NOTICE OF ANNUAL MEETING OF SHAREHOLDERS
To Be Held September 17, 2007

NOTICE IS HEREBY GIVEN that the Annual Meeting of Shareholders of Mentor Corporation, a Minnesota corporation (the Company), will be held Monday, September 17, 2007 at 10:00 a.m. local time at the Four Seasons Resort, the Biltmore, 1260 Channel Drive, Santa Barbara, California, 93108 (the Annual Meeting), to consider and take action upon the following matters, as more fully described in the proxy statement accompanying this notice:

1. To elect a Board of eight directors to serve until the next Annual Meeting, or until their successors are duly elected and qualified;
2. To approve an amendment to the Company's Restated Articles of Incorporation to increase the total number of shares of authorized capital stock and to provide for the issuance of preferred stock in one or more series;
3. To ratify the appointment of Ernst & Young LLP as the independent registered public accounting firm of the Company for the fiscal year ending March 31, 2008; and
4. To transact such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

The Board of Directors has fixed the close of business on July 19, 2007 as the record date for the determination of the shareholders entitled to vote at the meeting or any adjournments or postponements thereof. Only shareholders of record at the close of business on that date will be entitled to notice of, and to vote at, the Annual Meeting.

BY ORDER OF THE BOARD OF DIRECTORS

/s/ Joseph A. Newcomb

ANNUAL MEETING OF SHAREHOLDERS
To Be Held September 17, 2007

PROXY STATEMENT

General

The enclosed proxy is solicited by the Board of Directors of Mentor Corporation (the Company, we or us) for use at our Annual Meeting of Shareholders to be held Monday, September 17, 2007 at 10:00 a.m. local time at the Four Seasons Resort, the Biltmore, 1260 Channel Drive, Santa Barbara, California, 93108 (the Annual Meeting), and any and all adjournments or postponements thereof. This Proxy Statement and form of proxy, along with our Annual Report for the fiscal year ended March 31, 2007, are being mailed to our shareholders on or about July 27, 2007.

Purposes of the Annual Meeting

At our Annual Meeting, holders of our common stock will be asked to:

1. elect a Board of eight directors to serve until the next Annual Meeting, or until their successors are duly elected and qualified;
2. approve an amendment to our Restated Articles of Incorporation to increase the total number of shares of authorized capital stock and to provide for the issuance of preferred stock in one or more series;
3. ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2008; and
4. transact such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

Voting Rights and Outstanding Shares

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying notice and are described in more detail in this Proxy Statement. Only holders of record of the 34,342,362 shares of our common stock outstanding at the close of business on July 19, 2007 will be entitled to notice of and to vote at the meeting or any adjournments or postponements thereof. On each matter to be considered at the Annual Meeting, shareholders will be entitled to cast one vote for each share held of record on July 19, 2007. Holders of common stock do not have cumulative voting rights.

Our Bylaws and Restated Articles of Incorporation provide that the holders of a majority of the shares of our stock outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum. Votes cast at the Annual Meeting will be tabulated by the persons appointed to act as inspectors of election for the Annual Meeting. The inspectors of election will treat shares of common stock represented by a properly signed and returned proxy as present at the Annual Meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote or abstaining.

Broker Non-Votes and Abstentions

A broker non-vote occurs when a broker submits a proxy card with respect to shares of common stock held in a fiduciary capacity (typically referred to as being held in street name), but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner with respect to a non-routine matter. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters currently include the election of directors, increases in authorized common stock for general corporate purposes and ratification of auditors. However, the proposal to amend our Restated Articles of Incorporation to authorize the creation of preferred stock is not considered a routine matter. Accordingly, at the Annual Meeting, brokers who have not received instructions regarding shares held in street name will have authority to vote on Proposal No. 1 and Proposal No. 3, but will not have the authority to vote on Proposal No. 2.

Proposals 2 and 3 each require the approval of a majority of the voting power of the outstanding shares present and entitled to vote on that item at the Annual Meeting. Therefore, abstentions as to Proposals 2 and 3 will have the same effect as votes against such proposals. Broker non-votes as to Proposal 2, however, will not be deemed shares entitled to vote on the proposal, and will not be counted as votes for or against the proposal or included in the calculation of the number of votes necessary for approval of the proposal.

Directors will be elected under Proposal 1 by a favorable vote of a plurality of the voting power of all outstanding shares present, in person or represented by proxy, at the Annual Meeting and entitled to vote on Proposal 1.

Accordingly, abstentions as to the election of directors will not affect the election of the candidates receiving the plurality of votes.

Voting and Revocability of Proxies

All shares represented by each properly executed, unrevoked proxy received in time for the Annual Meeting will be voted in the manner specified therein. If the manner of voting is not specified in an executed proxy received by us, the proxy holders will vote:

1. **FOR** the election of each of the nominees for election to the Board of Directors listed in the proxy;
2. **FOR** the amendment to our Restated Articles of Incorporation to increase the total number of shares of authorized capital stock and to provide for the issuance of preferred stock in one or more series;
3. **FOR** ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ended March 31, 2008; and
4. As to any other business which may properly come before the meeting, in accordance with their best judgment.

Any shareholder has the power to revoke his or her proxy at any time before it is voted. A proxy may be revoked by delivering a written notice of revocation to the Secretary of the Company, by presenting at the meeting a later-dated proxy executed by the person who executed the prior proxy, or by attendance at the meeting and voting in person by the person who executed the prior proxy.

Solicitation

The cost of soliciting proxies will be borne by us. The solicitation will be primarily by mail. Expenses will include reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the meeting to beneficial owners of our common stock. Further solicitation of proxies may be made by telephone or oral communication with some shareholders by our regular employees who will not receive additional compensation for the solicitation. We have no present plan to hire special employees or paid solicitors to assist in obtaining proxies, but we reserve the option of doing so if it should appear that a quorum otherwise might not be obtained.

PROPOSAL 1
ELECTION OF DIRECTORS

General

The number of directors authorized by the shareholders pursuant to our Bylaws was set at seven at the 2006 Annual Meeting of Shareholders. Our Bylaws give the Board of Directors the authority to increase the number of directors by no more than two over the number last established by the shareholders. At a meeting of the Board of Directors in March 2007, the authorized number of directors was increased from seven to eight, which remains the current authorized number of directors.

Directors are elected at each annual meeting of shareholders and hold office until the next annual meeting of shareholders, or until their successors are duly elected and qualified. The Board of Directors has nominated all seven current directors and one additional nominee for director, identified below, to be presented as nominees for election to the Board of Directors at the Annual Meeting. All nominees other than Burt Rosen are standing for re-election. Unless individual shareholders specify otherwise, the shares represented by each returned proxy will be voted **FOR** the election of the eight nominees named below. Although it is anticipated that each nominee will be able and willing to serve as a director, should any nominee become unable or unwilling to serve, the persons named as proxies may vote either (1) for a substitute nominee designated by the present Board to fill the vacancy or (2) for the balance of the nominees, leaving a vacancy, but may not vote for more than eight individuals.

The following sets forth certain information concerning the nominees for director:

Nominee	Age	Director Since	Positions and Offices Held with the Company
Michael L. Emmons	66	2004	Director
Walter W. FASTER	74	1980	Director
Margaret H. Jordan	64	2007	Director
Joshua H. Levine	49	2004	President, Chief Executive Officer and Director
Katherine S. Napier	52	2007	Director
Burt E. Rosen	58		Nominee for Director
Ronald J. Rossi	67	1999	Director
Joseph E. Whitters	49	2004	Chairman of the Board

Joseph E. Whitters has served as a Senior Advisor to Frazier Healthcare Ventures, a health care focused venture capital firm, since 2005. From 1986 until 2005 he held various financial, accounting and tax positions at First Health Group Corp., a managed health care company, including serving as Chief Financial Officer from 1988 until 2004. First Health Group Corp. was acquired in January 2005. Prior to joining First Health Group Corp., Mr. Whitters was employed in various financial, accounting and tax positions by United HealthCare Corp., Overland Express and Peat Marwick. Mr. Whitters is a certified public accountant. He is also a director of Omnicell, Inc. and Luminent Mortgage Capital.

Michael L. Emmons retired from Accenture, a worldwide consulting firm (formerly known as Andersen Consulting) in August 2001 where he had developed and managed its worldwide tax function since 1995. Prior to joining Accenture, he had been a tax partner with Arthur Andersen & Co., where he was employed for over 28 years in various tax and management positions. Mr. Emmons is a certified public accountant and an attorney. Mr. Emmons holds a BA and JD from University of Washington and a LLM in Taxation from New York University Graduate School of Law.

Walter W. Faster retired as Vice President, Corporate Growth and Development for General Mills, Inc., a manufacturer of packaged foods and other consumer goods, in 1997. Prior to his retirement, he served in various executive marketing and finance capacities with General Mills, Inc. from 1963 to 1997. Prior to that, he served as a management consultant with Booz, Allen and Hamilton, an international consulting firm.

Margaret H. Jordan has had a 43 year career focused on private and public healthcare management, and has served as the President of Dallas Medical Resources since 2004. Prior to that position, she has held management positions with organizations such as Texas Health Resource, Southern California Edison Company, Kaiser Foundation Health Plan and the U.S. Public Health Service. Ms. Jordan serves as a director of Reliant Pharmaceuticals LLC and the Federal Reserve Bank of Dallas, and on several nonprofit boards, including the Women's Museum, American Hospital Association, the Public Health Institute and the Dallas Museum of Art. She holds an MPH from the University of California-Berkeley and BSN from Georgetown University.

Joshua H. Levine has served as our President and Chief Executive Officer and a director since June of 2004. Mr. Levine began his career with us in October of 1996 as Vice President, Sales-Aesthetic Products and advanced through positions of increasing responsibility in the aesthetic business franchise including V.P., Sales and Marketing-Domestic and V.P., Sales and Marketing-Global. In June of 2002, Mr. Levine was named Senior V.P., Global Sales and Marketing and an executive officer of Mentor Corporation. In December of 2003, Mr. Levine was promoted to President and Chief Operating Officer, the position he held until being named to his current position as Chief Executive Officer. Prior to joining us, Mr. Levine was employed from 1989 through 1996 with Kinetic Concepts, Inc. (KCI), a specialty medical equipment manufacturer, in a variety of executive level sales and marketing positions, ultimately serving as Vice President and General Manager of KCI's Home Care Division. Mr. Levine began his career in healthcare with American Hospital Supply Corporation in 1982 and continued with the organization after it was acquired by Baxter Travenol. From 1982 through 1988, Mr. Levine held line management sales and marketing positions across a variety of manufacturing, distribution and service businesses. Mr. Levine earned his bachelor's degree in Communications from The University of Arizona in Tucson.

Katherine S. Napier has had a 27 year career in general management and marketing. She currently serves as a consultant to River West Brands LLC, a brand acquisition and redevelopment company. She served as Senior Vice President, Marketing, for McDonald's Corporation in both Europe and the U.S. from 2002 to 2006. Prior to that, she held the position of Vice President and General Manager of the North American Pharmaceuticals Division and Women's Health Group for Procter & Gamble, where she worked from 1979 to 2002. Ms. Napier serves on the board of Third Wave Technologies and Alberto-Culver Company, is a board of trustee member for Catholic Health Care Partners and Xavier University in Cincinnati, and serves on the Board of Visitors for Wake Forest University Calloway School of Business. She holds an MBA in marketing and finance from Xavier University and a BA in Economics and Studio Fine Arts from Georgetown University.

Burt E. Rosen is a nominee for director and is not currently serving as a director of the Company. For the past 30 years, Mr. Rosen has developed and implemented federal and state government relations communication strategies for five major pharmaceutical, consumer products and medical device companies. He has served as Vice President Federal Government Relations for Purdue Pharmaceuticals since 2002. He has also served in a government relations capacity for Novartis, SmithKline Beecham (now GlaxoSmithKline), Bristol-Myers Squibb and Pfizer, Inc. Mr. Rosen began his career in public policy when he joined U.S. Senator Ernest F. Hollings (D-SC) as his Legislative Aide in Washington D.C. in 1973. Mr. Rosen holds a BS in Economics from the University of South Carolina and a JD from the University of South Carolina Law Center.

Ronald J. Rossi was Chief Executive Officer of LoJack Corporation, a company which develops and markets stolen vehicle recovery technology, from November 2000 until February 1, 2005 and retired as Chairman of the Board on May 18, 2006, a position to which he was first elected in March 2001. Mr. Rossi has been a member of the Board of UST, Inc. a consumer products company, since June 2004. Mr. Rossi served as President of Oral-B Worldwide, a maker of oral personal care products and a subsidiary of The Gillette Company, from 1998 to 2000. He also served as President of Gillette North America Grooming Division from 1988 to 1998 and prior to that held various executive and sales and marketing positions at The Gillette Company.

Relationships among Directors or Executive Officers

There are no current family relationships among any of our directors or executive officers.

Director Independence

The Board has determined that all of the director nominees, other than Mr. Levine, including those who serve on the Audit, Compensation and Nominating and Governance Committees, are independent under the listing standards of the New York Stock Exchange, and that the members of the Audit Committee are also independent for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934. The Board based this determination primarily on a review of the responses of the director nominees to questions regarding employment and compensation history, affiliations and family and other relationships, and on discussions with the directors.

Corporate Governance

Pursuant to Minnesota law and our Bylaws, our business and affairs are managed by or under the direction of the Board of Directors. Members of the Board are kept informed of our business through discussions with the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees.

Copies of the written committee charters for the Audit, Compensation and Nominating and Governance Committees, as well as our Corporate Governance Guidelines, Code of Ethics for Senior Financial Officers and Code of Business Conduct and Ethics are available on our website, and can be found under the Investor Relations and Corporate Governance links. Our website is www.mentorcorp.com. Copies are also available in print, free of charge, by writing to Investor Relations, Mentor Corporation, 201 Mentor Drive, Santa Barbara, California 93111. We may post amendments to or waivers of the provisions of the Code of Ethics for Senior Financial Officers and our Code of Business Conduct and Ethics, if any, on the website. Please note, however, that the information contained on our website is not incorporated by reference in, or considered part of, this Proxy Statement.

Board Committees and Meetings

The Board of Directors held 18 meetings during the fiscal year ended March 31, 2007 and acted by written consent without a meeting three times. The Board of Directors has standing Compensation, Audit and Nominating and Governance Committees. Each incumbent director attended at least 80% of the total number of meetings of the Board of Directors and Board Committees on which that director served. Members of the Board and its committees also consulted informally with management from time to time.

Audit Committee. The Audit Committee acts pursuant to a written charter, which is available on our website (as described above). The charter requires that the Audit Committee be comprised of at least three members, all of whom must be independent as defined in the listing standards of the New York Stock Exchange (NYSE), and the Board of Directors has determined that all members of the Audit Committee satisfy this requirement. The Board of Directors has also determined that each member of the Committee is independent, as that term is defined under Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended. The current members of the Audit Committee are Messrs. Emmons, Faster and Whitters. Although more than one member of the Audit Committee is believed to qualify as an audit committee financial expert as that term is defined in the rules promulgated under the Securities Act of 1933, as amended, the Audit Committee has designated Mr. Emmons as that expert.

The Audit Committee assists the Board of Directors in discharging its responsibilities to oversee the integrity of our financial statements, our compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, and the performance of our internal auditors. It has direct responsibility for the appointment, compensation, retention and oversight of the work of any independent registered public accounting firm employed by us for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services. The Audit Committee is also responsible for producing an Audit Committee Report for inclusion in our proxy statement. The Audit Committee held 15 meetings during the fiscal year ended March 31, 2007.

Compensation Committee. The Compensation Committee acts pursuant to a written charter, which is available on our website. The charter requires that the Compensation Committee be comprised of at least two members, both of whom (or all of whom, as the case may be) must be independent as defined in the listing standards of the NYSE, and the Board has determined that all current members satisfy this requirement. The current members of the Compensation Committee are Messrs. Whittier, Faster and Rossi and Ms. Napier.

The Compensation Committee assists the Board of Directors in discharging its responsibilities in respect of compensation of our executive officers and directors, including, among other things, annual salaries and bonuses, equity-based awards, and other incentive compensation arrangements. In addition, it administers our stock incentive plans. Pursuant to its charter, the Compensation Committee may delegate any of its responsibilities to subcommittees of the Compensation Committee, provided that the subcommittee is composed entirely of independent directors and has a published committee charter. Executive officers are not authorized to make discretionary grants or awards to any Company employees. The Compensation Committee is also responsible for producing a Compensation Committee Report for inclusion in our proxy statement. The Compensation Committee held a total of ten meetings during the fiscal year ended March 31, 2007.

Nominating and Governance Committee. The Nominating and Governance Committee acts pursuant to a written charter, which is available on our website. The charter requires that the Nominating and Governance Committee be comprised of at least two members, both of whom (or all of whom, as the case may be) must be independent as defined in the listing standards of the NYSE, and the Board has made the determination that all current members satisfy this requirement. The current members of the Nominating and Governance Committee are Messrs. Rossi and Faster and Ms. Jordan.

Director Nomination Process

The Nominating and Governance Committee is responsible for identifying individuals qualified to become Board members and recommending to the full Board of Directors nominees for election as directors. To fulfill this role, the Nominating and Governance Committee reviews the composition of the full Board to determine the qualifications and areas of expertise needed to further enhance the composition of the Board and works with management in attracting candidates with those qualifications. In considering candidates for directors, the Nominating and Governance Committee takes into account a number of factors, including the following: (i) independence under applicable listing standards; (ii) relevant business experience; (iii) judgment, skill, integrity and reputation; (iv) number of other boards on which the candidate serves; (v) other business and professional commitments; (vi) potential conflicts of interest with other pursuits; (vii) whether the candidate is a party to any action or arbitration adverse to us; (viii) financial and accounting background to enable the Nominating and Governance Committee to determine whether the candidate would be suitable for possible Audit Committee membership or qualify as an audit committee financial expert, (ix) executive compensation background, to enable the committee to determine whether a candidate would be suitable for Compensation Committee membership; (x) whether the candidate has agreed to be interviewed by the Nominating and Governance Committee if requested; (xi) the size and composition of the existing Board; and (xii) diversity the candidate offers to the Board and us as a company.

In addition, candidates must be willing and able to devote the required amount of time to our business. In evaluating candidates, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board.

The Nominating and Governance Committee will consider qualified candidates for directors suggested by shareholders applying the criteria for candidates described above and considering the additional information referred to below. Shareholders wishing to suggest a candidate for director should write the Chairman of the Nominating and Governance Committee at our principal executive offices and include: (i) the shareholders name and contact information; (ii) a statement that the writer is a shareholder of record and is proposing a candidate for consideration by the Nominating and Governance Committee; (iii) the name of and contact information for the candidate and a statement that the candidate is willing to be considered and serve as a director, if nominated and elected; (iv) a statement of the candidate's business and educational experience; (v) information regarding each of the factors listed above, other than that regarding Board size and composition, sufficient to enable the Nominating and Governance Committee to evaluate the candidate; (vi) a statement of the value that the candidate would add to the Board; (vii) a

statement detailing any relationship between the candidate and any of our customers, suppliers or competitors; (viii) detailed information about any relationship or understanding between the proposing shareholder and candidate and (ix) all other information that would be required under SEC rules in a proxy statement soliciting proxies for the election of the candidate as a director. In order to give the Nominating and Governance Committee sufficient time to evaluate a recommended candidate, the recommendation should be received by the Chairman of the Nominating and Governance Committee at our principal executive offices not later than the 120th calendar day before the one year anniversary of the date our proxy statement was mailed to shareholders in connection with the previous year's annual meeting of shareholders.

Before nominating a sitting director for reelection at an annual meeting, the Nominating and Governance Committee will consider the director's performance on the Board and whether the director's reelection will be consistent with our Corporate Governance Guidelines.

When seeking candidates for director, the Nominating and Governance Committee may solicit suggestions from incumbent directors, management or others. After conducting an initial evaluation of the candidate, the Nominating and Governance Committee will interview the candidate if it believes the candidate might be suitable for a director. The Nominating and Governance Committee may also ask the candidate to meet with management. If the committee believes the candidate would be a valuable addition to the Board, it will recommend to the full Board that candidate's election.

In addition to the above, the Nominating and Governance Committee is responsible for developing and recommending to the Board a set of corporate governance principals for the Company and overseeing the evaluation of the Board of Directors and management. The Nominating and Governance Committee held six meetings during the fiscal year ended March 31, 2007.

The Committee has recommended the nomination of the individuals named in this Proposal 1 for election to the Board of Directors at this Annual Meeting.

Executive Sessions

Non-management directors meet regularly in executive session without management. Non-management directors are all those who are not our officers and include directors, if any, who are not considered independent under NYSE listing standards. Executive sessions are led by the Chairman of the Board. An executive session is held in conjunction with each regularly scheduled quarterly Board meeting and other sessions may be called by the Chairman or at the request of other directors.

Compensation Committee Interlocks and Insider Participation

During fiscal 2007 Messrs. Faster, Rossi, Michael Nakonechny, Jeffrey Ubben (until his resignation from the Board of Directors in November 2006) and Whitters (beginning in November 2006), and Ms. Napier (upon her election to the Board of Directors in March 2007), served on the Compensation Committee. Mr. Nakonechny resigned from the Board of Directors in May 2007. No member of the Compensation Committee was employed by us at any time during fiscal year 2007 or at any other time. None of our current executive officers served as members of the board of directors or compensation committee of any entity which has one or more executive officers serving as a member of our Board of Directors of Compensation Committee.

Director Attendance at Annual Meetings

We typically schedule a Board meeting in conjunction with its annual meeting of shareholders and expect that our directors will attend, absent a valid reason. Last year, all of our directors attended our annual meeting of shareholders, with the exception of Mr. Ubben.

Proposal

At the Annual Meeting, shareholders will be asked to elect eight directors to serve on our Board of Directors until the next annual meeting of shareholders or until their respective successors have been elected and qualified. The nominees receiving the highest number of affirmative votes of the voting power of all outstanding shares present, in person or represented by proxy, at the Annual Meeting and entitled to vote on this Proposal shall be elected. **The Board of Directors recommends that you vote FOR the election of each of the nominees listed above.**

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program and Philosophy

Our compensation program is intended to:

- attract, motivate, retain and reward employees of outstanding ability;
- link changes in employee compensation to individual and corporate performance;
- facilitate the development of a progressive, results-oriented high performance culture;
- provide opportunities for employee involvement, development and meaningful contribution;
- support the achievement of annual and long-term financial and strategic goals by rewarding employees for superior results; and
- align employees' interests with those of the stockholders.

The ultimate objective of our compensation program is to improve shareholder value. In furtherance of that objective, we evaluate both performance and compensation of employees to ensure that we maintain our ability to attract and retain employees and that compensation provided to employees remains competitive relative to the compensation paid to similarly-situated employees of peer companies.

The above policies guide the Compensation Committee of our Board of Directors (the Committee) in assessing the compensation to be paid to our executive officers. The Committee endeavors to ensure that the total compensation paid to executive officers is fair, reasonable and competitive, consistent with our compensation policies. The above policies also guide the Committee as to the proper allocation between long-term compensation, current cash compensation, and short-term bonus compensation.

In determining the particular elements of compensation that will be used to implement our overall compensation policies, the Committee also takes into consideration a number of factors related to our performance, such as earnings per share, profitability and revenue growth, as well as competitive developments among peer companies.

Role of Executive Officers in Compensation Decisions

The Committee reviews and approves the compensation paid to our President and Chief Executive Officer. With regard to the compensation paid to each executive officer other than the President and Chief Executive Officer, the President and Chief Executive Officer reviews, on an annual basis, the compensation paid to each such executive officer during the past year and submits to the Committee his recommendations regarding the compensation to be paid to such persons during the next year. Following a review of such recommendations, the Committee will take such action regarding such compensation as it deems appropriate, including approving compensation in an amount the Committee deems reasonable.

Management plays a significant role in the compensation-setting process for executive officers, other than the President and Chief Executive Officer, by:

- evaluating employee performance;
- recommending business performance targets and establishing objectives; and
- recommending salary levels, bonuses and equity-based awards.

Management also prepares meeting information for most Committee meetings, and the President and Chief Executive Officer participates in Committee meetings at the Committee's request to provide:

- background information regarding our strategic objectives;
- his evaluation of the performance of the executive officers; and
- compensation recommendations as to executive officers (other than himself).

Setting Executive Compensation

Based on the foregoing objectives, the Committee has structured our annual and long-term incentive-based cash and non-cash executive compensation to motivate executive officers to achieve our business goals and reward executive officers for achieving such goals.

In making compensation decisions, the Committee believes that information regarding pay practices at other peer companies is useful because the Committee recognizes that our compensation practices must be competitive in the marketplace.

In furtherance of these objectives, in fiscal 2007 the Committee engaged Pearl Meyer and Partners, an independent human resources consulting firm, to provide research regarding compensation programs and compensation levels among a peer group of publicly-traded healthcare/pharmaceutical companies. This firm reported directly to the Committee and did not perform any other services for the Company. The Committee's charter grants the Committee the authority, without consulting or obtaining the approval of any officer in advance, to retain and terminate any consultant that it uses to assist in the Committee's evaluation of director or executive officer compensation.

Pearl Meyer provided the Committee with relevant market data and alternatives to consider when making compensation decisions for the executive officers. The companies comprising the peer group were as follows: Adams Respiratory Therapeutics, Inc.; Advanced Medical Optics, Inc.; American Medical Systems Holdings, Inc.; Arrow International, Inc.; CYTYC Corp.; Gen Probe, Inc.; IDEXX Laboratories, Inc.; ImClone Systems, Inc.; Kyphon, Inc.; Medicis Pharmaceutical Corp.; MGI Pharma, Inc.; Resmed, Inc.; and Techne Corp.

For fiscal year 2007, there was an informal policy or target for the allocation of cash and non-cash or short-term and long-term incentive compensation. This informal target was benchmarked at approximately the fiftieth percentile of the compensation paid by our peer group of companies, and the Committee also reviewed the information provided by the independent consulting firm in determining the appropriate level and mix of incentive compensation.

The Committee also relies upon its judgment and, when appropriate, management's judgment, of each individual in determining the amount and mix of compensation elements and whether each particular payment or award provides an appropriate incentive and reward for performance that sustains and enhances stockholder value. Key factors affecting this judgment include:

- performance compared to the financial, operational and strategic goals established for the executive officer or the company at the beginning of the year;
- nature, scope and level of responsibilities;
- contribution to our financial results, particularly with respect to key metrics such as cash flow, revenue and earnings; and
- effectiveness in leading our initiatives.

In addition, the Committee considers each executive officer's current salary and prior-year bonus, the appropriate balance between incentives for long-term and short-term performance, the compensation paid to the executive officer's peers within the company and the compensation paid to similarly-situated executive officers at peer companies.

2007 Executive Compensation Components

For the fiscal year ended March 31, 2007, the principal components of compensation for the executive officers were:

- base salary;
- performance-based annual incentive bonus;
- long-term equity incentive compensation; and
- perquisites and other personal benefits.

Base Salary

We provide executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. In setting base salaries, the Committee periodically reviews published compensation survey data for the industry. The base salary for each of the executive officers is guided by the salary levels for comparable positions in the industry, as well as the individual's personal performance and internal alignment considerations. The relative weight given to each factor varies with each individual at the Committee's discretion.

Each executive officer's base salary is typically reviewed every year and is adjusted from time to time on the basis of:

- the Committee's evaluation of the executive officer's personal performance for the year; and
- the competitive marketplace for persons in comparable positions.

Our overall performance and profitability also may be a factor in determining the base salaries for the executive officers.

Performance-Based Annual Incentive Bonus

We have adopted a performance-based annual incentive bonus plan (AIB) which provides the Committee with the flexibility to design a cash-based incentive compensation program to motivate and reward performance for the year for eligible employees, including the executive officers. The Committee considers each year whether a performance-based annual incentive bonus plan should be established for the year and, if so, approves the group of employees eligible to participate in such plan for that year. The AIB includes various incentive levels based on the participant's position, with the pay-out targets for executives ranging from 40% to 100% of base salary with the potential for a 20% additional bonus for outstanding company results, plus up to a 10% additional bonus for outstanding individual performances, which increases the maximum possible payout, depending on the executive officer, to 52.8%, 85.8% or 132% of base salary. Cash bonuses under the AIB have the effect of linking a significant portion of the executive officers' total cash compensation to overall company performance and to position the executive's cash compensation within the range for comparable positions at similar U.S.-based healthcare/pharmaceutical companies when superior performance is achieved.

The Committee sets minimum, target and maximum levels for our financial objectives each year and the payment and amount of any bonus is dependent upon whether we achieve those performance goals. The Committee generally establishes financial objectives that it believes can be reasonably achieved with strong individual performance over the fiscal year. For fiscal year 2008, the Committee has established strategic objectives in addition to financial objectives.

Generally, the Committee sets the minimum, target and maximum levels based upon our achievement of specified results with respect to corporate operating income, or COI, for that fiscal year, subject to the Committee's oversight and modification of those levels. Minimum levels are set below the target level, while maximum levels are set above the target level. In making the determination of minimum, target and maximum levels, the Committee may consider the specific circumstances facing us during the year and our strategic plan for the year. In past years, the target level with respect to COI has been based on our confidential internal performance goals and not on published estimates of our financial performance for the year.

If the minimum, target or maximum performance objectives are met, participants are eligible to receive a bonus payment under the AIB plan, with the specific amount that such participant receives dependent on his or her individual performance. Individual performance is based upon the evaluation of the individual employee's performance and contribution for the fiscal year. For example, if an executive officer has a target bonus amount of 60% of his/her base salary and we meet target COI objectives for the fiscal year, the executive officer will receive a cash incentive bonus payment under the plan equal to 60% of his/her current annual base salary if the executive officer's individual performance meets his/her target goals for the fiscal year.

If we meet target COI objectives for the year and the executive officer's individual performance exceeds his/her target goals for the fiscal year, his/her bonus payment for the year may be increased by up to 10%, or to a maximum of 66% of annual base salary. If, on the other hand, we meet target COI objectives for the year but the executive officer's individual performance is below target goals for the fiscal year, his/her bonus payment for the year will be less than 60% of his/her annual base salary. If we do not meet minimum COI objectives for the fiscal year, generally no bonus payments will be made under the AIB plan.

For fiscal year 2007, the amount that could have been received by our President and Chief Executive Officer under the AIB plan ranged from between 0% (assuming the minimum objectives were not met) of annual base salary to up to 132% of annual base salary, with a targeted bonus amount of 100% of base salary at attainment of 100% of budgeted COI. For executive officers, other than the President and Chief Executive Officer, the amount such officers could have received ranged from 0% (assuming the minimum objectives were not met) to 99% of base salary, with targeted bonus amounts from 40% to 75% of annual base salary at attainment of 100% of budgeted COI. The table entitled "Fiscal Year 2007 Grants of Plan-Based Awards" in this proxy statement sets forth the estimated range of cash payouts to executive officers under the AIB plan assuming minimum, target or maximum performance objectives were met for fiscal year 2007.

Each of the following named executive officers received the following payments in June 2007 under the AIB plan for fiscal year 2007 performance:

Name	2007 AIB Award
Joshua H. Levine	\$ 500,000
Loren L. McFarland	\$ 225,000
Joseph A. Newcomb	\$ 225,000
Edward S. Northup	\$

The Committee retains wide discretion to interpret the terms of the AIB plan and to interpret and determine whether our COI objectives or an individual's performance objectives have been met in any particular fiscal year. The Committee also retains the right to exclude extraordinary charges or other special circumstances in determining whether our COI objectives were met during any particular fiscal year. Further, the Committee may consult with the Board of Directors or seek ratification from the Board of Directors with respect to interpretations of the terms of the AIB plan.

In addition, the Committee may approve cash bonuses outside of the AIB plan. For example, the Committee may approve bonus awards in connection with an executive officer's efforts and accomplishments with respect to our strategic initiatives and milestones, and such bonus awards may overlap with or be in addition to bonus awards under the AIB plan. In May 2007, with respect to fiscal year 2007, the Committee approved a special cash bonus award to Mr. Levine in the amount of \$250,000 as a reward for his leadership in our multi-year efforts to obtain Food and Drug Administration approval of our MemoryGel silicone gel-filled breast implants. This FDA approval, with conditions, was received in November 2006.

Cash awards made to executive officers for fiscal year 2007 are reflected in columns (d) and (g) of the Fiscal Year 2007 Summary Compensation Table.

Long-Term Equity Incentive Compensation

The Board has delegated to the Committee the authority to make grants of stock options, shares of restricted stock, and performance stock units (PSUs) to executive officers and other employees under our 2005 Long Term Incentive Plan, as amended. In fiscal year 2007, our equity compensation program consisted of grants of stock options, shares of

restricted stock, and performance stock units. These grants were designed to:

attract superior managerial and professional talent;

retain key managerial and professional talent to support our continued growth and success; and

align management incentives with goals of the shareholders.

Stock option, restricted stock and PSU grants are designed to align the interests of the executive officers with those of our shareholders and provide each executive officer with a significant incentive to manage the company from the perspective of an owner with an equity stake in the business.

Each stock option grant allows the executive officer to acquire shares of common stock at an exercise price equal to the closing price of our common stock on the grant date over a specified period of time not to exceed 10 years.

Generally, shares subject to the option grant become exercisable in a series of installments over a four year period, contingent upon the executive officer's continued employment. Accordingly, the option grant will provide a positive return to the executive officer only if he or she continues to provide services to us during the vesting period, and then only if the market price of the shares appreciates over the option term.

During fiscal 2007, newly hired executive officers received their award of stock options on their first date of employment. Additional options may be granted over time to executive officers in connection with performance and promotions. Effective March 2007, we adopted a policy pursuant to which grants of stock options (i) to existing employees shall be made on the date of the meeting of our Board of Directors which takes place immediately following our Annual Meeting of Shareholders and (ii) to new employees shall be made on the first trading day of the month following the month in which the employee commences employment. In each case, the exercise price shall be the closing sales price of our common stock as reported by the New York Stock Exchange on the date of the grant of the option.

Each grant of shares of restricted stock vests in installments over a five year period. Apart from receiving dividends with respect to these shares on the same basis as all other shareholders, the shares of restricted stock will provide a positive return to the executive officer only if he or she remains employed by us during the vesting period.

Additionally, the executive officer, by accepting the grant of shares of restricted stock, agrees to be bound by certain stock ownership guidelines as set forth in his/her restricted stock award agreement. Generally, the officer agrees to attain, by no later than the fifth anniversary of the award date, a level of stock ownership at least equal to two times the officer's annual base salary (three times for the Chief Executive Officer), calculated by dividing (i) the product of the officer's salary times two (or three, as the case may be) by (ii) the fair market value of a share of our common stock on the award date. Once attained, the officer must maintain this level of stock ownership throughout the remainder of his/her employment. Additional shares of restricted stock may be granted over time to executive officers in connection with performance and promotions.

PSUs vest subject to the attainment of specified targets for total shareholder return as defined by the Committee. The PSUs vest on a percentage basis by reference to the change in the market price of our common stock on the New York Stock Exchange relative to the total change in price of the Russell 2500 Growth Index for the period from June 23, 2006 to March 31, 2009 (the "TSR Percentage"). If the TSR Percentage is less than 85%, no portion of the PSUs will vest. If the TSR Percentage equals or exceeds 150%, then 200% of the targeted PSU number will vest. The PSUs will not vest unless the officer is continuously employed or providing service through March 31, 2009. The PSUs will provide a positive return to the executive officer only if he or she remains employed through March 31, 2009 and the market price of our common stock increases in value relative to the Russell 2500 Growth Index as described above.

The size of the grants of stock options, shares of restricted stock, and PSUs to each executive officer is set by the Committee at a level that is intended to create a meaningful opportunity for stock ownership and participation in the increases in our equity value, based upon the individual's current position, the individual's personal performance in recent periods and his or her potential for future responsibility and promotion over the term of the particular grants. The size of the grants is also determined with reference to equity-based awards made to executive officers by peer companies. The relevant weight given to each of these factors can vary from individual to individual.

The Committee generally has approved grants of equity awards in specific amounts as part of an executive officer's initial employment arrangement. During fiscal year 2007, Edward S. Northup and Joseph A. Newcomb received

grants of stock options and shares of restricted stock as provided in their initial employment arrangements. Additionally, Mr. Newcomb received a grant of PSUs (50,000 PSUs assuming attainment of 200% TSR Percentage) upon commencement of his employment in June 2006, although this grant was not provided for in his employment agreement.

See the table entitled "Fiscal Year 2007 Grants of Plan-Based Awards" in this proxy statement for additional information on the number of options granted to the executive officers during fiscal year 2007.

Perquisites and Other Personal Benefits

We provide certain executive officers with perquisites and other personal benefits that the Committee believes are reasonable and consistent with its overall compensation program to better enable us to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to executive officers.

Certain executive officers are provided an automobile allowance and participation in the plans and programs described above. Effective June 2007, the Committee decided to terminate the automobile allowance program and increased each affected officer's base annual salary by the annual amount of his/her automobile allowance.

We have a policy with respect to both the recruitment of key executives and requesting existing key executives to relocate which provides for a relocation allowance. This amount is intended to cover various costs and expenses such as temporary housing, travel for house hunting trips, new and old home closing costs, and duplicate mortgage costs.

We have also entered into severance agreements with certain key employees, including certain of the executive officers. These severance agreements are designed to promote stability and continuity of senior management.

Information regarding applicable payments under such agreements for the executive officers is provided under the heading "Potential Payments on Termination or Change in Control."

Total Compensation

In making decisions with respect to any element of an executive officer's compensation, the Committee considers the total compensation that may be awarded to the officer, including salary, annual bonus and long-term incentive compensation. In addition, in reviewing and approving employment agreements for executive officers, the Committee considers the other benefits to which the officer is entitled by the agreement, including compensation payable upon termination of the agreement under a variety of circumstances. The Committee's goal is to award compensation that is reasonable when all elements of potential compensation are considered.

Fiscal Year 2008 Compensation Decisions

During fiscal year 2007, the Committee engaged Pearl Meyer to help it evaluate our executive compensation program for fiscal year 2008, including advising the Committee on our compensation mix and the structure of our equity program and providing the Committee with comparison information on compensation practices followed by other comparable companies.

During fiscal year 2007, the Committee decided to increase the informal benchmarked target from the fiftieth percentile of the compensation paid by our peer group of companies (as described above), beginning in fiscal year 2008. The ultimate target that the Committee would like to achieve is the seventy-fifth percentile of our peer group, acknowledging that it will most likely take several fiscal years of gradual increases to reach this benchmark. In reaching this decision, the Committee reviewed the analysis produced by Pearl Meyer, which analysis assisted the Committee in arriving at the appropriate level and mix of incentive compensation.

For fiscal year 2008, the Committee has approved the use of grants of stock options and shares of restricted stock for new hires who will participate as members of our extended leadership team ("ELT"), which includes our executive officers. With respect to existing employees who are promoted and thereby participate as members of the ELT, the Committee has approved the use of grants of stock options.

The Committee has also approved fiscal year 2008 salaries and minimum, target and maximum level bonus objectives for the executive officers and the AIB plan. The amount of the award of any cash bonuses under the AIB plan for fiscal year 2008 performance will be based on our achievement of both specified results with respect to COI and strategic initiatives for fiscal year 2008. If the minimum, target or maximum performance objectives are met, participants will receive a bonus payment under the AIB plan, with the specific amount that such participant receives dependent on his or her individual performance. The amount that could be received by our President and Chief Executive Officer under the AIB plan ranges from between 0% (assuming the minimum objectives were not met) and 150% of base salary, with a target bonus amount of 125% of base salary. For the other executive officers, the amount such officers could receive under the AIB plan ranges from 0% to 90% of base salary, with target bonus amounts ranging from 40% to 75% of base salary.

Stock Ownership Guidelines

Generally, we require that an executive officer agrees to attain, by no later than the fifth anniversary of the initial award date of shares of restricted stock, a level of stock ownership at least equal to two times the officer's annual base salary (three times for the Chief Executive Officer), calculated by dividing (i) the product of the officer's salary times two (or three, as the case may be) by (ii) the fair market value of a share of our common stock on the award date. Once attained, the officer must maintain this level of stock ownership throughout the remainder of his/her employment.

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code, as amended, disallows a tax deduction to publicly-held companies for compensation paid to certain of their executive officers, to the extent that such compensation exceeds \$1.0 million per covered officer in any fiscal year. The limitation applies only to compensation which is not considered to be performance-based. Non-performance based compensation paid to the executive officers for the fiscal year ended March 31, 2007 did not exceed the \$1.0 million limit for any executive officer. The 2005 Long-Term Incentive Plan, as amended, has been structured so that any compensation deemed paid in connection with the exercise of option grants, vesting of shares of restricted stock, and vesting of PSUs under that plan will qualify as performance-based compensation which will not be subject to the \$1.0 million limitation. While we did not take any action during fiscal year 2007 to limit or restructure the elements of cash compensation payable to executive officers, cash compensation payable to executive officers in the future may exceed the \$1.0 million limit.

Accounting for Stock-Based Compensation

Beginning on April 1, 2006, we began accounting for stock-based compensation cost in accordance with the requirements of FASB Statement 123(R) (SFAS 123(R)).

Compensation Committee Report

The Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

(1) Amounts shown in columns (c), (d) and (e) are the estimated possible payouts for fiscal year 2007 under our AIB plan based on the achievement of certain identified objectives for

the Company and the individual named executive officer. The actual bonuses awarded to the named executive officers are reported in the Fiscal Year 2007 Summary Compensation Table under the column

Non-Equity Incentive Plan Compensation. The AIB plan includes various incentive levels based on the participant's position, with the pay-out targets for executives ranging from 40% to 100% of base salary with the potential for a 20% additional bonus for outstanding company results, plus up to a 10% additional bonus for outstanding individual performances, which increases the maximum possible payout, depending on the executive officer, to 52.8%, 85.8% or 132% of base

salary. The Committee sets minimum, target and maximum levels for our financial objectives each year and the payment and amount of any bonus is dependent upon whether we achieve those performance goals.

For fiscal year 2007, the amount that could have been received by Mr. Levine under the AIB plan ranged from between 0% (assuming the minimum objectives were not met) of annual base salary and 132% of annual base salary, with a targeted bonus amount of 100% of base salary at attainment of 100% of budgeted COI. For executive officers, other than Mr. Levine, the amount such officers could have received ranged from 0% to 99% of base salary, with targeted bonus

amounts from 40% to 75% of annual base salary at attainment of 100% of budgeted COI. The table sets forth the estimated range of cash payouts to executive officers under the AIB plan assuming threshold, target or maximum performance objectives were met for fiscal year 2007.

- (2) Each stock option grant allows the executive officer to acquire shares of common stock at an exercise price equal to the closing price of our common stock on the grant date over a specified period of time not to exceed 10 years. Generally, shares subject to the option grant become exercisable in a series of installments over a four year period, contingent upon the executive officer s

continued
employment.

Each grant of restricted stock vests in installments over a five year period. Apart from receiving dividends with respect to these shares, the shares of restricted stock will provide a positive return to the executive officer only if he or she remains employed by us during the vesting period. Additionally, the executive officer, by accepting the grant of shares of restricted stock, agrees to be bound by certain stock ownership guidelines as set forth in his/her restricted stock award agreement. Generally, the executive officer agrees to attain, by no later than the fifth anniversary of the award date, a level of stock ownership at least equal to two times the executive

officer's annual base salary (three times for the Chief Executive Officer), calculated by dividing (i) the product of the executive officer's salary times two (or three, as the case may be) by (ii) the fair market value of a share of our common stock on the award date. Once attained, the officer must maintain this level of stock ownership throughout the remainder of his/her employment. Additional shares of restricted stock may be granted over time to executive officers in connection with performance and promotions.

PSUs vest subject to the attainment of specified targets for total shareholder return as defined by the Compensation Committee. The PSUs will not vest unless the officer is continuously employed or providing service through March 31, 2009.

- (3) Represents Performance Stock Units.
- (4) Represents shares of restricted stock.
- (5) Represents grants of stock options.
- (6) Upon his employment with us, Mr. Newcomb received an option to purchase 125,000 shares of common stock with an exercise price of \$41.22 per share, 20,000 shares of restricted stock, and 25,000 PSUs.

- (7) The named executive officer left the Company during fiscal year 2007 and therefore was not eligible to participate in our incentive programs for fiscal year 2007.

Employment Agreements

We have entered into employment agreements with Mr. Levine, Mr. Northup, Mr. McFarland and Mr. Newcomb. Pursuant to the terms of these employment agreements, Mr. Levine receives a current base salary of \$540,000, Mr. Northup receives a current base salary of \$415,000, Mr. McFarland receives a current base salary of \$327,000 and Mr. Newcomb receives a current base salary of \$327,000. Each of the executives is also entitled to receive an annual incentive bonus of up to a specified percentage of their base salary (125% in the case of Mr. Levine, 97.5% in the case of Mr. Northup, and 75% in the case of each of the other executives) and future grants of options or other equity awards consistent with our executive compensation program. In addition, each of these employment agreements also provides for certain severance benefits in the event of termination of employment, as described in Potential Payments on Termination or Change of Control below.

Potential Payments on Termination or Change of Control

Our standard employment agreement with named executive officers provides a number of benefits in case of termination by us without cause or resignation by the executive for good reason (as those terms are defined in the agreements), upon the condition that the executive officer executes a general release of claims. Pursuant to the terms of their employment agreements, each executive is entitled to receive severance compensation equal to a multiple of their then-current base salary, payment of full COBRA premiums for 24 months following termination and a prorated amount of their annual incentive bonus based upon the timing of termination in relation to the end of the then fiscal year. In the case of termination within 12 months following a change of control of the Company (as defined in the agreement), each executive is entitled to receive the same severance compensation as above, except that they will receive 100% of their annual incentive bonus rather than a prorated amount, and all outstanding stock options, performance stock units, and shares of restricted stock will vest and the related restrictions shall lapse.

Joshua H. Levine. We entered into our standard employment agreement with Mr. Levine effective as of August 25, 2005. If Mr. Levine's employment had been terminated on March 31, 2007 by us without cause or by Mr. Levine for good reason, Mr. Levine would have received the following severance benefits under his agreement: (a) \$1,500,000 payable in a lump sum as of the termination date, (b) a prorated bonus of \$500,000 paid in a single lump sum, and (c) the reimbursement of full COBRA premiums for 24 months.

If we had terminated Mr. Levine's employment on March 31, 2007 in connection with a change of control as described above, Mr. Levine would have received the following severance benefits under his employment agreement: (a) a single lump sum payment of \$500,000 consisting of a cash bonus, (b) severance compensation totaling 36 months base pay at the then-current rate of base pay, payable in one lump sum payment (\$1,500,000) at the date of termination, and (c) assuming vesting acceleration had not occurred prior to March 31, 2007, (i) the acceleration of the vesting of stock options to purchase an aggregate of 183,750 shares of common stock, which stock options have a net value of \$2,132,750 based on an average exercise price of \$34.39 and the closing price of our common stock on March 30, 2007 of \$46.00, (ii) the lapsing of all restrictions with respect to 64,000 shares of restricted stock, having a value of \$2,944,000 based on \$46.00 per share, the closing price of our common stock on March 30, 2007, and (iii) the acceleration of vesting of the performance stock units, having a value of \$2,070,000 based on 45,000 units at \$46.00 per unit, the closing price of our common stock on March 30, 2007.

Edward S. Northup. We entered into our standard employment agreement with Mr. Northup effective as of February 5, 2007. If Mr. Northup's employment had been terminated on March 31, 2007 by us without cause or by Mr. Northup for good reason, Mr. Northup would have received the following severance benefits under his agreement: (a) \$800,000 payable in a lump sum as of the termination date, (b) a prorated bonus of \$50,000 to \$60,000 paid in a single lump sum, and (c) the reimbursement of full COBRA premiums for 24 months.

If we had terminated Mr. Northup's employment on March 31, 2007 in connection with a change of control as described above, Mr. Northup would have received the following severance benefits under his employment agreement: (a) a single lump sum payment of between \$300,000 and \$390,000 consisting of a cash bonus, (b) severance compensation totaling 24 months base pay at the then-current rate of base pay, payable in one lump sum payment (\$800,000) at the date of termination, and (c) assuming vesting acceleration had not occurred prior to March 31, 2007, (i) the acceleration of the vesting of stock options to purchase an aggregate of 125,000 shares of common stock, which stock options have zero net value based on the exercise price of the options and the closing

price of our common stock on March 30, 2007 and (ii) the lapsing of all restrictions with respect to 33,000 shares of restricted stock, having a value of \$1,518,000 based on \$46.00 per share, the closing price of our common stock on March 30, 2007.

Loren L. McFarland. We entered into our standard employment agreement with Mr. McFarland effective as of August 25, 2005. If Mr. McFarland's employment had been terminated on March 31, 2007 by us without cause or by Mr. McFarland for good reason, Mr. McFarland would have received the following severance benefits under his agreement: (a) \$900,000 payable in a lump sum as of the termination date, (b) a prorated bonus of \$225,000 paid in a single lump sum, and (c) the reimbursement of full COBRA premiums for 24 months.

If we had terminated Mr. McFarland's employment on March 31, 2007 in connection with a change of control as described above, Mr. McFarland would have received the following severance benefits under his employment agreement: (a) a single lump sum payment of \$225,000 consisting of a cash bonus, (b) severance compensation totaling 36 months' base pay at the then-current rate of base pay, payable in one lump sum payment (\$900,000) at the date of termination, and (c) assuming vesting acceleration had not occurred prior to March 31, 2007, (i) the acceleration of the vesting of stock options to purchase an aggregate of 32,500 shares of common stock, which stock options have a net value of \$422,625 based on an average exercise price of \$33.00 and the closing price of our common stock on March 30, 2007 of \$46.00, (ii) the lapsing of all restrictions with respect to 16,000 shares of restricted stock, having a value of \$736,000 based on \$46.00 per share, the closing price of our common stock on March 30, 2007, and (iii) the acceleration of vesting of the performance stock units, having a value of \$1,150,000, based on 25,000 units at \$46.00 per unit, the closing price of our common stock on March 30, 2007.

Joseph A. Newcomb. We entered into our standard employment agreement with Mr. Newcomb effective as of June 26, 2006. If Mr. Newcomb's employment had been terminated on March 31, 2007 by us without cause or by Mr. Newcomb for good reason, Mr. Newcomb would have received the following severance benefits under his agreement: (a) \$900,000 payable in a lump sum as of the termination date, (b) a prorated bonus of \$168,750 paid in a single lump sum, and (c) the reimbursement of full COBRA premiums for 24 months.

If we had terminated Mr. Newcomb's employment on March 31, 2007 in connection with a change of control as described above, Mr. Newcomb would have received the following severance benefits under his employment agreement: (a) a single lump sum payment of \$225,000 consisting of a cash bonus, (b) severance compensation totaling 36 months' base pay at the then-current rate of base pay, payable in one lump sum payment (\$900,000) at the date of termination, and (c) assuming vesting acceleration had not occurred prior to March 31, 2007, (i) the acceleration of the vesting of stock options to purchase an aggregate of 125,000 shares of common stock, which stock options have a net value of \$597,500 based on an exercise price of \$41.22 and the closing price of our common stock on March 30, 2007 of \$46.00, (ii) the lapsing of all restrictions with respect to 20,000 shares of restricted stock, having a value of \$920,000 based on \$46.00 per share, the closing price of our common stock on March 30, 2007, and (iii) the acceleration of vesting of the performance stock units, having a value of \$1,150,000, based on 25,000 units at \$46.00 per unit, the closing price of our common stock on March 30, 2007.

A. Christopher Fawzy. On June 24, 2006, we approved a separation and release agreement and a consulting agreement for A. Christopher Fawzy, our former Vice President, General Counsel and Secretary, following his resignation from the Company. Pursuant to the terms of Mr. Fawzy's separation and release agreement, he received a severance payment equal to 36 months of his base salary and a payment for a prorated bonus equal to one-third of his eligible bonus amount for fiscal 2007. Mr. Fawzy is entitled to payments of COBRA premiums for up to 24 months. Mr. Fawzy executed a release of claims in favor of the Company and agreed not to solicit our employees for a period of 12 months. Pursuant to the terms of the consulting agreement, he will provide consulting services from the date of the agreement through October 31, 2007. Through December 31, 2006, Mr. Fawzy received a flat fee of \$9,000 per month for up to 36 hours of consulting services and a fee of \$250 per hour for any additional services. After January 1, 2007, Mr. Fawzy received a flat fee of \$2,400 per month for up to eight hours of consulting services and a fee of \$300 per hour for any additional services. Mr. Fawzy received additional payments totaling \$120,000 as certain milestones with respect to the divestiture of our urology business were met. Mr. Fawzy's unvested stock options and restricted stock awards will continue to vest during his consulting period.

David J. Adornetto, On June 30, 2006, we approved a mutual release of all claims agreement for David J. Adornetto, our former Vice President, Operations, following his resignation from the Company. Pursuant to the terms of the release agreement, he received a severance payment of \$200,000 on July 14, 2006 in consideration for the release. Mr. Adornetto was not entitled to any benefits under his previous employment agreement with us. We also released

and discharged Mr. Adornetto from any and all claims arising out of his prior employment with us.

On June 30, 2006, the Compensation Committee also approved a consulting agreement with Mr. Adornetto, effective as of July 14, 2006. Pursuant to the consulting agreement, Mr. Adornetto was to continue negotiating a licensing agreement with a potential strategic alliance partner by providing reasonable business efforts in negotiating the agreement in accordance with a non-binding letter of intent between the Company and the potential licensor. Mr. Adornetto coordinated all efforts in this process, including the efforts of outside legal counsel and inside personnel and also provided regular updates on the progress of the licensing agreement. The licensing agreement was negotiated and executed during the term of Mr. Adornetto's consulting agreement. The consulting agreement had a term of five (5) months commencing on July 14, 2006 and could be extended by mutual agreement of the parties. We paid Mr. Adornetto a total of \$606,100 for his consulting services through December 14, 2006. We agreed to reimburse Mr. Adornetto's reasonable travel and other expenses incurred in connection with his effort to accomplish the negotiated licensing agreement. Mr. Adornetto's restricted stock and stock options continued to vest without interruption through the term of the consulting agreement pursuant to his restricted stock and stock option agreements. The consulting agreement terminated on December 14, 2006.

Director Compensation

In May 2007, the Compensation Committee approved certain changes in the compensation program for non-employee members of the Board of Directors. Commencing on June 1, 2007, cash compensation of directors is as follows:

- Board members who are employees of the Company will continue to receive no additional compensation for their services as directors;
- each non-employee member of the Board of Directors will receive an annual base fee of \$60,000, an increase from \$50,000;
- the Chairman of the Board, who is a non-employee director, will receive an annual fee of \$75,000, an increase of \$5,000;
- the Chairman of the Audit Committee, who is a non-employee director, will receive an annual fee of \$25,000 annually, an increase of \$5,000;
- the Chairman of each of the Compensation Committee and the Nominating and Governance Committees, each of whom is also a non-employee director, will receive an annual fee of \$10,000, an increase of \$5,000;
- each member of a committee of the Board of Directors will continue to receive a per meeting fee of \$1,000 for attending any committee meetings other than those scheduled on the same day or the day following the quarterly board meeting; and
- each member of the Board of Directors will now receive a per meeting fee of \$1,000 for attendance at Board meetings other than quarterly Board meetings.

All director fees are paid quarterly. Beginning with the 2007 Annual Meeting, an option to purchase 2,500 shares of our common stock will be granted to each director on the date of each annual meeting of shareholders. The exercise price for such options will be the closing price of our common stock as reported by the New York Stock Exchange as of the date of grant. Each option will have a term of ten years and fully vests one year after the grant date.

Each director also receives a grant of 7,500 shares of restricted stock upon his or her initial election to the Board of Directors, valued at the closing price of our common stock as reported by the New York Stock Exchange as of the date of grant. The shares of restricted stock vest with respect to one-fifth of the total number of shares of restricted stock on each of the first, second, third, fourth and fifth anniversaries of the award date. The vesting schedule requires continued service through each applicable vesting date as a condition to the vesting of the applicable installment of the restricted stock.

(1) Director Joshua Levine is our President and Chief Executive Officer. He is not included in this table, as he receives no compensation for his services as a director. The compensation received by Mr. Levine as our employee is shown in the Fiscal Year 2007 Summary Compensation Table.

(2) The amounts shown in column (c) reflect the dollar amount recognized for financial statement reporting purposes in accordance with SFAS 123(R) for awards made

for the fiscal year ended March 31, 2007 pursuant to our 2005 Long Term Incentive Plan, and thus may include amounts from awards granted in and prior to fiscal year 2007. As of March 31, 2007, each of the above held the aggregate number of restricted shares shown in Note 3 below.

- (3) The amounts shown in column (d) represent the compensation costs of stock options for financial reporting purposes for fiscal year 2007 under SFAS 123(R), rather than an amount paid to or realized by the director. The SFAS 123(R) value for options as of the grant date is spread over the requisite service period (four years). As of March 31, 2007, each of the above held the following aggregate
