PROXY STATEMENT

for the

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON OCTOBER 8, 2010

INTRODUCTION

General

This Proxy Statement is being furnished to the shareholders of Schmitt Industries, Inc., an Oregon corporation (the "Company" or "Schmitt"), as part of the solicitation of proxies by the Company's Board of Directors from holders of the outstanding shares of Schmitt common stock (the "Common Stock") for use at the Company's Annual Meeting of Shareholders to be held on October 8, 2010, at 3:00 p.m. local time, at the Company's offices located at 2765 N.W. Nicolai Street, Portland, Oregon 97210, and at any postponements or adjournments thereof (the "Annual Meeting"). This Proxy Statement and the enclosed proxy card are first being mailed to shareholders of Schmitt entitled to vote at the Annual Meeting on or about September 8, 2010.

Purpose of the Annual Meeting

The purpose of the meeting is to vote on the following matters:

1. **Election of Directors.** To elect two directors to serve a three-year term expiring in 2013; and
2. **Other Business.** To transact such other business as may properly come before the Annual Meeting or any postponement or adjournment thereof.

As of the date of this Proxy Statement, the Company is not aware of any business to come before the meeting other than the items noted above.

Solicitation, Voting and Revocability of Proxies

The Board of Directors has fixed the close of business on August 27, 2010 as the record date for the determination of the shareholders entitled to notice of and to vote at the Annual Meeting. Accordingly, only holders of record of shares of Common Stock at the close of business on such date will be entitled to vote at the Annual Meeting, with each such share entitling its owner to one vote on all matters properly presented at the Annual Meeting. On the record date, there were approximately 175 beneficial holders of the 2,894,802 shares of Common Stock then outstanding. The presence, in person or by proxy, of a majority of the total number of outstanding shares of Common Stock entitled to vote at

Edgar Filing: SCHMITT INDUSTRIES INC - Form DEF 14A

the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

If the enclosed form of proxy is properly executed and returned in time to be voted at the Annual Meeting, the shares represented thereby will be voted in accordance with the instructions marked thereon. ***Executed but unmarked proxies will be voted FOR the election of the two nominees to the Board of Directors.*** The Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxy upon such matters as determined by a majority of the Board of Directors.

The presence of a shareholder at the Annual Meeting will not automatically revoke such shareholder's proxy. A shareholder may, however, revoke a proxy at any time prior to its exercise by filing a written notice of revocation with, or by delivering a duly executed proxy bearing a later date to, Corporate Secretary, Schmitt Industries, Inc., 2765 N.W. Nicolai Street, Portland, Oregon 97210, or by attending the Annual Meeting and voting in person. However, a shareholder who attends the Annual Meeting need not revoke a previously executed proxy and vote in person unless such shareholder wishes to do so. All valid, unrevoked proxies will be voted at the Annual Meeting.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to be held on October 8, 2010: The notice of annual meeting of shareholders, this proxy statement, and our annual report on Form 10-K are available at www.schmitt-ind.com.

ELECTION OF DIRECTORS

At the Annual Meeting, two Directors will be elected for a three-year term expiring in 2013. Unless otherwise specified on the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election as Directors of the persons named below as nominees. The Board of Directors believes that the nominees will stand for election and will serve if elected as Directors. However, if any of the persons nominated by the Board of Directors fails to stand for election or is unable to accept election, the number of Directors constituting the Board of Directors may be reduced prior to the Annual Meeting or the proxies may be voted for the election of such other person as the Board of Directors may recommend.

Under the Company's Articles of Incorporation and Restated Bylaws, the Directors are divided into three classes. The term of office of only one class of Directors expires in each year, and their successors are elected for terms of three years and until their successors are elected and qualified. There is no cumulative voting for election of Directors.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends that shareholders vote FOR the election of its nominees for Director. If a quorum is present, the Company's Restated Bylaws provide that Directors are elected by a plurality of the votes cast by the shares entitled to vote. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Annual Meeting, but are not counted and have no effect on the determination of whether a plurality exists with respect to a given nominee.

CORPORATE GOVERNANCE AND RELATED MATTERS

Shareholder Communications with the Board of Directors

Any shareholder may contact the Board of Directors in writing by addressing the communication to the Board of Directors of Schmitt Industries, Inc., c/o Corporate Secretary, 2765 N.W. Nicolai Street, Portland, Oregon 97210.

Board Leadership Structure and Role in Risk Oversight

The current leadership structure of the Board of Directors includes a combined Chairman of the Board and Chief Executive Officer. The Board of Directors believes that, in light of Mr. Case's role as chief proponent of the Company's technologies, he possesses the strategic, technical and industry knowledge and expertise to serve as both the Company's Chairman and Chief Executive Officer. Notwithstanding the foregoing, the Board of Directors does not have a formal policy regarding separation of the Chairman and Chief Executive Officer roles, and the Board of Directors may in the future decide to implement such a policy if it deems it in the best interests of the Company and its shareholders. The Board of Directors does not have a lead independent director.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. The Company faces a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputation risk. Management is responsible for the day-to-day management of risks the Company faces, while the Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. To do this, the Chairman of the Board meets regularly with management to discuss strategy and the risks facing the Company. Senior management attends the Board of Directors meetings and is available to address any questions or concerns raised by the Board of Directors on risk management and any other matters. The Chairman of the Board and independent members of the Board of Directors work together to provide strong, independent oversight of the Company's management and affairs through its standing committees and, when necessary, special meetings of independent directors.

Meetings

During Fiscal 2010, the Company's Board of Directors held five meetings. Each incumbent Director attended more than 75% of the aggregate of the total number of meetings held by the Board of Directors and the total number of meetings held by all committees of the Board on which he served during the period that he served. While the Company does not have a formal policy with regard to Directors' attendance at annual meetings, all members of the Company's Board of Directors attended the 2009 Annual Meeting of Shareholders.

Board of Director Committees

The Board of Directors has standing Audit, Compensation and Nominating Committees. The Audit and Nominating Committees operate pursuant to written charters. The charters may be viewed online at www.schmitt-ind.com. Each committee may obtain advice and assistance from internal or external legal, accounting and other advisors. The members of the committees, each of whom has been determined to be independent as defined by applicable SEC and Nasdaq Stock Market rules, are identified in the following table. Neither Mr. Case nor Mr. Fitzhenry is independent as defined by applicable SEC and NASDAQ Stock Market rules. Mr. Case serves as the Company's Chief Executive Officer and Mr. Fitzhenry serves as the Company's President.

Name	Audit	Compensation	Nominating
Maynard E. Brown	X	Chair	X
Michael J. Ellsworth	X	X	Chair
David M. Hudson	Chair	X	X

Audit Committee. The Audit Committee currently consists of Messrs. Brown, Ellsworth and Hudson. Mr. Hudson chairs the committee. The Board has determined all current members of the Audit Committee are independent under the rules of the SEC and the NASDAQ Stock Market, and each of them is able to read and understand fundamental financial statements. The Board has determined that Mr. Hudson qualifies as an audit committee financial expert as defined by the rules of the SEC and the NASDAQ Stock Market. The Audit Committee is responsible for, among other things, the engagement, compensation and oversight of the Company's independent certified public accountants, the review of the scope and results of the audit, and the review and evaluation of accounting procedures and internal controls within the Company. The Audit Committee operates pursuant to a written charter which is available on the Company's website (www.schmitt-ind.com). The Audit Committee held five meetings in Fiscal 2010.

Compensation Committee. The Compensation Committee currently consists of Messrs. Brown, Ellsworth and Hudson. Mr. Brown chairs the committee. The Board has determined that all members of the Compensation Committee are independent under the rules of the SEC and the NASDAQ Stock Market. The Compensation Committee reviews executive compensation, establishes executive compensation levels, and administers the Company's stock option plans. The Compensation Committee held one meeting in Fiscal 2010. The Compensation Committee does not have a written charter.

Nominating Committee. The Nominating Committee currently consists of Messrs. Brown, Hudson and Ellsworth. Mr. Ellsworth chairs the committee. The Board has determined that all members of the Nominating Committee are independent under the rules of the SEC and the NASDAQ Stock Market. The Nominating Committee assists the Board in director selection, identifying and assessing each candidate based upon his or her background, skills and experience and in light of the needs of the Board of Directors at that time. The committee operates pursuant to a written charter which is available on the Company's website (www.schmitt-ind.com). The Nominating Committee held one meeting in Fiscal 2010.

Director Qualifications

There are certain minimum qualifications for Board membership that director candidates should possess, including strong values and discipline, high ethical standards, a commitment to full participation on the Board

and its committees, and relevant career experience. The Nominating Committee also evaluates candidates for Board membership based on individual skills, experience and demonstrated abilities that help meet the current needs of the Board, such as experience or expertise in some of the following areas: global business, science and technology, finance and/or economics, competitive positioning, corporate governance, public affairs, and experience as an executive officer. Other factors that are considered include independence of thought, meeting applicable director independence standards (where independence is desired) and absence of conflicts of interest. The Nominating Committee may modify the minimum qualifications and evaluation guidelines from time to time as it deems appropriate. The Nominating Committee does not have a formal policy with respect to diversity; however, the Board of Directors and the Nominating Committee believe that it is essential that Board members represent diverse viewpoints.

Shareholder Nominations for Director

The Nominating Committee will consider recommendations by shareholders of individuals to consider as candidates for election to the Board of Directors. Any such recommendations should be submitted to Schmitt Industries, Inc., c/o Corporate Secretary, 2765 N.W. Nicolai Street, Portland, Oregon 97210. Historically, the Company has not had a formal policy concerning shareholder recommendations to the Nominating Committee (or its predecessors) because it believes that the informal consideration process in place to date, based in part on the minimum criteria as described in Director Qualifications above, has been adequate given that the Company has never received any Director recommendations from shareholders. The absence of such a policy does not mean, however, that a recommendation would not have been considered had one been received. The Nominating Committee intends to periodically review whether a more formal policy should be adopted.

The Company's Restated Bylaws permit shareholders to make nominations for the election of directors, if such nominations are made pursuant to timely notice in writing to the Company's Secretary. To be timely, notice must be delivered to, or mailed to and received at, the principal executive offices of the Company not less than 60 days nor more than 90 days prior to the date of the meeting, provided that at least 60 days notice or prior public disclosure of the date of the meeting is given or made to shareholders. If less than 60 days notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be received by the Company not later than the close of business on the tenth business day following the date on which such notice of the meeting was mailed or such public disclosure was made. Public disclosure of the date of the Annual Meeting was made by the issuance of a press release on August 24, 2010. A shareholder's notice of nomination must also set forth certain information specified in Section 2.3.2 of the Company's Restated Bylaws concerning each person the shareholder proposes to nominate for election and the nominating shareholder.

Director Compensation

The Company's general philosophy towards Directors' compensation is that Directors should be paid fairly for the work, time and effort required to serve on the Board of Directors, and that Directors' compensation should be competitive relative to comparable companies. The Board of Directors believes that it is appropriate for all of the non-employee Directors to receive a monthly retainer, and for the chairmen and members of the Board committees to receive additional compensation on a per meeting basis for their services in those positions. A non-employee Director who does not serve on any committee may receive a monthly retainer that is greater than the monthly retainer for committee members in recognition of efforts made outside of committee and Board meetings.

Under a policy adopted by the Board of Directors, Messrs. Brown, Ellsworth and Hudson are paid a monthly retainer of \$500 and Mr. Hennessey is paid a monthly retainer of \$1,000. Each non-employee Director is paid a \$1,500 fee for each Board meeting attended either in person or by phone. The Chairman and members of the Audit Committee each receive a fee of \$3,500 and \$2,500 per quarter, respectively; the Chairman and members of the Compensation Committee each receive a fee of \$1,000 for each meeting attended either in person or by

phone; and the Chairman and members of the Nominating Committee each receive a fee of \$500 for each meeting attended either in person or by phone. Non-employee Directors also receive either monthly compensation of \$500 or, at the non-employee Director's option, an annual award of nonstatutory options to purchase 5,000 shares of common stock pursuant to the Company's Stock Option Plan. As of May 31, 2010, all outside directors elected monthly compensation. Effective March 1, 2009, all fees were temporarily reduced by 20% until the Company improves its operating performance. The Company also reimburses travel and lodging expenses incurred in connection with attending meetings of the Board and its committees.

Corporate Governance

As part of the Schmitt's Code of Ethics and Business Conduct, the Company has adopted a code of ethics that applies to all officers and employees, including the Company's principal executive, financial and accounting officers.

Schmitt's policies and practices reflect corporate governance initiatives that are compliant with the listing requirements of the NASDAQ Stock Market and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including: (1) a majority of the Board members are independent of Schmitt and its management; (2) all members of the Board committees—the Audit, Compensation and Nominating Committees—are independent; (3) Schmitt has a Code of Ethics and Business Conduct that is monitored by its Corporate Secretary, who acts as the Company's ethics officer; and (4) the charters of the Audit, Compensation and Nominating Committees of the Board clearly establish their respective roles and responsibilities;

EXECUTIVE COMPENSATION

The Board of Directors has delegated the responsibility for fixing the compensation of the Named Executive Officers (as defined in the Summary Compensation Table below) to the Compensation Committee. The Compensation Committee consists entirely of independent, non-employee Directors. No former employees of the Company serve on the Compensation Committee. The Compensation Committee approves all compensation and awards to executive officers, which include the Chief Executive Officer, Chief Financial Officer, President, Vice President for Operations and Corporate Secretary, and provides oversight with respect to the compensation of all other employees. The Compensation Committee also sets the Company's compensation principles that guide the design of compensation plans and programs applicable to management and all other employees.

The Compensation Committee annually reviews the performance and compensation of the executive officers, or more often if necessary, and establishes their compensation. Wayne A. Case may participate in certain discussions with the Compensation Committee and the Company's Board of Directors concerning executive officer compensation, but does not participate in the decisions with respect his own, David W. Case's or Linda M. Case's compensation.

The Compensation Committee has not prepared tally sheets for executive officers because the compensation structure for these executive officers has consisted primarily of base salary, cash bonuses, and stock options and

has not included many of the hidden costs (such as retirement benefits, perquisites and deferred compensation plans) that tally sheets are typically designed to reveal. Similarly, because of the overall size of the Company and the small number of executive officers, the Compensation Committee has not deemed it necessary to retain outside compensation consultants or conduct formal internal or external pay equity studies.

The key components of the Company's compensation program are base salary, personal performance bonuses and potential long-term compensation through stock options. These components are administered with the goal of providing total compensation that is competitive in the marketplace, rewards successful financial performance and aligns executive officers' interests with those of shareholders. The Company generally does not adhere to rigid formulas or necessarily react to short-term changes in business performance in determining the amount and mix of compensation elements for our executives, although changes in business performance do affect individual performance bonus awards.

The Company's executive compensation programs are designed to attract, retain, motivate and appropriately reward its executive officers, as well as to align the interests of executive officers with those of shareholders of the Company. The objectives of the Company's compensation programs are to:

provide competitive compensation opportunities that attract and retain top executives;

inspire the executive team to achieve superior performance in order to deliver results above the Company's business plan and those of its peers; and

continue to align the interests of executives and shareholders through the use of long-term and short-term incentives, while effectively managing dilution.

Compensation levels should be sufficiently competitive to attract and retain the talent needed

The Company's overall compensation levels are designed to attract and retain the type of talent needed to enable the Company to achieve and maintain a leadership position in the businesses in which it competes.

Compensation should be related to performance

In general, the Company's compensation policy is designed to reward the achievement of individual and company objectives. The Company has followed a practice of linking executive compensation to individual levels of performance, as well as to the performance of the Company as a whole. Cash bonuses are tied to individual performance, as well as to the performance of the Company. In addition, the value of long-term incentive compensation (stock options) is tied to corporate performance over the long term.

Incentive compensation should strike a balance between short-term and long-term performance

The Company's compensation policy is designed to focus management on achieving strong short-term (annual) performance objectives as well as ensuring that the necessary steps are taken to achieve long-term success and profitability. To reward a balanced approach, the Company uses both short-term performance bonuses and long-term incentives in structuring the compensation of its executive officers.

Setting Executive Compensation

The Compensation Committee awarded Fiscal 2010 compensation to the Named Executive Officers based on its review and analysis of their positions, responsibilities and performance as well as their anticipated responsibilities and potential contributions to growth in shareholder value. In establishing the compensation of the Named Executive Officers, the Committee based the amounts primarily on the individual performance of each Named Executive Officer in recent periods, and each Named Executive Officer's level of responsibility for the Company's key objectives and potential for future responsibility and promotion. The Committee also examined the outstanding stock options held by such executive officer for the purpose of considering the retention value of additional equity awards.

Because base compensation, annual cash bonuses, and equity awards are such basic elements of compensation within the Company's industry, as well as the high tech and software industries in general, and are generally expected by employees, the Committee believes that these components must be included in the Company's compensation mix in order for the Company to compete effectively for talented executives.

The Company has historically used stock options as an element of executive compensation for several reasons. First, stock options facilitate retention of executives. Stock options will provide a return to the executive only if he or she remains in the Company's employ. Second, stock options align executive compensation with the interests of the Company's shareholders and thereby focus executives on increasing value for the shareholders. Third, stock options are performance based. Stock options will provide a return to executives only to the extent that the market price of the Company's common stock appreciates over the option term. Fourth, stock options create incentive for increases in shareholder value over a longer term. In determining the number of options to be granted to executives, the Committee takes into account the individual's position, scope of responsibility, ability to affect profits and shareholder value, the individual's historic and recent performance, and the estimated value of stock options at the time of grant.

Base Salary

The Fiscal 2010 base salary for each Named Executive Officer was set on the basis of personal performance, skill set and experience, position criticality, the salary levels in effect for comparable positions with other companies in the industry, and internal comparability considerations.

Benefits and Perquisites

Benefits are established based upon an assessment of competitive market factors and a determination of what is needed to attract and retain talent. The primary benefits received by the Company's Named Executive Officers are the same as for all other employees and include participation in the Company's health, dental and vision plans, 401(k) plan and the Company's disability and life insurance plans. Wayne A. Case is also provided use of an automobile.

Annual Cash Performance Compensation

Our executives' performance is reviewed annually in October, and executives may receive annual cash bonuses, generally based upon the Compensation Committee's evaluation of individual performance and the Company's performance generally. These executives are responsible for establishing strategic direction or are responsible for major functional or operating units and have an impact on bottom-line results. During Fiscal 2010, no executive officer was paid a cash bonus.

Stock Options

In Fiscal 2010, our Named Executive Officers received no stock option grants.

The following table sets forth amounts of cash and certain other compensation paid by the Company to Wayne A. Case, Chief Executive Officer; James A. Fitzhenry, President; Jeffrey T Siegal, Chief Financial Officer and Treasurer; and David W. Case, Vice President of Operations (the Named Executive Officers) during Fiscal 2010. No other executive officer was paid salary and bonus in excess of \$100,000 in Fiscal 2010.

STOCK OPTION PLANS AND OPTION GRANTS IN FISCAL 2010

The Board of Directors adopted the 2004 Stock Option Plan (2004 Plan) in August 2004 and the 1995 Stock Option Plan (1995 Plan) in December 1995, which plan was amended in August 1996 and restated in August 1998. An option granted under the 2004 Plan and/or 1995 Plan (the Plans) might be either an incentive stock option (ISO), or a nonstatutory stock option (NSO). ISOs may be granted only to employees and members of the Board of Directors of the Company and are subject to certain limitations, in addition to restrictions applicable to all stock options under the Plan. Options not meeting these limitations will be treated as NSOs. The purchase price of ISOs is fair market value on the date of grant; the purchase price of NSOs may vary from fair market value. Vesting is at the discretion of the Compensation Committee of the Board of Directors, but is generally 25% at grant date and 25% on each anniversary thereafter. The Company initially reserved 400,000 shares for issuance under the 1995 Plan and 300,000 shares for issuance under the 2004 Plan. The 1995 Plan expired in December 2005, and no additional options may be issued under the 1995 Plan, although expiration of the 1995 Plan did not affect the rights of persons who received stock grants under the 1995 Plan. Stock-based compensation recognized in the Company's Consolidated Financial Statements for the year ended May 31, 2010 includes compensation cost for stock-based awards granted prior to, but not fully vested as of, June 1, 2006.

Change of Independent Registered Public Accounting Firm

Effective October 22, 2009, the Audit Committee of the Board of Directors approved the engagement of Moss Adams LLP (Moss Adams) as the Company s independent auditors for the fiscal year ending May 31, 2010, to replace Grant Thornton LLP (Grant Thornton), who were dismissed as the Company s auditors as of the same date.
