PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Mechanical Technology Incorporated ("MTI" or the "Company") for use at the 2007 Annual Meeting of Stockholders of the Company ("Annual Meeting") to be held on Monday, June 18, 2007, at 10:00 a.m. local time, and any adjournment thereof, at Company Headquarters, 431 New Karner Road, Albany, New York 12205.

The shares represented by properly completed proxies received prior to the vote will be voted FOR any proposal unless specific instructions to the contrary are given or an abstention from voting is indicated by the stockholder. The following proposals will be voted upon by the stockholders: 1) the election of three Directors; 2) the approval of an amendment to the Company's restated certificate of incorporation, as amended, to authorize 30,000,000 shares of preferred stock; 3) the approval of an amendment to the Company's by-laws to provide for uncertificated shares to be listed on a Direct Registration System; and 4) the approval of an amendment to the Company's by-laws to clarify the treatment of abstentions and broker non-votes on certain matters requiring stockholder approval. The proxy may be revoked any time before it is exercised (see page 14 for more information on revocation of proxies).

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to stockholders of the Company on or about _____, 2007 in connection with the solicitation of proxies for the Annual Meeting. The Board of Directors (the "Board") has fixed the close of business on April 16, 2007 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the "Record Date"). Only holders of record of the Company's common stock, par value \$0.01 per share ("Common Stock"), at the close of business on the Record

Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were [_____] shares of Common Stock outstanding and entitled to vote at the Annual Meeting and approximately [_____] stockholders of record. However, management believes that a significant number of shares are held by brokers under a "nominee name" and that the number of beneficial stockholders of our Common Stock exceeds [_____] . Each holder of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

The presence, in person or by proxy, of a majority of the total number of outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. A quorum being present, the affirmative vote of a plurality of the votes is necessary to elect the three nominees as Directors of the Company. A quorum being present, the affirmative vote of the holders of a majority of the shares of Common Stock represented and entitled to vote at the Annual Meeting is required for approval of Proposals 2, 3 and 4, and the approval of any other actions.

Shares that reflect abstentions or "broker non-votes" (i.e., shares represented at the Annual Meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting. With respect to Proposal No. 1, the election of three Directors, votes may be cast in favor of or withheld from each nominee, votes that are withheld will be excluded entirely from the vote and will have no effect on the vote, and broker non-votes and abstentions will have no effect on the outcome of the election of Directors. With respect to Proposals No. 2, 3, and 4 and any other actions, broker non-votes and abstentions will have the effect of votes AGAINST Proposals No. 2, 3 and 4 and any other actions. Votes will be tabulated by inspectors of election appointed in accordance with the applicable provisions of the New York Business Corporation Law.

Householding of Annual Meeting Materials

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of the Company's Proxy Statement or Annual Report to Stockholders may have been sent to multiple stockholders who share an address unless the Company has received contrary instructions from a stockholder. The Company will promptly deliver a separate copy of either document to any stockholder upon written or oral request. Requests may be made by mail to: Investor Relations Department, Mechanical Technology Incorporated, 431 New Karner Road, Albany, New York 12205; by e-mail: contact@mechtech.com; or by telephone: (518) 533-2200. Any stockholder who would like to receive separate copies of the Proxy Statement or Annual Report to Stockholders in the future, or any stockholder who is receiving multiple copies and would like to receive only one copy per household, should contact the stockholder's bank, broker, or other nominee record holder, or the stockholder may contact the Company directly at the address or phone number listed above.

Proposal No. 2

APPROVAL OF AN AMENDMENT TO OUR RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED, TO AUTHORIZE 30,000,000 SHARES OF PREFERRED STOCK

Our Board has unanimously approved, and recommended to stockholders, an amendment to the Company's Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), to authorize 30,000,000 shares of preferred stock, par value \$0.01 per

3

share, which may be issued by the Company in the future in series with such rights, preferences and designations as determined by the Board without further stockholder action. If stockholders approve and authorize this amendment, the Company intends to file a Certificate of Amendment to authorize the issuance of 30,000,000 shares of preferred stock promptly following the Annual Meeting to supplement existing authorized capital of seventy-five million (75,000,000) shares of Common Stock. The amendment will become effective upon filing the prescribed Certificate of Amendment with the New York Secretary of State. The full text of the proposed amendment is set forth in the proposed Certificate of Amendment of Certificate of Incorporation which is included herein as Appendix "A."

Purpose and Effects of Amendment

Our Certificate of Incorporation does not authorize us to issue preferred stock. As we continue to grow and execute our business plan, we expect that we will need to raise additional capital. The Board believes that the availability of authorized and undesignated preferred stock will provide us with a capital structure better suited to meet our short and

long-term capital needs. The Board believes it is advisable and in the best interest of the Company to authorize the issuance of preferred stock for the principal reason of providing greater flexibility in financing our continued operations.

The proposed amendment grants the Board the authority to issue shares of preferred stock in series with such rights (including voting, dividends and conversion), preferences and designations as it deems necessary or advisable without any action by the Company's stockholders. This is commonly referred to as "blank check" preferred stock ("Blank Check Preferred"), which is available to and utilized by many corporations to satisfy their continuing capital requirements. The Blank Check Preferred would have such designations, preferences and relative, participating, optional or other special rights and qualifications, limitations or restrictions thereof as shall be expressed in the resolution or resolutions providing for the issue of such stock adopted by the Board from time to time.

Having the authority to create equity instruments with any number of provisions will provide us with the greatest possible flexibility in financing the future operations of the Company. For example, the availability of Blank Check Preferred will permit the Board to negotiate the precise terms of an equity investment by simply creating a new series of preferred stock without incurring the cost and delay of obtaining stockholder approval, except as may be required by applicable law or pursuant to the requirements of the exchange or quotation system upon which our securities are then trading or quoted. This flexibility will permit us to take advantage of market conditions as they occur and put us in a better position to effectively negotiate with and satisfy the precise financial criteria of any investor in a timely manner.

The availability of undesignated preferred stock may have certain negative effects on the rights of the Company's common stockholders. The actual effect of the issuance of any shares of Blank Check Preferred upon the rights of holders of Common Stock cannot be stated until the Board determines the specific rights of the holders of such Blank Check Preferred. The proposed amendment will permit the Board, without future stockholder approval, to issue preferred stock with dividend, liquidation, conversion, voting or other rights, which are superior to and could adversely affect the voting power or other rights of the holders of our Common Stock. Specifically, the Company will be in a position to issue securities which would grant to the holders thereof, preferences or priorities over the holders of Common Stock with respect to, among other things, liquidation, dividends and voting. This could result in holders of Common Stock receiving less in the event of a liquidation, dissolution or other winding up of the Company, reduce the amount of funds, if any, available for dividends on Common Stock, and dilute the voting power of the holders of Common Stock.

In addition, preferred stock could be utilized, under certain circumstances, as a method of discouraging, delaying or preventing a change in control of the Company. For example, the Board could designate and issue a series of preferred stock in an amount that sufficiently increases the number of outstanding shares to overcome a vote by the holders of our Common Stock or with rights and preferences that include special voting rights to veto a change in control. The effect of such provisions could delay or frustrate a merger, tender offer or proxy contest, the removal of incumbent directors, or the assumption of control by stockholders, even if such proposed actions would be beneficial to our stockholders. This could include discouraging bids for the Company even if such bid represents a premium over the Company's then existing trading price and thereby prevent stockholders from receiving the maximum value for their shares.

Although the Company may consider issuing Blank Check Preferred in the future for purposes of raising additional capital or in connection with acquisition transactions, the Company currently has no binding agreements or commitments with respect to the issuance of the Blank Check Preferred.

Currently, the Company has authorized capital of 75,000,000 shares all of which are designated as Common Stock. If this Proposal is approved, in addition to 75,000,000 shares of Common Stock there will be authorized for issuance 30,000,000 Shares of Preferred Stock, which increases the total authorized capital from 75,000,000 to 105,000,000 shares. As of the close of business on April 16,

2007, [__] shares of Common Stock were validly issued, including [__] shares of Common Stock outstanding and [__] shares of Common Stock held by the Company in treasury.

If this Proposal No. 2 is approved, Article 4 of the Certificate of Incorporation will be amended to read in its entirety as follows:

"Article 4. The aggregate number of shares which the Corporation shall have the authority to issue is one hundred-five million (105,000,000) shares of which seventy-five million (75,000,000) shares, par value of \$0.01 per share, shall be of a class designated "Common Stock" and of which thirty million (30,000,000) shares, par value of \$0.01 per share, shall be designated "Preferred Stock."

The Preferred Stock may be issued from time to time in one or more series. The Board of Directors is expressly authorized to establish and designate series of the Preferred Stock and to fix number of shares and the relative rights, preferences and limitations as between series, including (but not in limitation of the powers herein conferred on the Board of Directors and by the Business Corporation Law of New York) to establish, designate and fix with respect to each series of Preferred Stock:

- (1) The designation or designations of such series and the number of shares (which number from time to time may be decreased by the Board of Directors, but not below the number of shares of such series then outstanding, or may be increased by the Board of Directors unless otherwise provided in creating such series) constituting such series;
- (2) The rate or amount and times at which, and the preference and conditions under which, dividends shall be payable on shares of such series, the status of such dividends as cumulative or non-cumulative, the date or dates from which dividends, if cumulative, shall accumulate, and the status of such shares as participating or non-participating after the payment of dividends as to which such shares are entitled to any preference;
- (3) The rights and preferences, if any, of the holders of shares of such series upon the liquidation, dissolution or winding up of the affairs of, or upon any distribution of the assets of the Corporation, which amount may vary depending upon whether such liquidation, dissolution or winding up is voluntary or involuntary and, if voluntary, may vary at different dates, and the status of the shares of such series as participating or non-participating after the satisfaction of any such rights and preferences;
- (4) The full or limited voting rights, if any, to be provided for shares of such series, in addition to the voting rights provided by law;
- (5) The times, terms and conditions, if any, upon which shares of such series shall be subject to redemption, including the amount the holders of shares of such series shall be entitled to receive upon redemption (which amount may vary under different conditions or at different redemption dates) and the amount, terms, conditions and manner of operation of any purchase, retirement or sinking fund to be provided for the shares of such series;
- (6) The rights, if any, of holders of shares of such series and/or of the Corporation to convert such shares into, or to exchange such shares for, shares of any other class or classes or of any other series of the same class, the prices or rates of conversion or exchange, and adjustments thereto, and any other terms and conditions applicable to such conversion or exchange;

(7) The limitations, if any, applicable while such series is outstanding on the payment of dividends or making of distributions on, or the acquisition or redemption of, common stock or any other class or shares ranking junior, either as to dividends or upon liquidation, to the shares of such series;

(8) The conditions or restrictions, if any, upon the issue of any additional shares (including additional shares of such series or any other series or of any other class) ranking on a parity with or prior to the shares of such series either as to dividends or upon liquidation; and

(9) Any other relative rights, preferences and limitations of shares of such series; in each case, so far as not inconsistent with the provisions of this Restated Certificate of Incorporation, as amended, or the Business Corporation Law of New York as then in effect. All shares of preferred stock shall be identical and of equal rank except in respect to the particulars that may be fixed by the Board of Directors as provided above, and all shares of each series of preferred stock shall be identical and of equal rank except in respect to the particulars that may be fixed by the Board of Directors as provided above."

If this proposal No. 2 is approved, the Company's By-Laws also will be amended to reflect in certain provisions the addition of Preferred Stock.

Vote Required for Approval

The affirmative vote of the holders of a majority of the shares of Common Stock represented and entitled to vote at the Annual Meeting is required to approve an amendment to our Certificate of Incorporation.

5

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO AUTHORIZE 30,000,000 SHARES OF PREFERRED STOCK AS DESCRIBED IN THIS PROPOSAL NO. 2.

APPROVAL OF AMENDMENTS TO BY-LAWS

Our Board has unanimously approved, and recommended to stockholders, the Company's By-Laws be amended and restated. If stockholders approve and authorize the following proposed amendments, the Company intends to amend and restate the By-Laws as soon as practicable after the Annual Meeting. The two proposed amendments to the By-Laws are described in Proposals No. 3 and 4, which contain the full text of each proposed amendment. Approval of each proposed amendment is not conditioned on the approval of the other proposed amendment.

Proposal No. 3

APPROVAL OF AN AMENDMENT TO THE BY-LAWS TO PROVIDE FOR UNCERTIFICATED SHARES

The Securities and Exchange Commission ("SEC") approved regulations that allow for securities to be listed on a Direct Registration System ("DRS"). In addition, NASDAQ has adopted new rules that require NASDAQ-listed securities to be eligible for a "Direct Registration Program" by January 1, 2008 for companies listed on NASDAQ before January 1, 2007. As our current By-Laws provide only for certificated shares, the Board recommends the By-Laws be adopted to allow the Board also to provide for the Company's shares to be issued as uncertificated and eligible for DRS.

DRS provides for electronic direct registration of eligible securities in an investor's name on the books of the transfer agent or issuer and allows shares to be transferred between a transfer agent and broker without requiring physical share certificates to be transferred. For securities to be eligible, an issuer is required to use a transfer agent that meets the Depository Trust Company ("DTC") requirements for direct registered securities. Further, the transfer agent must instruct DTC to designate the company's securities as "direct registered eligible securities." The benefits of DRS to issuers include elimination of the cost of printing stock certificates and improving services for registered stockholders. The benefits to investors include avoiding the risk that certificates will be misplaced or stolen and the ability to transfer securities without risks or delays associated with mailing share certificates to the transfer agent.

Neither the new rules nor the By-Law amendment proposed herein relating to establishing the Company's shares as eligible for DRS require issuers to eliminate physical stock certificates. Although the Company has not currently determined when it will begin to participate in DRS, the Company will consider this issue from time to time and the Board may choose to participate in DRS in the future if the proposed By-Law amendment is approved. If the Company should issue uncertificated shares, then the By-Laws shall continue to provide that a stockholder shall receive a physical certificate of stock upon written request.

Currently, Article 5 of the By-Laws states that certificates of stock shall be issued to each stockholder certifying the number of shares owned in the Company. If this Proposal is approved, Article 5, Section 1 shall be amended to read:

"Section 1. Certificates of Stock. The Board of Directors may provide that some or all of any or all classes and series of the Corporation's stock may be certificated or uncertificated. Proposal No. 4

APPROVAL OF AN AMENDMENT TO THE BY-LAWS TO CLARIFY THE TREATMENT OF ABSTENTIONS AND BROKER NON-VOTES ON CERTAIN MATTERS REQUIRING STOCKHOLDER APPROVAL

Under the laws of New York, the Company's state of incorporation, "votes cast" at a meeting of stockholders by the holders of shares entitled to vote are determinative of the outcome of the matter subject to vote. In order to clarify the treatment of abstentions and broker non-votes under our By-Laws, the addition of this "votes cast" standard is

recommended in the existing Section 3 on Voting under Article 2.

Our By-Laws currently provide that (1) all elections for directors shall be decided by plurality vote and (2) all other questions shall be decided by majority vote of those stockholders present in person or by proxy except as otherwise provided by the Certificate of Incorporation or the laws of the State of New York. The proposed amendment to the By-Laws would change clause (2) to provide that "all other questions shall be decided by majority vote of those stockholders present in person or by proxy and voting either affirmatively or negatively except as otherwise provided by the Certificate of Incorporation or the laws of the State of New York". This change will conform our By-Laws to a "votes cast" standard and will bring the Company's By-Laws in line with those of many other public companies.

Our current By-Law provision could be interpreted as giving negative weight to abstentions and broker non-votes when, in fact, neither abstentions nor broker non-votes represent actual votes cast on any particular matter. As referenced elsewhere in this Proxy Statement, "broker non-votes" are shares represented at a meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares. Since our current By-Law provision for approval of matters other than the election of directors looks to stockholders present at a meeting, a literal reading of this provision is that an abstention or broker non-vote is present at the meeting even though not voted. As a result, it could be viewed that the actual number of votes cast to approve certain matters would be more than a majority of the votes present at the meeting and voting on the matter. In the past, the Company has incurred expenses related to the use of proxy solicitation firms in part because of this lack of clarity regarding the treatment of abstentions and broker non-votes. The proposed amendment will clarify that only votes actually cast, either affirmatively or negatively, will be counted on such matters.

Vote Required for Approval

The affirmative vote of the holders of a majority of the shares of Common Stock represented and entitled to vote at the Annual Meeting is required to approve an amendment to the By-Laws.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE CLARIFICATION IN THE VOTING LANGUAGE OF THE BY-LAWS AS DESCRIBED IN THIS PROPOSAL NO. 4.

BOARD OF DIRECTORS MEETINGS AND COMMITTEES

The Board of Directors held thirteen meetings during 2006. All directors attended at least 80% of all of the Board and Committee meetings that they were eligible to attend during 2006. The Board has no formal policy regarding attendance at the Annual Meeting; however, Directors are encouraged but not required to attend Annual Meetings of the Company's stockholders. All Directors of the Company as of the date of the 2006 Annual Meeting of Stockholders attended the meeting. The Board of Directors has established an Audit Committee and a Governance, Compensation and Nominating Committee.

Audit Committee

The Audit Committee currently consists of Mr. Phelan (Chairman), Mr. O'Connor and Dr. Robb. The Board has determined that the current members of the Audit Committee are independent directors under the NASDAQ audit committee structure and membership requirements.

The Audit Committee met five times during 2006, and each member attended all of the meetings during the period in which such person served on the Audit Committee, except for Mr. Phelan who missed one meeting. The responsibilities of the Audit Committee are set forth in the charter of the Audit Committee, which was adopted by the Board of Directors of the Company. The Committee, among other matters, is responsible for the annual appointment

of independent registered public accountants as the auditors of the Company, and reviews the arrangements for and the results of the auditors' examination of the Company's books and records, auditors' compensation, internal accounting control procedures, and activities. The Audit Committee also reviews the Company's accounting policies, control

7

systems and compliance activities and reviews the charter of the Audit Committee. The Audit Committee charter is published in the Investor Relations/Corporate Governance Section of the Company's website at www.mechtech.com.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors (the "Committee") is currently composed of three directors, each of whom is an "independent director" as defined under Rule 4200 (a)(15) of the NASDAQ Stock Market Inc. Marketplace Rules and the applicable rules of the Securities and Exchange Commission ("SEC"). In addition, the Board has made a determination that Mr. Phelan qualifies as an "audit committee financial expert" as defined in Section 407 of the Sarbanes-Oxley Act of 2002. Mr. Phelan's designation by the Board as an "audit committee financial expert" is not intended to be a representation that he is an expert for any purpose as a result of such designation, nor is it intended to impose on him any duties, obligations, or liability greater than the duties, obligations or liability imposed on him as a member of the Audit Committee and the Board in the absence of such designation.

In accordance with the Committee's charter, which is available on our website at www.mechtech.com, management has the primary responsibility for the financial statements and the financial reporting process, including maintaining an adequate system of internal controls over financial reporting. The Company's independent registered public accountants, PricewaterhouseCoopers LLP ("PwC"), report directly to the Committee and are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for auditing management's assessment of the Company's internal controls over financial reporting and for issuing separate reports thereon. In addition, PwC will express its own opinion on the effectiveness of the Company's internal control over financial reporting. The Committee, among other matters, is responsible for appointing the Company's independent registered public accountants, evaluating such independent registered public accountants' qualifications, independence and performance, determining the compensation for such independent auditor, and pre-approval of all audit and non-audit services. Additionally, the Committee is responsible for oversight of the Company's accounting and financial reporting processes and audits of the Company's financial statements including the work of the independent auditor. The Committee reports to the Board of Directors with regard to:

- the scope of the annual audit;
- fees to be paid to the independent registered public accountants;
- the performance of our independent registered public accountants;
- compliance with accounting and financial policies and financial statement presentation; and
- our procedures and policies relative to the adequacy of internal accounting controls.

The Committee reviewed and discussed with management of the Company and PwC the Company's 2006 quarterly consolidated financial statements and 2006 annual consolidated financial statements, including, management's assessment of the effectiveness of the Company's internal control over financial reporting and PwC's evaluation of the Company's internal control over financial reporting. Management has represented to the Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally

accepted in the United States of America.

Additionally, the Committee has discussed with PwC any matters required to be discussed under Statement on Auditing Standards No. 61 *Communication with Audit Committees*, which include, among other items, matters related to the conduct of the audit of the Company's annual consolidated financial statements. The Committee has also discussed the critical accounting policies used in the preparation of the Company's annual consolidated financial statements, alternative treatments of financial information within generally accepted accounting principles that PwC discussed with management, the ramifications of using such alternative treatments and other written communications between PwC and management.

PwC has provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 *Independence Discussions with Audit Committees*, and the Committee discussed with PwC that firm's independence. The Committee has also concluded that PwC's performance of non-audit services is compatible with PwC's independence.

The Committee also discussed with PwC their overall scope and plans for their audit and has met with PwC, with and without management present, to discuss the results of their audit, the evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting. The Committee also discussed with PwC whether there were any audit problems or difficulties, and management's response.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006. This report is provided by the following independent directors, who constitute the Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

In early 2007, the Company formalized the process by which it reviews and approves transactions in which the Company and/or one or more related persons (as defined by Item 404 of Regulation S-K of the Securities Exchange Act of 1934) participate ("related person transactions"). Although the Company has always had procedures in place, including its Ethics Policy, conflict of interest policies outlined in its Employee Handbook and use of director and officer questionnaires administered by its Chief Financial Officer, to identify for evaluation by the Board and top management such related person transactions, the Company has strengthened these procedures. In addition, the Company adopted a written policy requiring that all related person transactions, as defined by its policy, be reported to the Company's Chief Financial Officer and approved or ratified by the Governance, Compensation and Nominating Committee of the Board of Directors. In completing its review of proposed related person transactions, the Governance, Compensation and Nominating Committee considers the aggregate value of the transaction, whether the transaction was undertaken in the ordinary course of business, the nature of the relationships involved, and whether the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party.

The Company has no related party transactions to report.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and holders of more than 10% of the Company's common stock to file with the SEC initial reports of ownership of the Company's common stock and other equity securities on a Form 3 and reports of changes in such ownership on a Form 4 or Form 5. Officers, directors and 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on a review of the Company's records and written representations by the persons required to file such reports, all filing requirements of Section 16(a) were satisfied with respect to the Company's most recent calendar year.
