Item 1.01. Entry into a Material Definitive Agreement

On February 6, 2014, ExGen Renewables I, LLC (the Borrower) (an indirect subsidiary of Exelon Corporation and Exelon Generation Company, LLC) successfully completed the closing of a \$300.0 million senior secured term loan credit facility established pursuant to a Credit Agreement, dated as of February 6, 2014 (the Credit Agreement), among the Borrower, ExGen Renewables I Holding, LLC (Holdings), the lenders party thereto from time to time, Barclays Bank PLC, as administrative agent and collateral agent and the other agents party thereto.

The Borrower's obligations under the Credit Agreement are fully and unconditionally guaranteed by Holdings, the Borrower's direct parent, on a senior basis. The obligations of the Borrower and Holdings under the Credit Agreement and the other Loan Documents (as defined in the Credit Agreement, the Loan Documents) are secured by Collateral owned or held by the Borrower and Holdings as and to the extent provided for in the Credit Agreement and the other Loan Documents.

Term loans (the Loans) were made pursuant to the Credit Agreement in a single borrowing of \$300.0 million on February 6, 2014. The Borrower received net proceeds from the Loans estimated to be \$293.7 million, after deducting original discount and estimated costs, fees and expenses incurred in connection with the execution and delivery of the Credit Agreement and the transactions contemplated thereby. The Borrower is distributing the net proceeds from the offering to Exelon Generation Company, LLC for its general corporate purposes.

Outstanding Loans will initially accrue interest at a rate equal to the LIBO Rate (as defined in the Credit Agreement) plus 4.25% per annum. Loans bearing interest at the LIBO Rate may be converted into Loans bearing interest at the Base Rate (as defined in the Credit Agreement) plus 3.25% per annum on the terms provided in the Credit Agreement.

Interest on the Loans is payable quarterly in arrears on each January 15, April 15, July 15 and October 15 of each year, beginning on April 15, 2014. The Loans are scheduled to mature, and the principal of the Loans will be due and payable, on February 6, 2021. Such principal will also be repaid and prepaid at such times and on such terms as are specified in the Credit Agreement.

The Credit Agreement contains provisions for acceleration of the maturity of the Loans and other obligations thereunder upon the happening of certain stated events and also for prepayments on account of principal of the Loans prior to the maturity thereof upon the terms and conditions specified therein. In addition, the Credit Agreement and the other Loan Documents contain customary covenants by the Borrower and Holdings (on their own behalf and, in certain circumstances, on behalf of their subsidiaries) and default provisions for the benefit of the lenders.

The foregoing description of the Credit Agreement is qualified in its entirety by reference to the full text of the Credit Agreement, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated herein by reference.
