INFORMATION CONTAINED IN THIS FORM 6-K REPORT

Attached to this Report on Form 6-K as Exhibit 1 is a copy of the press release issued by Euroseas Ltd. (the "Company") on November 2, 2007 Takes Delivery of its 15th Vessel

EXHIBIT 1

Euroseas Ltd. Takes Delivery of its 15th Vessel

Maroussi, Athens, Greece, November 2, 2007 Euroseas Ltd. (NASDAQ: ESEA), an owner and operator of drybulk carriers and container ships and provider of seaborne transportation for drybulk and containerized cargoes, announced today that it has taken delivery of the M/V *Trust Jakarta*, to be renamed *Ioanna P*, a Panamax drybulk vessel of 64,873 dwt built in 1984 in Japan. The vessel was acquired for approximately \$28.6 million and was delivered with a time charter attached until July 2008 at a rate of \$35,500 per day. The vessel has been partly financed with a bank loan of approximately \$15 million.

On the basis of our fixed spot and existing time charters (including the M/V *Ioanna P* time charter) approximately 92% of our vessel capacity in the fourth quarter of 2007 and approximately 46% in 2008 are fixed, which will help protect us from market fluctuations.

(1) "IRINI" is employed in the Baumarine pool that is managed by Klaveness, a major global charterer in the dry bulk area, and also participates in two "short" funds (contracts to carry cargo at agreed rates), minimizing its exposure to the spot market (covered at 77% for 2007 and 42% for 2008, approximately). The rate mentioned above corresponds only to the fixed portion of the vessels employment. The remaining portion earns the market spot rate.

(2) Despina P is scheduled to undergo dry-docking after the completion of its current charter. The vessel will be re-chartered after its dry-docking is complete.

(3) Jonathan P is currently undergoing scheduled dry-docking. The vessel will be re-chartered after its dry-docking is complete.
