The Fund

The Swiss Helvetia Fund, Inc. is a non-diversified, closed-end investment company whose objective is to seek long-term capital appreciation through investment in equity and equity-linked securities of Swiss companies. The Fund, listed on the New York Stock Exchange under the symbol "SWZ," is managed by Hottinger Capital Corp.

The Fund had a Morningstar overall rating of three stars as of December 31, 2004. Of course, past performance is no guarantee of future results. See the footnote on page 4 for more information.

Net Asset Value is calculated daily by 6:15 P.M. (Eastern Time). The most recent calculation is available by calling 1-888-SWISS-00 or by accessing our Website. Net Asset Value is also published weekly in BARRON'S, the Monday edition of THE WALL STREET JOURNAL and the Sunday Edition of THE NEW YORK TIMES.

GLOBAL MARKET OVERVIEW

The pace of global growth experienced in 2004, currently estimated at close to 5%, was the fastest for two decades. However, going forward growth should slow as the global economy transitions from an above-trend recovery phase to a slower paced expansion phase and as monetary policy is tightened.

In the U.S., fiscal stimulus will drop off in 2005. The Organisation for Economic Co-operation and Development (OECD) forecasts US Gross Domestic Product (GDP) growth of 3.3% for 2005 -- at or slightly above trend. Core inflation is now annualizing at 2.4%. There appears to be more inflation in the pipeline at the core crude material and the intermediate price stages, while unit labor costs in the second and third quarters have risen at close to 2% as productivity has declined. Further price pressures will come from diminishing slack in the economy and a falling U.S. dollar.

The Japanese and Euroland economies have been the most badly affected by the summer "soft patch." In Japan, real GDP growth has come to a complete standstill as can be seen in the recently revised GDP data, which has been recalculated using a new methodology. The new data appears to indicate that inventories and a slump in public consumption were initially responsible for the downturn. Interest rates are expected to remain on hold for at least the

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

first half of 2005 with the Consumer Price Index (CPI) hovering at around zero. The OECD forecasts Japanese GDP growth of 2.1% in 2005, but that may be a little optimistic.

Euroland has struggled this year with GDP growth very weak in the second half of 2004 due to the slowdown in the global economy, a strong euro and ongoing weak domestic demand. The drop in the Purchasing Managers Index (PMI) surveys in December to just above 50 highlights just how much economic momentum has been lost. The adjustment to domestic demand growth from export-led growth in 2005 will be difficult. We think the European Central Bank will relent and remain on hold until growth firms and the labor market improves.

The best stock market performances this year were the Emerging and the Eastern European markets. As an asset class the mid- and small-cap sectors had very strong performance. Their out-performance across the globe was almost unprecedented. Very low interest rates, better access to financing due to market interest in high yield instruments, and a decline in volatility and risk aversion all contributed strongly to the performance of this asset class. It is unlikely that 2005 will be so kind for small- and mid-cap stocks due to higher borrowing rates and slower economic growth.

With regard to the much discussed weakness in the US dollar, it decreased by 10.44% against the Swiss franc in 2003 and continued its decline particularly after the election in 2004. It finished the year down 8% against the Swiss franc.

ACCOUNTING CHANGES IMPACT ON THE MARKET

European markets are moving towards full adoption of the International Financial

2

Reporting Standards (IFRS) in 2005. In Switzerland, the Swiss stock exchange has decided that all companies listed on the exchange are obliged to apply either IFRS or US generally accepted accounting practices (GAAP) as their accounting standard from 2005 onwards, in order to remain in the main trading segment, namely the Swiss Performance Index (SPI). According to a study conducted by UBS, 87% of the companies already apply IFRS accounting standards, 11% use US GAAP and 2% use Swiss GAAP. The main changes involve the amortization of goodwill, the expensing of employee stock options, and the funding of pensions.

SWISS ECONOMIC NOTES

Economic growth in Switzerland has lost some of its momentum. However, the Swiss National Bank (SNB) still anticipates economic growth to be close to 2% for the full year of 2004. On the assumption that the three-month LIBOR rate will remain unchanged at 0.75%, the SNB expects growth of 1.5% to 2% for next year and an inflation rate of 1.1% in 2005 and 1.3% in 2006.

The unemployment rate increased from 3.7% at the end of the third quarter to 4% at the end of the year.

The flattening of the yield curve continues, as the ten-year spot interest rate on Confederation bonds continued its decrease and short-term interest

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

rates (3-6 months) continued their increase. The rate on the 10-year government bond reached 2.72% at the end of the year.

SWISS MARKET NEWS

On November 15, 2004, two new indices were launched to supplement the existing Swiss Market Index (SMI): the SMI MID (SMIMX), which focuses on the mid-cap segment and contains a maximum of 30 of the largest most liquid mid-cap stocks in the Swiss equity market, which are NOT represented in the blue-chip SMI index, and the SMI expanded (SMIEXX), which is composed of the SMI and the SMIMX and therefore comprises a maximum of 60 stocks that are the largest and most liquid stocks in the Swiss market.

SWISS MARKET REVIEW AND FUND PERFORMANCE

The Swiss market's 2004 return of 6.89% (in local currency) was a decent performance when compared to the rest of continental Europe and to the US. A closer look revealed that the SPI had a volatile year with significant ups and downs. With regard to individual stocks, the year ended with reports of accounting issues at Adecco and a provisions shortfall at Converium. With regard to macro-economic and geo-political issues, the beginning of the year was affected by the attacks in Madrid, the plunge in the US dollar starting in mid-April and accentuated after the election, and the surge in oil prices to a level of \$50 in October.

The best performances were small and mid-sized stocks. Small stocks returned 24.19% with very thinly traded companies like Swiss Steel returning 159%, Quadrant returning 128%, and Zurich Airport returning 126%. Mid-cap stocks also performed

3

THE SWISS HELVETIA FUND, INC.

Letter to Stockholders (continued)

well with a return of 11%. The big laggards were the large-cap stocks, as indicated by the 3.74% return of the SMI, an index that represents the 30 largest stocks in Switzerland. Small and mid-cap companies have superior growth and we can see an increasing interest in these areas in Switzerland. An indication of this is the previously noted creation of an index of the largest mid-cap stocks of Switzerland. We believe this is good news since it is likely to increase the liquidity of these stocks.

The Fund's performance has been particularly rewarding for US stockholders. The total return of the shares of the Fund, after a very strong 41.76% in 2003, was again excellent with a 23.65% return in 2004 (based on market price). For the same periods the S&P 500 Index returned 28.68% and 10.87%, respectively. The return of the portfolio's stocks, the effect of the fall of the dollar, and the reduction of the Fund's discount to net asset value to 10.96% as of December 31, 2004 all contributed favorably to the Fund's performance.

The return on the Fund's net asset value was 7.75% in Swiss franc terms and 17.19% in US dollar terms. It outperformed the SMI thanks in part to its exposure to small and mid-cap stocks such as Sulzer, Kuehne & Nagel, Logitech and utility suppliers. Its overweight position in SMI's best performers such as Syngenta (which increased by 47.3%) and Holcim (which increased by 24.02%) as well as a shift out of the insurance stocks (which performed poorly by declining -1.2%) helped as well. The Fund, however, was penalized by its low exposure to banks (which outperformed towards the end of the year) and its

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

position in the biotechnology sector.

The Fund's cumulative performance continues to be superior to its Swiss peers and its benchmark. As of December 31, 2004 the Fund had a rating of three stars from Morningstar*.

*Morningstar is an independent fund performance monitor. Its ratings reflect historic risk-adjusted performance and may change monthly. Its ratings of one (low) and five (high) stars are based on a fund's three- and five-year average annual total returns with fee adjustments, and a risk factor that reflects fund performance relative to three-month Treasury Bill monthly returns. Only 33% of the funds in an investment category may receive four or five stars. As of December 31, 2004, there were 10 funds in the Fund's asset category rated by Morningstar.

OUTLOOK/STRATEGY

Stock indices' volatility has been below historical norms for some time now. High corporate cash flows and the negative level of real short-term interest rates in the US have contributed to this situation. Investors are pricing risk too low and it makes profitable trades difficult. This could continue until either short-term US interest rates go above expected inflation or a negative external event happens.

The main characteristic of the market is the much higher correlation between asset classes, which makes diversification difficult to achieve. In addition, high leverage is frequently used by investors in order to squeeze out the small returns currently found in most investment strategies.

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

Given all these factors, as well as a slower economic growth, 2005 will be more difficult. Careful stock picking and longer holding periods could be the only viable strategies for now. Management would favor large-cap stocks and defensive stocks in such areas as pharmaceuticals and food. The outlook for the Swiss market is probably better than average due to its defensive characteristics.

Given the significant amount of free cash flow generated in 2004 by Swiss companies, we expect 2005 to be a payback year for stockholders. Companies are expected to launch new or continue share buybacks or increase dividend payouts.

On the currency side, management expects some short term rebound in the US dollar due to a widening of the short-term interest rate differential with Europe and Switzerland and the unwinding of short positions betting against the US dollar.

STOCK REPURCHASE PROGRAM

Pursuant to authorization by its Board of Directors, the Fund began open market purchases of its common stock on the New York Stock Exchange in 1999 and has continued purchases in each subsequent year. The principal purpose of the stock repurchase program is to enhance stockholder value by increasing the Fund's net asset value per share without creating a meaningful adverse effect upon the Fund's expense ratio and without realizing capital gains in order to fund the repurchases. The Board has authorized the purchase of up to 250,000 shares

6

THE SWISS HELVETIA FUND, INC.

in 2005. During the year ended December 31, 2004, the Fund repurchased and retired 189,100 shares at an average price of \$13.42 per share (including brokerage commissions) and a weighted average discount of 15.48%. These repurchases, which had a total cost of \$2,537,410, resulted in an increase of \$489,059 to the Fund's net asset value.

Notes to Financial Statements

NOTE 1--ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

A. ORGANIZATION

The Swiss Helvetia Fund, Inc. (the "Fund") is registered under the Investment Company Act of 1940, as amended (the "Act"), as a non-diversified, closed-end investment management company. The Fund is organized as a corporation under the laws of the State of Delaware.

The investment objective of the Fund is to seek long-term growth of capital through investment in equity and equity-linked securities of Swiss companies.

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

B. VALUATION OF SECURITIES

The Fund values its investments at market value.

When valuing listed equity securities, the Fund uses the last sale price prior to the calculation of the Fund's net asset value. When valuing equity securities that are not listed or that are listed but have not traded, the Fund uses the mean between the bid and asked prices for that day.

When valuing fixed income securities, the Fund uses the last bid price prior to the calculation of the Fund's net asset value. If a current bid price is not available, the Fund uses the mean between the latest quoted bid and asked prices. When valuing fixed income securities that mature within sixty days, the Fund uses amortized cost.

It is the responsibility of the Fund's Board of Directors (the "Board") to establish fair valuation procedures. When valuing securities for which market quotations are not readily available or for which the market quotations that are available are considered unreliable, the Fund determines a fair value in good faith in accordance with these procedures. The Fund may use these procedures to establish the fair value of securities when, for example, a significant event occurs between the time the market closes and the time the Fund values its investments. After consideration of various factors, the Fund may value the securities at their last reported price or at some other value. On December 31, 2004, there were no fair valued securities.

C. SECURITIES TRANSACTIONS AND INVESTMENT INCOME

Securities transactions are recorded on the trade date. Realized gains and losses are determined by comparing the proceeds of a sale or the cost of a purchase with a specific offsetting transaction.

Dividend income, net of any foreign taxes withheld, is recorded on the ex-dividend date. Interest income, including amortization of premiums and accretion of discounts, is accrued daily. Estimated expenses are also accrued daily.

The Fund records Swiss withholding tax as an expense, net of any amount receivable from Swiss tax authorities in accordance with the tax treaty between the United States and Switzerland.

D. DISTRIBUTIONS

The Fund pays dividends annually to the extent it has any net investment income and net realized gains from foreign currency transactions and makes distributions of any net realized capital gains to the extent they exceed any capital loss carryforwards. The Fund determines the size and nature of these distributions in accordance with provisions of the Internal Revenue Code. Distributions may be paid either in cash or in stock with an option to take cash. The Fund records dividends and distributions on its books on the ex-dividend date.

E. FEDERAL INCOME TAXES

The Fund's policy is to continue to comply with the requirements of the Internal Revenue Code that are applicable to regulated investment companies and to distribute all its taxable income to its stockholders. Therefore, no federal income tax provision is required.

Income and capital gain distributions are determined in accordance with federal income tax regulations, which may differ from generally accepted accounting principles.

F. SECURITIES LENDING

The Fund may lend securities to financial institutions. The Fund retains

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

beneficial ownership of the securities it has loaned and continues to receive amounts equivalent to the dividends paid on these securities and to participate in any changes in their market value. For the initial transaction, the Fund requires the borrowers of the securities to establish collateral with the Fund in the form of cash and/or government securities equal to 105% of the value of the securities loaned. Subsequent to the initial transaction, the Fund requires the

24

THE SWISS HELVETIA FUND, INC.

Notes to Financial Statements (continued)

borrowers to maintain collateral with the Fund equal to 100% of the value of the securities loaned. The Fund receives fees as compensation for lending its securities. Either the Fund or the borrower may terminate the securities loan at any time. On December 31, 2004, there were no securities on loan.

G. FOREIGN CURRENCY TRANSLATION

The Fund maintains its accounting records in U.S. dollars. The Fund determines the U.S. dollar value of foreign currency denominated assets, liabilities and transactions by using prevailing exchange rates. In valuing assets and liabilities, the Fund uses the prevailing exchange rate on the valuation date. In valuing securities transactions, the receipt of income and the payment of expenses, the Fund uses the prevailing exchange rate on the transaction date.

Net realized and unrealized gains and losses on foreign currency translations shown on the Fund's financial statements result from the sale of foreign currencies, from currency gains or losses realized between the trade and settlement dates on securities transactions, and from the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Fund's books and the U.S. dollar equivalent of the amounts actually received or paid.

When calculating realized and unrealized gains or losses on investments in equity securities, the Fund does not separate the gain or loss attributable to changes in the foreign currency price of the security from the gain or loss attributable to the change in the U.S. dollar value of the foreign currency. Other foreign currency transactions resulting in realized and unrealized gain (loss) are disclosed separately.

H. ESTIMATES

In preparing its financial statements in conformity with accounting principles generally accepted in the United States, management makes estimates and assumptions. Actual results may be different.

NOTE 2--FEES AND TRANSACTIONS WITH AFFILIATES

Hottinger Capital Corp. ("HCC"), which is owned jointly by Hottinger U.S., Inc. and Hottinger & Cie (Zurich), is the Fund's advisor (the "Advisor"). The Fund pays the Advisor an annual fee based on its month-end net assets which is calculated and paid monthly at the following annual rates: 1.00% of the first \$60 million, 0.90% of the next \$40 million, 0.80% of the next \$100 million, 0.70% of the next \$100 million, 0.65% of the next \$100 million, 0.60% of the next \$100 million, 0.55% of the next \$100 million, and 0.50% of such assets in excess of \$600 million. For the year ended December 31, 2004 the Fund paid the Advisor \$2,968,162 in investment advisory fees. The Fund paid Hottinger & Cie \$47,325 in brokerage commissions for the year ended December 31, 2004.

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

The Fund and the Advisor have agreed to share certain common expenses subject to review and allocation by the Audit Committee (the "Committee") of the Board. The Committee's allocations are based on its determination of the relative benefits the Fund and the Advisor derive from the expenditures. During 2004, the Committee allocated \$9,300 of expenses incurred in connection with publicizing the Fund as follows: \$4,650 to the Fund and \$4,650 to the Advisor.

Certain officers and directors of the Fund are also officers or directors of HCC, Hottinger U.S., Inc. and Hottinger & Cie (Zurich). These persons are not paid by the Fund for serving in these capacities.

NOTE 3--OTHERFEES

Citigroup Global Transaction Services, through its various affiliates, provides certain administration and portfolio accounting services to the Fund.

American Stock Transfer & Trust Company is the Fund's transfer agent. The Fund pays the transfer agent an annual fee which is accrued daily and paid monthly.

Swiss American Securities Inc. is the Fund's U.S. custodian. Credit Suisse First Boston is the Fund's Swiss sub-custodian. The Fund pays the custodian and sub-custodian an annual fee.

The Fund pays each director who is not an interested person (as such term is defined in the Act) of the Fund, its Advisor, or Forum Administrative Services, LLC, approximately \$16,400 per annum in compensation, except for the Chairmen of the Audit Committee and the Governance/Nominating Committee, to whom the Fund pays an annual fee of approximately \$18,000. In addition, the Fund pays each disinterested director \$750 for each Board meeting attended and \$750 for each committee meeting attended, if it is held separately. In addition, the Fund reimburses directors who are not employees of

25

THE SWISS HELVETIA FUND, INC.

Notes to Financial Statements (continued)

or affiliated with the Advisor for out-of-pocket expenses incurred in conjunction with attendance at meetings.

NOTE 4--CAPITALSHARE TRANSACTIONS

The Fund is authorized to issue up to 50 million shares of capital stock. HCC owned 113,788 of the 23,909,218 shares outstanding on December 31, 2004. Transactions in capital shares were as follows:

	For the Year Ended December 31, 2004		For the Year Ended December 31, 2003

NOTE 5--FEDERAL INCOME TAX AND INVESTMENT TRANSACTIONS

At December 31, 2004, accumulated net investment income and accumulated net realized gain (loss) from investments and foreign currency transactions have been adjusted for current period permanent book/tax differences which arose principally from differing book/tax treatments of foreign currency transactions. The following reclassification was a result of currency gains and has no impact on the net assets of the Fund.

Undistributed Net Investment Income	Undistributed Net Realized Gain
-----	-----
\$800,502	\$(800,502)

The aggregate cost of purchases and proceeds from sales of investments, other than short-term obligations, for the year ended December 31, 2004, were \$147,047,851 and \$155,699,044, respectively.

The tax character of distributions paid during 2004 and 2003 was as follows (see page 29 for details):

	2004	2003
	----	----
Ordinary income	\$10,287,151	\$10,771,948
Long-term capital gains	\$12,089,529	\$ 6,277,497

At December 31, 2004, the components of distributable earnings on a tax basis were as follows:

	2004

Ordinary income	\$ 1,758,691
Long-term capital gains	\$ 6,306,041
Unrealized appreciation	\$223,668,542

NOTE 6--STOCK REPURCHASE PROGRAM

Pursuant to authorization by the Board, the Fund began open market purchases of its common stock on the New York Stock Exchange in 1999 and has continued purchases in each subsequent year. The principal purpose of the stock repurchase program is to enhance stockholder value by increasing the Fund's net asset value per share without creating a meaningful adverse effect upon the Fund's expense ratio and without realizing capital gains in order to fund the

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

repurchases. The Board has authorized the purchase of up to 250,000 shares in 2005. During the year ended December 31, 2004, the Fund repurchased and retired 189,100 shares at an average price of \$13.42 per share (including brokerage commissions) and a weighted average discount of 15.48%. These repurchases, which had a total cost of \$2,537,410, resulted in an increase of \$489,059 to the Fund's net asset value.

NOTE 7--SUBSEQUENTEVENT

Effective January 20, 2005, a transfer of ownership interests in Hottinger et Cie (Zurich), a 48.5% owner of the Advisor, occurred within the Hottinger Group. Although the transfer has not caused any diminution in the overall control of the Advisor by the Hottinger Group, it is possible that the transfer may be considered an "assignment" of the Fund's Investment Advisory Agreement with the Advisor, as such term is defined in the Act, with the effect of causing the Investment Advisory Agreement to terminate in accordance with its terms. Because of uncertainty whether this transfer has resulted in an "assignment" of the Investment Advisory Agreement, the Board of Directors of the Fund has determined to seek the approval of the Fund's stockholders of a new investment advisory agreement at its Annual Meeting of Stockholders scheduled for May, 2005. The Advisor has continued to provide services pursuant to an interim advisory agreement which was approved by the Board of Directors at a meeting held on December 7, 2004.

THE SWISS HELVETIA FUND, INC.

Report of Independent Registered Public Accounting Firm

To the Stockholders and Board of Directors of The Swiss Helvetia Fund, Inc.:

We have audited the accompanying statement of assets and liabilities of The Swiss Helvetia Fund, Inc. (the "Fund"), including the schedule of investments, as of December 31, 2004, and the related statement of operations for the year then ended, statement of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2004, by correspondence with the custodian and brokers. We believe that our audit provides a reasonable basis for our opinion.

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the Fund as of December 31, 2004, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Additional Information (Unaudited)

This report is sent to the stockholders of The Swiss Helvetia Fund, Inc. for their information. It is not a prospectus, circular or representation intended for use in the purchase or sale of shares of the Fund or of any securities mentioned in this report.

Proxy Voting Information

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities is available, without charge and upon request, by calling 1-888-SWISS-00 and on the SEC's website at <http://www.sec.gov>. The Fund's proxy voting record for the twelve-month period ended June 30, 2004 is available, without charge and upon request, by calling 1-888-SWISS-00 and on the SEC's website at <http://www.sec.gov>.

Availability of Quarterly Portfolio Schedules

Effective June 30, 2004, the Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Fund's Form N-Q is available, without charge and upon request, on the SEC's website at <http://www.sec.gov> or may be reviewed and copied at the SEC's Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling (800) SEC-0330.

Code of Ethics

The Board of Directors of the Fund and the Advisor have adopted Codes of Ethics pursuant to provisions of the Investment Company Act of 1940 (the "Codes"). The Codes apply to the personal investing activities of various individuals including directors and officers of the Fund and designated officers, directors and employees of the Advisor. The provisions of the Codes place restrictions on individuals who are involved in managing the Fund's portfolio, who help execute the portfolio manager's decisions or who come into possession of contemporaneous information concerning the investment activities of the Fund.

The fundamental principle of the Codes is that the individuals covered by the Codes have a fiduciary responsibility to the Fund and its stockholders. They are therefore required at all times to place the interests of the Fund and the stockholders first and to conduct all personal securities transactions in a manner so as to avoid any actual or potential conflict of interest or abuse of their position of trust.

Portfolio managers and other individuals with knowledge of Fund investment activities are prohibited from purchasing or selling a security during a

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

blackout period of 30 calendar days before and after the date on which the Fund effects a trade in the same or a similar security. They are also prohibited from engaging in short term trading of Swiss equity or equity linked securities. Additionally, the Fund's portfolio managers are prohibited from participating in any initial public offering or private placement of Swiss equity and equity linked securities and other covered individuals must obtain prior clearance before doing so.

Any individual who violates the provisions of the Codes is required to reverse the transaction and to turn over any resulting profits to the Fund. The Fund and the Advisor have adopted compliance procedures and have appointed compliance officers to ensure that all covered individuals comply with the Codes.

THE SWISS HELVETIA FUND, INC.

Dividend Reinvestment Plan (Unaudited)

The Plan

The Fund's Dividend Reinvestment Plan (the "Plan") offers a convenient way for you to reinvest capital gains distributions and ordinary income dividends, payable in whole or in part in cash, in additional shares of the Fund.

Some of the Plan features are:

- . Once you enroll in the Plan, all of your future distributions and dividends payable in whole or in part in cash will be automatically reinvested in Fund shares in accordance with the terms of the Plan.
- . You will receive shares valued at the lower of the Fund's net asset value or the Fund's market price as described below. The entire amount of your distribution or dividend will be reinvested automatically in additional Fund shares. For any balance that is insufficient to purchase full shares of the Fund, your account will be credited with fractional shares.
- . Your shares will be held in an account with the Plan agent. You will be sent regular statements for your records.
- . You may terminate participation in the Plan at any time.

The following are answers to frequently asked questions about the Plan.

How do I enroll in the Plan?

If you are holding certificates for your shares, contact American Stock Transfer & Trust Company (AST) at the address shown below. If your shares are held in a brokerage account, contact your broker. Not all brokerage firms permit their clients to participate in dividend reinvestment plans such as the Plan and, even if your brokerage firm does permit participation, you may not be able to transfer your Plan shares to another broker who does not permit participation. Your brokerage firm will be able to advise you about its policies.

How does the Plan work?

Any dividends or distributions you receive, payable in whole or in part in cash, will be reinvested in shares of the Fund. The number of shares credited to your Plan account as a result of the reinvestment will depend upon the relationship between the Fund's market price and its net asset value per share on the record date of the distribution or dividend, as described below:

- . If the net asset value is greater than the market price (the Fund is trading at a discount), AST, as Plan Agent, will buy Fund shares for your account on the open market on the New York Stock Exchange or elsewhere. Your dividends or distributions will be reinvested at the average price AST pays for those purchases.
- . If the net asset value is equal to the market price (the Fund is trading at parity), the Fund will issue for your account new shares at net asset value.
- . If the net asset value is less than but within 95% of the market price (the Fund is trading at a premium of less than 5%), the Fund will issue for your account new shares at net asset value.
- . If the net asset value is less than 95% of the market price (the Fund is trading at a premium of 5% or more), the Fund will issue for your account new shares at 95% of the market price.

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

If AST begins to buy Fund shares for your account at a discount to net asset value but, during the course of the purchases, the Fund's market price increases to a level above the net asset value, AST will complete its purchases, even though the result may be that the average price paid for the purchases exceeds net asset value.

30

THE SWISS HELVETIA FUND, INC.

Dividend Reinvestment Plan (Unaudited) (concluded)

Will the entire amount of my distribution or dividend be reinvested?
The entire amount of your distribution or dividend will be reinvested in additional Fund shares. If a balance remains after the purchase of whole shares, your account will be credited with any fractional shares (rounded to three decimal places) necessary to complete the reinvestment.

How can I sell my shares?

You can sell any or all of the shares in your Plan account by contacting AST. AST charges \$15 for the transaction plus \$.10 per share for this service. You can also withdraw your shares from your Plan account and sell them through your broker.

Does participation in the Plan change the tax status of my distributions or dividends?

No. The distributions and dividends are paid in cash and their taxability is the same as if you received the cash. It is only after the payment of distributions and dividends that AST reinvests the cash for your account.

Can I get certificates for the shares in the Plan?

AST will issue certificates for whole shares upon your request. Certificates for fractional shares will not be issued.

Is there any charge to participate in the Plan?

There is no charge to participate in the Plan. You will, however, pay a pro rata share of brokerage commissions incurred with respect to AST's open market purchases of shares for your Plan account.

How can I discontinue my participation in the Plan?

Contact your broker or AST in writing. If your shares are in a Plan account, AST will send you a certificate for your whole shares and a check for any fractional shares.

Where can I direct my questions and correspondence?

Contact your broker, or contact AST as follows:

ANNUAL REPORT
FOR THE YEAR ENDED
DECEMBER 31, 2004

ITEM 2. CODE OF ETHICS.

As of the end of the period covered by this report, The Swiss Helvetia Fund, Inc. has adopted a code of ethics, as defined in Item 2 of Form N-CSR, that applies to its President and Treasurer. A copy of the code of ethics is filed as an exhibit to this Form N-CSR.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT. The Registrant's Board of Directors (the "Board") has determined that Messrs. Didier Pineau-Valencienne and Samuel B. Witt, III, Esq., each a member of the audit committee of the Board, are audit committee financial experts as defined by the Securities and Exchange Commission (the "SEC"). Messrs. Pineau-Valencienne and Witt each are "independent" as defined by the SEC for purposes of audit committee financial expert determinations.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

(a) The aggregate fees billed for each of the last two fiscal years (the "Reporting Periods") for professional services rendered by the Registrant's principal accountant for the audit of the Registrant's annual financial statements, or services that are normally provided by the principal accountant

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

in connection with the statutory and regulatory filings or engagements for the Reporting Periods, were \$34,500 in 2003 and \$36,000 in 2004.

(b) There were no audit-related fees billed to the Registrant in the Reporting Periods for assurance and related services rendered by the principal accountant that were reasonably related to the performance of the audit of the Registrant's financial statements and are not reported under paragraph (a) of this Item 4.

There were no fees billed in the Reporting Periods for assurance and related services rendered by the principal accountant to the Registrant's investment adviser and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the Registrant (collectively the "investment adviser") which were required to be pre-approved by the audit committee as described in paragraph (e) (1) of this Item 4.

(c) The aggregate fees billed in the Reporting Periods for professional services rendered by the principal accountant to the Registrant for tax compliance, tax advice and tax planning ("Tax Services") were \$4,000 in 2003 and \$4,000 in 2004. These services consisted of review or preparation of U.S. federal, state, local and excise tax returns.

(d) The aggregate fees billed in the Reporting Periods for products and services provided by the principal accountant to the Registrant, other than the services reported in paragraphs (a) through (c) of this Item, were \$17,600 in 2003 and \$0 in 2004. These services related to work performed for internal control consulting services.

(e) (1) The Registrant's Audit Committee pre-approves the principal accountant's engagements for audit and non-audit services to the Registrant, and certain non-audit services to the investment adviser that are required to be pre-approved on a case-by-case basis. Pre-approval considerations include whether the proposed services are compatible with maintaining the principal accountant's independence.

(e) (2) No services included in (b) - (d) above were approved pursuant to paragraph (c) (7) (i) (C) of Rule 2-01 of Regulation S-X.

(f) None.

(g) The aggregate non-audit fees billed by the principal accountant for services rendered to the Registrant for the Reporting Periods were \$21,600 in 2003 and \$4,000 in 2004. There were no fees billed in each of the Reporting Periods for non-audit services rendered by the principal accountant to the investment adviser.

(h) The Registrant's Audit Committee has considered whether the provision of any non-audit services rendered to the investment adviser which were not pre-approved (not requiring pre-approval) is compatible with maintaining the principal accountant's independence.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

The Registrant has a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. It is composed of the following Directors, each of who is not an "interested person" as defined in the Investment Company Act of 1940, as amended (the "Act"):

Didier Pineau-Valencienne
Claude Mosseri-Marlio

Samuel B. Witt, III, Esq.

ITEM 6. SCHEDULE OF INVESTMENTS.

Not Applicable.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Registrant has delegated voting of proxies in respect of portfolio holdings to its investment adviser, Hottinger Capital Corp. (the "Advisor"), to vote the Registrant's proxies in accordance with Advisor's proxy voting guidelines and procedures. The Advisor has adopted proxy voting guidelines (the "Voting Guidelines") that provide as follows:

- o The Advisor votes proxies in respect of a client's securities in the client's best economic interests and without regard to the interests of the Advisor or any other client of the Advisor.
- o Unless the Advisor's Proxy Voting Committee (the "Committee") otherwise determines (and documents the basis for its decision) or as otherwise provided below, the Advisor votes proxies in a manner consistent with the Voting Guidelines.
- o To avoid material conflicts of interest, the Advisor applies the Voting Guidelines in an objective and consistent manner across client accounts. Where a material conflict of interest has been identified and the matter is covered by the Voting Guidelines, the Committee votes in accordance with the Voting Guidelines. Where a conflict of interest has been identified and the matter is not covered by the Voting Guidelines, the Advisor will disclose the conflict and the Committee's determination of the manner in which to vote to the Registrant's Audit Committee.
- o The Advisor also may determine not to vote proxies in respect of securities of any issuer if it determines that it would be in the client's overall best interests not to vote.

The Advisor's Voting Guidelines address how it will vote proxies on particular types of matters such as the election for directors, adoption of option plans and anti-takeover proposals. For example, the Advisor generally will:

- o support management in most elections for directors, unless the board gives evidence of acting contrary to the best economic interests of shareholders;
- o support option plans, if it believes that they provide for their administration by disinterested parties and provide incentive to directors, managers and other employees by aligning their economic interests with those of the shareholders while limiting the transfer of wealth out of the company; and
- o oppose anti-takeover proposals unless they are structured in such a way that they give shareholders the ultimate decision on any proposal or offer.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Not applicable.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

The Registrant has a Nominating Committee, which is responsible for selecting and nominating persons for election or appointment by the Board as Board members. The Nominating Committee has adopted a Nominating Committee Charter (the "Charter"). Pursuant to the Charter, the Nominating Committee will consider recommendations for nominees from shareholders submitted to the Secretary of the Registrant, c/o The Swiss Helvetia Fund, Inc., 1270 Avenue of the Americas, Suite 400, New York, New York 10020. A nominating submission must include information regarding the recommended nominee as specified in the Charter. This information includes all information relating to a recommended nominee that is required to be disclosed in solicitations or proxy statements for the election of Board members, as well as information sufficient to evaluate the factors to be considered by the Nominating Committee, including character and integrity; experience in business, investment and economic matters in Europe, the United States, or Switzerland or political matters of Switzerland; and whether the person has the ability to apply sound and independent business judgment and would act in the interests of the Registrant and its shareholders. Nomination submissions are required to be accompanied by a written consent of the individual to stand for election if nominated by the Board and to serve if elected by the shareholders, and such additional information must be provided regarding the recommended nominee as reasonably requested by the Nominating Committee.

ITEM 11. CONTROLS AND PROCEDURES

(a) The Registrant's principal executive and principal financial officers have concluded, based on their evaluation of the Registrant's disclosure controls and procedures as of a date within 90 days of the filing date of this report, that the Registrant's disclosure controls and procedures are reasonably designed to ensure that information required to be disclosed by the Registrant on Form N-CSR is recorded, processed, summarized and reported within the required time periods

Edgar Filing: SWISS HELVETIA FUND INC - Form N-CSR

and that information required to be disclosed by the Registrant in the reports that it files or submits on Form N-CSR is accumulated and communicated to the Registrant's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

(b) There were no changes to the Registrant's internal control over financial reporting that occurred during the Registrant's second fiscal quarter of the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

(a) (1) A copy of the Code of Ethics (Exhibit filed herewith).

(a) (2) Certifications pursuant to rule 30a-2(a) under the 1940 Act (Exhibit filed herewith).

(a) (3) Not applicable.

(b) Certifications pursuant to rule 30a-2(b) under the 1940 Act (Exhibit filed herewith).
