

AQUA AMERICA INC
Form 10-Q
August 06, 2010

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON DC 20549

FORM 10-Q

(Mark One)

☒ QUARTERLY REPORT PURSUANT TO SECTION 13 or 15 (d) OF THE SECURITIES EXCHANGE ACT OF 1934.

For the quarterly period ended June 30, 2010

☐ TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934.

For the transition period from _____ to _____

Commission File Number 1-6659

AQUA AMERICA, INC.
(Exact name of registrant as specified in its charter)

Pennsylvania
(State or other jurisdiction of
incorporation or organization)

23-1702594

(I.R.S. Employer Identification No.)

762 W. Lancaster Avenue,
Bryn Mawr, Pennsylvania
(Address of principal executive
offices)

19010-3489

(Zip Code)

(610) 527-8000

(Registrant's telephone number, including area code)

(Former Name, former address and former fiscal year, if changed since last report.)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required

Edgar Filing: AQUA AMERICA INC - Form 10-Q

to submit and post such files). Yes ☒ T No ☐ F

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of “large accelerated filer,” “accelerated filer” and “smaller reporting company” in Rule 12(b)-2 of the Exchange Act.:

Large accelerated filer	<input checked="" type="checkbox"/> x	Accelerated filer	<input type="checkbox"/> ..
Non-accelerated filer	<input type="checkbox"/> ..	Smaller reporting company	<input type="checkbox"/> ..

(do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).
Yes ☐ F No ☒ T

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of July 23, 2010: 137,258,091

See notes to consolidated financial statements beginning on page 8 of this report.

AQUA AMERICA, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(In thousands of dollars, except per share amounts)

(UNAUDITED)

Note 1 Basis of Presentation

The accompanying consolidated balance sheets and statements of capitalization of Aqua America, Inc. and subsidiaries (the “Company”) at June 30, 2010, the consolidated statements of income and comprehensive income for the six and three months ended June 30, 2010 and 2009, the consolidated statements of cash flow for the six months ended June 30, 2010 and 2009, and the consolidated statement of equity for the six months ended June 30, 2010, are unaudited, but reflect all adjustments, consisting of only normal recurring accruals, which are, in the opinion of management, necessary to present fairly the consolidated financial position, the consolidated changes in equity, the consolidated results of operations, and the consolidated cash flow for the periods presented. Because they cover interim periods, the statements and related notes to the financial statements do not include all disclosures and notes normally provided in annual financial statements and, therefore, should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2009. The results of operations for interim periods may not be indicative of the results that may be expected for the entire year. The December 31, 2009 consolidated balance sheet data presented herein was derived from the Company’s December 31, 2009 audited consolidated financial statements, but does not include all disclosures and notes normally provided in annual financial statements.

Note 2 Goodwill

The following table summarizes the changes in the Company’s goodwill, by business segment:

	Regulated Segment	Other	Consolidated
Balance at December 31, 2009	\$ 38,962	\$ 4,121	\$ 43,083
Goodwill acquired during year	28	0	28
Other	90	0	90
Balance at June 30, 2010	\$ 39,080	\$ 4,121	\$ 43,201

Note 3 Dispositions

The City of Fort Wayne, Indiana (“the City”) has authorized the acquisition by eminent domain of the northern portion of the utility system of one of the operating subsidiaries that the Company acquired in connection with the AquaSource acquisition in 2003. The Company challenged whether the City was following the correct legal procedures in connection with the City’s attempted condemnation, but the Indiana Supreme Court, in an opinion issued in June 2007, supported the City’s position. In October 2007, the City’s Board of Public Works approved proceeding with its process to condemn the northern portion of

the Company's utility system at a preliminary price based on the City's valuation. The Company has filed an appeal with the Allen County Circuit Court challenging the Board of Public Works' valuation on several bases. In November 2007, the City Council authorized the taking of the northern portion of the Company's system and the payment of \$16,911 based on the City's valuation of this portion of the system. In January 2008, the Company reached a settlement with the City to transition the northern portion of the system in February 2008 upon receipt of the City's initial valuation payment of \$16,911. The settlement agreement specifically stated that the final valuation of the northern portion of the Company's system will be determined through a continuation of the legal proceedings that were filed challenging the City's valuation. On February 12, 2008, the Company turned over the northern portion of the system to the City upon receipt of the initial valuation payment. The Indiana Utility Regulatory Commission also reviewed and acknowledged the transfer of the Certificate of Territorial Authority for the northern portion of the system to the City. The proceeds received by the Company are in excess of the book value of the assets relinquished. No gain has been recognized due to the contingency over the final valuation of the assets. The net book value of the assets relinquished has been removed from the consolidated balance sheet and the difference between the net book value and the initial payment received has been deferred and is recorded in other accrued liabilities on the Company's consolidated balance sheet. Once the contingency is resolved and the asset valuation is finalized, through the finalization of the litigation between the Company and the City of Fort Wayne, the amounts deferred will be recognized in the Company's consolidated income statement. On March 16, 2009, oral argument was held on certain procedural aspects with respect to the valuation evidence that may be presented and whether the Company is entitled to a jury trial. Depending upon the outcome of the legal proceeding, the Company may be required to refund a portion of the initial valuation payment, or may receive additional proceeds. The northern portion of the utility system relinquished represents approximately 0.50% of the Company's total assets.

AQUA AMERICA, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

(In thousands of dollars, except per share amounts)

(UNAUDITED)

Note 4 Long-term Debt and Loans Payable

In June 2010, the Company issued \$70,000 of senior unsecured notes, of which \$15,000 is due in 2021, \$20,000 in 2024, and \$35,000 in 2028 with interest rates of 4.62%, 4.83%, and 5.22%.

Note 5 Fair Value of Financial Instruments

The carrying amount of current assets and liabilities that are considered financial instruments approximates their fair value as of the dates presented. The carrying amount and estimated fair value of the Company's long-term debt are as follows:

	June 30,	December
	2010	31, 2009
Carrying Amount	\$ 1,496,832	\$ 1,446,134
Estimated Fair Value	1,500,690	1,315,954

AQUA AMERICA, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

(In thousands of dollars, except per share amounts)

(UNAUDITED)

The fair value of long-term debt has been determined by discounting the future cash flows using current market interest rates for similar financial instruments of the same duration. The Company's customers' advances for construction and related tax deposits have a carrying value of \$68,529 as of June 30, 2010, and \$76,913 as of December 31, 2009. Their relative fair values cannot be accurately estimated because future refund payments depend on several variables, including new customer connections, customer consumption levels, and future rate increases. Portions of these non-interest bearing instruments are payable annually through 2025 and amounts not paid by the contract expiration dates become non-refundable. The fair value of these amounts would, however, be less than their carrying value due to the non-interest bearing feature.

Note 6 Net Income per Common Share

Basic net income per common share is based on the weighted average number of common shares outstanding. Diluted net income per common share is based on the weighted average number of common shares outstanding and potentially dilutive shares. The dilutive effect of employee stock options is included in the computation of diluted net income per common share. The dilutive effect of stock options is calculated using the treasury stock method and expected proceeds upon exercise of the stock options. The following table summarizes the shares, in thousands, used in computing basic and diluted net income per common share:

	Six Months Ended June 30,		Three Months Ended June 30,	
	2010	2009	2010	2009
Average common shares outstanding during the period for basic computation	136,647	135,519	136,785	135,631
Dilutive effect of employee stock options	313	361	227	308
Average common shares outstanding during the period for diluted computation	136,960	135,880	137,012	135,939

For the six and three months ended June 30, 2010, employee stock options to purchase 2,665,445 shares of common stock, were excluded from the calculations of diluted net income per share as the calculated proceeds from the options' exercise were greater than the average market price of the Company's common stock during these periods. For the six and three months ended June 30, 2009, employee stock options to purchase 2,144,059 and 2,720,294 shares of common stock, respectively, were excluded from the calculations of diluted net income per share as the calculated proceeds from the options' exercise were greater than the average market price of the Company's common stock during these periods.

Note 7 Stock-based Compensation

Under the Company's 2009 Omnibus Equity Compensation Plan (the "2009 Plan"), as approved by the Company's shareholders to replace the 2004 Equity Compensation Plan (the "2004 Plan"), stock options, stock units, stock awards, stock appreciation rights, dividend equivalents, and other stock-based awards may be granted to employees, non-employee directors, and consultants and advisors. The 2009 Plan authorizes 5,000,000 shares for issuance under the plan. A maximum of 50% of the shares available for issuance under the 2009 Plan may be issued as restricted stock and the maximum number of shares that may be subject to grants under the Plan to any one individual in any one year is 200,000. Awards under the 2009 Plan are made by a committee of the Board of Directors. At June 30, 2010, 4,328,625 shares underlying stock option and restricted stock awards were still available for grants under the 2009 Plan. No further grants may be made under the 2004 Plan.

Stock Options— During the six months ended June 30, 2010 and 2009, the Company recognized compensation costs associated with stock options as a component of operations and maintenance expense of \$1,013 and \$1,201, respectively. During the three months ended June 30, 2010 and 2009, the Company recognized compensation costs associated with stock options as a component of operations and maintenance expense of \$519 and \$658, respectively. For the six months ended June 30, 2010 and 2009, the Company recognized income tax benefits associated with stock options in its income statement of \$301 and \$235, respectively. For the three months ended June 30, 2010 and 2009, the Company recognized income tax benefits associated with stock options in its income statement of \$149 and \$134, respectively. In addition, the Company capitalized compensation costs associated with stock options within property, plant and equipment of \$0 and \$73 during the six and three months ended June 30, 2010 and 2009, respectively.

The fair value of options was estimated at the grant date using the Black-Scholes option-pricing model. The per share weighted-average fair value at the date of grant for stock options granted during the six months ended June 30, 2010 and 2009 was \$3.49 and \$4.37 per option, respectively. There were no stock options granted during the three months ended June 30, 2010 and 2009. The following assumptions were used in the application of this valuation model:

	2010		2009	
Expected term (years)	6.0		5.3	
Risk-free interest rate	2.8	%	2.2	%
Expected volatility	26.7	%	31.3	%
Dividend yield	3.3	%	3.0	%

Historical information was the principal basis for the selection of the expected term and dividend yield. The expected volatility is based on a weighted-average combination of historical and implied volatilities over a time period that approximates the expected term of the option. The risk-free interest rate was selected based upon the U.S. Treasury yield curve in effect at the time of grant for the expected term of the option.

The following table summarizes stock option transactions for the six months ended June 30, 2010:

	Shares	Weighted Average Exercise Price	Weighted Average Remaining Life (years)	Aggregate Intrinsic Value
Options:				
Outstanding at beginning of period	3,895,329	\$ 19.17		
Granted	459,837	17.14		
Forfeited	(10,835)	18.83		
Expired	(22,357)	21.93		
Exercised	(147,280)	9.58		
Outstanding at end of period	4,174,694	\$ 19.27	6.0	\$ 4,241
Exercisable at end of period	3,152,340	\$ 19.55	5.1	\$ 3,996

Restricted Stock— During the six months ended June 30, 2010 and 2009, the Company recorded stock-based compensation related to restricted stock awards as a component of operations and maintenance expense in the amounts of \$1,144 and \$629, respectively. During the three months ended June 30, 2010 and 2009, the Company recorded stock-based compensation related to restricted stock awards as a component of operations and maintenance expense in the amounts of \$692 and \$443, respectively. The following table summarizes nonvested restricted stock transactions for the six months ended June 30, 2010:

	Number of Shares	Weighted Average Fair Value
Nonvested shares at beginning of period	102,918	\$ 19.73
Granted	191,288	17.10
Vested	(53,837)	20.23
Forfeited	(450)	17.23

Note 8 Pension Plans and Other Postretirement Benefits

The Company maintains qualified defined benefit pension plans, nonqualified pension plans and other postretirement benefit plans for certain of its employees. The net periodic benefit cost is based on estimated values and an extensive use of assumptions about the discount rate, expected return on plan assets, the rate of future compensation increases received by the Company's employees, mortality, turnover, and medical costs. The following tables provide the components of net periodic benefit costs:

	Pension Benefits			
	Six Months Ended		Three Months Ended	
	June 30,		June 30,	
	2010	2009	2010	2009
Service cost	\$ 2,344	\$ 2,174	\$ 1,172	\$ 1,050
Interest cost	6,440	6,263	3,220	3,150
Expected return on plan assets	(5,592)	(4,658)	(2,796)	(2,341)
Amortization of transition asset	0	(91)	0	(45)
Amortization of prior service cost	70	76	35	41
Amortization of actuarial loss	2,060	2,576	1,030	1,374
Capitalized costs	(1,685)	(1,320)	(888)	(649)
Settlement charge	884	641	884	641
Net periodic benefit cost	\$ 4,521	\$ 5,661	\$ 2,657	\$ 3,221

	Other Postretirement Benefits			
	Six Months Ended		Three Months Ended	
	June 30,		June 30,	
	2010	2009	2010	2009
Service cost	\$ 610	\$ 541	\$ 305	\$ 262
Interest cost	1,240	1,144	620	571
Expected return on plan assets	(924)	(845)	(462)	(423)
Amortization of transition obligation	52	52	26	26
Amortization of prior service cost	(134)	(140)	(67)	(70)
Amortization of actuarial loss	342	294	171	159
Amortization of regulatory asset	68	68	34	30
Capitalized costs	(250)	(180)	(129)	(88)
Net periodic benefit cost	\$ 1,004	\$ 934	\$ 498	\$ 467

The Company made cash contributions of \$8,863 to its defined benefit pension plans during the first six months of 2010, and intends to make cash contributions of \$4,143 to the plans during the remainder of 2010. In addition, the Company made cash contributions of \$191 and expects to make cash contributions of \$1,494 for the funding of its other postretirement

benefit plans during the remainder of 2010.

Note 9

Water and Wastewater Rates

On June 17, 2010, the Pennsylvania Public Utility Commission granted the Company's operating subsidiary in Pennsylvania a water rate increase designed to increase total operating revenues by \$23,600, on an annualized basis. The rates in effect at the time of the filing included \$24,256 in Distribution System Improvement Charges ("DSIC") or 7.5% above prior base rates. Consequently, the total base rates increased by \$47,856, and the DSIC was reset to zero.

During the first six months of 2010, the Company's operating divisions in New York, New Jersey, North Carolina, Ohio, Missouri, and Indiana were granted base rate increases designed to increase total operating revenues on an annual basis by approximately \$10,985.

On September 23, 2008, the Texas Commission on Environmental Quality ("TCEQ") issued its final ruling with a unanimous decision approving the rate application that was filed in 2004 by the Company's operating subsidiaries in Texas to increase rates, on an annualized basis, by \$11,920 over a multi-year period beginning in 2004. The application sought to increase annual revenues in phases and was accompanied by a plan to defer and amortize a portion of the Company's depreciation, operating and other tax expense over a similar multi-year period, such that the impact on operating income approximated the requested amount during the first years that the new rates were in effect. The Company commenced billing for the requested rates and implemented the deferral plan in 2004. As a result of the final order, the regulatory asset for the deferred operating costs and rate case expenses was set at \$13,697. As of February 1, 2009, recovery of the regulatory assets for the deferred operating costs and rate case expenses began through two surcharge mechanisms. The final order was appealed to the TCEQ by two parties, and the TCEQ exercised its legal authority to take no action within the required period, therefore affirming the TCEQ's approval decision. Thereafter, the appealing parties filed suit against the TCEQ in an effort to appeal the order. On April 15, 2010, a hearing on the appeal of TCEQ's approval decision was held in the Travis County Texas District Court, which resulted in the TCEQ's final order being upheld by the District Court Judge. The Travis County District Court Judge's ruling is no longer subject to appeal.

Note 11 Segment Information

The Company has identified fifteen operating segments and has one reportable segment named the “Regulated” segment. The reportable segment is comprised of fourteen operating segments for the Company’s water and wastewater regulated utility companies which are organized by the states where we provide these services. In addition, one segment is not quantitatively significant to be reportable and is comprised of the businesses that provide on-site septic tank pumping, sludge hauling services and certain other non-regulated water and wastewater services. This segment is included as a component of “Other” in the tables below. Also included in “Other” are corporate costs that have not been allocated to the Regulated segment and intersegment eliminations.

The following tables present the Company’s segment information:

	Three Months Ended June 30, 2010			Three Months Ended June 30, 2009		
	Regulated	Other	Consolidated	Regulated	Other	Consolidated
Operating revenues	\$ 175,593	\$ 2,851	\$ 178,444	\$ 164,308	\$ 3,025	\$ 167,333

Note 12 Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board issued revised accounting guidance for variable interest entities, which replaces the quantitative approach for determining which reporting entity has a controlling financial interest in a variable interest entity with a qualitative approach that focuses on which reporting entity controls the most significant economic activities of the variable interest entity. The revised guidance is effective January 1, 2010. The Company adopted the revised guidance as required, and the adoption did not have an impact on the Company's consolidated results of operations or consolidated financial position.

Note 13 Commitments and Contingencies

The Company is routinely involved in various disputes, claims, lawsuits and other regulatory and legal matters, including both asserted and unasserted legal claims, in the ordinary course of business. The status of each such matter, referred to herein as a loss contingency, is reviewed and assessed in accordance with applicable accounting rules regarding the nature of the matter, the likelihood that a loss will be incurred, and the amounts involved. As of June 30, 2010, the aggregate amount of \$12,863 is accrued for loss contingencies and is reported in the Company's consolidated balance sheet as other accrued liabilities and other liabilities. These accruals represent management's best estimate of probable loss (as defined in the accounting guidance) for loss contingencies. While the final outcome of these loss contingencies cannot be predicted with certainty, and unfavorable outcomes could negatively impact the Company, at this time in the opinion of management, the final resolution of these matters are not expected to have a material adverse effect on the Company's financial position, results of operations or cash flows. Further, Aqua America has insurance coverage for certain of these loss contingencies, and as of June 30, 2010, estimates that approximately \$1,619 of the amount accrued for these matters are probable of recovery through insurance, which amount is also reported in the Company's consolidated balance sheet as deferred charges and other assets, net.

AQUA AMERICA, INC. AND SUBSIDIARIES

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(In thousands of dollars, except per share amounts)

Forward-looking Statements

This Management's Discussion and Analysis of Financial Condition and Results of Operations and other sections of this Quarterly Report contain, in addition to historical information, forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements address, among other things: our belief in our ability to renew our short-term lines of credit; the impact and the actions we may need to take if we are unable to obtain sufficient capital; the projected impact of various legal proceedings; the projected effects of recent accounting pronouncements; prospects, plans, objectives, expectations and beliefs of management, as well as information contained in this report where statements are preceded by, followed by or include the words "believes," "expects," "anticipates," "plans," "future," "potential," "probably," "predictions," "intends," "will," "continue" or the negative or similar expressions. Forward-looking statements are based on a number of assumptions concerning future events, and are subject to a number of risks, uncertainties and other factors, many of which are outside our control, which could cause actual results to differ materially from those expressed or implied by such statements. These risks and uncertainties include, among others: the effects of regulation, abnormal weather, changes in capital requirements and funding, acquisitions, changes to the capital markets, and our ability to assimilate acquired operations, as well as those risks, uncertainties and other factors discussed in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009 under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" and elsewhere in such report. As a result, readers are cautioned not to place undue reliance on any forward-looking statements. We undertake no obligation to update or revise forward-looking statements, whether as a result of new information, future events or otherwise.

General Information

Nature of Operations - Aqua America, Inc. ("we" or "us"), a Pennsylvania corporation, is the holding company for regulated utilities providing water or wastewater services to what we estimate to be approximately 3 million people in Pennsylvania, Ohio, North Carolina, Illinois, Texas, New Jersey, New York, Florida, Indiana, Virginia, Maine, Missouri, South Carolina, and Georgia. Our largest operating subsidiary, Aqua Pennsylvania, Inc., provides water or wastewater services to approximately one-half of the total number of people we serve, which are located in the suburban areas in counties north and west of the City of Philadelphia and in 25 other counties in Pennsylvania. Our other subsidiaries provide similar services in 13 other states. In addition, we provide water and wastewater service through operating and maintenance contracts with municipal authorities and other parties close to our utility companies' service territories as well as sludge hauling, septage and grease services and backflow prevention services.

AQUA AMERICA, INC. AND SUBSIDIARIES

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)
(In thousands of dollars, except per share amounts)

Aqua America, Inc., which prior to its name change in 2004 was known as Philadelphia Suburban Corporation, was formed in 1968 as a holding company for its primary subsidiary, Aqua Pennsylvania, Inc., formerly known as Philadelphia Suburban Water Company. In the early 1990s we embarked on a growth through acquisition strategy focused on water and wastewater operations. Our most significant transactions to date have been the merger with Consumers Water Company in 1999, the acquisition of the regulated water and wastewater operations of AquaSource, Inc. in 2003, the acquisition of Heater Utilities, Inc. in 2004, and the acquisition of New York Water Service Corporation in 2007. Since the early 1990s, our business strategy has been primarily directed toward the regulated water and wastewater utility industry and has extended our regulated operations from southeastern Pennsylvania to include operations in 13 other states.

Financial Condition

During the first six months of 2010, we had \$140,767 of capital expenditures, issued \$101,329 of long-term debt, repaid debt and made sinking fund contributions and other loan repayments of \$50,897, and repaid \$4,818 of customer advances for construction. The capital expenditures were related to improvements to treatment plants, new and rehabilitated water mains, tanks, hydrants, and service lines, well and booster improvements, and other enhancements and improvements. The issuance of \$101,329 of long-term debt was comprised principally of the proceeds received from the June 2010 issuance of senior unsecured notes payable of \$70,000, and the funds borrowed under our revolving credit facility of \$30,000.

At June 30, 2010, we had \$13,112 of cash and cash equivalents compared to \$21,869 at December 31, 2009. During the first six months of 2010, we used the proceeds from internally generated funds, the issuance of long-term debt, the issuance of common stock, the sale of other assets, and available working capital to fund the cash requirements discussed above and to pay dividends.

At June 30, 2010, our \$95,000 unsecured revolving credit facility, which expires in May 2012, had \$11,521 available for borrowing. At June 30, 2010, we had short-term lines of credit of \$137,000, of which \$85,567 was available. One of our short-term lines of credit is an Aqua Pennsylvania \$70,000 364-day unsecured revolving credit facility with two banks, which is used to provide working capital.

Our short-term lines of credit of \$137,000 are subject to renewal on an annual basis. Although we believe we will be able to renew these facilities, there is no assurance that they will be renewed, or what the terms of any such renewal will be. The United States credit and liquidity crisis that started in 2008 which caused substantial volatility in capital markets, including credit markets and the banking industry, has increased the cost and significantly reduced the availability of credit from financing sources, which may continue or worsen in the future. If in the future, our credit facilities are not renewed or our short-term borrowings are called for repayment, we would have to seek alternative financing sources, although there can be no assurance that these alternative financing sources would be available on terms acceptable to us. In the event we are not able to obtain sufficient capital, we may need to reduce our capital expenditures and our ability to pursue acquisitions that we may rely on for future growth could be impaired.

AQUA AMERICA, INC. AND SUBSIDIARIES

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)
(In thousands of dollars, except per share amounts)

The Company's consolidated balance sheet historically has had a negative working capital position whereby routinely our current liabilities exceed our current assets. Management believes that internally generated funds along with existing credit facilities and the proceeds from the issuance of long-term debt and common stock will be adequate to provide sufficient working capital to maintain normal operations and to meet our financing requirements for the remainder of the year and the reasonably foreseeable future.

Results of Operations

Analysis of First Six Months of 2010 Compared to First Six Months of 2009

Revenues increased \$17,141 or 5.3% primarily due to additional revenues associated with increased water and wastewater rates of \$7,879, additional revenues associated with increased infrastructure rehabilitation surcharges of \$6,210, increased water consumption as compared to the first six months of 2009, and additional wastewater and water revenues of \$1,303 associated with a larger customer base due to acquisitions. The increase in customer water consumption is largely due to favorable weather conditions in our service territories during May and June 2010 that increased water usage.

Operations and maintenance expenses increased by \$1,373 or 1.0% primarily due to additional expenses resulting from the first quarter write-off of previously deferred regulatory expenses of \$1,011, the absence of the June 2009 gain on sale of a utility system of \$1,009, which had the effect of reducing operations and maintenance expense in 2009, a write-off of capitalized costs of \$715, increases in operating costs associated with acquisitions of \$612, increases in fuel costs for our service vehicles of \$484, and normal increases in other operating costs. Offsetting these increases were decreases in water production costs of \$1,167, decreased bad debt expense of \$883, and reduced expenses of \$158 associated with the dispositions of utility systems. The decreased water production costs, principally chemicals, was associated with vendor price decreases.

Depreciation expense increased \$1,643 or 3.2% due to the utility plant placed in service since June 30, 2009, offset by the effect of the additional expense of \$2,037 recognized in the first quarter of 2009 resulting from a rate case adjustment related to our rate filing in North Carolina.

Amortization increased \$667 primarily due to additional amortization of \$579 resulting from the recovery through a surcharge of our costs associated with our rate filing in Texas and the amortization of the costs associated with, and other costs being recovered in, various rate filings, offset by the effect of the additional amortization recognized in the first quarter of 2009 of \$394 resulting from a rate case adjustment related to our rate filing in North Carolina.

AQUA AMERICA, INC. AND SUBSIDIARIES

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)
(In thousands of dollars, except per share amounts)

Taxes other than income taxes increased by \$2,329 or 9.9% primarily due to an increase in recoverable expenses associated with a recent rate award, an increase in capital stock taxes for our operating subsidiary in Pennsylvania, an increase in property taxes, and an increase in gross receipts, excise and franchise taxes.

Interest expense increased by \$3,497 or 10.5% primarily due to an increase in borrowings to finance capital projects, offset partially by decreased interest rates on long-term debt.

Allowance for funds used during construction ("AFUDC") increased by \$1,809 primarily due to an increase in the average balance of utility plant construction work in progress, to which AFUDC is applied, and an increase in short-term interest rates, which are a component of the applied AFUDC rate.

Gain on sale of other assets totaled \$2,039 during the first half of 2010 and \$213 in the first half of 2009. The increase of \$1,826 is due to a gain on the sale of an investment in the first quarter of 2010.

Our effective income tax rate was 39.5% in the first half of 2010 and 39.9% in the first half of 2009. The effective income tax rate decreased due to an increase in a tax credit for qualified domestic production activities in the first six months of 2010 versus the same period in 2009.

Net income attributable to common shareholders increased by \$7,142 or 16.1%, in comparison to the same period in 2009 primarily as a result of the factors described above. On a diluted per share basis, earnings increased \$0.05 reflecting the change in net income attributable to common shareholders and a 0.8% increase in the average number of common shares outstanding. The increase in the number of shares outstanding is primarily a result of the additional shares sold or issued through our dividend reinvestment plan, equity compensation plan, employee stock purchase plan, and the additional shares issued in August 2009 in connection with an acquisition.

Results of Operations

Analysis of Second Quarter of 2010 Compared to Second Quarter of 2009

Revenues increased \$11,111 or 6.6% primarily due to additional revenues associated with increased water consumption as compared to the second quarter of 2009, increased water and wastewater rates of \$3,129, additional revenues associated with increased infrastructure rehabilitation surcharges of \$2,584, and additional water and wastewater revenues of \$663 associated with a larger customer base due to acquisitions. The increase in customer water consumption is largely due to favorable weather conditions in our service territories during the second quarter of 2010 that increased water usage.

AQUA AMERICA, INC. AND SUBSIDIARIES

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)
(In thousands of dollars, except per share amounts)

Operations and maintenance expenses increased by \$761 or 1.1% primarily due to the absence of the June 2009 gain on sale of a utility system of \$1,009, which had the effect of reducing operations and maintenance expense in 2009, a write-off of capitalized costs of \$715, increases in operating costs associated with acquisitions of \$344, increases in fuel costs for our service vehicles of \$235, and normal increases in other operating costs. Offsetting these increases were decreased bad debt expense of \$504, decreased water production costs of \$446, and reduced expenses of \$100 associated with the dispositions of utility systems. The decreased water production costs, principally chemicals, was associated with vendor price decreases.

Depreciation expense increased \$1,830 or 7.3% due to the utility plant placed in service since June 30, 2009.

Amortization increased \$250 due to the amortization of the costs associated with, and other costs being recovered in, various rate filings.

Taxes other than income taxes increased by \$1,059 or 8.9% primarily due to an increase in recoverable expenses associated with a recent rate award, an increase in capital stock taxes for our operating subsidiary in Pennsylvania, an increase in gross receipts, excise and franchise taxes, and an increase in property taxes.

Interest expense increased by \$1,695 or 10.1% primarily due to additional borrowings to finance capital projects, offset partially by decreased interest rates on long-term debt.

Allowance for funds used during construction ("AFUDC") increased by \$893 primarily due to an increase in the average balance of utility plant construction work in progress, to which AFUDC is applied, and an increase in short-term interest rates, which are a component of the applied AFUDC rate.

Gain on sale of other assets totaled \$110 in the second quarter of 2010 and \$80 in the second quarter of 2009. The increase of \$30 is principally due to the timing of sales of land and other property.

Our effective income tax rate was 39.2% in the second quarter of 2010 and 39.5% in the second quarter of 2009. The effective income tax rate decreased due to an increase in a tax credit for qualified domestic production activities in the second quarter of 2010 versus the same period in 2009.

Net income attributable to common shareholders increased by \$4,002 or 15.5%, in comparison to the same period in 2009 primarily as a result of the factors described above. On a diluted per share basis, earnings increased \$0.03 reflecting the change in net income attributable to common shareholders and a 0.8% increase in the average number of common shares outstanding. The increase in the number of shares outstanding is primarily a result of the additional shares sold or issued through our dividend reinvestment plan, equity compensation plan, and employee stock purchase plan, and the additional shares issued in August 2009 in connection with an acquisition.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)

(In thousands of dollars, except per share amounts)

Impact of Recent Accounting Pronouncements

We describe the impact of recent accounting pronouncements in Note 12, Recent Accounting Pronouncements, of the consolidated financial statements.

AQUA AMERICA, INC. AND SUBSIDIARIES

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are subject to market risks in the normal course of business, including changes in interest rates and equity prices. There have been no significant changes in our exposure to market risks since December 31, 2009. Refer to Item 7A of the Company's Annual Report on Form 10-K for the year ended December 31, 2009 for additional information.

Item 4. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of the end of the period covered by this report are effective such that the information required to be disclosed by us in reports filed under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and (ii) accumulated and communicated to our management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding disclosure.

(b) Changes in Internal Control over Financial Reporting

No change in our internal control over financial reporting occurred during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Part II. Other Information

Item 1. Legal Proceedings

In 2004, our subsidiaries in Texas filed an application with the Texas Commission on Environmental Quality ("TCEQ") to increase rates over a multi-year period. On September 23, 2008, the TCEQ issued its final ruling with a unanimous decision approving this rate application. The final order had been appealed to the TCEQ by two parties, and the TCEQ has exercised its legal authority to take no action within the required period, therefore, affirming the TCEQ's approval decision. Thereafter, the appealing parties filed suit against the TCEQ in the Travis County District Court in an effort to appeal the order. On April 15, 2010, the Travis County District Court Judge upheld the TCEQ's final order, and this ruling is no longer subject to appeal. For more information, see the description under the section captioned "Management's Discussion and Analysis of Financial Condition and Results of Operations – Results of Operations" in our Annual Report on Form 10-K for the year ended December 31, 2009, and refer to Note 9, Water and Wastewater Rates, to the Consolidated Financial Statements of Aqua America, Inc. and subsidiaries in this Quarterly Report on Form 10-Q for the quarter ended June 30, 2010.

AQUA AMERICA, INC. AND SUBSIDIARIES

The City of Fort Wayne, Indiana (“the City”) authorized the acquisition by eminent domain of the northern portion of the utility system of one of the Company’s operating subsidiaries in Indiana. We challenged whether the City was following the correct legal procedures in connection with the City’s condemnation, but the Indiana Supreme Court, in an opinion issued in June 2007, supported the City’s position. In October 2007, the City’s Board of Public Works approved proceeding with its process to condemn the northern portion of our utility system at a preliminary price based on the City’s valuation. In October 2007, we filed an appeal with the Allen County Circuit Court challenging the Board of Public Works’ valuation on several bases. In November 2007, the City Council authorized the taking of this portion of our system and the payment of \$16,910,500 based on the City’s valuation of the system. In January 2008, we reached a settlement agreement with the City to transition this portion of the system in February 2008 upon receipt of the City’s initial valuation payment of \$16,910,500. The settlement agreement specifically states that the final valuation of the system will be determined through a continuation of the legal proceedings that were filed challenging the City’s valuation. On February 12, 2008, we turned over the northern portion of the system to the City upon receipt of the initial valuation payment. The Indiana Utility Regulatory Commission also reviewed and acknowledged the transfer of the Certificate of Territorial Authority for the northern portion of the system to the City. The proceeds received by the Company are in excess of the book value of the assets relinquished. No gain has been recognized due to the contingency over the final valuation of the assets. The net book value of the assets relinquished has been removed from the consolidated balance sheet and the difference between the net book value and the initial payment received has been deferred and is recorded in other accrued liabilities on the Company’s consolidated balance sheet. Once the contingency is resolved and the asset valuation is finalized, through the finalization of the litigation between the Company and the City of Fort Wayne, the amounts deferred will be recognized in the Company’s consolidated income statement. On March 16, 2009, oral argument was held before the Allen County Circuit Court on certain procedural aspects with respect to the valuation evidence that may be presented and whether we are entitled to a jury trial. Depending upon the ultimate outcome of the legal proceeding in the Allen County Circuit Court we may be required to refund a portion of the initial valuation payment, or may receive additional proceeds. The northern portion of the system relinquished represented approximately 0.50% of Aqua America’s total assets.

AQUA AMERICA, INC. AND SUBSIDIARIES

A lawsuit was filed by a husband and wife who lived in a house abutting a percolation pond at a wastewater treatment plant owned by one of the Company's subsidiaries, Aqua Utilities Florida, Inc., in Pasco County, Florida. The lawsuit was originally filed in August 2006 in the circuit court for the Sixth Judicial Circuit in and for Pasco County, Florida and has been amended several times by the plaintiffs. The lawsuit alleges our subsidiary was negligent in the design, operation and maintenance of the plant, resulting in bodily injury to the plaintiffs and various damages to their property. The plaintiffs filed an amended complaint in July 2008 to include additional counts alleging nuisance and strict liability. In the third quarter of 2008, approximately thirty-five additional plaintiffs, associated with approximately eight other homes in the area, filed another lawsuit with the same court making similar allegations against our subsidiary with respect to the operation of the facility. Both lawsuits have been submitted to our insurance carriers, who have reserved their rights with respect to various portions of the plaintiffs' claims. Based on the ultimate outcome of the litigation, we may or may not have insurance coverage for parts or all of the claims. The Company continues to assess the matter and any potential losses. At this time, the Company believes that the estimated amount of any potential losses would not be material to the Company's consolidated results of operations or consolidated financial condition.

Two homeowners' associations comprised of approximately 180 homes located next to a wastewater plant owned by one of the Company's subsidiaries in Indiana claim that the subsidiary's prior management, before our acquisition of the subsidiary in 2003, allegedly entered into an agreement to cease the majority of operations at the wastewater plant and to remove most of the facilities located at the plant site by April 2009. The plant treats approximately 75% of wastewater flow from the subsidiary's 12,000 customers in the area. The Company filed a formal request for review of the purported agreement with the Indiana Utility Regulatory Commission (IURC). In September 2009, the homeowners' associations filed suit in Allen County, Indiana Superior Court claiming breach of contract, breach of warranty, fraud, unjust enrichment, promissory estoppel and constructive fraud. If the purported agreement is ultimately determined to be valid, the subsidiary may be subject to liability to the homeowners for failure to remove the plant and/or, if the agreement is enforced, the subsidiary may be required to expand another existing plant or construct a new plant elsewhere and close and remove the existing plant. The scope of any such possible expansion or construction is difficult to determine at this time, but the construction costs for new wastewater treatment plants are estimated at anywhere from \$9 to \$12 per gallon of flow per day. The current plant is treating an average flow of approximately 2.3 million gallons per day. The book value of the current plant is \$5,000,000. On April 26, 2010, the Company and the homeowners' associations submitted to the IURC a settlement agreement to settle the dispute. The settlement agreement includes the payment of \$2,600,000 to the homeowners' associations, certain conditions for future plant improvements, which should not materially interfere with the operation of the plant, and the transfer of a parcel of land to the homeowners' associations for which the Company will receive a \$50,000 credit to the settlement amount. The settlement agreement was approved by the membership of the homeowners' associations and is pending the approval of the IURC by final non-appealable order. This matter would not be covered by any of the Company's insurance policies.

AQUA AMERICA, INC. AND SUBSIDIARIES

One of the Company's subsidiaries acquired in 2008 has been operating under a Consent Decree with the United States Environmental Protection Agency and the United States Department of Justice entered into in 2003. The Consent Decree addresses the elimination of sanitary sewer overflows from the subsidiary's sewer system. Although substantial improvements to the number of sanitary sewer overflows at the sewer system have been made since the Company's acquisition of the subsidiary, the Environmental Protection Agency and Department of Justice proposed on May 11, 2010, a revised Consent Decree, including new dates for completing work to address sanitary sewer overflows in the system and a proposed civil penalty of \$364,000 for purported sanitary sewer overflow violations since the date of the original Consent Decree. The Company's subsidiary has contested the appropriateness of calculating the proposed penalty based on sanitary sewer violations occurring prior to the acquisition of the subsidiary and the amount of the proposed penalty. The Company intends to seek indemnification from the seller for this matter.

There are no other pending legal proceedings to which we or any of our subsidiaries is a party or to which any of their properties is the subject that we believe are material or are expected to have a material effect on our financial position, results of operations or cash flows.

Item 1A.

Risk Factors

There have been no material changes to the risks disclosed in our Annual Report on Form 10-K for the year ended December 31, 2009 ("Form 10-K") under "Part 1, Item 1A – Risk Factors."

AQUA AMERICA, INC. AND SUBSIDIARIES

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table summarizes Aqua America's purchases of its common stock for the quarter ended June 30, 2010:

Issuer Purchases of Equity Securities

Period	Total Number of Shares Purchased (1)	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares that May Yet be Purchased Under the Plan or Programs (2)
April 1 - 30, 2010	10,180	\$ 18.02	0	548,278
May 1 - 31, 2010	0	\$ 0	0	548,278
June 1 - 30, 2010	0	\$ 0	0	548,278
Total	10,180	\$ 18.02	0	548,278

(1) These amounts consist of shares we purchased from employees who elected to pay the exercise price of their stock options (and then hold shares of the stock) upon exercise by delivering to us (and, thus, selling) shares of Aqua America common stock in accordance with the terms of our equity compensation plans that were previously approved by our shareholders and disclosed in our proxy statements. This feature of our equity compensation plan is available to all employees who receive stock-based compensation under the plans. We purchased these shares at their fair market value, as determined by reference to the closing price of our common stock on the day of vesting of the restricted stock award or on the day prior to the option exercise.

(2) On August 5, 1997, our Board of Directors authorized a common stock repurchase program that was publicly announced on August 7, 1997, for up to 1,007,351 shares. No repurchases have been made under this program since 2000. The program has no fixed expiration date. The number of shares authorized for purchase was adjusted as a result of the stock splits effected in the form of stock distributions since the authorization date.
