*Pershing Square Releases Letter to Shareholders*

*Highlights Second in a Series of Questions for ADP*

New York, NY September 28, 2017 // - Pershing Square Capital Management, L.P. ( Pershing Square ) today published a letter to shareholders highlighting the significant margin improvement that CDK Global (NASDAQ: CDK) ( CDK ) and Solera Holdings, Inc. ( Solera ) achieved after their disposition by ADP (NASDAQ: ADP). After separating from ADP, both CDK and Solera have delivered extraordinary increases in operating margins in only a few years.

By examining the performance of CDK and Solera, investors can better understand the potential for improvement at ADP. The dramatic improvement in these businesses once they were no longer overseen by ADP's current board and management reflects the value that can be unlocked at ADP, which The Nominees for ADP's Transformation are committed to achieve.

The full letter can be viewed here: <https://adpascending.com/shareholder-materials/>

Since our first presentation on August 17, 2017, ADP has yet to respond to the issues we have identified or the questions we have raised, including our first weekly question:

**Question 1:**

**What are ADP's margins in Employer Services by sub-segment (Small-Business, Mid-market, Enterprise, and International), excluding float and allocating corporate expenses?**

Today, Pershing Square published the second in a series of weekly public questions to ADP. We ask that ADP respond to both of these questions so shareholders can better understand ADP's potential.

**Question 2:**

**When ADP owned Dealer Services, it aimed to produce just ~50bps of annual margin improvement. When Dealer Services was spun-off as CDK, it promptly identified an opportunity to double margins without negative consequence to CDK's customers, shareholders or other stakeholders. Why was ADP not able to realize this opportunity when it owned CDK?**

**CDK achieved this improvement by engaging constructively with shareholders, hiring an outside consultant to evaluate its potential, and announcing a transformation plan why won't ADP do the same?**
