Item 1.01. Entry into a Material Definitive Agreement.

On August 31, 2012, Georgia Gulf Corporation (the Company), PPG Industries, Inc. (PPG), Eagle Spinco Inc., a wholly-owned subsidiary of PPG (Splitco), and Grizzly Acquisition Sub, Inc., a wholly-owned subsidiary of the Company (Merger Sub), entered into Amendment No. 1 (the Amendment) to the previously announced Agreement and Plan of Merger, dated as of July 18, 2012 pursuant to which the Company will combine with PPG's chlor-alkali and derivatives business (the Business) in a Reverse Morris Trust transaction (the Transactions).

The Amendment modifies the exchange ratio in the Transactions by providing that prior to the completion of the Transactions, Splitco will authorize the issuance of a number of shares of Splitco common stock (Splitco Common Stock) such that the total number of shares of Splitco Common Stock outstanding immediately prior to completion of the Transactions will be that number that results in one share of common stock of the Company (Company Common Stock) being issued in the Transactions for each share of outstanding Splitco Common Stock. The Amendment does not change the total number of shares of Company Common Stock that will be issuable in the Transactions.

The foregoing summary description of the Amendment does not purport to be complete and is subject to and qualified in its entirety by reference to the Amendment, a copy of which is attached hereto as Exhibit 2.1, and which is incorporated herein by reference.

Words or phrases such as will likely result, are expected to, will continue, is anticipated, we believe, expect, estimate, project, may, will, intend, plan, believe, target, forecast, would or could (including the negative or variations thereof) terminology used in connection with any discussion of future plans, actions, or events, including with respect to the Transactions, generally identify forward-looking statements. These forward-looking statements include, but are not limited to, statements regarding expected benefits of the Transactions, integration plans and expected synergies therefrom, the expected timing of completion of the Transactions, and the Company's anticipated future financial and operating performance and results, including its estimates for growth. These statements are based on the current expectations of management of the Company. There are a number of risks and uncertainties that could cause the Company's actual results to differ materially from the forward-looking statements included in this communication. These risks and uncertainties include risks relating to (i) the Company's ability to obtain requisite stockholder approval to complete the Transactions, (ii) PPG's being unable to obtain the necessary tax authority and other regulatory approvals required to complete the Transactions, or such required approvals delaying the Transactions or resulting in the imposition of conditions that could have a material adverse effect on the combined company or causing the companies to abandon the Transactions, (iii) other conditions to the closing of the Transactions not being satisfied, (iv) a material adverse change, event or occurrence affecting the Company or Splitco prior to the closing of the Transactions delaying the Transactions or causing the companies to abandon the Transactions, (v) problems arising in successfully integrating the businesses of Splitco and the Company, which may result in the combined company not operating as effectively and efficiently as expected, (vi) the possibility that the Transactions may involve other unexpected costs, liabilities or delays, (vii) the businesses of each respective company being negatively impacted as a result of uncertainty surrounding the Transactions, (viii) disruptions from the Transactions harming relationships with customers, employees or suppliers, and (ix) uncertainties regarding (a) future prices, (b) industry capacity levels and demand for the Company's products, (c) raw materials and energy costs and availability, feedstock availability and prices, (d) changes in governmental and environmental regulations, the adoption of new laws or regulations that may make it more difficult or expensive to operate the Company's business or manufacture its products before or after the Transactions, (e) the Company's ability to generate sufficient cash flows from its business before and after the Transactions, (f) future economic conditions in the specific industries to which its products are sold, and (g) global economic conditions.

In light of these risks, uncertainties, assumptions, and other factors, the forward-looking statements discussed in this filing may not occur. Other unknown or unpredictable factors could also have a material adverse effect on the Company's actual future results, performance, or achievements. For a further discussion of these and other risks and uncertainties applicable to the Company and its business, see the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 and subsequent filings with the Securities and Exchange Commission (the SEC).
