The record date for determining stockholders entitled to receive this Information Statement has been established as the close of business on \_\_\_\_\_, 2010 (the "Record Date"). Board Leadership Structure

Our Board of Directors has the responsibility for selecting the appropriate leadership structure for the Company. In making leadership structure determinations, the Board of Directors considers many factors, including the specific needs of the business and what is in the best interests of the Company's stockholders. Our current leadership structure is comprised of a combined Chairman of the Board and Chief Executive Officer ("CEO"), Mr. Zaikin. The Board of Directors believes that this leadership structure is the most effective and efficient for the Company at this time, due in part to the Company's limited operations and resources. Mr. Zaikin possesses detailed and in-depth knowledge of the issues, opportunities, and challenges facing the Company, and is thus best positioned to develop agendas that ensure that the Board of Directors' time and attention are focused on the most critical matters. Combining the Chairman of the Board and CEO roles promotes decisive leadership, fosters clear accountability and enhances the Company's ability to communicate its message and strategy clearly and consistently to our stockholders, particularly during periods of turbulent economic and industry conditions.

Risk Oversight

Effective risk oversight is an important priority of the Board of Directors. Because risks are considered in virtually every business decision, the Board of Directors discusses risk throughout the year generally or in connection with specific proposed actions. The Board of Directors' approach to risk oversight includes understanding the critical risks in the Company's business and strategy, evaluating the Company's risk management processes, allocating responsibilities for risk oversight among the full Board of Directors, and fostering an appropriate culture of integrity and compliance with legal responsibilities.

While we do not currently maintain a separate audit, nominating or compensation committee, our full Board of Directors exercises oversight of our risk management policies and practices that such committees would usually undertake separately. We believe that individual and smaller committees of Directors are not needed at this time to insure effective risk oversight due to the limited size, operations and transactions of the Company, which can be adequately managed by and overseen by the full Board of Directors of the Company. Risks overseen by the Board of Directors include risks related to the Company's financial statements, the financial reporting process, accounting and certain legal matters; risks related to the internal audit function and the Company's compliance programs; and risks arising from our compensation policies, practices and programs, as well as the mitigating controls, to determine whether any such risks are material to us.

-----

Officers will hold their positions at the pleasure of the Board of Directors, absent any employment agreement.

#### Director Independence

The Over-The-Counter Bulletin Board does not have rules regarding director independence. The Company will seek to appoint independent Directors, if and when it is required to do so.

#### Audit Committee and Financial Expert

The Company is not required to have an audit committee and as such, does not have one.

#### Board of Directors Meetings

The Company had 1 official meeting of the Board of Directors of the Company during the last fiscal year ending December 31, 2009. Each member of the Company's Board of Directors is encouraged, but not required to attend shareholder meetings.

-----

We are not aware of the occurrence during the last ten years of any events that are material to an evaluation of the ability or integrity of any of our Directors, Nominees, executive officers, or control persons such as the following:

- § Any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time;
- § Any conviction in a criminal proceeding or being subject to a pending criminal proceeding (excluding traffic violations and other minor offenses);
- § Being subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining, barring, suspending or otherwise limiting the involvement of such person in any type of business, securities or banking activities; and
- § Being found by a court of competent jurisdiction (in a civil action), the Commission or the Commodity Futures Trading Commission to have violated a federal or state securities or commodities law, and the judgment has not been reversed, suspended, or vacated.

#### SECTION 16 (A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers and persons who own more than 10% of a class of our equity securities which are registered under the Exchange Act of 1934, as amended, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes of ownership of such registered securities. Such executive officers, directors and greater than 10% beneficial owners are required by Commission regulation to furnish us with copies of all Section 16(a) forms filed by such reporting persons.

To our knowledge, based solely on a review of the copies of such reports furnished to us Victor Repin, David Zaikin, Elena Pochapski, Sergey Potapov, Tim Peara, Helen Teplitskaia, Business Standard and Svetlana Slepchuk are currently subject to Section 16(a) filing requirements and Svetlana Slepchuk and Business Standard, greater than 5% shareholders of the Company, have not made their required filings with the Commission. #### CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On May 1, 2006, our Director, Timothy Peara exercised his option to purchase 50,000 shares of our common stock in accordance with the terms of his Option agreement entered into in consideration for consulting services rendered in 2005. Mr. Peara elected a cashless exercise of the options and he will therefore receive the full number of shares exercised (50,000), less the number of shares that totaled the aggregate exercise price of the 50,000 shares (\$15,000 with each option exercisable at \$0.30 per share), based on the average market value of the common stock on the five (5) trading days prior to Mr. Peara's exercise (\$2.00), which is equal to 7,500 shares. As a result, Mr. Peara was issued 42,500 shares in connection with the exercise of his options.

We previously agreed to issue Alternative Energy Finance Ltd. ("AEF"), of which Tim Peara is the Managing Director as well as a Director of the Company, certain warrants in connection with Mr. Peara introducing the parties who formed the joint venture. Pursuant to an agreement between AEF and the Company, AEF will receive compensation based on the total investment made by Baltic Petroleum Ltd. in the Joint Venture.

In connection with that agreement, the following warrants were granted to AEF: warrants to purchase 17,561 shares of our common stock at \$0.67 per share, which were granted to Mr. Peara on March 31, 2006; warrants to purchase 20,412 shares of our common stock at an exercise price of \$2.02 per share, granted effective June 30, 2006; warrants to purchase 20,952 shares of our common stock at an exercise price of \$1.53 per share effective September 30, 2006; and warrants to purchase 38,648 shares of our common stock at an exercise price of \$1.44 per share effective December 31, 2006. All of the warrants are exercisable for three years from the date of issuance and have expired as unexercised to date.

From January 1, 2007 to December 31, 2007, we accrued approximately \$108,827 in fees payable to AEF in connection with the AEF agreement (which have been converted to shares in connection with the Debt Conversion Agreements, described below), and we also granted AEF the following securities pursuant to the agreement: warrants to purchase 48,925 shares of our common stock at an exercise price of \$1.10 per share effective March 31, 2007, which have since expired as unexercised; warrants to purchase 55,233 shares of our common stock at an exercise price of \$1.14 per share, effective June 30, 2007; warrants to purchase 51,352 shares of our common stock at an exercise price of \$0.74 per share, effective September 30, 2007; and warrants to purchase 78,130 shares of our common stock at an exercise price of \$0.46 per share, effective December 31, 2007. The Executives' salaries for the year ending December 31, 2009 were \$180,000 and \$75,000 for Mr. Zaikin and Ms. Pochapski, respectively. Additionally, both of the Executives were granted additional stock options in the Company as described below.

Additionally, all of the stock options have the same vesting terms, including the vesting of 1/4th of the stock options on the grant date, and 1/4th of the stock options vesting at the end of each of the Company's next three fiscal quarters. All of the stock options expire three years from the grant date and include a cashless exercise provision.

Vladimir Eret resigned as a Director of the Company effective November 23, 2009.

Oleg Zhuravlev resigned as a Director of the Company effective January 11, 2010.

The Conversion price of \$0.11 per share was calculated based on the average market price of the Company's common stock on the Over-The-Counter Bulletin Board for the six months prior to September 30, 2010.

Included in the creditors who agreed to the Conversions were Alternative Energy Finance (which is an entity controlled by Timothy Pears, a Director of the Company), which converted \$158,924 of debt owed to it by the Company into 1,444,767 shares of restricted common stock (representing 3.4% of the Company's outstanding common stock); Timothy Pears, who converted \$147,537 of debt owed to him by the Company into 1,341,242 shares of restricted common stock (representing 3.2% of the Company's outstanding common stock); Elena Pochapski, the Company's Chief Financial Officer and Director, who converted \$298,832 owed to her by the Company into 2,716,655 shares of restricted common stock (representing 6.5% of the Company's outstanding common stock); and David Zaikin, the Company's Chief Executive Officer and Director, who converted \$1,153,228 of debt owed to him by the Company into 10,483,895 shares of restricted common stock (representing 24.9% of the Company's outstanding common stock). #### What Vote Is Required For Election Of The Directors?

The vote of a plurality of the Company's shares eligible to vote at the Company's annual meeting of stockholders is required for the election of each of the Nominees. As described above, as of the Record Date the Majority Shareholders beneficially own and have agreed to vote (or provide Mr. Zaikin, or his assigns a proxy or voting agreement to vote) an aggregate of \_\_\_\_\_ shares or \_\_\_\_% of our common stock at the Meeting. As such, the Majority Shareholders or their proxies will approve the election of the Directors without the further vote or

consent of any other of the Company's stockholders. Therefore, no further stockholder approval is required or sought.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE ELECTION OF THE NOMINEES NAMED ABOVE TO THE BOARD OF DIRECTORS.

## PROPOSAL 2

TO AUTHORIZE OUR BOARD OF DIRECTORS TO AMEND OUR ARTICLES OF INCORPORATION TO EFFECT A REVERSE SPLIT OF OUR OUTSTANDING COMMON STOCK IN A RATIO OF 1:70 AND TO RE-AUTHORIZE 100,000,000 SHARES OF AUTHORIZED COMMON STOCK, \$0.001 PAR VALUE PER SHARE AND 10,000,000 SHARES OF PREFERRED STOCK, \$0.001 PAR VALUE PER SHARE.

### What Are The Majority Stockholders Approving?

Our Majority Shareholders will approve the filing of a Certificate of Amendment to our Articles of Incorporation to affect a reverse split of our issued and outstanding common stock in a ratio of 1:70 (the "Reverse Stock Split"). The Reverse Stock Split will combine a whole number of outstanding shares of our common stock into one (1) share of common stock, thus reducing the number of outstanding shares without any corresponding change in our par value or market capitalization. As a result, the number of shares of our common stock owned by each stockholder would be reduced in the same proportion as the reduction in the total number of shares outstanding, so that the percentage of the outstanding shares owned by each stockholder would remain unchanged.

In connection with the Reverse Stock Split, we will also re-authorize 100,000,000 shares of common stock, \$0.001 par value per share and 10,000,000 shares of preferred stock, \$0.001 par value per share ("Preferred Stock"), and re-authorize our Board of Directors to determine the rights, preferences and other terms and conditions of our preferred stock as they may determine in their sole discretion. The common stock and preferred stock will be re-authorized, to make it clear that such number of authorized shares of common stock and preferred stock will not be affected by the Reverse Stock Split.

The Reverse Stock Split was previously approved by our Board of Directors (subject to shareholder approval on December 15, 2010). As such, after approval by our Majority Shareholders, we will affect the Reverse Stock Split by directing management to file a Certificate of Amendment to our Articles of Incorporation with the Nevada Secretary of State in a form substantially similar to the attached Appendix A. The Reverse Stock Split will become effective at the time specified in the amendment to our Articles of Incorporation after its filing with the Nevada Secretary of State, which we refer to as the "Effective Time". The text of the proposed amendment to our Articles of Incorporation is subject to modification to include such changes as may be required by the office of the Nevada Secretary of State or as our Board of Directors deems necessary and advisable to affect the Reverse Stock Split.

Our Board of Directors reserves the right, even after approval by our Majority Shareholders, to forego or postpone the filing of the Certificate of Amendment to our Articles of Incorporation in connection with the Reverse Stock Split, if it determines such action is not in our best interests or the best interests of our stockholders.

### What Is The Purpose Of The Reverse Stock Split?

The Board of Directors believes that reducing the number of outstanding shares of the Company's common stock may increase the per share trading value of the Company's common stock and position the Company more favorably for acquisition or development of an operating company for its future development and growth while also providing additional shares of authorized but unissued shares of our common stock for future issuance by the Board of Directors.

We currently have no plans, proposals or arrangements, written or otherwise, regarding the issuance of the shares of common stock which will be authorized but unissued after the consummation of the Reverse Stock Split.

### How Will The Reverse Stock Split Affect My Rights?

The completion of the Reverse Stock Split will not affect any stockholder's proportionate equity interest in our Company, except for the effect of rounding up fractional shares to a nearest whole share (as described in greater detail below). For example, a stockholder who owns a number of shares that prior to the Reverse Stock Split represented one percent of the outstanding shares of the Company would continue to own one percent of our outstanding shares after the Reverse Stock Split. However, the Reverse Stock Split will have the effect of increasing the number of shares available for future issuance because of the reduction in the number of shares that will be outstanding after giving effect to the Reverse Stock Split and because the amendment will also re-authorize 100,000,000 shares of common stock, \$0.001 par value per share and 10,000,000 shares of preferred stock, \$0.001 par value per share. Also, because the Reverse Stock Split will result in fewer shares of our common stock outstanding, the per share income/(loss), per share book value and other "per share" calculations in our quarterly and annual financial statements will be increased proportionately with the Reverse Stock Split.

### What Are Some Of The Potential Disadvantages Of The Reverse Stock Split?

**Reduced Market Capitalization.** While we expect that the reduction in our outstanding shares of common stock will increase the market price of our common stock, we cannot assure you that the Reverse Stock Split will increase the market price of our common stock by a factor equal to the Reverse Stock Split itself (i.e., by 70), or that such Reverse Stock Split will result in any permanent increase in the market price of our common stock, which can be dependent upon many factors, including our business and financial performance and prospects. Should the market price of our common stock decline after the Reverse Stock Split, the percentage decline may be greater, due to the smaller number of shares outstanding and the small number of shares in our public float, than it would have been prior to the Reverse Stock Split. In some cases the stock price of companies that have affected Reverse Stock Splits has subsequently declined back to pre-reverse split levels. Accordingly, we cannot assure you that the market price of our common stock immediately after the effective date of the Reverse Stock Split will be maintained for any period of time or that the ratio of post- and pre-split shares will remain the same after the Reverse Stock Split is effected, or that the Reverse Stock Split will not have an adverse effect on our stock price due to the reduced number of shares outstanding thereafter. Furthermore, a Reverse Stock Split is often viewed negatively by the market and, consequently, can lead to a decrease in our overall market capitalization. If the per share price does not increase proportionately as a result of the Reverse Stock Split, then our overall market capitalization will be reduced.

**Increased Transaction Costs; Round Lot Rounding.** The number of shares held by each individual stockholder will be reduced if the Reverse Stock Split is implemented; however, the Company will round each stockholder's total shares up to a minimum of 100 shares, also called a "round lot." As a result, following the Reverse Stock Split, no shareholder will hold less than 100 shares, no matter how many total shares of common stock that they held prior to the Reverse Stock Split.

**Liquidity.** Although our Board of Directors believes that the decrease in the number of shares of our common stock outstanding as a consequence of the Reverse Stock Split and the anticipated resulting increase in the price of our common stock could encourage interest in our common stock and possibly promote greater liquidity for our stockholders, such liquidity could also be adversely affected by the reduced number of shares outstanding after the Reverse Stock Split.

**Authorized Shares; Future Financings.** Upon effectiveness of the Reverse Stock Split, the number of authorized shares of common stock that are not issued or outstanding would increase. As a result, we will have an increased number of authorized but unissued shares of common stock which we may issue in financings or otherwise. If we issue additional shares, the ownership interests of our current stockholders may be diluted.

Anti-takeover effects. The Reverse Stock Split could have an anti-takeover effect, in that additional shares of common stock could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover of the Company more difficult. For example, we could issue additional shares so as to dilute the stock ownership or voting rights of persons seeking to obtain control of the Company, which could be exacerbated by the Reverse Stock Split. Similarly, the issuance of additional shares to certain persons allied with our management could have the effect of making it more difficult to remove our current management by diluting the stock ownership or voting rights of persons seeking to cause such removal, which could resist or frustrate a third-party transaction in the future, which may otherwise be favored by a majority of our independent shareholders. However, the Reverse Stock Split is being affected for the primary purpose of providing us with greater flexibility with respect to our capital structure for such purposes as additional equity financings and future stock based acquisitions, and not to construct or enable any anti-takeover defense or mechanism on behalf of the Company. Although the increased proportion of unissued authorized shares to issued shares of common stock following the Reverse Stock Split, could under certain circumstances have an anti-takeover effect, the Reverse Stock Split is not being undertaken to accumulate shares of our common stock, obtain control of the Company or cause any anti-takeover effect. Furthermore, we do not currently have any plans or proposals to adopt other provisions or enter into other arrangements that may have material anti-takeover consequences.

Additionally, other currently existing provisions of our Articles of Incorporation and Bylaws may have anti-takeover effects, making it more difficult for or preventing a third party from acquiring control of the Company or changing our Board of Directors and management. Our Articles of Incorporation provide that our Board of Directors may issue, without further stockholder approval, up to 10,000,000 shares of Preferred Stock, par value \$0.001 per share, in one or more classes or series within a class.

Finally, any Preferred Stock issued in the future may rank senior to our common stock with respect to the payment of dividends or amounts upon liquidation, dissolution or winding up of us, or both. In addition, any such shares of Preferred Stock may have class or series voting rights. The issuance of additional shares of Preferred Stock, while providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from acquiring, a majority of our outstanding voting stock. According to our Bylaws and Articles of Incorporation, neither the holders of our common stock, nor the holders of our Preferred Stock have cumulative voting rights in the election of our directors.

#### Additional Anti-Takeover Provisions of Our Organizational Documents

##### Business Combinations

Sections 78.411 to 78.444 of the Nevada Revised Statutes (“NRS”) prohibit a Nevada corporation from engaging in a “combination” with an “interested stockholder” for three years following the date that such person becomes an interested shareholder and place certain restrictions on such combinations even after the expiration of the three-year period. With certain exceptions, an interested stockholder is a person or group that owns 10% or more of the corporation’s outstanding voting power (including stock with respect to which the person has voting rights and any rights to acquire stock pursuant to an option, warrant, agreement, arrangement, or understanding or upon the exercise of conversion or exchange rights) or is an affiliate or associate of the corporation and was the owner of 10% or more of such voting stock at any time within the previous three years.

##### Control Shares

Nevada law also seeks to impede “unfriendly” corporate takeovers by providing in Sections 78.378 to 78.3793 of the NRS that an “acquiring person” shall only obtain voting rights in the “control shares” purchased by such person to the extent approved by the other shareholders at a meeting. With certain exceptions, an acquiring person is one who

acquires or offers to acquire a “controlling interest” in the corporation, defined as one-fifth or more of the voting power. Control shares include not only shares acquired or offered to be acquired in connection with the acquisition of a controlling interest, but also all shares acquired by the acquiring person within the preceding 90 days. The statute covers not only the acquiring person but also any persons acting in association with the acquiring person.

Will Fractional Shares Be Issued In Connection With The Reverse Stock Split?

No. In the event a stockholder would have received a fractional share of common stock following the Reverse Stock Split, the Company will round up fractional shares to the nearest whole share. For example, a stockholder with 699 shares of common stock would receive 10 shares of our common stock following a 1:70 Reverse Stock Split. Additionally, as stated above, no shareholder will receive less than 100 shares of common stock following the Reverse Stock Split. For example, shareholders with between one (1) and 7,000 shares of common stock prior to the Reverse Stock Split will each receive 100 shares of common stock following such Reverse Stock Split.

What Will The Effect Of Our Reverse Stock Split Be On Our Outstanding Options?

Following the Reverse Stock Split, the exercise price and number of shares issuable in connection with the exercise of the Company's outstanding options will be adjusted in proportion to the Reverse Stock Split. For example, an outstanding option to purchase 70 shares of common stock at an exercise price of \$0.10 will, upon the Reverse Stock Split, be automatically adjusted to provide for the purchase of one (1) share of common stock with an exercise price of \$7.00 per share.

The result of the proposed Reverse Stock Split is shown in the table below:

	Issued and Outstanding shares of Common Stock	Shares of Common Stock Reserved For Issuance*	Authorized but unreserved (using 100,000,000 shares of common stock authorized)
As of the date of this filing			
Following the 1:70 Reverse Stock Split(1)	(2)		(2)

\* Includes shares issuable upon the exercise of outstanding options (and does not include any shares which will be reserved for issuance following the approval of Proposal 3 herein).

(1) Assumes no additional shares of common stock are issued from the date of this filing to the date such Reverse Stock Split is approved and implemented.

(2) Does not include the affects of "round lot" rounding as described above.

How Will I Exchange My Stock?

Promptly after the Effective Time, you will be notified that the Reverse Stock Split has been affected. Our stock transfer agent, American Stock Transfer & Trust Company, whom we refer to as the "Exchange Agent", will implement the exchange of stock certificates representing post-reverse split shares of our common stock in exchange for pre-reverse split shares of our common stock from our stockholders of record. You will be asked to surrender to the Exchange Agent certificate(s) representing your pre-split shares in exchange for certificates representing your post-split shares in accordance with the procedures to be set forth in a letter of transmittal which we will send to you following the Effective Time. You will not receive a new stock certificate representing your post-split shares until you surrender your outstanding certificate(s) representing your pre-split shares, together with the properly completed and executed letter of transmittal to the Exchange Agent and any other information or materials which the Exchange Agent may require. We will round fractional shares up to the nearest whole share (as described in greater detail

above).

PLEASE DO NOT DESTROY ANY STOCK CERTIFICATE OR SUBMIT ANY OF YOUR CERTIFICATES UNTIL YOU ARE REQUESTED TO DO SO.

What Are The Federal Income Tax Consequences Of The Reverse Stock Split?

The federal income tax consequences of the Reverse Stock Split to our stockholders and to us are based on the Internal Revenue Code of 1986, as amended (the "Code"), applicable Treasury Regulations promulgated under the Code, judicial authority and current administrative rulings and practices of the United States Internal Revenue Service (the "Service"). Changes to the laws could alter the tax consequences, possibly with a retroactive effect. We have not sought and will not seek an opinion of counsel or a ruling from the Service regarding the federal income tax consequences of the proposed Reverse Stock Split.

We will not recognize any gain or loss as a result of the Reverse Stock Split.

WE URGE STOCKHOLDERS TO CONSULT THEIR OWN TAX ADVISORS TO DETERMINE THE PARTICULAR CONSEQUENCES TO THEM.

What Vote Is Required For Approval?

Our Majority Shareholders will approve the filing of a Certificate of Amendment to our Articles of Incorporation to affect a Reverse Stock Split of our issued and outstanding common stock in a ratio of 1:70 and to re-authorize 100,000,000 shares of common stock, \$0.001 par value per share and 10,000,000 shares of preferred stock, \$0.001 par value per share. Therefore, no further stockholder approval is required or sought.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE AMENDMENT TO OUR ARTICLES OF INCORPORATION TO AFFECT THE REVERSE STOCK SPLIT.

How much common stock is subject to the Plan?

Subject to adjustment in connection with the payment of a stock dividend, a stock split or subdivision or combination of the shares of common stock, or a reorganization or reclassification of the Company's common stock, the maximum aggregate number of shares of common stock which may be issued pursuant to awards under the Plan is 4,000,000 shares, provided that such number of shares shall be reduced to 57,142 shares following the Reverse Stock Split. Such shares of common stock shall be made available from the authorized and unissued shares of the Company.

No, the Company does not have any current plans to make any grants of options or to issue any securities under the Plan; however, the Company believes that the authorization of such Plan will provide the Company greater flexibility at such time in the future, if ever, as the Company's Board of Directors believes it is in the best interest of the Company to grant or issue securities pursuant to the Plan.

What is the exercise price and expiration date of options and awards under the Plan?

The Board of Directors, in its sole discretion, shall determine the exercise price of any Options granted under the Plan which exercise price shall be set forth in the agreement evidencing the Option, provided however that at no time shall the exercise price be less than the \$0.001 par value per share of the Company's common stock. What equitable adjustments will be made in the event of certain corporate transactions?

and unless otherwise provided in the award agreement with respect to a particular award, all outstanding stock options shall become immediately exercisable in full, subject to any appropriate adjustments, and shall remain exercisable for the remaining option period, regardless of any provision in the related award agreement limiting the ability to exercise such stock option or any portion thereof for any length of time. All outstanding performance shares with respect to which the applicable performance period has not been completed shall be paid out as soon as practicable; and all outstanding shares of restricted stock with respect to which the restrictions have not lapsed shall be deemed vested and all such restrictions shall be deemed lapsed and the restriction period ended.

Additionally, after the merger of one or more corporations into the Company, any merger of the Company into another corporation, any consolidation of the Company and one or more corporations, or any other corporate reorganization of any form involving the Company as a party thereto and involving any exchange, conversion, adjustment or other modification of the outstanding shares of the common stock, each participant shall, at no additional cost, be entitled, upon any exercise of such participant's stock option, to receive, in lieu of the number of shares as to which such stock option shall then be so exercised, the number and class of shares of stock or other securities or such other property to which such participant would have been entitled to pursuant to the terms of the agreement of merger or consolidation or reorganization, if at the time of such merger or consolidation or

The Board may adopt, establish, amend and rescind such rules, regulations and procedures as it may deem appropriate for the proper administration of the Plan, make all other determinations which are, in the Board's judgment, necessary or desirable for the proper administration of the Plan, amend the Plan or a Stock Award as provided in Article XI, and terminate or suspend the Plan as provided in Article XI. All acts, determinations and decisions of the Board made or taken pursuant to the Plan or with respect to any questions arising in connection with the administration and interpretation of the Plan or any Award Agreement, including the severability of any and all of the provisions thereof, shall be conclusive, final and binding upon all persons.

3.2 The Board may, to the full extent permitted by and consistent with applicable law and the Company's Bylaws, and subject to Subparagraph 3.2(b) hereinbelow, delegate any or all of its powers with respect to the administration of the Plan to a Committee consisting of not fewer than two members of the Board each of whom shall qualify (at the time of appointment to the Committee and during all periods of service on the Committee) in all respects as a Non-Employee Director and as an Outside Director.

(a) If administration is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board, including the power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise (and references in the Plan to the Board shall thereafter be to the Committee or subcommittee), subject, however, to such resolutions, not consistent with the provisions of the Plan, as may be adopted from time to time by the Board.

(b) The Board may abolish the Committee at any time and reassume all powers and authority previously delegated to the Committee.

(c) In addition to, and not in limitation of, the right of any Committee so designated by the Board to administer this Plan to grant Awards to Eligible Persons under this Plan, the full Board of Directors may from time to time grant Awards to Eligible Persons pursuant to the terms and conditions of this Plan, subject to the requirements of the Code, Rule 16b-3 under the Act or any other applicable law, rule or regulation. In connection with any such grants, the Board of Directors shall have all of the power and authority of the Committee to determine the Eligible Persons to whom such Awards shall be granted and the other terms and conditions of such Awards.

The Board may take such actions pursuant to this Section 3.3 by adopting rules and regulations of general applicability to all Participants or to certain categories of Participants, by including, amending or waiving terms and conditions in an Award and the related Award Agreement, or by taking action with respect to individual Participants from time to time.

3.4 Subject to the provisions of Section 3.9, the maximum aggregate number of shares of Common Stock which may be issued pursuant to Awards under the Plan shall be 4,000,000 (Four million) shares. In no event, however, may Common Stock that is surrendered or withheld to pay the exercise price of a Stock Option or to satisfy tax withholding requirements be available for future grants under the Plan.

(c) The foregoing subsections (a) and (b) of this Section 3.4 shall be subject to any limitations provided by the Code or by Rule 16b-3 under the Act or by any other applicable law, rule or regulation.

3.5 Each Award granted under the Plan shall be evidenced by a written Award Agreement, which shall be subject to and shall incorporate (by reference or otherwise) the applicable terms and conditions of the Plan and shall include any other terms and conditions (not inconsistent with the Plan) required by the Board.

3.6 The Company shall not be required to issue or deliver any certificates for shares of Common Stock under the Plan prior to:

(a) any required approval of the Plan by the shareholders of the Company; and

(b) the completion of any registration or qualification of such shares of Common Stock under any federal or state law, or any ruling or regulation of any governmental body that the Company shall, in its sole discretion, determine to be necessary or advisable.

3.7 The Board may require any Participant acquiring shares of Common Stock pursuant to any Award under the Plan to represent to and agree with the Company in writing that such person is acquiring the shares of Common Stock for investment purposes and without a view to resale or distribution thereof. Shares of Common Stock issued and delivered under the Plan shall also be subject to such stop-transfer orders and other restrictions as the Board may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Common Stock is then listed and any applicable federal or state laws, and the Board may cause a legend or legends to be placed on the certificate or certificates representing any such shares to make appropriate reference to any such restrictions. In making such determination, the Board may rely upon an opinion of counsel for the Company.

3.8 Except as otherwise expressly provided in the Plan or in an Award Agreement with respect to an Award, no Participant shall have any right as a shareholder of the Company with respect to any shares of Common Stock subject to such Participant's Award except to the extent that, and until, one or more certificates representing such shares of Common Stock shall have been delivered to the Participant. No shares shall be required to be issued, and no certificates shall be required to be delivered, under the Plan unless and until all of the terms and conditions applicable to such Award shall have, in the sole discretion of the Board, been satisfied in full and any restrictions shall have lapsed in full, and unless and until all of the requirements of law and of all regulatory bodies having jurisdiction over

the offer and sale, or issuance and delivery, of the shares shall have been fully complied with.

3.9 The total amount of shares with respect to which Awards may be granted under the Plan and rights of outstanding Awards (both as to the number of shares subject to the outstanding Awards and the Option Price(s) or other purchase price(s) of such shares, as applicable) shall be appropriately adjusted for any increase or decrease in the number of outstanding shares of Common Stock of the Company resulting from payment of a stock dividend on the Common Stock, a stock split or subdivision or combination of shares of the Common Stock, or a reorganization or reclassification of the Common Stock, or any other change in the structure of shares of the Common Stock. The foregoing adjustments and the manner of application of the foregoing provisions shall be determined by the Board in its sole discretion. Any such adjustment may provide for the elimination of any fractional shares which might otherwise become subject to an Award. All adjustments made as the result of the foregoing in respect of each Incentive Stock Option shall be made so that such Incentive Stock Option shall continue to be an Incentive Stock Option, as defined in Section 422 of the Code.

---

3.10 No director or person acting pursuant to authority delegated by the Board shall be liable for any action or determination under the Plan made in good faith. The members of the Board shall be entitled to indemnification by the Company in the manner and to the extent set forth in the Company's Articles of Incorporation, as amended, Bylaws or as otherwise provided from time to time regarding indemnification of Directors.

3.11 The Board shall be authorized to make adjustments in any performance based criteria or in the other terms and conditions of outstanding Awards in recognition of unusual or nonrecurring events affecting the Company (or any Affiliate, if applicable) or its financial statements or changes in applicable laws, regulations or accounting principles. The Board may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award Agreement in the manner and to the extent it shall deem necessary or desirable to reflect any such adjustment. In the event the Company (or any Affiliate, if applicable) shall assume outstanding employee benefit awards or the right or obligation to make future such awards in connection with the acquisition of another corporation or business entity, the Board may, in its sole discretion, make such adjustments in the terms of outstanding Awards under the Plan as it shall deem appropriate.

3.12 Subject to the express provisions of the Plan, the Board shall have full power and authority to determine whether, to what extent and under what circumstances any outstanding Award shall be terminated, canceled, forfeited or suspended. Notwithstanding the foregoing or any other provision of the Plan or an Award Agreement, all Awards to any Participant that are subject to any restriction or have not been earned or exercised in full by the Participant shall be terminated and canceled if the Participant is terminated for cause, as determined by the Board in its sole discretion.

#### ARTICLE IV -- INCENTIVE STOCK OPTIONS

4.1 The Board, in its sole discretion, may from time to time on or after the Effective Date grant Incentive Stock Options to Eligible Employees, subject to the provisions of this Article IV and Articles III and VI and subject to the following conditions:

(a) Incentive Stock Options shall be granted only to Eligible Employees, each of whom may be granted one or more of such Incentive Stock Options at such time or times determined by the Board.

(b) The Option Price per share of Common Stock for an Incentive Stock Option shall be set in the Award Agreement, but shall not be less than (i) one hundred percent (100%) of the Fair Market Value of the Common Stock at the Grant Date, or (ii) in the case of an Incentive Stock Option granted to a Ten Percent Stockholder, one hundred ten percent (110%) of the Fair Market Value of the Common Stock at the Grant Date.

(c) An Incentive Stock Option may be exercised in full or in part from time to time within ten (10) years from the Grant Date, or such shorter period as may be specified by the Board as the Option Period and set forth in the Award Agreement; provided, however, that, in the case of an Incentive Stock Option granted to a Ten Percent Stockholder, such period shall not exceed five (5) years from the Grant Date; and further, provided that, in any event, the Incentive Stock Option shall lapse and cease to be exercisable upon a Termination of Service or within such period following a Termination of Service as shall have been determined by the Board and set forth in the related Award Agreement; and provided, further, that such period shall not exceed the period of time ending on the date three (3) months following a Termination of Service, unless employment shall have terminated:

(i) as a result of Disability, in which event such period shall not exceed the period of time ending on the date twelve (12) months following a Termination of Service; or

(ii) as a result of death, or if death shall have occurred following a Termination of Service (other than as a result of Disability) and during the period that the Incentive Stock Option was still exercisable, in which event such period may not exceed the period of time ending on the earlier of the date twelve (12) months after the date of death;

and provided, further, that such period following a Termination of Service or death shall in no event extend beyond the original Option Period of the Incentive Stock Option.

(d) The aggregate Fair Market Value of the shares of Common Stock with respect to which any Incentive Stock Options (whether under this Plan or any other plan established by the Company) are first exercisable during any calendar year by any Eligible Employee shall not exceed one hundred thousand dollars (\$100,000), determined based on the Fair Market Value(s) of such shares as of their respective Grant Dates; provided, however, that to the extent permitted under Section 422 of the Code, if the aggregate Fair Market Values of the shares of Common Stock with respect to which Stock Options intended to be Incentive Stock Options are first exercisable by any Eligible Employee during any calendar year (whether such Stock Options are granted under this Plan or any other plan established by the Company) exceed one hundred thousand dollars (\$100,000), the Stock Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Nonqualified Stock Options.

(e) No Incentive Stock Options may be granted more than ten (10) years from the Effective Date.

(f) The Award Agreement for each Incentive Stock Option shall provide that the Participant shall notify the Company if such Participant sells or otherwise transfers any shares of Common Stock acquired upon exercise of the Incentive Stock Option within two (2) years of the Grant Date of such Incentive Stock Option or within one (1) year of the date such shares were acquired upon the exercise of such Incentive Stock Option.

4.2 Subject to the limitations of Section 3.4, the maximum aggregate number of shares of Common Stock subject to Incentive Stock Option Awards shall be the maximum aggregate number of shares available for Awards under the Plan.

4.3 The Board may provide for any other terms and conditions which it determines should be imposed for an Incentive Stock Option to qualify under Section 422 of the Code, as well as any other terms and conditions not inconsistent with this Article IV or Articles III or VI, as determined in its sole discretion and set forth in the Award Agreement for such Incentive Stock Option.

4.4 Each provision of this Article IV and of each Incentive Stock Option granted hereunder shall be construed in accordance with the provisions of Section 422 of the Code, and any provision hereof that cannot be so construed shall be disregarded.

#### ARTICLE V -- NONQUALIFIED STOCK OPTIONS

5.1 The Board, in its sole discretion, may from time to time on or after the Effective Date grant Nonqualified Stock Options to Eligible Persons, subject to the provisions of this Article V and Articles III and VI and subject to the following conditions:

(a) Nonqualified Stock Options may be granted to any Eligible Person, each of whom may be granted one or more of such Nonqualified Stock Options, at such time or times determined by the Board.

(b) The Option Price per share of Common Stock for a Nonqualified Stock Option shall be set in the Award Agreement and may be less than one hundred percent (100%) of the Fair Market Value of the Common Stock at the Grant Date; provided, however, that the exercise price of each Nonqualified Stock Option granted under the Plan shall in no event be less than the par value per share of the Company's Common Stock.

(c) A Nonqualified Stock Option may be exercised in full or in part from time to time within the Option Period specified by the Board and set forth in the Award Agreement; provided, however, that, in any event, the Nonqualified Stock Option shall lapse and cease to be exercisable upon a Termination of Service or within such period following a Termination of Service as shall have been determined by the Board and set forth in the related Award Agreement.

5.2 The Board may provide for any other terms and conditions for a Nonqualified Stock Option not inconsistent with this Article V or Articles III or VI, as determined in its sole discretion and set forth in the Award Agreement for such Nonqualified Stock Option.

#### ARTICLE VI -- INCIDENTS OF STOCK OPTIONS

6.1 Each Stock Option shall be granted subject to such terms and conditions, if any, not inconsistent with this Plan, as shall be determined by the Board and set forth in the related Award Agreement, including any provisions as to continued employment as consideration for the grant or exercise of such Stock Option and any provisions which may be advisable to comply with applicable laws, regulations or rulings of any governmental authority.

6.2 Except as hereinafter described, a Stock Option shall not be transferable by the Participant other than by will or by the laws of descent and distribution, and shall be exercisable during the lifetime of the Participant only by the Participant or the Participant's guardian or legal representative. In the event of the death of a Participant, any unexercised Stock Options may be exercised to the extent otherwise provided herein or in such Participant's Award Agreement by the executor or personal representative of such Participant's estate or by any person who acquired the right to exercise such Stock Options by bequest under the Participant's will or by inheritance. The Board, in its sole discretion, may at any time permit a Participant to transfer a Nonqualified Stock Option for no consideration to or for the benefit of one or more members of the Participant's Immediate Family (including, without limitation, to a trust for the benefit of the Participant and/or one or more members of such Participant's Immediate Family or a corporation, partnership or limited liability company established and controlled by the Participant and/or one or more members of such Participant's Immediate Family), subject to such limits as the Board may establish. The transferee of such Nonqualified Stock Option shall remain subject to all terms and conditions applicable to such Nonqualified Stock Option prior to such transfer. The foregoing right to transfer the Nonqualified Stock Option, if granted by the Board shall apply to the right to consent to amendments to the Award Agreement.

6.3 Shares of Common Stock purchased upon exercise of a Stock Option shall be paid for in such amounts, at such times and upon such terms as shall be determined by the Board, subject to limitations set forth in the Stock Option Award Agreement. The Board may, in its sole discretion, permit the exercise of a Stock Option by payment in cash or by tendering shares of Common Stock (either by actual delivery of such shares or by attestation), or any combination thereof, as determined by the Board. In the sole discretion of the Board, payment in shares of Common Stock also may be made with shares received upon the exercise or partial exercise of the Stock Option, whether or not involving a series of exercises or partial exercises and whether or not share certificates for such shares surrendered have been delivered to the Participant. The Board also may, in its sole discretion, permit the payment of the exercise price of a Stock Option by the voluntary surrender of all or a portion of the Stock Option. Shares of Common Stock previously held by the Participant and surrendered in payment of the Option Price of a Stock Option shall be valued for such purpose at the Fair Market Value thereof on the date the Stock Option is exercised.

6.4 The holder of a Stock Option shall have no rights as a shareholder with respect to any shares covered by the Stock Option (including, without limitation, any voting rights, the right to inspect or receive the Company's balance

sheets or financial statements or any rights to receive dividends or non-cash distributions with respect to such shares) until such time as the holder has exercised the Stock Option and then only with respect to the number of shares which are the subject of the exercise. No adjustment shall be made for dividends or other rights for which the record date is prior to the date such stock certificate is issued.

-41-

---

6.5 The Board may permit the voluntary surrender of all or a portion of any Stock Option granted under the Plan to be conditioned upon the granting to the Participant of a new Stock Option for the same or a different number of shares of Common Stock as the Stock Option surrendered, or may require such voluntary surrender as a condition precedent to a grant of a new Stock Option to such Participant. Subject to the provisions of the Plan, such new Stock Option shall be exercisable at such Option Price, during such Option Period and on such other terms and conditions as are specified by the Board at the time the new Stock Option is granted. Upon surrender, the Stock Options surrendered shall be canceled and the shares of Common Stock previously subject to them shall be available for the grant of other Stock Options.

6.6 The Board may at any time offer to purchase a Participant's outstanding Stock Option for a payment equal to the value of such Stock Option payable in cash, shares of Common Stock or Restricted Stock or other property upon surrender of the Participant's Stock Option, based on such terms and conditions as the Board shall establish and communicate to the Participant at the time that such offer is made.

6.7 The Board shall have the discretion, exercisable either at the time the Award is granted or at the time the Participant discontinues employment, to establish as a provision applicable to the exercise of one or more Stock Options that, during a limited period of exercisability following a Termination of Service, the Stock Option may be exercised not only with respect to the number of shares of Common Stock for which it is exercisable at the time of the Termination of Service but also with respect to one or more subsequent installments for which the Stock Option would have become exercisable had the Termination of Service not occurred.

#### ARTICLE VII -- RESTRICTED STOCK

7.1 The Board, in its sole discretion, may from time to time on or after the Effective Date award shares of Restricted Stock to Eligible Persons as a reward for past service and an incentive for the performance of future services that will contribute materially to the successful operation of the Company and its Affiliates, subject to the terms and conditions set forth in this Article VII.

7.2 The Board shall determine the terms and conditions of any Award of Restricted Stock, which shall be set forth in the related Award Agreement, including without limitation:

- (a) the purchase price, if any, to be paid for such Restricted Stock, which may be zero, subject to such minimum consideration as may be required by applicable law;
- (b) the duration of the Restriction Period or Restriction Periods with respect to such Restricted Stock and whether any events may accelerate or delay the end of such Restriction Period(s);
- (c) the circumstances upon which the restrictions or limitations shall lapse, and whether such restrictions or limitations shall lapse as to all shares of Restricted Stock at the end of the Restriction Period or as to a portion of the shares of Restricted Stock in installments during the Restriction Period by means of one or more vesting schedules;
- (d) whether such Restricted Stock is subject to repurchase by the Company or to a right of first refusal at a predetermined price or if the Restricted Stock may be forfeited entirely under certain conditions;
- (e) whether any performance goals may apply to a Restriction Period to shorten or lengthen such period; and
- (f) whether dividends and other distributions with respect to such Restricted Stock are to be paid currently to the Participant or withheld by the Company for the account of the Participant.

7.3 Awards of Restricted Stock must be accepted within a period of thirty (30) days after the Grant Date (or such shorter or longer period as the Board may specify at such time) by executing an Award Agreement with respect to such Restricted Stock and tendering the purchase price, if any. A prospective recipient of an Award of Restricted Stock shall not have any rights with respect to such Award, unless such recipient has executed an Award Agreement with respect to such Restricted Stock, has delivered a fully executed copy thereof to the Board and has otherwise complied with the applicable terms and conditions of such Award.

7.4 In the sole discretion of the Board and as set forth in the Award Agreement for an Award of Restricted Stock, all shares of Restricted Stock held by a Participant and still subject to restrictions shall be forfeited by the Participant upon the Participant's Termination of Service and shall be reacquired, canceled and retired by the Company. Notwithstanding the foregoing, unless otherwise provided in an Award Agreement with respect to an Award of Restricted Stock, in the event of the death, Disability or Retirement of a Participant during the Restriction Period, or in other cases of special circumstances (including hardship or other special circumstances of a Participant whose employment is involuntarily terminated), the Board may elect to waive in whole or in part any remaining restrictions with respect to all or any part of such Participant's Restricted Stock, if it finds that a waiver would be appropriate.

7.5 Except as otherwise provided in this Article VII, no shares of Restricted Stock received by a Participant shall be sold, exchanged, transferred, pledged, hypothecated or otherwise disposed of during the Restriction Period.

7.6 Upon an Award of Restricted Stock to a Participant, a certificate or certificates representing the shares of such Restricted Stock will be issued to and registered in the name of the Participant. Unless otherwise determined by the Board, such certificate or certificates will be held in custody by the Company until (i) the Restriction Period expires and the restrictions or limitations lapse, in which case one or more certificates representing such shares of Restricted Stock that do not bear a restrictive legend (other than any legend as required under applicable federal or state securities laws) shall be delivered to the Participant, or (ii) a prior forfeiture by the Participant of the shares of Restricted Stock subject to such Restriction Period, in which case the Company shall cause such certificate or certificates to be canceled and the shares represented thereby to be retired, all as set forth in the Participant's Award Agreement. It shall be a condition of an Award of Restricted Stock that the Participant deliver to the Company a stock power endorsed in blank relating to the shares of Restricted Stock to be held in custody by the Company.

7.7 Except as provided in this Article VII or in the related Award Agreement, a Participant receiving an Award of shares of Restricted Stock Award shall have, with respect to such shares, all rights of a shareholder of the Company, including the right to vote the shares and the right to receive any distributions, unless and until such shares are otherwise forfeited by such Participant; provided, however, the Board may require that any cash dividends with respect to such shares of Restricted Stock be automatically reinvested in additional shares of Restricted Stock subject to the same restrictions as the underlying Award, or may require that cash dividends and other distributions on Restricted Stock be withheld by the Company or its Affiliates for the account of the Participant. The Board shall determine whether interest shall be paid on amounts withheld, the rate of any such interest, and the other terms applicable to such withheld amounts.

#### ARTICLE VIII -- STOCK AWARDS

8.1 The Board, in its sole discretion, may from time to time on or after the Effective Date grant Stock Awards to Eligible Persons in payment of compensation that has been earned or as compensation to be earned, including without limitation compensation awarded or earned concurrently with or prior to the grant of the Stock Award, subject to the terms and conditions set forth in this Article VIII.

8.2 For the purposes of this Plan, in determining the value of a Stock Award, all shares of Common Stock subject to such Stock Award shall be set in the Award Agreement and may be less than one hundred percent (100%)

of the Fair Market Value of the Common Stock at the Grant Date.

-43-

---

8.3 Unless otherwise determined by the Board and set forth in the related Award Agreement, shares of Common Stock subject to a Stock Award will be issued, and one or more certificates representing such shares will be delivered, to the Participant as soon as practicable following the Grant Date of such Stock Award. Upon the issuance of such shares and the delivery of one or more certificates representing such shares to the Participant, such Participant shall be and become a shareholder of the Company fully entitled to receive dividends, to vote and to exercise all other rights of a shareholder of the Company. Notwithstanding any other provision of this Plan, unless the Board expressly provides otherwise with respect to a Stock Award, as set forth in the related Award Agreement, no Stock Award shall be deemed to be an outstanding Award for purposes of the Plan.

#### ARTICLE IX -- PERFORMANCE SHARES

9.1 The Board, in its sole discretion, may from time to time on or after the Effective Date award Performance Shares to Eligible Persons as an incentive for the performance of future services that will contribute materially to the successful operation of the Company and its Affiliates, subject to the terms and conditions set forth in this Article IX.

9.2 The Board shall determine the terms and conditions of any Award of Performance Shares, which shall be set forth in the related Award Agreement, including without limitation:

- (a) the purchase price, if any, to be paid for such Performance Shares, which may be zero, subject to such minimum consideration as may be required by applicable law;
- (b) the performance period (the "Performance Period") and/or performance objectives (the "Performance Objectives") applicable to such Awards;
- (c) the number of Performance Shares that shall be paid to the Participant if the applicable Performance Objectives are exceeded or met in whole or in part; and
- (d) the form of settlement of a Performance Share.

9.3 At any date, each Performance Share shall have a value equal to the Fair Market Value of a share of Common Stock.

9.4 Performance Periods may overlap, and Participants may participate simultaneously with respect to Performance Shares for which different Performance Periods are prescribed.

9.5 Performance Objectives may vary from Participant to Participant and between Awards and shall be based upon such performance criteria or combination of factors as the Board may deem appropriate, including, but not limited to, minimum earnings per share or return on equity. If during the course of a Performance Period there shall occur significant events which the Board expects to have a substantial effect on the applicable Performance Objectives during such period, the Board may revise such Performance Objectives.

9.6 In the sole discretion of the Board and as set forth in the Award Agreement for an Award of Performance Shares, all Performance Shares held by a Participant and not earned shall be forfeited by the Participant upon the Participant's Termination of Service. Notwithstanding the foregoing, unless otherwise provided in an Award Agreement with respect to an Award of Performance Shares, in the event of the death, Disability or Retirement of a Participant during the applicable Performance Period, or in other cases of special circumstances (including hardship or other special circumstances of a Participant whose employment is involuntarily terminated), the Board may determine to make a payment in settlement of such Performance Shares at the end of the Performance Period, based upon the extent to which the Performance Objectives were satisfied at the end of such period and pro rated for the portion of the Performance Period during which the Participant was employed by the Company or an Affiliate; provided, however,

that the Board may provide for an earlier payment in settlement of such Performance Shares in such amount and under such terms and conditions as the Board deems appropriate or desirable.

-44-

---

9.7 The settlement of a Performance Share shall be made in cash, whole shares of Common Stock or a combination thereof and shall be made as soon as practicable after the end of the applicable Performance Period. Notwithstanding the foregoing, the Board in its sole discretion may allow a Participant to defer payment in settlement of Performance Shares on terms and conditions approved by the Board and set forth in the related Award Agreement entered into in advance of the time of receipt or constructive receipt of payment by the Participant.

9.8 Performance Shares shall not be transferable by the Participant. The Board shall have the authority to place additional restrictions on the Performance Shares including, but not limited to, restrictions on transfer of any shares of Common Stock that are delivered to a Participant in settlement of any Performance Shares.

#### ARTICLE X -- CHANGES OF CONTROL OR OTHER FUNDAMENTAL CHANGES

10.1 Upon the occurrence of a Change of Control and unless otherwise provided in the Award Agreement with respect to a particular Award:

(a) all outstanding Stock Options shall become immediately exercisable in full, subject to any appropriate adjustments in the number of shares subject to the Stock Option and the Option Price, and shall remain exercisable for the remaining Option Period, regardless of any provision in the related Award Agreement limiting the exercisability of such Stock Option or any portion thereof for any length of time;

(b) all outstanding Performance Shares with respect to which the applicable Performance Period has not been completed shall be paid out as soon as practicable as follows:

(i) all Performance Objectives applicable to the Award of Performance Shares shall be deemed to have been satisfied to the extent necessary to earn one hundred percent (100%) of the Performance Shares covered by the Award;

(ii) the applicable Performance Period shall be deemed to have been completed upon occurrence of the Change of Control;

(iii) the payment to the Participant in settlement of the Performance Shares shall be the amount determined by the Board, in its sole discretion, or in the manner stated in the Award Agreement, as multiplied by a fraction, the numerator of which is the number of full calendar months of the applicable Performance Period that have elapsed prior to occurrence of the Change of Control, and the denominator of which is the total number of months in the original Performance Period; and

(iv) upon the making of any such payment, the Award Agreement as to which it relates shall be deemed terminated and of no further force and effect.

(c) all outstanding shares of Restricted Stock with respect to which the restrictions have not lapsed shall be deemed vested, and all such restrictions shall be deemed lapsed and the Restriction Period ended.

10.2 Anything contained herein to the contrary notwithstanding, upon the dissolution or liquidation of the Company, each Award granted under the Plan and then outstanding shall terminate; provided, however, that following the adoption of a plan of dissolution or liquidation, and in any event prior to the effective date of such dissolution or liquidation, each such outstanding Award granted hereunder shall be exercisable in full and all restrictions shall lapse, to the extent set forth in Section 10.1(a), (b) and (c) above.

10.3 After the merger of one or more corporations into the Company or any Affiliate, any merger of the Company into another corporation, any consolidation of the Company or any Affiliate of the Company and one or more corporations, or any other corporate reorganization of any form involving the Company as a party thereto and

involving any exchange, conversion, adjustment or other modification of the outstanding shares of the Common Stock, each Participant shall, at no additional cost, be entitled, upon any exercise of such Participant's Stock Option, to receive, in lieu of the number of shares as to which such Stock Option shall then be so exercised, the number and class of shares of stock or other securities or such other property to which such Participant would have been entitled to pursuant to the terms of the agreement of merger or consolidation or reorganization, if at the time of such merger or consolidation or reorganization, such Participant had been a holder of record of a number of shares of Common Stock equal to the number of shares as to which such Stock Option shall then be so exercised. Comparable rights shall accrue to each Participant in the event of successive mergers, consolidations or reorganizations of the character described above. The Board may, in its sole discretion, provide for similar adjustments upon the occurrence of such events with regard to other outstanding Awards under this Plan. The foregoing adjustments and the manner of application of the foregoing provisions shall be determined by the Board in its sole discretion. Any such adjustment may provide for the elimination of any fractional shares which might otherwise become subject to an Award. All adjustments made as the result of the foregoing in respect of each Incentive Stock Option shall be made so that such Incentive Stock Option shall continue to be an Incentive Stock Option, as defined in Section 422 of the Code.

## ARTICLE XI -- AMENDMENT AND TERMINATION

11.1 Subject to the provisions of Section 11.2, the Board of Directors at any time and from time to time may amend or terminate the Plan as may be necessary or desirable to implement or discontinue the Plan or any provision hereof. To the extent required by the Act or the Code, however, no amendment, without approval by the Company's shareholders, shall:

- (a) materially alter the group of persons eligible to participate in the Plan;
- (b) except as provided in Section 3.4, change the maximum aggregate number of shares of Common Stock that are available for Awards under the Plan;
- (c) alter the class of individuals eligible to receive an Incentive Stock Option or increase the limit on Incentive Stock Options set forth in Section 4.1(d) or the value of shares of Common Stock for which an Eligible Employee may be granted an Incentive Stock Option.

11.2 No amendment to or discontinuance of the Plan or any provision hereof by the Board of Directors or the shareholders of the Company shall, without the written consent of the Participant, adversely affect (in the sole discretion of the Board) any Award theretofore granted to such Participant under this Plan; provided, however, that the Board retains the right and power to:

- (a) annul any Award if the Participant is terminated for cause as determined by the Board; and
- (b) convert any outstanding Incentive Stock Option to a Nonqualified Stock Option.

11.3 If a Change of Control has occurred, no amendment or termination shall impair the rights of any person with respect to an outstanding Award as provided in Article X.

## ARTICLE XII -- MISCELLANEOUS PROVISIONS

12.1 Nothing in the Plan or any Award granted hereunder shall confer upon any Participant any right to continue in the employ of the Company or its Affiliates or to serve as a Director or shall interfere in any way with the right of the Company or its Affiliates or the shareholders of the Company, as applicable, to terminate the employment of a Participant or to release or remove a Director at any time. Unless specifically provided otherwise, no Award granted under the Plan shall be deemed salary or compensation for the purpose of computing benefits under any employee benefit plan or other arrangement of the Company or its Affiliates for the benefit of their respective employees unless the Company shall determine otherwise. No Participant shall have any claim to an Award until it is actually granted under the Plan and an Award Agreement has been executed and delivered to the Company. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall, except as otherwise provided by the Board, be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company, and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts, except as provided in Article VII with respect to Restricted Stock and except as otherwise provided by the Board.

12.2 The Plan and the grant of Awards shall be subject to all applicable federal and state laws, rules, and regulations and to such approvals by any government or regulatory agency as may be required. Any provision herein relating to compliance with Rule 16b-3 under the Act shall not be applicable with respect to participation in the Plan by Participants who are not subject to Section 16 of the Act.

12.3 The terms of the Plan shall be binding upon the Company, its successors and assigns.

12.4 Neither a Stock Option nor any other type of equity-based compensation provided for hereunder shall be transferable except as provided for in Section 6.2. In addition to the transfer restrictions otherwise contained herein, additional transfer restrictions shall apply to the extent required by federal or state securities laws. If any Participant makes such a transfer in violation hereof, any obligation hereunder of the Company to such Participant shall terminate immediately.

12.5 This Plan and all actions taken hereunder shall be governed by the laws of the State of Nevada.

12.6 Each Participant exercising an Award hereunder agrees to give the Board prompt written notice of any election made by such Participant under Section 83(b) of the Code, or any similar provision thereof.

12.7 If any provision of this Plan or an Award Agreement is or becomes or is deemed invalid, illegal or unenforceable in any jurisdiction, or would disqualify the Plan or any Award Agreement under any law deemed applicable by the Board, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Board, materially altering the intent of the Plan or the Award Agreement, it shall be stricken, and the remainder of the Plan or the Award Agreement shall remain in full force and effect.

12.8 The grant of an Award pursuant to this Plan shall not affect in any way the right or power of the Company or any of its Affiliates to make adjustments, reclassification, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or to dissolve, liquidate or sell, or to transfer all or part of its business or assets.

12.9 The Plan is not subject to the provisions of ERISA or qualified under Section 401(a) of the Code.

12.10 If a Participant is required to pay to the Company an amount with respect to income and employment tax withholding obligations in connection with (i) the exercise of a Nonqualified Stock Option, (ii) certain dispositions of Common Stock acquired upon the exercise of an Incentive Stock Option, or (iii) the receipt of Common Stock pursuant to any other Award, then the issuance of Common Stock to such Participant shall not be made (or the transfer of shares by such Participant shall not be required to be effected, as applicable) unless such withholding tax or other withholding liabilities shall have been satisfied in a manner acceptable to the Company. To the extent provided by the terms of an Award Agreement, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise or acquisition of Common Stock under an Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) tendering a cash payment; (ii) authorizing the Company to withhold shares of Common Stock from the shares of Common Stock otherwise issuable to the Participant as a result of the exercise or acquisition of Common Stock under the Award, provided, however, that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by law; or (iii) delivering to the Company owned and unencumbered shares of Common Stock.
