(a) EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

The Company carried out, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and the Company's Chief Financial Officer, an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities and Exchange Act of 1934, as amended). Based on their evaluation, the Company's Chief Executive Officer and its Chief Financial Officer concluded that, the Company's disclosure controls and procedures were not effective as of the end of the period covered by this report, because of the material weakness identified as of December 31, 2008. Notwithstanding the existence of the material weakness identified as of March 31, 2009, management has concluded that the consolidated financial statements in this Form 10-Q/A fairly present, in all material respects, the Company's financial position, results of operations and cash flows for the periods and dates presented.

(b) CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There were no changes in our internal control over financial reporting that occurred during our last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

The Company is continuing the process of developing and implementing a remediation plan to address the material weaknesses as described in Form 10-Q/A for the quarter ended December 31, 2008.
