**Item 1.01. Entry into a Material Definitive Agreement.**

On January 29, 2019, Enable Midstream Partners, LP, a Delaware limited partnership ( Enable ), entered into a \$1.0 billion unsecured term loan facility (the Term Loan Facility ), with Bank of America, N.A., as administrative agent, and the several lenders thereto. The Term Loan Facility has a scheduled maturity date of January 29, 2022, but contains an option, which may be exercised up to two times, to extend the maturity date for an additional one-year term.

The Term Loan Facility provides that outstanding borrowings bear interest at the eurodollar rate and/or an alternate base rate, at Enable s election, plus an applicable margin. The applicable margin will be based on Enable s designated ratings from Standard & Poor s Ratings Services, Moody s Investors Services and Fitch Ratings (the Rating Agencies ). The applicable margin shall equal, (1) in the case of interest rates determined by reference to the eurodollar rate, between 0.75% and 1.50% per annum and (2) in the case of interest rates determined by reference to the alternate base rate, between 0.00% and 0.50% per annum. The eurodollar rate will be fixed for interest periods of 1, 2, 3 or 6 months, at Enable s election, or if requested by Enable and agreed to by all lenders, such other period of time. The applicable base rate will fluctuate as and when such rate changes.

Advances under the Term Loan Facility are subject to certain conditions precedent, including the accuracy in all material respects of certain representations and warranties and the absence of any default or event of default. Advances under the Term Loan Facility may be used to refinance indebtedness outstanding from time to time and for other general corporate purposes, including to fund acquisitions, investments and capital expenditures. As of January 31, 2019, there is a principal advance of \$200 million outstanding under the Term Loan Facility. Advances under the Term Loan Facility can be prepaid, in whole or in part, at any time without premium or penalty, other than usual and customary LIBOR breakage costs, if applicable. The Term Loan Facility has a delayed-draw feature that provides Enable with the option to make up to \$800 million in additional advances for up to 180 days from January 29, 2019, subject to the terms and conditions of the Term Loan Facility.

The Term Loan Facility requires Enable to, starting April 29, 2019, and continuing until the date on which all commitments have expired or been terminated or the amount available to be drawn is zero, pay a ticking fee on each lender s unused commitment amount (the Ticking Fee ). The Ticking Fee shall equal 0.125% on the actual daily amount of such lender s portion of the unused commitments.

The Term Loan Facility contains a financial covenant requiring Enable to maintain a ratio of consolidated funded debt to consolidated earnings before interest, taxes, depreciation and amortization ( EBITDA ) as of the last day of each fiscal quarter of less than or equal to 5.00 to 1.00; provided that, for a certain period of time following an acquisition by Enable or certain of its subsidiaries with a purchase price that, when combined with the aggregate purchase price for all other such acquisitions in any rolling 12-month period, is equal to or greater than \$25 million, the consolidated funded debt to consolidated EBITDA ratio as of the last day of each such fiscal quarter during such period would be permitted to be up to 5.50 to 1.00.

The Term Loan Facility also contains covenants that restrict Enable and certain of its subsidiaries in respect of, among other things, mergers and consolidations, sales of all or substantially all assets, incurrence of subsidiary indebtedness, incurrence of liens, transactions with affiliates, designation of subsidiaries as Excluded Subsidiaries (as defined in the Term Loan Facility), restricted payments, changes in the nature of their respective businesses and entering into certain restrictive agreements. The Term Loan Facility is subject to acceleration upon the occurrence of certain defaults, including, among others, payment defaults on such facility, breach of representations, warranties and covenants, acceleration of indebtedness (other than intercompany and non-recourse indebtedness) of \$100 million or more in the aggregate, change of control, nonpayment of uninsured judgments in excess of \$100 million, and the occurrence of certain ERISA and bankruptcy events, subject where applicable to specified cure periods.

**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

The information set forth in Item 1.01 of this Current Report on Form 8-K is incorporated by reference into this Item 2.03.
