GERMAN AMERICAN BANCORP, INC. (GABC)

POSTS RECORD SECOND QUARTER & YEAR-TO-DATE EARNINGS

Jasper, Indiana –July 26, 2011 -- German American Bancorp, Inc. (NASDAQ: GABC) reported today that its second quarter and year-to-date 2011 earnings achieved a record level of performance for the Company. The Company's second quarter net income of \$4,864,000, or \$0.39 per share, exceeded by 5%, on a per share basis, the \$4,645,000, or \$0.37 per share, recorded in the first quarter of this year, and was approximately 26% higher, on a per share basis, than the \$3,408,000, or \$0.31 per share that the Company earned in the second quarter of 2010.

On a year-to-date basis, 2011 record reported six-month earnings were \$9,509,000, or \$0.76 per share, an increase, on a per share basis, of 27% over the \$6,659,000, or \$0.60 per share, reported in the first six months of 2010. Both the second quarter and year-to-date 2011 earnings results were inclusive of the acquisition of American Community Bancorp, Inc., and its banking subsidiary, the Bank of Evansville, that occurred as of January 1st of this year.

As compared to the reported results of the first quarter of this year, the Company's second quarter earnings were positively influenced by a \$1.2 million increased level of net interest income. The current quarter's net interest income improvement was largely the result of the continued strong growth within the Company's core deposit base and the deployment of available funds into the Company's investment securities portfolio.

Other positive contributors to the Company's record level of performance included a \$1.6 million reduction in the level of non-interest expenses in the current quarter as compared to the prior quarter. Somewhat offsetting this enhanced level of net interest income and reduced operating expenses, the Company's total non-interest income decreased by approximately \$1.6 million during the quarter. Much of variation in non-interest income and non-interest expenses was attributable to recording of non-recurring revenue and expenses during the first quarter of this year in connection with the acquisition of American Community Bancorp, Inc., and its banking subsidiary, Bank of Evansville.

Mark A. Schroeder, Chairman & CEO of German American, commenting on the Company's posting of record quarterly and year-to-date financial performance stated, "We are extremely gratified that our business continues to grow and expand throughout our southern Indiana footprint. More and more families, businesses, municipalities, and not-for-profit entities are turning to German American as a source of strength and as a trusted advisor for all their financial needs within banking, insurance, investments, and trust."

Schroeder, continued, "We are extremely thankful to all of our clients for their willingness to allow us the privilege of serving them. It is because of their continued support of German American's unwavering commitment to our local communities and their appreciation of our steadfast adherence to solid banking and management principles that we have been able to consistently deliver superior financial performance, and to do so once again with this quarter's record earnings."

The Company also announced that its Board of Directors declared its regular quarterly cash dividend of \$0.14 per share which will be payable on August 20, 2011 to shareholders of record as of August 10, 2011.

Balance Sheet Highlights

Total assets for the Company increased by approximately \$56.0 million to \$1.818 billion as of June 30, 2011 compared with the quarter ended March 31, 2011. The increase was attributable primarily to an increase in the Company's core deposit base and corresponding increased levels of loans and securities and other short-term investments.

June 30, 2011 loans outstanding increased approximately \$10.9 million, or approximately 4% on an annualized basis, compared with the quarter ended March 31, 2011.

Under acquisition accounting treatment, loans are recorded at fair value which includes a credit risk component, and therefore the allowance on loans acquired is not carried over from the seller. As of June 30, 2011 the Company held a discount on acquired loans of \$7.6 million which includes loans acquired in the American Community acquisition and loans acquired in a branch acquisition completed in the second quarter of 2010.

During the quarter ended June 30, 2011, net interest income totaled \$16,264,000 representing an increase of \$1,157,000 from the quarter ended March 31, 2011 net interest income of \$15,107,000 and an increase of \$4,349,000 compared with the quarter ended June 30, 2010 net interest income of \$11,915,000. The tax equivalent net interest margin for the quarter ended June 30, 2011 was 3.95% compared to 3.83% in the first quarter 2011 and 3.95% in the second quarter 2010. The increased net interest income during the second quarter of 2011 compared with the first quarter of 2011 was largely the result of a higher level of earning assets driven by growth in the Company's core deposit base and subsequent investment into the securities portfolio. The increased net interest income during the second quarter of 2011 compared with the second quarter of 2010 was also driven by a higher level of earning assets driven by both organic core deposit growth and the acquisition of American Community.

During the quarter ended June 30, 2011, non-interest income totaled \$4,362,000, a decline of \$1,652,000 or 27%, compared with the quarter ended March 31, 2011, and an increase of \$571,000, or 15%, compared with the second quarter of 2010.

Deposit service charges and fees improved by \$133,000 or 14% during the quarter ended June 30, 2011 compared with the first quarter of 2011 and remained relatively flat compared with the second quarter of 2010. Deposit service charges and fees were positively impacted by increased customer utilization of the Company's overdraft protection plan driven by the increased customer base related to the acquisition of the Bank of Evansville.

Insurance revenues declined 37% during the quarter ended June 30, 2011 compared with the three months ended March 31, 2011 while insurance revenues increased 19% during the second quarter 2011 compared with the second quarter of 2010. The decline for the second quarter 2011 compared to the first quarter 2011 was largely attributable to annual contingency revenue recognized in the quarter ended March 31, 2011. Contingency revenue totaled \$88,000 in the quarter ended June 30, 2011 compared with \$784,000 in the first quarter of 2011 and \$32,000 in the quarter ended June 30, 2010.

Other operating income increased \$96,000 or 24% during the quarter ended June 30, 2011 compared with the first quarter of 2011 and increased \$235,000 or 90% compared with the second quarter of 2010. The increase in the second quarter 2011 compared to both quarterly periods was related to a net gain on sale of other real estate during the second quarter of 2011 compared with a net loss on the sale of other real estate in both the quarter ended March 31, 2011 and June 30, 2010.

The Company realized a net gain on securities of \$1,045,000 during the first quarter of 2011 related to the acquisition accounting treatment of the existing equity ownership position the Company held in American Community at the time of acquisition. No gains or losses on securities were realized in the second quarter of 2011 or 2010.

During the quarter ended June 30, 2011, non-interest expense totaled \$12,271,000, a decline of \$1,599,000, or 12%, compared with the quarter ended March 31, 2011, and an increase of \$2,369,000, or 24%, compared with the second quarter of 2010. During the second quarter of 2011, acquisition accounting items related to the acquisition of American Community totaled \$616,000, including \$286,000 of non-recurring expense items. During the first quarter of 2011, acquisition accounting items related to the acquisition of American Community totaled \$1,604,000, including approximately \$1,257,000 of non-recurring expense items.

Salaries and benefits declined \$679,000, or approximately 9% during the quarter ended June 30, 2011, compared with the first quarter of 2011 and increased \$1,434,000, or approximately 27% compared with the second quarter of 2010. The decline during the second quarter of 2011 compared with the first quarter of 2011 was primarily in connection with one-time costs associated with the American Community acquisition during the first quarter of 2011. The increase during the quarter ended June 30, 2011, compared with the second quarter of 2010 was primarily attributable to an increased staff size related to the acquisition of American Community.

The increase in occupancy, furniture and equipment expense during the second quarter compared with the second quarter 2010 was also primarily related to the acquisition and the costs associated with three additional branch locations. The Company's FDIC deposit insurance assessments decreased 26% in the second quarter of 2011 compared with the first quarter of 2011 and increased 14% compared with the second quarter of 2010. The decrease during second quarter of 2011 compared with the first quarter of 2011 was attributable to changes in the deposit insurance assessment calculation which became effective in the second quarter 2011 related to the Dodd Frank Act. The increase during the second quarter 2011 compared with the second quarter 2010 was largely related to the increase in the size of the Company deposit base and corresponding increase in the size of the Company's balance sheet resulting from the acquisition of American Community and to a lesser degree an increased level of deposits resulting from core organic deposit growth unrelated to the acquisition.

Data processing fees declined \$710,000 or 64% during the second quarter 2011 compared with the quarter ended March 31, 2011. The decrease was largely related to running the Company's existing core processing system and the Bank of Evansville's core processing system during the first quarter of 2011 and other merger related costs associated with the acquisition of American Community. The customers of the Bank of Evansville were moved to the Company's core processing system during April 2011.

Intangible amortization increased \$251,000 or 102% during the second quarter of 2011 compared with the second quarter of 2010. The increase was primarily related to amortization of core deposit intangible resulting from the acquisition of American Community.
