PROXY STATEMENT

2006 Annual Meeting of Stockholders

Edgar Filing: PROSPECT ENERGY CORP - Form PRER14A

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Prospect Energy Corporation (the "Company," "we," "us" or "our") for use at the Company's 2006 Annual Meeting of Stockholders to be held on Wednesday, November 29, 2006, at 10:30 a.m. Eastern Standard Time at the offices of the Company, 10 East 40th Street, Suite 4400, New York, New York 10010 and at any postponements or adjournments thereof (the "Meeting"). This Proxy Statement and the accompanying proxy card are first being sent to stockholders on or about October 16, 2006.

We encourage you to vote your shares, either by voting in person at the Meeting or by granting a proxy (*i.e.*, authorizing someone to vote your shares). If you properly sign and date the accompanying proxy card or vote by telephone or through the Internet, and the Company receives it in time for the Meeting, the persons named as proxies will vote the shares registered directly in your name in the manner that you specified. **If you give no instructions on the proxy card, the shares covered by the proxy card will be voted FOR the election of each of the nominees as directors, FOR the ratification of the Company's independent registered public accounting firm, FOR the proposal to authorize the Company to sell shares of its common stock during the next year at a price below the Company's then current net asset value per share, and in the discretion of the persons named as proxies in connection with any other matter which may properly come before the Meeting.**

If you are a "stockholder of record" (*i.e.*, you hold shares directly in your name), you may revoke a proxy at any time before it is exercised by notifying the Company's Secretary in writing, by submitting a properly executed, later-dated proxy, or by voting in person at the Meeting. Any stockholder of record attending the Meeting may vote in person whether or not he or she has previously voted his or her shares.

If your shares are held for your account by a broker, trustee, bank or other institution or nominee, you may vote such shares at the Meeting only if you obtain proper written authority from your institution or nominee and present it at the Meeting. Please bring with you a legal proxy or letter from the broker, trustee, bank or other institution or nominee confirming your beneficial ownership of the shares as of the record date, September 21, 2006.

If your shares are registered in the name of a bank or brokerage firm, you may be eligible to vote your shares electronically via the Internet or by telephone.

Purpose of Meeting

At the Meeting, you will be asked to vote on the following proposals:

1. To elect one Class I director of the Company, to serve for a term of two years, and two Class II directors of the Company, to serve for a term of three years, or until their successors are duly elected and qualified; and

-
2. To ratify the selection of BDO Seidman, LLP ("BDO") to serve as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2007; and

3. To approve a proposal to authorize the flexibility for Company, pursuant to approval of its Board of Directors, to sell shares of its common stock during the next year at a price below the company's then current net asset value per share; and

4. To transact such other business as may properly come before the Meeting.

Voting Securities

You may vote your shares at the Meeting only if you were a stockholder of record at the close of business on September 21, 2006 (the "Record Date"). There were 12,786,523 shares of the Company's common stock

outstanding on the Record Date. Each share of the common stock is entitled to one vote.

Quorum Required

A quorum must be present at the Meeting for any business to be conducted. The presence at the Meeting, in person or by proxy, of the holders of shares of stock of the Company representing a majority of the shares outstanding on the Record Date will constitute a quorum. Shares that are represented at the Meeting but are held by a broker or other nominee for which the nominee has not received voting instructions from the record holder and does not have discretionary authority to vote the shares on certain proposals (which are considered broker non-votes with respect to such proposals), if any, will be treated as shares present for quorum purposes.

If a quorum is not present at the Meeting or if there are not sufficient votes to approve a proposal, the stockholders who are represented may adjourn the Meeting. The persons named as proxies (included on proxies marked to be voted abstain or not voted on any proposal for which an adjournment is sought) will vote those proxies for such adjournment, unless marked to be voted against any proposal for which an adjournment is sought, to permit the further solicitation of proxies.

Vote Required

Election of Directors. The election of a director requires the affirmative vote of the holders of a majority of the shares of stock outstanding and entitled to vote thereon. Stockholders may not cumulate their votes. If you vote Withhold Authority with respect to a nominee, your shares will not be voted with respect to the person indicated. Because directors are elected by a majority of the votes, abstentions and broker non-votes will have the effect of a vote against a nominee.

Ratification of Independent Registered Public Accounting Firm. The affirmative vote of a majority of the votes cast at the Meeting in person or by proxy is required to ratify the appointment of BDO to serve as the Company's independent registered public accounting firm. Abstentions will not be included in determining the number of votes cast and, as a result, will have no effect on this proposal.

Authorization of the Company to sell shares of its common stock for less than net asset value per share. Section 63(2)(A) of the Investment Company Act of 1940 (the 1940 Act) requires the affirmative vote of (1) a majority of the outstanding shares of common stock entitled to vote at the meeting; and (2) a majority of the outstanding shares of common stock entitled to vote at the meeting which are not held by affiliated persons of the Corporation. With respect to this proposal, Section 2(a)(42) of the 1940 Act defines a majority of the outstanding shares as: (1) 67% or more of the voting securities present at such meeting if the holders of more than 50% of the outstanding voting securities of such company are present or represented by proxy; or (2) 50% of the outstanding voting securities of such company, whichever is less. Abstentions and broker non-votes will have the effect of a vote against this proposal.

- 2 -

Additional Solicitation. If there are not enough votes to approve a proposal at the Meeting, the stockholders who are represented may adjourn the Meeting to permit the further solicitation of proxies with respect to that proposal. The persons named as proxies will vote those proxies for such adjournment, unless marked to be voted against any proposal for which an adjournment is sought, to permit the further solicitation of proxies.

Information Regarding This Solicitation

The Company will bear the expense of the solicitation of proxies for the Meeting, including the cost of preparing, printing and mailing this Proxy Statement, the accompanying Notice of Annual Meeting of Stockholders, and proxy card. If brokers, nominees, fiduciaries and other persons holding shares in their names, or in the name of their nominees, which are beneficially owned by others, forward the proxy materials to, and obtain proxies from, such beneficial owners, we will reimburse such persons for their reasonable expenses in so doing.

In addition to the solicitation of proxies by the use of the mails, proxies may be solicited in person and by telephone or facsimile transmission by directors, officers or employees of the Company and/or Prospect Capital Management, LLC (["PCM"]), the Company's investment adviser. PCM is located at 10 East 40th Street, Suite 4400, New York, New York 10016. Certain other members of the affiliated present and predecessor companies of PCM are referred to as ["Prospect."]. No additional compensation will be paid to directors, officers or regular employees for such services.

Stockholders may provide their voting instructions by telephone or through the Internet. These options require stockholders to input the Control Number which is located on each proxy card. After inputting this number, stockholders will be prompted to provide their voting instructions. Stockholders will have an opportunity to review their voting instructions and make any necessary changes before submitting their voting instructions and terminating their telephone call or Internet link. Stockholders who vote via the Internet, in addition to confirming their voting instructions prior to submission, will also receive an e-mail confirming their instructions upon request.

If a stockholder wishes to participate in the Meeting, but does not wish to provide voting instructions by telephone or electronically, the stockholder may still submit the proxy card originally sent with this Proxy Statement or attend in person. Merely attending the Meeting without voting at the Meeting, however, will not revoke any previously given proxy. Should stockholders require additional information regarding the Proxy Statement or require a replacement proxy card, they may contact the Company at 1-212-448-0702 or MIS Corporation, a subsidiary of Automatic Data Processing, Inc., a proxy solicitor on behalf of the Company.

Any proxy given pursuant to this solicitation may be revoked by notice from the person giving the proxy at any time before it is exercised. Any such notice of revocation should be provided in writing signed by the stockholder in the same manner as the proxy being revoked and delivered to the Company's proxy tabulator.

Committees of the Board of Directors

Our Board of Directors has established an Audit Committee and a Nominating and Corporate Governance Committee. For the fiscal year ended June 30, 2006, the Board of Directors of the Company held eleven Board meetings, ten Audit Committee meetings, and three Nominating and Corporate Governance Committee meetings. All directors attended at least 75% of the aggregate number of meetings of the Board and of the respective committees on which they served. The Company requires each director to make a diligent effort to attend all board and committee meetings, as well as each annual meeting of stockholders.

The Audit Committee. The Audit Committee operates pursuant to a charter approved by the Board of Directors. The charter sets forth the responsibilities of the Audit Committee, which include selecting or retaining each year an independent registered public accounting firm (the "independent accountants") to audit the accounts and records of the Company; reviewing and discussing with management and the independent accountants the annual audited financial statements of the Company, including disclosures made in management's discussion and analysis, and recommending to the Board of Directors whether the audited financial statements should be included in the Company's annual report on Form 10-K; reviewing and discussing with management and the independent accountants the Company's quarterly financial statements prior to the filings of its quarterly reports on Form 10-Q; pre-approving the independent accountants' engagement to render audit and/or permissible non-audit services; and evaluating the qualifications, performance and independence of the independent accountants. The Audit Committee is presently composed of three persons: Messrs. Grep, Liebolt and Parker, each of whom is not an "interested person" as defined in the 1940 Act and is considered independent under the National Association of Securities Dealers' Marketplace Rules (the "NASD Marketplace Rules"). The Company's Board of Directors has determined that Messrs. Parker and Grep are each an "audit committee financial expert" as that term is defined under Item 401 of Regulation S-K. The Audit Committee may delegate its pre-approval responsibilities to one or more of its members. The member(s) to whom such responsibility is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

The function of the Audit Committee is oversight. Management of the Company is primarily responsible for maintaining appropriate systems for accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The independent accountants are primarily responsible for planning and carrying out a proper audit of the Company's annual financial statements in accordance with generally accepted accounting standards. The independent accountants are accountable to the Board of Directors and the Audit Committee, as representatives of the Company's shareholders. The Board of Directors and the Audit Committee have the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the Company's independent accountants (subject, if applicable, to shareholder ratification).

In fulfilling their responsibilities, it is recognized that members of the Audit Committee are not full-time employees of the Company or management and are not, and do not represent themselves to be, accountants or auditors by profession. As such, it is not the duty or the responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures, to determine that the financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or to set auditor independence standards. Each member of the Audit Committee shall be entitled to rely on (a) the integrity of those persons within and outside the Company and management from which it receives information; (b) the accuracy of the financial and other information provided to the Audit Committee absent actual knowledge to the contrary (which shall be promptly reported to the Board of Directors); and (c) statements made by the officers and employees of the Company, its investment adviser or other third parties as to any information technology, internal audit and other non-audit services provided by the independent accountants to the Company.

- 8 -

The Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee (the "Nominating and Governance Committee") is responsible for selecting qualified nominees to be elected to the Board of Directors by stockholders; selecting qualified nominees to fill any vacancies on the Board of Directors or a committee thereof; developing and recommending to the Board of Directors a set of corporate governance principles applicable to the Company; overseeing the evaluation of the Board of Directors and management; and undertaking such other duties and responsibilities as may from time to time be delegated by the Board of Directors to the Nominating and Governance Committee. The Nominating and Governance Committee is presently composed of three persons: Messrs. Grep, Liebolt and Parker, each of whom is not an "interested person" as defined in Section 2(a)(19) of the 1940 Act.

The Nominating and Governance Committee will consider stockholder recommendations for possible nominees for election as directors when such recommendations are submitted in accordance with the Company's bylaws and any applicable law, rule or regulation regarding director nominations. Nominations should be sent to William

E. Vastardis, Secretary, Prospect Energy Corporation, 10 East 40th Street, Suite 4400, New York, New York 10016. When submitting a nomination to the Company for consideration, a stockholder must provide all information that would be required under applicable Commission rules to be disclosed in connection with election of a director, including the following minimum information for each director nominee: full name, age and address; principal occupation during the past five years; current directorships on publicly held companies and investment companies; number of shares of Company common stock owned, if any; and a written consent of the individual to stand for election if nominated by the Board of Directors and to serve if elected by the stockholders. Criteria considered by the Nominating and Governance Committee in evaluating the qualifications of individuals for election as members of the Board of Directors include compliance with the independence and other applicable requirements of the NASD Marketplace Rules and the 1940 Act and all other applicable laws, rules, regulations and listing standards, the criteria, policies and principles set forth in the Nominating and Corporate Governance Committee Charter, and the ability to contribute to the effective management of the Company, taking into account the needs of the Company and such factors as the individual's experience, perspective, skills and knowledge of the industry in which the Company operates. The Nominating and Governance Committee also may consider such other factors as it may deem are in the best interests of the Company and its stockholders. The Board of Directors also believes it is appropriate for certain key members of the Company's management to participate as members of the Board of Directors.

Corporate Governance

Corporate Governance Guidelines

Upon the recommendation of the Nominating and Governance Committee, the Board of Directors has adopted Corporate Governance Guidelines on behalf of the Company. These Corporate Governance Guidelines address, among other things, the following key corporate governance topics: director responsibilities; the size, composition, and membership criteria of the Board of Directors; composition and responsibilities of directors serving on committees of the Board of Directors; director access to officers, employees and independent advisors; director orientation and continuing education; director compensation; and an annual performance evaluation of the Board of Directors.

- 9 -

Code of Conduct

The Company has adopted a code of conduct which applies to, among others, its senior officers, including its Chief Executive Officer and its Chief Financial Officer, as well as every employee of the Company. The Company's code of conduct is attached as an exhibit to the Company's Annual Report on Form 10-K filed with the Commission, and can be accessed via the Internet site of the Commission at <http://www.sec.gov>. **PROPOSAL II: RATIFICATION OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

The 1940 Act requires that the Company's independent registered public accounting firm be selected by a majority of the independent directors of the Company. One of the purposes of the Audit Committee is to recommend to the Company's Board of Directors the selection, retention or termination of the independent registered public accounting firm for the Company. At a meeting held on October 4, 2006, the Company's Audit Committee recommended and the Company's Board, including a majority of the independent directors, approved the selection of BDO as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2007. Although not required by the 1940 Act or the NASD Marketplace Rules, the Company is subjecting the Board's selection of BDO to the ratification or rejection of shareholders. A representative of BDO will not be present at the Meeting, but will be available by telephone and will have an opportunity to make a statement (if the representative so desires) and to respond to appropriate questions. After reviewing the Company's audited financial statements for the fiscal year ending June 30, 2006, the Company's Audit Committee recommended to the Company's Board that such statements be included in the Company's Annual Report to shareholders. A copy of the Audit Committee report appears on page 14.

- 13 -

The Audit Committee and the Board of Directors have considered the independence of BDO and have concluded that BDO is independent as required by Independence Standards Board Standard No. 1. In connection with their determination, BDO has advised the Company that neither the firm nor any present member or associate of it has any material financial interest, direct or indirect, in the Company or its affiliates.

Audit fees consist of fees billed for professional services rendered for the audit of our year-end financial statements included in the Company's Annual Report on Form 10-K and a review of financial statements included in the Company's Quarterly Reports on Form 10-Q, or services that are normally provided by BDO in connection with statutory and regulatory filings for the past two fiscal years. Audit Fees incurred by the Company for its fiscal quarter ended March 31, 2005 were \$20,815. Audit Fees incurred by the Company for its fiscal year ended June 30, 2005 were \$229,947. Audit Fees incurred by the Company for its 2006 fiscal quarters ended September 30, 2005, December 31, 2005 and March 31, 2006 were \$33,818, \$36,612 and \$40,000, respectively. Audit Fees incurred by the Company for its fiscal year ended June 30, 2006 were \$175,000. Audit Fees incurred by Company for the audit of its internal controls under Sarbanes-Oxley Section 404 in conjunction with its fiscal year ended June 30, 2006 were \$110,000. Audit Fees incurred by the Company subsequent to its fiscal year ended June 30, 2006 in conjunction with its secondary offering were \$75,000.

Audit Related Fees. Audit related services consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under "Audit Fees." These services include attest services that are not required by statute or regulation and consultations concerning financial accounting and reporting standards. The Company incurred audit-related fees with Citrin Cooperman & Co., LLP in the amount of \$140,663 for the implementation of its internal controls program under Sarbanes-Oxley Section 404. The Company estimates an additional \$20,000 will be incurred for work in progress on its internal controls program.

Tax Fees. Tax fees consist of fees billed for professional services for tax compliance. These services include assistance regarding federal, state, and local tax compliance. The Company has a tax year end of August 31. Tax fees incurred by the Company were \$20,875 for its tax year ended August 31, 2004, and include services for BDO's provision of tax preparation services and the execution and filing of the Company's tax returns. Tax fees incurred by the Company were \$16,000 for its tax year ended August 31, 2005.

All Other Fees. All other fees would include fees for products and services other than the services reported above. The Company incurred no such fees for the past two fiscal years.

Audit Committee Report⁽¹⁾

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the fiscal year ended June 30, 2006.

The Audit Committee has reviewed and discussed the Company's audited financial statements with management and BDO, the Company's independent registered public accounting firm, with and without management present. The Audit Committee included in its review results of BDO's examinations, the Company's disclosure controls and procedures, and the quality of the Company's financial reporting. The Audit Committee also reviewed the Company's procedures and disclosure controls designed to ensure full, fair and adequate financial reporting and disclosures, including

procedures for certifications by the Company's chief executive officer and chief financial officer that are required in periodic reports filed by the Company with the Commission. The Audit Committee is satisfied that the Company's disclosure controls and procedures are adequate and that the Company employs appropriate accounting and auditing procedures.

The Audit Committee also has discussed with BDO matters relating to BDO's judgments about the quality, as well as the acceptability, of the Company's accounting principles as applied in its financial reporting as required by Statement of Auditing Standards No. 61 (Communications with Audit Committees). In addition, the Audit Committee has discussed with BDO their independence from management and the Company, as well as the matters in the written disclosures received from BDO and required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee received oral communications from BDO confirming their independence and discussed the matter with BDO. The Audit Committee discussed and reviewed with BDO the Company's critical accounting policies and practices, disclosure controls, other material written communications to management, and the scope of BDO's audits and all fees paid to BDO during the fiscal year. Pursuant to the Audit Committee charter, the Audit Committee may review and pre-approve audit and permissible non-audit services performed by BDO for the Company. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management. The Audit Committee has reviewed and considered the compatibility of BDO's performance of non-audit services with the maintenance of BDO's independence as the Company's independent registered public accounting firm.

Based on the Audit Committee's review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements for the fiscal year ended June 30, 2006 be included in the Company's Annual Report on Form 10-K for the same fiscal year for filing with the Commission. In addition, the Audit Committee has engaged BDO to serve as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2007 (subject to ratification by the Company's stockholders).

Respectfully submitted,

Audit Committee

Walter V.E. Parker, Chairman

F. Lee Liebolt, Jr.

William J. Grep

Unless marked to the contrary, the shares represented by the enclosed proxy card will be voted for ratification of the appointment of BDO Seidman, LLP as the independent registered public accounting firm of the Company.

The Board Of Directors Recommends That You Vote FOR Ratifying the Selection of BDO Seidman, LLP as the Independent Registered Public Accounting Firm of the Company.

**PROPOSAL III: APPROVAL TO SELL SHARES OF
COMMON STOCK BELOW NET ASSET VALUE**

The Company is a closed-end investment company that has elected to be treated as a business development company under the 1940 Act. The 1940 Act prohibits the Company from selling shares of its common stock at a price below the current net asset value per share of such stock, with certain exceptions. One such exception would permit the Company to sell shares of its common stock during the next year at a price below the Company's then current net asset value per share if its stockholders approve such a sale and the Company's directors make certain determinations. Pursuant to this provision, the Company is seeking the approval of its common stockholders so that it may, in one or more public or private offerings of its common stock, sell shares of its common stock at a price below its then current net asset value per share, subject to certain conditions discussed below. If approved, the authorization would be effective for a period expiring on the earlier of the anniversary of the date of this Meeting and the date of the Company's 2007 Annual Meeting of Stockholders, which is expected to be held in November 2007.

- 15 -

Generally, equity securities sold in public securities offerings are priced based on market prices, rather than net asset value per share. The Company is seeking the approval of a majority of its common stockholders of record to offer and sell shares of its common stock at prices that, net of underwriting discount or commissions, may be less than net asset value so as to permit the flexibility in pricing that market conditions generally require.

The Company's common stock has a limited trading history and has traded both at a premium and at a discount in relation to its net asset value. Although the Company's common stock recently has been trading at a premium above net asset value, there can be no assurance that this will continue or that its common stock will not trade at a discount in the future. Shares of closed-end investment companies frequently trade at a discount from net asset value. Without the approval of a majority of its common stockholders to sell stock at prices below its current net asset value per share, the Company would be precluded from selling shares of its common stock to raise capital during periods where the market price for its common stock is below its current net asset value and may be precluded from selling shares when the market price for its common stock is not sufficiently above its current net asset value so that the price at which shares would be sold, net of underwriting discount or commissions, would not be less than its current net asset value.

The Company believes that having the flexibility to issue its common stock below net asset value in certain instances will benefit all of its stockholders. The Company expects that it will be periodically presented with attractive opportunities that require the Company to make an investment commitment quickly. Because the Company generally attempts to remain fully invested and it does not intend to maintain cash for the purpose of making these investments, the Company may be unable to capitalize on investment opportunities presented to it unless it is able to quickly raise capital. The market value of the Company's common stock may periodically fall to a small premium or below its net asset value, which is not uncommon for closed-end investment companies like the Company. Or, the Company's net asset value could increase without a commensurate increase in the Company's stock price. If either of these events were to occur, absent the approval of this proposal by stockholders, the Company would not be able effectively to access capital markets to enable it to take advantage of attractive investment opportunities.

If this proposal is approved, the Company does not anticipate selling its common stock below its net asset value unless it has identified attractive near term investment opportunities that the Company reasonably believes will lead to a long-term increase in net asset value. In determining whether or not to sell additional shares of the Company's common stock at a price below the net asset value per share, the Board of Directors will have duties to act in the best interests of the Company and its stockholders. Further, to the extent the Company issues shares of its common stock below net asset value in a publicly registered transaction, the Company's market capitalization and the amount of its publicly tradable common stock will increase, thus affording all common stockholders greater liquidity.

If this proposal is approved, the Company will only sell shares of its common stock at a price below net asset value per share if the following conditions are met:

- 16 -

- a majority of the Company's directors who have no financial interest in the sale and a majority of such directors who are not interested persons of the Company have determined that any such sale would be in the best interests of the Company and its stockholders; and
- a majority of the Company's directors who have no financial interest in the sale and a majority of such directors who are not interested persons of the Company, in consultation with the underwriter or underwriters of the offering if it is to be underwritten, have determined in good faith, and as of a time immediately prior to the first solicitation by or on behalf of the Company of firm commitments to purchase such securities or immediately prior to the issuance of such securities, that the price at which such securities are to be sold is not less than a price which closely approximates the market value of those securities, less any distributing commission or discount.

Before voting on this proposal or giving proxies with regard to this matter, common stockholders should consider the potentially dilutive effect of the issuance of shares of the Company's common stock at less than net asset value per share on the net asset value per outstanding share of common stock. Any sale of common stock at a price below net asset value would result in an immediate dilution to existing common stockholders. Since under this proposal shares of the Company's common stock could be issued at a price that is substantially below the net asset value per share, the dilution could be substantial. This dilution would include reduction in the net asset value per shares as a result of the issuance of shares at a price below the net asset value per share and a proportionately greater decrease in a shareholder's interest in the earnings and assets of the Company and voting interest in the Company than the increase in the assets of the Company resulting from such issuance. The Board of Directors of the Company will consider the potential dilutive affect of the issuance of shares at a price below the net asset value per share when considering whether to authorize any such issuance. The 1940 Act establishes a connection between common share sale price and net asset value because, when stock is sold at a sale price below net asset value per share, the resulting increase in the number of outstanding shares is not accompanied by a proportionate increase in the net assets of the issuer. Common stockholders should also consider that holders of the Company's common stock have no subscription, preferential or preemptive rights to additional shares of the common stock proposed to be authorized for issuance, and thus any future issuance of common stock will dilute such stockholders' holdings of common stock as a percentage of shares outstanding.

The issuance of the additional shares of common stock will also have an effect on the gross amount of management fees paid by the Company to PCM. The Company's investment advisory agreement with PCM provides for a management fee payable to PCM as compensation for managing the investment portfolios of the Company, which consists of an asset-based management fee and an incentive fee. The increase in the Company's asset base that would result from any issuance of shares of common stock proposed to be authorized by common stockholders in this proposal would increase assets of the Company under management, and would cause a corresponding increase in the gross amount of management fees paid to PCM, but would not increase or decrease the management fee as a percentage of assets under management. However, by increasing the size of the Company's asset base and number of shares outstanding, the Company may be able to reduce its fixed expenses both as a percentage of total assets and on a per share basis.

Required Vote

Approval of this proposal requires the affirmative vote of (1) a majority of the outstanding shares of common stock entitled to vote at the meeting; and (2) a majority of the outstanding shares of common stock entitled to vote at the meeting which are not held by affiliated persons of the Company.

For purposes of this proposal, the 1940 Act defines "a majority of the outstanding shares" as: (1) 67% or more of the voting securities present at such meeting if the holders of more than 50% of the outstanding voting securities of such company are present or represented by proxy; or (2) 50% of the outstanding voting securities of such company, whichever is the less. Abstentions and broker non-votes will have the effect of a vote against this proposal.

The Board Of Directors Recommends That You Vote FOR the proposal to authorize the Company to sell shares of its common stock during the next year at a price below the Company's then current net asset value per share.

OTHER BUSINESS

The Board of Directors knows of no other business to be presented for action at the Meeting. If any matters do come before the Meeting on which action can properly be taken, it is intended that the proxies shall vote in accordance with the judgment of the person or persons exercising the authority conferred by the proxy at the Meeting.

ADDITIONAL PROXY SOLICITATION INFORMATION

In addition to solicitation by mail, certain officers, employees and representatives of the Company or its affiliates and certain financial services firms and their representatives, who will receive no extra compensation for their services, may solicit proxies by telephone, telegram or personally.

MIS Corporation, a subsidiary of Automatic Data Processing, Inc., (the "Solicitor") has been engaged to assist in the solicitation of proxies, at an estimated cost of \$12,000. As the date of the Meeting approaches, certain of the Company's stockholders may receive a telephone call from a representative of the Solicitor if their votes have not yet been received. Authorization to permit the Solicitor to execute proxies may be obtained by telephonic instructions from stockholders of the Company. Proxies that are obtained telephonically will be recorded in accordance with the procedures set forth below. The Board believes that these procedures are reasonably designed to ensure that both the identity of the stockholder casting the vote and the voting instructions of the stockholder are accurately determined.

In all cases where a telephonic proxy is solicited, the Solicitor representative is required to ask for each stockholder's full name and address and to confirm that the stockholder has received the proxy materials in the mail. If the stockholder is a corporation or other entity, the Solicitor representative is required to ask for the person's title and confirmation that the person is authorized to direct the voting of the shares. If the information solicited agrees with the information provided to the Solicitor, then the Solicitor representative has the responsibility to explain the process, read the Proposals on the proxy card(s), and ask for the instructions on the Proposals. Although the Solicitor representative is permitted to answer questions about the process, he or she is not permitted to recommend to the stockholder how to vote, other than to read any recommendation set forth in the Proxy Statement. The Solicitor will record the shareholder's instructions on the card. Within 72 hours, the stockholder will be sent a letter or mailgram to confirm his or her vote and asking the stockholder to call the Solicitor immediately if his or her instructions are not correctly reflected in the confirmation.

If a stockholder wishes to participate in the Meeting, but does not wish to give a proxy by telephone, the stockholder may still submit the proxy card(s) originally sent with the Proxy Statement or attend in person.

SUBMISSION OF STOCKHOLDER PROPOSALS

The submission of a proposal does not guarantee its inclusion in the Company's Proxy Statement or presentation at the Meeting unless certain securities law requirements are met. The Company expects that the 2007 Annual Meeting of Stockholders will be held in October or November, 2007, but the exact date, time, and location of such meeting have yet to be determined. A stockholder who intends to present a proposal at that annual meeting must submit the proposal in writing to the Company at its address in New York, New York, and the Company must receive the proposal no later than June 19, 2007, in order for the proposal to be considered for inclusion in the Company's proxy statement and form of proxy for the November 2007 meeting.

- 18 -

For any proposal that is not submitted for inclusion in next year's proxy statement (as described in the preceding paragraph) but is instead sought to be presented directly at next year's annual meeting, Commission rules permit management to vote proxies in its discretion if (a) the Company receives notice of the proposal before the close of business on June 19, 2007 and advises stockholders in next year's proxy statement about the nature of the matter and how management intends to vote on such matter, or (b) does not receive notice of the proposal prior to the close of business on June 19, 2007.

Notices of intention to present proposals at the 2007 Annual Meeting should be addressed to: Secretary, Prospect Energy Corporation, 10 East 40th Street, Suite 4400, New York, New York 10016 and should be

received by the Company in the time period described above. The Company reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

You are cordially invited to attend the Annual Meeting of Stockholders in person. Whether or not you plan to attend the meeting, you are requested to complete, date, sign and promptly return the accompanying proxy card in the enclosed postage-paid envelope, or vote by telephone or through the Internet.
