Record Date and Shares Outstanding

We had outstanding on September 7, 2016, the record date for determination of stockholders entitled to notice of and to vote at the Annual Meeting, 8,607,815 shares of Common Stock (excluding 117,900 treasury shares, which are neither outstanding nor entitled to vote) and 2,597,426 shares of Class A Stock. The Common Stock is traded on the

Nasdaq Global Select Market under the ticker JBSS . There is no established public trading market for the Class A Stock.

Voting and Quorum

Pursuant to our Restated Certificate of Incorporation (as amended, the Restated Certificate), so long as the total number of shares of Class A Stock outstanding is greater than or equal to 12¹/₂ % of the total number of shares of

Class A Stock and Common Stock outstanding, the holders of Common Stock voting as a class are entitled to elect such number (rounded to the next highest number in the case of a fraction) of directors as equals 25% of the total number of directors constituting the full Board of Directors. The holders of Class A Stock voting as a class are entitled to elect the remaining directors. With respect to all matters other than the election of directors or any matters for which class voting is required by law, the holders of Common Stock and the holders of Class A Stock will vote together as a single class, and the holders of Common Stock will be entitled to one vote per share of Common Stock and the holders of Class A Stock will be entitled to 10 votes per share of Class A Stock.

Our Restated Certificate does not entitle holders of Common Stock to cumulative voting. However, solely with respect to the election of directors, the Restated Certificate entitles, but does not require, each holder of Class A Stock, in person or by proxy, to either (a) vote the number of shares of Class A Stock owned by such holder for as many persons as there are directors to be elected by holders of Class A Stock (Class A Directors), or (b) cumulate said votes (by multiplying the number of shares of Class A Stock owned by such holder by the number of candidates for election as a Class A Director) and either (i) give one candidate all of the cumulated votes, or (ii) distribute the cumulated votes among such candidates as the holder sees fit.

The holders of our company's capital stock representing a majority in voting power of the votes entitled to be cast by stockholders entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum for such meeting in order to transact any business. Where a separate vote by a class is required, a majority of the outstanding shares of such class, present in person or represented by proxy, shall constitute a quorum entitled to take action with respect to that vote on that matter.

Proposals to be Voted Upon and the Board of Directors' Recommendations

Three proposals are scheduled for stockholder consideration at the Annual Meeting, each of which is described more fully herein:

Election of directors (Proposal 1);

Ratification of the Audit Committee's appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the 2017 fiscal year (Proposal 2); and

Advisory vote to approve executive compensation (Proposal 3).

The vote required and related matters for each of these proposals is as follows:

Proposal 1: Election of Directors

At the Annual Meeting, the holders of Common Stock voting as a class will be entitled to elect three of the nine directors. The holders of Class A Stock voting as a class will be entitled to elect the remaining six directors. Directors elected by holders of both Common Stock and Class A Stock are elected by a plurality of the votes cast for each such class.

The Board of Directors recommends a FOR vote for Gov. Jim R. Edgar, Ellen C. Taaffe and Daniel M. Wright. If a properly submitted, unrevoked proxy does not specifically direct the voting of the shares covered by such proxy, the proxy will be voted FOR the election of all director nominees to be elected by holders of Common Stock.

If any nominee is unable to act as director because of an unexpected occurrence, the proxy holders for shares of Common Stock may vote the proxies for another person as selected by the Corporate Governance Committee (Governance Committee) or the Board of Directors may reduce the number of directors to be elected.

Proposal 2: Ratification of the Audit Committee's appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the 2017 Fiscal Year

Approval of the ratification of the Audit Committee's appointment of PricewaterhouseCoopers LLP as the company's Independent Registered Public Accounting Firm for the 2017 fiscal year requires the affirmative vote of the holders of shares representing a majority of the votes present or represented by proxy and entitled to vote by the holders of Common Stock and Class A Stock, voting together as one class.

The Board of Directors recommends a FOR vote for the ratification of the Audit Committee's appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the 2017 fiscal year. If a properly submitted, unrevoked proxy does not specifically direct the voting of the shares covered by such proxy, the proxy will be voted FOR Proposal 2.

Proposal 3: Advisory Vote to Approve Executive Compensation

Pursuant to SEC rules, we are providing our stockholders with an advisory, nonbinding vote to approve the compensation paid to our named executive officers, as described in the Compensation Discussion and Analysis and Summary Compensation Table of this Proxy Statement. Because this vote is nonbinding, there is no vote required to formally approve Proposal 3. The holders of Common Stock and Class A Stock will vote together as one class on Proposal 3.

The Board of Directors recommends a FOR vote for the advisory vote to approve executive compensation. If a properly submitted, unrevoked proxy does not specifically direct the voting of the shares covered by such proxy, the proxy will be voted FOR Proposal 3.

Effect of Abstentions

While the Board of Directors recommends that our stockholders vote in accordance with the recommendations set forth above, we also recognize that abstain votes are an option for Proposals 2 and 3. Please note, however, that any shares voting abstain are treated as shares present or represented and voting. Therefore, an abstain vote for Proposal 2 or 3 has the same effect as a vote against each respective proposal. For purposes of determining whether a quorum exists, abstentions will be counted as present.

Effect of Broker Non-Votes

Under applicable stock exchange rules, brokers and banks have discretionary authority to vote shares without instructions from beneficial owners only on matters considered routine, such as the vote to ratify the appointment of the Independent Registered Public Accounting Firm (Proposal 2). On non-routine matters, such as the election of directors (Proposal 1) and the advisory vote to approve executive compensation (Proposal 3), these brokers and banks do not have discretion to vote uninstructed shares and thus are not entitled to vote on such proposals, resulting in a broker non-vote for those shares. Broker non-votes will not be counted for determining whether stockholders have approved a specific proposal; however, they will be counted as present for purposes of determining whether a quorum exists. **We encourage all stockholders that hold shares through a broker or bank to provide voting instructions to such parties to ensure that their shares are voted at the Annual Meeting.**

Other Proposals

If other matters are properly presented for a vote at the Annual Meeting, the persons named as proxies will vote on such matters in accordance with their discretion. We have not received notice of other matters that may be properly presented for a vote at the Annual Meeting other than the election of Class A Directors by the holders of Class A

Stock.

PROPOSAL 1: ELECTION OF DIRECTORS

Nine directors are to be elected to serve until the next annual meeting of stockholders and until their respective successors are duly elected and qualified or until his or her death, resignation or removal. Three directors are to be elected by the holders of Common Stock voting as a class and the remaining six directors are to be elected by the holders of Class A Stock voting as a class. While the Board of Directors does not contemplate that any nominee for election as a director will not be able to serve, if any of the nominees for election shall be unable or shall fail to serve as a director, the holders of proxies for our Common Stock shall vote such proxies for such other person or persons as shall be determined by the Governance Committee or, so long as such action does not conflict with the provisions of our Restated Certificate relating to the proportion of directors to be elected by the holders of Common Stock, the Board of Directors may, in its discretion, reduce the number of directors to be elected.

The Board of Directors recommends that the holders of Common Stock vote FOR Gov. Jim R. Edgar, Ellen C. Taaffe and Daniel M. Wright.

We believe that each nominee listed below under the Nominees For Election By the Holders of Common Stock has the qualifications, skills and experience that are consistent with our requirements for the selection of directors. Below in each nominee's individual biography we identify and describe the background of each such nominee and other information regarding the skills of such nominee. The fact that we do not list a particular qualification, skill or experience for a nominee does not mean that the nominee does not possess that particular qualification, skill or experience.

Mr. Donovan joined Jenner & Block LLP in 1982 after serving as a staff trial attorney at the Chicago District Counsel's Office of the Internal Revenue Service. Mr. Donovan was elected as a member of our Board of Directors in October 1999 and serves as a member of our Audit Committee, the Chairperson of our Compensation Committee and a member of our Governance Committee. Mr. Donovan is a nephew by marriage of Mr. Mathias A. Valentine, a director of our company, the first cousin by marriage of Jasper B. Sanfilippo, Jr., Jeffrey T. Sanfilippo, Michael J. Valentine and James A. Valentine, each of whom is an executive officer and certain of whom are also directors of our company and the first cousin by marriage of James J. Sanfilippo, a director of our company.

The holders of Class A Stock have concluded that Mr. Donovan should serve as a director because of the vast experience he has acquired serving as the general counsel for four publicly traded companies. In addition, they believe that Mr. Donovan's experiences while holding executive officer positions for an automobile parts manufacturer have given him numerous insights into manufacturing and supply operations that make him an invaluable advisor to our company. Furthermore, as a former senior partner of a national law firm, the holders of Class A Stock believe that Mr. Donovan also provides a key perspective as to legal issues facing companies of our size and complexity.

CORPORATE GOVERNANCE

Independence of the Board of Directors

On June 21, 2004, Jasper B. Sanfilippo, his spouse Marian Sanfilippo and their five children (two of whom are directors and executive officers of our company and one of whom is a director of our company) jointly filed a Schedule 13D indicating their intention to act together as a group. Amendments to the Schedule 13D were filed on March 21, 2007, January 16, 2008, September 10, 2009 and April 27, 2012. The Sanfilippo Group (as defined below) beneficially owns shares entitled to cast 51.2% of votes eligible to be cast on matters submitted to stockholders generally (other than the election of directors which are elected as described above). In addition, Mathias A. Valentine and Michael J. Valentine (both directors and current or former executive officers of the company) filed a Schedule 13D on April 27, 2012 restating their intention to continue to act together as a group. The Valentine Group (as defined below) beneficially owns shares entitled to cast 24.1% of votes eligible to be cast on matters submitted to stockholders generally (other than the election of directors which are elected as described above). On account of (a) the share ownership as described above and (b) the oral understanding between the members of the Sanfilippo Group and the Valentine Group not to cumulate their votes for the election of Class A Directors and to vote in a reciprocal manner for each other's nominees, under Nasdaq Listing Rule 5615(c)(1), we qualify as a controlled company. Pursuant to the provisions of the Nasdaq Listing Rules applicable to controlled companies, we are not required to have (a) a majority of independent directors on our Board of Directors, (b) a nominations committee comprised solely of independent directors or (c) a compensation committee comprised solely of independent directors. Nevertheless, four of our nominees for election to the Board of Directors have been determined by our Board of Directors as independent under relevant Nasdaq listing rules, and our Compensation Committee and Governance Committee are comprised solely of such independent directors.

Mathias A. Valentine is an uncle by marriage of Timothy R. Donovan. The Management Team, which consists of Jeffrey T. Sanfilippo, Michael J. Valentine and Jasper B. Sanfilippo, Jr. (the Management Team), James J. Sanfilippo and James A. Valentine are cousins by marriage of Timothy R. Donovan. However, because Timothy R. Donovan is not considered a family member pursuant to the Nasdaq Listing Rules, and, for the reasons discussed below, he qualifies as an independent director pursuant to Nasdaq Listing Rule 5605(a)(2).

Director Independence

The Board of Directors has determined that Timothy R. Donovan, Gov. Jim Edgar, Ellen C. Taaffe and Daniel M. Wright are independent under Nasdaq Listing Rule 5605(a)(2) and that such directors have no material relationships with our company that would compromise their independence. At the Board of Directors meeting held on October 28, 2015, our Board of Directors reviewed the independence of the non-management directors in accordance with Nasdaq Listing Rule 5605(a)(2). In carrying out that review, our Board of Directors sought to determine whether there are or have been any relationships which would interfere with Timothy R. Donovan's, Gov. Jim Edgar's, Ellen C. Taaffe's and Daniel M. Wright's exercise of independent judgment in carrying out their responsibilities as directors. Specifically, our Board of Directors focused on their relationships with employees of our company and whether they, their family members or entities in which they have a significant interest, paid or received payments for property or services to or from our company. In particular, our Board of Directors considered Timothy R. Donovan's familial relationships with the members of the Management Team, James A. Valentine, Jasper B. Sanfilippo, James J. Sanfilippo, Mathias A. Valentine and Roseanne Christman (our Director of Creative Services), and unanimously concluded that such relationships did not impact Timothy R. Donovan's independence because, among other reasons, (a) his relationships with the Management Team, James A. Valentine, Jasper B. Sanfilippo, James J. Sanfilippo, Mathias A. Valentine and Roseanne Christman are sufficiently distant due to the fact that such relationships to those individuals are all based upon marriage and (b) in his role and experience as general counsel of multiple public companies, he has a full understanding of his responsibilities with respect to being an independent director.

Independence of the Compensation Committee, Governance Committee and Audit Committee

As a controlled company, under applicable Nasdaq Listing Rules, we are not required to maintain independent committees overseeing our compensation and nominating policies and practices. However, as a matter of good corporate governance, the Board of Directors has nevertheless determined that the best interests of our company and its stockholders are served by adopting such practices.

The Compensation Committee is comprised of Timothy R. Donovan, Chairperson, Gov. Jim Edgar, Ellen C. Taaffe and Daniel M. Wright. The Governance Committee is comprised of Gov. Jim Edgar, Chairperson, Timothy R. Donovan, Ellen C. Taaffe and Daniel M. Wright. Each member of the Compensation Committee and Governance Committee is an independent director as defined in Section 5605(a)(2) of the Nasdaq Listing Rules. In addition, each member of our Compensation Committee qualifies as (a) independent under Rule 10C-1 of the Securities Exchange Act of 1934, as amended (the Exchange Act), (b) a non-employee director under Rule 16b-3 of the Exchange Act and (c) an outside director under 162(m) of the Internal Revenue Code (the Code).

The Board of Directors has determined that (a) each member of the Audit Committee is an independent director as defined in Section 5605(a)(2) of the Nasdaq Listing Rules and (b) each member of the Audit Committee is independent for purposes of Section 10A and Rule 10A-3 of the Exchange Act.

Board of Directors Leadership Structure

The Board of Directors believes it is important to retain its flexibility to allocate the responsibilities of the offices of the Chairman of the Board of Directors (Chairman) and the Chief Executive Officer in any way that is in the best interests of our company and stockholders at any given point in time. The Board of Directors believes that the decision as to who should serve as Chairman and as Chief Executive Officer, and whether the offices should be combined or separate, should be assessed periodically by the Board of Directors, and that the Board of Directors should not be constrained by a rigid policy mandating that such positions be separate. The Board of Directors has determined that, in light of the current size of our company, the most efficient leadership structure is to combine the roles of Chairman and Chief Executive Officer and have Jeffrey T. Sanfilippo serve as such. Combining the roles of Chairman and Chief Executive Officer helps the Board of Directors make efficient and expeditious decisions, allows our company to tap fully Mr. Sanfilippo's extensive knowledge of our industry and company and enables him to effectively exercise his proven leadership skills.

Furthermore, we believe that the combined office of the Chairman and the Chief Executive Officer puts an individual in the best position to focus the directors' attention on the issues of greatest importance to the company and its stockholders, including issues related to strategy (including implementation of our company's Strategic Plan) and risk management.

The size of our Board of Directors allows all directors to play an active role in all Board of Directors functions. We have not identified any independent director as the lead independent director. Three out of our four independent directors serve as the chairperson of one of the three committees of the Board of Directors and all four independent directors are the only members on these committees. The independent directors, through their committee meetings, hold regular executive sessions without the attendance of management at which discussions are facilitated by the chairperson of the respective committees regarding the committee's work and responsibilities, as well as any other matters which require further deliberation or consideration. The Board of Directors feels that it is unnecessary to distinguish one of the independent directors as a lead independent director at this time, although the Board of Directors will periodically assess, if appropriate, whether a lead independent director or presiding director should be appointed.

Board of Directors Role in Risk Oversight

Throughout the year, risk management is an integral part of the deliberations of the Board of Directors and its committees. Importantly, the Board of Directors reviews and periodically receives updates on and helps

formulate our company's Strategic Plan, taking into account, among other considerations, our company's risk profile and potential exposures. In addition, the Board of Directors receives regular reports from management regarding specific risks that the Board of Directors or management has identified as important for the Board of Directors' review and input. The Board of Directors' risk oversight function is also implemented through its committees. Although the Board of Directors as a whole has the ultimate responsibility for risk oversight, its committees also help oversee the company's risk profile and exposures relating to matters within the scope of their authority and each committee reports to the Board of Directors about their deliberations and findings.

Specifically, the Compensation Committee reviews risks associated with our compensation programs, to ensure that incentive compensation programs do not encourage inappropriate risk-taking by management or employees. The Compensation Committee determined in fiscal 2016 that the company's compensation programs do not encourage inappropriate risk-taking and the company's compensation programs would be unlikely to have a material adverse effect upon the company. The Governance Committee considers risks related to our company's corporate governance. The Audit Committee considers risks relating to the company's accounting and finance functions, internal controls, related party transactions and disclosure and financial reporting.

The Board of Directors' role in risk oversight of our company is consistent with our company's current leadership structure because the combined office of Chairman and Chief Executive Officer enables our current Chairman and Chief Executive Officer, Jeffrey T. Sanfilippo, to more efficiently identify and effectively oversee our company's risks and report his conclusions and recommendations regarding such risks to the full Board of Directors.

In addition, our company has a Risk Assessment Committee, chaired by William R. Pokrajac, Vice President of Risk Management and Investor Relations, and consisting of George R. Johnson, Director of IT Infrastructure, Christopher H. Gardier, Senior Vice President of Consumer Sales, Sean W. Anderson, Operations Manager, Michael J. Finn, Director of Financial Reporting and Taxation, Michael D. Campagna, Vice President Food Safety, Quality and Regulatory Compliance, Walter S. Kowal, Director of Internal Audit, and Thomas J. Fordonski, Senior Vice President, Human Resources, to aid further the Board of Directors and its committees in reviewing the risks which face our company, including risks related to compensation policies and practices, food safety and quality, cybersecurity and information technology and general enterprise and business risks. The Risk Assessment Committee meets quarterly and delivers a report to the Board of Directors about their findings and general discussions. With respect to supply procurement risks, our Management Team provides regular updates to the Board of Directors.

Board Meetings and Committees

Board of Directors

It is expected that each member of the Board of Directors will be available to attend all regularly scheduled meetings of the Board of Directors and all regularly scheduled meetings of the committees on which a director serves, as well as our annual meeting of stockholders, after taking into consideration the director's other business and professional commitments. Each director is expected to make his or her best effort to attend all of the special meetings of the Board of Directors and of the committees on which a director serves.

Our Board of Directors held seven meetings during fiscal 2016. All directors attended at least 75% of the meetings of the Board of Directors. All directors attended at least 75% of the meetings of the committees of the Board of Directors on which they served. Eight of nine directors attended the 2015 annual meeting of stockholders. The separately-designated standing committees of the Board of Directors include the Audit Committee, the Compensation Committee and the Governance Committee. Each committee has adopted a charter which governs its activities. These committee charters are available on our website at www.jbssinc.com.

Compensation Committee

The Compensation Committee is comprised of Timothy R. Donovan, Chairperson, Gov. Jim Edgar, Ellen C. Taaffe and Daniel M. Wright. The Compensation Committee held six meetings during fiscal 2016.

The Compensation Committee reviews and approves the salaries, equity grants, incentive compensation and other compensation of executive officers and reviews and makes recommendations to the Board of Directors regarding the compensation of non-management directors (management directors are not separately compensated for their service as directors). Under certain circumstances, the Compensation Committee reviews and approves the employment-related compensation paid to related parties. See [Review of Related Party Transactions Compensation Arrangements](#) below. The Compensation Committee may solicit recommendations as to compensation of non-management directors and executive officers from other members of the Board of Directors and executive officers. The Compensation Committee reviews market comparisons of the compensation of the Chief Executive Officer and other executive officers that are prepared by its independent compensation consultant and our company.

In carrying out its purposes, the Compensation Committee is authorized to take all actions that it deems necessary or appropriate, it may draw upon and direct such internal resources of our company as it deems necessary, and it may engage such compensation consultants and other advisors as it deems desirable, at the cost and expense of the company. The Compensation Committee has the sole authority to retain and terminate any such consultant or advisor, including the sole authority to determine fees and terms of retention. The Compensation Committee is also authorized to establish a subcommittee, delegate to it the responsibilities provided for under the Compensation Committee's charter, and grant to it as much authority, including the full authority of the Compensation Committee, as the Compensation Committee deems necessary or appropriate, so long as the member or members of such subcommittee are independent directors as contemplated by the Compensation Committee's charter. For information about the Compensation Committee's engagement of independent compensation consultants, see [Compensation Discussion and Analysis Independent Consultant](#) below.

Compensation Committee Interlocks and Insider Participation

During fiscal 2016, Timothy R. Donovan (the Chairperson of the Compensation Committee), Gov. Jim Edgar, Ellen C. Taaffe and Daniel M. Wright served as the sole members of the Compensation Committee. Neither Gov. Jim Edgar, Daniel M. Wright, Ellen C. Taaffe nor Timothy R. Donovan (a) was, during the fiscal year, an officer or employee of the company, (b) was formerly an officer of the company or (c) had any related party transactions with the company other than those disclosed in [Review of Related Party Transactions](#) below. No executive officer of our company served on the board of directors or the compensation committee of another company which had any of its officers or directors serving on our Compensation Committee or on our Board of Directors at any time during fiscal 2016.

Corporate Governance Committee

The Governance Committee is comprised of Gov. Jim Edgar, Chairperson, Timothy R. Donovan, Ellen C. Taaffe and Daniel M. Wright. The Governance Committee held four meetings during fiscal 2016.

The Governance Committee reviews director candidates considered for election to the Board of Directors by the holders of our Common Stock. The Governance Committee reviews and makes recommendations on matters related to the practices, policies and procedures of the Board of Directors and the committees of the Board of Directors. The Governance Committee has the lead role in shaping our overall system of corporate governance. As part of its duties, the Governance Committee assesses the size, structure and composition of the Board of Directors and committees of the Board of Directors, including director qualifications, director tenure and director succession planning, and helps coordinate the performance evaluation of the Board of Directors and the committees of the Board of Directors.

Audit Committee

The Audit Committee provides oversight on matters relating to accounting, financial reporting, internal control, auditing, and regulatory compliance. The Audit Committee also has the sole authority to: (a) retain and terminate the Independent Registered Public Accounting Firm that audits our annual consolidated financial statements, (b) evaluate the independence of the auditors and (c) arrange with the auditors the scope of their audit. Additionally, the Audit Committee reviews our audited financial statements with management and the Independent Registered Public Accounting Firm, recommends whether such audited financial statements should be included in our Annual Report on Form 10-K and prepares a report to stockholders to be included in this Proxy Statement. Further, the Audit Committee reviews certain related party transactions as more specifically described under [Review of Related Party Transactions](#) below.

The Audit Committee is comprised of the independent directors Daniel M. Wright, Chairperson, Timothy R. Donovan, Gov. Jim Edgar and Ellen C. Taaffe. The Audit Committee held five meetings during fiscal 2016.

The Board of Directors has determined that Mr. Wright and Mr. Donovan are [audit committee financial experts](#) as defined by the SEC.

Stockholder Communication with Directors

We recognize the importance of providing our stockholders with the ability to communicate with members of the Board of Directors. Accordingly, we have established a policy for stockholder communications with directors. This policy is not intended to cover communications of complaints regarding accounting or auditing matters, or human resources complaints, with respect to which we have established the [Anonymous Incident Reporting System for Accounting and Auditing Matters](#), which is posted on our website at www.jbssinc.com. Stockholders wishing to communicate with the Board of Directors as a whole, or with certain directors individually, may do so by sending a written communication to the following address:

John B. Sanfilippo & Son, Inc.

Stockholder Communications with Directors

Attn: Corporate Secretary

1703 N. Randall Road

Elgin, Illinois 60123-7820

Each stockholder communication should include an indication of the submitting stockholder's status as a stockholder in order to submit such communication. Each such communication will be received for handling by our Secretary for the sole purpose of determining whether the contents represent a communication to the Board of Directors or to an individual director. The Secretary will maintain originals of each communication received and will provide copies to the addressee(s) and any appropriate committee(s) or director(s) based on the expressed desire of the communicating stockholder. The Board of Directors, the committee(s) or the applicable individual director(s) may elect to respond to the communication as each deems appropriate.

DIRECTOR NOMINATIONS

Director Qualifications

While there is no single set of characteristics required to be possessed by a member of the Board of Directors, the Governance Committee will consider whether to nominate a director candidate for election by the holders of our Common Stock based on a variety of criteria, including, but not limited to: (a) the candidate's personal integrity; (b) whether the candidate has demonstrated achievement in one or more forms of business, professional, governmental, communal, scientific or educational endeavors sufficient to enable the candidate to make a significant and immediate contribution to the Board of Directors' discussion and decision-making regarding the array of complex issues facing our company; (c) the candidate's level of familiarity with our business and competitive environment; (d) the candidate's ability to function effectively in an oversight role; (e) the candidate's understanding of the issues affecting a public company of a size and complexity similar to our company; and (f) whether the candidate has, and is prepared to devote, adequate time to the Board of Directors and its committees. Under exceptional and limited circumstances, the Governance Committee may approve the candidacy of a candidate notwithstanding the foregoing criteria if the Governance Committee believes the service of such a nominee is in our best interests and those of the holders of our Common Stock.

In selecting candidates, the Governance Committee and the Board of Directors take diversity into account, seeking to ensure a representation of varied perspectives and experience, although neither the Governance Committee nor the Board of Directors has prescribed specific standards for diversity or adopted a specific diversity policy.

However, the Governance Committee considers certain items to be minimum requirements for nomination. Those requirements are: (a) a commitment to the duties and responsibilities of a director; (b) the ability to contribute meaningfully to the Board of Directors' supervisory management of the company and its officers; and (c) an outstanding record of integrity in prior professional activities.

In addition, the Governance Committee ensures that:

at least three of the directors serving at any time on the Board of Directors are independent, as defined under the rules of the principal stock market on which our common shares are listed for trading;

all members of the Audit Committee satisfy the financial literacy requirements required under the rules of the principal stock market on which our common shares are listed for trading;

at least one of the Audit Committee members qualifies as an audit committee financial expert under the rules of the Commission; and

at least one of the independent directors has experience as a senior executive at a public company or a substantially-large private company.

In selecting a nominee for our Board of Directors, the Governance Committee may receive suggestions from many different groups including, but not limited to, the company's current and former executive officers and directors, and such suggestions may or may not be in response to a request from the Governance Committee. As described below, the Governance Committee will also consider nominations from holders of Common Stock. From time to time, the Governance Committee may engage a third party for a fee to assist it in identifying potential director candidates.

After identifying a potential director nominee for election by the holders of our Common Stock and deciding to further pursue the potential nominee, the Governance Committee will then evaluate the potential nominee by using information collected from a variety of sources. Those sources include, but are not limited to, publicly available information, information provided by knowledgeable members of the company and information provided by the potential candidate. The Governance Committee may contact the potential nominee to determine

his or her interest and willingness to serve as a director and may conduct one or more in-person or telephonic interviews with the potential candidate. The Governance Committee may contact references of the potential candidate or other members of the professional community who may have relevant knowledge of the potential candidate's qualifications and successes. The Governance Committee may compare the potential candidate's information to all such information collected for other potential candidates.

Director Succession Planning

The Governance Committee has had discussions, from time to time, regarding director tenure and the overall skills possessed by each member of the Board of Directors to help ensure that the Board of Directors possesses the necessary perspectives to oversee management and effectively monitor the company's operations.

Class A Director Nominations

The Class A Directors listed in Proposal 1 were nominated by holders of Class A Stock in accordance with our Restated Certificate and Bylaws. In accordance with their commitment to good governance, holders of Class A Stock have discussed with the Governance Committee director succession planning and processes with respect to the Class A Directors. In doing so, the holders of Class A Stock consider the characteristics of such individuals with the criteria listed in Director Qualifications above and evaluate their specific skills among a number of factors the holders of Class A Stock consider important. As part of these discussions, the holders of Class A Stock determined to nominate the slate of Class A Directors as set forth under Proposal 1. The Governance Committee and holders of Class A Common Stock intend to continue these discussions and processes with the holders of Class A Stock on an ongoing basis, as necessary.

Nominations of Directors by Stockholders

The Governance Committee does not solicit, but will consider, nominees for director submitted by holders of our Common Stock. The Governance Committee follows the same process and uses the same criteria for evaluating candidates proposed by stockholders as it uses for all other candidates it nominates under the Governance Committee charter, although the number of shares held by the proposing stockholder and the length of time such shares have been held may be considered by the Governance Committee.

Stockholders wishing to have the Governance Committee consider a director nominee may do so by sending notice of the nominee's name, biographical information and qualifications to:

Governance Committee

c/o Corporate Secretary

John B. Sanfilippo & Son, Inc.

1703 N. Randall Road, Elgin, Illinois 60123-7820

Under our company's Bylaws and applicable law, all director nominations submitted by our holders of Common Stock must provide (a) all information relating to the nominee that is required to be disclosed in a solicitation of proxies for the election of directors in an election contest, or as is otherwise required, pursuant to and in accordance with Regulation 14A under the Exchange Act and (b) the nominee's written consent to being named in the proxy statement as a nominee and to serving as a director, if elected. In addition, such notice of a nominee shall include, among other matters, as to the holders of Common Stock giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (a) the name and address of such stockholder, as they appear on our company's books,

and of such beneficial owner, (b) the class and number of shares of stock of our company which are owned beneficially and of record by such stockholder and such beneficial owner, (c) a representation that the stockholder is a holder of record of the stock of our company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to propose the nominee, and (d) a representation of whether the stockholder or the beneficial owner, if any, intends to or is part of a group which

intends to (1) deliver a proxy statement and/or form of proxy to holders of at least the percentage of our company's outstanding capital stock required to elect the nominee and/or (2) otherwise solicit proxies from stockholders in support of the nominee's election. Our company may require any such proposed nominee to furnish such other information as it may reasonably require in order to determine the eligibility of such proposed nominee to serve as a director of our company and such other information as contained in our company's Bylaws.

Please see [Stockholder Proposals for the 2017 Annual Meeting](#) below for the notice deadlines for director nominations to be considered for inclusion in our company's proxy materials and director nominations to be presented at the 2017 annual meeting (but not to be included in our company's proxy materials) by holders of our Common Stock.

**PROPOSAL 2: RATIFY THE AUDIT COMMITTEE S APPOINTMENT OF
PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM FOR THE 2017 FISCAL YEAR**

The Audit Committee has appointed PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm to examine our consolidated financial statements for the 2017 fiscal year, and to render other professional services as required, in accordance with our pre-approval policies and procedures described below. The Audit Committee and the Board of Directors, as a matter of company policy, are submitting the appointment of PricewaterhouseCoopers LLP to stockholders for ratification.

If the stockholders do not vote on an advisory basis in favor of the appointment of PricewaterhouseCoopers LLP as our company s Independent Registered Public Accounting Firm, the Audit Committee will reconsider whether to engage PricewaterhouseCoopers LLP but may ultimately determine to engage PricewaterhouseCoopers LLP or another audit firm without re-submitting the matter to stockholders. Even if the stockholders vote in favor of the selection of PricewaterhouseCoopers LLP, the Audit Committee may, in its sole discretion, terminate the engagement of PricewaterhouseCoopers LLP and direct the appointment of another Independent Registered Public Accounting Firm at any time during the year.

Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting, will have the opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions.

Reports on our Independent Registered Public Accounting Firm s projects and services are presented to the Audit Committee on a regular basis. The Audit Committee is solely responsible for the engagement of our Independent Registered Public Accounting Firm. The Audit Committee has established pre-approval policies and procedures in order for our Independent Registered Public Accounting Firm to perform all audit services and permitted non-audit services. These pre-approval policies and procedures allow for pre-approval of certain designated services, depending

on the type of service. All services not subject to general pre-approval must be specifically pre-approved by the Audit Committee. Under the pre-approval policies and procedures, the Audit Committee may delegate pre-approval responsibilities to its chairperson or any other member or members. All of the fees described above were approved by the Audit Committee pursuant to our pre-approval policies and procedures.

The Board of Directors recommends a vote FOR ratification of the Audit Committee s appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the 2017 fiscal year.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed with management and PricewaterhouseCoopers LLP, the company's Independent Registered Public Accounting Firm for fiscal 2016, the company's audited financial statements as of and for the year ended June 30, 2016. Management is responsible for the company's financial reporting process, including maintaining a system of internal controls, and is responsible for preparing the consolidated financial statements in accordance with United States generally accepted accounting principles (GAAP). PricewaterhouseCoopers LLP is responsible for auditing those financial statements and for giving an opinion regarding the conformity of the financial statements with GAAP. Additionally, in accordance with Section 404 of the Sarbanes-Oxley Act of 2002, the Audit Committee reviewed and discussed with management, the company's internal auditors and PricewaterhouseCoopers LLP, management's report on the operating effectiveness of internal control over financial reporting, including PricewaterhouseCoopers LLP's related report.

The Audit Committee has also discussed with PricewaterhouseCoopers LLP the matters required by revised Auditing Standard No. 16 *Communications with Audit Committees* and other relevant auditing standards adopted by the Public Company Accounting Oversight Board. In addition, the Audit Committee has received and reviewed the written disclosures and letter from PricewaterhouseCoopers LLP regarding PricewaterhouseCoopers LLP's communications with the Audit Committee concerning independence, as required by Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*, as adopted by the Public Company Accounting Oversight Board (such Ethics and Independence Rule superseded Independence Standard No. 1, *Independence Discussions with Audit Committees*). Also, the Audit Committee has discussed with PricewaterhouseCoopers LLP the independence of PricewaterhouseCoopers LLP, including whether PricewaterhouseCoopers LLP's independence is compatible with PricewaterhouseCoopers LLP providing non-audit services to the company. Based on the foregoing discussions and reviews, the Audit Committee is satisfied with the independence of PricewaterhouseCoopers LLP.

In reliance on the reviews and discussions described above and the report of PricewaterhouseCoopers LLP, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited financial statements in the company's Annual Report on Form 10-K for the year ended June 30, 2016, for filing with the Commission.

Respectfully submitted by all of the members of the Audit Committee of the Board of Directors.

Daniel M. Wright, Chairperson

Timothy R. Donovan

Governor Jim Edgar

The information contained in the preceding report shall not be deemed to be soliciting material or to be filed with the Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended (the Securities Act), or the Exchange Act, except to the extent that we specifically incorporate it by reference in such filing.

PROPOSAL 3: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

As required by SEC rules, we are providing our stockholders with an advisory, nonbinding vote to approve the compensation paid to our named executive officers, as we have described it in the Compensation Discussion and Analysis and Summary Compensation Table of this Proxy Statement.

As described in detail in the Compensation Discussion and Analysis section, the Compensation Committee oversees our executive compensation program. The Compensation Committee reviews the executive compensation program and approves the awards of executive compensation to be paid as appropriate to reflect our performance and to promote the main objectives of the program. These objectives include helping us attract, motivate, reward and retain superior leaders who are capable of creating sustained, lasting value for our stockholders, and to promote a performance-based culture that is intended to align the interests of our executives with those of our stockholders.

Highlights of our program include:

Our pay for performance orientation. As set forth more fully in the Compensation Discussion and Analysis and related Summary Compensation Table, the company exceeded targeted levels of financial performance and therefore incentive compensation was awarded to our named executive officers to reflect such performance for fiscal 2016;

Awarding restricted stock units (RSUs) to encourage our executives to remain with the company long-term and to align further their interests with the interests of our stockholders;

Total direct compensation at target for the Management Team that currently is slightly below the 50th percentile of a certain peer group of companies as determined by the Compensation Committee s independent compensation consultant;

Providing limited perquisites and personal benefits awarded to the executives as set forth in the Summary Compensation Table and related disclosure;

Our named executive officers do not have employment agreements; and

Our named executive officers are subject to clawback arrangements requiring the executives to forfeit outstanding cash bonus awards or requiring the executives to repay previously awarded cash bonuses if the executive engages in misconduct or there is a restatement.

We are asking our stockholders to indicate their support for the compensation paid to our named executive officers by casting a **FOR** vote on this proposal. We believe that the information we have provided in this Proxy Statement demonstrates that our executive compensation program was designed appropriately in light of our goals and business and is adequately working to ensure that executives interests are aligned with our stockholders interests to support long-term value creation.

You may vote for or against the following resolution, or you may abstain. This vote is not intended to address any specific item or the policies generally regarding executive compensation, but rather the overall compensation paid to

our named executive officers.

While this vote is advisory and not binding on our company, the Board of Directors and the Compensation Committee will consider the outcome of the vote, along with other relevant factors, when considering future executive compensation decisions. For information on how our Compensation Committee considered the 2015 advisory vote on executive compensation, see [Response to the 2015 Advisory Vote on Executive Compensation](#) as set forth below. If any stockholder wishes to communicate with the Board of Directors regarding executive compensation, the Board of Directors can be contacted using the procedures outlined in [Stockholder Communications with Directors](#) as set forth in this Proxy Statement.

The Board of Directors recommends a vote FOR the advisory vote to approve executive compensation.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Compensation of Directors

As of our annual meeting held in October 2015, the annual cash retainer for directors who were not current employees of our company was paid at the rate of \$53,000 per year plus \$1,600 for each Board of Directors or committee meeting attended and \$1,100 for telephonic meetings of the Board of Directors or committee meetings in which they participated. The annual cash retainer was increased from \$48,000 to \$53,000 effective with the 2015 annual meeting. In addition, the Audit Committee Chairperson and Compensation Committee Chairperson were paid at the rate of \$10,400 per year. The Governance Committee Chairperson was paid at a rate of \$5,200 per year. Directors are also reimbursed for their reasonable expenses incurred in attending such meetings. Directors who are current employees of our company receive no additional compensation for their services as directors.

Under the John B. Sanfilippo & Son, Inc. 2014 Omnibus Incentive Plan (the Omnibus Plan), a director who is not a current employee of our company or any of our subsidiaries (an Outside Director) is eligible to participate in the Omnibus Plan. On October 28, 2015, the Compensation Committee approved a grant of \$60,000 in RSUs to each of our six Outside Directors, with a grant date of November 11, 2015. These RSUs are scheduled to vest on November 2, 2016, and once vested, they can be paid to the director in an equal number of shares of Common Stock upon vesting or become payable in an equal number of shares of Common Stock after the director ceases being a member of the Board of Directors.

The premiums paid were for a life insurance policy on the life of our Outside Director Mathias A. Valentine and his spouse. These payments were not related to the services of Mathias A. Valentine as an Outside Director. See Certain Insurance Policy Arrangements below.

COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion and analysis of the compensation paid to the following persons (collectively, the named executive officers) during the 2016 fiscal year:

Jeffrey T. Sanfilippo, our Chief Executive Officer and Chairman,

Michael J. Valentine, our Chief Financial Officer, Group President and Secretary,

Jasper B. Sanfilippo, Jr., our Chief Operating Officer, President and Assistant Secretary,

James A. Valentine, our Chief Information Officer and

Walter R. Tankersley, our former Senior Vice President of Procurement and Commodity Risk Management, who retired from our company on August 25, 2016.

Executive Summary

Our company's fiscal 2016 financial results improved over a successful fiscal 2015. In fiscal 2016, our company once again achieved record net sales of \$952.1 million, and improved profitability, driven primarily by sales volume growth. As a result, our earnings per diluted share increased to \$2.68 in fiscal 2016 from \$2.61 for fiscal 2015. Our financial performance also allowed us to pay a \$2.00 per share special dividend to our stockholders during the second quarter of fiscal 2016 and also we paid a \$2.50 per share special dividend in the first quarter of fiscal 2017 in part due to cash generated in fiscal 2016.

Our compensation programs are designed to reward our executive officers for our company's performance. In fiscal 2016, we continued to implement a number of compensation measures to reinforce our company's performance with the pay of our executive officers. Most notably, due to our strong operating performance, the executive officers earned cash incentive compensation above targets set by the Compensation Committee under the company's Sanfilippo Value Added Plan, or SVA Plan. In addition, we continued our practice of evaluating our executive officers' performance when setting their salaries and considered our overall performance in awarding equity.

We believe that our stockholders agree with the design and implementation of our pay for performance compensation programs. For fiscal 2015, approximately 99.6% of votes cast in our advisory vote to approve executive compensation supported the compensation paid to our named executive officers.

The Role of the Compensation Committee

The Compensation Committee of the Board of Directors administers our company's executive compensation program. In that regard, the responsibilities of the Compensation Committee, among others, are as follows:

Oversee the establishment of annual, long-term and other performance goals and objectives relevant to the compensation of the Chief Executive Officer and other executive officers;

Evaluate the performance of the Chief Executive Officer and other executive officers;

Review and approve the form and amount of compensation for the Chief Executive Officer and all other executive officers;

Review, from time to time, market comparisons of the compensation of the Chief Executive Officer and other executive officers;

Review and recommend to the Board of Directors for approval retirement, health and welfare and other benefit plans, policies and arrangements for the employees of our company;

Review and recommend to the Board of Directors for approval all equity-related, incentive and other performance-related compensation plans; and

Evaluate the risk and reward for instituting incentive compensation arrangements for the benefit of advancing stockholder value and being competitive in the marketplace for executive and managerial talent. Our company's compensation philosophy is designed to align executive compensation with our company's objectives, management initiatives and business financial performance. In making decisions with respect to executive compensation, the Board of Directors and the Compensation Committee apply the following key principles:

Total compensation should be comparable to our peers, in order to attract and retain key executives who are critical to our success;

Reward executives for long-term strategic management and the creation of stockholder value;

Support a performance-oriented environment that rewards company and individual achievement; and

Balance the costs and benefits associated with both (a) short-term and long-term compensation and (b) cash and non-cash compensation, to achieve continuous improvement in financial performance and enhance employee retention and recruiting.

With respect to all areas of compensation, the Compensation Committee regularly communicates with management. For example, the Compensation Committee invites certain members of our senior management to be present for a significant portion of every Compensation Committee meeting. This allows the Compensation Committee to solicit management's input regarding various compensation matters, such as management's views regarding salary decisions and performance of the executive officers of the company, form and amount of equity compensation and the components of the SVA Plan. The Compensation Committee then meets in executive session without management to deliberate and decide on certain compensation matters as it sees fit.

Overview of Fiscal 2016 Executive Compensation Program

Our total compensation program for the named executive officers and other executive officers in fiscal 2016 consisted of both cash compensation and equity-based compensation in the form of RSUs. Each executive officer's annual cash compensation is comprised of a base salary and an opportunity to earn an annual incentive award under the SVA Plan. The SVA Plan rewards participants for year-over-year improvement in our net operating profit after tax minus a capital charge. In addition, to be competitive in the marketplace we offer standard benefits available to all salaried employees, we provide life insurance for all named executive officers and participation in our Supplemental Retirement Plan (SERP) for certain named executive officers.

Operating Principles. The Compensation Committee broadly considered the factors more specifically set forth below when setting compensation for our named executive officers in fiscal 2016.

Management Philosophy. The Management Team has established an executive committee comprised of all of the named executive officers, as well as certain other executive officers (the Executive Committee). The members of this Executive Committee work together to manage our company's affairs, which includes meeting regularly to discuss various aspects of our company's operations and strategic goals. The Management Team adopted this collaborative approach to management for several reasons, including (a) the Management Team's belief that input from the Executive Committee members is essential to our company's success and (b) the Management Team's belief that the familial relationship between the Management Team members lends itself naturally to a collaborative approach to management. The Compensation Committee supports the Management Team's overall team-oriented approach to

managing our company. Accordingly, at the Management Team's request, the Compensation Committee generally determined that the Management Team members' compensation should all be equal for fiscal 2016, which has been consistent with the Management Team's overall approach to compensation since the 2007 fiscal year.

Industry Comparison Group. When setting compensation for the named executive officers for fiscal 2016, the Compensation Committee compared elements of compensation (base salary, incentive compensation and equity grants) against the compensation reported for the named executive officers of a select group of companies engaged in the food and beverage business which are generally similar in size to our company (the Industry Comparison Group) as a reference in setting overall compensation competitiveness. For fiscal 2016, the Industry Comparison Group was comprised of 12 publicly traded companies with annual revenues between approximately \$517 million and \$1.6 billion. The Compensation Committee's independent consultant prepared the reports regarding the Industry Comparison Group. For fiscal 2016, the Industry Comparison Group consisted of the following companies:

B&G Foods, Inc.	J & J Snack Foods Corp.
Boulder Brands, Inc.*	Lancaster Colony Corporation
Cal-Maine Foods, Inc.	National Beverage Corp.
Calavo Growers, Inc.	Seneca Foods Corporation
Diamond Foods, Inc.*	Snyder's-Lance, Inc.
Farmer Bros. Co.	Tootsie Roll Industries, Inc.

* Boulder Brands, Inc. and Diamond Foods, Inc. were subsequently acquired during our 2016 fiscal year. In setting compensation, the Compensation Committee recognized that, among other things, the roles of the named executive officers in the Industry Comparison Group may not fully align with the roles and responsibilities of our named executive officers due to our collaborative approach to management and our unique business needs. For example, our Chief Financial Officer also serves as Group President. At many companies within the Industry Comparison Group, there is no specific officer who handles commodity procurement, a critical aspect of our business. As a result, the Compensation Committee took a holistic review of compensation and did not mechanically attempt to benchmark the compensation of our Management Team in light of their collaborative approach to management.

Individual Performance. Notwithstanding the Management Team's collaborative approach to management, the Compensation Committee considered the individual performance of each member of the Management Team, as well as the other executive officers, when it set and awarded compensation for fiscal 2016.

Independent Consultant. In fiscal 2016, the Compensation Committee utilized ExeQuity LLP (ExeQuity) compensation consultants as its independent compensation consultant to provide guidance regarding the compensation of our named executive officers and our Outside Directors.

For fiscal 2016, ExeQuity reviewed the various components of compensation for our named executive officers, as well as the proposed changes in such compensation, and advised the Compensation Committee regarding how the changes compared to the Industry Comparison Group as well as the broader market. ExeQuity provided no other services to our company in fiscal year 2016. The Compensation Committee determined that the work of ExeQuity did not raise any conflict of interest issues.

When determining pay levels for the Management Team, the Compensation Committee examines the competitive market data and individual performance of the three Management Team officers, and deliberates in executive session without any members of management present. When determining pay levels for the other executive offices that are not members of the Management Team, the Compensation Committee takes into account the competitive external market data, individual performance and also the recommendations from the Management Team.

Direct Compensation

Base Salary

The Compensation Committee approves the level of base salary for named executive officers, including the Chief Executive Officer, and the other executive officers. When determining the base salaries of our named executive officers and executive officers for fiscal 2016, the Compensation Committee considered the following factors:

The Management Team's collaborative approach to management;

The Compensation Committee's historical practices, including the salaries paid to our named executive officers and executive officers during the immediately preceding fiscal year;

The salaries paid to the named executive officers of the companies in the Industry Comparison Group;

The individual performance of our named executive officers and executive officers;

The input and recommendations from the Management Team regarding the performance, functions and responsibilities of other executive officers; and

The input from the Compensation Committee's independent consultant, including information regarding general executive salary trends and survey information.

In connection with setting the base salaries for fiscal 2016, the Compensation Committee, with the input from the Management Team for all other executive officers, reviewed the individual performance of our company's management. The reviews consisted of the Compensation Committee members' observations of the Chief Executive Officer and other executive officers' performance throughout the fiscal year and specifically with respect to each individual officer's (a) roles and functions, and the fulfillment thereof and (b) positive contribution to our overall performance. The Compensation Committee also took into account its desire to migrate, over a period of years, the base salaries of the Management Team closer to the 50th percentile of the Industry Comparison Group, provided such moves were supported by the overall long-term performance of our company and the individual performance and responsibilities of each member of the Management Team.

Based upon all of the foregoing factors, our Compensation Committee approved a 7.4% increase in the salaries paid to the Management Team for fiscal 2016. The uniform increase to the base salary of the Management Team was approved in part because of the Management Team's collaborative approach to management outlined above and the Compensation Committee's desire to bring the base salaries of the Management Team closer to the 50th percentile of the Industry Comparison Group. The Compensation Committee also considered the sustained performance of our company in approving the salary increases for the Management Team. The increases for James A. Valentine and Walter R. Tankersley of 3.5% and 2.5%, respectively, were proposed by our company's management based on each named executive officer's individual performance and the overall performance of our company.

After taking these increases into account, base salaries for the Management Team (Jeffrey T. Sanfilippo, Michael J. Valentine and Jasper B. Sanfilippo, Jr.) are, in the aggregate, still slightly below the 50th percentile for the Industry

Comparison Group while base salaries for the remaining named executive officers are above the 50th percentile for the Industry Comparison Group.

Annual Incentive Compensation Sanfilippo Value-Added Plan

As described in greater detail below, the general structure of the SVA Plan results in a cash payment to each participant calculated as follows:

$$\begin{array}{ccccccc} \text{Participant's} & & \text{Participant's} & & \text{SVA} & & \\ \text{Salary} & \times & \text{Target Salary} & \times & \text{Improvement} & = & \text{SVA Payment} \\ & & \text{Percentage} & & \text{Multiple} & & \text{Declared} \end{array}$$

The SVA Plan rewards plan participants with cash incentive compensation for year-over-year improvement in economic profit. Economic profit is our net operating profit after taxes minus a charge for capital. The charge for capital is determined by multiplying the weighted average cost of capital (9%) by the invested capital in the business (such year-over-year improvement hereinafter referred to as "SVA"), as illustrated below:

$$\text{SVA} = \text{Net operating profit after taxes (NOPAT)} \text{ minus Capital Charge}^{(1)}$$

(1) A 9% weighted average cost of capital was used for fiscal 2016. The weighted average cost of capital was 10% in fiscal 2015. Beginning SVA was adjusted to reflect the change in the weighted average cost of capital.

Overall SVA improvement occurs when the net operating profit after taxes less the capital charge increases on a year-over-year basis. Actual incentive compensation will be determined by comparing the SVA improvement amount relative to SVA improvement goals set for the fiscal year.

The Compensation Committee believes that using year-over-year SVA improvement in the SVA Plan motivates the plan participants to improve our company's financial performance and more effectively manage its working and fixed capital by encouraging the productive use of capital resources relative to their cost. For example, the Compensation Committee, from time to time, receives information from the Management Team on the impact of certain business decisions relative to SVA and how the Management Team uses SVA in business planning. For fiscal 2016, the SVA Plan participants included members of the Executive Committee and approximately 220 other employees.

SVA Targets and Payments

The Compensation Committee, with the assistance of ExeQuity, its independent consultant, and the Management Team, established the SVA improvement goals for fiscal 2016. The Compensation Committee set three parameters for the SVA payout: the Threshold, or Minimum improvement goal, the Target goal and the Maximum goal.

Achieving at or below the Threshold, or Minimum goal of SVA improvement, would result in a 0% payout, or no payout of the participant's target award.

Achieving the Target goal of SVA improvement would result in a 100% payout, or a 1x multiplier of the participant's target award.

Achieving the Maximum goal of SVA improvement would result in a 200% payout, or a 2x multiplier of the participant's target award.

In order to achieve a payout under the SVA Plan, SVA improvement must exceed the Threshold, or Minimum goal of SVA improvement. SVA improvement amounts that fall in between the Threshold, Target, and Maximum goals are interpolated between each respective amount. For example, an SVA improvement level which was exactly in between the Target and Maximum goals would result in a 150% payout, or 1.5x multiplier of the participant's target award. Each participant receives the same SVA improvement multiplier. The SVA Improvement Multiple cannot exceed the Maximum, or 2x multiplier, even if SVA improvement exceeds the Maximum goal.

To better align goals and incentive rewards as between all participants in the SVA Plan, for fiscal 2016, the Compensation Committee elected to discontinue the use of individual performance payouts for the Management Team. Previously, up to 20% of each member of the Management Team's SVA Payment was based on achieving individual goals. However, the Compensation Committee will continue to monitor the individual performance of the named executive officers in setting compensation, particularly in respect of setting salaries, target bonus amounts and equity awards.

The goals for SVA improvement and results are shown below:

Fiscal 2016 SVA Improvement Goals, Results, and Payouts		
Threshold/Minimum Goal	\$(2,700,000)	0%, or 0x multiplier
Target Goal	\$ 300,000	100%, or 1x multiplier
Maximum Goal	\$ 3,300,000	200%, or 2x multiplier
Fiscal 2016 Result	\$ 1,486,000	139%, or 1.39x multiplier
Fiscal 2016 SVA Payout = 139%, or 1.39x the participant's target award		

For fiscal 2016, the Compensation Committee established each SVA Plan participant's target award by multiplying the participant's salary paid in fiscal 2016 by a set percentage, or Target Salary Percentage. For fiscal 2016, each SVA Plan participant had a Target Salary Percentage ranging from 5% to 85% of their base salary. The Compensation Committee determined the Target Salary Percentage based on recommendations from management as to the participant's overall responsibilities and title. For fiscal 2016, each member of the Management Team received a 85% Target Salary Percentage and James A. Valentine and Walter R. Tankersley received a 60% Target Salary Percentage.

The table below summarizes the SVA Payments for the 2016 fiscal year for our named executive officers, based on the respective salaries paid, Target Salary Percentages and SVA Improvement Multiple:

Officer	Fiscal 2016 Salary ⁽¹⁾	Fiscal 2016 SVA Payout		
		Target Salary Percentage	SVA Improvement Multiple	SVA Payment Declared
Jeffrey T. Sanfilippo	\$ 524,231	85%	1.39	\$619,379
Michael J. Valentine	\$ 524,231	85%	1.39	\$619,379
Jasper B. Sanfilippo, Jr.	\$ 524,231	X 85%	X 1.39	= \$619,379
James A. Valentine	\$ 384,992	60%	1.39	\$321,083
Walter R. Tankersley	\$ 303,516	60%	1.39	\$253,132

(1) The salary amounts in this table may differ from the salary amounts in the Summary Compensation Table below due to timing of salary payments in fiscal 2016.

Long-Term Incentives Equity Awards Under the Omnibus Plan

As described under Security Ownership of Certain Beneficial Owners and Management, the Management Team, and the groups to which they belong, have a large ownership interest in our company. The Compensation Committee recognizes that the Management Team's large equity holdings in our company have resulted in the alignment of the Management Team's interests with those of our stockholders. As a result, the Compensation Committee's philosophy with respect to both the total amount of equity granted and equity as a compensation component has historically been more conservative as compared to our peers in the Industry Comparison Group. Thus, grants of equity awards to the named executive officers approximated the 50th percentile of the Industry Comparison Group in fiscal 2016.

In deciding the amount of RSUs to grant in fiscal 2016, the Compensation Committee considered the responsibilities of each executive officer and our financial and operating performance in the prior fiscal year. In addition, for fiscal 2016, the Compensation Committee specifically considered the company's conservative use of equity and the Management Team's current positioning relative to the Industry Comparison Group. As part of these considerations, the Compensation Committee granted each member of the Management Team \$300,000 of RSUs, or 4,983 RSUs overall. Due to the Management Team's collaborative approach to management, each member of the Management Team was granted the same overall number of RSUs. Mr. James A. Valentine, after input from management and deliberation by the Compensation Committee, was awarded \$160,000 of RSUs, or 2,657 RSUs overall, and Mr. Tankersley was awarded \$140,000 of RSUs, or 2,325 RSUs overall. The

Compensation Committee typically approves the equity awards to be granted for any given fiscal year at the Compensation Committee meeting held at or around the annual meeting of stockholders. Annual equity award grant dates are set on the 10th business day after the grant approval date this date was chosen for administrative, compliance and governance reasons. For the fiscal 2016 RSU award grant, the Compensation Committee approved the grant on October 28, 2015, with a grant date of November 11, 2015. Pursuant to applicable SEC reporting rules, we have reported in the Summary Compensation Table and Grants of Plan-Based Awards Table below the applicable number RSUs granted to each named executive officer at the grant date fair value under FASB ASC Topic 718, which may differ from the methodology we use to determine the value of RSUs we award each named executive officer.

Stock Ownership Guidelines and Anti-Hedging Policy

Generally, members of our Management Team, executive officers and Outside Directors must hold the following number of shares of our Common Stock, Class A Stock or outstanding RSUs (Eligible Shares) before any shares of Common Stock can be sold:

Management Team: the lesser of 20,000 Eligible Shares or Eligible Shares with a fair market value equal to five times the executive's annual base salary.

Other Executive Officers: the lesser of 10,500 Eligible Shares or Eligible Shares with a fair market value equal to two times the executive's annual base salary.

Outside Directors: the lesser of 10,500 Eligible Shares or Eligible Shares with a fair market value equal to four times the director's annual cash retainer.

In addition to the Stock Ownership Guidelines, our company has adopted an anti-hedging policy which prohibits our executive officers and directors from engaging in certain hedging transactions with respect to our Common Stock or Class A Stock.

All Other Compensation

In addition to the direct compensation described above, our company offers certain other benefits to our executive officers, including the named executive officers, which consist of life insurance, company-sponsored retirement plans and limited perquisites.

Life Insurance We provide our named executive officers with life insurance.

Company-Sponsored Retirement Plans Our company offers retirement plans for eligible employees, as follows:

401(k) Plan. The company's 401(k) Plan is a tax-qualified defined-contribution retirement plan. All non-union employees who are 21 years of age or older, and have completed one year of service, including the named executive officers, are eligible to participate and receive a company match in our 401(k) Plan. All participants in our 401(k) Plan may receive company matching contributions of 100% of the employee's contribution up to 3% of an employee's salary and 50% of the next 2% of an employee's salary; however, the match may not exceed 4% of an employee's total salary. The Compensation Committee approves these matching percentages and limits annually. Our company contributed \$47,434 as matching funds under the 401(k) Plan for fiscal 2016 for the named executive officers as a group, which are set forth in more detail in the All Other Compensation for Fiscal Year 2016 table below.

SERP. On August 2, 2007 the former Compensation, Nominating and Governance Committee (CNG Committee) approved a restated Supplemental Retirement Plan for certain named executive officers and key employees of our company. The restated SERP changes the plan adopted on August 25, 2005 to, among other things, clarify certain actuarial provisions and incorporate new Internal Revenue Service (IRS) requirements.

The current SERP participants are Jasper B. Sanfilippo and Mathias A. Valentine, (as former employees), the members of the Management Team and James A. Valentine, a named executive officer. The purpose of the SERP is to provide unfunded, non-qualified deferred compensation benefits to participants upon retirement, disability or death. The Compensation Committee believes that the SERP is a useful tool in motivating employees that are key to our company's success and helps to ensure that the benefits provided by our company are competitive with the market. The current plan participants were chosen by our CNG Committee (prior to the creation of a separate Compensation Committee) based upon numerous factors, including the participant's seniority, role within our company, and demonstrated commitment and dedication to our company. Participants with at least five years of employment with us are eligible to receive monthly benefits from the SERP after separating from service with our company, provided such participant's employment is not terminated for cause (as defined in the SERP). For more information about the SERP please see "Company-Sponsored Retirement Plans" below.

Perquisites Our company provides a minimal amount of perquisites to the named executive officers, including members of the Management Team. The perquisites provided in fiscal 2016 were airline club memberships, travel expenses for spouses on business trips, matching 401(k) contributions, and personal use of company vehicles or a direct car allowance. We have provided additional information on perquisites in the table entitled "All Other Compensation for Fiscal Year 2016."

Retirement Agreement with Walter Bobby Tankersley On August 24, 2016, we entered into a Retirement Agreement and General Release (the "Retirement Agreement") with Walter Bobby Tankersley, our former Senior Vice President, Procurement and Commodity Risk Management. Under the terms of the Retirement Agreement, Mr. Tankersley retired from the company effective August 25, 2016. In exchange for being bound by customary release, non-solicit, non-disparagement and confidentiality provisions, Mr. Tankersley will receive a cash payment of \$120,000, payable in September 2016. Per the terms of the SVA Plan and Omnibus Plan, Mr. Tankersley was paid his 2016 SVA bonus as set forth in the Summary Compensation Table below, will be eligible for a pro-rated 2017 SVA award and received retirement treatment for his unvested RSUs granted under the Omnibus Plan and forfeited his unvested RSUs granted under the 2008 Plan.

Response to the 2015 Advisory Vote on Executive Compensation

In 2015, the stockholders of our company had the opportunity, pursuant to SEC regulations, to have an advisory vote to approve the compensation paid to the named executive officers. The results of the vote were as follows:

32,131,840 votes were For the compensation paid to our named executive officers;

93,921 votes were Against the compensation paid to our named executive officers; and

18,192 votes abstained.

Based on the above results, approximately 99.6% of votes cast at the 2015 annual meeting of stockholders supported the compensation paid to our named executive officers. The Compensation Committee considered these results in light of our company's corporate structure, and determined that no significant changes were required to our company's compensation program as a result of the vote.

Policy With Respect to Qualifying Compensation for Tax Deductibility and Accounting Matters

Our company's ability to deduct compensation paid to covered employees (as defined in the Section 162(m) of the Code (Section 162(m)), including certain named executive officers, for tax purposes is generally limited by Section 162(m) to \$1.0 million annually. However, this limitation does not apply to performance-based compensation if certain conditions are satisfied as set forth in more detail in Section 162(m). We view preserving the tax deductibility of compensation, pursuant to Section 162(m), as an important objective, but not the only objective, in establishing executive compensation. The Compensation Committee has designed our compensation programs with the goal of preserving the tax deductibility, pursuant to Section 162(m), of performance-based

compensation granted to covered employees but may, in its discretion, award compensation that does not qualify for tax deductibility pursuant to Section 162(m). In addition, changes in tax laws (and interpretations of those laws), as well as other factors beyond our company's control, may affect the deductibility of any compensation paid to our employees.

The Compensation Committee, as necessary in its judgment, reviews projections of the estimated accounting (pro forma expense) and tax impacts of all material elements of the executive compensation program. Generally, the accounting expenses are accrued over the requisite service period of the particular pay element (generally equal to the performance period) and our company realizes a tax deduction upon the payment to or realization by the executive. We account for our equity awards under FASB ASC Topic 718.

- (1) The amounts in this column reflect the grant date fair value of RSUs granted under the Omnibus Plan for fiscal years 2016 and 2015 and the grant date fair value of RSUs granted under the 2008 Equity Incentive Plan, as amended (the 2008 Plan) for the fiscal year 2014, determined in accordance with FASB ASC Topic 718.
- (2) The amounts in this column reflect payments made pursuant to our SVA Plan for the respective fiscal year.
- (3) The amounts in this column reflect the aggregate change in actuarial value of the named executive officers accumulated benefit under the SERP from June 26, 2015 to June 30, 2016, June 27, 2014 to June 25, 2015, and June 28, 2013 to June 26, 2014, which were our SERP plan measurement dates used for financial reporting purposes for fiscal 2016, 2015 and 2014, respectively. Assumptions used to calculate the amounts can be found immediately after the Pension Benefits Table for Fiscal Year 2016 below. None of our named executive officers earned above-market or preferential earnings on compensation that was deferred on a basis that was not

tax-qualified. See Company-Sponsored Retirement Plans for more information about the SERP.

- (4) The amounts in this column reflect perquisites and other personal benefits. The table below entitled All Other Compensation for Fiscal Year 2016 shows each component of the total amount included in this column.

All Other Compensation for Fiscal Year 2016⁽¹⁾

Walter R. Tankersley	\$	\$	\$ 10,486	\$ 617	\$ 6,115	\$ 17,218

- (1) Such perquisites and personal benefits are valued at their aggregate incremental cost to our company. All of the perquisites and personal benefits referred to by footnote (4) to the Summary Compensation Table involved an actual cash expenditure by our company and therefore the actual cash expenditure is what is reflected as the value of the perquisites and personal benefits.
- (2) The amounts in this column reflect the company's matching contributions to our company's 401(k) Plan.
- (3) The amounts in this column reflect life insurance premiums paid by the company on behalf of the named executive officers.
- (4) The amounts in this column reflect the named executive officers' personal usage of a company car or a direct car allowance paid to the named executive officer.

Company-Sponsored Retirement Plans

A purpose of the SERP is to provide the Management Team and James A. Valentine (collectively, the SERP Future Participants) with a meaningful retirement benefit. The SERP is an unfunded plan. If a participant in the SERP, after serving our company for at least five years, separates from service to our company at or after the age of 65, benefits will be payable to the participant for life. Monthly installments will be paid at a rate equal to (a) one-twelfth (1/12th) of 50% of the participant's highest consecutive five year average annual base salary, bonus and non-equity incentive compensation earned during the participant's final 10 years of service, multiplied by (b) the number of full years the participant was employed by the company divided by the greater of (i) 20 or (ii) the number of full years the participant would have been employed if he had been employed by the company from his hire date through attainment of age 65 (which quotient shall not exceed 1.0). In the event that the participant's benefits commence after he turns 65 years old, the participant's benefit as otherwise computed under the SERP shall be adjusted for the time value of money (interest only) from age 65 to his age at actual retirement. If the participant has a beneficiary (the existence of a beneficiary is determined at the time the benefits commence), the benefits will be in the form of a joint and 100% contingent annuitant benefit, which is the actuarial equivalent of the participant's life-only benefit. If a participant separates from service to our company prior to the age of 65 and has achieved 10 years of service to us, certain reduced early retirement benefits may be available. All of the named executive officers eligible to participate in the SERP have already achieved 10 years of service to us, but none are 65 or older. Payments under the SERP are subject to a deduction for social security and other offset amounts. The SERP participants are responsible for their portion of such payments.

The present value of the accumulated benefits for each of the executive officers in the table below is based upon the following: (a) in determining the number of years of credited service at retirement age, the retirement age is 57-65 years old; (b) the annual retirement payment is 50% of the executive's current compensation; (c) the discount rate is 3.61% and (d) the RP-2014 White Collar Mortality table postretirement with MP-2015 projection table applied on a fully generational basis were used to determine life expectancy after retirement date. A further discussion of the assumptions used in calculating the amounts shown in the table below can be found in Note 12 to our audited

consolidated financial statements for the year ended June 30, 2016, included in our Annual Report on Form 10-K filed with the Commission on August 24, 2016.

Grants of Plan-Based Awards

Our company's plan-based awards for certain executives, including the named executive officers, consist of equity-based awards (RSUs and previously, stock options) under our Omnibus Plan, 2008 Plan and non-equity incentive compensation payments under our SVA Plan. The following table provides fiscal 2016 information for the named executive officers' equity based awards under our Omnibus Plan and non-equity incentive compensation payments under our SVA Plan. With respect to awards of RSUs under our company's Omnibus Plan, the table below includes the grant date of each award, the number of RSUs granted, the fair value at the date of grant and the resulting grant date fair value of the RSUs.

- (2) This column shows both the target and maximum for fiscal 2016 under our company's SVA Plan. The amounts in this column are based on the participant's fiscal 2016 base salary, the applicable Target Salary Percentage and the applicable performance level under the SVA Plan. The SVA payments were based on the actual salaries paid to each named executive officer during fiscal 2016. The SVA Plan payments are based on SVA, which is the year-to-year improvement in our net operating profit after taxes minus a capital charge. There was no threshold payout pursuant to the SVA Plan at the time the fiscal 2016 awards were

granted. The maximum payout pursuant to the SVA Plan at the time the fiscal 2016 awards were granted was a SVA Improvement Multiple of 2x. The actual SVA multiple achieved for fiscal 2016 was 1.39x. See

Compensation Discussion and Analysis Overview of Fiscal 2016 Executive Compensation Program Sanfilippo Value-Added Plan for more information about our SVA Plan.

- (3) The amounts shown in this column represent the grant date fair value of each equity award (all RSUs) calculated in accordance with FASB ASC Topic 718. The Compensation Committee approved the grant date as the 10th business day following the date the Compensation Committee's approval of the grant. These dates were chosen for administrative, compliance and governance purposes. The Compensation Committee reviews and approves the granting of RSUs under the Omnibus Plan at its meeting at or around the annual meeting of stockholders.

Other SERP Payments

Under the SERP, for amounts which appear in the Pension Benefits Table for Fiscal Year 2016 above, the SERP Future Participants may receive post-employment payments at the termination of their employment with us by reasons including, other than for cause (as defined in the SERP), retirement, disability or death and if the participant has at least five years of employment with our company. Upon a termination for cause, all benefit rights under the SERP will terminate and be forfeited. Pursuant to the terms of the SERP, the employment of a participant shall be deemed to have been terminated for cause by our company if a participant has: (a) engaged in one or more acts constituting a felony, or involving fraud or serious moral turpitude; (b) willfully refused (except by reason of incapacity due to accident or illness) to perform substantially all of his duties, provided that such refusal shall have resulted in demonstrable material injury to our company or its subsidiaries; or (c) willfully engaged in gross misconduct materially injurious to our company. If a SERP Future Participant separates from our company on or after the age of 65 (other than for cause), that SERP Future Participant will receive the full benefit under the formula described before the Pension Benefits Table for Fiscal Year 2016.

If a SERP Future Participant separates from our company before the age of 65 (other than for cause), has attained the age of 55 and has been credited with at least 10 years of employment at the time of termination of employment, that SERP Future Participant will receive the actuarial equivalent of the age 65 benefit, to be paid as soon as feasible on or after the participant's attainment of the age of 55.

Assuming that each of the SERP Future Participants separated their service from our company on June 30, 2016, each would receive the following monthly payment, beginning at age 55, to be paid throughout the SERP Future Participant's life:

Jeffrey T. Sanfilippo: \$11,517

Michael J. Valentine: \$14,975

Jasper B. Sanfilippo, Jr.: \$9,872

James A. Valentine: \$8,439

If a SERP Future Participant separates from our company before age 65 and has not been credited with at least 10 years of employment, that SERP Future Participant's benefits may not commence until the attainment of the age of 65. All SERP Future Participants have already been credited with at least 10 years of employment to our

company. As all SERP Future Participants are deemed specified employees under Section 409(A) of the Code, benefits will not be paid until the date that is six months after the effective date of termination of employment. In the event that termination of employment was the result of long-term disability, the benefits shall be reduced to the extent of any benefits received under our company's long-term disability plan and until such time that benefits under the long-term disability plan cease.

If the present lump sum actuarial equivalent value of the benefits under the SERP on the benefit commencement date is less than or equal to \$50,000, then such benefits will be paid to the participant or the participant's beneficiary in a single lump sum distribution. If a participant does not have a beneficiary on the date benefits commence, benefits will cease upon the participant's death. If both the participant and the participant's beneficiary die before the benefits commence, all entitlement to benefits will terminate.

So long as a participant is not terminated for cause and has fulfilled the conditions precedent to payment as described above, a participant is entitled to payment pursuant to the SERP. Other than as described above, there are no material conditions or obligations applicable to the receipt of payments or benefits under the SERP, such as a requirement to enter into non-compete, non-solicitation, non-disparagement or confidentiality agreements.

Equity Awards Change in Control and Termination Provisions

The Compensation Committee has granted equity related awards to the named executive officers under our Omnibus Plan and 2008 Plan. All of the outstanding awards consist of RSUs granted in our fiscal 2014 (2008 Plan), fiscal 2015 (Omnibus Plan) and fiscal 2016 (Omnibus Plan) years. Below summarizes the treatment in respect of the various outstanding equity awards under the specified circumstances.

Voluntary resignation or for cause: all unvested RSUs are forfeited under the Omnibus Plan and the 2008 Plan.

Death or disability: all unvested RSUs will vest under the Omnibus Plan. Under the 2008 Plan, all unvested RSUs will vest pro-rata.

Retirement: all unvested RSUs will vest under the Omnibus Plan if the participant meets the criteria for retirement, as defined, and the participant gives the required notice. Unvested RSUs will vest under the Omnibus Plan on a pro-rata basis if the participant meets the criteria for early retirement and the participant gives the required notice. Under the 2008 Plan, unvested RSUs will be forfeited.

Change in control: unless the Compensation Committee elects to provide different treatment, all unvested RSUs will vest pro-rata under the Omnibus Plan and all unvested RSUs will vest under the 2008 Plan.

Due to the fact that Mr. Tankersley retired after the conclusion of our 2016 fiscal year, we have elected to provide disclosure as with our other named executive officers. For the amounts that Mr. Tankersley received under his Retirement Agreement, see Retirement Agreement with Walter Bobby Tankersley above.

Certain Insurance Policy Arrangements

We provided benefits in the form of paying premiums on certain insurance policies (the Policies) that cover the lives of our former Chief Executive Officer, Jasper B. Sanfilippo and our former President, Mathias A. Valentine (collectively, the Former Officers), and their respective spouses. The Policies were obtained by the Former

Officers while they were serving as executive officers of the company. The Policies were previously owned by several trusts created by the Former Officers. On December 31, 2003, the trusts, the Former Officers, their spouses and our company entered into the Amended and Restated John B. Sanfilippo & Son, Inc. Split-Dollar Insurance Agreement, which assigned the Policies to our company. As a result of this assignment, our company received all incidents and benefits of ownership in the Policies, including all rights to the accumulated cash surrender values of the Policies. Generally, upon the death of the insured, the company is entitled to receive reimbursement of all premiums paid, and the trusts created by the Former Officers are entitled to receive any remaining death benefit.

In fiscal 2016, Mr. Sanfilippo received an insurance gross up benefit of \$6,995 relating to his life insurance policies, and the company paid life insurance premiums of \$51,600. The Sanfilippo Group made a single, joint filing to reflect the formation of a group within the meaning of Section 13(d)(3) of the Exchange Act. Except as expressly set forth in the Schedule 13D, each member of the Sanfilippo Group disclaims beneficial ownership of the Common Stock and Class A Stock beneficially owned by any other member of the Sanfilippo Group.

The members of the Sanfilippo Group are deemed to beneficially own an aggregate of 1,768,496 shares of Class A Stock and 14,829 shares of Common Stock, which includes 68.1% of the total outstanding shares of Class A Stock. Based on the relative voting rights of the Class A Stock and Common Stock, the Sanfilippo Group has or shares 51.2% of the total outstanding voting power of our common equity, calculated by using 10 votes per share of Class A Stock and assuming that the applicable shares of Class A Stock are not converted into Common Stock. Pledging of Shares

The members of the Sanfilippo Group (Jasper B. Sanfilippo, Marian R. Sanfilippo, Jeffrey T. Sanfilippo, Jasper B. Sanfilippo Jr., Lisa A. Sanfilippo, John E. Sanfilippo and James J. Sanfilippo) have, from time to time, pledged their Class A Stock, which they either directly or beneficially own, to various financial institutions. Currently, 750,000 shares of Class A Stock in the Sanfilippo Family 1999 Generation Skipping Trust Agreement, dated December 31, 1999 have been pledged to financial institutions. Also, 40,008 shares of Class A stock held directly by John E. Sanfilippo have been pledged to financial institutions. In addition, 32,609 shares of Class A Stock held by Jasper B. Sanfilippo as trustee of the Jeffrey T. Sanfilippo Trust, dated October 4, 1991 have been pledged to financial institutions. Finally, 21,856 shares of Class A Stock held directly by Jeffrey T. If certain members of the Sanfilippo Group default on any of their obligations under any pledge agreements, the related loan documents or any other arrangement pursuant to which they have pledged their shares, the other parties to the agreements may have the right to foreclose upon and sell the pledged shares. Such a sale could cause our stock price to decline. Many of the occurrences that could result in a foreclosure of the pledged shares are out of our control and are unrelated to our operations.

REVIEW OF RELATED PARTY TRANSACTIONS

Our company has adopted a formal written policy governing the review and approval of related party transactions. Our policy defines a transaction as any financial or other transaction, arrangement or relationship (or series of similar transactions, arrangements or relationships) and any amendment thereto in which the amount involved exceeds \$120,000. A related party is defined as (a) any executive officer (as defined in Rule 3b-7 under the Exchange Act) or director of our company, (b) any nominee for election as a director of our company, (c) any beneficial owner of more than 5% of the voting securities of our company, (d) any immediate family member of any of the foregoing persons or (e) any entity in which any of the foregoing persons has or will have a direct or indirect material interest. In accordance with this policy, our Audit Committee, which is comprised solely of independent directors, must review all such transactions, and may approve related party transactions if it determines that the transactions are fair or reasonable and in the best interest of the company. In connection with any proposed related party transaction, our company prepares documents for the Audit Committee's review outlining the reasons why our company wishes to enter into the proposed transaction and any other relevant information, including competitive bids. As a condition to approving or ratifying any related party transaction, or with respect to any category of related party transactions covered by the policy, the Audit Committee may impose whatever conditions and standards it deems appropriate, including periodic monitoring of ongoing related party transactions. In addition, our Board of Directors, at its election, may designate a special committee of independent directors to review and approve related party transactions. Our Audit Committee, or any special committee that is so designated, may engage advisors to assist it in making the required evaluation of the terms of the proposed transactions. The policy also grants the Audit Committee discretion to impose sanctions on a related party that fails to notify the Audit Committee in advance of a transaction governed by the policy.

Lease Arrangement

As first discussed in the fiscal 2006 proxy, the company's Board of Directors appointed an independent board committee to explore alternatives that would expedite our company's facility consolidation project. The independent committee explored alternatives with respect to the company's existing leases for properties owned by two related party partnerships. These two partnerships, the 300 East Touhy Limited Partnership (the Touhy Partnership) and the Arthur/Busse Limited Partnership (the Busse Partnership) each had the following limited partners: Jasper B. Sanfilippo, a stockholder of our company, and Mathias A. Valentine, a stockholder and director of our company, their respective spouses (Marian Sanfilippo and Mary Valentine), Anne Karacic and Rosalie Laketa (sisters of Mr. Sanfilippo), Rosalie Sanfilippo (Mr. Sanfilippo's mother) and for the Touhy Partnership only, Rita Zadurski (Ms. Laketa's daughter). Our company sold and leased back its facility located in Selma, Texas to the Busse Partnership and the Touhy Partnership in September 2006. Subsequently, in January 2007, the Busse Partnership and the Touhy Partnership merged to form Selma Investments, LLC. The following individuals are currently members of Selma Investments, LLC: the Sanfilippo Family 1999 Generation Skipping Trust (25% owner), the Valentine Children Stock Partnership (25% owner), Anne Karacic (25% owner), Rosalie Laketa (12.5% owner) and Rita Zadurski (12.5% owner).

We acquired the Selma, Texas facility in 1992. The sale price of the Selma facility in September 2006, which was based on an appraisal by Joseph J. Blake and Associates, Inc., an independent appraiser, was \$14.3 million. The term of the lease is 10 years with three five year renewal options. Our company's lease payment was fixed at \$109,052 per month through the fifth anniversary date. In September 2011, our company's lease payment was reset to \$121,452 per month for an additional five years based on a Consumer Price Index Factor. The total amount paid under the lease in fiscal 2016 was \$1,457,429. Our company has the option to purchase the facility and this option is irrevocable through any of the renewal periods. The purchase price would be the greater of \$14.3 million or 95% of the fair market value of the facility. Our company also has a right of first refusal, allowing it to match any offer that may be made on the leased premises from a third party.

In fiscal 2016, the company discussed extending and renegotiating aspects of the Selma lease with Selma Investments, LLC. Through a committee of independent directors consisting of Gov. Edgar, Ms. Taaffe and Mr. Wright, the company engaged a third party appraiser to evaluate the market value and the fair market rent for the

Selma property and considered other potential alternatives with respect to the company's operations at the Selma facility. After evaluating several options, the special committee unanimously approved the company entering into a lease extension with Selma Investments, LLC.

The terms of the lease extension provided for a decrease in the total rentable square feet, a decrease in rent per square foot and adjustments to the rent per square foot for the second five year renewal option expiring in 2026 (and for the final renewal option, if exercised by our company) based on a Consumer Price Index Factor. The company exercised two five-year renewal options to extend the lease to September 2026. The company will still have the right to exercise the purchase option discussed above.

Supplier Arrangement

The related party transactions outlined below have been reviewed, approved, ratified or otherwise determined to be outside the scope of our company's related person transaction policy by our Audit Committee, as more specifically described below.

During fiscal 2016, we purchased approximately \$6.9 million of packaging and \$242,000 of equipment, supplies and services from Clear Lam. The Audit Committee reviewed and approved these purchases.

Our company purchases packaging from Clear Lam on behalf of, and at the direction of, certain of our company's contract packaging customers. The Audit Committee has determined that such purchases fall outside the scope of our company's related person transaction policy and do not require the Audit Committee's approval, so long as our company is not involved in selecting Clear Lam as the film supplier or negotiating the price or terms of the purchases. Accordingly, during fiscal 2016, the Audit Committee did not approve purchases from Clear Lam on behalf of its contract packaging customers, which comprised \$265,000.

Currently, James J. Sanfilippo, a director of our company, and John E. Sanfilippo (children of Jasper and Marian Sanfilippo) each own 6.77% of Clear Lam. The remainder of Clear Lam is owned by a trust, the equal beneficiaries of which are the children of Jasper and Marian Sanfilippo (including Jasper B. Sanfilippo, Jr. and Jeffrey T. Sanfilippo, who are both executive officers and directors of our company and James J. Sanfilippo, a director of our company). Jasper B. Sanfilippo, a stockholder and former Chief Executive Officer and former director of our company, serves as a director of Clear Lam. The five children of Jasper B. Sanfilippo (including Jasper B. Sanfilippo, Jr. and Jeffrey T. Sanfilippo, who are both executive officers and directors of our company and James J. Sanfilippo, a director of our company) are directors of Clear Lam.
