,000 received during 2007 from the sale of secured convertible demand promissory notes (the "2007 Convertible Notes") to an entity controlled by Michael S. Egan, its Chairman and Chief Executive Officer, additional funding of \$380,000 provided from the sale of all of the Company's rights related to its www.search.travel domain name and website to an entity also controlled by Mr. Egan in December 2007 and funding of \$500,000 received during 2008 under a Revolving Loan Agreement with an entity also controlled by Mr. Egan (See Note 8, "Debt" and Note 12, "Related Party Transactions" in the accompanying Notes to Consolidated Financial Statements for further details).

At December 31, 2008, the Company had a net working capital deficit of approximately \$3,000,000, inclusive of a cash and cash equivalents balance of approximately \$90,000. Such working capital deficit included (i) a total of approximately \$523,000 in principal and accrued interest owed under the aforementioned Revolving Loan Agreement to an entity controlled by Mr. Egan, and (ii) an aggregate of approximately \$2,700,000 in unsecured accounts payable and accrued expenses owed to vendors and other non-related third parties (of which approximately \$1,800,000 relates to liabilities of our VoIP telephony service discontinued business, with a significant portion of such liabilities related to charges which have been disputed by theglobe). theglobe believes that its ability to continue as a going concern for any significant length of time in the future will be heavily dependent, among other things, on its ability to prevail and avoid making any payments with respect to such disputed vendor charges and/or to negotiate favorable settlements (including discounted payment and/or payment term concessions) with the aforementioned creditors.

As more fully discussed in Note 3, "Sale of Tralliance and Share Issuance," on September 29, 2008, the Company (i) sold the business and substantially all of the assets of its Tralliance Corporation subsidiary to Tralliance Registry Management, and (ii) issued 229,000,000 shares of its Common Stock (the "Shares") to Registry Management (the "Purchase Transaction"). Tralliance Registry Management and Registry Management are entities controlled by Michael S. Egan. The closing of the Purchase Transaction resulted in the cancellation of all of the Company's remaining Convertible Debt, related accrued interest and rent and accounts payable owed to entities controlled by Mr. Egan as of the date of closing (totaling approximately \$6,400,000). However, the Company continues to be obligated to repay its principal borrowings totaling \$500,000, plus accrued interest at the rate of 10% per annum, due to an entity controlled by Mr. Egan under the aforementioned Revolving Loan Agreement. All unpaid borrowings under the Revolving Loan Agreement, including accrued interest, are due and payable by the Company in one lump sum on the earlier of (i) June 6, 2009, or (ii) the occurrence of an event of default as defined in the Revolving Loan Agreement. The Company currently has no ability to repay this loan when due. All borrowings under the Revolving Loan Agreement are secured by a pledge of all of the assets of the Company and its subsidiaries. After giving effect to the closing of the Purchase Transaction and the issuance of the Shares thereunder, Mr. Egan now beneficially owns approximately 77% of the Company's issued and outstanding Common Stock.

As additional consideration under the Purchase Transaction, Tralliance Registry Management is obligated to pay an earn-out to theglobe equal to 10% (subject to certain minimums) of Tralliance Registry Management's net revenue (as defined) derived from ".travel" names registered by Tralliance Registry Management from September 29, 2008 through May 5, 2015 (the "Earn-out"). The minimum Earn-out payable by Tralliance Registry Management to theglobe will be at least \$300,000 in the first year, increasing by \$25,000 in each subsequent year (pro-rated for the final year of the Earn-out).

In connection with the closing of the Purchase Transaction, the Company also entered into a Master Services Agreement with an entity controlled by Mr. Egan whereby for a fee of \$20,000 per month (\$240,000 per annum) such entity will provide personnel and services to the Company so as to enable it to continue its existence as a public company without the necessity of any full-time employees of its own. Additionally, commensurate with the closing of the Purchase Transaction, Termination Agreements with each of its current executive officers, which terminated their previous and then existing employment agreements, were executed. Notwithstanding the termination of these employment agreements, each of our current executive officers and directors remain as executive officers and directors of the Company.

Immediately following the closing of the Purchase Transaction, theglobe became a shell company with no material operations or assets, and no source of revenue other than under the Earn-out. It is expected that theglobe's future operating expenses as a public shell company will consist primarily of expenses incurred under the aforementioned Master Services Agreement and other customary public company expenses, including legal, audit and other miscellaneous public company costs.

MANAGEMENT'S PLANS

Despite the significant reductions in operating and cash flow losses expected to be realized from selling its Tralliance business, and as a result of becoming a shell company, management believes that theglobe will most likely continue to incur operating and cash flow losses for the foreseeable future. However, assuming that no significant unplanned costs are incurred, management believes that theglobe's future losses will be limited. Further, in the event that Registry Management is successful in substantially increasing net revenue derived from ".travel" name registrations (and as the result maximizing theglobe's Earn-out revenue) in the future, theglobe's prospects for achieving profitability will be enhanced.

It is the Company's preference to avoid filing for protection under the U.S. Bankruptcy Code. However, based upon the Company's current financial condition as discussed above, management believes that additional debt or equity capital will need to be raised in order for theglobe to continue to operate as a going concern. Such capital will be needed both to (i) fund expected future operating losses and (ii) repay the \$500 thousand of secured debt and related accrued interest due under the Revolving Loan Agreement and a portion of the \$2.7 million unsecured indebtedness (assuming theglobe is successful in favorably resolving and settling certain disputed and non-disputed vendor charges related to such unsecured indebtedness).

Without the infusion of additional capital and/or the continued indulgence of its creditors, management does not believe the Company will have the ability to operate as a going concern for any significant length of time beyond March 31, 2009. Any such additional capital would likely come from Mr. Egan, or affiliates of Mr. Egan, as the Company currently has no access to credit facilities and has traditionally relied upon borrowings from related parties to meet short-term liquidity needs. Any such equity capital raised would likely result in very substantial dilution in the number of outstanding shares of the Company's Common Stock. Given theglobe's current financial condition and the state of the current United States capital markets and economy, it has no current intent to seek to acquire, or start, any other business.

(3) SALE OF TRALLIANCE AND SHARE ISSUANCE

On September 29, 2008, theglobe closed upon a previously announced Purchase Agreement (the "Purchase Agreement") dated as of June 10, 2008, by and between theglobe.com, its subsidiary, Tralliance, Registry Management and Tralliance Registry Management, a wholly-owned subsidiary of Registry Management. In connection with the closing, Registry Management assigned certain of its rights and obligations with respect to the purchased assets of Tralliance to Tralliance Registry Management. Pursuant to the provisions of the Purchase Agreement, theglobe (i) issued two hundred twenty nine million (229,000,000) shares of its Common Stock (the "Shares") (the "Share Issuance") and (ii) sold the business and substantially all of the assets of its subsidiary, Tralliance to Tralliance Registry Management (the "Asset Sale" and, together with the Share Issuance, the "Sale" or "Purchase Transaction") for (i) consideration totaling approximately \$6,409,800 and consisting of surrender to theglobe and satisfaction of secured demand convertible promissory notes issued by theglobe and held by the Registry Management in the aggregate principal amount of \$4,250,000, together with all accrued and unpaid interest of approximately \$1,290,300 through the date of the closing of the Purchase Transaction and satisfaction of approximately \$869,500 in outstanding rent and miscellaneous fees due and unpaid to Registry Management through the date of closing of the Purchase Transaction, and (ii) an earn-out equal to 10% of Tralliance Registry Management's "net revenue" (as defined) derived from ".travel" names registered by Tralliance Registry Management from September 29, 2008 through May 5, 2015 (the "Earn-out"). Registry Management and Tralliance Registry Management are directly or indirectly controlled by Michael S. Egan, our Chairman and Chief Executive Officer and principal stockholder and each of our two remaining Board members own a minority interest in Registry Management. After giving effect to the closing of the Purchase Transaction, and the issuance of the Shares thereunder, Mr. Egan now beneficially owns approximately 77% of the Company's issued and outstanding Common Stock.

The consideration of \$6,409,800 received by theglobe has been allocated between the Share Issuance and the Tralliance Asset Sale based upon proportionate estimated fair values as of the date of closing of the Purchase Transaction. Additionally, transaction costs consisting primarily of legal, accounting and other professional fees, totaling approximately \$192,000, were also incurred in connection with the Purchase Transaction and allocated between the Share Issuance and the Tralliance Asset Sale on the same proportionate fair value basis. Such allocations resulted in a net allocation of approximately \$3,658,000 to the Share Issuance, which has been credited to the Company's Common Stock and additional paid in capital accounts in its Consolidated Balance Sheet as of December 31, 2008, and a net allocation of approximately \$2,560,000 to the Tralliance Asset Sale. As a result of such allocations and the related write-off of assets sold to Tralliance Registry Management of approximately \$49,000, the Company recorded a gain on the Tralliance Asset Sale of approximately \$2,511,000 in its Consolidated Statement of Operations for the year ended December 31, 2008. The Company's operating results for the year ended December 31, 2008 also reflect a net benefit of approximately \$1,176,000 related to the write-off of certain assets and liabilities, including prepaid assets, intangible assets and deferred revenue, which although not transferred to Tralliance Registry Management, were deemed to have either no future value to the Company or require no future obligations by the Company subsequent to the Tralliance Asset Sale.

Due to various factors related to the collectability of Earn-out payments from Tralliance Registry Management, including the current weak financial condition of Tralliance Registry Management, the uncertainty of its ability to become profitable in the future, and the fact that such Earn-out payments are payable to theglobe over an extended period of time (approximately 6 ½ years), no portion of the Earn-out was included in the purchase price for the Purchase Transaction. Instead, the Company intends to recognize income related to the Earn-out on a prospective basis as and to the extent that future Earn-out payment are collected. During January 2009, the Company received its initial minimum Earn-out installment payment from Tralliance Registry Management in the amount of \$75,000, which was recorded as a credit to Other Income in the Consolidated Statement of Operations for the year ended December 31, 2008.

Commensurate with the closing of the Purchase Agreement on September 29, 2008, the Company also entered into several ancillary agreements. These agreements included an Earn-out Agreement pursuant to which the aforementioned “net revenue” Earn-out would be paid (the “Earn-out Agreement”), and Termination Agreements with each of our executive officers (each a “Termination Agreement”). The minimum Earn-out amount payable under the Earn-out Agreement will be at least \$300,000 in the first year of the Earn-out Agreement increasing by \$25,000 in each subsequent year (pro-rated for the final year of the Earn-out) with incremental Earn-out payments to be determined and paid to the Company on an annual basis to the extent that 10% of Tralliance Registry Management’s “net revenue” (as defined) exceeds the minimum Earn-out amount payable for such year. Pursuant to the Termination Agreements, the Company’s employment agreements with each of Michael S. Egan, Edward A. Cespedes and Robin Segaul Lebowitz, the Company’s Chief Executive Officer, President and Vice President of Finance, all dated August 1, 2003, respectively, were terminated. Notwithstanding the termination of these employment agreements, each of Messrs. Egan, Cespedes and Ms. Lebowitz remains as an officer and director of the Company.

In connection with the closing of the Purchase Agreement, the Company also entered into a Master Services Agreement (“Services Agreement”) with Dancing Bear Investments, Inc. (“Dancing Bear”), which is controlled by Mr. Egan. Under the terms of the Services Agreement, for a fee of \$20,000 per month (\$240,000 per annum), Dancing Bear will provide personnel and services to the Company so as to enable it to continue its existence as a public company without the necessity of any full-time employees of its own (after an initial transition period that ends December 31, 2008). The Services Agreement has an initial term of one year and is subject to renewal or early termination under certain events. Services under the Services Agreement include, without limitation, accounting, assistance with financial reporting, accounts payable, treasury/financial planning, record retention and secretarial and investor relations functions. A total of \$60,667 related to the Services Agreement has been expensed during 2008, with \$40,667 of such amount remaining unpaid and accrued at December 31, 2008.

After giving effect to the closing of the Purchase Transaction, theglobe has no material operations or assets and no source of revenue other than the Earn-out. The Purchase Transaction was not intended to result in theglobe “going private” and theglobe presently intends to continue as a public company and make all requisite filings under the Securities and Exchange Act of 1934 to remain a public company.

The following unaudited pro forma condensed results of operations for the years ended December 31, 2008 and 2007 assume that the Tralliance Asset Sale and the Share Issuance occurred as of January 1, 2007. The unaudited pro forma information is not necessarily indicative of what the actual results of operations of the Company would have been had the Tralliance Asset Sale and the Share Issuance occurred on January 1, 2007, nor is it necessarily indicative of future results.

	Year ended December 31,	
	2008	2007
Net revenue from continuing operations	\$ —	\$ —
Loss from continuing operations	(255,000)	(1,586,000)
Net loss	\$ (269,000)	\$ (2,315,000)
Basic and diluted net loss per common share:		
Loss from continuing operations	\$ —	\$ —
Net loss	\$ —	\$ (0.01)

(4) DISCONTINUED OPERATIONS

In March 2007, management and the Board of Directors of the Company made the decision to cease all activities related to its Computer Games businesses, including discontinuing the operations of its magazine publications, games distribution business and related websites. The Company’s decision to shutdown its computer games businesses was based primarily on the historical losses sustained by these businesses during the recent past and management’s expectations of continued future losses. As of December 31, 2008, all significant elements of its computer games business shutdown plan have been completed by the Company, except for the resolution and payment of remaining outstanding accounts payables.

In addition, in March 2007, management and the Board of Directors of the Company decided to discontinue the operating, research and development activities of its VoIP telephony services business and terminate all of the remaining employees of the business. The Company’s decision to discontinue the operations of its VoIP telephony services business was based primarily on the historical losses sustained by the business during the past several years, management’s expectations of continued losses for the foreseeable future and estimates of the amount of capital required to attempt to successfully monetize its business. On April 2, 2007, theglobe agreed to transfer to Michael

Egan all of its VoIP intellectual property in consideration for his agreement to provide the Security in connection with the MySpace litigation Settlement Agreement (See Note 11, "Litigation," for further discussion). The Company had previously written off the value of the VoIP intellectual property as a result of its evaluation of the VoIP telephony services business' long-lived assets in connection with the preparation of the Company's 2004 year-end consolidated financial statements. As of December 31, 2008, all significant elements of its VoIP telephony services business shutdown plan have been completed by the Company, except for the resolution of certain vendor disputes and the payment of remaining outstanding vendor payables.

Results of operations for the Computer Games and VoIP telephony services businesses have been reported separately as "Discontinued Operations" in the accompanying condensed consolidated statements of operations for all periods presented. The assets and liabilities of the computer games and VoIP telephony services businesses have been included in the captions, "Assets of Discontinued Operations" and "Liabilities of Discontinued Operations" in the accompanying condensed consolidated balance sheets.

The following is a summary of the assets and liabilities of the discontinued operations of the computer games and VoIP telephony services businesses as included in the accompanying condensed consolidated balance sheets. A significant portion of the net liabilities of discontinued operations at December 31, 2008 relate to charges that have been disputed by the Company and for which estimates have been required.

	December 31, 2008	December 31, 2007
Assets:		
Computer Games		
Accounts receivable, net	\$ —	\$ 30,000
		30,000
VoIP Telephony Services		—
Net assets	\$ —	\$ 30,000
	December 31, 2008	December 31, 2007
Liabilities:		
Computer Games		
Accounts payable	\$ 35,584	\$ 35,584
Subscriber liability, net	4,971	5,397
	40,555	40,981
VoIP Telephony Services		
Accounts payable	1,565,845	1,632,653
Other accrued expenses	228,710	228,710
	1,794,555	1,861,363
Net liabilities	\$ 1,835,110	\$ 1,902,344

Summarized results of operations financial information for the discontinued operations of our computer games and VoIP telephony services businesses was as follows:

Years Ended December 31,	2008	2007
Computer Games:		
Net revenue	\$ 21,695	\$ 634,164
Income (Loss) from operations, net of tax	\$ 48,751	\$ (114,738)
VoIP Telephony Services		
Net revenue	\$ —	\$ 630
Income (Loss) from operations, net of tax	\$ 1,669	\$ (614,502)

The Company has estimated the costs expected to be incurred in shutting down its computer games and VoIP telephony services businesses and has accrued charges as of December 31, 2008, as follows:

Computer Games Division	Contract Termination Costs	Purchase Commitment	Other Costs	Total
Shut-Down costs expected to be incurred	\$ —	\$ —	\$ 24,235	\$ 24,235
Included in liabilities:				
Charged to discontinued operations	\$ 115,000	\$ 106,000	\$ 24,235	245,235
Payment of costs	—	—	(24,235)	(24,235)
Settlements credited to discontinued operations	(115,000)	(106,000)	—	(221,000)
	\$ —	\$ —	\$ —	\$ —

VoIP Telephony Services Division	Contract Termination Costs
Shut-Down costs expected to be incurred	\$ 416,466
Included in liabilities:	
Charged to discontinued operations	\$ 428,966
Payment of costs	\$ (61,000)
Settlements credited to discontinued operations	\$ (12,500)
	\$ 355,466

Net current liabilities of discontinued operations at December 31, 2008 include accounts payable and accruals totaling \$355,466 related to the estimated shut-down costs summarized above.

The results of the Company's discontinued operations for the year ended December 31, 2008 and net current liabilities of discontinued operations at December 31, 2008 include a \$64,000 provision for income taxes related to estimated taxes due in connection with an ongoing prior year audit of a former subsidiary company.

(5) PROPERTY AND EQUIPMENT

Property and equipment consisted of the following:

	December 31,	
	2008	2007
Equipment	\$ 61,117	\$ 160,810
Capitalized software costs	—	121,352
Furniture and fixtures	1,873	14,136
Leasehold improvements	2,740	7,007
	65,730	303,305
Less: Accumulated depreciation and amortization	65,730	267,557
	\$ —	\$ 35,748

In connection with the Company's sale of its Tralliance business on September 29, 2008, the remaining net book value of property and equipment sold to the buyer of Tralliance's business at the date of closing, totaling \$8,670, was written

off and included as a component of the gain recognized on such sale.

F-17

(6) INTANGIBLE ASSETS

Upon the acquisition of Tralliance on May 9, 2005, the then existing CEO and CFO of Tralliance entered into employment agreements which included certain non-compete provisions as specified by the agreements. At December 31, 2007, intangible assets consisted of the \$790,236 value assigned to the non-compete agreements less related accumulated amortization of \$421,459.

In connection with the Company's sale of its Tralliance business on September 30, 2008, the remaining net book value of the non-compete intangible asset at the date of closing, totaling \$250,241, was written off to intangible asset amortization expense. Inclusive of such write-off, intangible asset amortization expense related to the non-compete agreements totaled \$368,777 for the year ended December 31, 2008 versus \$158,047 for the year ended December 31, 2007.

(7) ACCRUED EXPENSES AND OTHER CURRENT LIABILITIES

Accrued expenses and other current liabilities consisted of the following:

	December 31,	
	2008	2007
Accrued registry transaction fees	\$ 221,512	\$ 661,637
Other	345,669	291,789
	\$ 567,181	\$ 953,426

(8) DEBT

Debt consists of notes payable due to related parties, as summarized below:

	December 31, 2008	December 31, 2007
2008 Revolving Loan Notes due to affiliates; due June 6, 2009	\$ 500,000	\$ —
2007 Convertible Notes due to affiliates; due on demand	—	1,250,000
2005 Convertible Notes due to affiliates; due on demand	—	3,400,000
	500,000	4,650,000
LESS: Short-term portion	500,000	4,650,000
Long-term portion	\$ —	\$ —

On June 6, 2008, the Company and its subsidiaries, as guarantors, entered into a Revolving Loan Agreement with Dancing Bear Investments, Inc. ("Dancing Bear"), pursuant to which Dancing Bear may loan up to \$500,000 to the Company on a revolving basis (the "Credit Line"). In connection with its entry into the Credit Line, the Company borrowed \$100,000 under the Credit Line. Subsequently, on June 19, 2008, July 10, 2008 and August 6, 2008, the Company made additional borrowings of \$100,000 each under the Credit Line. On September 3, 2008, the Company borrowed the final \$100,000 available under the Credit Line. As of December 31, 2008, outstanding principal and accrued interest of \$500,000 and \$23,233, respectively, related to this Credit Line have been reflected as current liabilities in our Consolidated Balance Sheet. All amounts under the Credit Line, including principal and accrued

interest, will become due and payable in one lump sum on the first anniversary date of the Credit Line, or sooner upon the occurrence of an event of default under the loan documentation. All funds borrowed under the Credit Line may be prepaid in whole or in part, without penalty, at any time during the term of the Credit Line. The Company currently has no ability to repay this loan when due. Dancing Bear is controlled by Michael S. Egan, our Chairman and Chief Executive Officer. In connection with the Credit Line, the Company executed and delivered a promissory note to Dancing Bear in the amount of \$500,000 bearing interest at ten percent (10%) per annum on the principal amount then outstanding. The Company's subsidiaries unconditionally guaranteed the Credit Line by entering into an Unconditional Guaranty Agreement. All amounts outstanding from time to time under the Credit Line are secured by a lien on all of the assets of the Company and its subsidiaries pursuant to a Security Agreement with Dancing Bear.

F-18

On June 10, 2008, Dancing Bear converted an aggregate of \$400,000 of then outstanding 2007 Convertible Notes due to them by the Company into an aggregate of 40,000,000 shares of the Company's Common Stock. Additionally, as more fully described in Note 3, "Sale of Tralliance and Stock Issuance," on September 29, 2008, the Company closed upon a Purchase Transaction with certain entities controlled by Mr. Egan whereby the Company (i) sold the business and substantially all of the assets of its Tralliance Corporation subsidiary and (ii) issued 229,000,000 shares of its Common Stock to such entities. As part of the consideration for the Purchase Transaction, the Company's obligation to repay all remaining outstanding principal and accrued interest due under secured demand convertible promissory notes to entities controlled by Mr. Egan through the date of closing of the Purchase Transaction, including outstanding principal and accrued interest related to the 2007 Convertible Notes of \$850,000 and \$139,850, respectively, and outstanding principal and accrued interest related to the 2005 Convertible Notes of \$3,400,000 and \$1,150,465, respectively, were terminated.

In connection with the issuance of the 2007 Convertible Notes, an aggregate of \$1,250,000 of non-cash interest expense was recognized and credited to additional paid-in capital during the year ended December 31, 2007, as a result of the beneficial conversion features of the 2007 Convertible Notes. The value attributable to the beneficial conversion features was calculated by comparing the fair value of the underlying common shares of the 2007 Convertible Notes on the date of issuance based on the closing price of theglobe's Common Stock as reflected on the OTCBB to the conversion price and was limited to the aggregate proceeds received from the issuance of the 2007 Convertible Notes.

Total related party interest expense related to the 2008 Revolving Loan Notes and the 2007 and 2005 Convertible Notes of \$358,754 and \$1,648,630 (inclusive of the \$1,250,000 of interest expense resulting from the beneficial conversion features of the 2007 Convertible Notes) was recognized during the years ended December 31, 2008 and 2007, respectively.

(9) STOCK OPTION PLANS

During 1995, the Company established the 1995 Stock Option Plan, which was amended (the "Amended Plan") by the Board of Directors in December 1996 and August 1997. Under the Amended Plan, a total of 1,582,000 common shares were reserved for issuance. Any incentive stock options granted under the Amended Plan were required to be granted at the fair market value of the Company's Common Stock at the date the option was issued.

Under the Company's 1998 Stock Option Plan (the "1998 Plan") a total of 3,400,000 common shares were reserved for issuance and provides for the grant of "incentive stock options" intended to qualify under Section 422 of the Code and stock options which do not so qualify. The granting of incentive stock options is subject to limitation as set forth in the 1998 Plan. Directors, officers, employees and consultants of the Company and its subsidiaries are eligible to receive grants under the 1998 Plan.

In January 2000, the Board adopted the 2000 Broad Based Employee Stock Option Plan (the "Broad Based Plan"). Under the Broad Based Plan, 850,000 shares of Common Stock were reserved for issuance. The intention of the Broad Based Plan is that at least 50% of the options granted will be to individuals who are not managers or officers of theglobe. In April 2000, the Company's 2000 Stock Option Plan (the "2000 Plan") was adopted by the Board of Directors and approved by the stockholders of the Company. The 2000 Plan authorized the issuance of 500,000 shares of Common Stock, subject to adjustment as provided in the 2000 Plan. The Broad Based Plan and the 2000 Plan provide for the grant of "incentive stock options" intended to qualify under Section 422 of the Code and stock options which do not so qualify. The granting of incentive stock options is subject to limitation as set forth in the Broad Based Plan and the 2000 Plan. Directors, officers, employees and consultants of the Company and its subsidiaries are eligible to receive grants under the Broad Based Plan and the 2000 Plan.

In September 2003, the Board adopted the 2003 Sales Representative Stock Option Plan (the "2003 Plan") which authorized the issuance of up to 1,000,000 non-qualified stock options to purchase the Company's Common Stock to sales representatives who are not employed by the Company or its subsidiaries. In January 2004, the Board amended the 2003 Plan to include certain employees and consultants of the Company.

The Company's Board of Directors adopted a new benefit plan entitled the 2004 Stock Incentive Plan (the "2004 Plan") on August 31, 2004. An aggregate of 7,500,000 shares of the Company's Common Stock may be issued pursuant to the 2004 Plan. Employees, consultants, and prospective employees and consultants of theglobe and its affiliates and non-employee directors of theglobe are eligible for grants of non-qualified stock options, stock appreciation rights, restricted stock awards, performance awards and other stock-based awards under the 2004 Plan.

On December 1, 2004, based upon approval of the stockholders of the Company, the 2000 Plan was amended and restated to (i) increase the number of shares reserved for issuance under the 2000 Plan by 7,500,000 shares to a total of 8,000,000 shares and (ii) to remove a previous plan provision that limited the number of options that may be awarded to any one individual.

In accordance with the provisions of the Company's stock option plans, nonqualified stock options may be granted to officers, directors, other employees, consultants and advisors of the Company. The option price for nonqualified stock options shall be at least 85% of the fair market value of the Company's Common Stock. In general, options granted under the Company's stock option plans expire after a ten-year period and in certain circumstances options, under the 1995 and 1998 plans, are subject to the acceleration of vesting. Incentive options granted to stockholders who own greater than 10% of the total combined voting power of all classes of stock of the Company must be issued at 110% of the fair market value of the stock on the date the options are granted. A committee selected by the Company's Board of Directors has the authority to approve optionees and the terms of the stock options granted, including the option price and the vesting terms. Stock option awards are generally granted with an exercise price equal to the market price of theglobe's Common Stock at the date of grant with 25% of the stock option grant vesting immediately and the remainder vesting equally over the next twelve quarters.

No stock options were granted by the Company during the year ended December 31, 2008. During the year ended December 31, 2007, a total of 100,000 stock options were granted to a consultant. No stock options were exercised during the years ended December 31, 2008 and 2007.

Stock option activity during the years ended December 31, 2007 and December 31, 2008 was as follows:

	Number of Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term	Aggregate Intrinsic Value
Outstanding at December 31, 2006	20,142,620	\$ 0.36		
Granted	100,000	0.08		
Exercised	—	—		
Canceled	(3,901,960)	0.17		
Outstanding at December 31, 2007	16,340,660	\$ 0.40	6.3 years	\$ —
Exercisable at December 31, 2007	15,800,770	\$ 0.41	6.2 years	\$ —
Options available at December 31, 2007	6,643,701			

	Number of Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term	Aggregate Intrinsic Value
Outstanding at December 31, 2007	16,340,660	\$ 0.40		
Granted	—	—		
Exercised	—	—		
Canceled	(1,377,000)	1.27		
Outstanding at December 31, 2008	14,963,660	\$ 0.33	5.3 years	\$ —
Exercisable at December 31, 2008	14,868,669	\$ 0.33	5.3 years	\$ —
Options available at December 31, 2008	8,020,701			

A total of \$21,858 and \$140,549 of employee stock compensation expense was charged to operating expenses during the years ended December 31, 2008 and 2007, respectively. Employee stock compensation expense included \$35,468 resulting from modifications made to stock option grants to accelerate vesting upon termination of employees during the year ended December 31, 2007.

Compensation cost charged to operating expenses of continuing operations in connection with stock options granted in recognition of services rendered by non-employees was \$1,704 and \$7,126 for the years ended December 31, 2008

and 2007, respectively.

At December 31, 2008, there was approximately \$7,500 of unrecognized compensation expense related to unvested stock options which is expected to be recognized over a weighted-average period of .82 years.

F-20

(10) INCOME TAXES

The provision for income taxes is summarized as follows:

	Year Ended December 31,	
	2008	2007
Continuing operations	\$ 15,675	\$ —
Discontinued operations	64,000	—
	\$ 79,675	\$ —

The provision attributable to the loss from continuing operations before income taxes was as follows:

	Year Ended December 31,	
	2008	2007
Current:		
Federal	\$ 15,000	\$ —
State	675	—
	15,675	—
Deferred:		
Federal	—	—
State	—	—
	—	—
Provision for income taxes	\$ 15,675	\$ —

The following is a reconciliation of the federal income tax provision at the federal statutory rate to the Company's tax provision attributable to continuing operations:

	Year Ended December 31,	
	2008	2007
Statutory federal income tax rate	34.00%	34.00%
Beneficial conversion interest	—	(7.84)
Nondeductible items	0.16	(0.23)
State income taxes, net of federal benefit	3.95	3.02
Change in valuation allowance	(40.43)	(29.01)
Other	3.00	0.06
Effective tax rate	0.68%	0.00%

The tax effects of temporary differences that give rise to significant portions of the deferred tax assets and deferred tax liabilities at December 31, 2008 and 2007 are presented below.

	December 31, 2008	December 31, 2007
Deferred tax assets (liabilities):		
Net operating loss carryforwards	\$ 62,869,000	\$ 63,300,000
Issuance of warrants	1,447,000	1,438,000
Allowance for doubtful accounts	11,000	13,000

Edgar Filing: THEGLOBE COM INC - Form 10-K

Inventory reserve	—	7,000
AMT tax credit	328,000	313,000
Accrued interest	—	362,000
Accrued expenses	806,000	843,000
Depreciation and amortization	37,000	(97,000)
Other	33,000	300,000
Total gross deferred tax assets	65,531,000	66,479,000
Less: valuation allowance	(65,531,000)	(66,479,000)
Total net deferred tax assets	\$ —	\$ —

F-21

Because of the Company's lack of earnings history, the net deferred tax assets have been fully offset by a 100% valuation allowance. The valuation allowance for net deferred tax assets was \$65.5 million and \$66.5 million as of December 31, 2008 and 2007, respectively. The net change in the total valuation allowance was \$948 thousand and \$1.8 million for the years ended December 31, 2008 and 2007, respectively.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets, which consist of tax benefits primarily from net operating loss carryforwards, is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment. Of the total valuation allowance of \$65.5 million as of December 31, 2008, subsequently recognized tax benefits, if any, in the amount of \$6.4 million will be applied directly to contributed capital.

At December 31, 2008, the Company had net operating loss carryforwards available for U.S. tax purposes of approximately \$166 million. These carryforwards expire through 2028. Under Section 382 of the Internal Revenue Code of 1986, as amended (the "Code"), the utilization of net operating loss carryforwards may be limited under the change in stock ownership rules of the Code. Due to various significant changes in our ownership interests, as defined in the Internal Revenue Code of 1986, as amended, the Company has substantially limited the availability of its net operating loss carryforwards. There can be no assurance that the Company will be able to avail itself of any net operating loss carryforwards.

During the year ended December 31, 2008, a provision for income taxes of \$64,000 was recorded for discontinued operations. Such provision related to the Company's estimate of amounts payable in connection with an ongoing prior year tax audit of a former subsidiary company.

(11) LITIGATION

On June 1, 2006, MySpace, Inc. ("MySpace"), a Delaware corporation, filed a lawsuit in the United States District Court for the Central District of California against theglobe.com, inc. (the "Company"). We were served with the lawsuit on June 6, 2006. MySpace alleged that the Company sent at least 100,000 unsolicited and unauthorized commercial email messages to MySpace members using MySpace user accounts improperly established by the Company, that the user accounts were used in a false and misleading fashion and that the Company's alleged activities constituted violations of the CAN-SPAM Act, the Lanham Act and California Business & Professions Code § 17529.5 (the "California Act"), as well as trademark infringement, false advertising, breach of contract, breach of the covenant of good faith and fair dealing, and unfair competition. MySpace sought monetary penalties, damages and injunctive relief for these alleged violations. It asserted entitlement to recover "a minimum of" \$62.3 million of damages, in addition to three times the amount of MySpace's actual damages and/or disgorgement of the Company's purported profits from alleged violations of the Lanham Act, punitive damages and attorneys' fees. Subsequent discovery in the case disclosed that the total number of unsolicited messages was approximately 400,000.

On February 28, 2007, the Court entered an order (the "Order") granting in part MySpace's motion for summary judgment, finding that the Company was liable for violation of the CAN-SPAM Act and the California Business & Professions Code, and for breach of contract (as embodied in MySpace's "Terms of Service" contract). The Order also upheld as valid that portion of MySpace's Terms of Service contract which provides for liquidated damages of \$50 per email message sent after March 17, 2006 in violation of such Terms. The Company estimated that approximately 110,000 of the emails in question were sent after such date, which could have resulted in damages of approximately \$5.5 million. In addition, the CAN-SPAM Act provided for statutory damages of between \$100 and \$300 per email sent in violation of the statute. Total damages under CAN-SPAM could therefore have ranged between about \$40 million to about \$120 million. In addition, under the California Act, statutory damages of \$1,000,000 "per incident"

could have been assessed.

On March 15, 2007, the Company entered into a Settlement Agreement with MySpace whereby it agreed to pay MySpace \$2,550,000 on or before April 5, 2007 in exchange for a mutual release of all claims against one another, including any claims against the Company's directors and officers. As part of the settlement, Michael Egan, the Company's CEO, who is also an affiliate of the Company, agreed to enter into an agreement with MySpace on or before April 5th pursuant to which he would, among other things, provide a letter of credit, cash or other equivalent security (collectively, "Security") in form and substance satisfactory to MySpace. Such Security was to expire and be released (and in fact did expire and was released) on the 100th day following the Company's payment of the foregoing \$2,550,000 so long as no bankruptcy petition, assignment for the benefit of creditors or like liquidation, reorganization or insolvency proceeding was instituted or filed related to the Company during such 100-day period. In accordance with SFAS No. 5, "Accounting for Contingencies," the \$2,550,000 payment required by the Settlement Agreement was accrued and has been included in current liabilities in the consolidated balance sheet as of December 31, 2006 and has been reflected as an expense of discontinued operations in the consolidated statement of operations for the year ended December 31, 2006.

F-22

On April 2, 2007, theglobe agreed to transfer to Michael Egan all of its VoIP intellectual property in consideration for his agreement to provide the Security in connection with the Settlement Agreement. On April 13, 2007, Michael Egan and an entity wholly-owned by Michael Egan, and MySpace entered into a Security Agreement, an Indemnity Agreement and an Escrow Agreement (the "Security Agreements") providing for the Security. On April 18, 2007, theglobe paid MySpace \$2,550,000 in cash as settlement of the claims. MySpace and theglobe filed a consent judgment and stipulated permanent injunction with the Court on April 19, 2007, which among other things, dismissed all claims alleged in the lawsuit with prejudice.

On and after August 3, 2001 six putative shareholder class action lawsuits were filed against the Company, certain of its current and former officers and directors (the "Individual Defendants"), and several investment banks that were the underwriters of the Company's initial public offering and secondary offering. The lawsuits were filed in the United States District Court for the Southern District of New York. A Consolidated Amended Complaint, which is now the operative complaint, was filed in the Southern District of New York on April 19, 2002.

The lawsuit purports to be a class action filed on behalf of purchasers of the stock of the Company during the period from November 12, 1998 through December 6, 2000. The purported class action alleges violations of Sections 11 and 15 of the Securities Act of 1933 (the "1933 Act") and Sections 10(b), Rule 10b-5 and 20(a) of the Securities Exchange Act of 1934 (the "1934 Act"). Plaintiffs allege that the underwriter defendants agreed to allocate stock in the Company's initial public offering and its secondary offering to certain investors in exchange for excessive and undisclosed commissions and agreements by those investors to make additional purchases of stock in the aftermarket at pre-determined prices. Plaintiffs allege that the Prospectuses for the Company's initial public offering and its secondary offering were false and misleading and in violation of the securities laws because it did not disclose these arrangements. The action seeks damages in an unspecified amount. On October 9, 2002, the Court dismissed the Individual Defendants from the case without prejudice. This dismissal disposed of the Section 15 and 20(a) control person claims without prejudice. On December 5, 2006, the Second Circuit vacated a decision by the district court granting class certification in six of the coordinated cases, which are intended to serve as test, or "focus," cases. The plaintiffs selected these six cases, which do not include the Company. On April 6, 2007, the Second Circuit denied a petition for rehearing filed by the plaintiffs, but noted that the plaintiffs could ask the district court to certify more narrow classes than those that were rejected.

On August 14, 2007, the plaintiffs filed amended complaints in the six focus cases. On September 27, 2007, the plaintiffs moved to certify a class in the six focus cases. On November 14, 2007, the issuers and the underwriters named as defendants in the six focus cases filed motions to dismiss. On March 26, 2008, the District Court dismissed the Section 11 claims of those members of the putative classes in the focus cases who sold their securities for a price in excess of the initial offering price and those who purchased outside the previously certified class period. With respect to all other claims, the motions to dismiss were denied. On October 10, 2008, at the request of the plaintiffs, the plaintiffs' motion for class certification was withdrawn, without prejudice.

The parties in the approximately 300 coordinated class actions, including theglobe.com, the underwriter defendants in the theglobe.com class action, and the plaintiff class in the theglobe.com class action, have reached an agreement in principle under which the insurers for the issuer defendants in the coordinated cases will make the settlement payment on behalf of the issuers, including theglobe.com. The settlement is subject to approval by the parties, termination by the parties under certain circumstances, and Court approval. There is no assurance that the settlement will be concluded or that the Court will approve the settlement.

Due to the inherent uncertainties of litigation, the Company cannot accurately predict the ultimate outcome of the matter. If the settlement is not concluded or approved and the Company is found liable, we are unable to estimate or predict the potential damages that might be awarded, whether such damages would be greater than the Company's insurance coverage, and whether such damages would have a material impact on our results of operations or financial

condition in any future period.

The Company is currently a party to certain other claims and disputes arising in the ordinary course of business, including certain disputes related to vendor charges incurred primarily as the result of the failure and subsequent shutdown of its discontinued VoIP telephony services business. The Company believes that it has recorded adequate accruals on its balance sheet to cover such disputed charges and is seeking to resolve and settle such disputed charges for amounts substantially less than recorded amounts. An adverse outcome in any of these matters, however, could materially and adversely effect our financial position, utilize a significant portion of our cash resources and adversely affect our ability to continue as a going concern (see Note 4, "Discontinued Operations").

(12) RELATED PARTY TRANSACTIONS

Certain directors of the Company also serve as officers and directors of and own controlling interests in Dancing Bear Investments, Inc., E&C Capital Partners LLLP, E&C Capital Partners II, LLLP, The Registry Management Company, LLC, Tralliance Registry Management Company, LLC, Labigroup Holdings, LLC and Search.Travel LLC. Dancing Bear Investments, Inc., E&C Capital Partners, LLLP and E&C Capital Partners II, LLLP are stockholders of the Company and are entities controlled by our Chairman.

F-23

As more fully discussed in Note 3, “Sale of Tralliance and Share Issuance,” on September 29, 2008, the Company (i) sold the business and substantially all of the assets of its Tralliance Corporation subsidiary to Tralliance Registry Management Company LLC (“Tralliance Registry Management”) and (ii) issued 229,000,000 shares of its Common Stock (the “Shares”) to The Registry Management Company, LLC (“Registry Management”) (the “Purchase Transaction”). Tralliance Registry Management and Registry Management are entities directly or indirectly controlled by Michael S. Egan, our Chairman and Chief Executive Officer and principal stockholder, and each of our two remaining executive officers and Board members, Edward A. Cespedes, our President, and Robin Segaul Lebowitz, our Vice President of Finance, own a minority interest in Registry Management. After giving effect to the closing of the Purchase Transaction and the issuance of the Shares thereunder, Mr. Egan now beneficially owns approximately 77% of the Company’s issued and outstanding Common Stock.

In connection with the Purchase Transaction, the Company received (i) consideration totaling approximately \$6,409,800 and consisting of the surrender to theglobe and satisfaction of secured demand convertible promissory notes issued by theglobe and held by Registry Management in the aggregate principal amount of \$4,250,000, together with all accrued and unpaid interest of approximately \$1,290,300 through the date of closing of the Purchase Transaction and satisfaction of approximately \$869,500 in outstanding rent and miscellaneous fees due and unpaid to the Registry Management through the date of closing of the Purchase Transaction, and (ii) an earn-out equal to 10% (subject to certain minimums) of Tralliance Registry Management’s “net revenue” (as defined) derived from “.travel” names registered by Tralliance Registry Management from September 29, 2008 through May 5, 2015 (the “Earn-out”). The minimum Earn-out payable by Tralliance Registry Management to theglobe will be at least \$300,000 in the first year of the Earn-out Agreement, increasing by \$25,000 each subsequent year (pro-rated for the final year of the Earn-out). During January 2009, the Company received its initial minimum Earn-out installment payment in the amount of \$75,000 from Tralliance Registry Management.

Commensurate with the closing of the Purchase Transaction, on September 29, 2008, the Company also entered into Termination Agreements with each of its executive officers (each a “Termination Agreement”). Pursuant to the Termination Agreements, the Company’s employment agreements with each of Michael S. Egan, Edward A. Cespedes and Robin Segaul Lebowitz, the Chief Executive Officer, President and Vice President of Finance, all dated August 1, 2003, respectively, were terminated. Notwithstanding the termination of these employment agreements, each of Messrs. Egan, Cespedes and Ms. Lebowitz remains as an officer and director of the Company.

In connection with the closing of the Purchase Transaction, the Company also entered into a Master Services Agreement (“Services Agreement”) with Dancing Bear Investments, Inc. (“Dancing Bear”), an entity which is controlled by Mr. Egan. Under the terms of the Services Agreement, for a fee of \$20,000 per month (\$240,000 per annum), Dancing Bear will provide personnel and services to the Company so as to enable it to continue its existence as a public company without the necessity of any full-time employees of its own. The Services Agreement has an initial term of one year and is subject to renewal or early termination under certain events. Services under the Services Agreement include, without limitation, accounting, assistance with financial reporting, accounts payable, treasury/financial planning, record retention and secretarial and investor relations functions. A total of \$60,667 related to the Services Agreement has been expensed during 2008, with \$40,667 of such amount remaining unpaid and accrued at December 31, 2008.

As more fully discussed in Note 8 “Debt,” on June 6, 2008, the Company and its subsidiaries, as guarantors, entered into a Revolving Loan Agreement with Dancing Bear, pursuant to which Dancing Bear may loan up to \$500,000 to the Company on a revolving basis (the “Credit Line”). In connection with its entry into the Credit Line, the Company borrowed \$100,000 under the Credit Line. Subsequently, on June 19, 2008, July 10, 2008 and August 6, 2008, the Company made additional borrowings of \$100,000 each under the Credit Line. On September 3, 2008, the Company borrowed the final \$100,000 available under the Credit Line. All borrowings under the Credit Line, including accrued interest on borrowed funds at the rate of 10% per annum, are due and payable in one lump sum on the first anniversary

date of the Credit Line, or June 6, 2009, or sooner upon the occurrence of an event of default under the loan documentation. All amounts outstanding from time to time under the Credit Line are secured by a lien on all of the assets of the Company and its subsidiaries.

Also, as more fully described in Note 8, "Debt," on June 10, 2008 Dancing Bear converted an aggregate of \$400,000 of outstanding 2007 Convertible Notes due to them by the Company into an aggregate of 40,000,000 shares of the Company's Common Stock.

On December 20, 2007, Tralliance entered into a Bulk Registration Co-Marketing Agreement (the "Co-Marketing Agreement") with Labigroup Holdings, LLC ("Labigroup"), under Tralliance's bulk purchase program. Labigroup is a private entity controlled by the Company's Chairman and our remaining directors own a minority interest in Labigroup. Under the Co-Marketing Agreement, Labigroup committed to purchase a predetermined minimum number of ".travel" domain names on a bulk basis from an accredited ".travel" registrar of its own choosing and to establish a predetermined minimum number of related ".travel" websites. As consideration for the ".travel" domain names to be purchased under the Co-Marketing Agreement, Labigroup agreed to pay certain fixed fees and make certain other payments including, but not limited to, an ongoing royalty calculated as a percentage share of its net revenue, as defined in the Co-Marketing Agreement (the "Labigroup Royalties"), to Tralliance. The Co-Marketing Agreement has an initial term which expires September 30, 2010 after which it may be renewed for successive periods of two and three years, respectively. During the years ended December 31, 2007 and 2008, Labigroup registered a total of 164,708 and 10,595 ".travel" domain names under the Co-Marketing Agreement, respectively. During the years ended December 31, 2007 and 2008, Labigroup paid a total of \$262,500 and \$454,430 in fees and costs to Tralliance under the Co-Marketing Agreement, respectively. Such amounts, which are equal to the amount of incremental fees and costs incurred by Tralliance in registering these bulk purchase names, have been treated as a reimbursement of these incremental fees and costs in the Company's financial statements. As part of the sale of its Tralliance business on September 29, 2008, all of the Company's rights and obligations under the Co-Marketing Agreement were assigned to Tralliance Registry Management.

On December 13, 2007, the Company entered into and closed an Assignment, Conveyance and Bill of Sale Agreement with Search.Travel, LLC (“Search.Travel”). Pursuant to this agreement, Tralliance sold all of its rights relating to the www.search.travel domain name, website and related assets to Search.Travel for a purchase price of \$380,000, which was paid in cash at the closing date. Search.Travel is a private entity controlled by the Company’s Chairman, of which our remaining directors also own a minority interest. The purchase price was determined by the Board of Directors taking into account the valuation given to the assets by an independent investment banking firm. A gain on the sale of Search.Travel in the amount of \$379,791 was recognized and has been included within Other Income in the Consolidated Statement of Operations for the year ended December 31, 2007.

On May 29, 2007, Dancing Bear entered into a note purchase agreement (the “2007 Agreement”) with the Company pursuant to which Dancing Bear acquired a secured demand convertible promissory note (the “2007 Convertible Note”) in the amount of \$250,000. Under the terms of the 2007 Agreement, Dancing Bear was granted the optional right, for a period of 180 days from the date of the 2007 Agreement, to purchase additional 2007 Convertible Notes such that the aggregate principal amount issued under the 2007 Agreement could total \$3,000,000. On June 25, 2007, July 19, 2007 and September 6, 2007, Dancing Bear acquired additional 2007 Convertible Notes in the principal amounts of \$250,000, \$500,000 and \$250,000 respectively. Interest associated with the 2007 Convertible Notes of approximately \$81,250 and \$58,600 was charged to expense during the years ended December 31, 2008 and 2007, respectively. As more fully discussed in Note 8 “Debt,” the Company’s obligation to repay the remaining \$850,000 in principal (after the conversion of \$400,000 of debt on June 10, 2008) and \$139,850 of accrued interest related to the 2007 Convertible Notes was terminated on September 29, 2008 in connection with the consummation of the Purchase Transaction.

On April 2, 2007, theglobe agreed to transfer to Michael Egan all of its VoIP intellectual property in consideration for his agreement to provide certain security and credit enhancements in connection with the MySpace litigation Settlement Agreement (See Note 11, “Litigation”, for further discussion). The Company had previously written off the value of the VoIP intellectual property as a result of its evaluation of the VoIP telephony services business’ long-lived assets in connections with the preparation of the Company’s 2004 year-end consolidated financial statements.

Several entities controlled by the Company’s Chairman and Chief Executive Officer (the “Related Entities”) have provided services to the Company, including: the lease of office space; and the outsourcing of customer services, human resources and payroll processing functions. During the years ended December 31, 2008 and 2007, approximately \$354,000 and \$473,000 of expense related to these services was recorded, respectively. In connection with the Purchase Transaction discussed above and in Note 3, “Sale of Tralliance and Share Issuance,” all of the receivables owed by the Company to the Related Entities as of the date of closing of the Purchase Transaction, totaling \$869,500, were assigned and contributed to Registry Management, who then surrendered their right to receive payment for such obligations from the Company as part of the consideration for the Purchase Transaction.

An entity owned solely by the sister of the Company’s President, Treasurer and Chief Financial Officer and Director provided certain administrative services to the Company. During the years ended December 31, 2008 and 2007, \$33,350 and \$11,250 of expense related to these services was recorded, respectively.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A (T). CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure (1) that information required to be disclosed by us in the reports we file or submit under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's ("SEC") rules and forms, and (2) that this information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost benefit relationship of possible controls and procedures.

Our Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of our disclosure controls and procedures as of December 31, 2008. Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer have concluded that our disclosure controls and procedures are effective in alerting them in a timely manner to material information regarding us (including our consolidated subsidiaries) that is required to be included in our periodic reports to the SEC.

Management's Annual Report on Internal Control and Financial Reporting

The Company's management, under the supervision of the Chief Executive Officer and the Chief Financial Officer, is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rules 13a - 15(f) and 15d - 15(f) under the Exchange Act). Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with GAAP. Internal control over financial reporting includes policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with existing policies or procedures may deteriorate.

Under the supervision of the Chief Executive Officer and the Chief Financial Officer, the Company's management conducted an evaluation of the Company's internal control over financial reporting as of December 31, 2008 in accordance with the interpretive guidance published in the SEC's "Commission Guidance Regarding Management's Report on Internal Control Over Financial Reporting Under Section 13(a) or 15(d) of the Securities Exchange Act of 1934" dated and effective on June 27, 2007. Such evaluation was based on the framework and criteria established in "Internal Control - Integrated Framework" issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). Based upon this evaluation and management's assessment, management has concluded that internal control over financial reporting was effective as of December 31, 2008.

Because we are a smaller public company, we are not yet required to provide an independent public accountant's attestation report covering our assessment of internal control over financial reporting. At the present time, such attestation report will be first required in connection with our annual report as of December 31, 2009.

Changes in Internal Control over Financial Reporting

Our management, with the participation of our Chief Executive Officer, have evaluated any change in our internal control over financial reporting that occurred during the quarter ended December 31, 2008 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting, and have determined there to be no reportable changes.

ITEM 9B. OTHER INFORMATION

None.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

The following table sets forth the names, ages and current positions with the Company held by our Directors and Executive Officers. There is no immediate family relationship between or among any of the Directors or Executive Officers, and the Company is not aware of any arrangement or understanding between any Director or Executive Officer and any other person pursuant to which he was elected to his current position. Each of the following persons are Directors of the Company.

NAME	AGE	POSITION OR OFFICE WITH THE COMPANY	DIRECTOR SINCE
Michael S. Egan	68	Chairman and Chief Executive Officer	1997
Edward A. Cespedes	43	President, Treasurer and Chief Financial Officer and Director	1997
Robin S. Lebowitz	44	Vice President of Finance and Director	2001

Michael S. Egan. Michael Egan has served as theglobe's Chairman since 1997 and as its Chief Executive Officer since June 1, 2002. Since 1996, Mr. Egan has been the controlling investor of Dancing Bear Investments, Inc., a privately held investment company. Additionally, Mr. Egan is the controlling investor of E&C Capital Partners LLLP and E&C Capital Partners II, LLLP, privately held investment partnerships, and Search.Travel, LLC, Labigroup Holdings, LLC, The Registry Management Company, LLC and Tralliance Registry Management, LLC, entities that are involved in the Internet domain name registration business. Mr. Egan is also Chairman of Certified Vacations, a privately held wholesale travel company which was founded in 1980. Certified Vacations specializes in designing, marketing and delivering vacation packages. Mr. Egan spent over 30 years in the rental car business. He began with Alamo Rent-A-Car in 1973, became an owner in 1979, and became Chairman and majority owner from January 1986 until November 1996 when he sold the company to AutoNation. In 2000, AutoNation spun off the rental division, ANC Rental Corporation (Other OTC: ANCXZ.PK), and Mr. Egan served as Chairman until October 2003. Prior to acquiring Alamo, he held various administration positions at Yale University and taught at the University of Massachusetts at Amherst. Mr. Egan is a graduate of Cornell University where he received his Bachelor's degree in Hotel Administration.

Edward A. Cespedes. Edward Cespedes has served as a director of theglobe since 1997, as President of theglobe since June 1, 2002 and as Treasurer and Chief Financial Officer of theglobe since February 1, 2005. Mr. Cespedes is also the President of E&C Capital Ventures, Inc., the general partner of E&C Capital Partners LLLP and an executive officer and director of Search.Travel, LLC, Labigroup Holdings, LLC, The Registry Management Company, LLC and Tralliance Registry Management Company, LLC. Mr. Cespedes served as the Vice Chairman of Prime Ventures, LLC, from May 2000 to February 2002. From August 2000 to August 2001, Mr. Cespedes served as the President of

the Dr. Koop Lifecare Corporation and was a member of the Company's Board of Directors from January 2001 to December 2001. From 1996 to 2000, Mr. Cespedes was a Managing Director of Dancing Bear Investments, Inc. Concurrent with his position at Dancing Bear Investments, Inc., from 1998 to 2000, Mr. Cespedes also served as Vice President for corporate development for theglobe where he had primary responsibility for all mergers, acquisitions, and capital markets activities. In 1996, prior to joining Dancing Bear Investments, Inc., Mr. Cespedes was the Director of Corporate Finance for Alamo Rent-A-Car. From 1988 to 1996, Mr. Cespedes worked in the Investment Banking Division of J.P. Morgan and Company, where he most recently focused on mergers and acquisitions. In his capacity as a venture capitalist, Mr. Cespedes has served as a member of the board of directors of various portfolio companies. Mr. Cespedes is the founder of the Columbia University Hamilton Associates, a foundation for university academic endowments. In 1988 Mr. Cespedes received a Bachelor's degree in International Relations from Columbia University.

Robin S. Lebowitz. Robin Lebowitz has served as a director of theglobe since December 2001, as Secretary of theglobe since June 1, 2002, and as Vice President of Finance of theglobe since February 23, 2004. Ms. Lebowitz also served as Treasurer of theglobe from June 1, 2002 until February 23, 2004 and as Chief Financial Officer of theglobe from July 1, 2002 until February 23, 2004. Ms. Lebowitz has worked in various capacities for the Company's Chairman, Michael Egan, for fifteen years. She is the Controller/Managing Director of Dancing Bear Investments, Inc., Mr. Egan's privately held investment management and holding company, and is an executive officer of Search.Travel, LLC, Labigroup Holdings, LLC, The Registry Management Company, LLC and Tralliance Registry Management Company, LLC. Previously, Ms. Lebowitz served on the Board of Directors of theglobe from August 1997 to October 1998. At Alamo Rent-A-Car, she served as Financial Assistant to the Chairman (Mr. Egan). Prior to joining Alamo, Ms. Lebowitz was the Corporate Tax Manager at Blockbuster Entertainment Group where she worked from 1991 to 1994. From 1986 to 1989, Ms. Lebowitz worked in the audit and tax departments of Arthur Andersen & Co. Ms. Lebowitz received a Bachelor of Science in Economics from the Wharton School of the University of Pennsylvania; a Masters in Business Administration from the University of Miami and is a Certified Public Accountant.

INVOLVEMENT IN CERTAIN LEGAL PROCEEDINGS

None.

COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT

Section 16(a) of the Securities and Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent (10%) of a registered class of our equity securities, to file certain reports regarding ownership of, and transactions in, our securities with the SEC and with The NASDAQ Stock Market, Inc. Such officers, directors, and 10% stockholders are also required to furnish theglobe with copies of all Section 16(a) forms that they file.

Based solely on our review of copies of Forms 3 and 4 and any amendments furnished to us pursuant to Rule 16a-3(e) and any written representations referred to in Item 405(b)(2)(i) of Regulation S-K stating that no Forms 5 were required, we believe that, during the 2008 fiscal year, our officers, directors and all persons owning more than 10% of a registered class of our equity securities have complied with all Section 16(a) applicable filing requirements.

CODE OF ETHICS

The Company has adopted a Code of Ethics applicable to its officers, including its principal executive officer, principal financial officer, principal accounting officer or controller and any other persons performing similar functions. The Code of Ethics will be provided free of charge by the Company to interested parties upon request. Requests should be made in writing and directed to the Company at the following address: 110 East Broward Boulevard; Suite 1400; Fort Lauderdale, Florida 33301.

BOARD MEETINGS AND COMMITTEES OF THE BOARD

Including unanimous written actions of the Board, the Board of Directors met 6 times in 2008. No incumbent director who was on the Board for the entire year attended less than 75% of the total number of all meetings of the Board and any committees of the Board on which he or she served, if any, during 2008.

The Board of Directors has a standing Audit and Compensation Committee but no standing Nominating Committee.

Audit Committee. The Audit Committee, which was formed in July 1998, reviews, acts on and reports to the Board of Directors with respect to various auditing and accounting matters, including the selection of our independent auditors, the scope of the annual audits, fees to be paid to the auditors, the performance of our auditors and our accounting practices and internal controls. The Audit Committee operates pursuant to a written charter, as amended, adopted by the Board of Directors on June 12, 2000. The current members of the Audit Committee are Messrs. Egan and Cespedes and Ms. Lebowitz, all of whom are employee directors. None of the current committee members are considered “independent” within the meaning of applicable NASD rules. Ms. Lebowitz serves as the “audit committee financial expert” within the meaning of applicable SEC rules, but is not considered “independent” within the meaning of applicable NASD rules. Including unanimous written actions of the Committee, the Audit Committee held 3 meetings in 2008.

Compensation Committee . The Compensation Committee, which did not meet in 2008, (including unanimous written actions of the Committee), establishes salaries, incentives and other forms of compensation for officers and other employees of theglobe. The Compensation Committee (as well as the entire Board of Directors) also approves option grants under all of our outstanding stock based incentive plans. The current members of the Compensation Committee are Messrs. Egan and Cespedes.

Nominating Committee . The Board of Directors does not have a separate nominating committee. Rather, the entire Board of Directors acts as nominating committee. Based on the Company's Board currently consisting only of employee directors, the Board of Directors does not believe the Company would derive any significant benefit from a separate nominating committee. Due primarily to their status as employees of the Company, none of the members of the Board are "independent" as defined in the NASD listing standards. The Company does not have a Nominating Committee charter.

In recommending director candidates in the future (including director candidates recommended by stockholders), the Board intends to take into consideration such factors as it deems appropriate based on the Company's current needs. These factors may include diversity, age, skills, decision-making ability, inter-personal skills, experience with businesses and other organizations of comparable size, community activities and relationships, and the interrelationship between the candidate's experience and business background, and other Board members' experience and business background, whether such candidate would be considered "independent", as such term is defined in the NASD listing standards, as well as the candidate's ability to devote the required time and effort to serve on the Board.

The Board will consider for nomination by the Board director candidates recommended by stockholders if the stockholders comply with the following requirements. Under our By-Laws, if a stockholder wishes to nominate a director at the Annual Meeting, we must receive the stockholder's written notice not less than 60 days nor more than 90 days prior to the date of the annual meeting, unless we give our stockholders less than 70 days' notice of the date of our Annual Meeting. If we provide less than 70 days' notice, then we must receive the stockholder's written notice by the close of business on the 10th day after we provide notice of the date of the Annual Meeting. The notice must contain the specific information required in our By-Laws. A copy of our By-Laws may be obtained by writing to the Corporate Secretary. If we receive a stockholder's proposal within the time periods required under our By-Laws, we may choose, but are not required, to include it in our proxy statement. If we do, we may tell the other stockholders what we think of the proposal, and how we intend to use our discretionary authority to vote on the proposal. All proposals should be made in writing and sent via registered, certified or express mail, to our executive offices, 110 East Broward Boulevard, Suite 1400, Fort Lauderdale, Florida 33301, Attention: Robin S. Lebowitz, Corporate Secretary.

Shareholder Communications with the Board of Directors. Any shareholder who wishes to send communications to the Board of Directors should mail them addressed to the intended recipient by name or position in care of: Corporate Secretary, theglobe.com, inc., 110 East Broward Boulevard, Suite 1400, Fort Lauderdale, Florida, 33301. Upon receipt of any such communications, the Corporate Secretary will determine the identity of the intended recipient and whether the communication is an appropriate shareholder communication. The Corporate Secretary will send all appropriate shareholder communications to the intended recipient. An "appropriate shareholder communication" is a communication from a person claiming to be a shareholder in the communication, the subject of which relates solely to the sender's interest as a shareholder and not to any other personal or business interest.

In the case of communications addressed to the Board of Directors, the Corporate Secretary will send appropriate shareholder communications to the Chairman of the Board. In the case of communications addressed to any particular directors, the Corporate Secretary will send appropriate shareholder communications to such director. In the case of communications addressed to a committee of the Board, the Corporate Secretary will send appropriate shareholder communications to the Chairman of such committee.

ATTENDANCE AT ANNUAL MEETINGS

The Board of Directors encourages, but does not require, its directors to attend the Company's annual meeting of stockholders. The Company did not hold an annual meeting last year.

ITEM 11. EXECUTIVE COMPENSATION

OVERVIEW

As more fully discussed in Note 3, "Sale of Tralliance and Share Issuance" of the accompanying Notes to Consolidated Financial Statements, on September 29, 2008 the Company sold its last remaining operating business, Tralliance. Commensurate with the sale of its Tralliance business on September 29, 2008, the Company also entered into Termination Agreements with each of its Named Executive Officers (each a "Termination Agreement"). Pursuant to the Termination Agreements, the Company's employment agreements with each of Michael S. Egan, Edward A. Cespedes and Robin S. Lebowitz, the Company's Chief Executive Officer, President and Vice President of Finance, all dated August 1, 2003, respectively, were terminated. Notwithstanding the termination of these employment agreements, each of Messrs Egan and Cespedes and Ms. Lebowitz remain in their previous positions as officers and directors of the Company, however they now receive no compensation from the Company. Additionally, on September 29, 2008 the Company entered into a Master Services Agreement with Dancing Bear Investments, Inc., an entity controlled by our Chairman Michael S. Egan, to provide management resources and other services to the

Company.

EMPLOYMENT AGREEMENTS

On August 1, 2003, we entered into separate employment agreements with each of our named executive officers, each of which was terminated on September 29, 2008. The employment agreements with the Chief Executive Officer and President each provided for an annual base salary of \$250,000 with eligibility to receive annual increases as determined in the sole discretion of the Board of Directors and an annual cash bonus, which would be awarded upon the achievement of specified pre-tax operating income, not to be less than \$50,000 per year. Effective October 1, 2007, these employment agreements were amended so as to irrevocably terminate the Company's obligation to pay guaranteed annual minimum bonuses of \$50,000 to these officers in the future. The employment agreement, as amended, with the Vice President of Finance currently provided for an annual base salary of \$140,000 and a discretionary annual cash bonus, awarded at the discretion of the Board of Directors.

Additionally, each of the employment agreements with the named executive officers provided for (i) employment as one of our executives; (ii) participation in all welfare, benefit and incentive plans, including equity based compensation plans, offered to senior management; and (iii) a term of employment which commenced on August 1, 2003 through the first anniversary thereof, and which automatically extends for one day each day unless either the Company or the executive provides written notice to the other not to further extend. Each of the employment agreements also provided for payments to be made to the executive officers if they were terminated "without cause" or if the executive terminated with "good reason," or in the event that the executive officer's employment was terminated as a result of disability or death, or in the event of a change in control of the Company.

As discussed earlier, the Company's August 1, 2003 employment agreements (as amended) with Messrs Egan and Cespedes and Ms. Lebowitz were terminated on September 29, 2008.

SUMMARY COMPENSATION TABLE

The following table sets forth information concerning compensation for services in all capacities awarded to, earned by or paid by us to those persons serving as the principal executive officer and principal financial officer at any time during the last calendar year and our other executive officer for the years ended December 31, 2008 and 2007 (collectively, the "Named Executive Officers"):

Name and Principal Position	Year		Salary (\$)	Bonus (\$)	Option Awards (2) (\$)	All Other (3) (\$)	Total (\$)
Michael S. Egan, Chairman, Chief Executive Officer (4)	2008	(1)	193,678	0	0	496	194,174
	2007		250,000	0	0	1,163	251,163
Edward A. Cespedes, President, Treasurer and Chief Financial Officer (5)	2008	(1)	193,678	0	0	15,036	208,713
	2007		250,000	0	0	16,418	266,418
Robin S. Lebowitz, Former Chief Financial Officer; Vice President of Finance (6)	2008	(1)	108,459	2,500	0	14,602	125,561
	2007		140,000	0	0	15,182	155,182

(1) Reflects amounts awarded to, earned by or paid by us through September 29, 2008, the termination date of the Employment Agreements with the Named Executive Officers.

(2) No stock options were granted to any of the Named Executive Officers during 2008 or 2007.

(3) Other compensation includes the cost of life, disability and accidental death and dismemberment insurance premiums paid on behalf of the Named Executive Officers. In the case of the President and Vice President of Finance other compensation also includes the cost of medical and dental insurance coverage for the named executive officer, their spouse and dependents, as applicable.

(4) Mr. Egan became an executive officer in July 1998. We began paying Mr. Egan a base salary in July 2003. The amount reported in 2008 includes \$107,139 of accrued and unpaid salary.

(5) Cespedes became President in June 2002 and Treasurer and Chief Financial Officer in February 2005.

(6) Ms. Lebowitz became an officer of the Company in June 2002 and Chief Financial Officer in July 2002. In February 2004, Ms. Lebowitz resigned her position as Chief Financial Officer and became Vice President of Finance.

OUTSTANDING EQUITY AWARDS AT FISCAL 2008 YEAR-END

Name	Number of Securities		Option Exercise Price (\$)	Option Expiration Date
	Underlying Exercisable (#)	Unexercised Options (1) Unexercisable (#)		
Michael S. Egan	70,000	—	\$ 15.75	1/6/2009

	400,000	—	0.12	4/7/2015
	100,000	—	0.14	8/16/2016

(1) All stock option awards included in the above table are fully vested. None of the Named Executive Officers exercised any stock options during the year ended December 31, 2008.

COMPENSATION OF DIRECTORS

Directors who are also our employees receive no compensation for serving on our Board or committees. We reimburse non-employee directors for all travel and other expenses incurred in connection with attending Board and committee meetings. Non-employee directors are also eligible to receive automatic stock option grants under our 1998 Stock Option Plan, as amended and restated. As of December 31, 2008 there were no directors who met this definition.

Each director who becomes an eligible non-employee director for the first time receives an initial grant of options to acquire 25,000 shares of our Common Stock. In addition, each eligible non-employee director will receive an annual grant of options to acquire 7,500 shares of our Common Stock on the first business day following each annual meeting of stockholders that occurs while the 1998 Stock Option Plan or 2000 Stock Option Plan is in effect. These stock options will be granted with per share exercise prices equal to the fair market value of our common stock as of the

date of grant.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth certain information regarding beneficial ownership of our Common Stock as of March 10, 2009 (except as otherwise indicated) by (i) each person who owns beneficially more than 5% of our Common Stock, (ii) each of our directors, (iii) each of our "Named Executive Officers" and (iv) all directors and executive officers as a group. A total of 441,484,838 shares of theglobe's Common Stock were issued and outstanding on March 10, 2009.

The amounts and percentage of common stock beneficially owned are reported on the basis of regulations of the Securities and Exchange Commission ("SEC") governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a "beneficial owner" of a security if that person has or shares "voting power," which includes the power to vote or to direct the voting of such security, or "investment power," which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Under these rules, more than one person may be deemed a beneficial owner of the same securities and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. Unless otherwise indicated below, the address of each person named in the table below is in care of theglobe.com, inc., P.O. Box 029006, Fort Lauderdale, Florida 33302.

DIRECTORS, NAMED EXECUTIVE OFFICERS AND 5% STOCKHOLDERS	SHARES BENEFICIALLY OWNED		
	NUMBER	PERCENT	TITLE OF CLASS
Dancing Bear Investments, Inc. (1)	48,303,148	10.9%	Common
Michael S. Egan (1)(2)(6)(7)(8)(9)	350,449,034	76.7%	Common
Edward A. Cespedes (3)	4,157,500	*	Common
Robin S. Lebowitz (4)	1,134,080	*	Common
Carl Ruderman (5)	10,000,000	2.2%	Common
E&C Capital Partners, LLLP (6)(8)	48,469,012	10.7%	Common
E&C Capital Partners II, LLLP(7)	6,000,000	1.4%	Common
The Registry Management Company, LLC (9)	229,000,000	51.9%	Common
All directors and executive officers as a group (3 persons)	355,740,614	76.9 %	Common

* less than 1%

(1) Mr. Egan owns Dancing Bear Investments, Inc.

(2) Includes the shares that Mr. Egan is deemed to beneficially own as the controlling investor of Dancing Bear Investments, Inc., E&C Capital Partners, LLLP, and E&C Capital Partners II, LLLP and as the Trustee of the Michael S. Egan Grantor Retained Annuity Trusts for the benefit of his children. Also includes (i) 5,345,000 shares of our Common Stock issuable upon exercise of options that are currently exercisable; (ii) 3,541,337 shares of our Common Stock held by Mr. Egan's wife, as to which he disclaims beneficial ownership; and (iii) 204,082 shares of our Common Stock issuable upon exercise of warrants at \$1.22 per share owned by Mr. Egan and his wife.

(3) Consists of 4,157,500 shares of our Common Stock issuable upon exercise of options that are currently exercisable.

(4) Consists of 1,134,080 shares of our Common Stock issuable upon exercise of options that are currently exercisable.

(5) Consists of 10,000,000 shares of Common Stock issuable upon the exercise of warrants at \$0.15 per share.

(6) E&C Capital Partners, LLLP is a privately held investment vehicle controlled by our Chairman, Michael S. Egan. Our President, Edward A. Cespedes, has a minority, non-controlling interest in E&C Capital Partners, LLLP. Includes 10,000,000 shares of Common Stock if and to the extent issued upon exercise of the warrants described in footnote (5) over which E&C holds an irrevocable proxy pursuant to the Stockholders' Agreement described in footnote (8) below.

(7) E&C Capital Partners II, LLLP is a privately held investment vehicle controlled by our Chairman, Michael S. Egan.

(8) In connection with certain Marketing Services Agreements entered with Universal Media of Miami, Inc. and Trans Digital Media, LLC on November 22, 2006, the Company entered into a warrant purchase agreement with Carl Ruderman, the controlling shareholder of such entities. In connection with the issuance of the warrants, Mr. Ruderman entered into a Stockholders' Agreement with our Chairman and Chief Executive Officer, Michael S. Egan, our President, Edward A. Cespedes, and certain of their affiliates. Pursuant to the Stockholders' Agreement, Mr. Ruderman granted an irrevocable proxy over the shares issuable upon exercise of the warrants to E&C Capital Partners, LLLP and granted a right of first refusal over his shares to all of the other parties to the Stockholders' Agreement. Mr. Ruderman also agreed to sell his shares under certain circumstances in which the other parties to the Stockholders' Agreement have agreed to sell their respective shares. Mr. Ruderman was granted the right to participate in certain sales of the Company's Common Stock by the other parties to the Stockholders' Agreement. The amount set forth in the table includes 10,000,000 shares of Common Stock if and to the extent issued upon exercise of the warrants described in footnote (5) over which E&C holds such irrevocable proxy.

(9) The Registry Management Company, LLC is a privately held investment vehicle controlled by our Chairman, Michael S. Egan. Our President, Edward A. Cespedes and our Vice President of Finance, Robin S. Lebowitz, have minority, non-controlling interests in The Registry Management Company, LLC.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Transactions with Related Persons .

Certain directors of the Company also serve as officers and directors of and own controlling interests in Dancing Bear Investments, Inc., E&C Capital Partners LLLP, E&C Capital Partners II, LLLP, The Registry Management Company, LLC, Tralliance Registry Management Company, LLC, Labigroup Holdings, LLC and Search.Travel LLC. Dancing Bear Investments, Inc., E&C Capital Partners, LLLP and E&C Capital Partners II, LLLP are stockholders of the Company and are entities controlled by our Chairman.

As more fully discussed in Note 3, "Sale of Tralliance and Share Issuance," in the accompanying Notes to Consolidated Financial Statements on September 29, 2008, the Company closed upon a definitive agreement whereby it (i) sold the business and substantially all of the assets of its Tralliance Corporation subsidiary to Tralliance Registry Management Company LLC ("Tralliance Registry Management") and (ii) issued 229,000,000 shares of its Common Stock (the "Shares") to The Registry Management Company, LLC ("Registry Management") (the "Purchase Transaction"). Tralliance Registry Management and Registry Management are entities directly or indirectly controlled by Michael S. Egan, our Chairman and Chief Executive Officer and principal stockholder, and each of our two remaining executive officers and Board members, Edward A. Cespedes, our President, and Robin Segaul Lebowitz, our Vice President of Finance, own a minority interest in Registry Management. After giving effect to the closing of the Purchase Transaction and the issuance of the Shares thereunder, Mr. Egan now beneficially owns approximately 77% of the Company's issued and outstanding Common Stock.

In connection with the Purchase Transaction, the Company received (i) consideration totaling approximately \$6,409,800 and consisting of the surrender to theglobe and satisfaction of secured demand convertible promissory notes issued by theglobe and held by Registry Management in the aggregate principal amount of \$4,250,000, together with all accrued and unpaid interest of approximately \$1,290,300 through the date of closing of the Purchase Transaction and satisfaction of approximately \$869,500 in outstanding rent and miscellaneous fees due and unpaid to the Registry Management through the date of closing of the Purchase Transaction, and (ii) an earn-out equal to 10% (subject to certain minimums) of Tralliance Registry Management's "net revenue" (as defined) derived from ".travel" names registered by Tralliance Registry Management from September 29, 2008 through May 5, 2015 (the "Earn-out"). The minimum Earn-out payable by Tralliance Registry Management to theglobe will be at least \$300,000 in the first year of the Earn-out Agreement, increasing by \$25,000 each subsequent year (pro-rated for the final year of

the Earn-out). During January 2009, the Company received its initial minimum Earn-out installment payment in the amount of \$75,000 from Tralliance Registry Management.

Commensurate with the closing of the Purchase Transaction, on September 29, 2008, the Company also entered into Termination Agreements with each of its executive officers (each a "Termination Agreement"). Pursuant to the Termination Agreements, the Company's employment agreements with each of Michael S. Egan, Edward A. Cespedes and Robin Segaul Lebowitz, the Chief Executive Officer, President and Vice President of Finance, all dated August 1, 2003, respectively, were terminated. Notwithstanding the termination of these employment agreements, each of Messrs. Egan, Cespedes and Ms. Lebowitz remains as an officer and director of the Company.

In connection with the closing of the Purchase Transaction, the Company also entered into a Master Services Agreement ("Services Agreement") with Dancing Bear Investments, Inc. ("Dancing Bear"), an entity which is controlled by Mr. Egan. Under the terms of the Services Agreement, for a fee of \$20,000 per month (\$240,000 per annum), Dancing Bear will provide personnel and services to the Company so as to enable it to continue its existence as a public company without the necessity of any full-time employees of its own. The Services Agreement has an initial term of one year and is subject to renewal or early termination under certain events. Services under the Services Agreement include, without limitation, accounting, assistance with financial reporting, accounts payable, treasury/financial planning, record retention and secretarial and investor relations functions. A total of \$60,667 related to the Services Agreement has been expensed during 2008, with \$40,667 of such amount remaining unpaid and accrued at December 31, 2008.

As more fully discussed in Note 8, “Debt” in the accompanying Notes to Consolidated Financial Statements, on June 6, 2008, the Company and its subsidiaries, as guarantors, entered into a Revolving Loan Agreement with Dancing Bear, pursuant to which Dancing Bear may loan up to \$500,000 to the Company on a revolving basis (the “Credit Line”). In connection with its entry into the Credit Line, the Company borrowed \$100,000 under the Credit Line. Subsequently, on June 19, 2008, July 10, 2008 and August 6, 2008, the Company made additional borrowings of \$100,000 each under the Credit Line. On September 3, 2008, the Company borrowed the final \$100,000 available under the Credit Line. All borrowings under the Credit Line, including accrued interest on borrowed funds at the rate of 10% per annum, are due and payable in one lump sum on the first anniversary date of the Credit Line, or June 6, 2009, or sooner upon the occurrence of an event of default under the loan documentation. All amounts outstanding from time to time under the Credit Line are secured by a lien on all of the assets of the Company and its subsidiaries.

Also, as more fully described in Note 8, “Debt,” on June 10, 2008 Dancing Bear converted an aggregate of \$400,000 of outstanding 2007 Convertible Notes due to them by the Company into an aggregate of 40,000,000 shares of the Company’s Common Stock.

On December 20, 2007, Tralliance entered into a Bulk Registration Co-Marketing Agreement (the “Co-Marketing Agreement”) with Labigroup Holdings, LLC (“Labigroup”), under Tralliance’s bulk purchase program. Labigroup is a private entity controlled by the Company’s Chairman and our remaining directors own a minority interest in Labigroup. Under the Co-Marketing Agreement, Labigroup committed to purchase a predetermined minimum number of “.travel” domain names on a bulk basis from an accredited “.travel” registrar of its own choosing and to establish a predetermined minimum number of related “.travel” websites. As consideration for the “.travel” domain names to be purchased under the Co-Marketing Agreement, Labigroup agreed to pay certain fixed fees and make certain other payments including, but not limited to, an ongoing royalty calculated as a percentage share of its net revenue, as defined in the Co-Marketing Agreement (the “Labigroup Royalties”), to Tralliance. The Co-Marketing Agreement has an initial term which expires September 30, 2010 after which it may be renewed for successive periods of two and three years, respectively. During the years ended December 31, 2007 and 2008, Labigroup registered a total of 164,708 and 10,595 “.travel” domain names under the Co-Marketing Agreement, respectively. During the years ended December 31, 2007 and 2008, Labigroup paid a total of \$262,500 and \$454,430 in fees and costs to Tralliance under the Co-Marketing Agreement, respectively. Such amounts, which are equal to the amount of incremental fees and costs incurred by Tralliance in registering these bulk purchase names, have been treated as a reimbursement of these incremental fees and costs in the Company’s financial statements. As part of the sale of its Tralliance business on September 29, 2008, all of the Company’s rights and obligations under the Co-Marketing Agreement were assigned to Tralliance Registry Management.

On December 13, 2007, the Company entered into and closed an Assignment, Conveyance and Bill of Sale Agreement with Search.Travel, LLC (“Search.Travel”). Pursuant to this agreement, Tralliance sold all of its rights relating to the www.search.travel domain name, website and related assets to Search.Travel for a purchase price of \$380,000, which was paid in cash at the closing date. Search.Travel is a private entity controlled by the Company’s Chairman, of which our remaining directors also own a minority interest. The purchase price was determined by the Board of Directors taking into account the valuation given to the assets by an independent investment banking firm. A gain on the sale of Search.Travel in the amount of \$379,791 was recognized and has been included within Other Income in the Consolidated Statement of Operations for the year ended December 31, 2007.

On May 29, 2007, Dancing Bear entered into a note purchase agreement (the “2007 Agreement”) with the Company pursuant to which Dancing Bear acquired a secured demand convertible promissory note (the “2007 Convertible Note”) in the amount of \$250,000. Under the terms of the 2007 Agreement, Dancing Bear was granted the optional right, for a period of 180 days from the date of the 2007 Agreement, to purchase additional 2007 Convertible Notes such that the aggregate principal amount issued under the 2007 Agreement could total \$3,000,000. On June 25, 2007, July 19, 2007 and September 6, 2007, Dancing Bear acquired additional 2007 Convertible Notes in the principal amounts of

\$250,000, \$500,000 and \$250,000 respectively. Interest associated with the 2007 Convertible Notes of approximately \$81,250 and \$58,600 was charged to expense during the years ended December 31, 2008 and 2007, respectively. As more fully discussed in Note 8 "Debt," the Company's obligation to repay the remaining \$850,000 in principal (after the conversion of \$400,000 of debt on June 10, 2008) and \$139,850 of accrued interest related to the 2007 Convertible Notes was terminated on September 29, 2008 in connection with the consummation of the Purchase Transaction.

On April 2, 2007, theglobe agreed to transfer to Michael Egan all of its VoIP intellectual property in consideration for his agreement to provide certain security and credit enhancements in connection with the MySpace litigation Settlement Agreement (See Note 11, "Litigation", for further discussion). The Company had previously written off the value of the VoIP intellectual property as a result of its evaluation of the VoIP telephony services business' long-lived assets in connections with the preparation of the Company's 2004 year-end consolidated financial statements.

Several entities controlled by the Company's Chairman and Chief Executive Officer (the "Related Entities") have provided services to the Company, including: the lease of office space; and the outsourcing of customer services, human resources and payroll processing functions. During the years ended December 31, 2008 and 2007, approximately \$354,000 and \$473,000 of expense related to these services was recorded, respectively. In connection with the Purchase Transaction discussed above and in Note 3, "Sale of Tralliance and Share Issuance," all of the receivables owed by the Company to the Related Entities as of the date of closing of the Purchase Transaction, totaling \$869,500, were assigned and contributed to Registry Management, who then surrendered their right to receive payment for such obligations from the Company as part of the consideration for the Purchase Transaction.

An entity owned solely by the sister of the Company's President, Treasurer and Chief Financial Officer and Director provided certain administrative services to the Company. During the years ended December 31, 2008 and 2007, \$33,350 and \$11,250 of expense related to these services was recorded, respectively.

Director Independence .. None of the current members of the Company's Board of Directors are considered "independent" within the meaning of applicable NASD rules

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

Audit Fees . The aggregate fees billed by Rachlin Cohen & Holtz LLP ("Rachlin Cohen"), independent public accountants, for professional services rendered for the audit of our annual financial statements during 2008 and 2007 and the reviews of the financial statements included in our Forms 10-Q and 10-K, as appropriate, were \$83,856 and \$81,529, respectively.

Audit-Related Fees . During the last two fiscal years, Rachlin Cohen provided the Company with the following services that are reasonably related to the performance of the audit of our financial statements:

Aggregate fees billed during 2008 for assurance and related services related to the filing of an Information Statement in connection with the Tralliance Asset Sale and Share Issuance were \$28,963. No such audit-related fees were incurred during 2007.

Other services relating to research of various accounting pronouncements and technical issues were \$170 for 2008 and \$518 for 2007.

Tax Fees . The aggregate fees billed for tax services provided by Rachlin Cohen in connection with tax compliance, tax consulting and tax planning services during 2008 and 2007, were \$67,751 and \$81,358, respectively.

All Other Fees . Except as described above, the Company had no other fees for services provided by Rachlin Cohen during 2008 and 2007.

Pre-Approval of Services by the External Auditor . In April 2004, the Audit Committee adopted a policy for pre-approval of audit and permitted non-audit services by the Company's external auditor. The Audit Committee will consider annually and, if appropriate, approve the provision of audit services by its external auditor and consider and, if appropriate, pre-approve the provision of certain defined audit and non-audit services. The Audit Committee will also consider on a case-by-case basis and, if appropriate, approve specific engagements that are not otherwise pre-approved. The Audit Committee pre-approved the audit related engagements and tax services billed by the amounts described above.

PART IV

ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

- (a). List of all documents filed as part of this report.
- (1) Financial statements are listed in the index to the consolidated financial statements on page F-1 of this Report.
- (2) No financial statement schedules are included because they are not applicable or are not required or the information required to be set forth therein is included in the consolidated financial statements or notes thereto.
- (3) Exhibit Index
 - 3.1 Form of Fourth Amended and Restated Certificate of Incorporation of the Company (3).
 - 3.2 Certificate of Amendment to Fourth Amended and Restated Certificate of Incorporation (15).
