Notes to the Financial Statements

December 31, 2012 and 2011

1. Description of the Plan Reporting Entity

The accompanying financial statements include the assets of The FirstBank 401(k) Retirement Plan for Residents of Puerto Rico (the Plan) sponsored by FirstBank Puerto Rico (the Bank) for its Puerto Rico employees only. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which became effective in 1965, and was amended in 1977, to comply with the requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and as of January 1, 1985, to comply with the requirements of the Retirement Equity Act of 1984 (REACT). Accordingly, the Plan is subject to the provisions of ERISA. Effective September 1, 1991, the Plan was further amended to become a savings plan under the provisions of the Puerto Rico Code, as amended. The Plan was created for the purpose of providing retirement benefits to employees and to encourage and assist them in adopting a regular savings plan that qualifies under the applicable laws of the Commonwealth of Puerto Rico.

Plan Amendments

Some of the provisions of the Puerto Rico Code of 2011 (PR Code) became effective on January 1, 2012, that required an amendment to the Plan including:

A new annual limit on employee compensation used for benefit accruals, calculation of plan contributions, and nondiscrimination testing. This limit shall not exceed the dollar limit determined under the U.S. Internal Revenue Code Section 401(a)(17), including cost of living adjustments. This limit was \$250,000 for the tax year ended December 31, 2012.

A new definition of Highly Compensated Employee in accordance with Section 1081.01(D)(3)(e)(iii) of the PR Code which includes: any employee who (a) is an officer, (b) is a shareholder who owns more than 5% of the employer's voting stock or of the total value of all classes of the employer stock, or (c) received from the preceding Plan Year more than the amount of compensation determined under Section 414(q)(1)(B) of the U.S. Internal Revenue Code (\$115,000 for the tax year ended December 31, 2012).

The maximum annual contribution permitted for a year cannot exceed the lesser of: (a) \$49,000 adjusted annually as provided in U.S. Internal Revenue Code Section 415(d), or (b) 100% of the Participant's Compensation for such year.

Effective for loans originating on or after January 1, 2012, participant loans will be treated as a taxable distribution if by its terms, and in operation, the loan is: (1) not substantially level amortized with payments not less frequently than quarterly, and (2) not repaid within five years (or such other time as provided by the Plan for loans for the purchase of the participant's principal residence).

Eligibility

All full-time employees of the Bank and its wholly owned Puerto Rico subsidiaries are eligible to participate in the Plan after completion of three months of service for purposes of making elective deferral contributions and one year of service for purposes of sharing in the Bank's matching, qualified matching and qualified non-elective contributions. Furthermore, regular part time employees are also eligible if the criteria of 1,000 hours of service is met.

Edgar Filing: FIRST BANCORP /PR/ - Form 11-K

Employees hired on or after September 1, 2007 will be automatically enrolled in the Plan after completion of three months of services unless the employee makes an election to waive participation in the Plan by completing an Election Form at least 30 days before the enrollment date. If the employee does not complete the Election Form within the mentioned period, the employee will be automatically enrolled in

the Plan with an initial pre-tax contribution equivalent to 2% of his/her period eligible compensation and the contribution will be invested in a predetermined fund until subsequent election is made by the participant.

Contributions

Participants are permitted to contribute up to an amount not to exceed the maximum deferral amount specified by the PR Code of \$13,000 for the tax year ended December 31, 2012. Also, the participant may make voluntary contributions to the Plan on an after-tax basis up to 8%. The Bank is required to make a matching contribution of twenty-five cents for every dollar on the first 4% of the participants' eligible compensation that a participant contributes to the Plan on a pre-tax basis. In addition, the Bank may voluntarily make additional discretionary contributions to the Plan at the end of the year to be distributed among the accounts as established in the Plan. Investment of participants' and employer's contributions are directed by participants into various investment options, which include several mutual funds and the common stock of First BanCorp, the Bank's parent company. The Plan allows for rollover contributions from other qualified plans.

Participants over age 50 are permitted to make an additional \$1,500 pre-tax contribution after contributing the Plan limit of \$13,000 of their pre-tax annual compensation.

Effective January 1, 2013, pre-tax annual contributions increased to \$15,000.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Bank's contributions and (b) Plan earnings. Allocations are based on (a) the participant's contributions in the case of matching contributions, (b) a discretionary percentage of the participant's contribution in the case of discretionary contributions, and (c) account balances in each investment option in the case of plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Bank's contribution portion of their account is based on years of continuous service. A participant is 100% vested after five years of credited service.

Vesting schedule for the Bank's matching and additional discretionary contribution is as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5 or more	100%

Notes receivable from Participants

Edgar Filing: FIRST BANCORP /PR/ - Form 11-K

Under the terms of the Plan, participants are allowed to borrow from their accounts up to 50% of their vested account balance or \$50,000, whichever is less. Loan transactions are treated as a transfer to (from) the investment funds from (to) the Participants Loan account. Loans are secured by the balance in the participants' accounts and bear interest at the rate determined by the Plan administrator at the time the loan is granted. At the end of both December 31, 2012 and 2011 the interest rates of these loans ranged from 5.25% to 10.25% (weighted average 5.37% as of December 31, 2012, 5.51% as of December 31, 2011), and are due at various maturity dates through December 28, 2017. Principal and interest is paid ratably through biweekly payroll deductions.

Notes to the Financial Statements

Payment of Benefits

Plan participants are permitted to make withdrawals from the Plan, subject to provisions in the Plan agreement. If a participant suffers financial hardship, as defined in the Plan agreement, the participant may request a withdrawal from his or her contributions. In the case of participant termination because of death, the entire vested amount is paid to the person or persons legally entitled thereto.

All distributions from the Plan will be made in a single lump-sum payment. If the value of the vested account is more than \$5,000, the participant may elect to defer any benefit payable under the Plan until a specified future date.

Plan Expenses and Administration

Bank and participant contributions were held by Charles Schwab as custodian and managed by Milliman USA, Inc. as plan recordkeeper, both appointed by the Board of Directors of the Bank. The custodian invests cash received, interest and dividend income and makes distributions to participants.

Administrative expenses for the custodian's and recordkeeper's fees are paid by the Bank unless there are forfeitures available to offset such expenses. For the year ended December 31, 2012 the Bank paid on behalf of the Plan \$46,130 in administrative fees and other services rendered by the plan recordkeeper and \$50,000 for investment advisory to a third-party consultant.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce future Bank contributions or used to cover administrative expenses of the Plan, refer to Note 8 for further detail.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board updated the Codification to develop common requirements for measuring fair value and for disclosing information about fair value measurements in accordance with GAAP and International Financial Reporting Standards (IFRSs). The amendments in this Update apply to all reporting entities that are required or permitted to measure or disclose the fair value of an asset, a liability, or an instrument classified in a reporting entity's shareholders' equity in the financial statements and result in common fair value measurement and disclosure requirements in U.S. GAAP and IFRSs. The amendments in this Update are to be applied prospectively and are effective during interim and annual periods beginning after December 15, 2011. Early application is not permitted. The Plan adopted this guidance with no impact on the financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting policies generally accepted in the United States of America. A description of the significant accounting policies of the plan follows.

Use of Estimates

Edgar Filing: FIRST BANCORP /PR/ - Form 11-K

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Fair Value Measurements

The FASB authoritative guidance for fair value measurements defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. This guidance also establishes a fair value hierarchy for classifying financial instruments. The hierarchy is based on whether the inputs to the valuation techniques used to measure fair value are observable or unobservable. Three levels of inputs may be used to measure fair value:

- Level 1** Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Valuations are observed from unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Table of Contents**The FirstBank 401(k) Retirement Plan for Residents of Puerto Rico****Notes to the Financial Statements****December 31, 2012 and 2011**

Trust Company, which is also a provider of custodial services as defined by the Plan since April 1, 2005. In addition, at December 31, 2012 and 2011, the Plan held 145,909 and 117,184 units, with a quoted market value of \$668,262 and \$409,229, respectively, of First BanCorp common stock, the parent company of the Plan Sponsor. For the year ended December 31, 2012, the Plan did not receive any dividend income related to First BanCorp common stock and the net appreciation in the fair value of the investment in First BanCorp common stock amounted to \$150,822. Plan assets include Notes receivable from participants of \$1,936,453 and \$1,753,800 as of December 31, 2012 and 2011, respectively. For the year ended December 31, 2012 interest income related to notes receivable from participants amounted to \$99,489. These transactions qualify as party-in-interest transactions permitted under the provisions of ERISA.

6. Tax Status

The Puerto Rico Department of Treasury has determined and informed the Bank under letter dated October 11, 2010 that the Plan is designed in accordance with the applicable sections of the PR Code and, therefore, exempt from income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The plan administrator has analyzed the tax positions by the plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

During 2012, the plan administrator discovered an operational compliance issue with the Plan and is in the process of determining whether an additional contribution by the Plan Sponsor is required to resolve this operational compliance issue. However, such amount is not currently determinable and, therefore, no associated additional sponsor contribution receivable has been recorded as a receivable of the Plan in the accompanying statement of assets available for benefits at December 31, 2012.

7. Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts and such termination shall not reduce the interest of any participating employee or their beneficiaries accrued under the Plan up to the date of such termination.

8. Forfeited Amount

Forfeited non-vested accounts amounted to \$1,997 at December 31, 2012 (\$10,407 at December 31, 2011). These accounts are transferred by the Plan administrator to an unallocated account to be used to cover administrative expenses of the Plan or reduce the Bank's future contributions. Forfeitures amounting to \$12,179 was used to cover administrative expenses during 2012.

9. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in these factors in the near term would materially affect participants' account balances and the amounts reported in the statement of assets available for benefits and the statement of changes in assets available for benefits.
