EXPLANATORY NOTE

Kennedy-Wilson Holdings, Inc., a Delaware corporation (the “Company”), is filing this Amendment No. 1 (this “Amendment”) to its Annual Report on Form 10-K for the fiscal year ended December 31, 2015, which was originally filed with the Securities and Exchange Commission (the “SEC”) on February 29, 2016 (the “Original Report”), to amend Item 15 of the Original Report and include separate financial statements of the following entities, as required pursuant to Rule 3-09 of Regulation S-X under the Securities Exchange Act of 1934, as amended:

☒ Kennedy Wilson Real Estate Fund IV, L.P.

☒ KW Funds - 303 North Glenoaks, LLC and KW Funds - 6100 Wilshire, LLC

☒ Egret Limited and its subsidiaries

☒ KWVF Panther Holdco Limited

☒ WH Valle Di Oro 79, LLC

☒ KW Stadium Gateway Partners, LLC

☒ KWF Real Estate Venture VI, L.P

Other than as set forth herein, this Amendment does not affect any other parts of, or exhibits to, the Original Report, and those unaffected parts or exhibits are not included in this Amendment. This Amendment continues to speak as of the date of the Original Report, and the Company has not updated the disclosure contained in this Amendment or the Original Report to reflect events that have occurred since the filing of the Original Report. Accordingly, this Amendment should be read in conjunction with the Company's other filings with the SEC since the filing of the Original Report.

PART IV

Item 15. Exhibits and Financial Statement Schedules

(a) The following documents are filed as part of this annual report:

- (1) Financial Statements. The consolidated financial statements of the Company, as listed in Item 8 of the Original Report, are included in Item 8 of the Original Report
- (2) Financial Statement Schedules. The financial statement schedules of the Company, as listed in Item 8 of the Original Report, are included in Item 8 of the Original Report.
- (3) Exhibits. See the Exhibit List beginning of page 5 of this Amendment.

(b) Exhibits. The exhibits listed on the Exhibit Index set forth below on page 6 are filed as part of, or are incorporated by reference into, this annual report on Form 10-K.

(c) Financial Statements Required by Rule 3-09 of Regulation S-X. The financial statements required by Rule 3-09 of Regulation S-X under the Securities Exchange Act of 1934, as amended, are filed as schedules to this report and are incorporated by reference into this Item 15.

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized, on the 25th day of March 2016.

Independent Auditors' Report

The Partners

Kennedy Wilson Real Estate Fund IV, L.P.

We have audited the accompanying financial statements of Kennedy Wilson Real Estate Fund IV, L.P., which comprise the statements of operations, partners' capital, and cash flows for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

Notes to Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

NOTE 1—ORGANIZATION

Kennedy Wilson Real Estate Fund IV, L.P. (the Partnership), a Delaware limited partnership, was formed on January 28, 2011. The Agreement of Limited Partnership of the Partnership (Partnership Agreement) was executed on May 13, 2011. The general partner of the Partnership is Kennedy Wilson Property Services IV, L.P., a Delaware limited partnership (the General Partner), and the special limited partner is Kennedy Wilson Property Special Equity IV, LLC, a Delaware limited liability company (the Special Limited Partner). The Partnership Agreement was amended and restated on January 1, 2013 to allow for the creation of a parallel fund structure to enable foreign investors to co-invest with the Partnership. On March 20, 2013, Kennedy Wilson Real Estate Fund IV (IP), L.P. (the Investment Partnership) was created and Kennedy Wilson REF IV AG, LLC (the Aggregator) was formed for the purpose of aggregating the investments of the Partnership. On July 16, 2013, the Partnership contributed 100% of its assets to the Aggregator for an 85.0% ownership interest and was equalized by the investors of the Investment Partnership who afterwards owned 15.0% of the Aggregator. The contribution of assets from the Partnership to the Aggregator and the admittance/equalization of the Investment Partnership were done as prescribed in the Partnership's amended and restated agreement of limited partnership. Per the agreement, any admitted limited partner shall be (a) treated as having been a party to the agreement and any such increased capital commitment shall be treated as having been made, as if they had been invested from day 1 of the Partnership for all purposes, (b) required to bear and contribute its portion of the management fee from day 1 of the Partnership, other Partnership expenses from day 1 and all organizational expenses whenever incurred, and (c) unless otherwise determined by the General Partner, required to pay to the Partnership an additional amount calculated at 10% per annum determined as of the date of such limited partner's admittance to the Partnership or increase in capital commitment (with respect to the increase in capital commitment), as applicable, on each portion of its capital contribution (including, as applicable, to fund management fees) from the date such portion of such capital contribution would have been made if such partner had been admitted as a Partner for its full capital commitment on day 1. The Partnership's investment objective has remained unchanged and continues to be to acquire office, multifamily, and other real estate investments, including real estate loans and condominiums through its ownership in the Aggregator. In accordance with this objective, the Aggregator may form joint ventures with appropriate strategic coinvestors or invest in real estate related financings, such as first trust deeds. Partnership investments will generally involve real estate located in the western United States and Hawaii. Under the terms of the Partnership Agreement, the Partnership shall continue until the eighth anniversary of the effective date of May 13, 2011 and may be extended for an additional one year period by the General Partner in its discretion, and for an additional one year period by the General Partner with the prior consent of the limited partners with a majority of aggregate commitments.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION—The Partnership is an investment company and follows specialized accounting and reporting requirements for investment companies established under U.S. generally accepted accounting (U.S. GAAP).

USE OF ESTIMATES—The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions about future events. These estimates and the underlying assumptions affect the amounts of assets and liabilities reported, and reported amounts of revenue and expenses. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. Such estimates and assumptions are adjusted when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ significantly from these estimates. Changes in those estimates resulting from continuing changes in the economic environment will be reflected in the financial statements in future periods.

CASH AND CASH EQUIVALENTS—The Partnership maintains its cash in federally insured banking institutions. The account balances at these institutions periodically exceed the Federal Deposit Insurance Corporation's (FDIC) insurance coverage, and as a result, there is a concentration of credit risk related to amounts in excess of FDIC's

insurance coverage. To mitigate this risk, the Partnership places its cash with quality financial institutions and does not believe there is a significant concentration of credit risk. The Partnership considers its investment in money market accounts to be a cash equivalent. The Partnership did not have any cash equivalents as of December 31, 2015. FAIR VALUE MEASUREMENT—Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date.

A three level hierarchy was established for fair value measurements that distinguishes between market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs) and the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The hierarchy level assigned to each investment of the Partnership is based on the

Table of Contents

Notes to Financial Statements

assessment of the transparency and reliability of the inputs used in the valuation of such investment at the measurement date. The three hierarchy levels are defined as follows:

Level 1 - Valuations based on unadjusted quoted market prices in active markets for identical securities.

Level 2 - Valuations based on observable inputs (other than Level 1 prices), such as quoted prices for similar assets and quoted prices in markets that are not active.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement, and involve management judgment.

The availability of valuation techniques and observable inputs can vary from investment to investment. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the investments existed. Accordingly, the degree of judgment exercised by the General Partner in determining fair value is greatest for investments classified as Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest-level input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the General Partner's own assumptions are set to reflect those that market participants would use in valuing the asset or liability at the measurement date. The General Partner uses prices and inputs that it believes are current as of the measurement date.

VALUATION OF INVESTMENTS—The Aggregator's investments in real estate assets are stated at fair value using the income and market approaches. For the Limited Liability Companies (LLC or Joint Venture) in which the Aggregator has a partial ownership interest, the LLC's investments in real estate are also stated at fair value using the income and market approaches. The income approach requires the General Partner to estimate the projected operating cash flows of the real estate on an asset-by-asset basis, apply a capitalization (cap) rate to the reversion year's cash flows and discount the cash flows with a risk-adjusted rate for the respective holding periods. The market approach requires the General Partner to identify transactions for similar assets, if any, and apply asset specific adjustments for items such as location, physical condition, and other pertinent factors which would impact fair value. In some instances in which the Aggregator has a partial ownership interest in an LLC, distributions to owners may be based on formulas that consider minimum return requirements as described in the operating agreements of those LLC's. These distribution terms have been taken into consideration as part of determining the fair value of the Aggregator's investments.

The Aggregator's investments in notes and loan pool participations are stated at fair value based on a comparison of the yield that would be required in a current transaction, taking into consideration the risk of the underlying collateral and the credit risk of the borrower to the current yield of similar fixed-income securities.

The fair values of Level 3 investments cannot be determined with precision, cannot be substantiated by comparison to quoted prices in active markets, and may not be realized in a current sale or immediate settlement of the asset or liability. Additionally, there are inherent uncertainties in any fair value measurement technique, and changes in the underlying assumptions used, including discount rates, cap rates, liquidity risks, and estimates of future cash flows, could significantly affect the fair value measurement amounts.

The Partnership's investments are accounted for on a closing-date basis.

CONCENTRATION OF RISK—Substantially all of the Aggregator's investments are concentrated in real estate related investments in California, Utah, Arizona, and Hawaii. Adverse conditions in the sector or geographic locations would likely result in material declines in the value of the Partnership's investments.

REVENUE RECOGNITION—Dividend income from investments in real estate assets is recorded when a disbursement has been approved and declared from the underlying investments of the Partnership. Interest income on notes is

recognized on the accrual basis in the period earned unless deemed doubtful of collection or the related security is in default. Undistributed earnings from investments in real estate assets are considered by the General Partner in estimating the fair value of these investments. The Partnership also records its proportionate share of the Aggregator's income, expenses, realized and unrealized gains (losses) after July 16, 2013 (date of equalization).

INCOME TAXES—The Partnership is not subject to federal or state income taxes, and accordingly, no provision for income taxes has been made in the accompanying financial statements. The partners are required to report their proportional share of income, gains, loss, credit, or deduction on their respective tax returns.

The Partnership is required to determine whether a tax position is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement, which could result in the Partnership recording a tax liability that would reduce net assets. Based on its analysis, the Partnership has determined that there are no tax benefits or obligations subject to uncertain tax positions that would have a material impact on the Partnership's financial position or results of operations. The tax year 2011 (year of inception) is the earliest year that remains open to examination by the taxing jurisdictions to which the Partnership is subject.

Notes to Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

Since inception, all investments have been classified as Level 3 investments and there have been no transfers between other levels of the hierarchy.

In estimating fair value of investments in real estate assets and notes, the Partnership considers significant inputs such as cap and discount rates. The table below describes the range of inputs used as of December 31, 2015 (unaudited):

	Cap rate		Discount rate		
	Min	Max	Min	Max	
Multifamily	5.30	% 6.80	% 7.80	% 9.30	%
Office	5.80	9.00	7.80	11.50	
Retail	6.50	7.00	8.30	9.50	
Land and Condo	N/A	N/A	13.00	15.00	

In estimating fair value of investments in real estate assets, the Partnership considers significant inputs such as capitalization and discount rates. The table below describes the range of inputs used as of December 31, 2014 (unaudited):

	Cap rate		Discount rate		
	Min	Max	Min	Max	
Multifamily	5.00	% 6.00	% 7.00	% 9.00	%
Office	5.25	8.25	7.00	11.00	
Retail	6.70	7.00	8.00	8.65	
Land and Condo	N/A	N/A	25.00	25.00	

Several of the LLCs also possess mortgage debt collateralized by the respective real estate assets. For valuation of investment level debt, the Partnership considers significant inputs such as the term of the debt, value of collateral, current loan to value ratios, market interest rates, and credit quality of investment entities. The market interest rates used by the Partnership for these types of investments range from 2.5% to 4.1% as of December 31, 2015 (unaudited) and 1.70% to 4.59% as of December 31, 2014 (unaudited).

NOTE 4—RELATED PARTY TRANSACTIONS

MANAGEMENT FEE—During the period which commenced on May 13, 2011 and expired on May 13, 2014 (the Investment Period), the Partnership paid the General Partner a management fee equal to 1.50% per annum of the invested capital contributed by the non-affiliated limited partners and 1.00% per annum of the difference between the aggregate capital commitments of the non-affiliated limited partners and the invested capital contributed by the non-affiliated limited partners. After the expiration of the Investment Period, the Partnership shall pay the General Partner a management fee equal to 1.50% per annum of the invested capital contributed by the non-affiliated limited partners. The Partnership incurred \$2,049,673 (unaudited) in management fees for the year ended December 31, 2015, \$3,036,444 (unaudited) for the year ended December 31, 2014 and \$2,035,256 for the period from July 16, 2013 (date of equalization) through December 31, 2013.

The management fee shall be reduced, in any calendar quarter, by the non-affiliated limited partners' percentage of any organizational expenses that the Partnership pays in excess of \$1,000,000. In the event that the amount of fee reduction exceeds the management fee for such quarterly period, such excess shall be carried forward to reduce the management fee payable in following quarterly periods. There have been no reductions for the period from March 20, 2013 (inception) through December 31, 2015 (unaudited).

ORGANIZATION EXPENSE—The Partnership shall pay or reimburse the General Partner for up to \$1,000,000 of organizational expenses incurred on behalf of the Partnership. Organization expenses in excess of \$1,000,000 will reduce the management fee paid to the General Partner. The Partnership incurred no organization costs (unaudited) for the year ended December 31, 2015 and 2014 and \$115,294 for year ended December 31, 2013.

RELATED PARTY SALES—During 2015, the Aggregator sold its interests in KW Hilltop Manager, LLC and KW Marina View, LLC to an affiliate of the General Partner for a combined purchase price of \$59,507,178 (unaudited) resulting in a combined realized gain of \$16,143,769 (unaudited). Each sale was separately negotiated and closed at

different dates in 2015. The Aggregator's Advisory Board reviewed and consented to these transactions.

LLC MANAGEMENT FEES—It is contemplated that an affiliate of the General Partner may perform property management services and/or construction management services for the LLCs in which the Aggregator holds a financial interest. The compensation and other terms for such services provided shall be at rates and on terms that are no less favorable to the LLCs than the prevailing market rates and terms for such services obtained on an arm's-length basis in the applicable market area. Affiliates of the General Partner may also perform development management services for the LLCs.

NOTE 5—PARTNERS' CAPITAL

CONTRIBUTIONS—The total committed capital of the Partnership is \$257,368,421 (unaudited) as of December 31, 2015 of which 100.0% (unaudited) has been called, \$257,368,421 (unaudited) as of December 31, 2014, of which \$226,559,457 (unaudited) or 88.03% (unaudited) has been called, and \$257,368,421 as of December 31, 2013 of which \$179,925,970 or 69.91% had been called.

The General Partner is authorized to call additional capital in its sole discretion when additional capital is required to acquire investments, provide working capital, establish reserves, or pay expenses, costs, losses, or liabilities of the Partnership. However, only non-affiliated limited partners are required to fund management fees or excess organization costs as described above. No limited partner shall be required to make any additional capital contributions in excess of its capital commitment. Any portion of a limited partner's capital commitment that has not been called by the General Partner within the period ending three years from the effective date of May 13, 2011 may not be drawn to fund new commitments for investments. However, the partners shall remain obligated to make capital contributions throughout the duration of the term of the Partnership in order to fund commitments for new investments in existence at the end of the Investment Period, to pay for management fees and other partnership expenses, to fund requirements of existing investments in an aggregate amount not to exceed 15% of the aggregate commitments, or to pay continuing obligations of the Partnership under any line of credit or permitted indebtedness.

The General Partner may cause the Partnership to return to the partners any portion of a capital contribution that is not invested in an investment or used to pay partnership expenses, that is a contribution for bridge financing that is recouped by the Partnership within twelve months, or is invested in a portion of an investment sold to either an executive fund or related parallel fund. All such returned capital contributions shall be returned to the partners in proportion to the cash contribution made by each partner and shall be treated as not having been called or funded.

DISTRIBUTIONS—Distributions of net cash flow shall initially be made to the partners based on the percentage of their aggregate investment contributions to the aggregate investment contributions made by all partners. The initial amount apportioned to the limited partners shall be distributed to the limited partners and the Special Limited Partner as follows:

- (i) First, 100% to limited partners until the limited partners have received cumulative distributions equal to the sum of their aggregate contributions for investments and partnership costs,
- (ii) Second, 100% to limited partners until the unpaid preferred return of ten percent (10%), compounded annually, due to the limited partners is reduced to zero,
- (iii) Third, 50% to the Special Limited Partner and 50% to the limited partners to the extent necessary so that the aggregate distributions to the Special Limited Partner equal 20% of the cumulative amount of distributions made to limited partners pursuant to (ii) and (iv), and
- (iv) Thereafter, 20% to the Special Limited Partner and 80% to the limited partners.

Notwithstanding the above, the General Partner shall have authority to make distributions to the Special Limited Partner in an amount equal to the tax liability on its carried interest. Such distributions shall be treated as advances of distributions to the Special Limited Partner and shall reduce future distributions due to the Special Limited Partner.

ALLOCATION OF PARTNERSHIP INCOME AND LOSSES—The allocation of Partnership income and loss will generally follow the allocation of distributions.

NOTE 6—COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Partnership issues contingent loan and completion guarantees to secure financing agreements and/or to obtain preferred terms related to its investments. These guarantees may include obligations under mortgage loans and may cover payments of principal and/or interest. These guarantees generally have fixed termination dates and become liabilities of the Partnership in the event the borrower is unable to meet the obligations specified in the guarantee agreement. As of December 31, 2015 (unaudited) and December 31, 2014 (unaudited), the Partnership has not entered into any of these guarantees.

Notes to Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

During the years ended December 31, 2015, the Partnership provided financial support to its investee companies of \$28,093,005 (unaudited) and \$42,750,758 (unaudited), respectively, which was made in the form of invested capital to provide for growth financing, to support acquisitions or for ongoing operations of investee companies.

For the periods ended December 31, 2015 (unaudited) and December 31, 2014 (unaudited), the Partnership did not have any unfunded obligations to investee companies.

NOTE 7—FINANCIAL HIGHLIGHTS

The Internal Rate of Return (IRR) of the non-affiliated limited partners, net of all fees and profit allocations to the Special Limited Partner, is 11.4% (unaudited) and 11.55% (unaudited) at December 31, 2015 and 2014, respectively.

The IRR was computed based on the actual dates of the cash inflows (capital contributions), outflows (cash distributions), and the ending net assets at the end of the period (residual value) of the non-affiliated limited partners' capital accounts as of December 31, 2015 (unaudited) and 2014, respectively.

	2015 (unaudited)	2014 (unaudited)		
Ratio to average limited partners' capital:				
Net investment income (loss)	4.30	% 2.94		%
Total expenses	1.30	% 2.26		%
Incentive allocation	3.30	% 2.71		%
Total expenses and incentive allocation	4.60	% 4.97		%

The net investment income and total expense ratios (including incentive allocation) are calculated for the non-affiliated limited partners taken as a whole. The computation of such ratios, based on the amount of net investment income, expenses, and incentive allocation assessed to an individual investor, may vary from these ratios based on the timing of capital transactions. The above ratios are computed based upon the monthly average non-affiliated limited partners' capital of the Partnership as measured at the end of each monthly accounting period for the years ended December 31, 2015 and 2014.

NOTE 8—SUBSEQUENT EVENTS

Management has evaluated all subsequent events occurring after the date of the statement of financial condition through March 25, 2016, the date that the financial statements were available to be issued, to determine whether any subsequent events necessitated adjustment or disclosure in the financial statements. No such events were identified that necessitated adjustment or disclosure.

Independent Auditors' Report

The Members

KW Funds - 303 North Glenoaks, LLC and KW Funds - 6100 Wilshire, LLC:

We have audited the accompanying combined financial statements of KW Funds - 303 North Glenoaks, LLC and KW Funds - 6100 Wilshire, LLC, which comprise the combined statements of operations, members' capital, and cash flows for the year ended December 31, 2013, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the combined financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the results of operations and cash flows of KW Funds - 303 North Glenoaks, LLC and KW Funds - 6100 Wilshire, LLC for the year ended December 31, 2013, in accordance with U.S. generally accepted accounting principles.

The accompanying combined balance sheets of KW Funds - 303 North Glenoaks, LLC and KW Funds - 6100 Wilshire, LLC, as of December 31, 2015 and 2014 and the related combined statements of operations, members' capital, and cash flows for the years then ended, and the related notes to the combined financial statements, were not audited by us, and accordingly, we do not express an opinion on them.

Notes to the Combined Financial Statements
December 31, 2015 (unaudited), 2014 (unaudited), and 2013

NOTE 1—ORGANIZATION

KW Funds—303 North Glenoaks, LLC (Glenoaks), a Delaware limited liability company, is 50% owned by KW Property Fund II, L.P. (Fund II) and 50% owned by KW Property Fund III, L.P. (Fund III). Glenoaks was organized in March 2008 to invest in and fully own the property known as 303 North Glenoaks (the Glenoaks Property). This property is an office building totaling approximately 176,000 rentable square feet, located in Burbank, California. In May of 2015, the Glenoaks Property was sold to a third-party buyer (unaudited).

KW Funds—6100 Wilshire, LLC (6100 Wilshire), a Delaware limited liability company, is 85.71% owned by KW Property Fund II, L.P. and 14.29% owned by KW Property Fund III, L.P. 6100 Wilshire was organized in June 2008 to invest in and fully own the property known as 6100 Wilshire (the Wilshire Property). This property is an office building totaling approximately 214,000 rentable square feet, located in Los Angeles, California. In August of 2014, the Wilshire Property was sold to a third-party buyer (unaudited).

The combination of Glenoaks and 6100 Wilshire is collectively referred to as "the Companies". The Companies are presented on a combined basis, as they are held under common ownership by Fund II and Fund III. The Glenoaks Property and the Wilshire Property are collectively referred to as "the Properties".

Available cash is distributed to the members in proportion to their percentage interests at the time of distribution. Profit and loss for each fiscal period shall be allocated among the members in proportion to their percentage interests. The limited liability companies (LLC's) will continue in existence until dissolved in accordance with the provisions of their operating agreement and are funded through the equity contributions of their members. As LLC's, except as may otherwise be provided under applicable law, no member shall be bound by, or personally liable for, the expenses, liabilities, or obligations of the individual companies. The members are not obligated to restore capital deficits.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REVENUE RECOGNITION—Rental revenue from tenants is recognized on a straight-line basis over the lease term when collectability is reasonably assured and the tenant has taken possession or controls the physical use of the leased asset.

Operating expense recoveries related to the reimbursement of real estate taxes, insurance, repairs and maintenance, and other operating expenses are recognized as revenue in the period the applicable expenses are incurred. The reimbursements are recognized and presented gross, since the Companies are generally the primary obligor with respect to purchasing goods and services from third-party suppliers, has discretion in selecting the supplier, and bears the associated credit risk.

Other revenue is primarily comprised of parking income. The total amount of parking income for the year ended December 31, 2015 and 2014 was \$167,385 (unaudited) and \$924,711 (unaudited), respectively.

USE OF ESTIMATES—The preparation of the accompanying financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions about future events. These estimates and the underlying assumptions affect the amounts of assets and liabilities reported, and the reported amounts of income and expenses. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. Such estimates and assumptions are adjusted when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ significantly from these estimates. Changes in those estimates resulting from continuing changes in the economic environment will be reflected in the financial statements in future periods.

CASH—Cash includes highly liquid investments purchased with original maturities of three months or less. Periodically, the Companies maintain cash balances in various bank accounts in excess of federally insured limits. To date, no losses have been experienced related to such amounts. The Companies place cash with quality financial

institutions and do not believe there is a significant concentration of credit risk.

REAL ESTATE ASSETS—Real estate assets are carried at depreciated cost. Depreciation on buildings and improvements has been provided for in the accompanying financial statements using the straight-line method based on estimated useful lives of 40 years for buildings and the related lease life for tenant improvements. The amortization of intangible assets associated with in-place leases has been provided for in the accompanying financial statements using the straight-line method based on the weighted-average remaining lease lives. Maintenance and repairs are charged to expense as incurred, and costs of renewals or betterments are capitalized and depreciated at the appropriate rates.

and KW Funds-6100 Wilshire, LLC
(A Delaware Limited Liability Company)
Notes to the Combined Financial Statements
December 31, 2015 (unaudited), 2014 (unaudited), and 2013

IMPAIRMENT OF LONG-LIVED ASSETS—In accordance with accounting guidance for long-lived assets, the properties are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If indications of impairment exist, the Companies will evaluate the properties by comparing the carrying amount of the properties to the estimated future undiscounted cash flows of the properties. If impairment exists, an impairment loss will be recognized based on the amount by which the carrying amount exceeds the fair value of the properties. For the periods ended December 31, 2015 (unaudited), 2014 (unaudited), and 2013, there were no impairments recorded.

CONCENTRATION OF RISK—The Companies' real estate is located in California. Adverse conditions in the sector or geographic location would likely result in a material decline in the value of the Companies investment.

DEFERRED FINANCING COSTS, NET—Financing costs incurred in obtaining long-term debt are capitalized and amortized over the term of the related debt on a straight-line basis.

INCOME TAXES—As LLC's, the members elected for the Companies to be pass-through entities for income tax purposes; therefore, the Companies' taxable income or loss is allocated to members in accordance with their respective ownership, and no provision or liability for income taxes has been included in the combined financial statements. Management has evaluated the Companies tax positions and concluded that the Companies have taken no uncertain tax positions that require adjustment to the combined financial statements in order to comply with the provisions of this guidance.

FAIR VALUE MEASUREMENTS—The Companies follow the provisions of FASB ASC Topic 820, Fair Value Measurements and Disclosures, for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the combined financial statements on a recurring or nonrecurring basis. ASC Topic 820 defines fair value as the price that would be received to sell an asset or would be paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date.

A three-level hierarchy was established for fair value measurements that distinguishes between market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs) and the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The three hierarchy levels are defined as follows: Level 1 - Valuations based on unadjusted quoted market prices in active markets for identical securities.

Level 2 - Valuations based on observable inputs (other than Level 1 prices), such as quoted prices for similar assets and quoted prices in markets that are not active.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement, and involve management judgment.

For certain financial instruments, including cash, tenant receivables, escrows and deposits, prepaid expenses, accounts payable and accrued expenses, prepaid rent, and tenant deposits, recorded amounts approximate fair value due to the relatively short-term nature of these instruments.

The Companies have no assets or liabilities measured at fair value on a recurring or nonrecurring basis in the financial statements as of December 31, 2015 (unaudited) and 2014 (unaudited).

NOTE 3—REAL ESTATE ACQUISITION AND DISPOSITIONS

The fair value of the Properties was allocated to the acquired tangible assets, consisting primarily of land and buildings, and to the identified acquired intangible assets, which comprise in-place leases, above-market leases and below-market leases, in accordance with Business Combinations ASC Subtopic 805-10. Acquisition related costs were expensed as incurred.

Upon their respective purchases in 2008, the fair value of real estate was determined by valuing the Properties as if they were vacant, which was then allocated to land and buildings and improvements, based on management's determination of the relative fair values of these assets. The value of the acquired in-place leases was determined by calculating the present value of the cash flows provided by the leases, net of related incremental expenses over the estimated lease-up period. As of December 31, 2015 (unaudited) and 2014 (unaudited), no amount of intangible assets is capitalized and subject to amortization related to leases that were in-place upon acquisition in 2008. In May of 2015, the Glenoaks Property was sold to a third-party buyer and in August of 2014 the Wilshire Property was sold to a third-party buyer. The Company therefore has written off all real estate amounts related to the Glenoaks Property and the

Wilshire Property and recorded a loss on sale of \$4,526,850 for the year ended December 31, 2015 (unaudited) and a gain on sale of \$4,995,850 for the year ended December 31, 2014 (unaudited), respectively.

As a result of selling both of the Properties, the results of operations and cash flows in the Companies' accompanying combined financial statements pertain to discontinued operations.

NOTE 4—MORTGAGES PAYABLE

The Properties initially had mortgage loans payable to third-party financial institutions, which were secured by the Glenoaks Property and the Wilshire Property. The mortgages bore an interest rate of LIBOR + 4.0% and were due to mature on October 31, 2014.

In August of 2014, in conjunction with the sale of 6100 Wilshire, the mortgage loan payable associated with the Glenoaks Property was amended and restated with the existing lender. The terms of the amended and restated mortgage loan included a maturity date of August 31, 2017 (unaudited) and an interest rate of LIBOR plus 2.85% (unaudited). Upon the sale of the Glenoaks Property, the mortgage loan was fully repaid.

The fair value of the debt as of December 31, 2014 was \$31,719,208 (unaudited). The fair value was estimated based on the quoted market prices for the same or similar issues for debt of the same remaining maturities as well as the credit quality of the Companies. Although the Companies have determined that the majority of the inputs used to value the mortgage fall within Level 2 of the fair value hierarchy, the assessment of the Companies' credit quality associated with the valuation utilized Level 3 inputs. However, the Companies assessed the significance of the impact of the Level 3 inputs on the overall valuation of the liability and determined that it is not significant to the overall valuation of the mortgage. As a result, the Companies have determined that its mortgage payable valuation in its entirety be classified in Level 2 of the fair value hierarchy, as defined in note 2. The fair value amount does not necessarily represent the amount that would be required to satisfy the debt obligation.

NOTE 5 - TENANT CONCENTRATIONS

The top three tenants accounted for approximately \$570,000 (unaudited), \$116,000 (unaudited) and \$102,000 (unaudited), or 61.71% (unaudited), 12.51% (unaudited) or 11.05% (unaudited), respectively, of the Companies' combined rental income for the year ended December 31, 2015. No other tenant comprised more than 10% (unaudited) of the Companies' combined rental income for the year ended December 31, 2015.

The top two tenants accounted for approximately \$2.0 million (unaudited) and \$831,000 (unaudited), or 27.84% (unaudited) and 11.51% (unaudited), respectively, of the Companies' combined rental income for the year ended December 31, 2014. No other tenant comprised more than 10% (unaudited) of the Companies' combined rental income for the year ended December 31, 2014.

NOTE 6—TRANSACTIONS WITH THE AFFILIATES

Affiliates receive leasing commissions, a management fee, a construction management fee, reimbursements for certain billed management and administrative related costs.

NOTE 10—SUBSEQUENT EVENTS

Management has evaluated all subsequent events through March 25, 2016, the date that the financial statements are available for issuance.

Independent Auditors' Report

The Members

KW Stadium Gateway Partners, LLC:

We have audited the accompanying consolidated financial statements of KW Stadium Gateway Partners, LLC and subsidiary, which comprise the consolidated statements of operations, members' capital and cash flows for the year ended December 31, 2013, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the results of operations and cash flows of KW Stadium Gateway Partners, LLC and subsidiary for the year ended December 31, 2013, in accordance with U.S. generally accepted accounting principles.

The accompanying consolidated balance sheets of KW Stadium Gateway Partners, LLC and subsidiary as of December 31, 2015 and 2014, and the related consolidated statement of operations, members' capital, and cash flows for the years then ended, and the related notes to the consolidated financial statements, were not audited by us, and accordingly, we do not express an opinion on them.

(A Delaware Limited Liability Company)

Notes to Consolidated Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

NOTE 1—ORGANIZATION

KW Stadium Gateway Partners, LLC (the Company), a Delaware limited liability company, is 50% owned by KW Fund IV - Stadium Gateway, LLC (wholly owned by Kennedy Wilson Real Estate Fund IV, LP) and 50% owned by K-W Properties (Manager and wholly owned by Kennedy-Wilson, Inc.). The Company was formed upon the filing of the Articles of Formation with the Delaware Secretary of State on April 9, 2012. The term of the Company extends until the date that the Company is terminated pursuant to the terms defined in the Company's operating agreement. The Company owned a 100% interest in KW Stadium Gateway, LLC, which was organized to invest in and fully own the property known as Stadium Gateway (the Property). The Property is an office building totaling approximately 273,000 rentable square feet, located in Anaheim, California. In July 2015, the Property was sold to a third-party buyer (unaudited).

Initial capital contributions to acquire the Property were \$3,450,000 from KW Fund IV - Stadium Gateway, LLC and \$3,450,000 from K-W Properties, for a total initial investment of \$6,900,000. KW Fund IV-Stadium Gateway, LLC and K-W Properties have made additional capital contributions totaling \$4,546,000 (unaudited) from inception through December 31, 2015. Additionally, KW Fund IV-Stadium Gateway, LLC and K-W Properties have received capital distributions totaling \$200,000 (unaudited) from inception through December 31, 2015.

The Manager may elect from time to time to distribute available cash to the Members in proportion to their percentage interests at the time of distribution. Profit and loss for each fiscal period shall be allocated among the members in proportion to their percentage interests.

The limited liability companies (LLC) will continue in existence until dissolved in accordance with the provisions of their operating agreement and are funded through the equity contributions of their members. As an LLC, except as may otherwise be provided under applicable law, no member shall be bound by, or personally liable for, the expenses, liabilities, or obligations of the individual companies. The members are not obligated to restore capital deficits.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REVENUE RECOGNITION—Rental revenue from tenants is recognized on a straight-line basis over the lease term when collectability is reasonably assured and the tenant has taken possession or controls the physical use of the leased asset.

Tenant recoveries related to the reimbursement of real estate taxes, insurance, repairs and maintenance, and other operating expenses are recognized as revenue in the period the applicable expenses are incurred. The reimbursements are recognized and presented gross, since the Company is generally the primary obligor with respect to purchasing goods and services from third-party suppliers, has discretion in selecting the supplier, and bears the associated credit risk.

USE OF ESTIMATES—The preparation of the accompanying financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions about future events. These estimates and the underlying assumptions affect the amounts of assets and liabilities reported, and the reported amounts of income and expenses. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. Such estimates and assumptions are adjusted when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ significantly from these estimates. Changes in those estimates resulting from continuing changes in the economic environment will be reflected in the financial statements in future periods.

CASH—Cash includes highly liquid investments purchased with original maturities of three months or less.

Periodically, the Company maintains cash balances in various bank accounts in excess of federally insured limits. To date, no losses have been experienced related to such amounts. The Company places cash with quality financial institutions and does not believe there is a significant concentration of credit risk.

REAL ESTATE ASSETS—Real estate assets are carried at depreciated cost. Depreciation on buildings and improvements has been provided for in the accompanying financial statements using the straight-line method based on estimated useful lives of 40 years for buildings and the lease life for tenant improvements. Amortization of intangible assets associated with in-place leases has been provided for in the accompanying financial statements using the straight-line method based on the remaining lease lives. Maintenance and repairs are charged to expense as incurred, and costs of renewals or betterments are capitalized and depreciated at the appropriate rates.

KW STADIUM GATEWAY PARTNERS, LLC

(A Delaware Limited Liability Company)

Notes to Consolidated Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

IMPAIRMENT OF LONG-LIVED ASSETS—In accordance with accounting guidance for long-lived assets, the Property is reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If indications of impairment exist, the Company will evaluate the Property by comparing the carrying amount of the Property to the estimated future undiscounted cash flows of the Property. If impairment exists, an impairment loss will be recognized based on the amount by which the carrying amount exceeds the fair value of the asset or asset group. For the years ended December 31, 2015 (unaudited), 2014 (unaudited) and 2013, there were no impairments recorded.

CONCENTRATION OF RISK—The Company's real estate is located in California. Adverse conditions in the sector or geographic location would likely result in a material decline in the value of the Company's investment.

DEFERRED FINANCING COSTS, NET—Financing costs incurred in obtaining long-term debt are capitalized and amortized over the term of the related debt on a straight-line basis.

INCOME TAXES—As a limited liability company, the members elected for the Company to be a pass-through entity for income tax purposes; therefore, the Company's taxable income or loss is allocated to members in accordance with their respective ownership, and no provision or liability for income taxes has been included in the financial statements. Management has evaluated the Company's tax positions and concluded that the Company had taken no uncertain tax positions that require adjustment to the financial statements in order to comply with the provisions of this guidance.

FAIR VALUE MEASUREMENTS—The Company follows the provisions of FASB ASC Topic 820, Fair Value Measurements and Disclosures, for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the consolidated financial statements on a recurring or nonrecurring basis. ASC Topic 820 defines fair value as the price that would be received to sell an asset or would be paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date.

A three-level hierarchy was established for fair value measurements that distinguishes between market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs) and the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The three hierarchy levels are defined as follows: Level 1 - Valuations based on unadjusted quoted market prices in active markets for identical securities.

Level 2 - Valuations based on observable inputs (other than Level 1 prices), such as quoted prices for similar assets and

quoted prices in markets that are not active.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement, and involve management judgment.

For certain financial instruments, including cash, tenant receivables, debt service escrows and deposits, utility deposits, prepaid expenses, accounts payable and accrued expenses, prepaid rent, and tenant deposits, recorded amounts approximate fair value due to the relatively short-term nature of these instruments.

Other than the accounting treatment for the assets and liabilities acquired upon acquisition of the Property, as described in notes 3 and 4, the Company has no assets or liabilities measured at fair value on a recurring or nonrecurring basis in the financial statements as of December 31, 2015 (unaudited) and 2014 (unaudited).

NOTE 3—REAL ESTATE ACQUISITION AND DISPOSITION

The fair value of the Property upon the acquisition date was allocated to the acquired tangible assets, consisting primarily of land and buildings and improvements, and to the identified acquired intangible assets, which comprise in-place leases, above-market leases and below-market leases, in accordance with FASB ASC Subtopic 805-10 Business Combinations. Acquisition related costs are expensed as incurred.

The fair value of real estate was determined by valuing the Property as if it were vacant, which was then allocated to land and buildings and improvements, based on management's determination of the relative fair values of these assets. The value of the acquired in-place leases was determined by calculating the present value of the cash flows provided by the leases, net of related incremental expenses over the estimated lease-up period. The allocation of the Property's value to the relevant financial statement captions is presented in the non-cash section of the statement of cash flows. In July of 2015, the Property was sold to a third-party buyer. The Company therefore has written off all real estate amounts related to the Property and recorded a gain on sale of \$22,663,542 for the year ended December 31, 2015 (unaudited).

KW STADIUM GATEWAY PARTNERS, LLC
(A Delaware Limited Liability Company)
Notes to Consolidated Financial Statements
December 31, 2015 (unaudited), 2014 (unaudited), and 2013

As a result of selling the Property, the results of operations and cash flows in the accompanying consolidated financial statements pertain to discontinued operations.

NOTE 4—MORTGAGES PAYABLE

Upon acquisition of the Property, the Company assumed a mortgage loan payable to a third-party financial institution, which is secured by the Property. The mortgage bore a fixed interest rate of 5.66%, was due to mature on February 1, 2016 and required monthly interest payments through maturity. Upon the sale of the Property, the mortgage loan was fully repaid.

The Company recorded the mortgage at \$53,122,492 upon assumption, representing the fair value of the obligation at that time. The fair value was estimated based on the quoted market prices for the same or similar issues for debt of the same remaining maturities as well as the credit quality of the Company. Although the Company has determined that the majority of the inputs used to value the mortgage fall within Level 2 of the fair value hierarchy, the assessment of the Company's credit quality associated with the valuation utilized Level 3 inputs. However, the Company assessed the significance of the impact of the Level 3 inputs on the overall valuation of the liability and determined that it is not significant to the overall valuation of the mortgage. As a result, the Company has determined that its mortgage loan valuation in its entirety be classified in Level 2 of the fair value hierarchy, as defined in note 2. The fair value amount does not necessarily represent the amount that would be required to satisfy the debt obligation. The fair value of the debt as of December 31, 2014 was \$52,607,166 (unaudited).

The difference between the carrying value of the debt and the fair value upon assumption was being amortized through maturity. The carrying value of the liability as of December 31, 2014 was \$52,000,000 (unaudited).

NOTE 5 - TENANT CONCENTRATIONS

The top four tenants accounted for approximately \$656,406 (unaudited), \$393,774 (unaudited), \$284,707 (unaudited) and \$226,161 (unaudited), or 33.1% (unaudited), 19.8%, (unaudited), 14.3% (unaudited) and 11.4% (unaudited), respectively, of the Company's rental income for the year ended December 31, 2015. No other tenant comprised more than 10% of the Company's combined rental income for the year ended December 31, 2015 (unaudited).

The top three tenants accounted for approximately \$1,981,343 (unaudited), \$1,639,982 (unaudited) and \$734,568 (unaudited), or 27.1% (unaudited), 22.4%, (unaudited) and 10.0% (unaudited), respectively, of the Company's rental income for the year ended December 31, 2014. No other tenant comprised more than 10% of the Company's combined rental income for the year ended December 31, 2014 (unaudited).

NOTE 6—INTANGIBLE ASSETS

The value of the acquired in-place leases, above-market lease asset, and below-market lease liability was \$10,073,000, \$1,830,000, and \$595,000, respectively, at the date of acquisition.

The value of the net acquired in-place leases is amortized over 34 months, consistent with the remaining weighted-average term of the in-place leases. The amortization expense related to in-place leases was \$1,333,045 (unaudited), \$3,555,236 (unaudited), and \$3,555,236 for the year ended December 31, 2015, 2014 and 2013, respectively. Additionally, \$163,602 (unaudited), \$435,823 (unaudited), and \$435,823 in net amortization expense associated with the above-market lease asset and the below-market lease liability are recorded as a component of rental revenues in the consolidated statements of operations for the years ended December 31, 2015, 2014, and 2013, respectively.

The balance of intangible assets and liabilities, net of accumulated amortization, was written off when the property was sold in July 2015.

NOTE 7—TRANSACTIONS WITH THE AFFILIATES

Affiliates receive leasing commissions, a management fee, a construction management fee, reimbursements for certain billed management and administrative related costs.

NOTE 8—COMMITMENTS AND CONTINGENCIES

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. Currently, the Company does not have any material commitments or contingencies.

NOTE 9—SUBSEQUENT EVENTS

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition and disclosure through March 25, 2016, the date at which the financial statements were available to be issued, and determined there are no other items to disclose.

Independent Auditors' Report

The Members

WH Valle Di Oro 79, LLC:

We have audited the accompanying financial statements of WH Valle Di Oro 79, LLC, which comprise the statements of operations, members' capital, and cash flows for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the results of operations and cash flows of WH Valle Di Oro 79, LLC for the year ended December 31, 2013, in accordance with U.S. generally accepted accounting principles.

The accompanying balance sheets of WH Valle Di Oro 79, LLC as of December 31, 2015 and 2014 and the related statements of operations, members' capital, and cash flows for the years then ended, and the related notes to the financial statements, were not audited by us, and accordingly, we do not express an opinion on them.

(A California Limited Liability Company)

Notes to Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

NOTE 1—ORGANIZATION

WH Valle Di Oro 79, LLC (the Company), a California limited liability company, is owned by KW Residential Capital, LLC, a Delaware limited liability company (wholly owned by Kennedy-Wilson Holdings, Inc., "KW"), and Williams Communities LLC ("Williams"), a California limited liability company and the managing member of the Company. The Company was formed upon the filing of the Articles of Formation with the California Secretary of State on June 8, 2012. The term of the Company extends until the date that the Company is terminated pursuant to the terms defined in the Company's operating agreement.

The Company was organized to invest in and fully own the property known as Valle Di Oro (the Property). The Property is a development project to construct and sell 79 single family homes, located on approximately 21.5 acres of land in Santa Clarita, California. The purchase price of the property was \$3,000,000 and was completed on July 31, 2012. The initial capital contributions were \$3,100,000 from KW and \$555,556 from Williams. The initial percentage ownership between the members was 85% by KW and 15% by Williams.

The Company will continue in existence until dissolved in accordance with the provisions of its operating agreement and is funded through the equity contributions of its members. As an LLC, except as may otherwise be provided under applicable law, no member shall be bound by, or personally liable for, the expenses, liabilities, or obligations of the individual company. The members are not obligated to restore capital deficits.

Distributions with respect to the Company's investments shall be initially used to pay the release price under the construction loan (note 4), then used to pay any sales costs and administrative costs which are due and payable or were previously accrued and remain unpaid, and finally any remaining proceeds will be distributed as follows:

- (i) First, 100% to KW and Williams until both have received on a pari passu basis, distributions in an amount equal to a 12% preferred return per annum, compounded quarterly, on their respective capital contributions;
- (ii) Second, 75% to KW and 25% to Williams until KW has received distributions in an amount equal to a 22% internal rate of return and a 140% total return on their respective capital;
- (iii) Third, 50% to KW and 50% to Williams until KW has received distributions in an amount equal to a 22% internal rate of return and a 150% total return on their respective capital;
- (iv) Fourth, 40% to KW and 60% to Williams.

During the year ended December 31, 2015, 2014 and 2013, total combined preferred returns earned by KW and Williams totaled \$0 (unaudited), \$151,927 (unaudited), and \$627,103, respectively. As of December 31, 2015, 2014 and 2013, KW had net unreturned contributions of \$0 (unaudited), \$0 (unaudited), and \$1,629,027, respectively.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REVENUE RECOGNITION—During 2013, the Company completed development of common project costs for certain phases of the development and commenced the sale of residential lots within these phases. Residential lots are recorded and profit recognized when a sale is consummated, the buyer's initial and continuing investments are adequate, any receivables are not subject to future subordination, and the usual risks and rewards of ownership have been transferred to the buyer.

USE OF ESTIMATES—The preparation of the accompanying financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions about future events. These estimates and the underlying assumptions affect the amounts of assets and liabilities reported, and the reported amounts of income and expenses. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. Such estimates and assumptions are adjusted when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could

differ significantly from these estimates. Changes in those estimates resulting from continuing changes in the economic environment will be reflected in the financial statements in future periods.

CASH—Cash includes highly liquid investments purchased with original maturities of three months or less. Periodically, the Company maintains cash balances in various bank accounts in excess of federally insured limits. To date, no losses have been experienced related to such amounts. The Company places cash with quality financial institutions and does not believe there is a significant concentration of credit risk.

REAL ESTATE DEVELOPMENT—Real estate development costs are carried at cost less any impairment charges. Real estate development costs include direct and indirect land costs, offsite costs and onsite improvements, as well as carrying charges

which are capitalized to the real estate project while the project is under active development. Land and land development costs are accumulated and allocated to individual phases within the project using a method that approximates relative fair value. Selling and other marketing costs are expensed in the period incurred.

INCOME TAXES—As a limited liability company, the members elected for the Company to be a pass-through entity for income tax purposes; therefore, the Company's taxable income or loss is allocated to members in accordance with their respective ownership, and no provision or liability for income taxes has been included in the financial statements. Management has evaluated the Company's tax positions and concluded that the Company had taken no uncertain tax positions that require adjustment to the financial statements in order to comply with the provisions of this guidance.

NOTE 3—REAL ESTATE DEVELOPMENT

The Company's Real Estate Development was a short-term project with an anticipated build-out of approximately 3 years. Home sales commenced in 2013 and concluded in January 2015 when the last unit was sold.

Management evaluates its real estate project for impairment when indicators of impairment are present. An impairment loss is recorded if the undiscounted cash flows estimated to be generated by the real estate development are less than the carrying amount. The amount of the loss is calculated as the difference between the carrying amount and the fair value of the real estate development. As of December 31, 2015 (unaudited) and 2014 (unaudited), there were no impairments recorded by the Company.

After the sale of each home, there may be certain costs incurred specific to each lot and are reflected in accrued cost to complete on the accompanying balance sheet. As of December 31, 2015 and 2014 total accrued cost to complete was \$128,274 (unaudited) and \$139,225 (unaudited), respectively.

NOTE 4—CONSTRUCTION LOAN

On March 26, 2013, the Company obtained a construction loan from a third-party financial institution. The loan bore interest at a variable rate of PRIME plus 0.50%, and also contains an interest rate floor of 5.5%. In conjunction with the sale of each home, the Company used sales proceeds to make principal payments based on an agreed upon amount by the Company and the lender, determined by the type of home sold. The construction loan was fully paid off as of December 31, 2014 (unaudited). Interest costs were capitalized in accordance with Financial Accounting Standards Boards (FASB) Accounting Standards Codification (ASC) 835-20, Capitalization of Interest.

NOTE 5—TRANSACTIONS WITH AFFILIATES

Affiliates are eligible to earn asset management fees, sales commissions fees, and warranty fees. Fees earned by affiliates were as follows for the years ended December 31, 2015 and 2014 and were capitalized to real estate development.

	December 31,	
	2015	2014
	(unaudited)	(unaudited)
Asset management fees	\$7,890	\$783,554
Sales commissions	7,313	296,440
Warranty fees	3,347	174,435
	\$18,550	\$1,254,429

In addition, certain costs were paid for by affiliates on behalf of the Company. As of December 31, 2015 and 2014, these amounts totaled \$9,645,768 (unaudited) and \$8,871,085 (unaudited), respectively, and the amounts outstanding are reflected in due to affiliate on the accompanying balance sheet.

NOTE 6—COMMITMENTS AND CONTINGENCIES

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. Currently, the Company does not have any material commitments or contingencies (unaudited).

We follow the policy of monitoring our properties for the presence of hazardous or toxic substances. While there can be no assurance that a material environmental liability does not exist, we are not currently aware of any environmental liability with respect to the properties that would have a material effect on our financial condition, results of operations, and cash flows. Further, we are not aware of any environmental liability or any unasserted claim or assessment with respect to an environmental liability other than our conditional asset retirement obligations that we believe would require additional disclosure or the recording of a loss contingency.

NOTE 7—SUBSEQUENT EVENTS

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition and disclosure through March 25, 2016, the date at which the financial statements were available to be issued, and determined there are no other items to disclose.

Independent Auditors' Report

The Partners

KWF Real Estate Venture VI, L.P.:

We have audited the accompanying consolidated financial statements of KWF Real Estate Venture VI, L.P. and subsidiary, which comprise the consolidated statements of operations and comprehensive income, partners' capital, and cash flows for the year ended December 31, 2013, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the results of operations and cash flows of KWF Real Estate Venture VI, L.P. and subsidiary for the year then ended December 31, 2013, in accordance with U.S. generally accepted accounting principles.

The accompanying consolidated balance sheets of KWF Real Estate Venture VI, L.P. and subsidiary, as of December 31, 2015 and 2014, and the related consolidated statement of operations and comprehensive income, partners' capital and cash flows for the years then ended, and the related notes to the consolidated financial statements, were not audited by us, and accordingly, we do not express an opinion on them.

Notes to Consolidated Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

NOTE 1—ORGANIZATION

KWF Real Estate Venture VI, L.P., a Delaware limited partnership (the Partnership) was formed by and between KWF Manager VI, LLC, a Delaware limited liability company as general partner (the General Partner); and TIG Insurance Company, a California corporation, and Odyssey Reinsurance Corporation, a Connecticut corporation, as limited partners (the Limited Partners). The Partnership was formed upon the filing of the Certificate of Limited Partnership in the office of the Secretary of State of the State of Delaware on October 5, 2011. The term of the Partnership extends until the date all Partnership investments have been liquidated, the Partnership is dissolved, or at any time there are no Limited Partners.

The business of the Partnership shall be to acquire, hold, manage, and dispose of investments, with a focus on acquiring participation interests in the pool of loans, swaps, and other transactions held by or in favor of KW UK Loan Partners Limited, an Irish Section 110 Company (the 110 Company). Such investments shall be made through a wholly owned subsidiary of the Partnership, KW EU Loan Partners I, LLC, a Delaware limited liability company (the Partnership Subsidiary). Investments shall be made pursuant to the Amended and Restated Participation Agreement dated December 5, 2011 (Participation Agreement) by and among the 110 Company; Deutsche Bank AG, London Branch; JP Morgan Chase Bank, N.A.; the Partnership Subsidiary; Odyssey Reinsurance Company, a Connecticut corporation; KW Loan Partners V, LLC, a Delaware limited liability company; and Burlington Loan Management Limited, a limited liability company incorporated in the Republic of Ireland. This Participation Agreement replaced an earlier agreement dated as of October 21, 2011.

In the event that (i) the Partnership Subsidiary receives a future advance notice pursuant to the Participation Agreement, (ii) a buy/sell procedure is initiated pursuant to the Participation Agreement, or (iii) the General Partner makes a request for capital contributions to pay partnership expenses, then the General Partner shall notify the Limited Partners of such event, and the General and Limited Partners shall make payments of additional capital in immediately available funds within five (5) business days. However, the General Partner may not make a request for capital contributions from the Limited Partners to the extent that capital contributions made by the Limited Partners exceed \$75,000,000 in the aggregate, unless the General Partner has obtained the prior written consent of the Limited Partners. Initial capital contributions made on October 14, 2011, the date of the Limited Partnership Agreement of KWF Real Estate Venture VI, LP, were \$67,500,000 by KWF Manager VI, LLC, \$36,500,000 by TIG Insurance Company, and \$31,000,000 by Odyssey Reinsurance Corporation.

The Partnership invested in a 25% participation interest in loans held by the 110 Company.

Profit and loss for each fiscal period shall generally be allocated among the partners in a manner to cause their capital account balances to equal the amounts of distributions that would be made if the Partnership were dissolved, its assets sold for their respective carrying values, and its liabilities satisfied in accordance with their terms, and all remaining amounts distributed. Distributions shall be made on a pari passu basis to the General Partner and the Limited Partners in accordance with their respective percentage interests.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

BASIS OF CONSOLIDATION—The consolidated financial statements include the accounts of the Partnership and its wholly owned subsidiary. All intercompany balances and transactions have been eliminated in the consolidation.

INVESTMENT IN LOAN POOL PARTICIPATION—Participation interest income from the investment in the loan pool participation is recognized on a level yield basis under the provisions of Loans and Debt Securities Acquired with Deteriorated Credit Quality Accounting Standards Codification (ASC) Subtopic 310-30, where a level yield model is utilized to determine a yield rate which, based upon projected future cash flows, accretes interest income over the estimated holding period. When the future cash flows of a note cannot reasonably be estimated, cash payments are applied to the cost basis of the note until it is fully recovered before any interest income is recognized.

In accordance with this guidance, projected future cash flows to be received by the Partnership through the Partnership Subsidiary are accreted on a level yield basis using the investment made to capitalize KW EU Loan Partners I, LLC as the initial net investment amount. On a periodic basis, the Partnership will reevaluate the projected future cash flows to be received by the Partnership and make adjustments to the level yield accretion as necessary.

Notes to Consolidated Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

OPERATING CURRENCY—The functional currency of the Partnership is the U.S. dollar. The functional currency of the 110 Company is the British pound sterling. The financial transactions related to the participation interests held by the 110 Company are translated into U.S. dollars by translating assets and liabilities at the closing exchange rate on the balance sheet date with translation adjustments reported directly in partners' capital and income statement items at average exchange rates during the year. Individually material income and expense transactions are translated using the closing exchange rate in effect on the date the transaction is recognized.

INCOME TAXES—As a limited partnership, the Partnership is a pass-through entity for income tax purposes; therefore, the Partnership's taxable income or loss is allocated to partners in accordance with their respective ownership, and no provision or liability for income taxes has been included in the consolidated financial statements.

Management has evaluated the Partnership's tax positions and concluded that the Partnership has taken no uncertain tax positions that require adjustment to the consolidated financial statements in order to comply with the provisions of ASC 740-10 Income Taxes-Overall.

CASH—Periodically, balances in various bank accounts exceeded federally insured limits. To date, no losses have been experienced related to such amounts. The Partnership places cash with quality financial institutions and does not believe there is a significant concentration of credit risk.

NOTE 3—INVESTMENT IN LOAN POOL PARTICIPATION

During October 2011 (Tranche #1) and December 2011 (Tranche #2), the Partnership acquired a 25% participation interest in a pool of 24 loans from a European bank (the Pool). The loans were acquired for approximately £1.11 billion or \$1.75 billion and had an unpaid principal balance of approximately £1.31 billion or \$2.07 billion. The collateral upon inception was geographically located as follows: London, England (62%), the Midlands region of England (9%), Manchester, England (6%), the South East region of England (5%), and the North region (4%). The remaining 14% of the loans were located in other areas of England, Scotland, Wales, and Northern Ireland. The collateral was comprised of 39% office buildings, 26% retail properties, 25% multifamily properties, 9% industrial properties, and 1% land. On December 22, 2011, six of the loans were sold for £236,870,666 or \$371,515,059 and the proceeds distributed to the participants. The Partnership's share of the proceeds from the sale was £59,217,667 or \$92,878,765. During the year ended December 31, 2012, nine loans were fully resolved, bringing total cumulative cash collections to £379,588,346 or \$601,533,652. During the year ended December 31, 2013, eight loans were fully resolved, bringing total cumulative cash collections to £422,476,026 or \$661,103,160. During the year ended December 31, 2014, one loan was fully resolved, bringing total cumulative cash collections to £436,914,389 (unaudited) or \$685,031,189 (unaudited). There were no further loan resolutions during the year ended December 31, 2015 (unaudited).

In accordance with the Participation Agreement, on each quarterly distribution date, available remittances from the loans in the loan pool are distributed as follows:

- (a) Pro rata to the participants, an amount equal to the Loan Cash Flow Allocation described below until the Partnership Subsidiary has been distributed sufficient funds to meet its current obligations with respect to the interest, principal, and reserve requirements pursuant to the Loan Agreement described below;
- (b) To pay base management fees and acquisition fees pursuant to the Asset Management Agreement described below;
- (c) To the reserve account to bring it to a targeted quarterly balance;
- (d) Pro rata to the participants until each participant has received aggregate payments to achieve the greater of a ten percent (10%) internal rate of return or one hundred fifteen percent (115%) of its Imputed Participation Amount, as defined in the participation agreement and was 26.6538% of its initial participation principal balance;
- (e) Until such time as each participant has received a twenty percent (20%) internal rate of return, eighty percent (80%) pro rata to the participants, and twenty percent (20%) to the Asset Manager, Kennedy Wilson Ireland Limited, an

affiliate of the General Partner; and

(f) Thereafter, seventy percent (70%) pro rata to the participants and thirty (30%) percent to the Asset Manager, Kennedy Wilson Ireland Limited, an affiliate of the General Partner.

Pursuant to the Amended and Restated Asset Management Agreement dated December 5, 2011 by and among the 110 Company, the loan participants and Kennedy Wilson Ireland Limited (Asset Manager), an affiliate of the General Partner, the loan pool shall pay the Asset Manager a base management fee in an amount equal to 0.614% per annum of the Imputed Participation Amount, as defined in the participation agreement. This base management fee is paid quarterly from remittances from the loan portfolio to the extent that such remittances are sufficient, with any unpaid fees deferred until the next remittance date.

The loan pool shall also be required to pay the Asset Manager an acquisition fee of 1% of the cost of the participation interests acquired of which 50% is payable at the time of the acquisition, 25% is payable on the first remittance date following the first anniversary of the closing, and the remaining 25% is payable on the first remittance date following the full repayment of the Partnership Subsidiary's loan payable. These fees are paid by the loan pool and are not the responsibility of the Partnership or its subsidiary.

NOTE 4—COMMITMENTS AND CONTINGENCIES

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. Currently, the Partnership does not have any material commitments or contingencies (unaudited).

NOTE 5—ACCUMULATED OTHER COMPREHENSIVE INCOME

The Partnership recorded no unrealized gains related to foreign currency translation during the years ended December 31, 2015 (unaudited) or 2014 (unaudited).

The Partnership recorded unrealized losses related to foreign currency translation in the amount of \$4,332,423 during the year ended December 31, 2013. As a result of the substantial liquidation of the Pool, the Partnership has reclassified \$3,184,578 out of accumulated other comprehensive income and recognized a loss in foreign currency translations in the accompanying consolidated statement of operations for the year ended December 31, 2013. The net effect of this activity represents a \$1,147,845 loss in accumulated comprehensive income for the year ended December 31, 2013. The balance of accumulated other comprehensive income has been reduced to \$0 as of December 31, 2013.

NOTE 6—SUBSEQUENT EVENTS

In preparing these consolidated financial statements, the Partnership has evaluated events and transactions for potential recognition or disclosure through March 25, 2016, the date that the consolidated financial statements are available for issuance.

The Shareholders

Egret Limited:

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Egret Limited and its subsidiaries (the Company), which comprise the consolidated statements of operations, changes in shareholders' equity, and cash flows for the year ended December 31, 2013 and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the results of their operations and their cash flows for the year ended December 31, 2013 in accordance with U.S. generally accepted accounting principles.

Notes to Consolidated Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

(1) Organization

Egret Limited, a Jersey company (the Company) was formed by and between KW Properties (Jersey) Limited, a Jersey company, (the KW Shareholder) and Pintail Limited, a Jersey company (the VF Shareholder). Collectively, the KW Shareholder and the VF Shareholder are referred to as the Shareholders.

The Company was incorporated under the laws of Jersey, Channel Islands, on December 13, 2012. The term of the Company extends until the earlier of (i) the Shareholders agree to terminate the Shareholders' Agreement or (ii) the Company is dissolved or (iii) the date the Company's Investment has been liquidated.

The KW Shareholder subscribed for 12,766,583 shares in the Company, comprising 20% of the issued share capital of the Company, and paid the Company £12,766,581 for those shares. As of December 31, 2013, £2 is due to the Company from the KW Shareholder. The VF Shareholder subscribed for 51,066,322 shares in the Company, comprising 80% of the issued share capital of the Company, and paid the Company £51,066,322 for those shares.

The business of the Company is to acquire, hold, manage, finance, and dispose of the Company real estate assets pursuant to the initial business plan in the Shareholders' Agreement as amended thereafter by the Shareholders. The initial business plan provided for the acquisition of a portfolio of commercial real estate assets located in England and Scotland (the Company Investment). The Company through its four wholly-owned Jersey subsidiaries acquired the portfolio for £62,750,000 comprising the following 29 commercial real estate assets:

Notes to Consolidated Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

At December 31, 2015 (unaudited) all assets had been disposed of apart from Pentland house which was fully amortized at the balance sheet date. The Directors intend to retain the Company as a dormant company for an undetermined future purpose.

The Company may request additional funds from the shareholders to be used for investments in the Company investments and to satisfy obligations pursuant to the existing Company investments or approved follow-on investments, to pay the Company expenses, including management fees. In the event that any shareholder fails to fund its proportionate share of required additional funds, the other shareholder may provide this additional funding to the Company in the form of a shortfall advance bearing interest at a rate of 20% per annum.

In accordance with the Shareholders' Agreement, on the 1st day of the calendar month (if that is not a business day, the next business day in that month), available funds from the activities of the Company shall be distributed in the following order of priority:

- (a) Repayment of any shortfall advances and all accrued interest on such advances made to the Company by any shareholder;
- (b) Between the shareholders in proportion to their shareholdings until each shareholder has received a cumulative internal rate of return of 12%;
20% to the Property Portfolio Manager, Kennedy Wilson Europe Limited, an affiliate of the KW Shareholder, and
- (c) 80% between the shareholders in proportion to their shareholdings until each shareholder has received a cumulative internal rate of return of 25%;
- (d) Thereafter, 30% to the Property Portfolio Manager, Kennedy Wilson Europe Limited, an affiliate of the KW Shareholder, and 70% between the shareholders in proportion to their shareholdings.

Profit and loss for each fiscal period shall generally be allocated among the shareholders in a manner to cause their capital account balances to equal the amounts of distributions that would be made if the Company were dissolved assuming its assets sold for their respective carrying values and its liabilities satisfied in accordance with their terms.

(2) Summary of Significant Accounting Policies

(a) Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its four wholly-owned Jersey incorporated subsidiaries (the Jersey PropCos): Ostrich Limited, Darter Limited, Finfoot Limited and Hamerkop Limited (collectively, the Company). All significant intercompany items have been eliminated in the accompanying consolidated financial statements.

(b) Use of Estimates

The preparation of the accompanying consolidated financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions about future events. These estimates and the underlying assumptions affect the amounts of assets and liabilities reported, and the reported amounts of income and expenses. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. Such estimates and assumptions are adjusted when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ significantly from these estimates. Changes in those estimates resulting from continuing changes in the economic environment will be reflected in the consolidated financial statements in future periods.

(c) Real Estate Assets

During the year ended December 31, 2013, the Company, through its four subsidiaries: Ostrich Limited, Darter Limited, Finfoot Limited, and Hamerkop Limited acquired a portfolio of 29 commercial real estate assets located throughout England and Scotland for £62,750,000. The fair value of the real estate acquired was allocated to the acquired tangible assets consisting primarily of land, buildings and improvements, and to the identified acquired intangible assets, which comprise in-place leases, above-market leases, and below-market leases.

The fair value of the real estate was determined by valuing the property as if it were vacant, which was then allocated to land, buildings and improvements based on management's determination of the relative fair values of these assets.

The value of the acquired in-place leases was determined by calculating the present value of the cash flows provided by the leases, net of related incremental expenses over the estimated lease-up period.

The following supplemental information summarizes the fair value of the assets acquired:

Real estate assets:	
Land	£19,478,000
Building and improvements	23,448,000
Intangible assets:	
In-place leases	£18,347,000
Above-market leases	2,441,000
Below-market leases	(964,000)
Fair value of assets acquired	£62,750,000

Real estate assets are carried at depreciated cost, less impairment if any. Depreciation on buildings and improvements has been provided for in the accompanying consolidated financial statements using the straight-line method based on estimated useful lives of 40 years. Maintenance and repairs are charged to expense as incurred and costs of renewals or betterments are capitalized and depreciated at the appropriate rates.

EGRET LIMITED
(A Jersey Company)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

The purchase price of acquired properties is allocated to land, buildings and intangible lease values based on their respective fair value in accordance with Accounting Standards Codification (ASC) Subtopic 805-10, Business Combinations. Acquisition-related costs are expensed as incurred.

(d) Real Estate Assets Held-for-Sale

In accordance with Financial Accounting Standards Board (FASB) ASC 360-10, Disposal of Long-Lived Assets, a long-lived asset is classified as an asset held for disposition when it meets certain requirements, which include, among other criteria, the approval of the sale of the asset, the marketing of the asset for sale and the expectation by the Company that the sale will likely occur within the next 12 months. Upon classification of an asset as held for disposition, depreciation of the asset is ceased, the operating results of the asset are included in discontinued operations and the net book value of the asset is included on the consolidated balance sheet as real estate assets held-for-sale.

(e) Impairment of Long-Lived Assets

Long lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with FASB ASC 360 10, Impairment of Long Lived Assets. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to the estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated undiscounted future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset less costs to sell. Assets to be disposed of would be separately presented in the consolidated balance sheet and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. The assets and liabilities of a disposal group classified as held for sale would be presented separately in the appropriate asset and liability sections of the consolidated balance sheet. There were no impairments recorded for year ended December 31, 2015 (unaudited), December 31, 2014 (unaudited), and December 31, 2013.

(f) Cash

Cash includes highly liquid investments purchased with original maturities of three months or less. Periodically throughout the year ended December 31, 2015 (unaudited), cash balances in various bank accounts exceeded the insured limits. To date, no losses have been experienced related to such amounts. The Company places cash with quality financial institutions and does not believe there is a significant concentration of credit risk.

(g) Restricted Cash

Restricted cash includes balances held in a sinking fund, which is set aside for tenant improvements.

(h) Deposits in Escrow

Deposits in escrow are held in solicitors' client accounts in favor of the Company in order to facilitate closings of the Company Investment and to pay closing and administrative costs.

EGRET LIMITED
(A Jersey Company)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

(i) Accounts Receivable

Accounts receivable due from tenants are recorded at the contractual amount as determined by the lease agreements, and do not bear interest. The allowance for doubtful accounts is the Company's best estimate of the amount of probable credit losses in the Company's existing accounts receivable. The Company determines the allowance based on historical experience and specific item identification, which is reviewed on a quarterly basis. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote.

(j) Revenue Recognition

Rental revenue from tenants is recognized on a straight-line basis over the lease term when collectability is reasonably assured and the tenant has taken possession or controls the physical use of the leased asset.

(k) Discontinued Operations

Real estate classified as held-for-sale on the consolidated balance sheet include only those real estate assets available for immediate sale in their present condition and for which management believes that it is probable that a sale of the real estate asset will be completed within one year.

Real estate held-for-sale are carried at the lower of cost or fair value less estimated selling costs. No depreciation expense is recognized on real estate held-for-sale once they have been classified as such. The operating results of real estate assets designated as held-for-sale are included in discontinued operations in the consolidated statement of operations. In addition, all gains and losses from real estate sold are also included in discontinued operations.

On April 10, 2014, the FASB issued Accounting Standards Update (ASU) 2014-08, which amends the definition of discontinued operations and requires additional disclosures for disposal transactions that do not meet the revised discontinued operations criteria. ASU 2014-08 is required to be adopted for fiscal years beginning after December 15, 2014, with early adoption permitted. Our early adoption of this pronouncement on January 1, 2014 did not have a material impact on the Company's consolidated financial statements.

(l) Income Taxes

The Company owns and consolidates certain subsidiaries, which have income tax liabilities in respect of the international jurisdiction in which they operate, and these amounts are reflected in the consolidated financial statements.

Income taxes are accounted for under the asset and liability method. This process requires management to estimate the current tax exposure as well as assess temporary differences between the accounting and tax treatment of assets and liabilities, including items such as accruals and allowances not currently deductible for tax purposes. Management's judgments, assumptions, and estimates relative to the current provision for income tax take into account current tax laws and interpretations of same.

The Company is required to determine whether a tax position is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than 50% likely of being realized upon settlement, which could result in the Company recording a tax liability that would reduce net assets. Based on their analysis, the Company has determined that there are no tax benefits that would have a material impact on the Company's financial position or results of operations. The tax years 2015 and 2014 remain open to examination by the taxing jurisdictions to which the Company is subject, being the United Kingdom and Jersey.

EGRET LIMITED
(A Jersey Company)
AND SUBSIDIARIES

Notes to Consolidated Financial Statements
December 31, 2015 (unaudited), 2014 (unaudited), and 2013

(m) Concentration of Risk

The Company Investment is located throughout the United Kingdom. Adverse conditions in the sector or geographic location would likely result in a material decline in the value of the Company Investment.

(n) Fair Value Measurements

The Company follows the provisions of FASB ASC Topic 820, Fair Value Measurements and Disclosures, for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the consolidated financial statements on a recurring or nonrecurring basis. ASC Topic 820 defines fair value as the price that would be received to sell an asset or would be paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date.

A three-level hierarchy was established for fair value measurements that distinguishes between market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs) and the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The three hierarchy levels are defined as follows:
Level 1 - Valuations based on unadjusted quoted market prices in active markets for identical securities.
Level 2 - Valuations based on observable inputs (other than Level 1 prices), such as quoted prices for similar assets and quoted prices in markets that are not active.
Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement, and involve management judgment.

For certain financial instruments, including cash, restricted cash, deposits in escrow, accounts receivable, accrued expenses, VAT payable, prepaid rent, tenant deposits, income tax payable, and other liabilities, recorded amounts approximate fair value due to the relatively short-term nature of these instruments.

(3) Minimum Future Lease Rentals

As of December 31, 2015, the minimum future cash rents receivable is £nil (unaudited) as all property assets are held for sale.

(4) In-Place Lease Valuation

The fair value of real estate acquired was allocated to the acquired tangible assets consisting primarily of land and buildings, and to the identified acquired intangible assets, which comprise in-place leases, above-market leases, and below-market leases.

The fair value of real estate was determined by valuing the property as if it were vacant, which was the allocated to land and buildings based on managements' determination of the relative fair values of these assets. The value of the acquired in-place leases was determined by calculating the present value of the cash flows provided by the in-place leases, net of related incremental expenses over the estimated lease up period. The value of the acquired in-place leases, above-market lease asset, and below-market lease liability at the date of acquisition are as follows:

In-Place Leases	Above-Market Leases	Below-Market Leases)
£18,347,000	2,441,000	(964,000)

As of December 31, 2013 the value of the acquired in-place leases, above-market lease, and below-market lease intangibles is amortized on weighted average over 57 months, the remaining term of these leases. For the years ended December 31, 2015 (unaudited), 2014 (unaudited) and December 31, 2013, the amortization expense (benefit) related to in-place leases, above-market leases, and below-market leases from continuing operations was as follows:

As of December 31, 2015 and December 31, 2014, the future annual amortization expense (benefit) of in-place leases, above-market leases, and below-market leases is £nil (unaudited) as all property assets were held for sale.

(5)Real Estate Assets Held-for-Sale

In accordance with the initial business plan, the Company disposes of real estate assets or holds real estate assets for sale. As of December 31, 2015 and December 31, 2014, the Company held £nil (unaudited) and £5,491,368 (unaudited) in real estate assets, which have met all of the “held-for-sale” criteria of FASB ASC Subtopic 360-10, Disposal of Long-Lived Assets.

(6)Discontinued Operations

The Company recognizes operating results from real estate designated as held-for-sale and all gains and losses from real estate sold in discontinued operations in the consolidated statements of operations. Real estate operations and dispositions accounted for as discontinued operations for the year ended December 31, 2015 (unaudited), 2014 (unaudited) and December 31, 2013, were as follows:

	2015 (unaudited)	2014 (unaudited)	2013

Net income from discontinued operations after income taxes	£1,822,618	10,470,132	10,270,169

(7)Income Taxes

The Company’s taxable income from ordinary activities and its Jersey PropCos taxable income from rental activities in the United Kingdom are subject to the United Kingdom basic income tax rate of 20% as the Company is a non-resident landlord. The Company and its Jersey PropCos are not subject to income tax in Jersey as all income arises in the United Kingdom. For the year ended December 31, 2015, a tax expense attributable to income from continuing operations of £nil (unaudited) (2014: current income tax of £nil (unaudited)), (2013: current income tax of £6,245) is included in the accompanying consolidated statement of operations.

Tax Rate Reconciliation

The income tax expense attributable to income from continuing operations was £nil (unaudited) for the year ended December 31, 2015 (2014: £nil (unaudited), 2013: £6,245), and differed from the amounts computed by applying the United Kingdom income tax rate of 20% to pretax income from continuing operations as a result of the following:

(8) Transactions with Affiliates

The Umbrella Management Agreement (the UMA) provides that each Jersey PropCo shall pay Kennedy Wilson UK Limited as the Asset Manager and Kennedy Wilson Europe Limited as the Property Portfolio Manager, which are the affiliates of KW Shareholder, a management fee in the amount equal to (i) 1.5% of Net Operating Income related to that Jersey PropCo; and (ii) 1.5% of Net Disposable Proceeds from real estate asset sales. This management fee is payable monthly in arrears and is initially allocated 20% to the Asset Manager and 80% to the Property Portfolio Manager.

During the year ended December 31, 2015, the Asset Manager and the Property Portfolio Manager earned £454,655 (unaudited) (2014: £334,780 (unaudited), and 2013: £123,965) and £1,818,622 (unaudited) (2014: £1,339,120 (unaudited), and 2013: £495,862) in management fees, respectively. As of December 31, 2015, £10,487 (unaudited) (2014: £1,691 (unaudited)) in management fees were due to the Asset Manager and the Property Portfolio Manager and are reflected in the accrued expenses on the accompanying consolidated balance sheet.

(9) Commitments and Contingencies

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. Currently, the Company does not have any material commitments or contingencies.

(10) Subsequent Events

Management has evaluated all subsequent events occurring after the date of the balance sheet through March 25, 2016, the date the consolidated financial statements were available to be issued, to determine whether any subsequent events necessitated adjustment to or disclosure in the consolidated financial statements. Besides the event described above, no other events were identified that necessitated adjustment or disclosure.

Independent Auditor's Report

The Shareholders

KWVF Panther Holdco Limited:

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of KWVF Panther Holdco Limited and its subsidiaries (the Company), which comprise the consolidated statements of operations, changes in shareholders' equity, and cash flows for the period from June 14, 2013 (inception) through December 31, 2013 and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the results of their operations and their cash flows for the period from June 14, 2013 (inception) through December 31, 2013 in accordance with U.S. generally accepted accounting principles.

Notes to Consolidated Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

(1) Organization

KWVF Panther Holdco Limited, a Jersey company (the Company) was formed by and between KW Panther (Jersey) Limited, a Jersey company, (the KW Shareholder) and Dreyfus Limited, a Jersey company (the VF Shareholder). Collectively, the KW Shareholder and the VF Shareholder are referred to as the Shareholders.

The Company was incorporated under the laws of Jersey, Channel Islands, on June 14, 2013. The term of the Company extends until the earlier of (i) the Shareholders agree to terminate the Shareholders' Agreement or (ii) the Company is dissolved or (iii) the date the Company's Investment has been liquidated.

The KW Shareholder subscribed for 33,825,973 shares in the Company, comprising 30.85% of the issued share capital of the Company, and paid the Company £33,825,972 for those shares. As of December 31, 2013, £1 is due to the Company from the KW Shareholder. The VF Shareholder subscribed for 75,820,617 shares in the Company, comprising 69.15% of the issued share capital of the Company, and paid the Company £75,820,616 for those shares. As of December 31, 2013, £1 is due to the Company from the VF Shareholder.

The business of the Company is to acquire, hold, manage, finance, and dispose of the Company real estate assets pursuant to the initial business plan in the Shareholders' Agreement as amended thereafter by the Shareholders. The initial business plan provided for the acquisition of a portfolio of commercial real estate assets located in England and Scotland (the Company Investment). The Company through its nine wholly-owned Jersey subsidiaries acquired the portfolio for £250,000,000 comprising the following seven shopping centers:

Asset	Location
County Square Shopping Centre	Ashford, England
Strand Shopping Centre	Bootle, England
The Gates Shopping Centre	Durham, England
Haymarket Shopping Centre	Leicester, England
Spindles Town Square Shopping Centre	Oldham, England
Swansgate Shopping Centre	Wellingborough, England
Rivergate Shopping Centre	Irvine, Scotland

During 2014 the Strand, Bootle and the Gates, Durham were sold for a profit of £6,477,861 (unaudited).

The Company may request additional funds from the shareholders to be used for investments in the Company investments and to satisfy obligations pursuant to the existing Company investments or approved follow-on investments, to pay the Company expenses, including management fees, and to cure a default pursuant to the terms of any senior financing agreement entered into by the Company and its subsidiaries. In the event that any shareholder fails to fund its proportionate share of required additional funds, the other shareholder may provide this additional funding to the Company in the form of a shortfall advance or a financial breach advance bearing interest at a rate of 20% per annum.

In accordance with the Shareholders' Agreement, on the 15th day of the calendar month (if that is not a business day, the next business day in that month), available funds from the activities of the Company shall be distributed in the following order of priority:

- (a) Repayment of any shortfall advances or financial breach advances and all accrued interest on such advances made to the Company by any shareholder;
- (b) Between the shareholders in proportion to their shareholdings until each shareholder has received a cumulative internal rate of return of 12%;
- (c) 20% to the Property Portfolio Manager, Kennedy Wilson Europe Limited, an affiliate of the KW Shareholder, and 80% between the shareholders in proportion to their shareholdings until each shareholder has received a cumulative

internal rate of return of 20%;

(d) Thereafter, 30% to the Property Portfolio Manager, Kennedy Wilson Europe Limited, an affiliate of the KW Shareholder, and 70% between the shareholders in proportion to their shareholdings.

Notes to Consolidated Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

Profit and loss for each fiscal period shall generally be allocated among the shareholders in a manner to cause their capital account balances to equal the amounts of distributions that would be made if the Company were dissolved assuming its assets sold for their respective carrying values and its liabilities satisfied in accordance with their terms.

(2) Summary of Significant Accounting Policies

(a) Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its nine wholly-owned Jersey incorporated subsidiaries (the Jersey PropCos): County Square Property Limited, Bootle Strand Property Limited, Durham Gate Property Limited, Haymarket Property Limited, Town Square Property Limited, Oldham Spindles Property Limited, Swansgate Property Limited, Rivergate Property 1 Limited, and Rivergate Property 2 Limited (collectively, the Company). All significant intercompany items have been eliminated in the accompanying consolidated financial statements

(b) Use of Estimates

The preparation of the accompanying consolidated financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions about future events. These estimates and the underlying assumptions affect the amounts of assets and liabilities reported, and the reported amounts of income and expenses. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. Such estimates and assumptions are adjusted when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ significantly from these estimates. Changes in those estimates resulting from continuing changes in the economic environment will be reflected in the consolidated financial statements in future periods.

(c) Real Estate Assets

The fair value of the real estate acquired was allocated to the acquired tangible assets consisting primarily of land, buildings and improvements, and to the identified acquired intangible assets, which comprise in-place leases, above-market leases, and below-market leases.

The fair value of the real estate was determined by valuing the property as if it were vacant, which was then allocated to land, buildings and improvements based on management's determination of the relative fair value of these assets. The value of the acquired in-place leases was determined by calculating the present value of cash flows provided by the leases, net of related incremental expenses over the estimated lease-up period.

The following supplemental information summarizes the fair value of the assets acquired:

Real estate assets:

Land	£27,500,003
Building and improvements	133,120,997

Intangible assets:

In-place leases	£74,792,000
Above-market leases	19,701,000
Below-market leases	(5,114,000)
Fair value of assets acquired	£250,000,000

Real estate assets are carried at depreciated cost, less impairment if any. Depreciation on buildings and improvements has been provided for in the accompanying consolidated financial statements using the straight-line method based on estimated useful lives of 40 years. Maintenance and repairs are charged to expense as incurred and costs of renewals or betterments are capitalized and depreciated at the appropriate rates.

KWVF PANTHER HOLDCO LIMITED

(A Jersey Company)

AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2015 (unaudited), 2014 (unaudited), and 2013

The purchase price of acquired properties is allocated to land, buildings and intangible lease values based on their respective fair value in accordance with Accounting Standards Codification (ASC) Subtopic 805-10, Business Combinations. Acquisition-related costs are expensed as incurred.

(d) Impairment of Long-Lived Assets

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with Financial Accounting Standards Board (FASB) ASC 360 10, Impairment of Long Lived Assets. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to the estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated undiscounted future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset less costs to sell. Assets to be disposed of would be separately presented in the consolidated balance sheet and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. The assets and liabilities of a disposal group classified as held for sale would be presented separately in the appropriate asset and liability sections of the consolidated balance sheet. For the year ended December 31, 2015 (unaudited), year ended December 31, 2014 (unaudited) and period ended December 31, 2013, there were no impairments recorded.

(e) Cash

Cash includes highly liquid investments purchased with original maturities of three months or less. Periodically throughout the year ended December 31, 2015, cash balances in various bank accounts exceeded the insured limits. To date, no losses have been experienced related to such amounts. The Company places cash with quality financial institutions and does not believe there is a significant concentration of credit risk.

(f) Restricted Cash

Restricted cash includes reserves to pay closing costs and balances held in a sinking fund, which is set aside for tenant improvements.

(g) Deferred Financing Fees

All direct costs incurred in connection with obtaining long-term debt are capitalized and amortized over the term of the related debt on a straight line basis, which approximates the effective interest method.

(h) Accounts Receivable

Accounts receivable due from tenants are recorded at the contractual amount as determined by the lease agreements, and do not bear interest. The allowance for doubtful accounts is the Company's best estimate of the amount of probable credit losses in the Company's existing accounts receivable. The Company determines the allowance based on historical experience and specific item identification, which is reviewed on a quarterly basis. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote.

(i) Revenue Recognition

Rental revenue from tenants is recognized on a straight-line basis over the lease term when collectability is reasonably assured and the tenant has taken possession or controls the physical use of the leased asset.

(j) Income Taxes

The Company owns and consolidates certain subsidiaries, which have income tax liabilities in respect of the international jurisdiction in which they operate, and these amounts are reflected in the consolidated financial statements.

Income taxes are accounted for under the asset and liability method. This process requires management to estimate the current tax exposure as well as assess temporary differences between the accounting and tax treatment of assets and liabilities, including items such as accruals and allowances not currently deductible for tax purposes. Management's

judgments, assumptions, and estimates relative to the current provision for income tax take into account current tax laws and interpretations of same.

The Company is required to determine whether a tax position is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than

50% likely of being realized upon settlement, which could result in the Company recording a tax liability that would reduce net assets. Based on their analysis, the Company has determined that there are no tax benefits that would have a material impact on the Company's financial position or results of operations. The tax years 2013, 2014 and 2015 remain open to examination by the taxing jurisdictions, to which the Company is subject, being the United Kingdom and Jersey.

(k) Concentration of Risk

The Company Investment is located throughout the United Kingdom. Adverse conditions in the sector or geographic location would likely result in a material decline in the value of the Company Investment.

(l) Fair Value Measurements

The Company follows the provisions of FASB ASC Topic 820, Fair Value Measurements and Disclosures, for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the consolidated financial statements on a recurring or nonrecurring basis. ASC Topic 820 defines fair value as the price that would be received to sell an asset or would be paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date.

A three-level hierarchy was established for fair value measurements that distinguishes between market participant assumptions developed based on market data obtained from sources independent of the reporting entity (observable inputs) and the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The three hierarchy levels are defined as follows: Level 1 - Valuations based on unadjusted quoted market prices in active markets for identical securities.

Level 2 - Valuations based on observable inputs (other than Level 1 prices), such as quoted prices for similar assets and quoted prices in markets that are not active.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement, and involve management judgment.

For certain financial instruments, including cash, restricted cash, accounts receivable, accrued expenses, accrued service charge, prepaid rent, VAT payable, accrued interest, income tax payable, and other liabilities, recorded amounts approximate fair value due to the relatively short-term nature of these instruments.

(m) Derivative Financial Instruments

The Company recognizes all derivative instruments as either assets or liabilities in the balance sheet at their respective fair values. For derivative instruments that are not designated as a hedging instrument, the Company records changes in fair value in consolidated statement of operations in the period they occur.

(3) Fair Value Measurements

On August 29, 2013, in order to manage fluctuations in interest rates, the Company entered into an interest rate cap contract to hedge LIBOR, which is used to determine the underlying interest rate for the mortgage loan payable described in note 6.

The interest rate cap is valued based on the net present value of expected future cash flows as determined by the counterparty. The Company determined that based on an evaluation of the significance of each of the inputs used to value this instrument that it is considered level 2 in its entirety.

The fair value of the derivative financial instrument held as of December 31, 2015 was £13,027 (unaudited) (2014: £160,749 (unaudited)). The interest rate cap contract does not qualify as designated hedging instrument under FASB ASC Topic 815, Derivatives and Hedging, and accordingly, the Company recognized a loss of £147,722 (unaudited) (2014: £1,419,385 (unaudited) and 2013: £269,866 on this contract.

(4) Minimum Future Lease Rentals

As of December 31, 2015 (unaudited), the minimum future cash rents receivable under non-cancellable operating leases for each of the next five years and thereafter are as follows:

2016	£ 17,651,930
2017	14,790,529
2018	11,375,880
2019	9,596,913
2020	7,841,557
Thereafter	55,787,644
	£ 117,044,453

(5) In-Place Lease Valuation

The fair value of real estate acquired was allocated to the acquired tangible assets consisting primarily of land and buildings, and to the identified acquired intangible assets, which comprise in-place leases, above-market leases, and below-market leases.

The fair value of real estate was determined by valuing the property as if it were vacant, which was then allocated to land and buildings based on management's determination of the relative fair values of these assets. The value of the acquired in-place leases was determined by calculating the present value of the cash flows provided by the in-place leases, net of related incremental expenses over the estimated lease-up period. The value of the acquired in-place leases, above-market lease asset, and below-market lease liability at the date of acquisition are as follows:

In-Place Leases	Above-Market Leases	Below-Market Leases)
£ 74,792,000	19,701,000	(5,114,000)

The value of the acquired in-place leases, above-market lease and below-market lease intangibles is amortized on weighted average over 74 months, the remaining term of these leases. For the period from June 14, 2013 (inception) to December 31, 2013 and the year ended December 31, 2014 (unaudited), the amortization expense (benefit) related to in-place leases, above-market leases, and below-market leases was as follows:

	In-Place Leases	Above-Market Leases	Below-Market Leases)
£ 2013	4,729,962	1,332,015	(258,208)
£ 2014 (unaudited)	11,827,228	3,362,042	(700,180)
£ 2015 (unaudited)	11,304,674	3,236,610	(682,968)

As of December 31, 2015 (unaudited), the annual amortization expense (benefit) of in-place leases, above-market leases, and below-market leases for each of the next five years and thereafter are as follows:

	In-Place Leases	Above-Market Leases	Below-Market Leases)

(6) Mortgage Loan Payable (unaudited)

On August 29, 2013 (as amended on 31 January 2014), the Jersey PropCos obtained a mortgage loan from Bank of America Securities Limited collateralized by the Company's Investment with a principal of £162,500,000, which is split in two tranches: Tranche A of £60,500,000 and Tranche B of £102,000,000. As of December 31, 2015, the outstanding balance of the mortgage was £137,581,500 and it bears interest of LIBOR plus a spread of 4.1714% for Tranche A and 3.5% for Tranche B, which equates to a blended spread of 3.75% (4.75% for Tranche A and 4.08% for Tranche B, at December 31, 2015). The mortgage matures on August 31, 2018 and requires principal and interest payments on every January 31, April 30, July 31, and October 31 in every year through maturity with the first payment paid on October 31, 2013. Future principal repayments on this loan are as follows:

2016	1,427,500
2017	1,427,500
2018	134,726,500
	£ 137,581,500

(7) Income Taxes

The Company's taxable income from ordinary activities and its Jersey PropCos taxable income from rental activities in the United Kingdom are subject to the United Kingdom basic income tax rate of 20% as the Company is a non-resident landlord. The Company and its Jersey PropCos are not subject to income tax in Jersey as all income arises in the United Kingdom. For the year ended December 31, 2015, a tax expense attributable to income of £682,081 (unaudited) (2014: £1,280,876 (unaudited) and 2013: £558,374) is included in the accompanying consolidated statement of operations.

Income tax expense attributable to income from continuing operations consists of:

		Current	Deferred	Total
Income taxes arising in a foreign jurisdiction	2013	£558,374	—	558,374
	2014 (unaudited)	£1,280,876	—	1,280,876
	2015 (unaudited)	£682,081		682,081

Tax Rate Reconciliation

The income tax expense attributable to income from continuing operations was £682,081 (unaudited) for the year ended December 31, 2015 (2014: £1,280,876 (unaudited) and 2013: £558,374), and differed from the amounts computed by applying the United Kingdom income tax rate of 20% to pre-tax income from continuing operations as a result of the following:

	2015 (unaudited)	2014 (unaudited)	2013
Computed "expected tax" benefit	£(1,547,052)	£(242,937)	(3,187,228)
Reduction in income taxes resulting from non-taxable income	(971,050)	(1,295,572)	—
Increase in income taxes resulting from expenses not deductible	3,200,183	2,819,385	3,745,602
Total tax expense	£682,081	£1,280,876	558,374

(8) Transactions with Affiliates

The Umbrella Management Agreement (the UMA) provides that K-W Properties, an affiliate of KW Shareholder, be paid a fee (the Initial Services Fee) in the amount of £2,500,000 for the advisory and brokerage services in connection with the acquisition of the Company Investment by the Jersey PropCos and its financing. The fee is payable on the date of the UMA. In addition, each Jersey PropCo shall pay Kennedy Wilson UK Limited as the Asset Manager and Kennedy Wilson Europe Limited as the Property Portfolio Manager, which are the affiliates of KW Shareholder, a management fee in amount equal to (i) 1% of Net Operating Income related to that Jersey PropCo; and (ii) 1% of Net Disposable Proceeds from real estate sold. This management fee is payable quarterly in arrears and is initially allocated 20% to the Asset Manager and 80% to the Property Portfolio Manager.

The Company incurred a £2,500,000 Initial Services Fee from June 14, 2013 through December 31, 2013, that is included in the acquisition-related costs on the accompanying consolidated statement of operations.

During the year ended December 31, 2015, the Asset Manager and the Property Portfolio Manager earned £149,166 (unaudited) (2014: £466,337 (unaudited) and 2013: £14,925) and £37,291 (unaudited) (2014: £116,187 (unaudited) and 2013: £59,702) in management fees, respectively. As of December 31, 2015, £20,373 (unaudited) (2014: £nil (unaudited)) management fees were due to the Asset Manager and the Property Portfolio Manager and are reflected in the accrued expenses on the accompanying consolidated balance sheet.

(9) Commitments and Contingencies

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. Currently, the Company does not have any material commitments or contingencies.

(10) Subsequent Events

Management has evaluated all subsequent events occurring after the date of the balance sheet through March 25, 2016, the date the consolidated financial statements were available to be issued, to determine whether any subsequent events necessitated adjustment to or disclosure in the consolidated financial statements. No other events were identified that necessitated adjustment or disclosure.
