A stockholder giving a proxy may revoke it at any time before it is exercised by filing with the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if the person executing the proxy is present at the Annual Meeting electronically and elects to vote in person. Subject to such revocation or suspension, all shares represented by each properly executed proxy received by the Company will be voted in accordance with the instructions indicated thereon, and if instructions are not indicated, will be voted in favor of (i) the election of the nominees for director named in, or otherwise nominated as set forth in this Proxy Statement, and, (ii) the proposal to ratify the selection of independent auditors.

1

---

### Record Date and Voting

As of March 28, 2005 the outstanding voting securities of the Company consisted of 13,708,430 shares of \$.10 par value Common Stock. Each stockholder of record at the close of business on March 28, 2005 is entitled to one vote for each share then held on each matter submitted to a vote of stockholders. The presence in person electronically or by proxy of holders of a majority of the issued and outstanding Common Stock will constitute a quorum for the transaction of such business as shall properly come before the meeting.

Directors are elected by a plurality of the votes of the shares present in person electronically or by proxy and entitled to vote on the election of directors. Generally, stockholder approval of other matters, such as the ratification of the selection of independent auditors, requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on the matter. Shares voted to abstain on such a matter will be treated as entitled to vote on the matter and will thus have the same effect as no votes. Broker non-votes on such matters are not counted as entitled to vote on a matter in determining the number of affirmative votes required for approval of the matter, but are counted as present for quorum purposes.

The term broker non-votes refers to shares held by a broker in street name that are present by proxy but are not voted on a matter pursuant to rules prohibiting brokers from voting on non-routine matters without instructions from the beneficial owner of the shares. The election of directors and ratification of the selection of independent certified public accountants are generally considered to be routine matters on which brokers may vote without instructions from beneficial owners.

#### Board Committees and Attendance at Meetings

The Board of Directors has standing Audit, Compensation and Nominating/Corporate Governance Committees.

## Edgar Filing: ICU MEDICAL INC/DE - Form DEF 14A

*Audit Committee.* The Board of Directors has an Audit Committee, which consists of Messrs. Brown, Connors and Saucedo (Chairman). As more fully described in the Audit Committee Charter, the Audit Committee oversees the accounting and financial reporting processes of the Company and audits of its financial statements. The Audit Committee met five times in 2004.

During 2004, the Audit Committee consisted of three directors who are independent directors as defined under the listing standards of the Nasdaq National Market System. The Company's Board of Directors adopted a revised Audit Committee charter on July 25, 2003.

The Board of Directors has determined that Joseph R. Saucedo is an audit committee financial expert and is independent, as both those terms are defined by Securities and Exchange Commission regulations.

*Compensation Committee.* The Board of Directors has a Compensation Committee, consisting of Messrs. Brown, Connors and Saucedo, Drs. Kovalchik (Chairman), Sherman and Swinney. The Board has determined that all members of the Compensation Committee are independent directors under the listing standards of the Nasdaq Stock Market System. The Compensation Committee operates pursuant to a written charter adopted by the Board of Directors on July 25, 2003, a copy of which can be found on the Company's web site, [www.icumed.com](http://www.icumed.com). The Compensation Committee, as more fully described in the Compensation Committee Report, discharges the responsibilities of the Board of Directors relating to executive and director compensation, and oversees incentive, equity based and other compensatory plans in which executive officers and key employees of the Company participate, including authorization of the grant of stock options. The Compensation Committee met four times in 2004.

*Nominating/Corporate Governance Committee.* The Nominating/Corporate Governance Committee (the Nominating Committee) consists of Drs. Kovalchik, Sherman and Swinney, each of whom the Board of Directors has determined is independent under the listing standards of the Nasdaq National Market System. The Nominating Committee operates pursuant to a written charter adopted by the Board of Directors on July 25, 2003, a copy of which can be found on the Company's web site, [www.icumed.com](http://www.icumed.com). The Nominating Committee's role is to recommend to the Board of Directors policies on Board composition and criteria for Board membership, to identify individuals qualified to serve as directors and approve candidates for director and to recommend directors for appointment to committees of the Board of Directors. The Nominating Committee also makes recommendations to the Board of Directors concerning the Company's corporate governance guidelines and codes of ethics and business conduct, oversees internal investigations of conduct of senior executives, if necessary, and conducts evaluations of the performance of the Board of Directors. The Nominating Committee, which was first appointed on October 17, 2003, met once in 2004.

In evaluating and determining whether to recommend a person as a candidate for election as a director, the Nominating Committee considers, among other things, relevant management and/or industry experience; values such as integrity, accountability, judgment and adherence to high performance standards; independence pursuant to the guidelines set forth in the listing standards of the Nasdaq National Market System; ability and willingness to undertake the requisite time commitment to Board service; and an absence of conflicts of interest with the Company.

5

---

The Nominating Committee may employ a variety of methods for identifying and evaluating nominees for director. The Nominating Committee will assess the need for particular expertise on the Board of Directors, the upcoming election cycle of the Board and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating Committee will consider various potential candidates for director that may come to the Nominating Committee's attention through current directors, the Company's professional advisors, stockholders or others.

The Nominating Committee will consider candidates recommended by stockholders. The deadlines and procedures for stockholder recommendations of director candidates are the same as those described below under *Nomination of Directors and Stockholder Proposals*. Following verification of the stockholder status of persons proposing candidates, the Nominating Committee will make an initial analysis of the qualifications of any candidate recommended by stockholders or others pursuant to the criteria summarized above to determine whether the candidate is qualified for service on the Company's Board before deciding to undertake a complete evaluation of the candidate. Other than the verification of compliance with procedures and stockholder status, and the initial analysis performed by the Nominating Committee, a potential candidate nominated by a stockholder will be treated like any other potential candidate during the review process by the Nominating Committee.

The Nominating Committee has approved the nominations of John J. Connors, Esquire, Michael T. Kovalchik, III, M.D. and Joseph R. Saucedo for reelection as directors at the Annual Meeting. The Nominating Committee considered the candidates' past contributions to the Board of Directors, their willingness to continue to serve and the benefits of continuity in the membership of the Board of Directors and determined that the reelection of the three candidates was appropriate.

The Board of Directors has adopted a Code of Business Conduct and Ethics for Officers, and a copy is available on the Company's website, [www.icumed.com](http://www.icumed.com).

## Edgar Filing: ICU MEDICAL INC/DE - Form DEF 14A

During 2004, the Board met nine times. Each director attended more than 75% of the total of all meetings of the Board and any committees on which he serves.

It is the policy of the Company to invite and encourage all members of the board of directors to attend the annual meeting. In 2004, one director attended the annual meeting.

### **Executive Compensation**

#### *Compensation Committee Report*

During 2004, the Compensation Committee consisted of six directors who are not employees or former employees of, or consultants to, the Company. The Compensation Committee reviews the performance of the Company and the Chief Executive Officer, sets performance objectives, establishes the compensation of the Chief Executive Officer, and authorizes the grant of options to employees.

The Company's policy in compensating executive officers is to establish methods and levels of compensation that will provide strong incentives to promote the profitability and growth of the Company and reward superior performance and that are sufficiently competitive to attract, retain and motivate highly competent management personnel. Compensation of executive officers includes base salary, performance-based incentive bonuses and stock-based programs.

The Compensation Committee has adopted an executive compensation policy which provides a base salary and, if certain performance objectives are met, incentive bonuses and stock options. Upon achievement of performance objectives established by the Compensation Committee, officers other than Dr. Lopez could receive, in addition to base salaries, bonuses in amounts ranging from 20% to 33% of their base salaries, and higher amounts in certain circumstances for unusual achievements. The Compensation Committee believes that performance-based and stock-based compensation serves to align the interests of the executive officers with the interests of the Company's stockholders.

With the exception of one bonus for a designated achievement over a period of several years, no cash bonuses were paid to officers for 2004.

The base salary paid to Dr. Lopez in 2004 was set by the Compensation Committee in accordance with the Company's executive compensation policy at near the middle of the range of total compensation paid to chief executive officers of companies that the Compensation Committee deemed to be comparable to the Company. Dr. Lopez did not receive any cash bonus in 2004. Dr. Lopez was granted options to purchase 100,000 shares in the first half of 2004. The executive compensation policy sets the incentive bonuses and the value of stock options to be awarded to Dr. Lopez at a higher percentage of his base salary than that awarded to other officers. The Compensation Committee believes that in view of the Chief Executive Officer's overall responsibility for the success of the Company, it is appropriate that a larger portion of his compensation be contingent on performance.

### *Stock Option Grants*

Options to purchase Common Stock of the Company were granted in 2004 to employees under the ICU Medical, Inc. 1993 Stock Incentive Plan (the "1993 Plan"), which provided for the grant of options to purchase up to 7,162,500 shares. The exercise price of options granted under the 1993 Plan is the fair market value of the Common Stock on the date of grant. All options granted under the 1993 Plan through April 2000 expire eleven years from issuance and are time-accelerated options which vest upon the earlier of the Company achieving specific operating performance levels or ten years from the date of grant. Options granted since

8

April 2000 expire eleven years from issuance and vest in equal annual amounts on the first, second and third anniversary of issuance except for time-accelerated options granted in 2002 and 2003 on 22,500 and 45,000 shares, respectively; 37,500 of those options vest five years from issuance, and the balance ten years from issuance, unless vesting is accelerated upon achievement of performance goals. The Company may issue more time-accelerated options in the future. The 1993 Plan expired January 31, 2005.

The Company has a 2003 Stock Option plan (the "2003 Plan") which provides for the grant of options to purchase up to 1,500,000 shares. The exercise price of options granted under the 2003 Plan is the fair market value of the Common Stock on the date of grant. All options granted under the 2003 Plan expire ten years from issuance. The Company granted options to purchase 100,000 shares of Common Stock under the 2003 Plan in 2004.

On December 28, 2004, the Board of Directors of the Company approved amendments to the vesting provisions of certain stock options outstanding under the 1993 Plan to provide that certain unvested stock options with an exercise price above the December 28, 2004 closing price for the Company's Common stock on the Nasdaq Stock Market shall become exercisable on the later of December 31, 2004 or six months from the date such stock option was granted. As a result of the amendment, stock options covering 468,947 shares became exercisable on December 31, 2004 and options covering an additional 13,250 will become exercisable during the first six months of 2005. The vesting provisions of stock options that vest based on performance criteria were not amended. There were no other changes to any stock options.

The Board of Directors has decided to substantially curtail grants of stock options in the future. It believes that the amended vesting provisions will partially mitigate the resulting reduction in employees' equity-based incentive compensation. The Company has decided to follow the modified prospective method in implementing recent amendments by the Financial Accounting Standards Board in Accounting for Stock-Based Compensation. The acceleration will reduce the amortization of the Company's stock option compensation expense for 2005 and 2006. The Board believes that this reduction will enhance comparability of the Company's financial statements with those of prior and subsequent years.

assumed appreciation rates nor the actual changes in the share value of the Company's common stock since the dates of option grants are necessarily indicative of any future value of the Common Stock. **Directors Compensation**

Pay for attendance at meetings of Committees of the Board was \$750 per day, and \$375 if the meeting was conducted telephonically. In addition, under the 2001 Directors' Stock Option Plan, each

## Edgar Filing: ICU MEDICAL INC/DE - Form DEF 14A

On January 29, 2005, the Board of Directors revised the compensation for directors who are not employees of the Company to provide for the following: each director will receive an annual retainer of \$24,000, payable currently, an annual retainer of \$12,000 payable on a deferred basis, plus \$1,000 per day for attendance at meetings of the Board and \$500 if the meeting is conducted telephonically. Each Chairperson of a Committee of the Board also receives an annual retainer of \$5,000 plus an additional pay for attendance at each meeting of the Committee of \$750 per day and \$375 if the meeting is conducted telephonically.

11

The Board suspended all future grants of options to purchase common stock of the Company under the 2001 Directors Stock Option Plan.

### Employment Agreements

The Company enters into employment agreements with each named executive officer for semi-annual periods ending on June 30 and December 31, and they may be renewed for successive six-month periods upon expiration, unless terminated. They provide for an annual base salary and a bonus payable in cash based on achievement of performance goals. Under the employment agreement with Dr. Lopez, he received quarterly grants of options to acquire the Company's stock. Under employment agreements with the other officers, options to acquire the Company's stock were awarded based on achievement of performance goals.

On December 28, 2004, the Board of Directors of the Company approved amendments to the vesting provisions of certain stock options outstanding under the 1993 Plan to provide that certain unvested stock options with an exercise price above the December 28, 2004 closing price for the Company's Common stock on the Nasdaq Stock Market shall become exercisable on the later of December 31, 2004 or six months from the date such stock option was granted. As a result of the amendment, stock options covering 443,250 shares became exercisable on December 31, 2004 and options covering an additional 13,250 will become exercisable during the first six months of 2005. The vesting provisions of stock options that vest based on performance criteria were not amended. There were no other changes to any stock options.

The options that were amended included those listed below held by officers of the Company:

<u>Officer</u>	<u>No. of Shares Subject to Options</u>	<u>Price Range</u>
Dr. George A. Lopez	183,333	\$29.27 \$36.87
Alison D. Burcar	7,333	\$29.56 \$36.03
Richard A. Costello	333	\$36.17
Steven C. Riggs	13,750	\$29.56 \$36.35

Grants of options under employment agreements were suspended in 2004. The Committee approved grants of options to the officers in April 2004 unrelated to the achievement of performance goals, and no options have been granted since them. All options vest six months from the date of issuance. Options granted to Dr. Lopez expire ten years from issuance; all other options expire eleven years from issuance.

The Company also has an agreement with Dr. Lopez which generally provides that, in the event the Company undergoes a change in control, as defined, and his employment is terminated, or certain negative changes in condition of employment occur, within 24 months of a change in control, he will be entitled to three times his annual salary and bonus, payment of bonus through the date of termination or change in conditions, and continuation of benefits for three years, and any stock options he holds will vest in full. In addition, if any payments are subject to excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended, he will be entitled to a gross up of payments to offset the effect of the excise tax. The Company will not be entitled to a tax deduction for any payments made under the agreement that are subject to the excise tax.

On January 29, 2005, the Board of Directors approved the 2005 Long Term Retention Plan. Under the Plan, the Compensation Committee shall periodically determine, after advice from and consultation with the chief Executive Officer ( CEO ), the award to each participant, except that the Compensation Committee shall determine the award to the CEO, without advice from or consultation with the CEO.

## Edgar Filing: ICU MEDICAL INC/DE - Form DEF 14A

Awards are payable, except with respect to the CEO, at the sole direction of the CEO on the sixth anniversary of the award, or sooner if Dr. George A. Lopez ceases to be CEO. The award to the CEO is payable at the sole discretion of the Compensation Committee on the sixth anniversary of the award. To receive payment of an award, a participant must be an employee of the Company at the time payment is due. The amount of the awards is subject to increase of up to 200% based upon increases in the price of the

12

Company's common stock or market capitalization. The following awards were made on January 29, 2005: Dr. Lopez \$1,000,000; Mr. O'Brien \$500,000; Mr. Costello \$333,000; Mr. Riggs \$400,000; Ms. Burcar \$220,000.

### Life Insurance

The Diana Lopez Insurance Trust is the owner of a \$3 million life insurance policy on Dr. Lopez. The Company has in the past advanced funds to pay the premium on the policy. The Company has a collateral assignment entitling it to recover, generally from the value of the policy, all premiums paid on the policy. Because of legislative changes, the Company has ceased paying premiums on the policy, and has not reached agreement with Dr. Lopez or the owner of the policy on the disposition of the policy. The 2003 and 2004 premiums have not been paid. The total premiums paid to date are \$479,000 and the net surrender value of the policy is approximately \$444,000. If no further premiums are paid and no other action is taken, the policy will lapse in approximately fourteen years, at which time it will have no value.
