PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS OF

COCA-COLA BOTTLING CO. CONSOLIDATED

to be held on April 28, 2004

INTRODUCTION

This Proxy Statement is being furnished by the Board of Directors of Coca-Cola Bottling Co. Consolidated (the "Company") in connection with the solicitation of proxies by the Board of Directors for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at the Company's Snyder Production Center, 4901 Chesapeake Drive, Charlotte, North Carolina on Wednesday, April 28, 2004 at 10:00 a.m., local time, and at any adjournment thereof. This Proxy Statement and the accompanying form of proxy are first being mailed to stockholders of the Company on or about March 26, 2004. The principal executive offices of the Company are located at 4100 Coca-Cola Plaza, Charlotte, North Carolina 28211.

RECORD DATE, VOTE REQUIRED AND RELATED MATTERS

The Board of Directors has fixed the close of business on March 15, 2004 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. At the close of business on March 15, 2004, the Company had issued and outstanding 6,642,577 shares of Common Stock and 2,420,752 shares of Class B Common Stock. Each share of Common Stock is entitled to one vote per share and each share of Class B Common Stock is entitled to 20 votes per share (or an aggregate of 55,057,617 votes with respect to the Common Stock and the Class B Common Stock voting together as a single class). Each stockholder may exercise his right to vote either in person or by properly executed proxy. The Common Stock and Class B Common Stock will vote together as a single class on all matters considered at the Annual Meeting.

Any person giving a proxy pursuant to this solicitation may revoke it at any time before it is voted at the Annual Meeting by (1) delivering a written notice of revocation to the Company's Secretary at the Company's principal executive offices, (2) submitting a later-dated proxy relating to the same shares by mail, telephone or the Internet or (3) by attending the Annual Meeting and voting in person. If a choice is specified in the proxy, shares represented thereby will be voted in accordance with such choice. If no choice is specified, the proxy will be voted **FOR** the ten nominees to the Board of Directors listed herein.

The presence, in person or by proxy, of the holders of a majority of the votes eligible to be cast by the holders of Common Stock and Class B Common Stock voting together as a class is necessary to constitute a quorum at the Annual Meeting. Directors are elected by a plurality of the votes cast at a meeting at which a quorum is present. Abstaining votes and broker non-votes are counted for purposes of establishing a quorum, but are not counted in the election of directors and therefore have no effect on the election. A broker non-vote occurs when a

nominee holding shares for a beneficial owner does not vote on a particular matter because the nominee does not have discretionary voting power for that particular matter and has not received instructions from the beneficial owner.

The Board of Directors has been informed that J. Frank Harrison, III intends to vote an aggregate of 1,985,298 shares of the Company's Common Stock and 2,419,250 shares of the Company's Class B Common Stock (representing an aggregate of 91.5% of the total voting power as of the record date) **FOR** electing the Board of Directors' nominees for director.

The Board of Directors is not aware of any matters to be brought before the Annual Meeting or any adjournment thereof other than the election of ten directors and routine matters incidental to the conduct of the Annual Meeting. If, however, other matters are properly presented, it is the intention of the persons named in the accompanying proxy or their substitutes to vote the shares represented by the proxy in accordance with their best judgment on such matters.

ELECTION OF DIRECTORS

The Company's Board of Directors consists of between nine and twelve members as fixed from time to time by the stockholders of the Company or the Board of Directors. The Board of Directors and its Committees

The Board of Directors held four meetings during 2003. All directors attended at least 75% of the total number of meetings of the Board of Directors and the Committees of the Board of Directors on which they served during 2003, except for Carl Ware. The full Board of Directors has determined that the following directors are independent directors, within the meaning of the applicable rules of the National Association of Securities Dealers, Inc. (the NASD): H.W. McKay Belk, Sharon A. Decker, James E. Harris, Ned R. McWherter, John W. Murrey, III and Dennis A. Wicker.

The Board of Directors has an Audit Committee whose current members are Messrs. Belk (Chairman), Harris and Wicker and Ms. Decker. The primary purpose of the Audit Committee is to act on behalf of the Board of Directors in its oversight of all material aspects of the Company's accounting and financial reporting processes, internal controls and audit functions. The Audit Committee functions pursuant to a written charter adopted by the Board of Directors. The Audit Committee reviews and reassesses the adequacy of its charter on an annual basis. The Board of Directors has determined that Mr. Harris is an audit committee financial expert, within the meaning of the regulations of the Securities and Exchange Commission (the SEC) and that all of the members of the Audit Committee are independent, within the meaning of the applicable rules of the NASD. The Audit Committee met eight times in 2003. The formal report of the Audit Committee with respect to 2003 is set forth under the caption *Report of the Audit Committee* below.

The Board of Directors has a Compensation Committee whose current members are Messrs. Wicker (Chairman), Belk, and McWherter. The Compensation Committee administers the Company's compensation plans, reviews and establishes the compensation of the Company's officers and makes recommendations to the Board of Directors concerning such compensation and related matters. The Compensation Committee met two times in 2003. The formal report of the Compensation Committee with respect to 2003 is set forth below under *Report of the Compensation Committee on Annual Compensation of Executive Officers*.

The Board of Directors does not have a standing Nominating Committee comprised solely of independent directors. The Board of Directors is not required to have such a committee because the Company qualifies as a controlled company, within the meaning of Rule 4350(c)(5) of the NASD. The Company currently qualifies as a controlled company because more than 50% of the Company's voting power is controlled by the Company's Chairman and Chief Executive Officer, Mr. Harrison, III (the Controlling Stockholder). Rule 4350(c)(5) was adopted by the NASD in recognition of the fact that a majority stockholder may control the selection of directors and certain key decisions of a company by virtue of his or her ownership rights.

The Board of Directors has delegated to the Executive Committee the responsibility for identifying, evaluating and recommending director candidates to the Board of Directors, subject to the final approval of the Controlling Stockholder who is also a member of the Executive

Committee. The current members of the Executive Committee are Messrs. Harrison, III (Chairman), Belk, Elmore and Wicker. Messrs. Belk and Wicker are independent directors, within the meaning of the applicable rules of the NASD. Messrs. Harrison, III and Elmore do not qualify as independent directors. The Executive Committee met one time in 2003.

The Executive Committee does not function pursuant to a formal written charter. However, taking into consideration the fact that the Company is a controlled company and that all director candidates must be acceptable to the Controlling Stockholder, the Board of Directors has approved the following nomination and appointment process for the purpose of providing the Company's constituencies with a voice in the identification of candidates for nomination and appointment.

In identifying potential director candidates, the Executive Committee may seek input from other directors, executive officers, employees, community leaders, business contacts, third-party search firms and any other sources deemed appropriate by the Executive Committee. The Executive Committee will also consider director candidates recommended by stockholders to stand for election at the next Annual Meeting, so long as such recommendations are submitted in accordance with the procedures described below under *Stockholder Recommendations of Director Candidates*.

In evaluating director candidates, the Executive Committee will not set specific, minimum qualifications that must be met by a director candidate. Rather, in evaluating candidates for recommendation to the Board of Directors, the Executive Committee will consider the following factors in addition to any other factors deemed appropriate by the Executive Committee:

whether the candidate is of the highest ethical character and shares the values of the Company;

whether the candidate's reputation, both personal and professional, is consistent with the image and reputation of the Company;

whether the candidate possesses expertise or experience that will benefit the Company and that is desirable given the current make-up of the Board of Directors;

whether the candidate is independent as defined by the applicable rules of the NASD and other applicable laws, rules or regulations regarding independence;

whether the candidate is eligible to serve on the Audit Committee or other Board committees under the applicable rules of the NASD and other applicable laws, rules or regulations;

whether the candidate is eligible by reason of any legal or contractual requirements affecting the Company or its stockholders;

whether the candidate is free from conflicts of interest that would interfere with the candidate's ability to perform the duties of a director or that would violate any applicable listing standard or other applicable law, rule or regulation;

whether the candidate's service as an executive officer of another company or on the boards of directors of other companies would interfere with the candidate's ability to devote sufficient time to discharge his or her duties as a director; and

if the candidate is an incumbent director, the director's overall service to the Company during the director's term, including the number of meetings attended, the level of participation and the overall quality of performance of the director.

All director candidates, including candidates appropriately recommended by stockholders, are evaluated in accordance with the process described above. In all cases, however, the Executive Committee will not recommend any potential director candidate if such candidate is not acceptable to the Controlling Stockholder.

Stockholder Recommendations of Director Candidates

Stockholders who wish to recommend director candidates for consideration by the Executive Committee may do so by submitting a written recommendation to the Chairman of the Executive Committee c/o the Company's Secretary at 4100 Coca-Cola Plaza, Charlotte, North Carolina 28211. Such recommendation must include sufficient biographical information concerning the director candidate, including a statement regarding the director's qualifications. The Executive Committee may require such further information and obtain such further assurances concerning the director candidate as it deems reasonably necessary to the consideration of the candidate. Recommendations by stockholders for director candidates to be considered for the 2005 Annual Meeting of Stockholders must be submitted by November 25, 2004. The submission of a recommendation by a stockholder in compliance with these procedures does not guarantee the selection of the stockholder's candidate or the inclusion of the candidate in the Company's proxy statement; however, the Executive Committee will consider any such candidate in accordance with the procedures described above under the caption *The Board of Directors and its Committees*.

Stockholder Communications with the Board of Directors

The Company's Annual Meeting provides an opportunity each year for stockholders to ask questions of or otherwise communicate directly with directors on matters relevant to the Company. Absent extenuating circumstances, each of the Company's directors is required to attend in person the Annual Meeting. All of the members of the Board of Directors attended the 2003 Annual Meeting. In addition, stockholders may, at any time, communicate with any of the Company's directors by sending a written communication to such director c/o the Company's Secretary at 4100 Coca-Cola Plaza, Charlotte, North Carolina 28211.

All communications received in accordance with these procedures will be reviewed by the Secretary and forwarded to the appropriate director or directors unless such communications are considered, in the reasonable judgment of the Secretary, to be improper for submission to the

intended recipient. Examples of stockholder communications that would be considered improper for submission include communications that:

- do not relate to the business or affairs of the Company or the functioning or constitution of the Board of Directors or any of its committees;
- relate to routine or insignificant matters that do not warrant the attention of the Board of Directors;
- are advertisements or other commercial solicitations;
- are frivolous or offensive; or
- are otherwise not appropriate for delivery to directors.

Director Compensation

The independent directors of the Company and the designee of The Coca-Cola Company (as described below under the caption *Transactions with The Coca-Cola Company Stock Rights and Restrictions Agreement*) are paid \$25,000 as an annual retainer, \$1,200 for each meeting of the Board of Directors attended and \$1,000 for each Committee meeting attended. The Chairman of the Audit Committee and the Chairman of the Compensation Committee each receive an additional retainer of \$5,000 per year.

Under the Company's Director Deferral Plan, directors of the Company who are not also employees of the Company may defer payment of their annual retainer and meeting fees until they no longer serve on the Board of Directors. Fees deferred are deemed to be invested in certain investment vehicles selected by the directors. Upon resignation or retirement, a participating director will be entitled to receive a cash payment based upon the amount of fees deferred and the investment return on the selected investment vehicle. If a director's service terminates prior to age 65, amounts accrued under his or her account are paid out in a single cash payment. If a director's service terminates at or after age 65, amounts accrued under his or her account are paid out, at the election of the director, either in a single cash payment or in ten equal annual installments (with an imputed 8% return on the deferred installments).

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires the Company's executive officers, directors and certain persons who beneficially own more than 10% of the Company's Common Stock to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of the Common Stock and other equity securities of the Company. Executive officers, directors and such greater than 10% stockholders are required to furnish the Company with copies of all such reports they file. Based solely on its review of the copies of such reports received by it and written representations that no other reports were required for such persons, the Company believes that, during fiscal year 2003, all filing requirements applicable to its executive officers, directors and such greater than 10% stockholders were complied with on a timely basis, except that Mr. Harrison, III filed a late Form 4 reporting a single transaction and Ms. Harrison filed a late Form 4 reporting a single transaction.

EXECUTIVE COMPENSATION

The table below shows certain compensation information for the three fiscal years ended December 28, 2003, December 29, 2002 and December 30, 2001 concerning the Company's Chief Executive Officer and its four other most highly compensated executive officers (collectively, the Named Executive Officers).

See *Report of the Compensation Committee on Annual Compensation of Executive Officers*. The amounts with respect to fiscal years 2003, 2002 and 2001 are based on the value of the Company's Common Stock on the last day of each such fiscal year, and includes an income tax reimbursement in each such fiscal year of \$1,054,400, \$1,076,160 and \$659,150, respectively.

Retirement Plan

The Company maintains a tax-qualified retirement plan for the majority of its non-union employees including the Named Executive Officers (the Retirement Plan) providing for payments computed on an actuarial basis. The following table sets forth the estimated annual benefits payable under the Retirement Plan in a single life annuity upon retirement at age 65 to persons born in 1953 at the compensation and years of service classifications set forth below.

Annual Benefit Under Retirement Plan

Five-Year Average Compensation	Years of Service				
	15 Years	20 Years	25 Years	30 Years	35 Years
\$125,000	\$ 23,450	\$ 31,266	\$ 39,083	\$ 46,900	\$ 46,900
150,000	29,450	39,266	49,083	58,900	58,900
175,000	35,450	47,266	59,083	70,900	70,900
200,000	41,450	55,266	69,083	82,900	82,900

Compensation for purposes of determining a participant's five-year average compensation generally includes the salaries and bonuses shown in the Summary Compensation Table. However, because the Retirement Plan is a tax-qualified pension plan, the maximum amount of five-year average compensation under the terms of the Retirement Plan is \$200,000. As of December 28, 2003, each of the Named Executive Officers has a five-year average compensation of \$200,000 for purposes of the Retirement Plan and the Named Executive Officers have the following years of service for purposes of the Retirement Plan: Mr. Harrison III, 27 years; Mr. Elmore, 19 years; Mr. Mayhall, 15 years; Mr. Pettus, 19 years; and Mr. Singer, 18 years.

Officer Retention Plan

Under the Company's Officer Retention Plan (the Retention Plan), eligible participants (including Named Executive Officers) normally receive a 20-year annuity payable in equal monthly installments commencing at retirement or, in certain instances, upon termination of employment or after a Change in Control (as defined below). The retirement benefits under the Retention Plan increase with each year of participation as set forth in an agreement between the participant and the Company. Benefits under the Retention Plan are reduced by 50% for participants who terminate employment due to severance that is before age 60 (age 55 for Mr. Singer) and not due to death or disability. The Retention Plan also provides for a lump sum death benefit. If a participant dies before annuity payments have begun, this death benefit equals the retirement benefit accrued as of the date of death, reduced by 50% if before death the participant's employment had terminated by severance rather than retirement. If a participant dies after annuity payments have begun, the present value of the remaining monthly installments (assuming an 8% per annum discount rate) is paid to the participant's beneficiary in a lump sum.

Upon a Change in Control (as defined below), any participant actively employed on the Change in Control date is eligible for a Change in Control benefit in lieu of any other benefits to which he may have been entitled under the Retention Plan. The Change in Control benefit is equal to the retirement benefit the participant would have received had he continued to work through normal retirement age 60.

For purposes of the Retention Plan and Supplemental Savings Plan (as described below), a Change in Control generally occurs in the following circumstances:

- (a) when a person or group other than the Harrison family acquires shares of the Company's capital stock having the voting power to designate a majority of the Company's Board of Directors;
- (b) when a person or group other than the Harrison family acquires or possesses shares of the Company's capital stock having power to cast (i) more than 20% of the votes regarding the election of the Board of Directors and (ii) a greater percentage of the votes regarding the election of the Board of Directors than the shares owned by the Harrison family;
- (c) upon the sale or disposition of all or substantially all of the assets of the Company and its subsidiaries outside the ordinary course of business other than to a person or group controlled by the Company or the Harrison family; or
- (d) upon the merger or consolidation of the Company with another entity where the Company is not the surviving entity.

The estimated annual benefits payable upon retirement at age 60 for each of the Named Executive Officers are currently: Mr. Harrison, III, \$1,416,638; Mr. Elmore, \$786,366; Mr. Mayhall, \$196,591; Mr. Pettus, \$410,013; and Mr. Singer, \$732,231.

Supplemental Savings Incentive Plan

Pursuant to the Company's Supplemental Savings Incentive Plan (Supplemental Savings Plan), eligible participants may elect to defer a portion of their annual salary and bonus. The Company matches 30% of the first 6% of salary (excluding bonuses) deferred by the participant. The Company also may make discretionary contributions to participants' accounts. These discretionary contributions are intended to offset the reductions in maximum benefits payable under the Retirement Plan or other qualified plans sponsored by the Company. Participants are immediately vested in all contributions they make and become fully vested in Company contributions upon termination of employment due to death, disability or retirement at or after age 55, five years of service (vesting in 20% annual increments) or (for certain participants) a Change in Control (as defined above). Participant deferrals and contributions are deemed invested in either a fixed benefit option or certain investment funds specified by the Company. Balances in the fixed benefit option accrue up to a 13% return (depending upon the participant's age, years of service and other factors).

During 2003, Company contributions for the Named Executive Officers under the Supplemental Savings Plan were: Mr. Harrison, III, \$27,737; Mr. Elmore, \$23,141; Mr. Mayhall, \$25,425; Mr. Pettus, \$33,689; and Mr. Singer, \$19,732. No Named Executive Officer received a distribution under the Supplemental Savings Plan in 2003.

Employment Arrangements

On June 1, 2000, the Company entered into a consulting agreement with Reid M. Henson, who previously served as an officer of the Company and Vice Chairman of the Company's Board of Directors. Mr. Henson has agreed to assist the Company with major projects and provide the Company with general oversight and guidance. Mr. Henson receives a fee of \$350,000 per year for his consulting services under this agreement. The agreement does not modify the retiree benefits to which Mr. Henson is otherwise entitled. The agreement extends through May 31, 2005, but is subject to termination by Mr. Henson or upon Mr. Henson's death, disability or failure to perform his duties under the agreement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

H.W. McKay Belk, Ned R. McWherter and Dennis A. Wicker serve on the Compensation Committee. None of such persons has ever been an officer or employee of the Company or any of its subsidiaries. During 2003, no executive officer of the Company served as a director or member of the compensation committee (or other committee performing similar functions) of any other entity of which an executive officer served on the Board of Directors or Compensation Committee of the Company.

REPORT OF THE COMPENSATION COMMITTEE
ON ANNUAL COMPENSATION OF EXECUTIVE OFFICERS

The Board's Compensation Committee, currently composed of Messrs. H.W. McKay Belk, Ned R. McWherter and Dennis A. Wicker, administers the Company's compensation plans, reviews executive compensation and makes recommendations to the Board concerning such compensation and related matters. This report relates to the Company's compensation policy for its executive officers, including the Named Executive Officers, for fiscal year 2003.

The Company's executive compensation policy is designed to establish an appropriate relationship between executive pay and the creation of long-term shareholder value, while motivating and retaining key employees. To achieve these goals, the Company's executive compensation policy supplements annual base compensation with an opportunity to earn bonuses based upon corporate performance as well as factors related to each individual's performance. Accordingly, a significant portion of any executive's compensation may consist of performance-based bonuses. Measurement of corporate performance is primarily based on Company objectives, which are set based on industry conditions and industry-wide and Company performance levels and approved by the Board of Directors. The performance of individual executives is evaluated on the basis of both pre-determined performance goals for the Company and factors related to the contributions of each individual.

Base salaries, including the base salary of J. Frank Harrison, III, the Company's Chairman and Chief Executive Officer, were adjusted from the prior year. The Committee periodically reviews base salary levels for its executives in comparison with those of other companies in the soft drink bottling industry, as well as other industries. For fiscal year 2003, the Committee primarily relied upon a study published by Watson Wyatt Data Services that surveyed 1,990 for-profit companies, including many Fortune 500 companies but excluding financial services companies. The survey provided compensation information by separate categories of employers. Employer categorization factors included those defined by industry, size and geographic location. The Company strives to maintain executive base salaries at a level that will permit it to compete with other major companies for managers with comparable qualifications and abilities. Based on information contained in the Watson Wyatt survey, the Compensation Committee believes that the overall compensation of the Company's executive officers generally places them above the median compensation of similarly situated executives in all industries covered by the survey. The Committee believes that Mr. Harrison, III's overall compensation also places him above the median compensation of similarly situated executives.

Other factors considered by the Committee in its periodic review of executive salary levels include (i) the Company's total operating budget for each fiscal year, (ii) the impact of annual changes in the consumer price index and (iii) a comparison of the Company's executive compensation programs to available information concerning those of other comparable public companies. Due to wide disparities in levels of executive compensation revealed in the

published information regarding the companies included in the Company's peer group index, the Compensation Committee did not believe that such information provided a meaningful basis for evaluating the overall compensation of the Company's executive officers for fiscal year 2003, and therefore relied principally upon the information contained in the Watson Wyatt survey for purposes of such evaluation.

The Company's Annual Bonus Plan is administered by the Compensation Committee, which annually selects participants who hold key positions with the Company or its subsidiaries. The total cash bonus awardable to a participant is determined by multiplying such participant's base salary by three factors: (i) the participant's approved bonus percentage factor; (ii) the participant's indexed performance factor; and (iii) the Company's overall goal achievement factor. The participant's approved bonus percentage factor is based on the relative responsibility and contribution to the Company's performance attributed to the participant's position with the Company, while the participant's indexed performance factor is determined by such individual's actual performance during the fiscal year (except that, for purposes of Section 162(m) of the Internal Revenue Code, the indexed performance factor for the Named Executive Officers is set at the beginning of the fiscal year). The overall goal achievement factor is determined by the Company's performance in relation to pre-set Company performance goals, as discussed below.

Annual goals for selected Company performance indicators under the Annual Bonus Plan are set either in the fourth quarter preceding a fiscal year or the first quarter of a fiscal year. These goals are approved by the Compensation Committee and ratified by the Board of Directors. The selected performance indicators for fiscal year 2003 under the Annual Bonus Plan were operating cash flow, free cash flow, net income, unit volume, a value measure and market share. The Compensation Committee assigns different weights to each of the performance indicators based on the perceived need to focus more or less on any particular objective in a given year. The corporate performance indicators and related weights are established after evaluating industry conditions, available information on the performance of other companies in the soft drink bottling industry, the Company's prior year performance and the Company's specific needs for the current year. For fiscal year 2003, the following weights were assigned to the performance indicators: operating cash flow 30%; free cash flow 40%; net income 10%; unit volume 5%; value measure 10%; and market share 5%. The performance indicators, as weighted, make up the Company's overall goal achievement factor, which is calculated on the basis of a graduated scale ranging from a goal achievement of between 89% and 110% of each particular performance indicator. Target goals were met or exceeded for three of the performance indicators. For two other performance indicators, actual performance exceeded the pay-out threshold of 89% but was below the 100% target.

Although the Company's Annual Bonus Plan enables the Compensation Committee to calculate bonuses derived from the factors described above, the Compensation Committee has absolute discretion to decrease or eliminate awards under the Company's Annual Bonus Plan. The Compensation Committee did not elect to so decrease or eliminate bonus awards with respect to fiscal year 2003. The amount of annual bonus awards under the Annual Bonus Plan for

each of the Named Executive Officers for the fiscal years 2001, 2002 and 2003 is included in the Summary Compensation Table under the heading Bonuses.

During 1999, Mr. Harrison, III received a restricted stock award of 200,000 shares of the Company's Class B Common Stock that vests in equal installments over a 10 year period subject to the achievement of at least 80% of the Company's overall goal achievement factor for the selected performance indicators used in determining bonuses under the Company's Annual Bonus Plan. The award also includes cash payments by the Company to Mr. Harrison, III for the reimbursement of income taxes related to the vesting of restricted stock. This restricted stock award is intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. The primary purpose of the award is to make a significant portion of Mr. Harrison, III's compensation dependent on the Company achieving its performance goals. The award was approved by the Company's stockholders at the annual meeting held on May 12, 1999. Pursuant to the terms of the award, 20,000 shares vested, effective January 1, 2004, based on the determination of the Compensation Committee that at least 80% of the Company's overall goal achievement factor had been obtained for fiscal year 2003.

The Company's total annual compensation package for its executives also includes the opportunity: (i) to participate, on the same basis as other non-union employees, in the Coca-Cola Bottling Co. Consolidated Savings Plan; (ii) to participate in the Company's Retirement Plan; (iii) to elect to defer a portion of base compensation and receive limited matching contributions from the Company under the Supplemental Savings Incentive Plan; and (iv) for certain key executives selected by the Compensation Committee, to receive additional retirement and survivor benefits pursuant to the Officer Retention Plan. Certain key executives of the Company, including Mr. Harrison, also previously participated in split-dollar life insurance arrangements offered by the Company. However, during 2003, in response to certain legislative changes adversely affecting split-dollar arrangements, the Company replaced its split-dollar arrangements with Company-provided life insurance coverage and, for executive officers other than Mr. Harrison, deferred compensation arrangements intended by the Company to provide comparable benefits to participants while minimizing cost increases to the Company. The Company's total annual compensation package is designed to attract and retain qualified executives and to ensure that such executives have a continuing stake in the long-term success of the Company.

The Company believes that all compensation paid or payable to its executive officers covered under Section 162(m) of the Internal Revenue Code will qualify for deductibility under such Section. The Company's compensation policies apply equally to all of its executive officers, including the Chief Executive Officer.

COMMON STOCK PERFORMANCE GRAPH

Presented below is a line graph comparing the yearly percentage change in the cumulative total return on the Company's Common Stock to the cumulative total return of the Standard & Poor's 500 Index and two different peer group indices, the Old Custom Composite Index and the New Custom Composite Index, for the period commencing December 31, 1998 and ending December 31, 2003. The Old Custom Composite Index is comprised of Anheuser-Busch Companies, Inc.; Cadbury Schweppes plc (ADS); Coca-Cola Enterprises Inc.; The Coca-Cola Company; Cott Corporation; National Beverage Corp.; PepsiCo, Inc.; The Quaker Oats Company (through June 2001); Triarc Companies, Inc.; PepsiAmericas (formerly known as Whitman Corporation); and The Seagram Company Ltd. (through September 2000). The New Custom Composite Index is comprised of Anheuser-Busch Companies, Inc.; Cadbury Schweppes plc (ADS); Coca-Cola Enterprises Inc.; The Coca-Cola Company; Cott Corporation; National Beverage Corp.; PepsiCo, Inc.; Pepsi Bottling Group, Inc. (starting June 1999) and PepsiAmericas. The Company has elected to change its peer group because it believes the companies reflected in the New Composite Index are more reflective of the Company's business and therefore provide a more meaningful comparison of stock performance.

The graph assumes that \$100 was invested in the Company's Common Stock, the Standard & Poor's 500 Index, the Old Custom Composite Index and the New Custom Composite Index on December 31, 1998 and that all dividends were reinvested on a quarterly basis. Returns for the companies included in the composite indices have been weighted on the basis of the total market capitalization for each company.

Piedmont Coca-Cola Bottling Partnership. On July 2, 1993, Piedmont Coca-Cola Bottling Partnership (the Partnership) was formed by wholly owned subsidiaries of the Company and The Coca-Cola Company to distribute and market finished bottle, can and fountain beverage products under trademarks of The Coca-Cola Company and other third party licensors in portions of North Carolina, South Carolina, Virginia and Georgia. Initially, the Company and The Coca-Cola Company each beneficially owned a 50% interest in the Partnership. On January 2, 2002, The Coca-Cola Company sold a 4.651% beneficial interest in the Partnership to the Company for \$10 million, increasing the Company's beneficial interest in the Partnership to 54.651%. On March 28, 2003, the Company purchased an additional interest of 22.675% in the Partnership for \$53.5 million. As a result of this additional purchase, the Company now beneficially owns a 77.326% interest in the Partnership and The Coca-Cola Company beneficially owns a 22.674% interest in the Partnership. The prices for the interests in the Partnership purchased by the Company were the result of arms-length negotiations between the Company and The Coca-Cola Company. The initial term of the Partnership is through 2018, subject to early termination as a result of certain events. Each partner's interest is subject to certain limitations on transfer, rights of first refusal and other purchase rights upon the occurrence of specified events.

The Company manufactures and packages products and manages the Partnership pursuant to a management agreement. In connection with the management agreement, the Company receives a fee based on total case sales, reimbursement for its out-of-pocket expenses and reimbursement for sales branch, divisional and certain other expenses. The term of the management agreement is through 2018, subject to early termination in the event of certain change in control events, a termination of the Partnership or a material default by either party. During 2003, the Company received management fees of \$17.6 million from the Partnership. The Company sells product at cost to the Partnership. These sales amounted to \$67.6 million in 2003. The Company subleases various fleet and vending equipment to the Partnership at cost. These sublease rentals amounted to \$8.4 million in 2003. The Partnership also subleases various fleet and vending equipment to the Company at cost. These sublease rentals amounted to \$.2 million during fiscal year 2003.

During 2002, the Partnership refinanced a \$195 million term loan using the proceeds from a loan from the Company. The Company's source of funds for this loan to the Partnership included the issuance of \$150 million of senior notes, its lines of credit, its revolving credit facility and available cash flow. The Partnership pays the Company interest on the loan at the Company's average cost of funds plus 0.50%. All principal and interest outstanding under the loan will become due and payable on December 31, 2005. The Company plans to provide for the Partnership's future financing requirements under these terms.

Stock Rights and Restrictions Agreement. Pursuant to a Stock Rights and Restrictions Agreement dated January 27, 1989 (the "Rights and Restrictions Agreement") between the Company and The Coca-Cola Company, The Coca-Cola Company agreed (a) not to acquire additional shares of Common Stock or Class B Common Stock except in certain circumstances and (b) not to sell or otherwise dispose of shares of Class B Common Stock without first converting them into Common Stock except in certain circumstances. The Coca-Cola Company granted the Company a right of first refusal with respect to any proposed disposition of any shares owned by it, and the Company granted The Coca-Cola Company certain registration rights with respect to such shares. The Coca-Cola Company further agreed that if its equity ownership reaches 30.67% or more of the Company's outstanding common stock of all classes, or its voting interest reaches 23.59% or more of the votes of all outstanding shares of all classes, then it will (i) negotiate in good faith with the Company to sell to the Company the number of shares of Common Stock or Class B Common Stock necessary to reduce its equity ownership to 29.67% of the outstanding common stock of all classes and (ii) convert the number of shares of Class B Common Stock necessary to maintain its ownership of Class B Common Stock to between 20% and 21% of the outstanding shares of Class B Common Stock and to maintain its voting interest at between 22.59% and 23.59% of the votes of all outstanding shares of all classes.

Additionally, if the Company issues new shares of Class B Common Stock upon the conversion or exercise of any security, warrant or option of the Company that results in The Coca-Cola Company owning less than 20% of the outstanding shares of Class B Common Stock

and less than 20% of the total votes of all outstanding shares of all classes of the Company, The Coca-Cola Company has the right to exchange shares of Common Stock for shares of Class B Common Stock in order to maintain its ownership of at least 20% of the outstanding shares of Class B Common Stock and at least 20% of the total votes of all outstanding shares of all classes of the Company. Under the Rights and Restrictions Agreement, The Coca-Cola Company also has a preemptive right to purchase a percentage of any newly issued shares of any class in order for it to maintain ownership of both 29.67% of the outstanding shares of common stock of all classes and 22.59% of the total votes of all outstanding shares of all classes. Each of the percentages referenced in this paragraph and the preceding paragraph are subject to downward adjustment if The Coca-Cola Company voluntarily disposes of shares of Common Stock or Class B Common Stock or if the Company exercises its right of redemption referred to below.

Pursuant to the Rights and Restrictions Agreement, The Coca-Cola Company has also granted the Company the right, from January 27, 1995 through January 27, 2019, to call for redemption in full or in part that number of shares that would reduce The Coca-Cola Company's ownership of the equity of the Company to 20% at a price (which will not be less than \$42.50 per share except with respect to shares acquired pursuant to the rights described in the preceding two paragraphs) and on such terms as set forth in the Rights and Restrictions Agreement. The option will expire prior to the end of its stated term if Mr. Harrison, III ceases to exercise voting control with respect to the Company.

The Coca-Cola Company was also given the right to have its designee proposed by the Company for nomination to the Company's Board of Directors and to have such person nominated at each subsequent election of the Company's directors, subject to certain conditions. Carl Ware's appointment as a director of the Company was made in accordance with the terms of this agreement. Mr. Ware was Executive Vice President, Public Affairs and Administration of The Coca-Cola Company until his retirement in February 2003.

Voting Agreement and Irrevocable Proxy. The Coca-Cola Company, Mr. Harrison, III and Mr. Henson, in his capacity as co-trustee of certain trusts, are also parties to a Voting Agreement dated January 27, 1989 (the "Voting Agreement"). Pursuant to the Voting Agreement, Messrs. Harrison, III and Henson (as co-trustee) agreed to vote their shares of Common Stock and Class B Common Stock for a nominee of The Coca-Cola Company for election as a director to the Company's Board of Directors. Additionally, The Coca-Cola Company granted an irrevocable proxy (the "Irrevocable Proxy") with respect to all shares of Class B Common Stock and Common Stock owned by The Coca-Cola Company to Mr. Harrison, III for life. The Irrevocable Proxy covers all matters on which holders of Class B Common Stock or Common Stock are entitled to vote other than certain mergers, consolidations, asset sales and other fundamental corporate transactions.

Pursuant to the terms of the Voting Agreement, Mr. Harrison, III was granted the option (assignable to the Company) to purchase the shares of Class B Common Stock held by The

Coca-Cola Company for \$38.50 per share plus an amount sufficient to give The Coca-Cola Company a 25% compounded annual rate of return from May 7, 1987 after taking into account dividends and other distributions previously received thereon. This option may be exercised if the disproportionate voting rights of the Class B Common Stock are terminated for certain reasons.

The Voting Agreement and Irrevocable Proxy terminate upon the written agreement of the parties or at such time as The Coca-Cola Company no longer beneficially owns any shares of the Company's Common Stock. The Irrevocable Proxy also terminates at such time as either (a) Mr. Harrison, III or certain entities controlled by him do not beneficially own the 712,796 shares of Class B Common Stock that are currently part of the holdings of the Harrison Family Limited Partnerships or (b) certain trusts holding shares of Class B Common Stock subject to the Voting Agreement do not beneficially own at least 50% of the Class B Common Stock held by them at the date of the Voting Agreement.
