Introduction

At the Annual Meeting, seven persons will be considered for election to serve on our Board of Directors until the 2019 Annual Meeting of Stockholders and until their successors have been duly elected and qualify. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the seven nominees named below. Qualifications of Director Nominees

When considering whether our director nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable our Board of Directors to satisfy its oversight responsibilities effectively in light of EdR's operational and organizational structure, the Nominating and Corporate Governance Committee and the Board of Directors focused primarily on the information discussed in each of the director nominees' individual biographies set forth above and on the following particular attributes:

Mr. Churchey: The Board of Directors considered his over 20 years of service as a senior executive officer of publicly-traded real estate companies, including REITs, and his current service as our Chief Executive Officer and determined that his vast experience in the real estate industry and his direct involvement and understanding of the ongoing operations of EdR facilitate the Board of Directors in its evaluation of our strategic initiatives and operational performance.

Mr. Arabia: The Board of Directors considered his more than 20 years of experience in the real estate and hospitality industries, including his experience and current position as a senior executive of a publicly-traded REIT where he plays a significant role in the portfolio management and strategic planning processes, and determined that his extensive experience and leadership skills provide a significant benefit as Chairman of our Nominating and Corporate Governance Committee, as a member of our Investment Oversight Committee and to our Board of Directors as a whole.

CORPORATE GOVERNANCE

Director Independence

As required by the listing standards of the New York Stock Exchange ("NYSE"), a majority of the members of a listed company's board of directors must qualify as independent as affirmatively determined by the company's board of directors. Consistent with SEC rules, the NYSE listing standards and our Corporate Governance Guidelines, our Board of Directors reviews all relevant transactions or relationships between each director and EdR, our senior management and our independent registered public accounting firm. During this review, the Board of Directors considers whether there are any transactions or relationships between directors or any member of their immediate families (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder) and EdR, senior management and our independent registered public accounting firm. The Board of Directors consults with EdR's corporate counsel to ensure that its determinations are consistent with all relevant securities and other laws and regulations regarding the definition of "independent."

As a result of this review, our Board of Directors affirmatively determined that the following five of our seven current directors are independent within the meaning of applicable SEC rules, NYSE listing standards and our Corporate Governance Guidelines: Messrs. Arabia, Silver, Thomas and Weakley and Ms. Schaefer. Mr. Churchey, our Chief Executive Officer, and Mr. Trubiana, our President, are not independent, as defined by the applicable rules, as each is an executive officer of EdR.

Board and Committee Meetings; Attendance

EdR encourages, but does not require, its directors to attend annual meetings of stockholders. Messrs. Arabia, Cahill, Churchey, Silver, Trubiana and Weakley and Ms. Schaefer attended the 2017 Annual Meeting of Stockholders. The Board of Directors held six meetings during 2017. Each member of the Board of Directors attended at least 83% of all board meetings and 100% of all committee meetings for committees on which the director served. In addition, our independent directors conduct regularly scheduled executive sessions without the presence of non-independent directors or management. Mr. Silver, as lead independent director, serves as the Chairman for and presides over these executive sessions of the independent directors.

Board Committees

The Board of Directors has established the following four standing committees that have certain responsibilities for our governance and management:

- ▲ Audit Committee,
- Compensation Committee,
- ◆ Nominating and Corporate Governance Committee and
- ♣ Investment Oversight Committee.

The Board of Directors has adopted charters for each of these committees, all of which can be found on the Investor Relations page of our corporate website at www.edrtrust.com under the caption "Corporate Governance." EdR will also provide a copy of these charters to any person, free of charge, upon written request to EdR. For contact information, please see "Additional Information—Whom should I contact if I have any questions?" below.

The Board of Directors has determined that each member of the Audit Committee meets the independence and financial literacy requirements of the NYSE listing standards applicable to members of the Audit Committee as well as the Audit Committee independence standards established by the SEC. The Board of Directors also has determined

that Mr. Weakley, the Audit Committee Chairman, and Mr. Silver, are each an “audit committee financial expert” as defined by the rules of the SEC. In addition, the Board of Directors has determined that each member of the Compensation Committee and the Nominating and Corporate Governance Committee satisfies the applicable independence requirements of the NYSE listing standards.

The current membership of and information about the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Investment Oversight Committee are set forth below. All members of these committees are independent within the meaning of the NYSE listing standards.

The Audit Committee has been appointed by the Board of Directors to oversee the accounting, reporting and financial practices and legal compliance of EdR. The Audit Committee has general responsibility for the oversight of the accounting and financial processes of EdR, including oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, the qualification and independence of our auditors, the performance of our internal audit function and independent auditors and the preparation of the Audit Committee Report. A more detailed discussion of the responsibilities with regard to our financial statements and the Committee's interactions with our independent registered public accounting firm is provided under the caption "Audit Committee Report" below.

Compensation Committee Matters

The Compensation Committee acts on behalf of the Board of Directors to establish the compensation packages of the NEOs of EdR and to provide oversight of EdR's compensation program. In addition, the Compensation Committee also reviews the compensatory and benefit plans available to our executive officers and employees and administers our incentive compensation plans. The Compensation Committee may not delegate its authority to approve executive compensation or equity awards, except to subcommittees comprised solely of Compensation Committee members. A more detailed discussion of the Compensation Committee's primary processes for establishing and overseeing executive compensation, including the role of executive officers in determining or recommending executive compensation, is provided under the caption "Compensation Discussion and Analysis – Compensation Program Philosophy, Practices and Procedures – Procedures for Compensation Decisions" below.

To facilitate the fulfillment of its duties, the Compensation Committee has sole authority to retain outside advisors, including compensation consultants, to assist the Compensation Committee with executive compensation matters. Additionally, the Compensation Committee has sole authority to approve the fees and retention terms of any such advisors or consultants. The Compensation Committee periodically examines REITs of comparable organizational size and market capitalization and collects compensation data from such companies in order to assess the appropriateness and composition of the compensation packages for our NEOs. In October 2011 and every other year thereafter to date (in October of 2013, 2015 and 2017), the Compensation Committee engaged FPL Associates, L.P. ("FPL") for the specific purpose of conducting a competitive benchmarking analysis by preparing a peer group compensation study which the Compensation Committee used as a basis to modify, with the assistance of FPL, the long-term incentive programs and to make additional modifications to EdR's broader executive compensation program. In the interim years (2014 and 2016), the Compensation Committee has engaged FPL for an update on market trends that could impact compensation decisions. In addition, FPL also advised the Compensation Committee on the design of the compensation program for EdR's non-employee directors. A more detailed discussion of FPL's role in assisting the Compensation Committee with respect to 2017 compensation matters is provided under the caption "Compensation Discussion and Analysis – Compensation Program Philosophy, Practices and Procedures – Independent Compensation Consultant" below.

Non-Employee Director Compensation

It is the role of the Compensation Committee, on behalf of the Board of Directors, to review, approve and recommend to the Board of Directors any changes to the compensation of our non-employee directors. The Board of Directors and the Compensation Committee believe that director compensation should fairly compensate directors for the work required by publicly-traded REITs of comparable organizational size and market capitalization as EdR, that the compensation should align the directors' interests with the long-term interest of stockholders and that the structure of the compensation should be simple, transparent and easy for stockholders to understand.

Additional details of 2017 non-employee director compensation are provided under “2017 Director Compensation” below.

Mr. Churchey, our Chief Executive Officer, was elected Chairman of the Board of Directors in 2015 and does not receive any compensation in his capacity as Chairman of the Board of Directors. Mr. Trubiana, our President, does not receive any compensation in his capacity as director.

We reimburse our non-employee directors for all reasonable expenses incurred in connection with their service on the Board of Directors.

Equity Ownership Guidelines

The Compensation Committee has adopted the Education Realty Trust, Inc. Equity Ownership Guidelines (the “Guidelines”), which were most recently updated in March 2016. The Guidelines apply to the NEOs and non-employee directors of the Company. The Compensation Committee believes that our NEOs and directors should acquire and maintain a material equity position in EdR to promote (i) the further alignment of the interests of such individuals and EdR’s stockholders, (ii) the creation of value for EdR’s stockholders and (iii) the accountability of such individuals for the performance of EdR. Specifically, the revised Guidelines require that, within five years from the date on which the NEOs or non-employee director became subject to the Guidelines, such individuals must satisfy the following ownership requirements:

- Chief Executive Officer: 85,000 shares of common stock;
- President: 40,000 shares of common stock;
- Executive Vice President/Chief Financial Officer: 18,000 shares of common stock;
- Executive Vice President/Chief Operating Officer: 18,000 shares of common stock;
- Senior Vice President/Chief Accounting Officer: 3,000 shares of common stock; and
- Non-Employee Directors: 5,000 shares of common stock.

For purposes of the Guidelines, vested and unvested equity awards that are subject only to time-based vesting restrictions and that have been granted pursuant to the various equity incentive compensation plans of EdR will count toward the satisfaction of an individual’s ownership requirement. The Compensation Committee administers the Guidelines and annually reviews each individual’s progress toward achieving his or her requirement under the Guidelines. To promote compliance with the Guidelines, the Compensation Committee may (i) require that vested and unvested equity awards granted pursuant to the various equity incentive compensation plans of the Company contain provisions that require compliance with the Guidelines and/or (ii) impose any other consequences upon a participant who does not comply with the Guidelines, including, but not limited to, making payments of compensation otherwise payable in cash payable in shares of common stock.

As of March 9, 2018, all of the NEOs except Ms. Mackie and all non-employee directors except Mr. Thomas were in compliance with the Guidelines. Ms. Mackie must be in compliance with the Guidelines by June 1, 2020. Mr. Thomas must be in compliance with the Guidelines by September 28, 2021.

Nominating and Corporate Governance Committee Matters

Director Nominations Process

The Board of Directors has delegated to the Nominating and Corporate Governance Committee the responsibility of reviewing and recommending nominees for membership on the Board of Directors. Though EdR has no formal policy addressing diversity, the Nominating and Corporate Governance Committee and Board of Directors believe that diversity is important in the composition of our Board of Directors and that the members should represent an array of backgrounds and experiences and should be capable of articulating a variety of viewpoints. Accordingly, pursuant to its committee charter and our Corporate Governance Guidelines, the Nominating and Corporate Governance Committee considers in its review of director nominees factors such as values and disciplines, ethical standards, age, gender, race, culture, expertise, background and skills, all in the context of an assessment of the perceived needs of the Board of Directors at that point in time. Other characteristics, including but not limited to, the director nominee's material relationships with EdR, time availability, service on other boards of directors and their respective committees or any other characteristics that may prove relevant at any given time as determined by the Nominating and Corporate Governance Committee are also reviewed for purposes of determining a director nominee's qualifications.

Candidates for director, including incumbent directors, are evaluated by the Nominating and Corporate Governance Committee in the context of the current composition and perceived needs of the Board of Directors, the operating requirements of EdR and the long-term interests of EdR's stockholders. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee is independent, based on applicable NYSE listing standards, applicable SEC rules and regulations, our Corporate Governance Guidelines and the advice of counsel, if necessary. The Nominating and Corporate Governance Committee uses its network of contacts to compile a list of potential candidates but also has the authority to engage, retain and compensate, if it deems appropriate, a professional search firm. The Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board of Directors. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews such directors' overall service to EdR during their respective term, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair such directors' independence. The Nominating and Corporate Governance Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board of Directors by majority vote. To date, the Nominating and Corporate Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates.

The Nominating and Corporate Governance Committee has evaluated and recommends each of the directors standing for election at the Annual Meeting.

Nominations by Stockholders

The Nominating and Corporate Governance Committee reviews and considers all candidates for nomination and election as directors who may be suggested by any director or executive officer of EdR. The Nominating and Corporate Governance Committee will also consider any director candidate nominated by any stockholder if the recommendation is made in accordance with the procedures set forth in our Second Amended and Restated Bylaws, as amended by Amendments No. 1 and 2 thereto (the "Bylaws"). For nominations for election to the Board of Directors or other business to be brought properly before an annual meeting of stockholders, the stockholder must comply with the advance notice provisions and other requirements of Article II, Section 11 of our Bylaws.

The advance notice provisions of the Bylaws require that nominations for directors be received no more than 150 days and no fewer than 120 days before the first anniversary of the date of the proxy statement for the preceding year's annual meeting of stockholders. In the event that the date of the annual meeting of stockholders is advanced or delayed by more than 30 days from the first anniversary of the date of the preceding year's annual meeting, notice by the stockholder, to be timely, must be delivered not earlier than the close of business on the 150th day prior to the date of such annual meeting and not later than the close of business on the later of the 120th day prior to the

date of such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by EdR. Such stockholder's notice must set forth certain information including, but not limited to, the following:

as to each person whom the stockholder proposes to nominate for election or reelection as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest (even if an election contest is not involved), or is otherwise required, pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the rules thereunder;

as to any other business that the stockholder proposes to bring before the annual meeting, a description in reasonable detail of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and of each beneficial owner, if any, on whose behalf the proposal is made; and

as to the stockholder giving the notice, any proposed nominee and each beneficial owner, if any, on whose behalf the nomination or proposal is made: (i) the name and address of such stockholder, as they appear on EdR's stock ledger, and the current name and business address, if different, of any proposed nominee and each such beneficial owner; (ii) the class, series and number of all shares of common stock or other securities of EdR, if any, which are owned (beneficially or of record) by such stockholder, proposed nominee or beneficial owner, the date on which each such share of stock or other security was acquired, the investment intent of such acquisition and any short interest in any share of stock or other security of any such person; (iii) a description of whether, and the extent to which, such stockholder, proposed nominee or beneficial owner, directly or indirectly, is subject to or during the last six months has engaged in any hedging, derivative or other similar transaction or series of transactions in common stock or other securities of EdR; (iv) a description of any substantial interest, direct or indirect, of such stockholder, proposed nominee or beneficial owner in EdR; and (v) the name and address of any other stockholder supporting the nominee for election or reelection as a director or the proposal of other business, to the extent known by the stockholder giving the notice.

The foregoing description of the advance notice provisions of our Bylaws is a summary only and is qualified in its entirety by reference to the full text of the Bylaws, which were filed with the SEC on November 7, 2014 as an exhibit to a Quarterly Report on Form 10-Q. Accordingly, we advise you to review our Bylaws for additional stipulations relating to advance notice of director nominations and business proposals.

Corporate Leadership Structure

The Board of Directors appointed Randy Churchey as Chairman of the Board of Directors effective January 1, 2015. The Board of Directors determined that Mr. Churchey's considerable experience as a senior executive officer of publicly-traded real estate companies, including REITs, service to EdR as Chief Executive Officer, a member of the Board of Directors and former President, and his familiarity with our operational and organizational structure uniquely qualify him for this position.

As the individual primarily responsible for the day-to-day management of business operations, Mr. Churchey is best positioned to chair regular Board of Director meetings as the directors discuss key business and strategic issues. As discussed further below, our independent directors have appointed a lead independent director. We believe this leadership structure allows the Board of Directors to exercise independent oversight and enables the Board of Directors to have direct access to information related to the day-to-day management of business operations.

To promote the independence of the Board of Directors and to demonstrate the Company's commitment to strong corporate governance, the independent members of the Board of Directors designated Mr. Silver to serve as the lead independent director. In addition to chairing all executive sessions of the independent directors, the lead independent director presides at all meetings of the Board of Directors at which the Chairman is not present, and has such other duties as the independent members of the Board of Directors may determine from time to time. The independent members of the Board of Directors have adopted a Lead Independent Director Charter to outline the role and responsibilities of the lead independent director.

The Board of Directors believes that this corporate leadership structure - a combined Chairman of the Board of Directors and Chief Executive Officer and a lead independent director - is effective and currently serves EdR and its stockholders well.

Oversight of Risk Management

The Board of Directors has an active role, as a whole and also at the committee level, in overseeing the management of risks applicable to EdR. The Board of Directors regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. At the committee level, (i) the Audit Committee oversees management of accounting, financial, legal and regulatory risks; (ii) the Compensation Committee oversees the management of risks relating to our executive compensation program; (iii) the Nominating and Corporate Governance Committee manages risks associated with the independence of the members of the Board of Directors and potential conflicts of interest; and (iv) the Investment Oversight Committee oversees the management of risks related to significant acquisitions, dispositions and development projects that are individually significant to the Company. While each committee is directly responsible for evaluating certain enumerated risks and overseeing the management of such risks, the entire Board of Directors is generally responsible for and is regularly informed through committee reports about such risks and any corresponding remediation efforts designed to mitigate such risks.

Corporate Governance Guidelines and Code of Business Conduct and Ethics

Our Board of Directors has adopted Corporate Governance Guidelines and a Code of Business Conduct and Ethics that are applicable to all members of our Board of Directors, our executive officers and our employees. Our Corporate Governance Guidelines and our Code of Business Conduct and Ethics were last updated in August 2016. We have posted these documents on the Investor Relations page of our corporate website at www.edrtrust.com under the caption "Corporate Governance." EdR will provide a copy of these documents to any person, free of charge, upon written request to EdR. For contact information, please see "Additional Information—Whom should I contact if I have any questions?" below. Any waiver of the Code of Business Conduct and Ethics for an executive officer or director

will be promptly disclosed to stockholders in any manner that is acceptable under the NYSE listing standards, including, but not limited to, the distribution of a press release, disclosure on our website and/or disclosure on a Current Report on Form 8-K. We intend to satisfy our disclosure obligations under Item 5.05 of Form 8-K related to amendments or waivers of the Code of Business Conduct and Ethics by posting such information on our corporate website.

Corporate Governance Enhancements

The Board of Directors implemented the following corporate governance enhancements during 2016 and 2017:

- recommended, and stockholders approved, the continuation of our say on pay frequency vote as an annual vote;
- revised the Insider Trading Policy to provide a hardship exemption to the blackout period, to prohibit, subject to certain limited exceptions, margin accounts and pledges and to generally clarify certain aspects of the policy;
- reviewed the Code of Business Conduct and Ethics and made minor non-substantive changes for clarity;
- developed additional tools to track and monitor enterprise risk management and drafted a risk appetite statement;
- revised the Commitment Authorization Policy to provide more detailed guidance to NEOs regarding their contracting and spending authority;
- adopted the 2017 Omnibus Equity Incentive Plan, which includes certain corporate governance enhancements, including an annual limit on non-employee director compensation; and
- amended the bylaws to permit the stockholders to alter or repeal any provision of the Bylaws and adopt new Bylaws if any such alteration, repeal or adoption is approved by the affirmative vote of a majority of the votes entitled to be cast on the matter.

These changes and enhancements, in addition to corporate governance enhancements adopted in prior years, demonstrate the Board of Director's strong commitment to good corporate governance practices and strengthens the Board of Director's capacity to oversee the Company and to serve the long-term interests of our stockholders. Corporate governance enhancements previously adopted include the following:

- adopted equity ownership guidelines for all non-employee directors and executive officers;
- revised the Corporate Governance Guidelines to set forth the components of the business judgment rule;
- amended the Bylaws to require a majority rather than plurality vote in the case of uncontested elections;
- adopted a Lead Independent Director Charter;
- required all new executive employment agreements to: (i) subject compensation paid to an executive officer to any subsequently adopted clawback policy of EdR and (ii) not provide for tax gross-ups under any circumstances;
- updated our Corporate Governance Guidelines to decrease the maximum age at which a director may stand for election from 75 to 72 and provide a requirement for a lead independent director;
- utilized compensation reports prepared by a third-party compensation consultant to assist the Compensation Committee with evaluating and structuring the executive compensation program;
- amended our Insider Trading Policy to restrict the ability of our officers, directors, employees and agents to engage in hedging transactions involving our securities;
-

reviewed and revised all committee charters and planners to clarify duties and verify that all prudent and required oversight is addressed;

adopted resolutions prohibiting the Company from electing in the future to classify the Board of Directors pursuant to the Maryland Unsolicited Takeover Act, and the ability to classify the Board of Directors without separate approval, which action may not be rescinded unless approved by the stockholders of the Company by the affirmative vote of at least a majority of all of the votes cast on the matter by stockholders entitled to vote on the matter;

changed the voting standard for the election of directors from a plurality voting standard to a majority voting standard in uncontested elections. Under the revised voting standard, a director shall be elected to the Board of the Company if the votes cast for such nominee's election exceeds the votes cast against such nominee's election; provided that if the election is contested, directors shall be elected by a plurality of the votes cast;

opted out of the Maryland Share Acquisition Act, which action may not be rescinded unless approved by the stockholders of the Company by the affirmative vote of at least a majority of all of the votes cast on the matter by stockholders entitled to vote on the matter;

opted out of the Maryland Business Combination Act, which action may not be rescinded unless approved by the stockholders of the Company by the affirmative vote of at least a majority of all of the votes cast on the matter by stockholders entitled to vote on the matter;

developed written guidance clarifying director independence, which was distributed to the members of the Board of Directors;

formalized the process for new Board member orientation;

provided change in control agreements to key executives not otherwise covered by an employment agreement to assist with continuity during a change in control;

surveyed the Board of Directors and developed a Board of Directors skills matrix to assist with the selection of new Board members;

took a fresh look at the Board of Directors and Committee self-evaluations and included additional questions for assessment purposes;

developed new tools to routinely track other directorships, significant relationships and Board member attendance; and

provide periodic information to Nominating and Corporate Governance Committee regarding corporate governance issues of interest to investors and investor advisory firms.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Policy and Procedure

Our Board of Directors has adopted a written policy that sets forth EdR's policies and procedures regarding the identification, review, consideration and approval or ratification of certain related-party transactions. Pursuant to this Related Party Transactions Policy, the Audit Committee reviews the material facts of, and either approves or disapproves of entry into any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) in which (i) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year; (ii) EdR is a participant; and (iii) any related party has or will have a direct or indirect interest (other than solely as a result of being a director or being a beneficial owner of less than 10% of another entity). For purposes of the

policy, a related party is any (a) person who is or was (since the beginning of the last fiscal year for which EdR has filed an annual report on Form 10-K and proxy statement with the SEC, even if they do not presently serve in that role) an executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of EdR's common stock or (c) immediate family member of any of the foregoing. An immediate family member includes a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and

daughters-in-law, and brothers- and sisters-in-law and anyone residing in such person's home (other than a tenant or employee). No director may participate in any discussion or approval of a transaction in which he is a related party except that the director shall provide all material information concerning the transaction to the Audit Committee.

The Audit Committee has determined that certain types of transactions shall be deemed to be pre-approved, even if the aggregate amount involved will exceed \$120,000. These pre-approved transactions include (i) employment of executive officers where (a) the executive's compensation is required to be disclosed in the proxy statement or the executive officer is not an immediate family member of another executive officer or director of EdR, (b) the related compensation would be reported in the proxy statement if the executive officer was a NEO and (c) the Compensation Committee approved (or recommended that the Board of Directors approve) such compensation; (ii) director compensation which is required to be disclosed in the proxy statement; (iii) any transaction with another company at which a related party's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that Company's equity securities, if the aggregate amount involved does not exceed the greater of \$1,000,000 or 2% of that Company's total annual revenues; (iv) any charitable contribution, grant or endowment made by EdR to a charitable organization, foundation or university at which a related party's only relationship is as an employee (other than an executive officer) or a director, if the aggregate amount involved does not exceed the lesser of \$1,000,000 or 2% of the charitable organization's total annual receipts; (v) any transaction where the related party's interest arises solely from the ownership of EdR's common stock and all holders of EdR's common stock received the same benefit on a pro rata basis (e.g., dividends); (vi) any transaction involving a related party where the rates or charges involved are determined by competitive bids; (vii) any transaction with a related party involving the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority; and (viii) any transaction with a related party involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

If a transaction involving a related party will be ongoing, the Audit Committee may establish guidelines for EdR's management to observe in its ongoing dealings with the related party. Thereafter, the Audit Committee, at least annually, will review and assess ongoing relationships with the related party to determine whether they are in compliance with the Audit Committee's guidelines and that the transaction remains appropriate.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The purpose of this Compensation Discussion and Analysis is to discuss our philosophy, practices and procedures with respect to EdR's compensation program and the Compensation Committee's objectives in selecting and setting the elements of the compensation packages that are paid or awarded to our NEOs. Throughout this discussion and analysis, Randy Churchey, our Chief Executive Officer; Thomas Trubiana, our President; Edwin B. Brewer, Jr., our Executive Vice President, Chief Financial Officer and Treasurer; Christine Richards, our Executive Vice President and Chief Operating Officer; and Lindsey Mackie, our Senior Vice President and Chief Accounting Officer, are referred to collectively as our NEOs.

Executive Summary

The objective of the Company's executive compensation program is to attract, retain and motivate experienced and talented executives who can help maximize stockholder value. The Company believes that a significant portion of the compensation paid to executive officers should be closely aligned with the Company's performance on both a short-term and long-term basis. In addition to annual cash bonuses based on current performance, a significant portion of compensation should be in the form of equity in the Company to more fully align the interests of the Company's executives and its common stockholders and to mitigate any risks associated with the short-term basis of the pay-for-performance components of our compensation program.

2017 Performance

During the period between January 1, 2010, when Mr. Churchey took over as the Company's Chief Executive Officer, and December 31, 2017, the Company delivered TSR of 222% as compared to a TSR of 98% for American Campus Communities, a TSR of 157% for the NAREIT Equity Index and a TSR of 184% for the S&P 500. This ranks the Company first in the student housing segment and in the top 16% of all publicly-traded REITs in TSR over that period.

Our 2017 financial and operating performance highlights included the following:

Net income attributable to common stockholders was \$47.4 million, or \$0.60 per diluted share, as compared to \$44.9 million, or \$0.65 per diluted share in 2016.

Core funds from operations ("Core FFO") increased \$18.5 million to \$141.5 million for 2017, or \$1.90 per share/unit.

Same-community net operating income ("NOI") for the year increased 0.8% on revenue growth of 1.9% and expense growth of 3.7%.

Delivered six new communities, on-time and on-budget in the aggregate, for total costs of \$280.9 million. These include two communities at the University of Kentucky, one community at Texas State University, one community at Boise State University, one community at Michigan State University and one community at Northern Michigan University.

Acquired two collegiate housing properties located on or pedestrian to campus for a total purchase price of \$128.0 million.

Disposed of one collegiate housing property for a gross sales price of approximately \$18.2 million.

A reconciliation of net income to Core FFO and NOI for the year ended December 31, 2017 is contained in the Company's 2017 Annual Report on Form 10-K filed on February 27, 2018.

This CD&A discusses our company, its business and individual measures used in assessing performance. These measures are discussed in the limited context of our executive compensation program. You should not interpret them

as statements of our expectations or as any form of guidance by us. We caution and urge you not to apply the statements or disclosures we make in this CD&A in any other context.

Pay for Performance

Pay for performance is a critical component of our compensation philosophy. Consistent with this focus, the Company's executive compensation program includes annual cash incentives, which may be paid to our NEOs based upon performance in relation to pre-determined corporate and individual goals. The purpose of the program is to reward achievement of annual goals and objectives and to provide at-risk, comprehensive pay opportunities linked to individual and Company-wide performance on an annual basis. To support collaboration among our NEOs, 50% of the annual cash incentive is based on the achievement of a Company-specific financial goal based on Core FFO. The remaining 50% of the annual cash incentive is based on the achievement by each NEO of individual-specific operational and strategic goals.

The Company adopts long-term incentive plans ("LTIPs") each year predicated on performance over a three-year period. Each LTIP consists of a combination of time-based awards and performance-based awards. Consistent with prior years, the Company must achieve certain financial performance goals during the relevant three-year performance period in order for the performance-based awards to be earned by the NEOs. We believe that our LTIPs enhance long-term stockholder value by incentivizing long-term performance and further aligning the interests of the NEOs and our stockholders. A summary of our historical LTIPs adopted since 2015 appears below.

Components of LTIP Awards

	Time-Based Award	Performance-Based Award	Achievement
2015 LTIP	25% consists of time-vested profits only partnership interests ("LTIP Units")	75% in performance-based LTIP Units. The vesting of performance-based LTIP Units is dependent upon the Company's achievement, over a three year period, of the performance criteria approved by the Compensation Committee, with a minimum, threshold and maximum performance standard for each performance criterion	Interpolated between Threshold and Target (1)
2016 LTIP	25% consists of time-vested LTIP Units	75% in performance-based LTIP Units. The vesting of performance-based LTIP Units is dependent upon the Company's achievement, over a three year period, of the performance criteria approved by the Compensation Committee, with a minimum, threshold and maximum performance standard for each performance criterion	(2)
2017 LTIP	25% consists of time-vested LTIP Units	75% in performance-based LTIP Units. The vesting of performance-based LTIP Units is dependent upon the Company's achievement, over a three year period, of the performance criteria approved by the Compensation Committee, with a minimum, threshold and maximum performance standard for each performance criterion	(3)
2018 LTIP	25% consists of time-vested LTIP Units	75% in performance-based LTIP Units. The vesting of performance-based LTIP Units is dependent upon the Company's achievement, over a three year period, of the performance criteria approved by the Compensation Committee, with a minimum, threshold and maximum performance standard for each performance criterion	(4)

(1) The 2015 LTIP contained six performance criteria as determined by the Compensation Committee. The criteria included targets for new developments and corresponding project yields, gross asset growth, Core FFO per share performance, TSR performance and a comparison of EdR's TSR to our peer (American Campus Communities) and the NAREIT Equity Index over the three year performance period. In the aggregate, achievement was 67% and payout was interpolated between Threshold and Target.

- (2) The performance period for the 2016 LTIP ends on December 31, 2018; therefore, no performance awards have vested under the 2016 LTIP.
- (3) The performance period for the 2017 LTIP ends on December 31, 2019; therefore, no performance awards have vested under the 2017 LTIP.
- (4) The performance period for the 2018 LTIP ends on December 31, 2020; therefore, no performance awards have vested under the 2018 LTIP.

What We Do and Don't Do

EdR's executive compensation philosophy focuses on pay-for-performance and reflects appropriate governance practices aligned with the needs of our business. Below is a summary of our executive compensation practices that are aligned with best practice, as well as a list of those practices we avoid because they do not align with our stockholders' long-term interests.

What We Do

- Pay-for-performance - 78% of CEO pay (and average of 65% for other NEOs) is at risk in the form of Annual Incentive Compensation and Long-Term Incentive Compensation
- Stock ownership guidelines requiring equity ownership for all NEOs
- Independent compensation consultant works directly with the Compensation Committee
- Annually assess our programs against peer companies and best practices
- Align compensation program to the Company's performance both on a short-term and a long-term basis

What We Don't Do

- No guaranteed minimum payout of Annual Incentive Compensation or Long-Term Incentive Compensation
- No tax gross-ups under any circumstances
- No excessive perquisites
- No hedging or pledging by NEOs or our directors of equity ownership

Compensation Program Philosophy, Practices and Procedures

Compensation Philosophy

EdR's compensation program is administered by the Compensation Committee, which sets corporate goals and objectives with respect to NEO compensation, evaluates performance against those goals and objectives and determines the appropriate amount and mix of NEO compensation based upon its evaluation. The Compensation Committee believes that a well-designed compensation program should align the goals of our NEOs with the goals of EdR's stockholders and that a significant portion of our NEOs' compensation, over the long term, should be dependent upon the creation of value for EdR's stockholders. Important principles which drive EdR's compensation program are the Compensation Committee's beliefs that our NEOs should be held accountable for the performance of EdR through their compensation packages and that, to promote individual contribution to EdR's overall performance, the compensation packages should also reflect the NEO's individual performance. The Compensation Committee's compensation philosophy is designed to motivate our NEOs to focus on financial and operating results and the creation of long-term stockholder value by:

- establishing a compensation program that attracts, motivates and retains our NEOs through compensation packages that are competitive with those that are awarded by other publicly-traded REITs of comparable organizational size and market capitalization;
- linking a significant portion of our NEOs' compensation packages to the achievement of EdR's business plan by using measurements of EdR's financial and operating results and total stockholder return; and
- maintaining a pay-for-performance system that encourages and rewards successful initiatives that are achieved within a team environment.

The Compensation Committee regularly evaluates the effectiveness of EdR's compensation program by reviewing the individual performance of our NEOs as well as the overall performance of EdR. In doing so, the Compensation Committee considers each NEO's individual goals and their attainment of such goals as well as EdR's business plan and its annual and long-term financial performance. To the extent that it believes that changes to the compensation packages of our NEOs are warranted, the Compensation Committee will make such changes annually with respect to base salaries, annual incentive compensation plans and long-term incentive compensation plans.

Since 2013, we have held an annual stockholder advisory vote on the compensation of our NEOs, commonly referred to as a "say-on-pay" vote. Our stockholders overwhelmingly approved the compensation of our NEOs, with over 95%

of stockholder votes cast in favor of our say-on-pay resolution in 2017 and over 97% in favor in 2016. As we evaluated our compensation practices for 2017, we were mindful of the strong support our stockholders expressed for our philosophy of linking compensation to our operating objectives and the enhancement of stockholder value. As a result, the Compensation Committee continues to apply the same effective principles and philosophy it has

used in previous years in determining executive compensation and will continue to consider stockholder concerns and feedback in the future.

Independent Compensation Consultant

In October 2011, the Compensation Committee first engaged FPL Associates, a nationally recognized compensation consulting firm specializing in the real estate industry, to: (i) assist the Compensation Committee with identifying the members of its peer group; (ii) assess the overall framework of the Company's executive compensation program; (iii) make recommendations for the terms and performance metrics for the long-term incentive plan; and (iv) make other recommendations on modifications to the executive compensation program that are consistent with the Company's compensation philosophy and objectives. In addition, FPL advised the Compensation Committee on the design of the compensation program for EdR's non-employee directors.

During October 2013, October 2015 and October 2017, FPL undertook comprehensive compensation studies for the Company's NEOs similar to the 2011 study discussed above. FPL was engaged to: (i) analyze high-level performance and compensation trends within the real estate industry and certain background information, including specific size and performance statistics for EdR and each of the peer group companies; (ii) perform a competitive benchmarking analysis, on an individual and component basis, for the EdR NEOs based on comparable positions within a peer group of public real estate companies (based on comparable assets and size); (iii) summarize the results of the competitive benchmarking analysis on an aggregate basis, which examines the compensation levels of the NEOs compared to similarly situated executives at the peer group companies; and (iv) provide an overview of long-term incentive programs in place within the peer group.

Independence of Compensation Consultant

FPL does no work for management, receives no compensation from EdR other than for its work advising the Compensation Committee and maintains no other economic relationships with EdR or any of its affiliates. From time to time, FPL receives input from the Company's Chief Executive Officer regarding the Company's strategic goals and the manner in which the executive compensation program should support these goals. FPL held discussions with the Chairman of the Compensation Committee to inform members regarding current trends and emerging issues in executive compensation and other best practices and provided detailed reports of trends in the industry and analysis of those trends in comparison to the Company's compensation structure. The Compensation Committee assessed the independence of FPL pursuant to SEC and NYSE rules and concluded that no conflict of interest exists that would prevent FPL from serving as an independent consultant to the Compensation Committee. The Compensation Committee intends to review the appointment of any compensation consulting firm annually and, as part of the review process, the Compensation Committee will consider the independence of the firm in accordance with applicable SEC and NYSE rules.

Benchmarking Practices

Prior to setting NEO compensation packages for 2017, the Compensation Committee consulted the customized benchmarking study completed in 2015 and the update on market trends completed in 2016, both prepared by FPL. The 2015 benchmarking study included a competitive benchmarking analysis. This competitive benchmarking analysis, on an individual and component basis, was based on comparable positions within a peer group of thirteen public real estate companies chosen for their comparable size, rather than an asset based peer group, as an asset based peer group would have only consisted of one peer (American Campus Communities). The goal of this selection process was to find an appropriate selection of companies that reflects both our growth expectations and the companies with whom we compete for executive talent.

The peer group consisted of the following companies:

Peer Group

Acadia Realty Trust	QTS Realty Trust, Inc.
American Campus Communities, Inc.	Ramco-Gershenson Properties Trust
Cousins Properties Incorporated	STAG Industrial, Inc.
CubeSmart	Summit Hotel Properties, Inc.
EastGroup Properties, Inc.	Sun Communities, Inc.
First Industrial Realty Trust, Inc.	Washington REIT
Life Storage, Inc.	

The 2017 competitive benchmarking analysis prepared by FPL utilized this peer group to benchmark EdR's compensation practices by comparing compensation payable to our NEOs, individually and in the aggregate, with the top five highest paid executive officers with similar positions within the peer group. The analysis was comprehensive in that it looked at the peer group companies and compared each compensation component separately (i.e., base salary, annual incentive and long-term incentives) and in the aggregate (i.e., across the executives collectively). In consultation with FPL during October 2017, the Compensation Committee reviewed the benchmarking analysis comparing EdR's compensation components against the 25th percentile, median and 75% percentile of the peer group.

Based on the weighted average results of the 2017 benchmarking analysis, EdR's total annual cash compensation to our NEOs (in the aggregate) when adjusted for relative capitalization of the Peer Group was at the 54th percentile.

The Compensation Committee also consulted with FPL in restructuring our LTIP, which beginning in 2015 differs from previous plans by (i) providing for profits only partnership interests instead of time-vested restricted stock or restricted stock units; and (ii) revamping the performance criteria to measure the Company's performance based on a mixture of objective internal achievements and relative performance against its industry peers and other REITs. A more detailed discussion of the 2017 LTIP is provided under the caption "Elements of EdR's Compensation Program – 2017 Long-Term Equity Incentive Compensation" below. The Compensation Committee also consulted with FPL in connection with the Board of Director's approval of the 2017 Omnibus Equity Incentive Plan.

Procedures for Compensation Decisions

The Compensation Committee annually evaluates the compensation packages that are paid or awarded to our NEOs and determines the appropriate amounts and the elements of such compensation packages. With respect to the compensation of our NEOs other than the Chief Executive Officer, the Compensation Committee works with the Chief Executive Officer to conduct these evaluations. To this end, the Chief Executive Officer completes an evaluation of our other NEOs, makes recommendations regarding the compensation of the other NEOs and presents his evaluations and compensation recommendations to the Compensation Committee for its review.

After considering the Chief Executive Officer's evaluations and recommendations and such other factors as the nature and responsibilities of each NEO's position, the NEO's tenure and experience, the NEO's achievement of individual goals, EdR's achievement of corporate goals and competitive industry compensation practices, the

Compensation Committee then sets the compensation packages of our NEOs other than the Chief Executive Officer. Thereafter, the Compensation Committee sets the compensation package of the Chief Executive Officer in a meeting at which he is not present. Generally, the compensation packages for the following year are set and recommended for adoption at the meetings of the Compensation Committee and the Board of Directors usually held in November of each year.

Elements of EdR's Compensation Program

In 2017, the compensation program was comprised of the following three elements: (i) base salary, (ii) annual incentive compensation and (iii) long-term equity incentive compensation. The Compensation Committee believes that using a mix of compensation types (salary, cash incentives and equity) and performance periods (one-year and three-year periods) promotes behavior consistent with our long-term strategic plan and minimizes the likelihood of executives having significant motivation to pursue risky and unsustainable results. Although it does not allocate a fixed percentage of the NEO compensation packages to each of these elements, the Compensation Committee does seek to achieve an appropriate balance among these elements to incentivize our NEOs to focus on financial and operating results in the near term and the creation of stockholder value over the long term. The following illustrates the mix of salary, annual incentive compensation and long-term incentive compensation for our 2017 NEO compensation program.

2017 Compensation Mix

2017 Base Salaries

Base salary is the fixed component of our NEO compensation packages. To compete for and retain talented executives who are critical to our long-term success, the Compensation Committee has determined that the base salaries of our NEOs should approximate the median of NEOs in the peer group, as determined based on the competitive benchmarking analysis discussed above. When reviewing the base salaries of our NEOs, the Compensation Committee also evaluates the nature and responsibilities of each NEO's position, the NEO's tenure and experience, the NEO's achievement of individual goals, EdR's annual and long-term fiscal performance relative to companies within the REIT industry of comparable organizational size and market capitalization, as well as year-over-year growth in size of the Company.

Based upon a review of the relevant benchmarks discussed above for base salaries of executive officers of companies from the peer group as part of the Compensation Committee's benchmarking process, as well as the individual evaluations of our NEOs, the Compensation Committee approved 2017 base salaries as follows.

2017 and 2016 Base Salaries

2017 Annual Incentive Compensation

Annual incentive compensation is an important element of EdR's compensation program and is necessary in achieving our objectives of attracting, motivating and retaining executive talent, encouraging superior individual performance and, most importantly, achieving our corporate goals and objectives. To support collaboration among our NEOs, annual incentive compensation in the form of cash awards may be paid to our NEOs based upon their individual performance in relation to pre-determined corporate and individual goals. The Compensation Committee believes that, in order to motivate our NEOs to achieve annual strategic business goals related to both EdR's overall performance and individual contributions to EdR's performance, executives should receive annual incentive compensation for their contributions in achieving these goals. The Compensation Committee sets the annual incentive compensation for our NEOs and believes that EdR's annual incentive compensation plan for its NEOs (the "Annual Incentive Plan") is competitive with similar plans used by the companies included in the peer group discussed above.

Each NEO is eligible to receive annual incentive compensation under the Annual Incentive Plan, which represents a certain percentage of his or her annual base salary and which is referred to as the "target bonus." Performance incentives are based upon financial achievement measured at the consolidated Company-level and achievement of goals at the individual level, consisting of an evaluation of financial and operating metrics and a formal evaluation of the achievements of each NEO's goals (which may include Company or department financial goals). There are two distinct components of the Annual Incentive Plan, each worth 50% of the bonus at "target" level performance: (i) EdR's achievement of a quantitative goal (e.g., budgeted Core FFO) and (ii) achievement of specified personal goals. Each component contributes one-half of the total target bonus under the Annual Incentive Plan, and the potential payouts under both components are based upon a sliding scale designed to maximize the payout for superior performance.

Corporate Performance Objective. The first component of the Annual Incentive Plan is based upon EdR's budgeted Core FFO. EdR calculates funds from operations ("FFO") in accordance with the definition promulgated by NAREIT. Adjustments to the calculation of FFO to arrive at Core FFO may be made by the Compensation Committee. Adjustments to FFO may be made for, but are not limited to, the following: gain or loss on the early extinguishment of debt, severance costs, additional expense related to long-term ground leases associated with the recognition of rent increases on a straight-line basis and the impact of other capital transactions. Payouts under the first bonus component attributable to EdR's budgeted Core FFO target are based upon a sliding scale with payouts ranging from 25% to 75% of the total targeted bonus amount based upon a minimum threshold achievement level of 80%

of the target and a maximum achievement level of 120%. If the budgeted Core FFO target is not achieved at the threshold level, then no payouts under this component will be made to our NEOs.

The following chart sets forth the correlation of the percentage of budgeted Core FFO to the bonus range percentage:

Core FFO Achievement Level		
Threshold	Target	Maximum
80%	100%	120%

Payout Range Multiplier		
Threshold	Target	Maximum
25%	50%	75%

For fiscal year 2017, in order for our NEOs to receive 100% of the target bonus under the first component of the Annual Incentive Plan, EdR had to achieve budgeted Core FFO of \$1.95 per share for 2017, as compared to \$1.72 per share for 2016.

For fiscal year 2017, EdR's actual Core FFO per share of \$1.90 was adjusted by \$0.01 (representing the financial impact of the new tax laws enacted in 2017). EdR's adjusted Core FFO per share for fiscal 2017 of \$1.91 was \$0.04 below budget of \$1.95 per share, representing 98% achievement. As a result, the Company performance portion of the Annual Incentive Plan was paid at 47.5% of the targeted bonus for each of our NEOs.

For a detailed explanation of our Core FFO, including a reconciliation to our net income, please see "Management's Discussion and Analysis of Financial Condition and Results of Operations – Funds from Operations" in our Annual Report on Form 10-K for the year ended December 31, 2017.

Individual Objectives for NEOs. The second component, achievement of individual objectives, is determined by an achievement rating of 0% to 100%, although achievement of stretch objectives can result in an achievement rating of up to 150%. The rating is based upon the achievement of individual goals which, for business and financial reporting purposes, are approved at the meetings of the Compensation Committee and the Board of Directors generally held in February of each year. Our NEOs, other than the Chief Executive Officer, establish their goals and the relative maximum weight assigned for achievement of such goals with assistance from the NEO's immediate supervisor. These goals are then reviewed and revised or confirmed by the Chief Executive Officer. Thereafter, the Chief Executive Officer establishes his goals and the relative maximum weight assigned for the achievement of each. The goals of all of our NEOs are then presented to the Compensation Committee and the independent members of the Board of Directors for approval. If the NEO does not meet at least 50% (taking into account relative weighting) of his or her personal goals, the NEO does not receive any portion of the 50% of the bonus attributable to personal objectives. Based upon the achievement of his or her individual objectives, each NEO is eligible to receive a payout ranging from 25% to 75% of the total targeted bonus amount.

The following chart sets forth the correlation of the percentage of the individual objectives to the bonus range percentage:

Individual Objectives Achievement Level		
Threshold	Target	Maximum
50%	100%	150%

Payout Range Multiplier		
Threshold	Target	Maximum
25%	50%	75%

25% 50% 75%

2017 Discretionary Cash Bonuses

Our NEOs are eligible to receive additional cash bonuses at the discretion of the Compensation Committee. Cash bonuses are designed to reward our NEOs at a variable level of compensation based on the Company's and such NEO's performance, based on criteria established by our Compensation Committee. The Compensation Committee approved a one-time discretionary bonus of \$33,165 to Ms. Richards for 2017. This bonus was paid to Ms. Richards in recognition of the fact that she missed one of her individual performance objectives under the Annual Incentive Plan in 2017 due to factors that were outside of her control and that, absent such factors, Ms. Richards likely would have achieved the performance objective in question. The Compensation Committee determined it was appropriate to make this discretionary bonus, as such reflects her overall outstanding performance for the year. No other NEO received a discretionary bonus for 2017.

2017 Long-Term Equity Incentive Compensation

The purposes of EdR's LTIP program are to attract, motivate and retain the participants and to promote the long-term growth and profitability of EdR. The Compensation Committee believes that a time-vesting component of the plan supports the goal of the participants having an ownership position in EdR while encouraging their long-term retention and that the performance-vesting component provides increased incentive to achieve identified performance goals over the long term. On November 3, 2016, the Compensation Committee approved the structure for the 2017 Long-Term Incentive Plan (the "2017 LTIP"). Specific performance objectives were later approved in February 2017.

The 2017 LTIP provides that 25% of a participant's award consists of a time-vested grant LTIP Units subject to the rights, preferences and other privileges as designated in the partnership agreement of the Operating Partnership (the "Partnership Agreement"). The time-vested LTIP Units vest over a three-year period and are valued for award purposes at a value equal to the market price of the Company's common stock on the grant date. The time-vested LTIP Units are entitled to voting and distribution rights from the effective date of the grant in accordance with the Partnership Agreement, but are non-transferable and non-convertible until fully vested.

The remaining 75% of a participant's award consists of a grant of performance-based LTIP Units. The vesting of performance-based LTIP Units is dependent upon the Company's achievement, over a three-year period, of the performance criteria approved by the Compensation Committee, with a minimum, threshold and maximum performance standard for each performance criterion. The grant date value of the LTIP Units is determined by a Fair Value determination by a third party valuation consultant using the Monte Carlo simulation to determine the effects of volatility, interest rates and distributions over a defined period of time and the appropriate discount rate to be applied to the actual grant date share price, as applicable. The performance-based LTIP Units are entitled to voting and distribution rights from the effective date of the grant in accordance with the Partnership Agreement, but are non-transferable and non-convertible until fully vested. After the determination of the achievement of the performance

criteria, any performance-based LTIP Units that were awarded but did not become vested LTIP Units are canceled.

The vesting of LTIP Units for the performance based portion of the award is calculated based upon the Company's achievement of six performance objectives (the "Performance Objectives") over a three-year period. Each Performance Objective will have specific targets for minimum achievement equaling 50%, target achievement equaling 100% and maximum achievement equaling 150%, with interpolation between each target level.

The Performance Objectives, including the relative target weight assigned to each goal are as follows:

1. the dollar amount of the Company's new development deliveries and aggregate operating performance (20%);
2. the total asset growth of the Company (20%);
3. the Company's annual FFO share/unit at the end of 2019, the final year of the plan (20%);
4. the absolute TSR of the Company (20%);
5. the Company's TSR compared to American Campus Communities (NYSE: ACC) (the only other public student housing REIT) (10%); and
6. the Company's TSR compared to the NAREIT Index (10%).

Once fully vested, the LTIP Units may be converted to Class A Units in the Operating Partnership and thereafter into shares of the Company's stock or cash in accordance with the terms of the Partnership Agreement.

The table below shows the number of time-vested and performance-vested LTIP Units each NEO is eligible to receive pursuant to the 2017 LTIP. The amount of the performance-vested LTIP Units that will vest depends on achievement of six performance objectives at the "threshold", "target" and "maximum" performance levels.

⁽²⁾ 75% of Participant's long-term incentive target.

⁽⁴⁾ The amounts reported in the "Amount" columns show the grant date fair value, computed in accordance with ASC 718, of the performance-based LTIP Units granted pursuant to the 2017 LTIP. Refer to Note 9, "Incentive Plans," to the consolidated audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 for a discussion of the relevant assumptions used to determine the grant date fair value of these awards. The value of the time-vested LTIP Units was determined based on the fair value of \$42.30 per LTIP Unit. The value of the performance-based LTIP Units was determined based on a weighted-average fair value of \$34.33 per LTIP Unit at target.

In the event of a "change of control" of EdR, a termination of a participant's employment by EdR without "cause" or a termination of employment by a participant for "good reason," all time-based LTIP Units will accelerate and be fully vested and delivered to such participant. Unvested time-based LTIP Units will also vest in the event of termination of a participant's employment due to death or disability, along with a portion of performance vesting LTIP Units (as further described below). A voluntary retirement that is not a result of a Disability will be considered to be a termination of employment by the Participant without good reason, unless treated otherwise in the discretion of the Committee. A Participant who provides a year's notice before retiring may receive a prorated credit for time-vested LTIP Units at the discretion of the Chief Executive Officer and upon the approval of the Compensation Committee. A more detailed description of the vesting of time-based LTIP Units upon a change in control of EdR or in connection with a termination of employment is provided under the caption "Potential Payments upon Termination or Change in Control" below.

Termination of a participant's employment prior to the end of the performance period will result in the forfeiture of performance-based LTIP Units by such participant; unless the participant's employment is terminated prior to the end of the performance period as a result of such participant's death or disability, in which case the Compensation Committee will determine the percentage of the participant's performance-based LTIP Units that will convert into fully-vested shares of common stock by (i) applying the performance criteria set forth in the 2017 LTIP using the effective date of the disability or the date of death, as applicable, and adjusting the performance criteria for such shortened Performance Period (if necessary) and (ii) multiplying the number of shares of LTIP Units so determined by 0.6667 or 1.0 if the death or disability occurs in 2018 or 2019, respectively. A voluntary retirement that is not a result of a Disability will be considered to be a termination of employment by the Participant without good reason, unless treated otherwise in the discretion of the Committee. A Participant who provides a year's notice before retiring may receive a prorated credit for performance based LTIP Units at the discretion of the Chief Executive Officer and upon the approval of the Committee.

Pursuant to the NEO's employment agreements, if a change of control occurs prior to the end of the performance period, all outstanding performance-based awards granted under the LTIP will vest and become immediately exercisable and unrestricted, regardless of whether the applicable three-year performance period has ended.

Deferred Compensation Plan

On August 31, 2011, the Board of Directors approved the Education Realty Trust Deferred Compensation Plan, a nonqualified deferred compensation plan ("Deferred Compensation Plan"). The Deferred Compensation Plan is intended to comply with the requirements of Section 409A of the Internal Revenue Code of 1986, as amended (the "Code"). Employees who are eligible to participate in the Deferred Compensation Plan may defer the receipt of up to 15% of their annual compensation by contributing such amounts to their accounts in the Deferred Compensation Plan. The Deferred Compensation Plan also permits EdR to make matching contributions and discretionary employer contributions. All contributions by EdR are subject to a vesting schedule, which provides for vesting over a three-year period.

Retirement Plans

We match contributions made by our NEOs to our 401(k) plan up to the maximum amount permitted under the 401(k) plan documents.

Other Plans, Perquisites and Personal Benefits

Each of our NEOs is eligible to participate in all of EdR's broad-based compensatory and benefit plans on the same basis as other employees of EdR, except that NEOs are not permitted to participate in the employee discount stock purchase plan. We do not provide our NEOs with any excessive perquisites or personal benefits.

EdR maintains a Company airplane. It is preferred that our Chief Executive Officer and other senior executive officers, including the NEOs, use the Company airplane when air travel is required for business purposes. This provides for a more efficient use of their time given the greater likelihood of direct flights and improved flight times than are available commercially. It also provides a more secure traveling environment where sensitive business issues may be discussed. From time to time, family members and invited guests of our NEOs may fly on the Company airplane as additional passengers when seats are available and the Company airplane is already flying to a specific destination for a business purpose. In those cases, the employee is taxed upon the cost of the non-employee travel using the SIFL rate.

Employment Agreements

Effective January 1, 2018, each of our NEOs, other than Mr. Churchey, entered into new executive employment agreements which are substantially similar to the previous executive employment agreements that governed each of our NEOs. Each of the new employment agreements has a three-year term, commencing on January 1, 2018 and terminating on December 31, 2020. Mr. Churchey's employment agreement has a rolling three-year term.

Each of the employment agreements provide for (i) an annual base salary to be adjusted annually at the discretion of the Compensation Committee; (ii) eligibility for annual incentive compensation under the Annual Incentive Plan as described in more detail under the caption "2017 Annual Incentive Compensation"; and (iii) participation in other compensatory and benefit plans of EdR that are available to all employees, except as noted above with regard to the employee stock purchase plan.

The employment agreements permit us to terminate the NEO's employment for or without "cause" and, each NEO may resign with or without "good reason at any time." The benefits that could be received by each NEO upon a change of control and upon termination of his or her employment and the definitions of "change of control," "cause" and "good reason" are described in more detail under the caption "Potential Payments Upon Termination or Change in Control" below.

Each of the employment agreements further provides that the NEO agrees not to compete with us, individually or on behalf of any person or entity engaged in the business of owning and managing off-campus collegiate housing communities, providing third-party management services for collegiate housing communities or providing third-party development consulting services for collegiate housing communities for a period of one year for each NEO other than Mr. Churchey, who has a three-year non-compete. Each NEO also agrees that he or she will not solicit, directly or indirectly, any of our customers for the purpose of providing any goods or services in competition with us and will not solicit, recruit or induce, directly or indirectly, any of our employees to terminate their relationship with us or work for any other person or entity competitive with us. Each NEO also agrees not to use or disclose any of our trade secrets for so long as the information constitutes a trade secret and not to use or disclose any of our confidential information.

Elements of Post-Termination Compensation

Under certain circumstances, the employment agreements, the LTIPs and certain incentive compensation awards provide for benefits upon termination of an NEO's employment or a change of control in EdR. A detailed discussion of the change of control and post-termination payments in the employment agreements, the LTIPs and the incentive compensation awards is provided under the caption "Potential Payments upon Termination or Change in Control" below.

Analysis of Risk in Compensation Program

The structure of EdR's compensation program is designed to discourage our NEOs from engaging in unnecessary and excessive risk taking. The attention of our NEOs is to be focused on financial and operating results in the near term and the creation of stockholder value over the long term. Our Compensation Committee and Board of Directors considered the current risk profile of EdR's compensation program and noted numerous ways in which risk is effectively managed or mitigated, including the balanced mix of the elements that comprise our NEO compensation packages, the use of varied performance metrics in our Annual Incentive Plan and long-term incentive plans and the ability of the Compensation Committee to employ discretion when awarding annual and long-term incentive compensation. Accordingly, we believe that EdR's compensation program (i) promotes behavior that is focused on the achievement of financial and operating metrics and supports sustainable value creation for our stockholders and (ii) is not reasonably likely to have a material adverse effect on EdR.

Impact of Regulatory Requirements

Deductibility of Executive Compensation

Section 162(m) of the Code ("Section 162(m)") generally precludes a publicly-held corporation from taking a federal income tax deduction for annual compensation in excess of \$1 million provided to certain of its executive officers.

Before the Tax Cuts and Jobs Act of 2017 (“TCJA”) was signed into law in 2017, compensation that qualified as “performance-based” under Section 162(m) was not subject to Section 162(m). Under the TCJA, this performance-based exception was repealed and the coverage of Section 162(m) was expanded to include additional executive officers. These changes generally apply to taxable years beginning after December 31, 2017, but generally do not apply to remuneration provided pursuant to a written binding contract in effect on November 2, 2017, that is not

modified in any material respect after that date. The Compensation Committee will continue to monitor developments under the TCJA and Section 162(m), including the impact from the TJCA. The Compensation Committee will take the deduction limitations under Section 162(m) into account when structuring executive compensation, while maintaining flexibility to take actions which it deems to be in our and our stockholders' best interests, even if these actions may result in the provision of compensation that may not be fully deductible.

Accounting for Stock-Based Compensation

We also consider the accounting impact of the compensation paid to our executives, including, in particular, the treatment of our equity awards under Generally Accepted Accounting Principles. EdR accounts for stock-based compensation in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 718, Compensation - Stock Compensation ("ASC 718").

CEO Pay Ratio

As required by SEC rules, we are providing the following information about the relationship between the median annual total compensation of our employees and the annual total compensation of Mr. Randy Churchey, our Chief Executive Officer. The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with SEC rules.

For 2017, our last completed fiscal year:

the median annual total compensation of all employees of our company (other than Mr. Churchey) was \$20,876; and the annual total compensation of Mr. Churchey, as reported in the Summary Compensation Table included elsewhere in this Proxy Statement, was \$2,909,712.

Based on this information, for 2017 the ratio of the annual total compensation of Mr. Churchey to the median annual total compensation of all employees, as determined pursuant to SEC rules, was 139 to 1.

To determine the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and Mr. Churchey, we took the following steps:

- We identified our active employee population as of December 31, 2017, which consisted of approximately 1,235 full-time and part-time employees.
- With respect to employees other than Mr. Churchey, we used a "base salary" for 2017, which consisted of base cash salary for salaried employees and cash compensation paid at the applicable hourly rate for non-salaried employees. With the above information, we identified an employee whose compensation we believe best reflects the Company's employees' median 2017 compensation, taking into account whether their compensation likely would reflect median employee compensation in future years.
- Once we identified our median employee, we combined all of the elements of such employee's compensation for 2017 in accordance with SEC rules, resulting in annual total compensation of \$20,876.
- In accordance with SEC rules, with respect to the annual total compensation of Mr. Churchey, we used the amount reported in the "Total" column of our 2017 Summary Compensation Table included in this Proxy Statement.

2018 Compensation Actions

Increase in NEO Base Salaries

In setting compensation packages for 2018, effective as of January 1, 2018, the Compensation Committee approved salary increases for our NEOs and set base salaries for Mr. Churchey, Mr. Trubiana, Mr. Brewer, Ms. Richards and Ms. Mackie in the respective amounts of \$652,000, \$405,000, \$390,000, \$350,000 and \$205,000.

2018 Long-Term Equity Incentive Compensation

On February 22, 2018, the Compensation Committee approved the 2018 LTIP. The 2018 LTIP is substantially the same as the 2017 LTIP in form; however, the 2018 LTIP contains four performance objectives, instead of six performance objectives under the 2017 LTIP and the maximum achievement of the performance-vesting portion of the plan has been increased from 150% to 200% of the award. In addition, upon the occurrence of a change in control, all unvested performance-based LTIP Units granted under the 2018 LTIP will vest at the maximum achievement level for all participants. Previously this vesting condition was only applicable to the NEOs.

The vesting of LTIP Units for the performance based portion of the award is calculated based upon the Company's achievement of four performance objectives (the "Performance Objectives") over a three-year period. Each Performance Objective will have specific targets for minimum achievement equaling 50%, target achievement equaling 100% and maximum achievement equaling 200%, with interpolation between each target level. The Performance Objectives are as follows:

1. for 40% of the award, the dollar amount of the Company's new development deliveries and aggregate operating performance;
2. for 30% of the award, the Company's debt to gross asset ratio at the end of 2020;
3. for 15% of the award, the Company's TSR compared to its public student housing REIT peer; and
4. for 15% of the award, the absolute TSR of the Company.

Once fully vested, the LTIP Units may be converted to Class A Units in the Operating Partnership and thereafter into shares of the Company's stock or cash in accordance with the terms of the Partnership Agreement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The following non-employee directors are the current members of the Compensation Committee of the Board of Directors: Messrs. (1) The amounts listed in this column represent cash bonuses earned by the NEO during the fiscal year covered.

(2) The amounts listed in this column represent the grant date fair value of awards of LTIP Units in 2017, 2016 and 2015, as computed under ASC 718 granted during the fiscal year indicated excluding the effect of estimated forfeitures. For Performance Awards, grant date fair value is calculated based on the probable outcome of the performance result for each of the performance periods, excluding the effect of estimated forfeitures. Refer to Note 9, "Incentive Plans," to the consolidated audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 for a discussion of the relevant assumptions used to determine the grant date fair value of these awards. These amounts do not necessarily reflect the actual amounts that were paid to, or may be realized by, the NEOs for any of the fiscal years reflected. The amounts shown assume each NEO achieves "target" performance for purposes of the performance based portion of the stock award amount. The "target" amounts for the 2017 performance grants are as follows: \$1,092,000 for Mr. Churchey, \$541,500 for Mr. Trubiana, \$393,750 for Mr. Brewer, \$262,500 for Ms. Richards and \$45,000 for Ms. Mackie. The 2017 amounts for each NEO if "maximum" performance is achieved are as follows: \$1,638,000 for Mr. Churchey, \$812,250 for Mr. Trubiana, \$590,625 for Mr. Brewer, \$393,750 for Ms. Richards and \$67,500 for Ms. Mackie.

(3) The amounts listed in this column for 2017 reflect the dollar amount paid to our NEOs pursuant to the Annual Incentive Plan related to fiscal 2017. For more information regarding payments made to our NEOs under the Annual Incentive Plan, see the discussion and table under the caption "Compensation Discussion and Analysis – Elements of EdR's Compensation Program – 2017 Annual Incentive Compensation" above.

(4) The amounts listed in this column reflect, for each NEO, the sum of (i) the amounts contributed by EdR to our 401(k) Retirement Savings Plan and Deferred Compensation Plan and (ii) distributions received on outstanding time-vesting LTIP Units. Listed in the table below are the dollar values of the amounts reported in this column for

2017.

⁽⁵⁾ The Compensation Committee approved a one-time discretionary bonus of \$33,165 to Ms. Richards for 2017. This bonus was paid to Ms. Richards in recognition of the fact that she missed one of her individual performance objectives under the Annual Incentive Plan in 2017 due to factors that were outside of her control and that, absent such factors, Ms. Richards likely would have achieved the performance objective in question. No other NEO received a discretionary bonus for 2017.

⁽⁶⁾ Ms. Mackie was appointed to the role of Senior Vice President and Chief Accounting Officer on June 1, 2015.

The following table shows the details of all other compensation earned during 2017:

NEO	Company Match in 401(k) and Deferred Compensation Plan (\$)	Dividends on Unvested Time-Vesting LTIP Units (\$)	Total All Other Compensation (\$)
Randy Churchey	12,040	27,138	39,178
Thomas Trubiana	—	13,911	13,911
Edwin B. Brewer, Jr.	8,298	8,003	16,301
Christine Richards	9,000	6,411	15,411
Lindsey Mackie	5,309	886	6,195

Supplemental Compensation Table

To supplement the SEC-required disclosure in the Summary Compensation Table set forth above, we have included the additional table below, which shows “Total Realized Compensation” representing the total compensation realized by each NEO in each of the years shown. Total compensation as calculated under SEC rules and, as shown in the Summary Compensation Table, includes several items that are driven by accounting and actuarial assumptions, which are not necessarily reflective of compensation actually realized by each of the NEOs in a particular year.

NEO	Total Realized Year Compensation ⁽¹⁾
Randy Churchey	2017 \$4,311,121 2016 \$2,023,816 2015 \$1,778,072
Thomas Trubiana	2017 \$2,419,515 2016 \$1,154,516 2015 \$1,022,627
Edwin B. Brewer, Jr.	2017 \$810,608 2016 \$734,377 2015 \$614,917
Christine Richards	2017 \$1,185,243 2016 \$769,057 2015 \$705,161
Lindsey Mackie ⁽²⁾	2017 \$302,969 2016 \$251,323 2015 \$190,804

⁽¹⁾ Amounts reported as Total Realized Compensation differ substantially from the amounts determined under SEC rules as reported in the Total column of the Summary Compensation Table. Total Realized Compensation is not a substitute for the total compensation as shown above in the “Total” column in the Summary Compensation Table. The Supplemental Table does not include all items required to be included as compensation in the Summary Compensation Table. Total Realized Compensation consists solely of (a) the actual salary paid for the indicated year, (b) the annual incentive cash bonus (as reported under the non-equity incentive compensation plan column), and (c) the market value of shares and LTIP units vested during the applicable year on the vesting date. For more information on total compensation as shown above in the “Total” column in the Summary Compensation Table under the SEC rules, see the notes accompanying the Summary Compensation Table and the section “Narrative to Summary Compensation Table and Grants of Plan-Based Awards” below.

⁽²⁾ Ms. Mackie was appointed to the role of Senior Vice President and Chief Accounting Officer on June 1, 2015.

⁽¹⁾ The amounts reported in the “Estimated Future Payouts Under Non-Equity Incentive Plan Awards” column represent the “threshold”, “target” and “maximum” payouts to the NEOs pursuant to EdR’s Annual Incentive Plan. NEOs qualify for the (i) “threshold” amount if EdR meets 80% of its budget for Core FFO and individual NEOs meet 50% of their performance goals; (ii) “target” amount if EdR meets 100% of its budget for Core FFO and individual NEOs meet 100% of their performance goals; and (iii) “maximum” amount if EdR meets 120% of its budget for Core FFO and individual NEOs meet 150% of their performance goals. See “Compensation Discussion & Analysis – Elements of EdR’s Compensation Program – 2017 Annual Incentive Compensation” above.

⁽²⁾ The amounts reported in the “Estimated Future Payouts Under Equity Incentive Plan Awards” column represent the “threshold”, “target” and “maximum” LTIP Units granted to the NEOs pursuant to the 2017 LTIP. The vesting of such LTIP Units is based upon the Company’s achievement of six Performance Objectives over a three-year period ending on December 31, 2019. See “Compensation Discussion and Analysis – Elements of EdR’s Compensation Program – 2017 Long-Term Incentive Compensation” above.

⁽³⁾ The amounts reported in the “All Other Stock Awards: Number of Shares of Stock” column represent the number of time vesting LTIP Units granted to the NEOs pursuant to EdR’s 2017 LTIP. The LTIP Units vest ratably over a period

of three years on each anniversary date of the grant date as long as the respective NEO is employed by EdR on such vesting date. See “Compensation Discussion & Analysis – Elements of EdR’s Compensation Program – 2017 Long-Term Incentive Compensation” above.

⁽⁴⁾ The amounts reported in the “Grant Date Fair Value of Stock Awards” column show the aggregate grant date fair value, computed in accordance with ASC 718, of the LTIP Units granted pursuant to the 2017 LTIP. Refer to Note 9, “Incentive Plans,” to the consolidated audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 for a discussion of the relevant assumptions used to determine the grant date fair value of these awards.

Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table

The following discussion should be read in conjunction with (i) the “Summary Compensation Table” and the “Grants of Plan-Based Awards Table” as well as the footnotes to such tables and (ii) the disclosure under the caption “Compensation Discussion and Analysis” above.

Employment Agreements

During 2017, the employment of each of our NEOs was governed by an executive employment agreement. We have summarized the material terms of these executive employment agreements under the caption “Compensation Discussion and Analysis – Employment Agreements” above and “Potential Payments Upon Termination or Change in Control” below.

Equity Awards

The equity awards granted to our NEOs during 2017 that appear in the tables above were granted pursuant to the 2017 LTIP, which is described in detail in the Compensation Discussion and Analysis section under the caption “Elements of EdR’s Compensation Program – 2017 Long-Term Incentive Compensation.” LTIP Units granted under the 2017 LTIP were granted pursuant to the Education Realty Trust, Inc. 2011 Omnibus Equity Incentive Plan (the “2011 Plan”). The 2011 Plan was approved by our Board of Directors on February 17, 2011 and by our stockholders on May 4, 2011 and became effective as of January 1, 2011.

On May 10, 2017, EdR’s stockholders approved the Education Realty Trust, Inc. 2017 Omnibus Equity Incentive Plan (the “2017 Plan”). The 2017 Plan replaced the 2011 Plan in its entirety and authorized the grant of 346,111 shares that remained available for grant under the 2011 Plan, as well as 1,000,000 additional shares. In addition, any shares underlying unvested awards under the 2011 Plan will become available for issuance under the 2017 Plan in the event such shares are forfeited for any reason. As of December 31, 2017, the Trust had 1,346,111 shares of its common stock reserved for issuance pursuant to the 2017 Plan. Automatic increases in the number of shares available for issuance are not provided. The 2017 Plan provides for the grant of stock options, restricted stock, restricted stock units (“RSUs”), stock appreciation rights, LTIP Units and other stock-based incentive awards to employees, directors and other key persons providing services to the Trust. The 2017 Plan limits the number of shares and LTIP units subject to awards granted during any calendar year to any non-employee director, together with cash fees paid during the calendar year, to a maximum of \$500,000 in total value.

Compensation Mix

As discussed in more detail in the section of this Proxy Statement entitled “Compensation Discussion and Analysis – Elements of EdR’s Compensation Program” above, in 2017, EdR’s compensation program was comprised of the following three elements: (i) base salary, (ii) annual incentive compensation and (iii) long-term equity incentive compensation. Although it does not allocate a fixed percentage of the NEO compensation packages to each of these elements, the Compensation Committee does seek to achieve an appropriate balance among these elements to incentivize our NEOs to focus on financial and operating results in the near term and the creation of stockholder value over the long term.

The table entitled “2017 Compensation Mix” in the “Compensation Discussion and Analysis – Elements of EdR’s Compensation Program” section above illustrates the mix of salary, annual incentive compensation and long-term incentive compensation for our 2017 NEO compensation program.

⁽²⁾ Market value reflects the number of LTIP Units multiplied by \$34.92 per share, which was the closing price of our common stock on December 31, 2017.

⁽³⁾ Represents the number of LTIP Units that would be issued to the NEO pursuant to the 2015, 2016 and 2017 LTIPs assuming maximum performance. Shares underlying the LTIP units issued pursuant to the 2015 LTIP vested on February 22, 2018 based on an evaluation of the applicable performance metrics by the Compensation Committee interpolated between Threshold and Target at 67%. Shares underlying the LTIP Units issued pursuant to the 2016 LTIP will vest, if at all, in 2019 upon an evaluation by the Compensation Committee of the applicable performance metrics. LTIP Units issued pursuant to the performance component of the 2017 LTIP will vest, if at all, on January 1, 2020.

⁽⁴⁾ Ms. Mackie was appointed to the role of Senior Vice President and Chief Accounting Officer on June 1, 2015. Ms. Mackie had no outstanding equity awards as of December 31, 2015.

⁽¹⁾ Amounts shown reflect the portion of the executive's 2017 cash compensation deferred into our Deferred Compensation Plan.

⁽²⁾ The amounts reported in this column are reported in the Summary Compensation Table under All Other Compensation.

The Deferred Compensation Plan is intended to provide certain highly compensated employees with a tax deferral opportunity for compensation paid by EdR.

The deferred amounts are not subject to income tax or income tax withholding when earned and deferred, but are fully taxable (and withheld appropriately) when distributed. The Deferred Compensation Plan is also intended to comply with the requirements of Section 409A of the Code.

The Deferred Compensation Plan allows our NEOs to defer a portion of their salary and cash bonuses, including performance based and non-performance based bonuses. However, the value of any incentive stock options, non-qualified stock options or any restricted stock awards granted to our NEOs are not eligible for deferral under the

plan. The Deferred Compensation Plan also permits EdR to make discretionary matching contributions and discretionary employer contributions. All contributions by EdR are subject to a vesting schedule, which provides for vesting over a three-year period. Deferrals by participants from their cash compensation are always 100% vested. The election to defer compensation under the Deferred Compensation Plan is in addition to any deferral election made by the participant under our 401(k) plan.

EdR does not provide a guaranteed rate of return on the deferrals to the Deferred Compensation Plan. This plan credits gains and losses based upon “deemed” investments chosen by the participants from a menu of mutual funds, indexes and similar investment alternatives. The investment alternatives offered under the Deferred Compensation Plan are the same investment alternatives offered under our 401(k) plan. The performance of the mutual funds

fluctuates with the conditions of the capital markets and the economy generally, and is affected by prevailing interest rates and credit risks.

The Deferred Compensation Plan provides for payment of deferred compensation and earnings thereon. Within certain limits, participants are allowed to make an election as to the timing for the distribution. Participants may elect to receive a distribution at the earlier of (i) a fixed payment date specified by the participant, (ii) following the participant's separation from service with EdR or (iii) following a "change in control." Participants may also receive a distribution in the event of a financial hardship under specific circumstances. All distributions are made in a lump sum.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

As described in more detail under the caption "Compensation Discussion and Analysis – Employment Agreements" above, during 2017, the employment of each of our NEOs was governed by an employment agreement. The employment agreements contain certain definitions and provisions that permitted us to terminate the NEO's employment for or without "cause," which is generally defined to mean that the NEO had:

- continually failed to substantially perform, or been grossly negligent in the discharge of his or her duties to EdR (in any case, other than by reason of a disability, physical or mental illness or analogous condition);

- been convicted of or pled nolo contendere to a felony or a misdemeanor with respect to which fraud or dishonesty is a material element; or

- materially breached any material EdR policy or agreement with EdR.

In addition, either prior to or after a "change of control" of EdR, each NEO has the right under the employment agreement to resign for "good reason," which is generally defined to include the following circumstances: (i) the NEO experienced a reduction in the NEO's title, duties or responsibilities; (ii) the NEO experienced a reduction of 10% or more in the NEO's annual base salary; (iii) the NEO experienced a reduction of 10% or more in the target amount of the NEO's annual incentive compensation; or (iv) the NEO's principal place of employment was relocated to a location more than fifty (50) miles from the NEO's principal place of employment, except for required travel for EdR's business to an extent substantially consistent with the NEO's historical business travel obligations. In general terms, a "change of control" has occurred under the following circumstances: (i) certain changes in the composition of the directors serving on EdR's Board of Directors; (ii) consummation of a merger or consolidation of EdR in which EdR's securities represent less than 50% of the combined voting power of the surviving entity after the merger or consolidation; (iii) stockholder approval of a plan of complete liquidation or winding-up of EdR; or (iv) any transaction or series of transactions that the Board of Directors deems to constitute a change of control of EdR.

Each employment agreement provides that, if the respective NEO's employment is terminated by us without cause or by the NEO for good reason prior to a change of control, then the NEO would be entitled to receive all (i) accrued but unpaid salary, bonus and vacation through the termination date and (ii) approved, but unreimbursed, business expenses, provided that a request for reimbursement is submitted in accordance with EdR's policies and within five business days of the executive's termination date. In addition, the respective NEO would be entitled to the following:

- with respect to Mr. Churchey, (i) a separation payment equal to the sum of three times (3x) Mr. Churchey's (A) then current base salary and (B) average bonus for the previous two years, with such separation payment being payable over a period of thirty-six months and (ii) premiums for COBRA continuation coverage for Mr. Churchey and his eligible dependents for a period of up to 18 months; and

with respect to Mr. Trubiana, Mr. Brewer, Ms. Richards and Ms. Mackie, (i) a separation payment equal to 12 months of such executive's then current base salary, to be paid over a period of 12 months from the termination and (ii) a transition lump sum severance payment of \$10,000.

Each employment agreement further provides that, if the NEO's employment is terminated by us without "cause" or by the executive for "good reason" within 12 months after a change of control, then the NEO would be entitled to receive all (i) accrued but unpaid salary and bonus through the termination date and (ii) approved, but unreimbursed, business expenses provided that a request for reimbursement is submitted in accordance with EdR's policies and

within five business days of the executive's termination date. In addition, the respective NEO would be entitled to the following:

with respect to Mr. Churchey, (i) a separation payment equal to two point ninety-nine times (2.99x) the sum of (A) Mr. Churchey's then current base salary, and (B) his average bonus for the previous two years, to be paid on the sixtieth day following the termination date and (ii) premiums for COBRA continuation coverage for the executive and eligible dependents for a period of up to 18 months;

with respect to Mr. Trubiana, (i) a separation payment equal to two point ninety-nine times (2.99x) the sum of (A) Mr. Trubiana's then current base salary, and (B) his average bonus for the previous two years and (ii) a transition lump sum severance payment of \$10,000;

with respect to Mr. Brewer and Ms. Richards, (i) a separation payment equal to two times (2x) the sum of (A) each of their then current base salary and (B) his or her average bonus for the two years prior to the change of control and (ii) a transition lump sum severance payment of \$10,000; and

with respect to Ms. Mackie, (i) a separation payment equal to the sum of (A) her then current base salary and (B) a payment equal to her average bonus for the preceding two annual bonus periods completed prior to the change of control and (ii) a transition lump sum severance payment of \$10,000.

In the event that a NEO's employment is terminated by death or disability, pursuant to the employment agreements, EdR would pay the NEO or the beneficiaries of such NEO's estate the following: (i) with respect to Mr. Churchey, all his premiums for COBRA continuation coverage and his eligible dependents for a period of up to 18 months and (ii) with respect to Mr. Trubiana, Mr. Brewer, Ms. Richards and Ms. Mackie, a transition lump sum severance payment of \$10,000. In addition, each NEO will receive all (i) accrued but unpaid salary; (ii) accrued but unpaid bonuses prorated to the date of the NEO's death or disability; and (iii) approved, but unreimbursed, business expenses, provided that a request for reimbursement is submitted in accordance with EdR's policies and within five business days of the NEO's termination date.

Pursuant to the terms of the relevant LTIP and award agreements, in the event an NEO's employment is terminated by the Company without "cause" or by the NEO for "good reason," or if a change of control occurs, then all unvested time-based awards will become fully vested. A voluntary retirement that is not a result of a Disability will be considered to be a termination of employment by the Participant without good reason, unless treated otherwise in the discretion of the Committee. A Participant who provides a year's notice before retiring may receive a prorated credit for time-vested LTIP Units at the discretion of the Chief Executive Officer and upon the approval of the Committee.

Pursuant to the terms of the relevant LTIP and award agreements or each NEO's employment agreement, if an NEO's employment is terminated prior to the end of the performance period for any performance-based equity award, the award is forfeited and no payments will be made except as follows:

if employment is terminated in connection with death or disability, the Compensation Committee will determine the number of shares that are eligible to vest based on the Company's performance at the time of termination and multiply the number of eligible shares by 0.3333 (if the event occurs in the first year of the performance period), 0.6667 (if the event occurs in the second year of the performance period) or 1.0 (if the event occurs in the third year of the performance period), or

if a change of control has occurred, each NEO's outstanding and unvested equity-based awards, including performance-based awards granted under the LTIP, will vest and become immediately exercisable and unrestricted, regardless of whether the applicable three-year performance period has ended.

In providing the estimated potential payments, we have made the following general assumptions in all circumstances where applicable:

•The date of termination is December 31, 2017;

40

NEOs are entitled to the termination benefits provided for in their respective employment agreements;
The annual base salary at the time of termination is equal to the annual base salaries effective as of December 31, 2017;

Four weeks of vacation are unused, accrued and unpaid;

There is no earned but unpaid bonus for the prior year;

There is no earned and accrued but unpaid salary;

There is no unpaid reimbursement for expenses incurred prior to the date of termination;

The value of the 2015, 2016 and 2017 LTIPs are based upon EdR's closing market price at December 31, 2017 of \$34.92;

All unvested LTIP Units as of December 31, 2017 are considered eligible to vest (assuming achievement of "target" performance), and the 2017 multiplier of 0.3333 (for LTIP Units under the 2017 LTIP) and 0.6667

(for LTIP Units under the 2016 LTIP) is used to determine the number of vested shares if employment is terminated in connection with death or disability prior to a change in control; and

Our cost for continued medical, prescription and dental benefits is constant over the benefit period.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board of Directors in its oversight of EdR's financial reporting process and implementation and maintenance of effective controls to prevent, deter and detect fraud by management. In addition, the Audit Committee is directly responsible for the appointment, compensation and oversight of EdR's independent registered public accounting firm. Each of the members of the Audit Committee qualifies as an "independent" director in accordance with NYSE listing standards, SEC rules and our Corporate Governance Guidelines.

In overseeing the preparation of EdR's financial statements, the Audit Committee met with both management and Deloitte & Touche LLP, EdR's independent registered public accounting firm, to review and discuss the financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee discussed the statements with both management and Deloitte & Touche LLP.

The Audit Committee also is responsible for assisting the Board of Directors in the oversight of the qualification, independence and performance of EdR's independent auditor. The Audit Committee regularly meets in separate, private executive sessions with certain members of senior management and Deloitte & Touche LLP. The Audit Committee has discussed with Deloitte & Touche LLP matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board ("PCAOB"). The Audit Committee has received from Deloitte & Touche LLP the written disclosures and the letter required by applicable requirements of the PCAOB regarding Deloitte & Touche LLP's communications with the Audit Committee concerning independence and has discussed with Deloitte & Touche LLP its independence. In addition, the Audit Committee has considered whether the provision of non-audit services, and the fees charged for such services, by Deloitte & Touche LLP are compatible with Deloitte & Touche LLP maintaining its independence from EdR.

Based upon the review and discussions referred to above, the Audit Committee recommended to EdR's Board of Directors that EdR's audited financial statements be included in EdR's Annual Report for the fiscal year ended December 31, 2017. The Audit Committee has selected and the Board of Directors has approved the appointment of Deloitte & Touche LLP as EdR's independent auditor.

Submitted by the Audit Committee
of the Board of Directors:

The foregoing report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act, or under the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Securities Act and/or Exchange Act.

PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors has appointed Deloitte & Touche LLP to serve as EdR's independent registered public accounting firm for the fiscal year ending December 31, 2018. The appointment of this firm was recommended to the Board of Directors by the Audit Committee, and the Board of Directors has further decided that management should

submit the appointment of Deloitte & Touche LLP to the stockholders at the Annual Meeting. Deloitte & Touche LLP has audited EdR's financial statements since its inception in 2004. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions from stockholders.

Audit and Non-Audit Fees

The following table presents the aggregate fees billed by Deloitte & Touche LLP for the two most recent fiscal years ended December 31, 2017 and 2016:

	2017	2016
Audit Fees ⁽¹⁾	\$1,119,550	\$1,294,500
Audit-Related Fees ⁽²⁾	126,000	105,000
Tax Fees ⁽³⁾	129,845	65,853
Total Fees	\$1,375,395	\$1,465,353

⁽¹⁾ Fees for audit services billed in fiscal 2017 and 2016 included the following: (i) audits of our annual financial statements and the effectiveness of EdR's internal controls over financial reporting and audits of all related financial statements required to be audited pursuant to regulatory filings; (ii) reviews of unaudited quarterly financial statements; and (iii) services related to the issuance of comfort letters, consents and other services related to SEC matters.

⁽²⁾ Fees billed related to financial accounting and reporting consultations.

⁽³⁾ Fees billed for tax compliance services and tax planning.

The Audit Committee has determined that the provision of non-audit services by Deloitte & Touche LLP is compatible with maintaining the independence of Deloitte & Touche LLP.

The Audit Committee is not bound by a vote either for or against Proposal 2. The Audit Committee will consider a stockholder vote against the appointment of Deloitte & Touche LLP in selecting our independent registered public accounting firm in the future. Even if the selection is ratified, the Audit Committee may, in its discretion, select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of EdR and its stockholders.

The Board of Directors recommends a vote "FOR" Proposal 2.

Pre-Approval Policies and Procedures

Pursuant to its Charter, the Audit Committee reviews and pre-approves audit and non-audit services performed by EdR's independent registered public accounting firm as well as the fees charged for such services. The Audit Committee may not approve any service that individually or in the aggregate may impair, in the Audit Committee's opinion, the independence of the independent registered public accounting firm. The Audit Committee may delegate to one or more designated committee members the authority to grant pre-approvals of audit and permitted non-audit services, provided that any decisions to pre-approve shall be presented to the full Audit Committee at its next scheduled meeting. For fiscal years 2017 and 2016, all of the audit and non-audit services provided by EdR's independent registered public accounting firm were pre-approved by the Audit Committee in accordance with the Audit Committee Charter.

PROPOSAL 3: ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") enables our stockholders to vote to approve, on an advisory non-binding basis, the compensation of our NEOs as set forth in this Proxy Statement. Specifically, this Proposal 3, commonly known as a "Say-On-Pay" proposal, gives our stockholders the opportunity to express their views on the compensation of our NEOs. This vote is not intended to address any particular form of compensation but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. A more detailed discussion regarding the compensation of our NEOs is

provided under the captions “Compensation Discussion and Analysis” and “Executive Compensation” above. It is expected that the next Say-on-Pay vote will occur at the 2019 Annual Meeting.

Our compensation program is designed to (i) attract, motivate, and retain our NEOs, each of whom is critical to our success, through competitive pay practices, (ii) link a significant portion of the compensation of our NEOs to the achievement of EdR’s business plan and (iii) promote a pay-for-performance system that encourages and rewards

successful execution of corporate initiatives. To ensure that the Company's executive compensation program was structured accordingly, the Compensation Committee engages FPL on an annual basis as its independent compensation consultant to assist the committee in studying the Company's executive compensation structure as well as those of the Company's peer companies. To analyze the competitiveness of the Company's executive compensation program, the Compensation Committee utilizes the analysis prepared by FPL, which compares compensation payable to EdR's NEOs, individually and in the aggregate, to comparable positions within peer groups of public real estate companies.

To achieve the compensation goals described above, the Compensation Committee implemented the following changes when setting the 2017 compensation packages:

• increased base salaries for each NEO; and
 adopted the 2017 LTIP, which consists of a combination of time-vested LTIP Units (25%) and performance-vested awards (75%). The performance-vested awards are also LTIP Units that will vest based on EdR's achievement of certain performance objectives, which are to be evaluated at the end of the three-year performance period.

As described in more detail under "Compensation Discussion and Analysis," the performance period for the 2014 LTIP ended on December 31, 2016. Under the 2014 LTIP, EdR achieved TSR at the 88th percentile of the average TSR of the peer group, which equated to a 150% payout under one-half of the performance award. The remaining 50% of the performance award was also paid out at 150% as EdR met the performance criteria with regards to EdR's TSR compared to the NAREIT Equity Index over the three year performance period. Total payout under the performance component of the 2014 LTIP was at 150%.

The performance period for the 2015 LTIP ended on December 31, 2017 at a cumulative achievement of 67%. Achievement by performance objective is as follows:

Performance Objective	Weighted Percent of Total	Achievement	Achievement Calculator
New development deliveries and aggregate operating performance	20%	102%	20%
Total asset growth	20%	137%	28%
Annual FFO per share/unit target	20%	69%	14%
The Company's TSR compared to American Campus Communities (NYSE: ACC)	10%	54%	5%
The Company's TSR compared to the NAREIT Index	10%	—%	—%
The absolute TSR of the Company	20%	—%	—%

During the period between January 1, 2010, when Mr. Churchey took over as the Company's Chief Executive Officer, through the year ended December 31, 2017, the Company's TSR was 222% as compared to a TSR of 98% for American Campus Communities, a TSR of 157% for the NAREIT Equity Index and a TSR of 184% for the S&P 500.

For these reasons and others, the Board of Directors believes the Company's executive compensation program is meeting the objectives of the program.

We are asking our stockholders to indicate their support for the compensation of our NEOs as set forth in this Proxy Statement. Accordingly, we will ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the stockholders of EdR approve, on an advisory basis, the compensation of EdR's NEOs, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, executive compensation tables and narrative discussion, as set forth in this Proxy Statement."

The vote for this Proposal 3 is advisory and is therefore not binding upon the Compensation Committee, our Board of Directors or EdR. Our Compensation Committee and our Board of Directors value the opinions of our stockholders

and, to the extent there is any significant vote against the compensation of our NEOs as disclosed in this Proxy Statement, we will carefully consider our stockholders' concerns, and the Compensation Committee and our Board of Directors will evaluate whether any actions are necessary to address such concerns.

The Board of Directors Recommends A Vote "FOR" Proposal 3.

OTHER MATTERS

Our management is not aware of any other matter to be presented for action at the Annual Meeting other than those mentioned in the Notice of Annual Meeting of Stockholders and referred to in this Proxy Statement. However, should any other matter requiring a vote of the stockholders arise, the representatives named on the accompanying Proxy will vote in accordance with their discretion.

By Order of the Board of Directors,

INFORMATION ABOUT VOTING

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on the record date, March 9, 2018, are entitled to receive notice of and to vote at the Annual Meeting or any postponement or adjournment thereof. As of the close of business on March 9, 2018, EdR had 75,783,889 shares of common stock outstanding.

Stockholder of Record: Shares Registered in Your Name. If, on March 9, 2018, your shares were registered directly in your name with EdR's transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent. If, on March 9, 2018, your shares were held in an account with a broker, bank or other agent, then you are the beneficial owner of shares held in "street name," and the Notice of Internet Availability of Proxy Materials was forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker, bank or other agent how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, because you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy card from your broker, bank or other agent.

How do I vote?

For Proposal 1 (election of directors), you may either vote "FOR" all of the nominees to the Board of Directors or you may "WITHHOLD" your vote for all of the nominees or for any nominee that you specify. For Proposal 2 (ratification of the appointment of Deloitte & Touche LLP) and Proposal 3 (advisory (non-binding) vote on executive compensation), you may vote "FOR" or "AGAINST" such proposals or "ABSTAIN" from voting. The procedures for voting are set forth below.

Stockholder of Record: Shares Registered in Your Name. If you are a stockholder of record, you may vote in person at the Annual Meeting or vote by giving your proxy authorization over the Internet or by telephone.

In addition, you may request a proxy card from us as instructed in the Notice of Internet Availability of Proxy Materials and indicate your vote by completing, signing and dating the card where indicated and mailing the card in the postage paid envelope provided. Whether or not you plan to attend the Annual Meeting, we encourage you to vote by proxy or to give your proxy authorization to ensure that your votes are counted. You may still attend the Annual Meeting and vote in person if you have already voted by proxy or given your proxy authorization.

• To vote in person, attend the Annual Meeting, and we will provide you with a ballot when you arrive.

• To give your proxy authorization over the Internet or by telephone, follow the instructions for accessing our proxy materials provided in the Notice of Internet Availability of Proxy Materials.

To vote using a proxy card, request a proxy card from us as instructed in the Notice of Internet Availability of Proxy Materials. You should complete, sign and date the proxy card and return it promptly in the postage paid envelope provided. If your signed proxy card is received by the close of business on May 8, 2018, then your shares will be voted as you direct.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent. If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received the Notice of Internet Availability of Proxy Materials from that organization rather than from EdR. You should follow the instructions provided by your broker, bank or other agent regarding how to vote your shares. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. To do this, follow the instructions from your broker,

bank or other agent included with the Notice of Internet Availability of Proxy Materials or contact your broker, bank or other agent to request a proxy card.

We provide Internet proxy authorization on-line with procedures designed to ensure the authenticity and correctness of your proxy authorization instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

What are my voting rights?

For each proposal to be voted upon, you have one vote for each share of EdR common stock that you own as of the close of business on March 9, 2018. No dissenters' rights are provided under the Maryland General Corporation Law, our charter or our Bylaws with respect to any of the proposals described in this Proxy Statement.

What if I request and return a proxy card but do not make specific choices?

If you request a proxy card and return the card signed and dated without marking any voting selections, your shares will be voted "FOR" the election of all seven nominees for director; "FOR" the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018 and "FOR" the approval of the compensation of our NEOs. If any other matter is properly presented at the Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares as recommended by the Board of Directors or, if no recommendation is given, will vote your shares using his or her discretion.

Can I change my vote after I return my proxy card?

Yes. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card bearing a later date, which must be received by the close of business on May 8, 2018;

You may send a written notice that you are revoking your proxy, which must be received by the close of business on May 8, 2018, to 999 South Shady Grove Road, Suite 600, Memphis, Tennessee 38120, Attention: Corporate Secretary; or

You may attend the Annual Meeting and notify the election officials that you wish to revoke your proxy and vote in person. However, your attendance at the Annual Meeting will not, by itself, revoke your proxy.

If your shares are held by your broker, bank or other agent as your nominee, you should follow the instructions provided by your broker, bank or other agent.

How many shares must be present to constitute a quorum for the Annual Meeting?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares entitled to vote are represented in person or by proxy at the Annual Meeting. As of the close of business on March 9, 2018, the record date, there were 75,783,889 shares outstanding and entitled to vote. Thus, 37,891,945 shares must be represented in person or by proxy at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum if you vote in person at the Annual Meeting or if you submit a valid proxy by mail, Internet or telephone (or one is submitted on your behalf by your broker, bank or other agent). Additionally, "WITHHOLD" votes, abstentions and broker non-votes as described below, will also be counted towards

the quorum requirement. If there is no quorum, the Chairman of the Annual Meeting may adjourn the meeting until a later date.

How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting who will separately count (i) “FOR” and “WITHHOLD” votes and broker non-votes for Proposal 1 (election of directors) and (ii) “FOR” and “AGAINST” votes, abstentions and broker non-votes with respect to Proposal 2 (ratification of the appointment of Deloitte & Touche LLP) and Proposal 3 (advisory (non-binding) vote on executive compensation).

If your shares are held by your broker, bank or other agent as your nominee, you will need to obtain a proxy card from the organization that holds your shares and follow the instructions included on that form regarding how to instruct your broker, bank or other agent to vote your shares. Brokers, banks or other agents that have not received voting instructions from their clients cannot vote on their clients’ behalf with respect to “non-routine” proposals but may vote their clients’ shares on “routine” proposals. Under applicable rules of the NYSE, Proposal 1 (election of directors) and Proposal 3 (advisory (non-binding) vote on executive compensation) are non-routine proposals. Conversely, Proposal 2 (ratification of the appointment of Deloitte & Touche LLP) is a routine proposal. In the event that a broker, bank, or other agent indicates on a proxy that it does not have discretionary authority to vote certain shares on a non-routine proposal, then those shares will be treated as broker non-votes.

How many votes are needed to approve each proposal?

For Proposal 1 (election of directors), the vote of a majority of all of the votes cast at the Annual Meeting at which a quorum is present is necessary for the election of a director. Therefore, the seven nominees for director receiving the most “FOR” votes will be elected. For purposes of the election of directors, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote.

For Proposal 2 (ratification of the appointment of Deloitte & Touche LLP), the affirmative vote of a majority of all of the votes cast at a meeting at which a quorum is present is required for approval of Proposal 2. For purposes of the vote on Proposal 2, abstentions will not be counted as votes cast and will have no effect on the result of the vote.

For Proposal 3 (advisory (non-binding) vote on executive compensation), the affirmative vote of a majority of all of the votes cast at a meeting at which a quorum is present is required for the approval of Proposal 3. For purposes of the vote on Proposal 3, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

How can I determine the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final results will be announced in a Current Report on Form 8-K that will be filed with the SEC within four business days after the conclusion of the Annual Meeting.

How many copies should I receive if I share an address with another stockholder?

The SEC has adopted rules that permit companies and intermediaries, such as a broker, bank or other agent, to implement a delivery procedure called “householding.” Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our proxy materials, including the Notice of Internet Availability of Proxy Materials and the Annual Report, unless the affected stockholder has provided us with contrary instructions. This procedure provides extra convenience for stockholders and cost savings for companies.

EdR and some brokers, banks or other agents may be householding our proxy materials, including the Notice of Internet Availability of Proxy Materials and the Annual Report. A single Notice of Internet Availability of Proxy Materials and, if applicable, a single set of the Annual Report and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker, bank or other agent that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. Stockholders may revoke their consent at any time by contacting Broadridge ICS, either by calling toll-free (800) 542-1061 or by writing to Broadridge ICS, Household Department, 51 Mercedes Way, Edgewood, New York 11717.

Upon written or oral request, EdR will promptly deliver a separate copy of the Notice of Internet Availability of Proxy Materials and, if applicable, the Annual Report and other proxy materials, to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice of Internet Availability of Proxy Materials and, if applicable, the Annual Report and other proxy materials, you may send a written request to EdR at the address listed under “Whom should I contact if I have any questions?” below. Requests must be received by April 19, 2018 for materials to be received prior to the Annual Meeting. In addition, if you are receiving

multiple copies of the Notice of Internet Availability of Proxy Materials and, if applicable, Annual Report and other proxy materials, you can request householding by contacting our Corporate Secretary in the same manner.
