PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS TO BE HELD

TUESDAY, APRIL 15, 2014, 2:00 p.m.

Solicitation, Voting & Revocability of Proxies. CNB Financial Corporation [the Corporation or the Holding Company] is a Pennsylvania business corporation and a financial holding company registered with the Federal Reserve Board and has its principal offices at CNB Bank, Clearfield, Pennsylvania 16830. The subsidiaries of the Corporation are CNB Bank [the Bank], CNB Securities Corporation, Holiday Financial Services Corporation, County Reinsurance Company and CNB Insurance Agency.

The enclosed proxy is being solicited by the Board of Directors of the Corporation for use at the Annual Meeting of Shareholders to be held April 15, 2014 at 2:00 p.m. The cost of preparing, assembling and mailing the notice of annual meeting, proxy statement and form of proxy is to be borne by the Corporation. In addition to the solicitation of proxies by use of mail, directors, officers or other employees of the Corporation may solicit proxies personally or by telephone and the Corporation may request certain persons holding stock in their names or in the names of their nominees to obtain proxies from and send proxy material to the principals and will reimburse such persons for their expenses in so doing. Directors, officers, or other employees so utilized will not receive special compensation for such efforts. The date on which this Proxy Statement and the accompanying form of proxy was first mailed to shareholders was March 14, 2014.

A quorum for the transaction of business at the annual meeting will require the presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast on a particular matter to be acted upon at the meeting. Abstentions are counted as shares present for determination of a quorum but are not counted as affirmative or negative votes and are not counted in determining the number of votes cast on any matter. Director nominees with the highest number of votes will be elected. The affirmative vote of a majority of the votes cast by all shareholders entitled to vote on the matter is required for the approval of all other matters. Shareholders have one vote for each share held.

The enclosed proxy is revocable at any time prior to the actual voting of such proxy by the filing of a written notice revoking it, or a duly executed proxy bearing a later date, with Richard L. Greslick, Jr., the Secretary of the Corporation. In the event your proxy is mailed and you attend the meeting, you have the right to revoke your proxy and cast your vote personally. All properly executed proxies delivered to us pursuant to this solicitation will be voted at the meeting in accordance with your instructions, if any. Unless otherwise directed, proxies will be voted FOR the election as directors of the nominees named under the caption: Proposal 1. Election of Directors. FOR the compensation of our named executive officers, FOR the 3 year alternative noted in Proposal 3, and FOR ratification of the appointment of our independent auditors for the year 2014. The Board of Directors is not aware of any other matters which will be presented for action at the meeting, but the persons named in the proxies intend to vote or act according to their discretion with respect to any other proposal which may be presented for shareholder action.

Who can vote. The securities that can be voted at the annual meeting consist of shares of common stock of the Corporation with each share entitling its owner to one vote on all matters properly presented at the meeting. There is no cumulative voting of shares. The Board of Directors has fixed the close of business on March 3, 2014 as the record

date for the determination of shareholders entitled to notice of, and to vote at, the annual meeting. On the record date, there were 14,464,041 shares of common stock then outstanding and eligible to be voted at the annual meeting. As of that date, all executive officers and directors of the Corporation as a group [19 persons] beneficially owned 887,165 shares, or 6.1% of the total number of outstanding shares [including shares acquirable within 60 days of the record date].

Voting. If your common stock is held by a broker, bank or other nominee [i.e. in street name], you should receive instructions from that person or entity that you must follow in order to have your shares of common stock voted. If you hold your shares in your own name and not through a broker or other nominee, you may vote your shares by:

signing, dating and mailing the proxy card in the enclosed postage-paid envelope, or

attending the annual meeting and voting in person.

Whichever of these methods you select to transmit your instructions, the proxy holders will vote your shares in accordance with your instructions. If you give a proxy without specific voting instructions, your proxy will be voted by the proxy holders as recommended by the Board of Directors.

Under current New York Stock Exchange [NYSE] rules, which govern NYSE brokerage members, the proposal to ratify the appointment of independent auditors [Proposal 4] is considered a discretionary item. This means that brokerage firms may vote in their discretion on this matter on behalf of clients who have not furnished voting instructions in accordance with NYSE rules. In contrast, the proposals to elect directors [Proposal 1] and the proposals relating to say-on-pay [Proposal 2] and say-on-frequency [Proposal 3] are non-discretionary items. This means brokerage firms that have not received voting instructions from their clients on these matters may not vote on these proposals. These so-called broker non-votes will not be considered in determining the number of votes necessary for approval and, therefore, will have no effect on the outcome of the vote for these proposals.

Annual Report on Form 10-K. The Corporation is required to file an annual report on Form 10-K for the 2013 fiscal year with the Securities and Exchange Commission [SEC]. Shareholders may obtain, free of charge, a copy of the Form 10-K by writing to Richard L. Greslick, Jr., Secretary, CNB Financial Corporation, P.O. Box 42, Clearfield, Pennsylvania 16830. Our annual report is also available free of charge on the Investor Relations section of our website [www.bankcnb.com].

PROPOSAL 2. ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act added Section 14A to the Securities Exchange Act of 1934, which requires that we provide our shareholders with the opportunity to approve, on a non-binding advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

As described in greater detail under the heading "Compensation Discussion and Analysis," we seek to align the interests of our named executive officers with the interests of our shareholders. Our compensation programs are designed to reward our named executive officers for the achievement of short-term results and long-term growth, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

The Corporation is presenting the following proposal, which gives you as a shareholder the opportunity to endorse or not endorse our compensation program for named executive officers by voting for or against the following resolution [a "say-on-pay" vote]. While the vote on the resolution is advisory in nature and therefore will not bind us to take any particular action, our Board of Directors intends to carefully consider the shareholder vote resulting from the proposal in making future decisions regarding our compensation program.

RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the Corporation's named executive officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative executive compensation disclosures contained in the Proxy Statement.

The Board of Directors unanimously recommends that shareholders vote FOR the proposal.

PROPOSAL 3. ADVISORY VOTE ON THE FREQUENCY OF THE VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act added Section 14A to the Securities Exchange Act of 1934, which requires that we provide our shareholders with the opportunity to vote, on a non-binding advisory basis, for their preference as to how frequently we should conduct advisory votes on the compensation of our named executive officers as disclosed in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

Shareholders may indicate whether they would prefer that we conduct future advisory votes on executive compensation once every one, two or three years. Shareholders also may abstain from casting a vote on this proposal. Shareholders will not be voting to approve or disapprove the recommendation of the Board of Directors.

The Board of Directors values constructive dialogue on executive compensation and other important governance topics with our shareholders. The Board believes an advisory vote every 3 years will provide an effective way to obtain information on shareholder sentiment about our executive compensation program by allowing adequate time for the Corporation to respond to shareholders' feedback and engage with shareholders to understand and respond to the vote results.

This vote is advisory in nature and therefore will not bind us to adopt any particular frequency. However, our Board of Directors intends to carefully consider the shareholder vote resulting from the proposal in determining how frequently we will hold say-on-pay votes.

The Board of Directors unanimously recommends that shareholders vote FOR the 3 Year alternative set out in the proxy card.

PROPOSAL 4. RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors is responsible for selecting the Corporation's independent auditors. At its meeting held on March 5, 2014, the Audit Committee appointed Crowe Horwath LLP [Crowe] as the independent auditors for the 2014 fiscal year. Although shareholder approval for this appointment is not required, the Board is submitting the selection of Crowe for ratification to obtain the views of shareholders. If the appointment is not ratified, the Audit Committee will reconsider its selection.

In making the appointment of Crowe as the Corporation's independent auditors for the fiscal year 2014, the Audit Committee considered whether Crowe's provision of services other than audit services is compatible with maintaining independence as our independent auditors and decided that the provision of such services is compatible with maintaining independence.

The Board of Directors unanimously recommends that shareholders vote FOR ratification of the appointment of independent auditors.

OTHER MATTERS

The Board of Directors does not intend to bring any other matters before the annual meeting and does not know of any matter which anyone proposes to present for action at the meeting. However, if any other matters properly come before the meeting, the persons named in the accompanying proxy, or their duly constituted substitutes acting at the meeting, will be authorized to vote or otherwise act thereon in accordance with their judgment.

CORPORATE GOVERNANCE

General

The business and affairs of the Corporation are managed under the direction of the Board of Directors. Members of the Board are kept informed of the Corporation's business through discussions with the Chairman of the Board and the Corporation's executive officers, by reviewing materials provided to them and by participating in meetings and strategic planning sessions of the Board and its various committees. The Board is also kept apprised by the Chairman of the Board and management of continuing educational programs on corporate governance and fiduciary duties and responsibilities.

The Corporation believes in the importance of sound and effective corporate governance and has adopted policies and promoted practices which it believes enhance corporate governance of the Corporation.

Board Leadership Structure

The Corporation has elected to have two separate individuals as CEO and Chairman. The Corporation believes that this separation facilitates the independence of the Board and is appropriate for the size and structure of the Corporation.

Risk Oversight

Risk identification and management are essential elements for the successful management of the Corporation. In the normal course of business, the Corporation is subject to various types of risk. These risks are controlled through policies and procedures established throughout the Corporation, which are monitored and reviewed by the Board in accordance with established Corporation policies.

In December 2010, the Corporation initiated an Enterprise Risk Management [ERM] Process. The process includes measurement and monitoring of the following risks: credit, market, liquidity, operational, compliance/legal, strategic and reputation. An ERM Risk Assessment Team evaluates, analyzes, and reports annual risk assessment[s] and provides quarterly updates to the ERM Risk Steering Committee, comprised of the Executive Management Team. The Corporation's ERM Board Committee members meet quarterly to review the overall risk profile of the Corporation. The ERM Board Committee met four times during 2013. The ERM Board Committee follows an ERM Policy, Risk Philosophy Statement and Risk Appetite Statement that summarizes the risk appetite of the Corporation as well as the expected reward for the risks.

In addition to the ERM Process, the following risks are specifically addressed as outlined below: market, credit, and liquidity risk.

Market risk is the sensitivity of net interest income and the market value of financial instruments to the direction and frequency of changes in interest rates. Market risk results from various repricing frequencies and the maturity structure of the financial instruments owned by the Corporation. The Corporation uses its asset/liability management policy and systems to control, monitor, and manage market risk. Such policies and systems are monitored by the Asset/Liability Committee of the Board, which meets four times per year.

Credit risk represents the possibility that a customer may not perform in accordance with contractual terms. Credit risk results from loans with customers and the purchase of securities. The Corporation manages credit risk by following an established credit policy and through a disciplined evaluation of the adequacy of the allowance for loan losses. Also, the investment policy limits the amount of credit risk that may be taken in the securities portfolio. Such policies and systems are monitored by both the Asset/Liability Committee of the Board and the Loan Committee of the Board, which meets monthly.

Liquidity risk represents the inability to generate or otherwise obtain funds at reasonable rates to satisfy commitments to borrowers and obligations to depositors. The Corporation has established guidelines within its asset liability management policy to manage liquidity risk. These guidelines include contingent funding alternatives. Such guidelines are monitored by the Asset/Liability Committee of the Board.

Meetings and Committees of the Board of Directors

The Board of Directors held fourteen meetings during 2013. Eleven directors attended the 2013 annual meeting of shareholders. Each incumbent director attended at least 75 percent of the aggregate of [i] the total number of meetings held by the Board of Directors during the period that the individual served and [ii] the total number of meetings held by all committees of the Board on which the individual served during the period that the individual served.

The Board of Directors of the Corporation and the Board of Directors of the Bank have a number of joint committees that serve both the Corporation and the Bank. These include an Audit Committee, an Executive Compensation Committee and a Corporate Governance/Nominating Committee.

Audit Committee. The Audit Committee met four times in 2013. The Audit Committee appoints the Corporation's independent accountants, reviews and approves the audit plan and fee estimate of the independent public accountants, appraises the effectiveness of the internal and external audit efforts, evaluates the adequacy and effectiveness of accounting policies and financial and accounting management, approves and evaluates the internal audit function, pre-approves all audit and any non-audit services, and reviews and approves the annual and quarterly financial statements. The members of the Audit Committee are Jeffrey S. Powell, Chairman; William F. Falger; Dennis L. Merrey; Robert W. Montler; and Deborah Dick Pontzer. The Corporation's Board adopted a written charter for the Audit Committee on May 3, 2001. The charter is reviewed annually by the Audit Committee and no changes were made in 2013. The charter is available on the Corporation's website at www.bankcnb.com.

In the opinion of the Corporation's Board, the members of the Audit Committee do not have a relationship with the Corporation or any of its affiliates that would interfere with the exercise of independent judgment in carrying out their responsibilities as directors. None of them is or has for the past three years been an employee of the Corporation or any of its affiliates; no immediate family members of any of them is or has for the past three years been an executive officer of the Corporation or any of its affiliates; and they otherwise meet the standards for independence required by NASDAQ.

The Corporation's Board of Directors has determined that the Audit Committee does not have a financial expert serving on the Committee, as defined by the Securities and Exchange Commission [SEC]. While members have an understanding of financial statements as well as the ability to assess the proper application of accounting estimates, accruals and reserves, no member possesses indepth knowledge of generally accepted accounting principles. The Committee has the authority to engage legal counsel or other experts or consultants as it deems appropriate to carry out its responsibilities, at the Corporation's expense.

The Audit Committee must pre-approve all permitted non-audit services performed by the Corporation's external audit firm. The Audit Committee may delegate such authority to a subcommittee, provided that any decisions of the subcommittee are presented to the full Audit Committee at its next scheduled meeting.

The Audit Committee has submitted the following report for inclusion in this Proxy Statement:

The Audit Committee has reviewed the audited financial statements for the year ended December 31, 2013 and has discussed them with management. The Audit Committee has also discussed with Crowe the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, and by SEC rules. The Audit Committee has received the written disclosures and the letter from Crowe required by applicable requirements of the Public Company Accounting Oversight Board regarding Crowe's communications with the Audit Committee, and has discussed with Crowe their independence. Based on this, the Audit Committee recommended to the Board that the audited financial statements be included in CNB Financial Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2013 for filing with the SEC.

Executive Compensation Committee. The Executive Compensation Committee consists of the following independent directors as defined by NASDAQ rules: Richard B. Seager, Chairman; Dennis L. Merrey; Robert W. Montler, Jeffrey S. Powell and Nick Scott, Jr. The Committee met six times during 2013. See Compensation Determination Process for more information about the Executive Compensation Committee.

Corporate Governance/Nominating Committee. The Corporate Governance/Nominating Committee met two times during 2013. The Committee consists of the following independent directors as defined by NASDAQ rules: Dennis L. Merrey, Chairman; Jeffrey S. Powell; James B. Ryan; and Peter F. Smith. The Committee was established by resolution of the Board of Directors. Its function is to recommend to the Board candidates for nomination for election to the Board of Directors. Any shareholder who wishes to have the Committee consider a candidate should submit the name of the candidate, along with any biographical or other relevant information that the shareholder wishes the Committee to consider and the consent of such candidate evidencing his or her willingness to serve as a director, to the President of the Corporation at the address appearing on the Notice of Annual Meeting no later than November 15, 2014. All recommendations are subject to the process described below.

The Committee has the responsibility of reviewing and evaluating candidates for election or appointment to the Board of Directors. The process utilized by the Committee to recommend a candidate consists of first reviewing formal expressions of interest by interested individuals which have been communicated to the Committee. In addition, the Committee obtains input from shareholders, directors and management regarding other potential candidates who have not indicated an interest in a Board position.

Utilizing the selection criteria set forth below, the Committee selects a candidate and then conducts an interview in order to further evaluate the individual. Subsequent to the interview the Committee meets to determine whether to recommend the candidate to the Board of Directors for election or appointment. The Board of Directors, exclusive of non-independent directors, either accepts or rejects the Committee's recommendation.

The Committee utilizes various selection criteria to evaluate a candidate for election or appointment to the Board of Directors including, among others, the following minimum criteria:

1. Residency within the market area of CNB Bank.
2. Ability and willingness to commit time necessary to fulfill Board and committee duties.
3. Strong interest in or familiarity with the financial services industry.
4. Successful background in a business or profession representing a business or profession suitable to our business plan within the Bank's market area. Comparing new candidates to the current Board ensures that the Board has a diverse group of individuals through different professions, experience, education or skill.
5. Character and reputation.

The Bylaws provide that any director, upon first being appointed or elected to serve as a director, must own the lesser of 1,000 unencumbered shares of common stock of the Corporation or the number of shares equivalent to \$15,000 of market value as of the date of the appointment or election. Further, on or before the third anniversary of the director's first election to the Board, the director must own at least the lesser of 2,500 unencumbered shares of common stock of the Corporation or the number of shares equal to \$25,000 of market value. No incumbent director may be nominated without approval of at least 25% of the existing directors and no person not then a director may be proposed for nomination without approval of at least two-thirds of the directors.

Directors Dennis L. Merrey, Joseph B. Bower, Jr. and Richard L. Greslick, Jr. are ex-officio members of all committees if not otherwise named, except the Audit, Corporate Governance/Nominating, and Executive Compensation Committees as to Mr. Bower and Mr. Greslick.

The Committee has a charter, a copy of which is available on the Corporation's website at www.bankcnb.com.

Communications With Directors

Any shareholder who wishes to communicate with the directors [or with any individual director] should send a letter to the directors as follows: ATTN: Corporate Secretary Communication to Directors, CNB Financial Corp., PO Box 42, Clearfield, PA 16830-0042. The Corporate Secretary will regularly forward all such correspondence to the directors.

Director Attendance at Annual Meetings

The Corporation typically schedules a meeting of the Board of Directors in conjunction with the annual meeting and expects that the members of the Board of Directors will attend the annual meeting, absent a valid reason, such as a previously scheduled conflict. Eleven of the individuals then serving as directors attended the annual meeting in April 2013.

COMPENSATION OF DIRECTORS

Members of the Corporation's Board of Directors who are not employees of the Corporation or a subsidiary of the Corporation are paid a monthly retainer fee of \$633 and \$550 for attendance at each Board meeting. The Chairperson is also paid a \$650 monthly retainer fee. Members of the Bank's Board of Directors who are not employees of the Corporation or a subsidiary of the Corporation are paid \$550 for attendance at each Board meeting and \$300 to \$500 for attendance at each committee meeting. Committee Chairpersons were paid \$400 for each meeting attended. The chairperson of the Executive Compensation Committee is paid a quarterly retainer of \$750, the chairperson of the Audit Committee is paid a quarterly retainer of \$1,250, and the chairperson of the Corporate Governance/Nominating Committee is paid a quarterly retainer of \$688. All Bank directors are paid a \$733 monthly retainer.

Fees are reviewed annually by the Executive Compensation Committee for recommendation to the Board. The Committee reviews relevant peer group data similar to that used in the executive compensation review. The Committee believes that it is important for a Board member to own a certain amount of stock in order to better align the interests of the Board with that of the shareholder base. The Committee believes that appropriate compensation is critical to attracting, retaining and motivating directors who have the qualities necessary to direct this Corporation and who meet the guidelines referred to under Corporate Governance/Nominating Committee.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This discussion and analysis focuses on the Corporation's Executive Officers, who are named in the tables below and who are referred to as our *named executive officers* or *NEOs*. We summarize our philosophy, the strategy and the major details of the Corporation's approach to compensating our NEOs.

Executive Summary

Our compensation strategy has been developed over several years with guidance and oversight of the Executive Compensation Committee along with the input and observations of management as well as that of compensation and benefits consultants.

Our expectation is that our senior management team should drive performance and produce above average returns for shareholders. To achieve that goal, our executive compensation approach is benchmarked, both as to pay and as to performance, and weighted heavily towards results. In return for achieving above average performance, we expect to reward our NEOs with at or above average compensation and benefits.

At the 2011 annual meeting of shareholders, 7,487,251 shares, or 81% of shares, were voted in favor of a resolution approving, on an advisory basis, the compensation paid to the Corporation's named executive officers as disclosed in the Corporation's proxy statement for that annual meeting. The Committee considered the extremely positive results of the shareholder advisory vote with respect to compensation policies and programs in deciding not to alter those policies and programs in subsequent years. The Corporation has a triennial say-on-pay vote as approved by the shareholders, and the next say-on-pay vote is being held in 2014.

Provided below are key Corporation performance and executive compensation highlights for 2013:

Corporation Performance Highlights:

Return on Average Equity [ROE] of 11.38% exceeded the 2013 NEO Incentive Plan target, which was a ROE that exceeded the ROE for the CNB compensation peer group at 8.43%.

Credit Quality Standards were compared to the credit quality standards of the CNB compensation peer group as well as established standards based on historical performance of the Corporation including the ratio of non-performing assets to total assets [NPAs/TAs], loan losses, & delinquency.

NPAs/TAs of 0.61 %, for 2013, compared to peer data of 0.90%

Other Financial Performance measures: Strong performance as compared to Bank Holding Company Peer Report [BHCPR] data specifically related to operating efficiencies and solid performance as compared to the Uniform Bank Performance Report [UBPR] data specifically related to average personnel expenses per employee. The BHCPR data can be found at the website of the Federal Financial Institutions Examination Council [www.ffiec.gov]. The UBPR data can be found at the website of the Federal Financial Institutions Examination Council [www.ffiec.gov].

Operating Efficiency or overhead expenses/ net interest income + non-interest income of 59.62%, for 2013, compared to BHCPR data of 71.09%

Average personnel expenses per employee of \$67.25 thousand, for 2013, compared to UBPR data of \$76.58 thousand

Compensation Highlights

Summarized below are highlights with respect to executive compensation in 2013:

Continued to measure both absolute and relative performance in our annual bonus [helping to ensure a more balanced and risk appropriate program]

Continued to provide a significant portion of executive compensation in incentive-based pay [helping to ensure a pay-for-performance alignment]

Made stock-based grants to select executives to help retain and align the executives with the long-term interests of the Corporation and shareholders

With the assistance of an independent consultant, examined the competitiveness of executive compensation to ensure it meets our objectives of attracting, retaining and motivating executives

Compensation Determination Process

The Role of the Executive Compensation Committee

The Executive Compensation Committee is composed of five non-employee, independent directors [as defined in the NASDAQ Corporate Governance Rules] selected from the Board of Directors of the Corporation.

The Committee has the overall responsibility for reviewing, establishing, and administering policies which govern NEO compensation programs. It determines the compensation of the NEOs for recommendation to the entire Board. In discharging these responsibilities, the Committee seeks to maintain a position of equity with respect to the balancing of interests of the shareholders with those of the NEOs.

The Executive Compensation Committee has a charter, a copy of which is available on the Corporation's website at www.bankcnb.com. The Executive Compensation Committee meets regularly regarding compensation issues and regularly receives input from its independent compensation consultant.

The Role of the Compensation Consultant

The Executive Compensation Committee has the sole authority to retain and terminate a compensation consultant and to approve the consultant's fees and all other terms of the engagement. The Committee has direct access to outside advisors and consultants throughout the year.

From 2008 to 2013, the Committee used the services of the compensation consulting firm Pearl Meyer & Partners, or PM&P, for compensation advice.

The Committee selected and retained the services of PM&P, an independent, outside consulting firm specializing in NEO and board compensation for assistance based on PM&P's expertise. Services include conducting benchmarking studies, establishing compensation guidelines, designing incentive programs, assisting with proxy disclosure, and providing insight on emerging best practices. The consultant reports directly to the Committee and carries out its responsibilities as assigned by the Committee. The Committee has reviewed all services provided by PM&P in 2013, and has determined that PM&P is independent with respect to the SEC standards and NASDAQ rules as well as Corporation policy.

In August 2013, the Committee elected to change compensation consultants from PM&P to Meyer-Chatfield Compensation Advisors. Meyer-Chatfield has been retained to assist the Committee with compensation strategies for 2014.

The Role of Management

At the request of the Committee, NEOs of the Corporation may be present at Committee meetings for discussion purposes, except that the Chief Executive Officer may not be present during any voting or deliberations of the Committee concerning the Chief Executive Officer's compensation. NEOs have no involvement in the decisions made by the Committee, nor do they have a vote on any matters brought before the Committee.

The Executive Compensation Committee meets with the Chief Executive Officer to discuss his performance and compensation package, but ultimately decisions regarding his package are made solely based upon the Committee's deliberations, as well as input from the compensation consultant, as requested. The Executive Compensation Committee considers recommendations from the Chief Executive Officer, as well as input from the compensation consultant as requested, to make decisions regarding other NEOs.

Competitive Benchmarking

Although the Committee reviews competitive market data annually, a comprehensive assessment may be undertaken every few years. The frequency of the comprehensive reviews will reflect the competitive landscape as well as our own growth. To assist in making compensation decisions, PM&P was engaged by the Executive Compensation Committee to conduct a comprehensive review of its NEO total compensation program. The purpose of the review was to provide an independent and objective analysis of all elements of compensation [individually and in aggregate] relative to market and peer group practices. An assessment of the pay mix and the pay for performance relationship were also presented to the Committee.

The primary data source used in examining the competitive market for the NEOs is information publicly disclosed by a peer group of other publicly traded financial corporations. A peer group was developed by PM&P using objective parameters that reflect banks of similar size, geographic region, and business model [factors that influence NEO compensation in banks]. PM&P excluded banks in large metropolitan areas as they are not similar to the Corporation. The peer group was approved by the Executive Compensation Committee. Peer groups are reviewed and updated as appropriate, since the comparable banks may change depending on acquisitions and business focus of the bank or our peer institutions. Overall, the goal is to have 18 to 24 comparative financial corporations that provide a market perspective for NEO total compensation.

The following 19 financial institutions comprise the peer group used in the 2013 review:

Alliance Financial Corporation	City Holding Co.	Metro Bancorp, Inc.
Arrow Financial Corporation	Eagle Bancorp, Inc.	Peapack-Gladstone Financial Corporation
Bridge Bancorp	Financial Institutions, Inc.	Peoples Bancorp, Inc.
Canandaigua National Corporation	First of Long Island Corporation	Summit Financial Group
Center Bancorp	First United Corporation	Univest Corporation of Pennsylvania
Chemung Financial Corporation	Lakeland Bancorp	
Citizens & Northern Corporation	LNB Bancorp	

In addition to the peer group data, the consultant used survey sources to identify general compensation trends. The data reflected banks representing similar asset size and region to the Corporation.

Competitive Compensation Guidelines

Based on the results of a competitive benchmarking study, the consultant provided market competitive guidelines that support the Corporation's total compensation philosophy. The guidelines reflect market competitive base salaries, short term incentive targets [as a percentage of base salary], and long-term incentive targets [as a percentage of base salary].

The 2013 competitive compensation guidelines are summarized below.

Title	Competitive Compensation Guidelines		
	Base Salary	Target Annual Incentive	Target Long-Term Incentive
President & CEO	\$ 400,000	35% - 45%	30%
Principal Financial Officer & Treasurer	\$ 205,000	25% - 30%	20%
EVP & Chief Lending Officer	\$ 195,000	25% - 30%	20%
EVP & Chief Credit Officer	\$ 175,000	25% - 30%	20%
EVP & Chief Operating Officer	\$ 230,000	25% - 30%	20%

Based on the results of the competitive analysis and competitive guidelines shared by PM&P, the Corporation's 2013 base salaries and long-term incentives for its NEOs are generally in line with or below competitive guidelines, while target annual incentives are generally in line with the market.

Compensation Philosophy

Compensation Objectives

The primary objectives of the executive compensation program are to:

Produce superior operating results for the Corporation by attracting, retaining, and motivating key executives whose experience, expertise, and ability will assure that our overall corporate objectives are met or exceeded;

Align the financial interest of the NEOs and shareholders through incentive-based compensation; and

Provide a total compensation program that recognizes individual contributions as well as overall business results.

Compensation Elements

Our executive compensation program is designed to be simple, straightforward and fair, and consists of the following elements:

Base salary;

Annual incentives;

Stock-based compensation;

Nonqualified deferred compensation;

Participation in the Corporation's retirement plans; and

Perquisites.

Target Pay and Mix for Compensation Elements

The Executive Compensation Committee reviews both total compensation and each element of compensation when making pay decisions and recommendations to our Board. Although actual compensation can be above or below targets based on individual and Corporation performance, retention considerations and executive experience, we generally target within a reasonable range of the 50th percentile of the market, from an opportunity perspective.

In allocating compensation among these elements, our program is designed to provide a balance of:

Fixed and variable/performance-based compensation;

Cash and equity compensation; and

Compensation designed to encourage:

Short-term [annual] and long-term [multi-year] performance;

Performance of corporate strategic goals, shareholder value, and individual contributions; and

Absolute performance [our own goals] and relative performance [compared to industry].

This balanced approach helps to mitigate the influence of any one element of compensation which might be considered to drive excessive risk taking.

Elements of Compensation Details

The Corporation's compensation program consists of six main elements: base salary, annual incentives, stock-based compensation, participation in the Corporation's non-qualified deferred compensation plans, participation in the Corporation's retirement plans, and perquisites. The following section summarizes the role of each element, how decisions are made and the resulting 2013 decision process as it relates to our NEOs.

Base Salary

The Corporation believes that a competitive base salary is essential to hire and retain NEOs and that it should produce between 50 percent and 70 percent of an NEO's total compensation, depending upon his or her position, experience in his or her current position as well as the financial services industry, and ability to drive performance.

Our compensation consultant, PM&P, provides pay range guidelines based on its competitive assessment considering a composite of market data from the custom proxy peer group as well as other data sources of banking compensation information. Our competitive range reflects +/- 15% of the market median. The Committee uses this range in making ongoing base salary decisions for each NEO.

In December of each year, the Committee reviews and sets each NEO's base pay to reflect competitive market conditions, individual experience, expertise, and performance relative to attainment of corporate goals and objectives

such as earnings per share, return on equity and various asset quality measurements. Input from the Chief Executive Officer is considered in setting the salaries of other NEOs while the Committee is solely responsible for determining the Chief Executive Officer's salary.

2013 Decisions

In December 2012, the Executive Compensation Committee reviewed the NEOs' salaries considering the market range for the positions and the relative salaries of the executive team, as well as competitive market conditions, individual performance and contributions. Salary adjustments for 2013 were made for the NEOs in December 2012, to closer align the executives with the Bank's compensation philosophy and targeted strategy. As a result of the increases, NEOs remain, on average, below the 50th percentile. The 2013 salary adjustments were as follows:

President & Chief Executive Officer Joseph B. Bower, Jr. The Committee approved a market adjustment increasing his salary from \$350,000 to \$400,000 [increase of 14%].

Executive Vice President & Chief Lending Officer Richard L. Sloppy The Committee approved a market adjustment increasing his salary from \$175,000 to \$184,000 [increase of 5%].

Executive Vice President & Chief Credit Officer Mark D. Breakey The Committee approved a market adjustment increasing his salary from \$175,000 to \$184,000 [increase of 5%].

Executive Vice President, Chief Operating Officer & Secretary Richard L. Greslick, Jr. The Committee approved a market adjustment increasing his salary from \$180,000 to \$190,000 [increase of 6%].

Senior Vice President, Chief Financial Officer & Treasurer Brian W. Wingard The Committee approved a market adjustment increasing his salary from \$115,000 to \$160,000 [increase of 39%].

In December 2013, Mr. Sloppy, Executive Vice President and Chief Lending Officer, retired. Mr. Joseph E. Dell, Jr., was hired as Senior Vice President & Senior Commercial Lending Officer in February of 2013 in anticipation of this retirement and assumed the position of Executive Vice President and Chief Lending Officer, effective January 1, 2014.

Annual Incentives

The primary objective of our annual incentive program is to motivate and reward key members of management for achieving specific corporate, department, and individual goals that support our strategic plan. Through our 2013 NEO Incentive Plan, we offer a select group of key executives, whose efforts largely determine the achievement of corporate goals and objectives, an annual cash bonus opportunity. For each NEO, there are individual and group objectives, which vary among executives according to their areas of responsibility. In general, however, we set a minimum target or targets, expressed as performance in excess of the median for either our BHCPR peer group or the CNB compensation peer group of financial institutions, listed on page 14, which must be met before any bonus can be earned. The major component in the plan is Return on Average Equity (ROE). The target established is an ROE that exceeds the median of the peer group at plus 0.30%.

2013 Decisions

The 2013 NEO annual incentives are outlined below in tables and summary, based on weighting, targets and payouts.

Stock-Based Compensation

We believe that our NEOs should be invested in the Corporation and share the risks and rewards of all shareholders. The purpose of the Corporation's stock-based compensation program is to align NEOs with the long-term interests of the Corporation and shareholders, encourage stock ownership, and enhance our ability to retain top performers.

During 2013, the Executive Compensation Committee used the award of restricted common stock under the 2009 Stock Incentive Plan, vesting equally in four annual installments, as a means of compensating NEOs while making the full benefit of the award conditional upon the NEOs remaining with the Corporation for the near future. We believe this strategy establishes a tie to the shareholders as well as provides for the retention of our NEOs.

Decisions regarding the size of stock-based awards are made by the Executive Compensation Committee after careful consideration of corporate and individual performance, market data, retention considerations, impact on dilution, and existing equity holdings of each NEO.

We will not time or select the grant dates of any stock-based awards in coordination with our release of material non-public information, nor will we have any program, plan or practice to do so.

Non-Qualified Deferred Compensation Plans

We believe that deferred compensation plays an important role in retaining NEOs, as well as assisting them provide for retirement. For that reason, we provide:

The Supplemental Executive Retirement Plan [SERP] The Corporation adopted the SERP to make up, approximately, the difference between the benefit that would have been paid, using the formula in the pension plan and in the savings plan, and the benefit that can be paid under the plans, because of Internal Revenue Service limits imposed on benefits payable or compensation covered under such plans. Participants in this plan are selected by the Executive Compensation Committee and approved by the Board of Directors. Currently, Messrs. Bower, Breakey, Greslick and Sloppy are participants. See *Pension Benefits* and *Supplemental Executive Retirement Plan* sections herein for additional information on the plan.

The Executive Deferred Compensation Plan NEOs can participate in the plan, which allows them to defer up to 10% of base compensation and 100% of annual incentive compensation until a date in the future, generally, upon termination of employment. Deferrals are deemed to be invested in Corporation common

stock, and the value of a participant's account generally tracks the performance of actual common stock. The Corporation provides no inducement [match or discretionary contribution] for NEOs who participate but believes that this phantom stock arrangement helps align the interest of participants with that of shareholders by focusing on the Corporation's long-term performance.

Retirement Plan

The Corporation also maintains a 401 [k] Savings Plan to help retain employees and provide for their retirement. See Retirement Plan for additional information on the plan.

Perquisites

The Corporation provides select executives with perquisites that the Executive Compensation Committee believes are reasonable and consistent with its overall compensation philosophy.

Specifically, the Corporation provides Messrs. Bower and Greslick the use of a vehicle as well as payment of club dues, both of which are included in taxable income. The Corporation also provides payment of club dues for Messrs. Wingard, Sloppy and Breakey, which are included in their taxable income.

The Committee believes that these individuals have appropriate business needs for the perquisites to assist them in the performance of their respective job duties.

Employment Contracts

The Committee believes that the Corporation's continued success depends, to a significant degree, on the skills and competence of certain members of our senior management team. The Corporation and the Bank have entered into executive employment contracts with Messrs. Bower and Greslick and the Bank has entered into an executive employment contract with Mr. Breakey (collectively, the *Employment Contracts*). The Bank also entered into an executive employment agreement with Mr. Sloppy; however, Mr. Sloppy retired effective December 31, 2013. These *Employment Contracts* are intended to ensure that the Corporation and the Bank will continue to maintain and retain experienced senior management.

The *Employment Contracts* provide for an initial four-year term. The *Employment Contract* for Mr. Bower does not provide for extension of its term, while the *Employment Contracts* for Messrs. Greslick and Breakey provide that the contract shall automatically renew for successive terms of one year unless either party gives the other party ninety days written notice of his or its intent not to renew the contract prior to the end of the then current term. The initial terms of the *Employment Contracts* expire on December 31, 2015.

The *Employment Contracts* provide for a base salary to be established annually by the Board of Directors and for annual increases, stock, stock options/ rights and bonuses as may from time to time be awarded by the Board of Directors. The *Employment Contracts* also provide certain fringe benefits, including a family country club membership for each of Messrs. Bower, Breakey and Greslick (the *Senior Executives*) as well as an automobile for Mr. Bower. Each *Employment Contract*, including the executive employment agreement with Mr. Sloppy, contains a covenant not to compete against the Corporation and the Bank, their parent, affiliates or subsidiaries during the term of employment and thereafter until the earlier of (i) the third anniversary of the executive's termination of employment or (ii) the date of a change in control of the Corporation or the Bank. In addition, each *Employment Contract* contains a covenant to protect the Corporation's and the Bank's confidential information.

The *Employment Contracts* also provide for severance payments in the event a Senior Executive is terminated without cause, regardless of whether such termination is in connection with a change of control, or voluntarily terminates employment under certain specific circumstances following a change of control. Following such a termination of employment, Messrs. Bower and Greslick will be entitled to receive a lump sum cash payment equal to 2.99 times his base salary for the year in which his employment ends and Mr. Breakey will be entitled to receive a lump sum cash payment equal to 2.50 times his base salary for the year in which his employment ends. Additionally, Messrs. Bower and Greslick would be entitled to receive a payment in the amount of 2.99 times the average incentive bonus paid over the preceding three year period. Mr. Breakey will be entitled to receive a payment in the amount of 2.50 times the average incentive bonus paid over the preceding three year period. The potential payments that would have occurred assuming a change of control event at December 31, 2013 were \$1,581,959 for Mr. Bower, \$706,388 for Mr. Greslick, and \$573,879 for Mr. Breakey.

Cash and benefits paid to a Senior Executive under the *Employment Contracts* together with payments under other benefit plans following a change of control may constitute an excess parachute payment under Section 280G of the Code, resulting in the imposition of a 20% excise tax on the recipient and the denial of the deduction for such excess amounts to the Corporation or the Bank. If amounts payable to the Senior Executive would be excess parachute payments, then the Senior Executive's severance benefits will be reduced to that amount that would result in no portion being an excess parachute payment unless payment of the full severance amount would result in the executive receiving an amount equal to or greater than 110% of the reduced amount on an after-tax basis. The *Employment Contracts* do not provide for tax indemnity for any such potential excise taxes that may be due by the Senior Executives.

Impact of Accounting and Tax

The Executive Compensation Committee and Management consider the accounting and tax [individual and corporate) consequences of the compensation plans prior to making changes to the plans.

Section 162(m) of the Internal Revenue Code may limit our ability to deduct for U.S. federal income tax purposes compensation in excess of \$1,000,000 paid to our CEO and other NEOs in any one fiscal year.

The Executive Compensation Committee has considered the impact of the Financial Accounting Standards Board ASC Topic 718 (formerly known as FASB Statement 123R) on the Corporation's equity incentives as a key retention tool.

Reducing the Possibility of Excess Risk-Taking

The Executive Compensation Committee has determined that the risks arising from the compensation policies and practices for employees of the Corporation are not reasonably likely to have a material adverse effect on the Corporation as a whole.

The Executive Compensation Committee noted several design features of the Corporation's cash and stock-based incentive programs that reduce the likelihood of excessive risk-taking:

The program design provides a balanced mix of cash and equity, annual and long-term incentives.

We set performance goals that we believe are reasonable in light of past performance and market conditions.

We balance absolute performance goals and relative performance goals in our annual bonus program.

Equity grants typically vest over a four-year period to encourage our NEOs to maintain a long-term perspective.

We use restricted stock because restricted stock retains value even in a depressed market and NEOs will be less likely to take unreasonable risks to get, or keep, options in-the-money.

The Executive Compensation Committee has a downward discretion over incentive program payouts.

The annual bonus has a maximum payout level that is 40% of salary.

For compensation benchmarking purposes, we employ an appropriate peer group derived from a standardized process.

The incentive program has a clawback provision resulting in the NEO's requirement to repay a pro-rate portion of an incentive resulting from an accounting restatement.

Compensation Committee Report

The Executive Compensation Committee met with management to review and discuss the Compensation Discussion and Analysis disclosures in this Proxy Statement. Based on such review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference in the Corporation's Form 10-K for the 2013 fiscal year, and the Corporation's Board of Directors has approved that recommendation.

Submitted by the Executive Compensation Committee:

Richard B. Seager, Chairman Dennis L. Merrey Robert W. Montler Jeffrey S. Powell Nick Scott, Jr.

The shares of restricted stock awarded vest equally over a four-year period. The shares continue to be subject to risk of forfeiture, which will lapse upon vesting. Accelerated vesting will occur and restrictions will lapse in the event that certain change in control events or normal retirements occur.

Stock Incentive Plan

The CNB Financial Corporation 2009 Stock Incentive Plan [the 2009 Stock Incentive Plan] was initially adopted by the Corporation's Board of Directors and subsequently approved by its shareholders at its annual meeting held in 2009. Certain full or part-time employees of the Corporation, any parent, subsidiary or affiliate thereof, or persons who serve the Corporation or an affiliate as a director, are eligible to receive awards under the 2009 Stock Incentive Plan. Awards may be granted in the form of non-statutory stock options or restricted stock awards. The 2009 Stock Incentive Plan provides that the option exercise price for each share of common stock covered by a stock option will not be less than the fair market value of a share of common stock on the date the option is granted and that the term of the option may not exceed ten years from the grant date. For this purpose, fair market value is determined by reference to the closing price of the common stock on the date of grant or, if the grant date is not a trading day, the trading day immediately preceding the grant date.

Restricted stock awards will become vested pursuant to the terms of the applicable restricted stock award agreement. All awards of restricted stock reflected in the Outstanding Equity Awards at 2013 Fiscal Year-End table reflect a four-year vesting schedule [25% per year].

During 2013, the Executive Compensation Committee approved additional restricted stock grants to certain named executive officers to encourage sustained long-term growth. These awards are reflected above in the Grants of Plan-Based Awards in 2013 table.

Retirement Plan

The Corporation maintains the CNB Bank Employee's Savings and Profit Sharing Plan and Trust [referred to herein as the Plan]. The Plan permits eligible employees to make pre-tax contributions up to 70% of salary. Employees 21 years of age or over with a minimum of one year full time service are eligible for matching contributions by the Corporation at 100% of elective contributions not to exceed 3% of plan salary plus 50% of elective contributions that exceed 3% of plan salary but do not exceed 5% of plan salary. A profit sharing non-contributory pension plan component is in place for employees 21 years of age or over with a minimum of one year full time service and allows employer contributions of 6% based on current year's compensation plus 5.7% of the compensation for all employees in excess of \$113,700, subject to a \$255,000 salary limit. The Corporation's total contributions to the Plan for all employees were approximately \$431,000 for the 401[k] savings plan component and \$855,000 for the profit sharing non-contributory pension plan component.

Supplemental Executive Retirement Plan

The Bank has adopted a non-qualified supplemental executive retirement plan [SERP] for certain executives of the Bank to compensate those executive participants in the CNB Bank Employee s Savings and Profit Sharing Plan and Trust whose benefits are limited by Section 415 of the Code [which places a limitation on annual benefits at \$205,000 in 2013] or Section 401 [a] [17] of the Code [which places a limitation on compensation at \$255,000 in 2013]. The SERP provides the designated executives with retirement benefits generally equal to the difference between the benefit that would be available under the Employee s Savings and Profit Sharing Plan and T rust but for the limitations imposed by Code Sections 401 [a] [17] and 415 and that which is actually funded as a result of the limitations.

Pre-retirement survivor benefits are provided for designated beneficiaries of participants who do not survive until retirement in an amount equal to the lump sum actuarial equivalent of the participant s accrued benefit under the SERP. Pre-retirement benefits are payable in 20 equal annual installments. The SERP is considered an unfunded plan for tax and ERISA purposes. All obligations arising under the SERP are payable from the general assets of the Bank.

The SERP also provides for termination and change of control benefits. These payments would be made per the agreements in a lump sum payment to the designated executive. Three executives have this benefit. If a termination or change of control would have occurred at December 31, 2013, the following amounts would have been paid: Mr. Bower change of control \$3,562,321; Mr. Greslick change of control \$1,448,579; and Mr. Breakey change of control \$958,814, termination \$720,242. Mr. Sloppy s SERP benefit was fixed at \$607,069 on his December 31, 2013 retirement date.

The following table depicts the change in value of the Nonqualified Deferred Compensation for the named executive officers occurring during 2013.

[2] Richard L. Sloppy retired from the Corporation and relinquished all offices and positions held within the Corporation effective December 31, 2013.

Directors and Executives Deferred Compensation Plan

We have established the Directors and Executive Deferred Compensation Plan. Annually, outside directors can elect to defer up to 100% of their director compensation and executives can defer up to 10% of their base compensation and 100% of all bonuses. All deferred compensation will be a general liability of the Corporation and Bank, respectively. This is a phantom stock plan whereby any appreciation or depreciation in each participant s account value will reflect

precisely CNB Financial Corporation common stock performance including cash dividends. Deferred compensation will serve as a funding source for a Rabbi trust. Investments are expected to closely match the appreciated or depreciated liability. Distributions are received in lump sum or a ten year annuity upon normal retirement, death, or disability. Any variance will be adjusted by an expense or gain to the Corporation or Bank. In addition to the tax advantages to the participants, they are each additionally incentivized toward the general performance of the Corporation's common stock. Accounting treatment for this plan is subject to the ASC Topic 718.

Termination and Change in Control Benefits

As discussed under "Employment Contracts" and "Supplemental Executive Retirement Plan", above, the Corporation provides additional benefits to certain named executive officers in the event of retirement or termination of employment in certain circumstances and in the event of a change in control. Executive Compensation Committee Interlocks and Insider Participation

The members of the Executive Compensation Committee are Messrs. Seager [Chairman], Merrey, Montler Powell and Scott. No person who served as a member of the Committee during 2013 was a current or former officer or employee of the Corporation or any of its subsidiaries or, except as disclosed below, engaged in certain transactions with the Corporation required to be disclosed by regulations of the SEC. Additionally, there were no compensation committee interlocks during 2013, which generally means that no executive officer of the Corporation served as a director or member of the compensation committee of another entity, one of whose executive officers served as a director or member of the Executive Compensation Committee of the Corporation.

From time to time, the Bank may make residential, consumer or commercial loans to its directors and executive officers and related persons. These loans are made in the ordinary course of business, are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the Corporation or the Bank, and neither involve more than normal risk of collectability nor present other unfavorable features.

Code of Ethics

The Board of Directors of the Corporation has approved a Code of Ethics for Officers and Directors. The Code of Ethics can be found at the Bank's website, www.bankcnb.com, under Who We Are Investor Relations heading. Click on Corporate Governance then go to Code of Conduct .

CERTAIN TRANSACTIONS

Directors and officers of the Corporation and certain business organizations and individuals associated with them have been customers of and have had normal banking transactions with CNB Bank. All such transactions have been in the ordinary course of business, on terms substantially equivalent, including interest rates and collateral, to those which prevailed at the time in comparable transactions with persons not related to the Corporation or the Bank and do not involve more than the normal risk of collectability or present other unfavorable features.

Policies and Procedures Regarding Transactions with Related Persons

Pursuant to the Corporation's Code of Conduct, directors, officers, agents, attorneys and immediate family members of such persons and business entities in which such persons have, directly or indirectly, a majority or controlling interest should at all times be free of any conflicting interests when acting on behalf of the Corporation or any of its affiliates.

The Code of Conduct specifies that loan transactions involving such persons will be governed by regulatory rules and regulations restricting rates and terms, the Corporation's general lending policies and the Corporation's insider loans policy and such loans must be approved by an authorized lending officer other than the person in question.

The Code of Conduct further requires that all potential conflict of interest situations be reported. Any person who wishes to obtain approval of a particular action, or waiver of any requirements of the Code of Conduct in any particular situation, must apply for approval or waiver by disclosing all relevant facts and circumstances to the approving authority. For directors, the Corporation's Board of Directors may grant approval or waivers. For officers, the executive officer responsible for the department to which the officer is assigned may grant approval or waivers and for all others, the Corporation's Chairman or President may grant such approval or waivers. Persons subject to the Code of Conduct and wishing to engage in a purchase, lease or sale of any assets or services from or to the Corporation or any of its affiliates, other than in the ordinary course of business, must disclose the facts to the Corporation's Board of Directors, which shall then determine whether to approve such transaction.
