Dear Fellow Shareholder:

It is my pleasure to invite you to join us at the Annual Meeting of Shareholders (our “Annual Meeting”) of Shore Bancshares, Inc. (the “Company”) to be held at **The Tidewater Inn, 101 East Dover Street, Easton, Maryland 21601** at 11:00 a.m., local time, on Wednesday, April 25, 2018.

In order to simply and effectively explain the matters to be addressed at our Annual Meeting, we have included a Proxy Statement Summary starting on page 1 that highlights the detailed information included in the Proxy Statement. We have also included a Compensation Discussion and Analysis that begins on page 24, which discusses how our executives’ pay is linked to our performance and clearly explains our executive compensation philosophy and practices. We, together with our Board of Directors (the “Board”), feel that it is important to provide you with the information you are looking for in a way that is easy to understand.

At this year’s meeting, we will vote on the election of four Class III directors to serve for a three-year term ending at the 2021 annual meeting of shareholders, the ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Company’s independent registered public accounting firm, and the adoption of a non-binding advisory resolution approving the compensation of the Company’s named executive officers. In addition, we will transact any other business that may properly come before the Annual Meeting and at any adjournments or postponements thereof. The Board is not aware of any other business that will be presented for consideration at the Annual Meeting.

We are distributing our proxy materials to shareholders via the internet under the “Notice and Access” rules of the U.S. Securities and Exchange Commission. We believe this expedites shareholders’ receipt of proxy materials, lowers the annual meeting costs and conserves natural resources. As a result, we are mailing to many shareholders a Notice of Internet Availability of Proxy Materials (“Notice”), rather than a paper copy of the Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. The Notice contains instructions on how to access the proxy materials online, vote online and obtain, if desired, a paper copy of our proxy materials.

Your vote is very important. I encourage you to sign and return your proxy card, or use telephone or Internet voting prior to the meeting, so that your shares of common stock will be represented and voted at the Annual Meeting even if

you cannot attend.

March 16, 2018

Sincerely,

Lloyd L. "Scott" Beatty, Jr.
President and Chief Executive Officer

2017 BUSINESS PERFORMANCE HIGHLIGHTS

¶The Company reported net income of \$11.26 million or \$0.89 per diluted common share for fiscal year 2017, compared to a net income of \$9.64 million or \$0.76 per diluted common share for fiscal year 2016. Excluding the

enacted Tax Cuts and Jobs Act which resulted in the revaluation of deferred tax assets, the Company's reported net income would have been \$12.03 million or \$0.95 per diluted common share for fiscal year 2017.

During 2017, the Company purchased three branches located in the greater Baltimore, Maryland metropolitan area which provided Shore United Bank ("the Bank") the opportunity to expand its footprint in Maryland as well as diversify its loan and deposit concentrations. In addition, the Bank also opened a loan and production office in Ocean City, Maryland and a full-service branch in Onley, Virginia.

Total assets were \$1.394 billion at December 31, 2017, a \$233.6 million, or 20.1%, increase when compared to the \$1.160 billion at December 31, 2016. The increase in total assets was mainly the result of the branch purchase in the second quarter of 2017 which contributed 192.7 million of assets at December 31, 2017.

The dividend payout ratio for 2017 was 24.7%, compared to 18.4% in 2016, representing an increase of \$0.08 per share, or 57.1%

4. What does it mean if I receive more than one Notice of Internet Availability or set of the proxy materials?

It means your shares are registered differently or are in more than one account. Please provide voting instructions for each account for which you have received a Notice of Internet Availability or set of proxy materials.

5. Who is soliciting my vote pursuant to this Proxy Statement?

8. What am I voting on?

You are voting on the following matters:

- election of four Class III directors to serve for a three-year term ending at the 2021 annual meeting of shareholders
- (Proposal 1);

ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018 (Proposal 2); and

“FOR” the approval of the compensation of our named executive officers.

10. How can I cast my vote? Must I attend the Annual Meeting to do so?

If you are a shareholder of record, you may vote at the 2018 Annual Meeting on April 25, 2018, **or** you may direct how your shares are voted without attending the 2018 Annual Meeting in one of the other following ways:

Internet. You can submit a proxy over the Internet to vote your shares at the 2018 Annual Meeting by following the instructions provided either in the Notice of Internet Availability or on the proxy card or voting instruction form you received if you requested and received a printed set of the proxy materials.

Telephone If you requested and received a printed set of the proxy materials, you can submit a proxy over the telephone to vote your shares at the 2018 Annual Meeting by following the instructions provided on the proxy card or voting instruction form enclosed with the proxy materials you received. If you received a Notice of Internet Availability only, you can submit a proxy over the telephone to vote your shares by following the instructions at the Internet website address referred to in the Notice of Internet Availability.

Mail If you requested and received a printed set of the proxy materials, you can submit a proxy by mail to vote your shares at the Annual Meeting by completing, signing and returning the proxy card or voting instruction form

enclosed with the proxy materials you received.

Whichever method of voting you use, the proxies identified on the proxy card will vote the shares of which you are the shareholder of record in accordance with your instructions. If you submit a proxy card properly voted and returned through available channels without giving specific voting instructions, the proxies will vote the shares as recommended by our Board.

11. How may a shareholder nominate someone at the Annual Meeting to be a director or bring any other business before the Annual Meeting?

The Company's Amended and Restated By-Laws, as amended (the "Bylaws") require advance notice to the Company if a shareholder intends to nominate someone for election as a director or to bring other business before the Meeting. Such a notice may be made only by a shareholder of record within the time period established in the Bylaws. See "Shareholder Proposals for the 2019 Annual Meeting" beginning on page 56 .

12. How do I request electronic or printed copies of this and future proxy materials?

You may request and consent to delivery of electronic or printed copies of future proxy statements, annual reports and other shareholder communications by:

•visiting www.proxyvote.com, or

•calling **1-800-579-1639**, or

•sending an email to sendmaterial@proxyvote.com .

When requesting copies of proxy materials and other shareholder communications, you should have available the control number located on the Notice of Internet Availability or proxy card or, if shares are held in the name of a broker, bank or other nominee, the voting instruction form.

13. What happens if my shares are held in street name?

If you have selected a broker, bank, or other intermediary to hold your shares of Common Stock, rather than having the shares directly registered in your name with our transfer agent, you will receive separate instructions directly from your broker, bank, or other intermediary in order to vote your shares. If you, as the beneficial owner of the shares of Common Stock, do not submit voting instructions to the organization that holds your shares, that organization may still be permitted to vote your shares. In general, under The Nasdaq Stock Market Rules (the “Nasdaq Rules”), the organization that holds your shares of Common Stock may generally vote on routine matters. Proposal 2, the approval and appointment of the Company’s independent auditor, Yount, Hyde & Barbour, P.C., is a routine matter. However, absent specific instructions from beneficial owners, brokers may not vote for non-routine matters. Proposal 1, the election of directors, and Proposal 3, the advisory approval of the compensation of our named executive officers, are non-routine matters. Therefore, there may be broker non-votes with respect to Proposals 1 and 3. Accordingly, we urge you to vote by following the instructions provided by your broker, bank, or other intermediary.

Please note that if your shares are held in street name and you wish to attend and vote your shares at the 2018 Annual Meeting, you must first obtain a legal proxy from your broker, bank, or other intermediary that is the holder of record of your shares and bring it with you to the Meeting. Otherwise you will not be permitted to vote in person at the 2018 Annual Meeting.

14. What steps can I take if I want to revoke my proxy?

Any shareholder giving a proxy may revoke it at any time by submission of a later dated proxy, subsequent Internet or telephonic proxy, or by written notice delivered to Lloyd L. Beatty, Jr., President and Chief Executive Officer (“CEO”) of the Company, at the Company’s address listed above or at the meeting. Shareholders entitled to vote at the 2018 Annual Meeting who attend may revoke any proxy previously granted and vote in person at the Meeting by written ballot. Unless so revoked, the shares represented by such proxies will be voted at the 2018 Annual Meeting and all adjournments or postponements of the Meeting.

All properly executed proxies received pursuant to this solicitation will be voted as directed by the shareholder on the proxy. If no direction is given, the proxy will be voted FOR ALL NOMINEES named in Proposal 1, FOR the ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Company’s independent registered public accounting firm, as described in Proposal 2 and FOR the adoption of the resolution approving the compensation of the named executive officers, as described in Proposal 3.

15. How are the votes tabulated?

Broadridge will tabulate all votes which are received prior to the date of the 2018 Annual Meeting. We have appointed Camille Pecorak as Inspector of Election of the 2018 Annual Meeting and to receive Broadridge’s tabulation, to tabulate all other votes, and to certify the voting results. We intend to publish the final voting results in a Current Report on Form 8-K to be filed with the Securities and Exchange Commission (“SEC”) within four business days of the Meeting.

16. Who pays the cost of this solicitation?

We will pay the cost of this solicitation. In addition, arrangements may be made with brokerage houses and other custodians, nominees, and fiduciaries to send proxies and proxy material to their principals. Solicitation of proxies may be made by mail, telephone, personal interviews or by other means by our officers and employees who will not be additionally compensated therefor.

CORPORATE GOVERNANCE

Director Independence

Pursuant to Rule 5605(b)(1) of the Nasdaq Rules, a majority of the members of the Board must be “independent directors” as that term is defined by Nasdaq Rule 5605(a)(2). In accordance with Nasdaq Rules, the Board considered transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates. Our Board has determined that currently serving directors, Blenda W. Armistead, Christopher F. Spurry, Clyde V. Kelly, III, David A. Fike, David J. Bates, David W. Moore, Frank E. Mason, III, James A. Judge, Jeffery E. Thompson, John H. Wilson and R. Michael Clemmer, Jr. are “independent directors” under the Nasdaq Rules and these independent directors constitute a majority of our Board.

Board Leadership Structure and Executive Sessions

Our Board currently separates the roles of Chairman of the Board and Chief Executive Officer. The Board’s philosophy is and has been to fill the position of Chairman with an independent director. The foregoing structure is not mandated by any provision of law or our Charter or Bylaws, but the Board believes that this governance structure provides the best balance between the Board’s independent authority to oversee our business and the Chief Executive Officer’s management of our business on a day-to-day basis.

The duties of the Chairman include: (i) acting as a liaison and channel for communication between the independent directors and the Chief Executive Officer; (ii) providing leadership to ensure the Board works cohesively and independently and during times of crisis; (iii) advising the Chief Executive Officer as to the quality, quantity and timeliness of information from executive management to the independent directors; (iv) being available to consult with the Chief Executive Officer and other directors on corporate governance practices and policies; (v) coordinating the assessment of Board committee structure, organization and charters and evaluating the need for change, as well as committee membership; (vi) together with the Chair of the Nominating and Governance Committee, interviewing all Board candidates and making recommendations concerning such candidates; (vii) coordinating, developing the agenda and leading executive sessions of the independent directors and communicating the results thereof to the Chief Executive Officer; (viii) ensuring appropriate segregation of duties between Board members and management; (ix) suggesting agenda items for Board meetings; and (x) together with the Chair of the Compensation Committee, communicating the Board’s evaluation of the performance of the Chief Executive Officer.

To further strengthen the oversight of the full Board, the Board’s independent directors hold executive sessions at which only non-management directors are present. The executive sessions are scheduled in connection with regularly

scheduled Board meetings. Additional executive sessions may be called by any of the independent directors as often as necessary. During fiscal 2017, the independent directors met six times in executive session without the presence of management.

For these reasons, the Board believes that our corporate governance structure is in the best interests of the Company and our shareholders at this time. The Board retains authority to modify this structure as it deems appropriate.

Board and Committee Oversight of Risk

The Board is actively involved in overseeing our risk management through the work of its various committees and through the work of the boards of directors and committees of our subsidiaries, a number of which have Company directors as members. Each committee of the Board is responsible for evaluating certain risks and overseeing the management of such risks. The Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees the process by which senior management and the relevant departments assess and manage our exposure to, and management of, financial and operational risks. The Nominating and Governance Committee manages risks by setting criteria for nomination of director candidates, nominating qualified candidates, and establishing and periodically reviewing our governance policies. In addition, the Board implemented a comprehensive Enterprise Risk Management ("ERM") program during 2014. The entire Board is regularly informed about these risks and oversees the management of these risks and regularly reviews information regarding our operations and finances as well as its strategic direction. Pursuant to the Board's instruction, management regularly reports on applicable risks to the relevant committee or the full Board, as appropriate, with additional review or reporting on risks conducted as needed or as requested by the Board and its committees.

Business Conduct and Code of Ethics

We have adopted a Code of Ethics, as amended, that applies to all of our directors, officers, and employees, including our principal executive officer, principal financial officer, principal accounting officer, or controller, or persons performing similar functions. The Code of Ethics provides fundamental ethical principles to which these individuals are expected to adhere. The Code of Ethics operates as a tool to help directors, officers, and employees understand and adhere to the high ethical standards required for employment by, or association with, the Company.

The Code of Ethics is available on our website at www.shorebancshares.com under the “Governance Documents” link. Shareholders can also obtain a written copy of the Code of Ethics, free of charge, upon request to: W. David Morse, Secretary, Shore Bancshares, Inc., 18 E. Dover Street, Easton, Maryland 21601 or (410) 763-7800. Any future changes or amendments to the Code of Ethics and any waiver that applies to one of our senior financial officers or a member of the Board will be posted to our website.

Shareholder Communications and Annual Meeting Attendance

Shareholders may communicate with our Board by contacting W. David Morse, Secretary, Shore Bancshares, Inc., 18 East Dover Street, Easton, Maryland 21601 or (410) 763-7800. All communications will be forwarded directly to the Chairman of the Board for consideration.

The Board members are not required to attend our annual meetings of shareholders. However, all directors are encouraged to attend every annual meeting of shareholders as we believe that the annual meeting is an opportunity for shareholders to communicate directly with directors. If you would like an opportunity to discuss issues directly with the members of the Board, please consider attending this year’s Annual Meeting. At the 2018 annual meeting of shareholders, all directors (who were serving as such) were in attendance.

The term includes most financial transactions and arrangements, such as loans, guarantees and sales of property, and remuneration for services rendered (as an employee, consultant or otherwise) to the Company.

The Company and its subsidiaries have adopted policies and procedures to ensure compliance with the foregoing requirements.

Executive Committee

Our Executive Committee consists of David J. Bates, *Chair*, Christopher F. Spurry, Frank E. Mason, III, and Lloyd L. Beatty. The Executive Committee has the authority to exercise the powers of our Board in the management of the business and affairs of the Company, subject to any restrictions imposed by law and to subsequent revision or alteration of any such action by the Board. The Executive Committee met one time during fiscal year 2017.

Audit Committee

The current members of the Audit Committee are James A. Judge, *Chair*, Blenda W. Armistead, Christopher F. Spurry, and David A. Fike. Our Board has determined that each current member of the Audit Committee is “independent” and financially literate as required in the Audit Committee charter and as required by the rules and regulations promulgated by the SEC and The Nasdaq Stock Market. Our Audit Committee has adopted a charter, which is posted on our website at www.shorebancshares.com under the “Governance Documents” link. The Audit Committee met four times during fiscal 2017.

The principal functions of the Audit Committee are to review the financial information to be provided to our shareholders and others, our financial reporting process, our system of internal controls, our independent auditors’ independence, our audit process and the process for monitoring compliance with laws and regulations. Under our Audit Committee charter, the Audit Committee is solely responsible for hiring and firing the independent auditors and approving their fees and engagement terms; resolving any disagreement between the independent auditors and our management; and pre-approving all audit and non-audit services performed by the independent auditors, subject to a de minimis exception.

Our Board has determined that James A. Judge, Chairman of the Audit Committee, qualifies as an audit committee financial expert within the meaning of applicable SEC rules because he has the following attributes: (i) an understanding of generally accepted accounting principles and financial statements; (ii) the ability to assess the general application of such principles in connection with accounting for estimates, accruals and reserves; (iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by our financial statements, and experience actively supervising one or more persons engaged in such activities; (iv) an understanding of internal control and procedures for financial reporting; and (v) an understanding of audit committee functions. Mr. Judge has acquired these attributes by means of having held various positions that provided relevant experience, as described in his biography above.

Compensation Committee

The members of the Compensation Committee, all of whom are independent directors as that term is defined in the Nasdaq Rules, are David W. Moore, *Chair*, Frank E. Mason, III, Jeffery E. Thompson, and John H. Wilson. The Compensation Committee has adopted a charter, which is posted on our website at www.shorebancshares.com under the “Governance Documents” link. The Compensation Committee met five times during fiscal 2017.

The Compensation Committee is generally responsible for overseeing and, as appropriate, determining our director and executive officer compensation, recommending executive promotions to the full Board, providing assistance and recommendations with respect to our compensation policies and practices, and assisting with the administration of our compensation plans. The Compensation Committee determines executive compensation pursuant to the principles discussed in the section below entitled “Overview of Compensation Philosophy and Objectives” and determines director compensation by periodically reviewing the compensation practice of peer group institutions.

Pursuant to its charter, the Compensation Committee may retain or obtain the advice of a compensation consultant, legal counsel or other advisers as it deems necessary and appropriate to carry out its duties and, in connection with such retention of consultants, the Compensation Committee will consider the independence factors as required by the applicable rules of The Nasdaq Stock Market and the SEC. The Compensation Committee is directly responsible for the appointment, compensation and oversight of the work of any compensation consultant, legal counsel and other advisers retained by them. During fiscal 2017, the Compensation Committee engaged Arthur J. Gallagher to perform executive and director compensation market reviews.

Nominating and Governance Committee

The members of the Nominating and Governance Committee, all of whom are independent directors as that term is defined in the Nasdaq Rules, are Blenda W. Armistead, *Chair*, Clyde V. Kelly III, David J. Bates, Frank E. Mason, III and John H. Wilson. The Nominating and Governance Committee has adopted a charter, which is posted on our website at www.shorebancshares.com under the “Governance Documents” link. The Nominating and Governance Committee met five times during fiscal 2017.

The Nominating and Governance Committee is responsible for overseeing and, as appropriate, determining or making recommendations to the Board regarding membership and constitution of the Board and its role in overseeing our affairs. The Nominating and Governance Committee manages the process for evaluating the performance of the Board and for nominating candidates (including current Board members) for election by our shareholders after considering the appropriate skills and characteristics required for the Board, the current makeup of the Board, the results of the evaluations and the wishes of the Board members to be re-nominated.

The Nominating and Governance Committee is responsible for assembling and maintaining a list of qualified candidates to fill vacancies on the Board, and it periodically reviews this list and researches the talent, skills, expertise, and general background of these candidates. The Nominating and Governance Committee will from time to time review and consider candidates recommended by shareholders. Shareholder recommendations should be submitted in writing to: Shore Bancshares, Inc., 18 East Dover Street, Easton, Maryland 21601, Attn: W. David Morse, Secretary; and must specify (i) the recommending shareholder’s contact information, (ii) the class and number of shares of capital stock beneficially owned by the recommending shareholder, (iii) the name, address and credentials of the candidate for nomination, and (iv) the candidate’s consent to be considered as a candidate.

Whether recommended by a shareholder or chosen independently by the Nominating and Governance Committee, a candidate will be selected for nomination based on his or her talents and the needs of the Board. The Nominating and Governance Committee does not have a formal policy pursuant to which it considers specific diversity criteria when selecting nominees, such as education, professional experience, skills, race or gender. Rather, the Nominating and Governance Committee's goal in selecting nominees is to identify persons who have business and other ties to the communities and industries we serve, and who have skills, education and other attributes that will meet the needs of the Board at that time and, generally, that are complimentary to the skills and attributes possessed by existing directors. When searching for and appointing directors to fill a particular committee position, the Nominating and Governance Committee searches for persons who will meet the independence standards required for those committees and who possess skills and attributes that will allow the committee to be effective. The Nominating and Governance Committee also strives to select individuals who it believes will work well with the other directors at the highest level of integrity and effectiveness.

A candidate, whether recommended by a shareholder or otherwise, will not be considered for nomination unless he or she is of good character and is willing to devote adequate time to Board duties. In assessing the qualifications of potential candidates, the Nominating and Governance Committee will also consider the candidate's experience, judgment, and civic and community relationships, and the diversity of backgrounds and experience among existing directors. Certain Board positions, such as Audit Committee membership, may require other special skills, expertise, or independence from the Company.

It should be noted that a shareholder recommendation is not a nomination, and there is no guarantee that a candidate recommended by a shareholder will be approved by the Nominating and Governance Committee or nominated by the Board. A shareholder who desires to nominate a candidate for election may do so only in accordance with Article II, Section 4 of our Bylaws which provides that directors may be nominated by shareholders by written request to the Secretary of the Company received not less than 120 days nor more than 180 days prior to the date fixed for the meeting. Additional time constraints are applicable in the cases of a change in shareholder meeting date or a special meeting called for the purpose of electing directors. As provided in the Bylaws, the notice of nomination must specify: (a) the name and address of each proposed nominee; (b) the principal occupation of each proposed nominee; (c) the number of shares of our capital stock owned by each proposed nominee; (d) the name and residence address of the notifying shareholder; (e) the number of shares of our capital stock owned by the notifying shareholder; (f) the consent in writing of the proposed nominee as to the proposed nominee's name being placed in nomination for director; (g) a description of all arrangements or understandings between such notifying shareholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by such notifying shareholder; (h) a representation that such notifying shareholder intends to appear in person or by proxy at the meeting to nominate the persons named in its notice; and (i) all information relating to such proposed nominee that would be required to be disclosed by Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), assuming such provisions would be applicable to the solicitation of proxies for such proposed nominee.

Enterprise Risk Management Oversight Committee

The members of the ERM Oversight Committee are R. Michael Clemmer, Jr., *Chair*, Blenda W. Armistead, Christopher F. Spurry, David W. Moore and James A. Judge. To direct the ERM function, the ERM Oversight Committee is responsible for establishing and monitoring the volume and mix of our assets and funding sources. The ERM Oversight Committee's overall objective is to manage our liquidity, capital adequacy, growth, risk, and profitability goals. ERM will be the primary forum for discussion and analysis of our investment plans, lending plans, liability structure, and overall interest rate risk.

Board and Committee Meetings and Attendance

Our Board held eighteen meetings during fiscal 2017. During fiscal 2017, the Board had five separately designated standing committees: the Executive Committee, the Audit Committee, the Nominating and Governance Committee, the Compensation Committee, and the ERM Oversight Committee.

In fiscal 2017, each incumbent director attended at least 75% of the aggregate of (1) the total number of meetings of the Board (held during the period for which that person served as a director) and (2) the total number of meetings held by all committees of the Board on which that person served (held during the period served).

Notes:

(1) Includes amounts earned for serving on the Board of the Company in which the director elected to receive payment in the form of restricted stock.

(2) The amounts reflect the aggregate grant date fair value of stock awards computed in accordance with FASB ASC Topic 718, "Accounting for Stock Compensation" ("ASC 718"). See Note 13 to the consolidated audited financial statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 regarding assumptions underlying valuation of equity awards.

(3) Mr. Mason assumed the position of Chairman of the Board on April 26, 2017 which was previously held by Mr. Spurry. The position of Chairman of the Board is paid a higher annual retainer than the remaining directors.

Company Director Compensation

During 2017, our outside directors received an annual retainer fee of \$35,000 per director and \$45,000 for the Chairman of the Board. The annual retainer is paid in four quarterly installments throughout the fiscal period in which the outside director serves. Directors have the option to receive their retainers in the form of cash or restricted stock issued pursuant to the 2016 Equity Plan with immediate vesting. Ten thousand (\$10,000) of the increased annual retainer will be in the form of restricted stock, although directors may elect to receive a greater portion of their retainer in equity.

All of our directors are eligible to participate in the 2016 Equity Plan, which is discussed below under the heading "Overview of Compensation Philosophy and Objectives" in the "Compensation Discussion and Analysis" section.

Minimum Stock Ownership Requirements

Minimum stock ownership requirements for the CEO, Directors and Named Executive Officers as follows:

CEO — minimum of 20,000 shares within 5 years of appointment;

Directors — minimum of 4,000 shares within 3 years of being elected; and

Named Executive Officers — minimum of 4,000 shares within 5 years of appointment.

All named executives have met the required ownership levels. All directors have met the required ownership levels except, Mr. Clemmer, Mr. Fike and Mr. Kelly, all of which are on their second year of serving on the Board.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Our executive compensation program is designed to reward our senior management team not just for delivering short-term results but also for driving consistent sustainable growth, which is how we exceed customer expectations and produce positive returns for our shareholders. We believe that our compensation decisions reflect a balanced and responsible pay approach by tying pay outcomes over the short and long-term, while also considering the environment in which compensation decisions are made.

Shareholders have the opportunity, at the 2018 Annual Meeting, to vote to endorse or not endorse the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to the SEC's compensation disclosure rules. The Compensation Committee and the Board believe that this Compensation Discussion and Analysis, and the compensation tables and narrative discussion that follow, support their recommendation to **approve** the shareholder advisory resolution for the following Named Executive Officers in 2017:

• Lloyd L. Beatty, Jr. — President and Chief Executive Officer

• Edward C. Allen — Senior Vice President and Chief Financial Officer

• Donna J. Stevens — Chief Operating Officer

• Patrick M. Bilbrough — President and Chief Executive Officer of Shore United Bank

• Richard C. Trippe — President and Chief Executive Officer of Avon Dixon

Compensation Philosophy

The primary objective of the Compensation Committee's approach is to provide competitive levels of compensation so that we may attract, retain and reward outstanding executive officers. In a highly competitive community banking marketplace, excellent leadership is essential. Our executive officers are expected to manage the business of the Company and its subsidiaries in a manner that promotes growth and profitability for the benefit of shareholders, while

exceeding the requirements and service expectations of our customers. To that end, the Compensation Committee believes that:

• Key executives should have compensation opportunities at levels that are competitive with peer institutions;

• Total compensation should include “at risk” components that are linked to annual and long-term performance results; and

• Stock-based compensation should form a key component of total compensation as a means of linking senior management to the long-term performance of the Company and aligning their interests with those of shareholders.

Say on Pay Results

At the 2017 annual meeting of shareholders, the Company’s shareholders adopted a non-binding resolution approving the compensation paid to our executive officers, as disclosed in the definitive proxy statement for that meeting pursuant to Item 402 of the SEC’s Regulation S-K. The measure was approved by approximately 63.1% of all votes cast. The Compensation Committee and the Board consider this vote to be an endorsement of our compensation philosophy and practices, including our balance between cash and equity compensation. Both the Compensation Committee and the Board intend to periodically re-evaluate our executive compensation philosophy and practices in light of the Company’s performance, needs and developments, including the outcome of future non-binding advisory votes by the Company’s shareholders.

Role of Compensation Consultants

The Compensation Committee’s consultant regularly attends committee meetings and attends executive sessions as requested by the Compensation Committee’s chair, Mr. Moore. The Compensation Committee’s consultant does not perform any services for the Company’s management, without express approval from the Compensation Committee.

In 2017, the Compensation Committee directly engaged Arthur J. Gallagher to perform executive and director compensation market reviews. The Company paid fees totaling \$57,064 to Arthur J. Gallagher in 2017.

Compensation Consultant Independence

In furtherance of maintaining the independence of the Compensation Committee's compensation consultant, the Compensation Committee has the sole authority to retain, terminate and obtain the advice of Arthur J. Gallagher, at the Company's expense. Further, as discussed above, the Compensation Committee's compensation consultant will not perform any services for the Company's management unless approved in advance by the Compensation Committee.

In connection with its engagement of Arthur J. Gallagher, the Compensation Committee considered various factors bearing upon Arthur J. Gallagher's independence including, but not limited to, the amount of fees received by Arthur J. Gallagher from the Company as a percentage of Arthur J. Gallagher's total revenue, Arthur J. Gallagher's policies and procedures designed to prevent conflicts of interest, and the existence of any business or personal relationship that could impact Arthur J. Gallagher's independence. After reviewing these and other factors, the Compensation Committee determined that Arthur J. Gallagher is independent and that its engagement does not present any conflicts of interest. Arthur J. Gallagher also determined that it was independent from management and confirmed this in a written statement delivered to the Chair of the Compensation Committee as shown below.

Management's Role in the Executive Compensation Process

Mr. Beatty, our President and Chief Executive Officer, as well as key members of our human resources function, each help support the Compensation Committee's executive compensation process and regularly attend portions of committee meetings. As part of the executive compensation process, Mr. Beatty provides his perspective to the Compensation Committee regarding the performance of his Senior Leadership Team, which includes all of our Named Executive Officers and certain other senior officers of the Company. In accordance with NASDAQ rules, Mr. Beatty is not present when his compensation is being discussed or approved by the Compensation Committee and Mr. Beatty does not vote on executive compensation matters, and neither he nor other members of management attend executive sessions of the Compensation Committee.

Risk Considerations

We believe that the design and objectives of our executive compensation program provide an appropriate balance of incentives for executives and avoid inappropriate risks. In this regard, our executive compensation program includes, among other things, the following design features:

•Balanced mix of fixed versus variable compensation and cash-based versus equity-based compensation;

•Variable compensation based on a variety of performance goals, including Company, business unit and individual performance goals;

•Compensation Committee discretion to lower annual incentive award amounts;

•Balanced mix of short-term and long-term incentives;

•Stock ownership requirements; and

•Clawback policy.

Compensation Peer Group and Benchmarking

The Compensation Committee refers to executive compensation studies prepared by its independent consultants when it reviews and approves executive compensation. The studies reflect compensation levels and practices for executives holding comparable positions at peer group companies, which help the Compensation Committee set compensation at competitive levels. The Compensation Committee's primary selection criteria are industry (commercially focused banks), asset size, and geography. The Compensation Committee compares each executive officer's base salary, target total cash and target long-term incentive compensation value to amounts paid for similar positions at peer group companies.

The Compensation Committee believes that the market median is a useful reference point in helping to achieve the executive compensation program objectives. However, the Compensation Committee also considers other factors when setting compensation; and target total direct compensation for each executive may vary from the market median based on the factors the Compensation Committee considers relevant each year, including particular job responsibilities and scope, adjustments for individual skills and expertise, and internal pay equity.

The compensation peer group developed for the Company by Arthur J. Gallagher in 2017 is listed below.

Compensation Elements at Shore Bancshares

Base Salary

A competitive salary for senior management is essential. Furthermore, flexibility to adapt to the particular skills of an individual or the Company's specific needs is required. We establish base salaries and assess market competitiveness by comparing our executives' qualifications, experience and responsibilities as well as their individual performance and value, with similar positions among our peers. Additionally, we consider special circumstances related to staffing needs and market situations and levels of compensation provided from other compensation components.

The Compensation Committee generally reviews executive compensation in the fourth quarter. At that time, we review market studies on executive compensation and solicit input from our President and CEO, Mr. Beatty, on the performance of each officer that directly reports to him and his recommended base salary increases or decreases. Recommendations regarding adjustments to Mr. Beatty's salary are discussed and approved in executive session of the Compensation Committee. Our compensation philosophy is to set executive base salaries generally at the market median; however some adjustments may be made to take into consideration internal equity factors, additional functional responsibilities and each executive's experience. Fiscal 2018 base salary increases were approved for certain executives based on internal promotions, our market analysis and individual performance in fiscal 2017. Changes to the salaries of our Named Executive Officers were as follows:

Executive	Title	2016 Salary	2017 Salary	2017 % Increase	2018 Salary	2018 % Increase
Lloyd L. Beatty, Jr.	President & CEO	\$369,564	\$414,000	11	% \$450,000	8 %

Richard C. Trippe	CEO Avon Dixon Agency	185,000	195,000	5	205,000	5

Annual Incentive Program

The Company's incentive program, the Management Incentive Plan (the "MIP"), was developed to provide additional compensation to key management personnel when corporate and individual performance meet or exceed specific predetermined goals. Incentive award targets are assigned to each executive based on the executive's position and responsibilities. We also consider the identified comparative compensation targets and pay mix outlined in our executive compensation philosophy.

In fiscal 2017, each Named Executive Officer participated in the MIP and was assigned Company and individual goals at the beginning of the year. Target award opportunities under the MIP for 2017 were 30% of base salary for Mr. Beatty and 25% of base salary for the other Named Executive Officers. Once earned, the Named Executive Officer has the option to receive the incentive in cash or equity in any proportion they desire. Since there is no requirement to take any portion of the incentive in equity, there are no restrictions on equity awards and they vest immediately.

For fiscal 2017, annual incentive bonuses were based on the achievement of the objective performance goals of return on equity ("ROE") and adversely classified items ("ACI") which together accounted for a potential of 70% of Mr. Beatty's incentive award. The remaining 30% of his incentive opportunity was tied to personal goals. The same goals applied to Mr. Bilbrough, except 75% of his goals were tied to the Company and 25% tied to personal goals. Mr. Allen was not subject to the ACI goal and instead was subject to the Company's consolidated efficiency ratio, resulting in 75% of

his incentives tied to the Company and 25% tied to personal goals. Mrs. Stevens goals were split 50% tied to ROE or Company goals and 50% tied to personal goals. Mr. Trippe was subject to the Company's ROE goal as well as insurance subsidiary goals totaling 75%. The remaining 25% was tied to personal goals.

We performed slightly above our target ROE and achieved the max goal for ACI in 2017, and all of our Named Executive Officers earned awards that were slightly above their target awards when results of their business unit and/or individual goals were factored into our payout calculations. Based on our Company and individual performance, the Compensation Committee approved the following incentive payouts for 2017.

Executive	Title	2017	2017	Award (1)	%
		MIP	MIP		
Lloyd L. Beatty, Jr.	President & CEO	\$171,611	41

Long-Term Incentives

On July 1, 2015 and May 19, 2016, our Board approved performance share plans for Named Executive Officers of the Company and its subsidiaries, which are based on a three-year performance cycles. The objective of this program is to build further ownership for our executive team and link a portion of their compensation to longer-term goals. Pursuant to a performance share/restricted stock unit agreement, participating officers are granted performance shares at the commencement of a performance cycle, and shares will vest if certain pre-determined targets are achieved at the end of the three-year performance period. The first performance cycle ended on December 31, 2017, the second performance cycle ends on December 31, 2018, and the third performance cycle ends on December 31, 2019. These pre-determined targets must be achieved at threshold levels for the awards to vest. If the Company's level of attainment of specified performance goals falls between threshold and target levels or between target and maximum levels, the Compensation Committee will use a proportional approach to determine the number of shares earned by the individual. The following table presents the performance share plans based on the attainment of specified personal performance goals. Performance metrics and payouts for the 2015 – 2017 performance period included EPS growth, loan growth and deposit growth. The performance metric for both the 2016 – 2018 and 2017 – 2019 performance period is EPS growth. Shares that will potentially vest are based on a percentage of the executive officer's base salary in effect at time of the grant.

Executives have the option to receive a portion of their MIP payouts in equity by choosing a combination of Stock options and restricted stock. All equity awards vests immediately. We plan to continue this practice in 2018. Executives may elect to take some or all of their incentive award in equity if they desire. Please see our Grants of Plan Based Awards table for additional detail.

401(k) Profit Sharing Plan

All employee contributions to the 401(k) Profit Sharing Plan are immediately vested. Discretionary and matching contributions by the Company vest incrementally over a six-year period. Discretionary, pre-tax and matching contributions may be withdrawn while a participant is employed by the Company if the participant has reached age 59½, in circumstances of financial hardship or in certain other circumstances pursuant to plan restrictions.

Deferred Compensation

We maintain a modest deferred compensation account for Mr. Beatty. The initial Company contribution was \$25,000, which has grown in value to \$90,400. No other deferred compensation plans or supplemental executive retirement plans are in place for our Named Executive Officers. We are considering adding a voluntary deferred compensation plan in 2018. Please see the Nonqualified Deferred Compensation Plan in this section.

Perquisites

The Compensation Committee believes that certain perquisites and other personal benefits can be effective elements of a compensation package because they facilitate and encourage better executive performance and business generation for the Company. Perquisites provided by the Company may include vehicle allowances and country club dues.

The following table sets forth for the last three fiscal years the total remuneration for services in all capacities awarded to, earned by, or paid to our Named Executive Officers (the Company's CEO, the Company's Chief Financial Officer ("CFO"), and the three most highly compensated executive officers and other significant executive officers of the Company and its subsidiaries other than the CEO and CFO who were serving as executive officers as of December 31, 2017 and whose total compensation (excluding changes in pension value and non-qualified deferred compensation earnings) exceeded \$100,000 during 2017).

2017 Pay Ratio

Our compensation and benefits philosophy and the overall structure of our compensation and benefit programs are broadly similar across the organization to encourage and reward all employees who contribute to our success. We strive to ensure the pay of each of our employees reflects the level of their job impact and responsibilities and is competitive within our peer group. Compensation rates are benchmarked and set to be competitive in the markets in which we operate. As a result of rules the SEC adopted under the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are providing the following disclosure about the ratio of the annual total compensation of our Chief Executive Officer, Mr. Beatty, to the median annual total compensation of our employees. The paragraphs that follow describe our methodology and the resulting pay ratio for the year ended December 31, 2017. The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

For 2017, our last completed fiscal year:

The median of the annual total compensation of all employees of our company (other than our CEO) was \$39,450; and

The annual total compensation of our CEO, as reported in the Summary Compensation Table above in this Proxy Statement, was \$756,439.

Based on this information, for 2017 the ratio of the annual total compensation of Mr. Beatty our CEO, to the median of the annual total compensation of all employees was 19 to 1.

To identify the median of the annual total compensation for all our employees, as well as to determine the annual total compensation of our median employee and our CEO, we took the following steps:

We determined that, as of December 31, 2017, our employee population consisted of approximately 347 individuals with all of these individuals located in the United States (as reported in Item 1, *Business*, in our Annual Report on 1) Form 10-K filed with the Securities and Exchange Commission on March 16, 2018 (our “Annual Report”). This population consisted of our full-time, part-time, and temporary employees. We did not retain or engage any independent contractors or similar workers during 2017.

We selected December 31, 2017 which is within the last three months of 2017, as the date upon which we would a) identify the “median employee” because it enabled us to make such identification in a reasonably efficient and economical manner.

To identify the “median employee” from our employee population, we compared the amount of salary, wages, and 2) tips of our employees as reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 for 2017.

We identified our median employee using this compensation measure, which was consistently applied to all our 3) employees included in the calculation. Since all our employees are located in the United States, as is our CEO. We did not make any cost-of-living adjustments in identifying the “median employee”.

Once we identified our median employee, we combined all of the elements of such employee’s compensation for 4) 2017 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$39,450.

With respect to the total annual compensation of our CEO, we used the amount reported in the “total” column 5) (column (j)) of our 2017 Summary Compensation Table included in this Proxy Statement and incorporated by reference under Item 11 of Part III of our Annual Report.

2016 Equity Plan

The 2016 Equity Plan reserves 708,416 shares of Common Stock, subject to adjustment for stock splits and other similar reclassification events, for issuance pursuant to awards. During 2017, the Compensation Committee granted a total of 22,927 restricted shares of Common Stock, 1,202 in incentive stock options and 68,362 in restricted stock units to the Named Executive Officers under the 2016 Equity Plan. Under the terms of outstanding awards, all unvested shares will lapse and be forfeited upon the termination of the participant’s employment with the Company. The 2016 Equity Plan will terminate on April 27, 2026 and no further awards may be granted under the 2016 Equity

Plan after that date. All equity awards made to named executives as a part of their annual incentive program are immediately vested. Performance shares under the long-term incentive plan have a minimum three-year performance vest period.

The performance goals outlined in the 2017 MIP were evaluated by the Compensation Committee at the end of fiscal year 2017 and the cash awards were granted on February 13, 2018.

(2) The amounts for restricted stock represent the number of shares received by each participant on February 12, 2018 for achieving goals outlined in the three-year performance period (2015 – 2017) long-term incentive plan. All goals were identical for all participants. Each operating goal varies in weighting and is subject to threshold, target, and maximum goals linked to the participant’s base salary. These performance based restricted stock awards cliff vested on December 31, 2017 according to the level of achievement of the specified goals.

(3) The amounts indicate the number of RSUs granted in 2017 that could convert into shares of Common Stock at the end of the three-year performance period (2017 – 2019) based on Company goals identical for all participants. Each operating goal varies in weighting and is subject to threshold, target, and maximum goals linked to the participant’s base salary. These performance based RSUs will cliff vest on December 31, 2019 according to the level of achievement of the specified goals.

Assumptions underlying valuation of equity awards

The weighted average fair value of stock options granted on February 6, 2017 was \$10.99. The Company estimates the fair value of options using the Black-Scholes valuation model with weighted average assumptions for dividend yield, expected volatility, risk-free interest rate and expected lives (in years). The expected dividend yield is calculated by dividing the total expected annual dividend payout by the average stock price. The expected volatility is based on historical volatility of the underlying securities. The risk-free interest rate is based on the Federal Reserve Bank's constant maturities daily interest rate in effect at grant date. The expected contract life of the options represents the period of time that the Company expects the awards to be outstanding based on historical experience with similar awards. No options have been granted in 2018. If options are granted during the remainder of 2018 they will be calculated using the same weighted average assumptions that were used as inputs to the Black Scholes valuation model.

Closing Stock Price on Grant Date (2/6/17)	\$ 16.65
Exercise Price	\$ 16.65
Expected volatility	64.73 %
Risk-free interest rate	2.42 %
Expected contract life (in years)	10

Deferred Compensation

The following table provides information regarding 2017 contributions, earnings, and other financial information in respect of the Company's Deferred Compensation Plan:

Nonqualified Deferred Compensation

Name	Plan ⁽¹⁾	Executive	Registrant	Aggregate	Aggregate	Aggregate

Mrs. Stevens	-	-	-	-	-	-

Mr. Bilbrough	-	-	-	-	-

(1) “CDCP” stands for the Company Deferred Compensation Plan.

Under the Company’s Deferred Compensation Plan, amounts deferred at the election of the employee are credited to an account maintained on behalf of the participant and are deemed to be invested in certain investment options established from time to time by the Compensation Committee. Mandatory, matching and discretionary contributions will be credited to an Employer Funded Account (as defined in the plan) established by the Company and will be deemed to be invested in the manner specified in the participant’s election form for that Plan Year in respect of his or her voluntary deferrals. An employee’s account is credited with the gain or loss generated on the investments in which the funds in those accounts are deemed to be invested. Mandatory contributions will be reduced on a pro-rata basis in the event a participant has a Separation from Service (generally defined as a termination of employment other than because of death, Disability (as defined in the plan) or the taking of leave of absence).

A participant is fully vested at all times in employee deferrals (and earnings thereon). Starting in the second year of participation, a participant vests in his or her Employer Funded Account at the rate of 25% each year. If, however, (i) the participant reaches age 70 while employed, (ii) the participant’s service with the Company terminates because of death or Disability, or because of retirement at or after age 70, or (iii) the Company experiences a Change in Control (as defined in the plan), then in each such case the participant’s interest in his or her Employer Funded Account will be automatically 100% vested regardless of years in the plan. If the participant separates from service for any other reason, then any non-vested portion of his or her Employer Funded Account will be forfeited.

The Company's Deferred Compensation Plan contemplates automatic distributions upon the occurrence of certain events and elective distributions.

If a participant dies or experiences a Disability while employed by the Company or if the Company experiences a Change in Control (as defined in the plan), then the vested portions of a participant's accounts will be distributed in a lump sum payment to the participant or, in the case of death, to his or her designated beneficiaries. If a participant experiences a Separation from Service, then the vested portions of a participant's accounts will be distributed in a lump sum or in installments, as specified in the most recent election form. Certain restrictions on the commencement of automatic distributions apply to Key Employees (as defined in the plan).

A participant may elect in his or her annual election form to receive elective distributions, or "In-Service Distributions," of his or her employee deferrals (and earnings thereon) for a given Plan Year as soon as three years after the end of that Plan Year. At the time of the election, the participant must also elect whether to receive the elective distribution in a lump sum or in installments over a period of up to 10 years. If a participant fails to make a payment method election, then the distribution will be made in one lump sum. A participant may change his or her election to postpone a distribution or change the form of payment, but such change must be made at least 12 months prior to the original distribution date, cannot be effective until at least 12 months following the subsequent election, and must postpone the commencement of the payment for a period of at least five years from the original distribution date.

The Company's Deferred Compensation Plan also permits certain limited distributions upon the occurrence of an Unforeseen Emergency (as defined in the plan) and a lump sum distribution, at the administrator's sole discretion, in the event the participant's accounts have a value of less than \$10,000.

For information about amounts that could be payable to the Named Executive Officers under these deferred compensation plans upon a termination of employment, see the section below entitled "Benefits Upon Termination of Employment."

Employment Agreements and Change in Control Agreements

Lloyd L. Beatty, Jr.

On October 31, 2017, the Company and Mr. Beatty entered into an Amended and Restated Employment Agreement (the “Employment Agreement”) which provides that he will serve as our CEO and President and entitles him to receive an annual base salary of \$414,000 subject to periodic review and adjustment. In addition, Mr. Beatty is entitled to: (i) participate in our bonus plans; (ii) receive employee benefits of the type offered by the Company and its affiliates to similarly-situated officers, including vacation, sick leave and disability leave; (iii) receive fringe benefits of the type customarily made available by the Company to its officers; and (iv) be reimbursed for employment-related expenses.

The Employment Agreement has a twelve-month term, which will automatically renew for successive twelve-month terms unless a party notifies the other party at least 60 days prior to the end of the then-current term of its or his decision not to renew the Employment Agreement. At least 120 days prior to the commencement of a new term, the Board or a committee thereof will conduct a comprehensive performance evaluation and review of Mr. Beatty to determine whether to give notice of non-renewal. The term of Mr. Beatty’s employment under his Employment Agreement may be terminated at any time and for any reason by either the Company or Mr. Beatty (upon 30 days’ prior written notice), and it will automatically terminate upon Mr. Beatty’s death.

Generally, the Company’s obligations to Mr. Beatty under his Employment Agreement will be suspended if any regulatory agency with jurisdiction over the Company temporarily prohibits the officer’s continued employment. If such regulator’s charges are later dismissed, then the Company must reinstate the officer and pay him all compensation that was withheld during the suspension.

Upon the termination of his employment, Mr. Beatty is entitled to receive all unpaid base salary that has accrued through the date of termination, all bonus awards (prorated through the last day of the month in which termination occurs) that he would have received had he remained employed when bonuses are next declared or paid, and reimbursement of all unreimbursed expenses, all of which must be paid no later than the last day of the calendar quarter of the quarter in which the termination occurs. In addition, all unexercised or unvested equity awards, or portions thereof, held by the officer as of the date of termination shall vest or terminate and be exercisable in accordance with their terms.

If Mr. Beatty’s employment is terminated without “Cause” prior to the expiration of the term of his Employment Agreement, then, except in the case of termination following a “Change in Control” of the Company, he will additionally be entitled to receive severance (“Severance”) in the form of continued base salary (at the then-current

level) for a period of 24 months following the date of termination (the “Severance Period”). The Employment Agreement provides that the first Severance payment will be made on the first regular payroll date that occurs on or after the 60th day following the termination of employment, provided that Mr. Beatty has executed and delivered a release of claims and the statutory period during which he may revoke that release has expired on or before that 60th day.

In lieu of Severance, the Employment Agreement provides for the payment of a Change in Control benefit (the “CiC Benefit”) in the event Mr. Beatty is terminated (i) by the Company without Cause, or (ii) by Mr. Beatty for Good Reason within 12 months of a Change in Control of the Company. In this case, Mr. Beatty will be entitled to receive an amount equal to the difference between (i) the product of 2.99 times the officer’s “base amount” as defined in Section 280G(b)(2) of the Internal Revenue Code of 1986, as amended (the “Code”) and (ii) the sum of any other parachute payments as defined under Section 280G(b)(2) of the Code that the officer receives on account of the Change in Control, provided that in no event shall the aggregate amounts payable under the Employment Agreement exceed 2.99 times Mr. Beatty’s “base amount.” The CiC Benefit will be paid in one lump sum on the 60th day following termination of employment, provided that Mr. Beatty has executed and delivered a release of claims and the statutory period during which he may revoke that release has expired on or before that 60th day.

Notwithstanding the payment terms discussed above, any payment obligation that arises on account of a termination of employment while Mr. Beatty is a “specified employee” as defined under Section 409A of the Code will be subject to a post-termination waiting period to the extent that the payment constitutes “deferred compensation” under applicable Treasury regulations. Mr. Beatty’s Employment Agreement provides that such amounts will be paid, with interest, in a lump sum, within 15 days after the six-month period that follows his termination date. If Mr. Beatty dies during the waiting period, then payment will be made in a lump sum within 15 days after the appointment of a personal representative or executor of his estate.

If Mr. Beatty is indebted to the Company at the time his employment is terminated, then, subject to certain restrictions, the Employment Agreement allows the Company to apply any post-termination amounts due to Mr. Beatty toward repayment of such debt.

The Employment Agreement defines the term “Cause” as: (i) the officer’s “Disability” (as defined in the Employment Agreement); (ii) an action or failure to act by the officer constituting fraud, misappropriation or damage to the property or business of the Company; (iii) conduct by officer that amounts to fraud, personal dishonesty or breach of fiduciary duty; (iv) officer’s conviction (from which no appeal may be, or is, timely taken) of a felony or willful violation of any law, rule or regulation (other than traffic violations or similar offenses); (v) the officer’s breach of any of his obligations hereunder; (vi) the unauthorized use, misappropriation or disclosure by the officer of any confidential information of the Company or of any confidential information of any other party to whom the officer owes an obligation of nondisclosure as a result of his relationship with the Company; (vii) the willful violation of any final cease and desist or consent order; (viii) a knowing violation by officer of federal and state banking laws or regulations which is likely to have a material adverse effect on the Company, as determined by the Board; (ix) the determination by the Board, in the exercise of its reasonable judgment and in good faith, that officer’s job performance is substantially unsatisfactory and that he has failed to cure such performance within a reasonable period (but in no event more than thirty (30) days) after written notice specifying in reasonable detail the nature of the unsatisfactory performance; (x) officer’s material breach of any of the Company’s written policies; or (xi) the issuance of any order by the Maryland Commissioner of Financial Regulation, the Federal Deposit Insurance Corporation, the Board of Governors of the Federal Reserve System, or any other supervisory agency with jurisdiction over the Company permanently prohibiting the continued service of the officer with the Company. No act or failure to act on the part of the officer shall be considered “willful” unless it is done, or omitted to be done, by the officer in bad faith or without reasonable belief that the officer’s action or omission was in the best interests of the Company. Any act or failure to act that is based upon authority given pursuant to a resolution duly adopted by the Board, or upon the advice of legal counsel for the Company, shall be conclusively presumed to be done, or omitted to be done, by the officer in good faith and in the best interest of the Company.

The term “Good Reason” is defined as the termination by the officer within 12 months following a Change in Control based on: (i) without the officer’s express written consent, a material adverse change made by the Company which would reduce the officer’s functions, duties or responsibilities; (ii) without the officer’s express written consent, a 5% or greater reduction by the Company in the officer’s base salary as the same may be increased from time to time; or (iii) without the officer’s express written consent, the Company requires the officer to be based at a location more than 50 miles from Easton, Maryland (which requirement shall be deemed to be a material change in the geographic location at which the officer must perform services for the Company), except for required travel on business of the Company to an extent substantially consistent with the officer’s present business travel obligations. Good Reason shall, for all purposes under the Employment Agreement, be construed and administered in manner consistent with the definition of “good reason” under Treasury Regulation §1.409A-1(n).

The term “Change in Control” is defined as the occurrence of any of the following events: (i) a person, or group of persons acting together, acquires ownership of securities of the Company that, together with such person’s or group’s other securities, constitutes more than 50% of the total fair market value or total voting power of the Company’s securities; (ii) any person, or group of persons acting together, acquires (or has acquired during the preceding 12-month period) ownership of securities of the Company possessing 35% or more of the total voting power of the Company’s securities, (iii) a majority of the Company’s Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Company’s Board prior to the date of the appointment or election; or (iv) any person, or group of persons acting together, acquires (or has acquired during the preceding 12-month period) assets from the Company that have a total gross fair market value equal of at

least 40% of the total gross fair market value of all of the Company's assets.

The Employment Agreement contains non-competition and non-solicitation provisions. Specifically, during the term of Mr. Beatty's employment and thereafter until the longer of (i) his Severance Period and (ii) the date that is 12 months after the date of the Employment Agreement, but in no case longer than 24 months following the termination of employment, Mr. Beatty may not, directly or indirectly, (a) compete with the Company or any of its affiliates in any county of any jurisdiction in which the Company or any of its affiliates maintains a branch or other office, or in any county of any jurisdiction that is contiguous to any such county, (b) solicit any existing Business Relation (as defined in the Employment Agreement) of the Company or any of its affiliates, wherever located, to purchase, sell or otherwise provide competing products and services, (c) accept employment with or act as an independent contractor to any such Business Relation if the employment or service will require the officer to render services that are similar to those provided by the Company or any of its affiliates, (d) employ, engage, or solicit for employment or engagement any person who was an employee or independent contractor of the Company or any of its affiliates during the 24 months preceding Mr. Beatty's termination of employment, (e) employ, engage or solicit for employment any employee of the Company, whether or not such employee is a full time employee or a temporary employee of the Company and whether or not such employment is pursuant to written agreement and whether or not such employment is for a determined period or is at will, or (f) encourage any person to reduce such person's business, employment or service with the Company or any affiliate. In addition to the foregoing, the Employment Agreement contains other customary business protection provisions, including an agreement to maintain the confidentiality of the Company's business information, an agreement to return Company property following termination, and a 12-month non-disparagement agreement.

Except for disputes relating to the enforcement of the non-competition, non-solicitation and other business protection provisions of the Employment Agreement, the parties have agreed that all disputes arising under the Employment Agreements will be settled by binding arbitration.

Donna J. Stevens

On October 31, 2017, the Company and Mrs. Stevens entered into an employment agreement which provides that she will serve as our Chief Operating Officer. Pursuant to the employment agreement, Mrs. Stevens will receive an annual base salary of \$225,000 subject to periodic review and adjustment. In addition, Mrs. Stevens is entitled to: (i) participate in the Company's bonus plans; (ii) receive employee benefits of the type offered by the Company and its affiliates to similarly-situated officers, including vacation, sick leave and disability leave; (iii) receive fringe benefits of the type customarily made available by the Company to its officers; and (iv) be reimbursed for employment-related expenses.

The employment agreement has a twelve-month term, which will automatically renew for successive twelve-month terms unless a party notifies the other party at least 60 days prior to the end of the then-current term of its or her decision not to renew the employment agreement. At least 120 days prior to the commencement of a new term, the Board or a committee thereof will conduct a comprehensive performance evaluation and review of the executive to determine whether to give notice of non-renewal. The term of the executive's employment under the employment agreement may be terminated at any time and for any reason by the Company or the executive (upon 30 days' prior written notice), and it will automatically terminate upon the executive's death.

Upon the termination of employment, the executive is entitled to receive all unpaid base salary that has accrued through the date of termination, all bonus awards (prorated through the last day of the month in which termination occurs) that the executive would have received had she remained employed when bonuses are next declared or paid, and reimbursement of all unreimbursed expenses, all of which must be paid no later than the last day of the calendar quarter of the quarter in which the termination occurs. In addition, all unexercised or unvested equity awards, or portions thereof, held by the executive as of the date of termination shall vest or terminate and be exercisable in accordance with their terms.

If the executive's employment is terminated without "Cause" (as defined above under the description of Mr. Beatty's Employment Agreement) prior to the expiration of the term of the employment agreement, then, except in the case of termination following a "Change in Control" of the Company, the executive will additionally be entitled to receive Severance in the form of continued base salary (at the then-current level) for a period of 24 months following the date of termination. The employment agreement provides that the first Severance payment will be made on the first regular payroll date that occurs on or after the 60th day following the termination of employment, provided that the executive has executed and delivered a release of claims and the statutory period during which she may revoke that release has expired on or before that 60th day.

In lieu of Severance, the employment agreement provides for the payment of a CiC Benefit in the event the executive is terminated (i) by the Company without Cause, or (ii) by the executive for Good Reason within 12 months of a Change in Control of the Company (the terms "Change in Control" and "Good Reason" are defined above under the description of Mr. Beatty's Employment Agreement). In this case, the executive will be entitled to receive an amount equal to the difference between (i) the product of 2.0 times the officer's "base amount" as defined in Section 280G(b)(2) of the Code and (ii) the sum of any other parachute payments as defined under Section 280G(b)(2) of the Code that the officer receives on account of the Change in Control, provided that in no event shall the aggregate amounts payable under the employment agreement exceed 2.0 times the executive's "base amount." The CiC Benefit will be paid in one lump sum on the 60th day following termination of employment, provided that the executive has executed and delivered a release of claims and the statutory period during which she may revoke that release has expired on or before that 60th day.

Patrick M. Bilbrough

On October 31, 2017, the Bank and Mr. Bilbrough entered into an employment agreement which provides that he will serve as the Bank's Chief Executive Officer. Pursuant to the employment agreement, Mr. Bilbrough will receive an annual base salary of \$310,000 subject to periodic review and adjustment. In addition, Mr. Bilbrough is entitled to: (i) participate in the Company's bonus plans; (ii) receive employee benefits of the type offered by the Company and its affiliates to similarly-situated officers, including vacation, sick leave and disability leave; (iii) receive fringe benefits of the type customarily made available by the Company to its officers; and (iv) be reimbursed for employment-related expenses.

The employment agreement has a twelve-month term, which will automatically renew for successive twelve-month terms unless a party notifies the other party at least 60 days prior to the end of the then-current term of its or his decision not to renew the employment agreement. At least 120 days prior to the commencement of a new term, the Bank's board of directors or a committee thereof will conduct a comprehensive performance evaluation and review of the executive to determine whether to give notice of non-renewal. The term of the executive's employment under the employment agreement may be terminated at any time and for any reason by the Bank or the executive (upon 30 days' prior written notice), and it will automatically terminate upon the executive's death.

Upon the termination of employment, the executive is entitled to receive all unpaid base salary that has accrued through the date of termination, all bonus awards (prorated through the last day of the month in which termination occurs) that the executive would have received had he remained employed when bonuses are next declared or paid, and reimbursement of all unreimbursed expenses, all of which must be paid no later than the last day of the calendar quarter of the quarter in which the termination occurs. In addition, all unexercised or unvested equity awards, or portions thereof, held by the executive as of the date of termination shall vest or terminate and be exercisable in accordance with their terms.

If the executive's employment is terminated without "Cause" (as defined above under the description of Mr. Beatty's Employment Agreement) prior to the expiration of the term of the employment agreement, then, except in the case of termination following a "Change in Control" of the Bank, the executive will additionally be entitled to receive Severance in the form of continued base salary (at the then-current level) for a period of 24 months following the date of termination. The employment agreement provides that the first Severance payment will be made on the first regular payroll date that occurs on or after the 60th day following the termination of employment, provided that the executive has executed and delivered a release of claims and the statutory period during which he may revoke that release has expired on or before that 60th day.

In lieu of Severance, the employment agreement provides for the payment of a CiC Benefit in the event the executive is terminated (i) by the Bank without Cause, or (ii) by the executive for Good Reason within 12 months of a Change in Control of the Bank (the terms "Change in Control" and "Good Reason" are defined above under the description of Mr. Beatty's Employment Agreement). In this case, the executive will be entitled to receive an amount equal to the difference between (i) the product of 2.0 times the officer's "base amount" as defined in Section 280G(b)(2) of the Code and (ii) the sum of any other parachute payments as defined under Section 280G(b)(2) of the Code that the officer receives on account of the Change in Control, provided that in no event shall the aggregate amounts payable under the employment agreement exceed 2.0 times the executive's "base amount." The CiC Benefit will be paid in one lump sum on the 60th day following termination of employment, provided that the executive has executed and delivered a release of claims and the statutory period during which he may revoke that release has expired on or before that 60th day.

Edward C. Allen

On October 31, 2017, the Bank and Mr. Allen entered into a Change in Control Agreement. Pursuant to the Change in Control Agreement, in the event the executive is terminated (i) by the Bank without Cause, or (ii) by the executive for Good Reason within 12 months of a Change in Control of the Company or the Bank, as the case may be, the executive will be entitled to receive an amount equal to the difference between (i) the product of 1.5 times the executive's "base amount" as defined in Section 280G(b)(2) of the Code and (ii) the sum of any other parachute payments as defined under Section 280G(b)(2) of the Code that the officer receives on account of the Change in Control (the terms "Cause," "Change in Control" and "Good Reason" are defined above under the description of Mr. Beatty's Employment Agreement). The CiC Benefit will be paid in one lump sum on the 60th day following termination of employment, provided that the executive has executed and delivered a release of claims and the statutory period during which he may revoke that release has expired on or before that 60th day.

Richard C. Trippe

On October 31, 2017, the Avon-Dixon Agency and Mr. Trippe entered into a Change in Control Agreement. Pursuant to the Change in Control Agreement, in the event the executive is terminated (i) by the Avon-Dixon Agency without Cause, or (ii) by the executive for Good Reason within 12 months of a Change in Control of the Company or the Avon-Dixon Agency, as the case may be, the executive will be entitled to receive an amount equal to the difference between (i) the product of 1.5 times the executive's "base amount" as defined in Section 280G(b)(2) of the Code and (ii) the sum of any other parachute payments as defined under Section 280G(b)(2) of the Code that the officer receives on account of the Change in Control (the terms "Cause," "Change in Control" and "Good Reason" are defined above under the description of Mr. Beatty's Employment Agreement). The CiC Benefit will be paid in one lump sum on the 60th day following termination of employment, provided that the executive has executed and delivered a release of claims and the statutory period during which he may revoke that release has expired on or before that 60th day.

Accounting and Tax Considerations

If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A, and such benefits do not comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the executive is subject to regular federal income tax, interest, and an

additional federal income tax of 20% of the benefit includible in income.

Under Section 162(m), a limitation was placed on tax deductions of any publicly held corporation for individual compensation to certain executives of such corporation exceeding \$1,000,000 in any taxable year, unless the compensation is performance-based. Following the Tax Cut and Jobs Act of 2017, Section 162(m) of the Code only exempts qualifying performance-based compensation with respect to taxable years beginning on or before December 31, 2017 and payable pursuant to a binding written agreement in effect on November 2, 2017. Thus, only performance-based awards outstanding on that date or awarded pursuant to a binding written agreement on that date may be exempt from the Section 162(m) deductibility cap. Effectively, The Tax Cut and Jobs Act of 2017 eliminated the ability to rely on the ‘performance-based’ exception under Section 162(m) of the Code with respect to new awards and compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. Despite the Compensation Committee’s efforts to structure the executive team annual cash incentives and performance-based awards in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)’s exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. Further, the Compensation Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with our business needs.

Despite the changes to Section 162(m) of the Code, the Committee and the Board believe that performance-based compensation rewards executive officers for the achievement of specific annual strategic goals, and promotes sustainable growth as well as creates long-term stockholder value even though some compensation awards may result in non-deductible compensation expenses and will continue to grant performance-based awards. Therefore, the Committee and the Board may grant awards and approve compensation that may not be deductible for income tax purposes.

The Compensation Committee’s stock option grant policies have been impacted by the implementation of Financial Accounting Standards Board ASC Topic 718 (“ASC 718”). Details related to the adoption of ASC 718 and the impact to the Company’s financial statements are discussed in the Notes to the Consolidated Financial Statements included in the accompanying Annual Report on Form 10-K under the heading “Stock Based Compensation”.

The Compensation Committee has structured the change in control provision of Mr. Beatty’s employment agreements to minimize income tax penalties that could be imposed on the Company and/or Mr. Beatty under Section 280G of the Code. Under Section 280G, an excise tax is imposed on an executive officer who receives payments that are deemed to be contingent on a change in the ownership or effective control of the Company to the extent they exceed 2.99 times the executive’s “annualized includable compensation for the base period” (*i.e.* , the average annual compensation that was includable in his or her gross income for the last five taxable years ending before the date on which the change in control occurs). In addition, the Company is not entitled to treat such excess as compensation expense for federal income tax purposes.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the section of this Proxy Statement entitled “COMPENSATION DISCUSSION AND ANALYSIS”. Based on this review and these discussions, the Compensation Committee recommended to the Board that the section of this Proxy Statement entitled “COMPENSATION DISCUSSION AND ANALYSIS” be included in this Proxy Statement and that it be incorporated by reference into the Company’s Annual Report on Form 10-K for the year ended December 31, 2017.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee oversees executive compensation matters. David W. Moore, *Chair*, Frank E. Mason, III, John H. Wilson and Jeffery E. Thompson served on the Compensation Committee during 2017. None of the foregoing persons was, during 2017, an officer or employee of the Company, was formerly an officer of the Company, had any relationship requiring disclosure pursuant to Item 404 of Regulation S-K, or had any interlocking relationship contemplated by Item 407(e)(4)(iii) of Regulation S-K.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

It is the policy of the Company that all permissible transactions between the Company and its executive officers, directors, holders of 5% or more of the shares of its Common Stock and affiliates thereof, contain terms no less favorable to the Company than could have been obtained by it in arm's-length negotiations with unaffiliated persons and are required to be approved by a majority of independent outside directors of the Company not having any interest in the transaction.

Related Party Transactions

Shore United Bank has banking transactions in the ordinary course of their businesses with their directors and officers and with the associates of such persons on substantially the same terms, including interest rates, collateral, and repayment terms on loans, as those prevailing at the time for comparable transactions with persons not related to the Company and its subsidiaries. Extensions of credit by Shore United Bank to these persons have not and do not currently involve more than the normal risk of collectability or present other unfavorable features.

Review, Approval and Ratification of Related Party Transactions

Nasdaq Rule 5630 requires the Company to conduct an appropriate review of all related party transactions for potential conflict of interest situations on an ongoing basis and further requires all such transactions to be approved by the Company's Audit Committee or another "independent body" of the Board. The term "related party transaction" is generally defined as any transaction (or series of related transactions) in which the Company is a participant and the amount involved exceeds \$120,000, and in which any director, director nominee, or executive officer of the Company, any holder of more than 5% of the outstanding voting securities of the Company, or any immediate family member of the foregoing persons will have a direct or indirect interest.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than 10% of the outstanding shares of Common Stock to file reports with the SEC disclosing their ownership of Common Stock at the time they become subject to Section 16(a) and changes in such ownership that occur during the year. Based solely on a review of copies of such reports furnished to us, or on written representations that no reports were required, we believe that all directors, executive officers and holders of more than 10% of the Common Stock

complied in a timely manner with the filing requirements applicable to them with respect to transactions during the year ended December 31, 2017.

**PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF YOUNT, HYDE & BARBOUR, P.C.
AS THE COMPANY'S INDEPENDENT REGISTERED ACCOUNTING FIRM FOR
FISCAL YEAR 2018**

Shareholders will also be asked to ratify the Audit Committee's appointment of Yount, Hyde & Barbour, P.C. to audit the books and accounts of the Company for the fiscal year ended December 31, 2018. Effective as of September 22, 2017, the Company's Audit Committee dismissed its prior independent registered public accounting firm, Dixon Hughes Goodman LLP, and appointed Yount, Hyde & Barbour, P.C. to serve as the Company's independent registered public accounting firm for the remainder of fiscal 2017.

Dixon Hughes Goodman LLP served as the Company's independent registered public accounting firm from June 1, 2016, following the Audit Committee's acceptance of the resignation of its prior independent registered public accounting firm, Stegman & Company ("Stegman"), through September 22, 2017. The 2016 change in accounting firms was due to Stegman's announcement that effective June 1, 2016 substantially all of the directors and employees of Stegman joined Dixon Hughes Goodman LLP.

A representative of Yount, Hyde & Barbour, P.C. is expected to be present at the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

Because your vote is advisory, it will not be binding upon the Audit Committee, overrule any decision made by the Audit Committee, or create or imply any additional fiduciary duty by the Audit Committee. The Audit Committee may, however, take into account the outcome of the vote when considering future auditor appointments.

Audit-Related Fees incurred in fiscal year 2017 and 2016 include charges mainly related to the audit of the 401(k) and profit sharing plan and comfort procedures related to the registration statement. Tax Fees incurred in fiscal years 2017 and 2016 include charges primarily related to tax return preparation. The Audit Committee has reviewed summaries of the services provided and the related fees and has determined that the provision of non-audit services is compatible with maintaining the independence of Yount, Hyde & Barbour, P.C.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee's policy is to pre-approve all audit and permitted non-audit services, except that *de minimis* non-audit services, as defined in Section 10A(i)(1) of the Exchange Act, may be approved prior to the completion of the independent auditor's audit. All of the 2017 and 2016 services described above were pre-approved by the Audit Committee.

PROPOSAL 3: ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act and the rules promulgated thereunder, our shareholders are entitled to cast an advisory vote to approve the Named Executive Officer's compensation at least once every three years. This proposal, commonly known as a "Say-on-Pay" vote, gives our shareholders the opportunity to express their views on the Named Executive Officer's compensation. In a vote held at the 2017 annual meeting of shareholders, our shareholders voted in favor of holding Say-on-Pay votes annually.

Our goal for the executive compensation program is to attract, motivate and retain a talented team of executives who will provide leadership for the Company's success in dynamic and competitive markets. The section of this Proxy Statement entitled "COMPENSATION DISCUSSION AND ANALYSIS" contains the information required by Item 402 of Regulation S-K and discusses in detail our executive compensation program, the decisions made by the Compensation Committee during 2017, and the compensation that was earned by, awarded to or paid to the Named Executive Officers.

The Board and its Compensation Committee believe that our compensation policies and procedures are reasonable in comparison both to our peer group and to our performance during 2017. The Board and its Compensation Committee also believe that our compensation program strongly aligns executive officers with the interests of shareholders in the long-term value of the Company as well as the components that drive long-term value.

At the Annual Meeting, shareholders will be asked to adopt the following non-binding advisory resolution:

RESOLVED, that the compensation paid to the named executive officers of Shore Bancshares, Inc., as disclosed in its definitive proxy statement for the 2018 Annual Meeting of Shareholders pursuant to Item 402 of Regulation S-K, including in the section entitled "COMPENSATION DISCUSSION AND ANALYSIS," is hereby approved.

Because this advisory vote relates to, and may impact, our executive compensation policies and practices, the Named Executive Officers have an interest in the outcome of this vote. However, it should be noted that your vote is advisory, so it will not be binding on the Board or its Compensation Committee, overrule any decision made by the Board or its Compensation Committee, or create or imply any additional fiduciary duty by the Board or its Compensation Committee. The Board and its Compensation Committee may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has (i) reviewed and discussed our consolidated audited financial statements for fiscal year ended December 31, 2017 with our management; (ii) discussed with Yount, Hyde & Barbour, P.C., our independent registered public accounting firm, all matters required to be discussed by the statement on Auditing Standards No. 16, as amended (AICPA, *Professional Standards*, Vol. 1, AU §380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and (iii) received the written disclosures and the letter from Yount, Hyde & Barbour, P.C. required by applicable requirements of the Public Company Accounting Oversight Board regarding Yount, Hyde & Barbour, P.C.'s communications with the Audit Committee concerning independence, and discussed with Yount, Hyde & Barbour, P.C. its independence. Based on the foregoing review and discussions, the Audit Committee recommended to the Board that our consolidated audited financial statements for the year ended December 31, 2017 be included in our Annual Report on Form 10-K for the year ended December 31, 2017.

This procedure reduces printing costs and postage fees.

Under applicable law, if you consented or were deemed to have consented, your broker, bank or other intermediary may send only one copy of the Proxy Statement, the 2017 Annual Report, and other proxy materials to your address for all residents that own shares of Company Common Stock in street name. If you wish to revoke your consent to householding, you must contact your broker, bank or other intermediary. Upon written or oral request, we will promptly deliver a separate set of the Proxy Statement, the 2017 Annual Report or other proxy materials to any beneficial owner at a shared address to which a single copy of any of those documents was delivered.
