Report of Independent Registered Public Accounting Firm

The Retirement Board of

Fox Entertainment Group, Inc.

We have audited the accompanying statements of net assets available for benefits of Fox Investment Plan as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2007 and 2006, and the changes in its net assets available for benefits for the year ended December 31, 2007, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2007, and delinquent participant contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. These supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

**Table of Contents**

Fox Investment Plan

Notes to Financial Statements

December 31, 2007

**1. Description of the Plan**

The following description of the Fox Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document and related amendments for more complete information.

**General**

The Plan is a defined contribution plan sponsored by Fox Entertainment Group, Inc. (the Plan Sponsor and the Company). Its purpose is to assist employees in establishing a regular savings and investment program to provide additional financial security for their retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was adopted effective June 1, 1984. Effective January 1, 1998, the Plan was restated, and has since been amended, to change the name of the Plan Sponsor to Fox Entertainment Group, Inc., to incorporate various optional amendments, and to comply with legislative required amendments.

Effective January 1, 2007, the IGN Entertainment, Inc. 401(k) Plan merged into the Plan. Approximately \$6,461,000 transferred from the IGN Entertainment, Inc. 401(k) Plan due to the merger. In addition, approximately \$273,000 was transferred in from other plans in the controlled group in connection with employment transfers, and approximately \$45,000 was transferred out.

**Eligibility**

The Plan is a defined contribution plan available to certain nonunion employees of the Company to which the Plan has been extended. Currently, union employees under certain collective bargaining agreements are also eligible to participate. An eligible employee can enroll in the Plan on the first day of the payroll cycle immediately following commencement of employment or the first day of any payroll cycle thereafter.

Effective May 1, 2007, the Plan was amended to adopt an automatic enrollment feature. Employees otherwise eligible to participate in the Plan who were hired on or after that date are automatically enrolled in the Plan at a 3% deferral rate, unless they affirmatively opt out of participation.

**Table of Contents**

Fox Investment Plan

Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

**Contributions**

The following types of contributions are allowable under the terms of the Plan document:

Participant Contributions Participants can voluntarily contribute on a before-tax and/or after-tax basis, as defined in the Plan document, subject to certain limitations under the Internal Revenue Code (the Code). Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions which are also subject to certain limitations of the Code. After-tax contributions are subject to a Plan limitation of \$5,000 per year.

Employer Contributions The Company shall contribute for each participant each pay period an amount equal to 50% of the first 6% of the participant's contributions.

Rollover Contributions Amounts distributed to participants from other tax-qualified plans and/or individual retirement accounts may be contributed to the Plan.

The total amount contributed to a participant's account (excluding rollover contributions) for the year ended December 31, 2007 may not exceed the lesser of (a) \$45,000, or (b) 100% of the participant's includable compensation, as defined by the Plan document and the Code.

**Vesting**

Participants are immediately 100% vested in their before-tax and after-tax contributions and rollover contributions. Effective January 1, 2004, the Plan was amended to allow participants to vest in the employer's contributions account based on the participant's years of vesting service, as follows:

<b>Years of Service</b>	<b>Vested Percentage</b>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

**Table of Contents**

Fox Investment Plan

Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

For those participants hired prior to January 1, 2004, the prior vesting schedule was retained, and is as follows:

<b>Years of Service</b>	<b>Vested Percentage</b>
Less than 1	0%
1 but less than 2	50%
2 but less than 3	75%
3 or more	100%

A participant becomes 100% vested in the employer's contribution account at the earliest of the following dates:

Completion of five years of vesting service (three years of vesting service for participants hired prior to January 1, 2004)

Death

Termination of employment due to total and permanent disability

Retirement at age 65

Termination of the Plan

**Forfeitures**

If a participant elects a distribution of his/her vested account balance upon termination of employment, the nonvested portion of his/her employer contribution account is forfeited. If a participant defers distribution of his/her account balance, the participant's employer contribution account is forfeited after a consecutive 60-month period has elapsed after an employee's termination date. In accordance with the Plan document, such forfeitures are used to reduce future employer matching contributions. For the year ended December 31, 2007, forfeitures of approximately \$730,000 were used to reduce the employer matching contributions.

Forfeited balances of approximately \$205,000 and \$126,000 were available to reduce future contributions as of December 31, 2007 and 2006, respectively.

**Table of Contents**

Fox Investment Plan

Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

**Investment Options**

The plan administrator intends the Plan to constitute a Plan described in section 404(c) of ERISA. Upon enrollment in the Plan, a participant may direct employee and employer contributions in 1% increments among various investment options offered by the Plan. Participants may direct their investment balances among these various investment options at anytime, subject to trading restrictions imposed by the mutual fund companies. During the year ended December 31, 2007, the Plan removed the Fidelity Magellan Fund from the investment options and replaced it with the American Funds AMCAP Fund; the Plan removed the PIMCO Total Return Fund Administrative Class and replaced it with PIMCO Total Return Fund Institutional Class, which has a lower fee structure; and removed the American Funds EuroPacific Growth Fund Class R4 and replaced it with American Funds EuroPacific Growth Fund Class R5, which has a lower fee structure.

**Participant Accounts**

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution, and debited for any distributions. Investment fund gains, losses and expenses are allocated based on the participant's account balances in each fund.

**Participants' Loans**

Participants may borrow from the Plan, subject to a minimum loan of \$1,000 and a maximum loan of \$50,000 or 50% of the participant's vested account balance. The loans are payable over a period of one to five years, or if the proceeds are used for the purchase of a participant's principal residence, the loans are payable over a period not to exceed 15 years. The loans bear interest at the prime rate plus 1%. The loans are secured by the pledge of the participant's interest in the Plan. Participants may either pay off outstanding loan balances when they leave the Company or continue to make loan repayments after termination. The Trustee, Fidelity Management Trust Company, has established a loan fund for recording loan activities.

**Payment of Benefits**

Benefits to participants or beneficiaries are payable in lump sums equal to the value of the participants' vested accounts as of the date of distribution.

**Table of Contents**

Fox Investment Plan

Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

**Administrative Expenses**

The Company may, at its discretion, elect to pay administrative expenses of the Plan. Administrative expenses not paid by the Company are paid from the assets of the Plan. During the year ended December 31, 2007, \$13,055 of administrative expenses were paid from the accounts of the affected participants.

**2. Summary of Accounting Policies**

**Basis of Accounting**

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

**Use of Estimates**

The preparation of the Plan's financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties**

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk is dictated by the Plan's provisions as well as those of ERISA and the participants' investment preference.

The Plan provides for various investment options in mutual funds, common stock, guaranteed investment contracts (GICs) and synthetic GICs. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

**Table of Contents**

Fox Investment Plan

Notes to Financial Statements (continued)

**2. Summary of Accounting Policies (continued)**

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Mutual funds, government and corporate securities, and common stock investments are stated at quoted market prices. As required by Financial Accounting Standards Board (FASB) Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investments in fully benefit-responsive investment contracts are recognized at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The fair value of traditional and separate account GICs was calculated using the present value of the contracts' future cash flow values discounted by comparable duration Wall Street Journal GIC index rates. Fair value is based on market value provided by external investment managers for constant duration synthetic GICs. Fair values for general fixed maturity synthetic GICs are calculated using the sum of all underlying assets' market values provided by an external pricing source. The participant loans are stated at the outstanding principal loan balance, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized when earned. Dividends are recorded on the ex-dividend dates.

**Payment of Benefits**

Benefits are recorded when paid.

**Net Appreciation (Depreciation) in Fair Value of Investments**

All realized and unrealized appreciation (depreciation) in the value of investments is shown in the accompanying statement of changes in net assets available for benefits as net depreciation in fair value of investments.

**Table of Contents**

## Fox Investment Plan

## Notes to Financial Statements (continued)

**2. Summary of Accounting Policies (continued)****Recent Accounting Pronouncement**

In September 2006, the FASB issued Statement on Financial Accounting Standards No. 157 (SFAS No. 157), *Fair Value Measurements*. SFAS No. 157 establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurement. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Plan will adopt the provisions of SFAS No. 157 for its December 31, 2008 financial statements. The Plan is currently evaluating the potential impact of adoption of SFAS No. 157; however, management does not believe adoption will have a material impact on the Plan's financial statements.

**3. Investments**

The following table presents investments that represent 5% or more of the Plan's net assets:

	December 31	
	2007	2006
Investments at fair value:		
News Corporation Class B Common Stock	\$ 37,004,006*	\$ 36,316,234
Fidelity Puritan Fund	147,127,803	140,457,971
Fidelity Magellan Fund	*	111,742,241
American Funds AMCAP R4	114,723,443	*
Mairs & Power Growth Fund	72,146,248	66,193,727
American Funds EuroPacific Growth R4	6,359*	98,110,356
American Funds EuroPacific Growth R5	133,027,190	*
Fidelity Spartan U.S. Equity Index Fund	49,691,044	43,923,280
PIMCO Total Return Fund Inst Class	43,303,424	*
Fidelity Mid-Cap Stock Fund	61,040,730	47,138,344

\* Amount represents less than 5% of net assets at year-end.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	Year Ended December 31, 2007
Mutual funds	\$ 803,411
News Corporation Class B Common Stock	(1,733,145)
	\$ (929,734)

**Table of Contents**

## Fox Investment Plan

## Notes to Financial Statements (continued)

**4. Investment Contracts with Insurance Companies**

The Standish Mellon Income Fund includes deposit GICs, synthetic GICs, and bank investment contracts. In accordance with the FSP, this fund is presented at fair value. The adjustment from fair value to contract value for the fully benefit-responsive GICs and synthetic GICs held by this fund is based on the contract value as reported by Standish Mellon, which represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses, and excludes the short-term investment fund.

The average yields for the Standish Mellon Income Fund are as follows for December 31, 2007 and 2006:

	2007	2006
Average yield :		
Based on actual earnings	4.64%	4.64%
Based on interest rate credited to participants	4.72%	4.63%

The fair values, contract values and adjustments to contract value for the traditional GICs, synthetic GICs and common/collective trust that holds GICs as of December 31, 2007 and 2006 are as follows:

	2007		Adjustment to Contract Value
	Fair Value	Contract Value	
GICs	\$ 1,195,128	\$ 1,195,248	\$ 120
Synthetic GICs	78,858,627	79,307,058	448,431
Common/collective trust	2,501,352	2,503,938	2,586
	\$ 82,555,107	\$ 83,006,244	\$ 451,137

	2006		Adjustment to Contract Value
	Fair Value	Contract Value	
GICs	\$ 6,296,947	\$ 6,325,297	\$ 28,350
Synthetic GICs	70,957,511	72,121,290	1,163,779
Common/collective trust	2,371,514	2,386,733	15,219
	\$ 79,625,972	\$ 80,833,320	\$ 1,207,348

**Table of Contents**

## Fox Investment Plan

## Notes to Financial Statements (continued)

**4. Investment Contracts with Insurance Companies (continued)**

The fair values of the assets underlying the synthetic GICs, by type of securities, as of December 31, 2007 and 2006, are as follows:

	2007	2006
U.S. government securities	<b>\$ 58,440,751</b>	\$ 53,265,823
Corporate obligations	<b>20,423,738</b>	17,698,991
Fair value of wrappers	<b>(5,862)</b>	(7,303)
Fair value of investments	<b>78,858,627</b>	70,957,511
Difference between fair value and contract value of synthetic GICs	<b>448,431</b>	1,163,779
Contract value of synthetic GICs	<b>\$ 79,307,058</b>	\$ 72,121,290

The Standish Mellon Income Fund consists of three types of investment contracts. All investment contracts are benefit responsive.

**Guaranteed Investment Contracts**

Traditional GICs are unsecured, general account obligations of insurance companies. The obligation is backed by the general account assets of the insurance company that writes the investment contract. The crediting rate on this product is typically fixed for the life of the investment.

Separate account GICs are investments in a segregated account of assets maintained by an insurance company for the benefit of the investors. The total return of the segregated account assets supports the separate account GIC's return. The credited rate on this product will reset periodically and it will not have an interest rate of less than 0%.

**Fixed Maturity Synthetic Guaranteed Investment Contracts**

Generally, fixed maturity synthetic GICs consist of a market-valued asset or collection of market-valued assets such as mortgage backed securities, and other investment securities, that are owned by the fund, or Plan, and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract provides book value accounting for the asset and assures that book value, benefit-responsive payments will be made for participant directed withdrawals. The crediting rate of the contract is set at the start of the contract and typically resets every quarter. Generally, these contracts are held to maturity. The initial crediting rate is established based on the market interest rates at the time the initial asset is purchased and the interest crediting rate cannot be less than 0%.

**Table of Contents**

Fox Investment Plan

Notes to Financial Statements (continued)

**4. Investment Contracts with Insurance Companies (continued)**

Variable synthetic GICs consist of an asset or collection of assets that are managed by the bank or insurance company and are held in a bankruptcy remote vehicle for the benefit of the fund, or Plan. The variable synthetic GICs are benefit-responsive and provide next day liquidity at book value. The crediting rate on this product resets every quarter based on the then current market index rates and an investment spread. The investment spread is established at the time of issuance and is guaranteed by the issuer for the life of the investment.

**Constant Duration Synthetic Guaranteed Investment Contracts**

Constant duration synthetic GICs consist of a portfolio of securities such as US government securities and asset backed securities owned by the fund and a benefit-responsive, book value wrap contract purchased for the portfolio. The wrap contract amortizes gains and losses of the underlying securities over the portfolio duration, and assures that book value, benefit-responsive payments will be made for participant-directed withdrawals. The crediting rate resets every quarter based on the book value of the contract, the market yield of the underlying assets, the market value of the underlying assets and the average duration of the underlying assets. The crediting rate aims at converging the book value of the contract and the market value of the underlying portfolio over the duration of the contract and, therefore, will be affected by movements in interest rates and/or changes in the market value of the underlying portfolio. The initial crediting rate is established based on the market interest rates at the time the underlying portfolio is first established and it will not have an interest crediting rate of less than 0%.

Certain events could limit the ability of the Standish Mellon Income Fund to transact withdrawals and transfers at contract value. Such events include the following:

Company-initiated events including events within the control of the Plan or Plan Sponsor which would have a material and adverse effect on the Standish Mellon Income Fund;

Company communications designed to induce participants to transfer from the Standish Mellon Income Fund;

Competing fund transfer or violation of equity wash or equivalent rules in place;

Changes of qualification status of the Company or the Plan.

**Table of Contents**

Fox Investment Plan

Notes to Financial Statements (continued)

**4. Investment Contracts with Insurance Companies (continued)**

The plan administrator does not believe that the occurrence of any of the above events, which would limit the Standish Mellon Income Fund's ability to transact at contract value with participants, is probable.

In general, issuers may terminate the contract and settle at other than contract value if the qualification status of the employer or plan changes, breach of material obligations under the contract and misrepresentation by the contract holder, or failure of the underlying portfolio to conform to the preestablished investment guidelines.

**5. Related-Party Transactions**

The Plan engages in certain transactions involving Fidelity Management Trust Company, the Trustee, and News Corporation, the parent company, which are parties-in-interest as defined by ERISA. These transactions involve the purchase and sale of News Corporation's common stock and investing Plan monies in money market and mutual funds managed by Fidelity Management Trust Company or its related affiliates. Fees paid by the Plan Sponsor to Fidelity Management Trust Company for the year ended December 31, 2007, were not significant. Investments managed by Fidelity Management Trust Company amounted to \$344,582,115 and \$394,334,173 as of December 31, 2007 and 2006, respectively.

**6. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 24, 2000, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

**7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. Upon termination of the Plan or upon the complete discontinuance of contributions under the Plan, all participants shall become 100% vested in their accounts, after payment of any expenses properly chargeable thereto.

**Table of Contents**

## Fox Investment Plan

## Notes to Financial Statements (continued)

**8. Reconciliation of Financial Statement to Form 5500**

The following is a reconciliation of net assets per the financial statements as of December 31, 2007 and 2006, to net assets per the Form 5500:

	2007	2006
Net assets per the financial statements	\$ 847,365,247	\$ 725,643,499
Less: Adjustment for fair value to contract value of synthetic GICs and common/collective trust	(451,017)	(1,178,998)
<b>Net assets per the Form 5500</b>	<b>\$ 846,914,230</b>	<b>\$ 724,464,501</b>

Traditional GICs are reported at contract value in the Form 5500. The Synthetic GICs and common collective trust that holds GICs are reported at fair value in the Form 5500 as of December 31, 2007 and 2006.

The following is a reconciliation of investment income per the financial statements to the Form 5500 for the year ended December 31, 2007:

Total investment income per the financial statements	\$ 55,001,417
Less: Current year adjustment for fair value to contract value of synthetic GICs and common/collective trust	(451,017)
Add: Prior year adjustment for fair value to contract value of synthetic GICs and common collective trust	1,178,998
<b>Total investment income per the Form 5500</b>	<b>\$ 55,729,398</b>

**9. Subsequent Events**

Effective as of January 1, 2008, the Plan adopted a Safe Harbor compliant structure. The employer match on eligible employee deferrals is 100% of the first 1% plus 50% of the next 5% of eligible compensation contributed.

The employer match vesting schedule was changed to a two-year cliff. Participants employed prior to January 1, 2008, will vest at 20% for the first year to grandfather their service under the prior vesting schedule and then vest 100% on the second year to comply with statutory vesting requirements.

**Table of Contents**

Fox Investment Plan

Notes to Financial Statements (continued)

**9. Subsequent Events (continued)**

Also effective as of January 1, 2008, the Fox Pension Plan, another plan sponsored by the Company, was frozen to new participants (with the exception of groups covered by collective bargaining agreements and a few other minor exceptions). In conjunction with the Fox Pension Plan freeze, non-union employees who are eligible to participate in the Fox Investment Plan, but who are not eligible to accrue benefit service under the Fox Pension Plan, began receiving a non-elective, employer contribution equal to 2% of compensation as of January 1, 2008.

The Plan was amended and restated in its entirety effective as of January 1, 2008. This amendment and restatement was submitted to the IRS for a determination as to its qualified status on January 31, 2008.

Since December 31, 2007, the Plan has removed the American Funds EuroPacific Growth Fund R5 as an investment option and replaced it with the Julius Baer International Equity Fund II.

Effective as of March 3, 2008, the Flektor 401K Plan merged into the Plan. Approximately \$42,000 transferred from the Flektor 401K Plan due to the merger. Effective as of April 28, 2008, the Strategic Data Corp. 401K Profit Sharing Plan & Trust merged into the Plan. Approximately \$712,000 transferred from the Strategic Data Corp. 401K Plan due to the merger. Effective as of June 3, 2008, the Beliefnet, Inc. 401K Plan merged into the Plan. Approximately \$494,000 transferred from the Beliefnet, Inc. 401K Plan due to the merger.
