Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On June 3, 2015, the board of directors amended the Company's Bylaws as follows:

Sections 2.5, 2.6 and 3.13 were amended to provide for a majority voting standard in the election of directors. Under the amended Bylaws, a nominee for director will be elected to the board of directors if the votes cast for such nominee's election exceed the votes cast against such nominee's election; provided, however, that directors will be elected by a plurality of the votes cast at any meeting of stockholders for which the Secretary of the Company determines that the number of nominees exceeds the number of directors to be elected as of the record date for such meeting. The board of directors will nominate for election or reelection as directors only persons who agree to tender, promptly following such person's failure to receive the required vote for election or reelection at the next stockholder meeting at which such person would face election or reelection, an irrevocable resignation that will be effective upon acceptance of such resignation by the board of directors. If an incumbent director fails to receive the required vote for reelection, then, within 90 days following certification of the stockholder vote, the board of directors will act to determine whether to accept the director's resignation. Any director who tenders his or her resignation pursuant to this provision shall not participate in the action by the board of directors regarding whether to accept his or her resignation.

Section 13.1 was added to require designated categories of corporate disputes to be litigated exclusively in the Court of Chancery in the State of Delaware (or, if the Court of Chancery does not have jurisdiction, the federal district court for the District of Delaware).

The Bylaw amendments were effective immediately following the adjournment of the Company's 2015 Annual Meeting of Stockholders. A copy of the Bylaws, as amended through June 3, 2015, is attached hereto as Exhibit 3.1 and is incorporated herein by reference.
